

Q. Is there any kind of a road leading to the mine area from the public road?

A. No.

Q. Is there any mining or exploratory work going on now in this area?

A. No. The immediate area around the two holes is grown over with weeds, brush and honeysuckle, and it has been that way since the time the lease was executed in 1951.

To the general Int. as propounded by Wilbur F. Sheffield, Jr.,  
Examiner, nothing further.
