

Silas W. Etzler, and you want the Court to appoint a committee to serve in that capacity?

A Yes, it is my desire and I would like for Mr. Zimmerman to handle it.

THE COURT: You speak of this farm being sold; it can't be sold.

MR. ZIMMERMAN: It is under a contract of sale. I merely brought that out to establish valuation at this point. The gross estate is around \$14,300.

THE COURT: We don't have to consider the real estate until such time as it is considered by the Court.
