

Q Is your mother occupying her property at Ridgeville, Maryland?

A No, she hasn't been there since last first part of October last year.

Q Has it been vacant since that time?

A Yes.

Q In your opinion would it be for the best interests of the estate to sell the property or try to rent it?

A We feel we would rather sell it and deposit that money in savings from it, because to rent most people do want extensive improvements, such as central heating and so forth, and rather than invest that in the property, it is old, we think we should sell it.

Q Of course you would deposit those funds to her estate?

A That's right.
