

Q. And her position in this situation is the same as yours?

A. It is the same as mine.

Q. That is all I have to ask.

BY MR. STORM:

Q. Dr. White, Mr. Summers has proven to you, do you not agree, that there was a porch on the front of this house for many years and the house has been there since before the road was there.

A. I have seen pictures to this effect presented as an exhibit in these proceedings.

Q. So do you not feel he has given proof that the north line does go out as far as the old fence and the old porch went ..

A. My only answer could be that I have seen a picture with a porch on it.

Q. And he has also shown the state does not know where the line to this road is. (OBJECTION BY MR. NEWMAN)

A. It is my opinion that that is what these proceedings are for. I am certainly no expert in these affairs. I would not venture an opinion there.

Q. Mr. Newman has asked about proof and I thought you would agree the proof has been pretty good.

MR. NEWMAN:

I WANTED TO PROVE he he hadn't told him anything and he hadn't proved anything here either.
