

To the 6th Inst.

6th Wm. I know her; she is dead.

To the 7th Inst.

7th Wm. I know the real estate described in Exhibit A
to the Bill of Complaint in this cause now
presented, I think it would be to the advan-
tage of all the parties interested in this cause
to have the same sold for the reason that the
buildings are becoming depreciated in value
by want of proper repair and attention, and
the lands are depreciating in value by reason
of it being allowed to grow up in weeds and
wild brush which tends to erode in a few years
it would require almost an eternity to reclaim
it. The houses are also becoming depreciated from
age and the want of repair and example, and for
want of proper care and cultivation the place is not
producing an income or all adequate to its capacity.

To the 8th Inst.

8th Wm. My name, Vincent Scholtz, I live about four miles
from the land, I was raised as a farmer
and am at present a student of law.

To the 9th Inst.

9th Wm. I know of nothing further,

(Signed)

Vincent Scholtz
