

A Part of it is, yes.

Q Is it being cultivated now?

A Some little; not very much.

Q What would you say the farm is worth - fair market value?

A Well, I would say it was worth almost \$10,000. It is a very nice location - good barn, good house on it. Of course it needs some repairs, like anything else, when nobody is taking care of it.

Q And you don't know anything about Mrs. Blickenstaff's finances, I guess?

A I don't know nothing about it. I know she is not able to do anything, not even to know her children I don't think.
