

Q Do you know whether he ever located and marked off during his lifetime the ten acres of land which he devised to Linwood Proctor?

A No, he never did.

Q Do you know whether he located and marked off ten acres devised to Agnes Posey?

A No, sir.

Q Do you know whether he ever located and marked off during his lifetime the ten-acres tract he devised to Mathias Proctor?

A No, sir.

Q Do you know whether he located and marked off during his lifetime the property devised to Jereline Johnson?

A No, sir.

Q Now, Mr. Proctor, where is the property exactly located? Do you know?

A You mean the whole--

Q The 50 acres of land we are concerned with?

A Well, I would say it is about southwest of Sugar Loaf Mountain about half a mile.

Q Where is it located; on what road?

A What road?

Q Yes?

A Well, this road is - it is a possibility it is not a public road through there. It is more of a private road.

Q What road does that private road branch from? Do you know the name of that road? We are trying to locate this property, now.

A That's right. I don't know whether that road ever had a name to it, but it went up by a church and one time it used to go all the way to Park Mills and branched off from that road.

Q Is it off the Mt. Ephraim road?

A Yes, it is.
