FOREWORD

The MARYLAND MANUAL is published every two years by the State of Maryland, and copies are distributed without charge to the libraries, schools, agencies of government, members of the General Assembly and others as prescribed by law (*Annotated Code of Maryland*, 1957; 1961 Supp., Art. 41, Sec. 106). At the suggestion of the Finance Committee of the Maryland Senate, additional copies are being printed this year for the first time so that the public may purchase them. Clothbound copies are available at the Hall of Records for \$4.50; paperbound, for \$3.50.

The primary purpose of the MANUAL is to present in concise form to the citizens of Maryland a description of their government: how the functions of modern government are distributed among its agencies; what each agency demands in money and in manpower; and who is responsible for the accomplishment of every facet of government. In addition, the MANUAL provides a directory of county and municipal officers; it contains the mainsprings of our political life, the Charter of the Province and the Constitution of the State. In its historical sections it recounts not only the events of the history of our State but it also lists the names of those who participated in them. The reader is cautioned to examine the Table of Contents and the General Index for the store of miscellaneous information which cannot be noted here.

Since the MANUAL is for the most part a compilation rather than original work, its quality—even its appearance in the first place—is dependent upon the collaboration of many individuals and agencies. Only a few of them can be mentioned here. We gladly acknowledge our indebtedness to Carl N. Everstine for the text of the Constitution, the Index and Amendments thereto and the essays on the General Assembly of 1960 and 1961. Janet L. Hoffman kindly revised the charts of State Government which she had prepared for previous issues of the MANUAL. Chester F. Tucker made available the files of executive appointments in the office of the Secretary of State, and Margaret W. Lee in the Governor's Office solved all the difficult problems having to do with temporary committees and commissions. As in the past, William H. Bayliff took responsibility for "Maryland At A Glance" and James Benson for the roster of Baltimore City officials. To the many Clerks of Court, Registers of Wills, Clerks to the Boards of County Commissioners we extend special thanks for helping us with the county sections.

Almost every member of the Hall of Records staff contributes in some form to the MANUAL. For months at a time it is the full-time concern of Frank F. White, who is responsible for collecting and editing all the MANUAL copy. He must then see the whole book through the press. He was assisted this year by Gust Skordas who has again prepared the historical section and by Lois G. Clark who helped read proof and who, because of her experience as former editor of the MANUAL, was able to assist in other ways as well. The exacting typing required was done by three MANUAL veterans: Dorothy B. Cullinane, Rose M. DiStefano and Mary E. Martin, who were helped by two new members of the staff, Martha Hardesty and Ann Grigg. The proper-name index was prepared with the help of Mrs. Cullinane, Mrs. DiStefano, Helen Kilborn and Mercedita Ramirez.

J. MILLARD TAWES
Governor of Maryland

J. Millard Tawes, the fifty-ninth elected Governor of Maryland, was born April 8, 1894, in Crisfield, Somerset County, Maryland, a son of James B. and Alice Byrd Tawes. He is married to the former Helen Avalynne Gibson. They have a son, Philip W. Tawes, and a daughter, Mrs. William R. Wilson, Jr., and four grandchildren, the three sons of Mr. and Mrs. Philip W. Tawes and the daughter of Mr. and Mrs. Wilson.

Governor Tawes was educated in the public schools of Somerset County, at the Wilmington Conference Academy in Dover, Delaware, and at the Sadler's, Bryant, and Stratton Business College, where he specialized in the study of banking and accountancy.

Governor Tawes has honorary degrees as follows: the University of Maryland, 1959, (LL.D.); Washington College, Chestertown, Maryland, 1959, (LL.D.), and Morgan State College, 1959, (LL.D.).

He began his career in business with lumbering and canning firms founded and owned by his father. He continued this association with his father, and later his brothers, as the family's business enterprises were extended into shipbuilding, baking, and banking.

He was secretary and treasurer of the Crisfield Shipbuilding Company, was vice-president and treasurer of the Tawes Baking Company, was associated in the management of the Tawes-Gibson Lumber Company and the Tawes-Gibson Packing Company, and is a director of the Bank of Crisfield.

The Governor is a Methodist and has been active in church work from his early youth. For many years, he taught the Men's Bible Class at Immanuel Methodist Church in Crisfield, of which he is a member. He is president of the Board of Trustees of Immanuel Church. He was a delegate to the 1952 General Conference of the Methodist Church held in San Francisco and formerly was treasurer of the Wilmington Conference Education Society, Incorporated.

His active career in politics spreads over more than three decades, beginning in 1930 when he was elected Clerk of the Circuit Court for Somerset County. After two terms in this office (1930-38), he was elected Comptroller of the Treasury in his first State-wide election campaign in 1938. In 1942 he ran again without opposition in the primary and won a second four-year term in the general election.

These eight years were the first part of an interrupted career of seventeen years in the office of State Comptroller. During that period, due to the growth in population and the broad expansion of State activities, the office personnel increased from one hundred to five hundred employees.

In May, 1947, Governor Lane appointed him State Bank Commissioner, a position he held until he was appointed State Comptroller on July 5, 1950, to fill the unexpired term of the late James J. Lacy. He was re-elected Comptroller, without primary or Republican opposition, in 1950 and again in 1954.

He was elected Governor of Maryland in 1958 by the greatest majority ever given a candidate for that office.

Since his inauguration on January 14, 1959, Governor Tawes, with the approval of the General Assembly, has reorganized many State agencies for the purpose of increasing their efficiency. Included are the State Roads Commission, the State Racing Commission, the Department of Tidewater Fisheries and the State Planning Department. The old State Tax Commission was divided into two agencies, the State Tax Court and the Department of Assessments and Taxation, to separate the administrative and quasi-judicial functions of that body. The Department of Research and Education was re-established as a part of the University of Maryland under a new name, the Natural Resources Institute. The governing bodies of the closely allied departments of Health and Mental Hygiene were consolidated into a single Board of Health and Mental Hygiene.

Two agencies were created to perform new governmental services. These were the Department of Economic Development, to encourage the development of business and industry and to promote tourism, and the Commission on Problems of the Aging, to coordinate activities on behalf of older citizens. With the Governor's strong support, there was created for the City of Baltimore a new Municipal Court with full-time judges. The membership of the Court of Appeals was increased by a Constitutional amendment from five to seven, and several new circuit judgeships were created to relieve an overburdened judiciary.

During the first two years of his term, substantial advancements were made in the State programs of highway construction, education, health and public welfare.

To relieve financially hard-pressed counties, cities and towns, the General Assembly, at Governor Tawes' request, increased materially the State's financial aid to local subdivisions.

An active participant in the affairs of the National Governors Conference, Governor Tawes in 1961 was made a member of the executive committee of that body.

In May, 1960, Governor Tawes issued an invitation to Governors of the states of the Appalachian region to attend a conference in Annapolis to discuss problems of the Appalachian area. Out of that meeting grew the Conference of Appalachian Governors, which President Kennedy selected as an advisory group to work with his Area Redevelopment Commission to revitalize the economically depressed Appalachian region.

The Governor holds membership in the following clubs and fraternal organizations: Crisfield Rotary Club (charter member), Elks, Knights of Pythias, Advertising Club of Baltimore, Hibernian Society of Baltimore, Maryland Society of Pennsylvania, Crisfield Fire Department (past president), Chesapeake Bay Fishing Fair Association (past president), Masons, Shrine, Order of the Eastern Star, Eastern Shore Shrine Club, Tall Cedars of Lebanon, Scimeter Club, and the Eastern Shore Society of Baltimore.

He is a former member of the Board of Visitors and Governors of Washington College, and of the Board of Trustees of Wesley Junior College, Dover, Delaware, and is a member of the Board of Directors of the McCready Memorial Hospital in Crisfield, and the Board of Trustees of Dickinson College, Carlisle, Pennsylvania. He is past president of the Maryland State Firemen's Association and is a former chairman of its Scholarship Committee. He is past president of the National Association of State Auditors, Comptrollers, and Treasurers. He is an honorary member of Omicron Delta Kappa, National men's leadership society.

Governor Tawes' present address is Government House, Annapolis, Maryland. He maintains a residence in Crisfield.

He represented Maryland at the Democratic National Conventions of 1956 and 1960. He served as Secretary of State of Maryland from January 1959 to January 1961, when Governor Tawes appointed him Attorney General to fill the unexpired term of C. Ferdinand Sybert, who had resigned to accept an appointment to the Maryland Court of Appeals.

Mr. Finan married the former Isabel Jean North in 1941 and has two children. He is an officer of several business firms and active in civic and veterans' organizations.

HOOPER STEELE MILES, *Treasurer*

He was president and chief executive officer of the County Trust Company from 1932 to 1937 when he moved to Baltimore to be a director and executive vice-president of the Baltimore National Bank. At present he is chairman of the board and chief executive officer of the Baltimore National Bank and a director of several other banks.

HISTORICAL SKETCH OF MARYLAND

Exploration

John Cabot, a man of Italian birth employed by the English, was, in all probability, the first white man to see Maryland as he sailed along the eastern shore of Worcester County in 1498. Twenty-six years later Giovanni da Verazzano, who was another Italian working for French interests, passed the mouth of Chesapeake Bay. Half a century later the Bay was explored by Pedro Menendez Marques, the governor of Spanish Florida. In 1603 Captain Bartholomew Gilbert made a more careful exploration.

The intrepid Captain John Smith, who saw many other parts of North America, began in 1608 to carry out the instructions of the London Virginia Company to "find some spring which runs the contrary way toward the East India sea." With fourteen companions in "an open barge of two tunnes burden," Smith started up the Chesapeake. Every inlet and bay "fit for harbours and habitations" was entered, and all the islands were inspected. The results were incorporated in what Smith called "A Map of Virginia," published in England in 1612. Reprinted many times shortly thereafter, the map shows that Smith's voyagers paid close attention to the Eastern Shore, examined the Potomac carefully, but had a hazy idea of the western head of the Bay and only a generalized notion of the lower Western Shore. In 1670 Augustine Herman, a cartographer from the New Netherlands Colony, completed a more detailed map of Maryland. As compensation Lord Baltimore granted him 5,000 acres of land in what is now Cecil County.

Aborigines

To John Smith, also, we owe our first knowledge of the pre-European settlers on the land of what was later Maryland. Smith's account is bewildering with Indian names; one soon recognizes the adaptations of these same queer-sounding names in present-day Maryland. The Virginia explorer speaks of Yingoteagues, Assateagues, Marumscos, Annameses, Wiccocomicos, Nanticokes, Conoys, Trasquakins, Choptanks, Monoponsons, Matapeakes, Ozinies, Tockwoghes, Nattwas, Susquehannocks, Conestogas, Piscattoways, Chopticos, Mattawomans, Patuxents, Aquasocks, Secowocomocos, and others. Despite this multiplicity of names, all these Indians were of Algonquin stock, save for the Susquehannocks at the headwaters of the Bay and the Anacostans on territory around present-day Washington. Invading tribes, who made forays from the North and at times lived on Maryland territory, were of the Five

Nations—Senecas and Iroquois. Later history records raids by other tribes of Indians, accompanied by violence and massacres, generally in western Maryland.

The "Ark" and the "Dove"

The Maryland colony was planned by the first Lord Baltimore—George Calvert, a Yorkshireman whose devotion to James I had first made him Secretary of State, later Baron of Baltimore (1624), and finally gained him a grant of land for a colony in Newfoundland. This cold territory Calvert called "Avalon" or "Ferryland"; but the bitter climate and raiding French made the territory untenable. In 1627 Lord Baltimore attempted to live in Avalon with his family; then he left for the warmer climate of Virginia. His intention was "to plant himself to the southward," and when he returned to England, he persuaded Charles I, James' successor, to give him a charter of his own composition. On presentation to the King, blanks were left for the name of the colony and the date. It is said that Charles filled in the name *Terra Mariae* to honor his queen, Henrietta Maria.

Before June 20, 1632, when the charter was dated, George, the first Lord Baltimore, died and was succeeded by his son, Cecil. The second Lord Baltimore organized the expedition to Maryland in two vessels, the *Ark* of 360 tons, and the *Dove* of 60 tons. Assisting him was the Jesuit priest, Father Andrew White, for Cecil, as his father had been since 1624, was a Roman Catholic. Father White, with two members of the Calvert family (not including the Proprietor), sailed from Cowes on the Isle of Wight on November 22, 1633. How many took passage and how many were Catholics we do not know. We do know that one hundred and twenty-eight took the oath of supremacy which Catholics normally refused to accept. However, the *Ark* alone was twice the size of the *Mayflower*, which had carried over one hundred passengers.

January 1634 saw the two vessels at the Barbados where they delayed for twenty days. On February 24th Leonard Calvert, as lieutenant-general, put in at Point Comfort, Virginia. The first stop within the limits placed by the charter—"from Watkin's Point unto that part . . . which lieth under the fortieth degree of north latitude"—was at St. Clement's Island. The celebration of Mass here on Annunciation Day has fixed for tradition March 25th as the date of arrival of Maryland's first settlers. Not long afterwards the Yoacomaco Indians, who held the surrounding territory, sold their possessions to the newcomers, and the

first site, St. Mary's City, called then "Augusta Carolina," was available. A palisade was erected immediately.

Government from St. Mary's City

For upwards of sixty years, the Province centered around St. Mary's City. The Assembly, set up very soon after a food supply had been assured and protection against enemies provided, was made up of the freemen, *i.e.*, planters and settlers. The combined efforts of all the settlers were needed, moreover, to cope with the almost immediate difficulty that arose with white settlers from Virginia who had begun trading with the Indians before the Calvert party arrived. The foremost among these men was Captain William Claiborne, a trader with headquarters on Kent Island. The dispute is sometimes known as the Calvert-Claiborne controversy. After a naval skirmish and slight loss of life, Claiborne was declared an outlaw March 24, 1637.

"Ingle's War" was another vexation in the peaceful ordering of the new colony. Richard Ingle was a vigorous partisan of Parliament in its victorious struggle with the King that was to produce the Commonwealth. Coming first to Maryland in 1642, he finally exceeded any legal powers he might have had and took possession of St. Mary's City, making prisoner members of the Assembly. The affair ended inconclusively in 1646, but Ingle, meanwhile, arrested Father Andrew White and Father Thomas Copley and took them in chains to England.

Act of Toleration

The bigotry implicit in Ingle's special irritation at Catholic priests and Royalists makes especially pointed the solicitude Lord Baltimore showed at this period for religious freedom. As early as 1643, the Puritan Governor of Massachusetts, John Winthrop, had spoken approvingly of Governor Calvert as "for free liberty of religion." The Governor had taken a more liberal attitude on the question of Puritan settlers, certainly, than had the administrators of Virginia. The "Act concerning Religion," which the Maryland Assembly passed in 1649, gives Maryland claim to being one of the first civil regimes to recognize freedom of religion. The fact that within sixty years after the passage of this law Catholics were repressed under an "Act to prevent the growth of popery" does not detract from the boldness of Lord Baltimore's action in the mid-seventeenth century.

The downfall of Charles I and the rise of the Commonwealth were more serious events for the Maryland residents than for other colonists in America. But Oliver Cromwell left Lord Baltimore in undisturbed charge of the Province until 1652.

Emboldened by this, Governor William Stone attempted to reduce the Puritan settlements at Providence on the Severn (near present-day Annapolis) but came close to losing his life by execution after a decisive victory for the Puritans.

Growth and Expansion

The newcomers to other parts of the geographical charter limits of the Province, Proprietary, or Palatinate (as it was sometimes called) were not so bellicose as those in Providence. Settlement soon went far afield from the old Yoacomaco village. By the end of the seventeenth century eleven counties had established themselves, each with its court and complement of officials. The towns were few; great estates abounded, whose river fronts were centers of trade and traffic. The chief commerce was in tobacco, which even substituted for currency during much of the seventeenth and eighteenth centuries. Until customhouse centers were set up (1683), there was nothing to challenge the power of the landed gentry.

Gradually what Indian troubles had existed were smoothed out by treaties, such as the one of 1652 when the Susquehannocks submitted under the "Liberty Tree" (said to be the tulip poplar still to be seen on the St. John's College campus in Annapolis). The Proprietors were always a line of Calverts with the title "Lord Baltimore" until the death of the sixth and last baron in 1771 when Henry Harford, the natural son of Frederick Calvert, became the seventh Proprietor. In the time of James II, who desired to have all lands under the Crown, and again in the "English Revolution" (before William and Mary held the throne securely), the Calverts had difficulties, but these were not reflected in any disadvantage to the Province. Neither Crown rule, 1689 to 1715, nor the establishment of the Church of England as the "official" religion proved too disturbing. If Puritanism waned, there was certainly room made for the settlement of other dissenters, notably Quakers. Several noteworthy developments in the Seventeenth Century were the establishment of a printing press—William Nuthead's—the departure of the Governor and Assembly from St. Mary's to Annapolis, and the passage of the "Act for the encouragement of Learning" (October 18,

1694). This last was the prelude to the opening of King William's School, the third institution of its sort in the colonies.

As the new century appeared, about 35,000 people made up the population of Maryland. Nearly twenty per cent of these were Negro slaves—slavery having been established within five years after settlement. Another large group were "bound men," or indentured servants. Many of the latter soon became "redemptioners" and often, in time, the owners of extensive property.

After the "Restoration"

With the restoration of proprietary rights, April 15, 1715, Charles Calvert, Fifth Lord Baltimore, resumed control of the colony. Since he was a minor at that time, and in later life primarily interested in English politics, development in Maryland lacked rigorous control from without. Furthermore, a strong "Country," as separate from a Proprietary, party manifested itself in the General Assembly.

Significant among the expansionist movements in Charles Calvert's time were the founding of a settlement at Baltimore Town (July 30, 1729) and the opening up of Western Maryland. Swedes and Dutch on the Delaware River, having found the Maryland charter's geographical limits vague, pressed for a boundary line. In 1732 this was established for Delaware, but other final boundary judgments had to wait till the early twentieth century. One of the consequences of dispute with Pennsylvania was a survey between 1763-67 by two Englishmen, Charles Mason and Jeremiah Dixon, for whom the line marking the northern boundary of Maryland was named.

Frontier Development and Warfare

In Western Maryland, boundary disputes bred violence; therefore, Thomas Cresap, Maryland's heroic frontiersman, figures as an outlaw in Pennsylvania's history. In this same quarter warfare flared, not only sporadically with Indians, but also systematically when the French, making claim to Western Empire, began to drive out the traders of the Ohio Company. As this trading venture was largely Virginian in character, the Maryland Assembly was stern against Governor Horatio Sharpe and refused to vote funds or raise troops. Edward Braddock, the British general deputed to drive back the French, operated within Western Maryland, but even his rout and death in 1755

failed to spur Maryland during the final five years of the war.

Prelude to Revolution

The accession in 1751 of Frederick Calvert, a "gay young blade," to the title of Lord Baltimore meant less interference from the Proprietor; therefore Marylanders transferred their complaints against the Proprietary to the British Government. Conflict between French and English only sharpened the point. Debts to English merchants and taxes on imports led Maryland, this time in common with other colonies, to take drastic action. Maryland takes credit for first refusing to pay taxes under the Stamp Act; actual repudiation took place in Frederick County on November 23, 1765. The British Parliament repealed the Townshend Acts in 1770, but a strong feeling of rebellion remained. Support of Boston was vigorous after that port was closed; and the Boston Tea Party of December 16, 1773, had its Maryland counterpart when a tea ship, the *Peggy Stewart*, was burned in Annapolis harbor on October 19, 1774.

The first Provincial Convention, composed of ninety-two men representing every county in Maryland, met June 22-25, 1774 in Annapolis. Denouncing the British blockade against Boston, the Convention proposed breaking off trade relations with Great Britain and selected delegates to attend the First Continental Congress. When the Convention met on July 26, 1775, following the Battle of Lexington, it proceeded grimly to the business of preparing for war and organizing a civil government apart from that of the Proprietary which, although mainly inactive, was still the legal government. A year later, a Convention was elected for the express purpose of framing a new constitution, which was adopted on November 8, 1776.

The Revolutionary War

From the first skirmish in Boston to the surrender at Yorktown, Maryland troops saw service. Despite frequent alarms, only twice did the British—at Vienna and in Cecil County enroute to Philadelphia—invalidate Maryland soil. General Smallwood's regiment formed Washington's rearguard at the Battle of Brooklyn and enabled him to withdraw his army successfully. Three Marylanders, John Eager Howard, Mordecai Gist, and Otho Holland Williams commanded the Maryland Line with distinction during the Southern campaigns. Baron Pulaski organized his famous Legion in Baltimore, while both Baron De Kalb and Lafayette spent considerable time in Maryland.

At the close of the war, the Continental Congress met at Annapolis, and in one of the dramatic moments of American history George Washington resigned his commission in the Senate Chamber of the State House on December 23, 1783. It was at Annapolis also that Congress, on January 14, 1784, ratified the Treaty of Paris ending the Revolutionary War.

The Maryland capital again played a part in the national scene by entertaining delegates from New York, New Jersey, Delaware, Pennsylvania and Virginia September 11-14, 1786. Ironically, Maryland did not participate. The delegates discussed means of improving and strengthening relations between the states. Recognizing the weaknesses of the Articles of Confederation, the delegates urged that another meeting be held to devise means of remedying these defects. Accordingly, the Federal Constitutional Convention met in May 1787 at Philadelphia. On April 28, 1788, Maryland ratified the Constitution; the seventh state to endorse the document which she had helped to bring into being.

Because of the exhaustion of the tobacco lands, however, serious agricultural problems remained. Slavery was becoming a burden, and currency problems vexed Maryland's economic life. In the formation of a new nation, Maryland did its part by sacrificing its territory and advancing money for public buildings to form the District of Columbia (1791). To offset some of the difficulties, Baltimore had grown until it was five times as great as Annapolis, the flourishing port of the "Golden Age." Early in the new century exports from Maryland ports reached the \$14,000,000 mark.

The Second British Conflict

This shipping was, however, seriously hampered by British policy. Finally British interference with our vessels and crews brought on the War of 1812. Fighting began in Canada but was soon carried south by the British. From 1813 Maryland bore the brunt of the war. British troops routed our forces at Bladensburg and then proceeded to Washington, where they burned the public buildings. But defeats at North Point and Fort McHenry prevented the British from capturing Baltimore. During the bombardment of Fort McHenry on the night of September 13, 1814, a Maryland lawyer, Francis Scott Key, was inspired to write the "Star Spangled Banner".

At sea, Marylanders, sailing in the speedy Baltimore clippers, terrorized British shipping to the coasts of England, accounting for 556 British vessels, almost a third of the total taken by American vessels. Outstanding privateers-

men were Captain Thomas Boyle in the *Comet* and the *Chasseur* and Commodore Joshua Barney in the *Rossie*. Barney later commanded a fleet of gunboats in the regular navy. Commodores John Rodgers and Stephen Decatur also distinguished themselves as naval commanders.

Early Nineteenth Century

After 1815 the State went on more vigorously than ever. A national "pike" was completed to Ohio and two canals, the Chesapeake and Ohio and the Chesapeake and Delaware, and a railroad, the Baltimore and Ohio, were put in operation. Samuel F. B. Morse ran an experimental telegraph line from Washington to Baltimore and on May 24, 1844, the message "What Hath God Wrought" flashed over the wire. In 1845, the Naval Academy was founded at Annapolis as Commander Franklin Buchanan and an academic staff of eight assembled some forty-odd midshipmen in Fort Severn.

Marylanders in the Baltimore and Washington Battalion took part in General Taylor's campaign in northern Mexico and participated in General Scott's march from Vera Cruz to Mexico City.

In Baltimore, Edgar Allan Poe produced some of his greatest poems and short stories until his untimely death in 1849 brought an end to his brilliant but tragic career. Having attained a population of 169,000 by 1850, Baltimore was erected as a separate political unit by the Constitution of 1851.

The Civil War

Sectional differences placed Maryland in a peculiar position during the 1850's. Growing industrial and commercial ties bound the State to the North and West, as well as to the South. On October 16, 1859, Maryland's position became even more difficult when John Brown, basing his operations from Maryland soil, seized the arsenal at Harpers Ferry and cut the rail and telegraph connections to the West. On April 19, 1861, some Baltimoreans attacked the Sixth Massachusetts Regiment on its way through the city to Washington. Enraged poetical comment on the event by James Ryder Randall, a Marylander living in New Orleans, produced the State song, "Maryland, My Maryland."

As the war began, Maryland hovered on the brink of secession. It was important to the national government to keep the State in the Union or Washington would be surrounded by enemy territory and completely cut off from the Northern States. The influence of Northern sympathizers, abetted by the presence of Federal troops during most of the

war, kept the State in the Union. But this did not prevent the Confederates from recruiting many volunteers in Maryland. Prominent among them were Colonel Bradley T. Johnson, commander of the First Maryland Regiment, C.S.A., and Admirals Franklin Buchanan and Raphael Semmes who served in the Confederate Navy.

In September 1862, General Lee invaded Maryland and at South Mountain and Antietam fought General McClellan's army in two of the most bitter battles of the war. Both sides suffered heavy casualties. McClellan permitted Lee to retreat across the Potomac without further molestation. It was while "Stonewall" Jackson was leading his troops through Frederick on the way to Antietam that the Barbara Fritchie incident—subject of the famous poem of John Greenleaf Whittier—is said to have occurred. On the political front, President Lincoln seized upon this as the proper moment for issuing the Emancipation Proclamation.

The following summer, Lee again advanced into Maryland. This time, he continued into Pennsylvania and at Gettysburg between July 1 and 3 engaged General Meade in a bloody struggle which left Lee's army so badly battered that he had no choice but to retire into Virginia.

In July 1864, Lee, hoping to divert some of Grant's troops from the siege of Petersburg, sent General Jubal Early to raid Western Maryland and threaten Washington. General Early defeated the Union Forces at the Battle of Monocacy on July 9 and advanced to the outskirts of Washington. At the Battle of Fort Stevens, which Lincoln witnessed on July 11, the Union lines held. Grant, meanwhile, sent fresh troops from Virginia which forced Early to retire. It was during this third invasion of Maryland that large indemnities were levied on Hagerstown and Frederick.

The war's end had its tragic aftermath for Maryland. John Wilkes Booth, a native of Harford County, assassinated Lincoln on April 14, 1865, and made his escape through Southern Maryland into Virginia. During this episode, Dr. Samuel A. Mudd, a Charles County physician, set Booth's broken leg for which he was accused of assisting in the assassination plot and sentenced to prison.

The Late Nineteenth Century

The last half of the Nineteenth Century was relatively uneventful in Maryland. Except for the years 1895 to 1899, the Democratic party controlled the State. The nationwide boom in industry and commerce brought increased business to Baltimore and the State, and an increase in rail and

water facilities in spite of the 1877 rail strike and the 1894 coal strike. Many Marylanders helped in the South, while Baltimoreans turned again to Southern markets for commercial outlets.

The growth of industrial enterprise and fortunes made large philanthropies possible. Among these were the gift to establish a library, conservatory of music and art gallery by the one-time Baltimore resident George Peabody (1866); the endowment of a university by the merchant Johns Hopkins (1876); and the gift of a free public library by the merchant Enoch Pratt (1882).

The scattered public schools of the pre-war period were consolidated into a strong centrally administered educational system and public education became a reality.

Few Marylanders saw action in the Spanish-American War, the most notable being Admiral Winfield Scott Schley of Frederick County, who was in active command at Santiago when the Spanish fleet was destroyed. The First and Fifth Regiments were mustered into Federal service shortly after the declaration of war, but saw no action. Instead they were stationed at camps in the South until their discharge in 1899.

The Twentieth Century

The story of Maryland in the Twentieth Century is more one of steady growth and progress rather than dramatic events or heroic accomplishments. Despite its \$125,000,000 fire which began February 7, 1904, Baltimore forged ahead to become the Nation's sixth largest city, while the State, augmented by the expansion of the suburbs of Washington into adjoining counties, rose to the rank of twenty-first in population although only forty-second in area.

In World War I, approximately 75,000 Maryland citizens served in the armed forces. Both the 29th and 79th Infantry Divisions fought with distinction in the Meuse-Argonne offensive of 1918. The Federal government found Maryland a convenient location for many of its military establishments. The United States Army built Fort George G. Meade on more than 7,500 acres near Odenton and established its proving ground at Aberdeen and an arsenal at Edgewood. The Navy expanded its Naval Academy facilities at Annapolis.

In 1918, Maryland became the first state to adopt the Executive Budget System now so widely used. In the years which followed, the State Legislature showed an increasing

consciousness of the welfare of its citizens, enacting legislation to create old age and mothers' pensions, to aid dependent children and to give assistance to the needy blind.

World War II

About 250,000 Marylanders were enrolled in the several military services during World War II. More than ever before, the State's industrial power—that devoted to the building of ships and aircraft—fought "the Battle of Materials." The Army enlarged and rebuilt Fort Meade, and constructed Andrews Air Force Base near Camp Springs in Prince George's County. At Port Deposit, the Navy built an extensive training center called Bainbridge, and the Naval Air Station on the Patuxent River at Cedar Point to serve as an aviation testing facility easily accessible to Washington.

The 29th Infantry Division again served with distinction in France during 1944 and 1945. It fought on the Omaha Beachhead, in Normandy, against the Siegfried Line, and in the advance to the Elbe River. Medical units from the Johns Hopkins and University of Maryland Hospitals performed outstanding service in many theaters of operations. The Federal government also built "Shangri-La" as a presidential retreat in Western Maryland. Here during World War II President Roosevelt received many of the leading statesmen of the allied forces, among them Winston Churchill. Renamed "Camp David" by President Eisenhower, the lodge became in 1959 the focus of world-wide attention as the scene of the meetings between the President and the Soviet Council Chairman, Nikita Khrushchev.

After World War II

The prosperity and population growth that have accompanied the post-war economic boom have not been un-mixed blessings. The thousands of dwelling units erected since 1945 have provided many families better housing than ever before, but they have also created problems of water supply and sewage disposal. The bumper crop of war and post-war babies is now straining the State's school facilities, requiring an ever-increasing number of teachers and many new buildings. With practically every family owning one or more automobiles and many cities and towns plagued with traffic and parking problems, the State was compelled to undertake a gigantic road and bridge building program which will require about fifteen years and more than a billion dollars to complete.

Many of these projects have already been completed. Outstanding among them is the Chesapeake Bay Bridge, crossing four miles of water and allowing clearance for craft to a height of 187 feet. It was completed July 30, 1952, at a cost of \$45,000,000 and is the largest continuous over-water steel structure in the world. Another remarkable engineering feat, the Baltimore Harbor Tunnel, was opened to traffic at midnight November 29, 1957. Built at a cost of \$130,000,000, it is 6,300 feet long and has in all, sixteen miles of approach expressways that enable the motorist to speed rapidly through one of the most highly congested areas of Baltimore.

The Baltimore-Washington Expressway opened early in 1954. The Blue Star Highway, extending from the Chesapeake Bay Bridge to the Delaware line, was completed in 1956. The Washington National Pike, one of the most beautiful highways in the country, has been finished between Bethesda and Frederick. Motorists may now travel between Annapolis and Washington on the John Hanson Highway, while segments of the Baltimore Beltway and the Capital Beltway are already in use.

Spurred by a series of shocking revelations published in one of Baltimore's leading newspapers in 1949, the General Assembly established the Department of Mental Hygiene and gave it full supervision over all matters pertaining to the custody, care and treatment of persons of unsound mind. Since then the State has spent millions of dollars erecting new buildings and improving existing facilities. More important, there has been a change in concept which regards such institutions as treatment centers rather than as detention areas. Patuxent Institution, an experiment in the use of indeterminate sentences in the treatment of defective delinquents, began operating in 1955. The Clifton T. Perkins State Hospital, a 300-bed facility, costing nearly three million dollars, began operating in 1960. It inaugurated in Maryland a program of psychiatric therapies combined with rehabilitative procedures for all adult male patients who require maximum security.

At Rosewood Training School, the Esther Loring Richards Children's Center opened in 1958 and the Jacob E. Finesinger Building opened in 1961 to provide psychiatric treatment for children with serious emotional, psychiatric and neurotic illnesses as distinct from those who are mentally retarded.

Other medical facilities have also been constructed. Three chronic disease hospitals have been opened: Deer's Head State Hospital in Wicomico County (1950), Monte-

bello State Hospital in Baltimore City (1953) and Western Maryland State Hospital (1957). Western Maryland also provides facilities for the care of tubercular patients. A 300-bed addition has more than doubled the capacity of Mt. Wilson, which also treats tubercular patients.

In 1955 the Department of Public Welfare started an experiment in the rehabilitation of delinquent youth. In cooperation with the Department of Forest and Parks, it opened a forestry camp at Green Ridge to which boys could be sent from the Training Schools to work on conservation projects. The apparent success of Green Ridge led to the opening of a second camp near Lonaconing in 1957 and a third at New Germany in 1958. In addition, early in 1960 the Department opened the Maryland Children's Center, where children adjudged delinquent by the courts are sent to be studied for not more than thirty days; the Center then returns them to the Court with recommendations.

A new State Office Building in Annapolis was dedicated in September 1958. A few months later, the State Roads Commission moved into its new six-story building in Baltimore, and many of the scattered State agencies have been brought together in the nearby State Office Building which opened in June 1959. The dedication of the six-story Employment Security Building in 1960 completed the State's building program in Urban Renewal Area 12 in Baltimore. Construction of a new Headquarters Building for the Department of Motor Vehicles located in the northern section of Anne Arundel County is now under way.

Friendship International Airport, constructed to connect Baltimore with all parts of the globe, began operating on June 24, 1950. A 3200-acre field, it is one of the largest in the country and capable of accommodating the largest planes of the new jet age.

The Maryland Port Authority was established in 1956 to promote and develop the ports of Maryland. It endeavors to persuade private operators to make needed improvements, but if necessary the Authority may construct and operate supplementary facilities.

The Governor is the chief executive officer of the State and the Commander-in-Chief of its military forces. He is elected by popular vote for a term of four years, his term of office beginning on the second Wednesday of January following his election. No person may serve as Governor for more than two consecutive terms. To be eligible for the office of Governor, a person must be at least thirty years of age and must have been for ten years a citizen of the State, and for five years preceding the date of his election a resident of the State. At the time of his election, he must also be a qualified voter of the State (Const. 1867, Art. II, secs. 1, 3, 5).

The Governor must submit to each annual session of the General Assembly a budget for the next ensuing fiscal year. He also makes recommendations for the raising of the principal and interest of the State's indebtedness. The Governor may also inform the General Assembly at any time of the condition of the State (II, 19; III, 52(3)).

Before a bill may become law the Governor must sign it, with the single exception of the General Appropriation Act. However, any bill which he vetoes may be passed without his signature by three-fifths of the total number of members of each house of the General Assembly, either at the current session or at the session next following. Or should the Governor, while the Legislature is in session, fail to return any bill with his objections within six days, the Act becomes law automatically unless the adjournment of the General Assembly prevents the return of the bill; then the bill fails. The Governor has the power to veto any part of an appropriation bill, in the same manner as other bills, without vetoing all (II, 17 as amended by Acts 1949, chap. 714).

The Governor is Commander-in-Chief of the military forces of the State—i.e. the National Guard—except when such forces are called into the national service. If the National Guard is thus called, he may establish a State Guard.

The Governor appoints all military and civil officers of the State subject to the advice and consent of the Senate, except when the election or appointment of such officer is otherwise provided for. In addition to appointing the heads of major departments, boards, and commissions of the State Government, the Governor appoints certain boards and commissions in each county and the City of Baltimore as is provided by law. The Governor also commissions Trial Magistrates, Justices of the Peace, and Notaries Public. The Governor appoints persons to unexpired terms of the offices of Attorney General, Comptroller, Treasurer, and members of the General Assembly. Any officer appointed by the Governor, excepting members of the General Assembly, shall be removable by him for cause.

The Governor may grant executive clemency, reprieves, or pardons to any person who is a prisoner of the State and may remit any fine or portion thereof to any person who has paid the fine. He may extradite prisoners or persons wanted by other States upon the presentation of a writ of extradition and may issue a warrant for the arrest of any person so wanted. The Governor may also ask for the return to this State of any prisoner or person of another State wanted for the violation of the laws of Maryland (II, 20).

The Office of the Comptroller of the Treasury was established in 1851. The Comptroller is elected by popular vote for the term of four years (Const. 1867, Art. VI, sec. 1). The Constitution enumerates his duties, beginning with the broad mandate to exercise "general superintendence over the fiscal affairs of the State, preparing plans for the improvement and management of revenue, for the support of the public credit". More specifically, he is to "preserve all public accounts, and decide on the forms of keeping and stating accounts"; to "grant, under regulations prescribed by law, all warrants for money to be paid out of the Treasury"; and to "superintend and enforce the prompt collection of all taxes and revenues." The Comptroller receives the State Auditor's reports, contracts various departments to follow up the Auditor's recommendations, and jointly with the Treasurer he exercises supervision over the Central Payroll Bureau. The Comptroller, or his deputies, countersigns all checks drawn by the Treasurer upon the deposits of the State. The Comptroller prescribes the formalities for the transfer or other evidence of the State debt and countersigns

such papers. He administers and collects the following specific taxes: the income tax, both personal and corporate; the retail sales and use taxes; the admissions tax; the motor vehicle fuel tax; the road tax on motor carriers; the State tobacco tax; the Maryland estate tax; excise taxes on beer, wine and liquor; and certain franchise taxes. The Comptroller also collects taxes on the deposits of savings banks, on the gross receipts of certain utility companies and rolling stock of persons other than railroads. Revenues collected by the Maryland Racing Commission are distributed to political subdivisions.

The Comptroller, through the Alcoholic Beverages Division, controls and regulates the manufacture, sale, transportation, and distribution of alcoholic beverages into, within, and out of the State of Maryland; issues licenses to manufacturers, wholesalers, airlines, railroads, and steamboats; and issues permits to nonbeverage dealers, nonresident dealers, transportation companies, transporters, and for public individual storage. The Maryland Alcohol Tax Enforcement Unit is charged with the specific enforcement of certain of the alcoholic beverages laws.

The office of the Comptroller prescribes the form of all licenses required by the State licensing laws which are issued through the Clerks of the Courts of the various counties. The License Bureau enforces the State license laws. Each month the Comptroller collects license revenues, death taxes, and real and personal property taxes from the Clerks of the Courts, Registers of Wills, and County Treasurers, respectively, of each county. Distribution of the certain taxes and revenue is made to the cities, towns and counties of the State and to other State agencies as prescribed by law (Code 1957, Art. 2B, sec. 134; Art. 19, secs. 1-34; Art. 56, secs. 3-4; Art. 78B, sec. 19; Art. 81, secs. 201, 323, 410; Art. 89B, secs. 30, 32, 33, 34, 38).

The State Appeal Board was established in 1933 as the "State License Bureau" (Chapter 2, Acts of the Special Session, 1933). In 1947 the General Assembly changed the name of the State Appeal Board (Chapter 501, sec. 177, Acts of 1947). The Board is composed of three members appointed by the Comptroller of the Treasury subject to the approval of the Governor. The Comptroller designates the Chairman of the Board and the Board appoints a secretary. It is the local Board of License Commissioners in Somerset County. It hears appeals from decisions of local licensing authorities in Dorchester and Wicomico counties (Code 1957, Art. 2B, secs. 61, 70, 147, 154, 177, 184). The Board meets for hearings and to hear appeals within the time prescribed by law, at the county seat of the county in which the action originated. The appropriation for the expenses of the Board is included in the budget of Alcoholic Beverages Division, Comptroller of the Treasury.

Hooper S. Miles, State Treasurer
James G. Rennie, Director, Department of Budget and Procurement

The Board of Revenue Estimates and the Bureau of Revenue Estimates were created by Chapter 991, Acts of 1945. The Board is composed of the Comptroller of the Treasury, the State Treasurer, and the Director of the Department of Budget and Procurement. It studies the findings and recommendations of the Bureau and then sends to the Governor, for submission to the General Assembly, an itemized statement of anticipated revenues for the succeeding fiscal year, together with its recommendations. The Bureau studies and analyzes all sources of revenue, prepares for the Board the findings for the itemized statement of anticipated revenue, devises equitable and economical means of collection of such revenue, and devises and recommends new sources of revenue.

The Chief of the Bureau of Revenue Estimates, in conjunction with the State Comptroller's office, prepares and submits to the members of the General Assembly by the end of the months of January and July in each year an itemized statement showing the following information for the six-month period ending on the next preceding December 31 or June 30, as the case may be: (1) estimated revenue from all sources, by funds, for the current budget period; (2) collections for the next preceding six-month period; and (3) amount of revenues uncollected or over-collected (Code 1957, Art. 41, sec. 194). CENTRAL PAYROLL BUREAU

Robert L. Serviss, Director

Treasury Building, Annapolis

Telephone: Colonial 8-3371

The Central Payroll Bureau, established by Chapter 43, Acts of 1954, operates under both the Comptroller of the Treasury and the State Treasurer. The Bureau renders payments for salaries, wages and certain contractual obligations for all agencies of the State except the State Roads Commission and the University of Maryland. The Bureau compiles the payroll journals, maintains records of salary earnings and deductions for each employee of the State, issues a summary distribution of charges by program and fund for each payroll, together with a disbursing warrant, and issues salary checks to State employees.

It submits biweekly reports to the three State retirement systems: State Teachers', State Employees' and State Police. It also compiles quarterly reports for ten reporting units and submits them to the United States Department of Health, Welfare and Education—Social Security Division.

The Central Payroll Bureau maintains an account for Federal Withholding Tax and at the end of each calendar year submits to

each State employee a record of his total earnings and the amount withheld for Federal Tax, Social Security, and State Tax.

The field audit section makes regular audits of payroll records at the agency level to assure compliance with laws, rules and regulations of the Bureau, the Commissioner of Personnel, the Standard Salary Board and the Board of Public Works.

Under the Constitution of 1776, there were two State Treasurers—the Treasurer of the Eastern Shore and the Treasurer of the Western Shore. In 1841 a constitutional amendment consolidated the two offices. The present constitution provides that the Treasurer shall be elected by joint ballot of both Houses of the General Assembly for a term of four years. The Treasurer is responsible for depositing each day the money of the State in an authorized depository. The Treasurer or his deputy must sign all checks countersigned by the Comptroller or an authorized deputy. The Treasurer invests unexpended or surplus funds of the State which are available for investment purposes and is the custodian of the State's insurance, all stocks, bonds, or other investments of the State, and securities pledged by all insurance companies, foreign building and homestead associations, and all banks holding deposits of State Funds, as required by the laws of the State. He publishes in a Baltimore newspaper a monthly balance of all State funds held in authorized depositories and renders a quarterly report to the Comptroller. The Treasurer is also the custodian of such special funds as may be prescribed by law (Const. 1867, Art. VI, secs. 1, 2, 3, 4).

By Chapter 757, Acts of 1959, the General Assembly abolished the State Tax Commission and divided its functions between two new agencies, the Maryland Tax Court and the State Department of Assessments and Taxation. The Maryland Tax Court performs the judicial and semi-judicial duties of the former Commission. It consists of five Judges, appointed by the Governor for terms of six years. One is required to be a resident of the Eastern Shore; another, a resident of the Western Shore; and another, a resident of Baltimore City. The other two are to be residents of the State at large. Not more than three Judges may be of the same political party, and each is required to be a taxpayer and a qualified voter of Maryland. At least two must be members of the Bar of the State of Maryland, and the Governor is required to designate one of these as Chief Judge. The three members of the former State Tax Commission continued as members of the new Court for the duration of their respective terms as members of this Commission.

The Maryland Tax Court hears appeals from the decision, determination, or order of any agency or any assessing or taxing authority of the State that affects the valuation, assessment or classification of property; the levy of a tax; or the application for an abatement or reduction of any assessment or tax, or exemption therefrom (Code 1957, Art. 41, sec. 318; Art. 81, secs. 224-230).

STATE DEPARTMENT OF ASSESSMENTS AND TAXATION

Director: Albert W. Ward

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The General Assembly created the State Department of Assessments and Taxation by Chapter 757, Acts of 1959. The law required that the Governor appoint the first director of the Department; thereafter, the office is to be held under the provisions of the Merit System. Except for appeals, which are a function of the new Maryland Tax Court, the State Department of Assessments and Taxation supersedes the State Tax Commission, established in 1914, which in its turn had superseded the State Tax Commissioner, an office created in 1878. The functions of the early Commissioners had been limited to the assessment of the shares of domestic corporations and national banks, assessment of the gross receipts of certain classes of corporations, and the valuation of distilled spirits for the purpose of State and local taxation. The Director of the present Department in addition supervises the administration of the assessment and tax laws of Maryland, and of each county or city thereof; enforces a continuing method of assessment, and requires that all property in the State be reviewed for assessment each year; assesses the operating property, except land, of railroads and other public utilities and contract carriers; and participates in any proceeding in Court wherein any assessment or taxation question is involved (Code 1957, Art. 81, sec. 232; Art. 41, sec. 318).

For each of the counties the Director appoints a Supervisor of Assessments from a list of five nominees submitted by the County Commissioners. The Supervisors serve during good behavior and are removable by the Director for incompetency or other cause. The cost of their salaries, which are fixed by law, is shared 60% by the State and 40% by the counties. The Director also appoints a Supervisor for Baltimore City, with important duties of investigation. The Supervisor of Assessments is the chief assessor and acts as such over local assessors.

The County Commissioners appoint the local assessors for an indefinite period from a list of applicants examined and graded by the Director. The assessors' salaries are fixed and paid in a manner similar to those of the Supervisors. They review for reassessment the property in each county of Maryland each year (Code 1957, Art. 81, secs. 234-37).

The Director has charge of the qualifications and registration of foreign corporations doing business in Maryland. In addition to collecting an annual filing fee and accounting monthly for all such collections to the Treasurer, the Director assesses the tangible personal property of foreign corporations and distributes the proceeds to the localities in which the property is located. He also approves and records charters and amendments to charters of domestic corporations. By Chapter 1, Acts of the Special Session of 1961, the Department is responsible for the regulation of the savings and loan associations until such time as Chapter 205, Acts of the 1961 Regular Session becomes effective (Code 1957, 1961 Supp., Art. 23, secs. 160A-160KK.)

The Department of Budget and Procurement, established by Chapter 284, Acts of 1939, combines the budgeting and purchasing functions of the State into a single agency. The Director of the Department, who is appointed by the Governor, has executive jurisdiction over the Department, and in addition reviews all leases for rental of office space before their submission to the Board of Public Works for approval (Code 1957, Art. 15A, sec. 16).

Budget Bureau

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The Director appoints the Chief of the Budget Bureau. This bureau carries out the budget functions of the agency. It aids the Director in preparing a tentative budget for the Governor's consideration and reviews all budget amendments presented by the various State agencies. The Bureau may investigate the necessity for all expenditures (Code 1957, Art. 15A, secs. 17-27).

Purchasing Bureau

318 Light Street, Baltimore 2

Telephone: 837-9000

The Director also appoints the head of the Purchasing Bureau. This bureau purchases supplies, material and equipment for the use of State agencies. It maintains a warehouse for the storage of supplies and pays for them out of a revolving fund of \$300,000. These supplies are

purchased by State agencies, which receive invoices and make payment to the Revolving Fund in the same manner as to other vendors (Code 1957, Art. 15A, secs. 28-33).

Since March 6, 1949, the Department has distributed donable foods from the Production and Marketing Administration, U. S. Department of Agriculture, to public and private eleemosynary institutions and agencies and to needy families in the State of Maryland. There are 167 such institutions and agencies serving approximately 85,000 persons.

In March 1960, a new program, Central Services, was inaugurated providing typewriter repair and duplicating services for those agencies located in the Baltimore State Office Building.

The State Commissioner of Personnel is the head of the State Merit System, which was established in 1920. The title of State Commissioner of Personnel was established by Chapter 310, Acts of 1953. The position had been previously known as the Commissioner of State Employment and Registration. (Chapter 41, Acts of 1920). The Commissioner, who is appointed by the Governor for a six-year term, administers the Merit System Law, and with the approval of the Governor, makes such rules as he deems necessary to carry out the law. Such rules have the force and effect of law.

The purpose of the Merit System Law is to provide candidates for appointment to positions in the classified service after determining by practical tests the fitness of such candidates for the positions which they seek, without regard to their political or religious opinions or affiliations. It is also to provide adequate means for the prompt removal from positions in the classified service of persons who may be indolent, incompetent, inefficient, or otherwise unfit to remain therein, and to keep in a workable state the provisions for the promotion of employees as provided in the Law to ensure that the best class of candidates will be attracted to the classified service (Code 1957, Article 64A). The State Commissioner of Personnel is the chief personnel officer for the State of Maryland, which at present employs approximately 18,500 classified and 3,500 unclassified employees.

The State Commissioner of Personnel is also Chairman of the State Employees' Standard Salary Board which is responsible for preparing and recommending to the Governor a pay plan for the State's classified and unclassified employees (Code 1957, Article 64A). In addition, he is Chairman of the State Incentive Awards Board which is responsible for operating the State Incentive Awards Program for classified employees (Code 1957, Article 64A).

STATE EMPLOYEES STANDARD SALARY BOARD

Chairman: Russell S. Davis, Commissioner of Personnel
 Ex officio member: Francis B. Burch, Chairman, Baltimore City Service Commission

The State Employees Standard Salary Board was established by Chapter 395, Acts of 1941, and reorganized by Chapter 310, Acts of 1953. By Chapter 87, Acts of 1956, the Board was abolished and a new Board was created, effective June 1, 1956. The present Board is composed of the State Commissioner of Personnel, ex officio, as Chairman; the Chairman of the City Service Commission of Baltimore City, ex officio; a person appointed by the Governor from a list of three names submitted by the Maryland Classified Employees Association, and two persons appointed by the Governor to represent the general public, all three for a period of six years or until such members become officers or employees of the State. The Board and Secretary serve without compensation.

The Board prepares and recommends to the Governor a pay plan for all classes of positions in both the Classified and Unclassified Service, to the end that all positions in such services involving comparable duties, experience, responsibilities, and authority shall be paid comparable salaries in accordance with the relative value of the services to be performed. In establishing rates of pay, the State Employees Standard Salary Board gives consideration to experience; to the prevailing rates of pay for the same or comparable services performed in public and private employment; to living costs, or other benefits received by employees; and to the State's financial condition and policies. If the Governor approves the pay plan, he uses it in preparing the State budget, and the plan has the force of law at the time the next State budget takes effect if funds for such pay plan are provided therein. The Board may recommend amendments to the plan from time to time and when approved by the Governor and so included in the next State budget, such amendments have the force of law. Solely in cases of acute emergency, amendments may be made from time to time in the pay plan to take effect at any time before the effective date of the next State budget if the amendment is necessary in order to procure for or to retain in the State service essential career administrative employees performing executive functions or essential professional or technical employees; and upon approval of the Board of Public Works, after recommendation by the Standard Salary Board,

such amendments shall have the force of law in the same manner as if they had been originally incorporated in the schedule.

Each employee in the Classified and Unclassified Service is paid at one of the rates set forth in the pay plan for the grade or class of position in which he is employed. Faculty positions, librarians, and registrars of the University of Maryland, State teachers colleges, and Morgan State College are excluded from the jurisdiction of the Salary Board. The Board formulates rules and regulations for the administration of the Act. These rules include provisions for automatic increases, from minimum to maximum, of the rates established by the schedule; and, after approval by the Governor, have the force of law (Code 1957, 1960 Supp., Art. 64A, secs. 26, 27, 28, 29, 30).

A centralized administration of the Maryland public schools was attempted in 1865, but the General Assembly did not establish the State Board of Education until 1870 (Ch. 311, Acts of 1870). The Board, composed of seven members appointed by the Governor for staggered seven-year terms, makes policy for the public school system and passes the by-laws and regulations that govern it (Code 1957, Art. 77, secs. 2, 5, 19-24, 27, 29, 32, 35, 164).

The State Board of Education appoints the State Superintendent of Schools for a four-year term. He directs the State Department of Education and executes the policy and enforces the regulations adopted by the Board (Code 1957, Art. 77, secs. 37-39). The State Department of Education consists of the State Superintendent of Schools and the professional staff employed by the Board to assist him. The Department has six divisions (Code 1957, Art. 77, secs. 45, 46.)

Division of Instruction

The Division of Instruction provides leadership in planning and supervising education for children and adults in the public schools of the State. Among the specific aids it supplies are curriculum materials which it plans in cooperation with teachers, certain types of visual aids, and workshop and consultant service. It maintains a curriculum center and also plans programs for the handicapped and assists with their education (Code 1957, Art. 77, secs. 26, 40-42, 241-42).

Division of Vocational Education

The Division of Vocational Education supervises the vocational curricula of the public schools: home economics, agriculture, and industrial arts. In addition, the Division renders educational services to industry. The Federal funds granted to the State for these purposes are allocated through the Division (Code 1957, Art. 77, secs. 285-88).

Division of Administration, Finance, and Research

The finance section of this Division prepares the annual State public school budget. It maintains budget and accounting records and distributes funds made available to the local school systems by the State and Federal governments. In addition, this unit provides auditing services and fiscal advice to the State teachers colleges.

The research section compiles all statistical records necessary for the efficient administration of the public school system. These records provide a guide to the services rendered by the Department in the planning, construction, staffing, supervision, and administration of the public schools. In addition, the research section conducts statistical studies as they are requested by the State Board of Education or the State Superintendent of Schools (Code 1957, Art. 77, secs. 33, 34, 47).

Division of Certification and Accreditation

The Division of Certification and Accreditation accredits all Maryland schools and colleges, public and private, and certifies their professional and academic staffs. It provides leadership in teacher education, licenses and inspects Maryland trade and vocational schools, supervises the school lunch program, and administers high school equivalence examinations (Code 1957, Art. 77, secs. 25, 30, 31, 41, 99-107).

Division of Library Extension

The Division of Library Extension, established within the State Department of Education by the General Assembly of 1945, exercises supervision over school libraries and county libraries operating under the State-Aid Act of 1945. The Division makes available professional advice and assistance to all school and public libraries. It administers State funds made available under the Public Libraries Act (Code 1957, Art. 77, secs. 177-201).

Division of Vocational Rehabilitation

The Division of Vocational Rehabilitation, established by the General Assembly of 1929, administers the Federal Civilian Rehabilitation Act, and the funds provided by it, within the State of Maryland. The Division provides vocational rehabilitation and placement service to physically handicapped persons. Under the Social Security Law, all cases applying to the Bureau of Old Age and Survivors Insurance for disability determinations are required to be referred to this Division for possible rehabilitation service. District offices are located in Baltimore, Salisbury, Hyattsville, and Hagerstown, and branch offices in Annapolis, Chestertown, Cumberland, Easton, Frederick, La Plata, Rockville, and Westminster (Code 1957, Art. 77, secs. 292-96).

The Board of Trustees appoints the president and teaching staff of each State teachers college and authorizes all the courses of study offered. It prescribes entrance requirements for students and fixes the number to be admitted to each college. It also supervises the expenditure of all State appropriations for the colleges.

The president of each State teachers college is "responsible for the discipline and successful conduct of his school" and for the administration of all its departments. He makes nominations to the Board of Trustees for teaching appointments and submits for its approval the curriculum to be offered (Code 1957, Art. 77, secs. 28, 164-66, 170).

THE UNIVERSITY

The University of Maryland is the State university and the "Land-Grant" institution of Maryland.

The present University of Maryland is the result of the merger of the former privately owned University of Maryland located in Baltimore with the former Maryland State College at College Park. The former University of Maryland was founded in 1807 as the College of Medicine of Maryland (Chapter 53, Acts of 1807). In 1812, it enlarged its curriculum and changed its name to the University of Maryland (Chapter 159, Acts of 1812). Subsequently, it added faculties of law (1823), dentistry (1882), nursing (1889), and pharmacy (1904). The Maryland State College of Agriculture was founded by Chapter 114, Acts of 1856, as the Maryland Agricultural College, a private institution at College Park, and became the beneficiary of the Land-Grant Act of 1862. By Chapter 129, Acts of 1914, the State assumed complete control of the school and in 1916 the Legislature granted it a new charter, which renamed the school the Maryland State College of Agriculture (Chapter 372, Acts of 1916). The General Assembly consolidated the University of Maryland and the Maryland State College of Agriculture in 1920 and gave the name University of Maryland to the new institution (Chapter 480, Acts of 1920).

The University is under the administration of a Board of Regents consisting of eleven members appointed by the Governor by and with the advice and consent of the Senate. Members appointed to the Board prior to 1960 serve for nine years; members appointed in 1960 and thereafter serve for terms of seven years (Code 1957, 1961 Supp., Art. 77, sec. 249B). The Board of Regents, within the limits prescribed by law, may issue revenue bonds to finance the building of dormitories and other student housing facilities, student union buildings (at College Park and Baltimore), and a combination Physical Education and

Auditorium building. The Regents are to issue such bonds directly. The payments of principal and interest are met from revenues realized from the use of the buildings (Code 1957, 1961 Supp., Art. 77, secs. 249-59J).

The main campus of the University is located at College Park. Instruction is given here in the undergraduate and graduate course of the College of Agriculture, College of Arts and Sciences, College of Business and Public Administration, College of Education, College of Engineering and Aeronautical Sciences, College of Home Economics and the College of Physical Education, Recreation, and Health. Also located at College Park are the Graduate School, the Summer School, and the offices of University College. The latter college operates the evening school program at College Park. In addition, it conducts a self-supporting college level program at off-campus centers throughout the State of Maryland and at some 150 overseas centers for United States personnel in the European, North Atlantic and Far East regions.

Professional Schools

The professional schools of the University of Maryland comprising the schools of Dentistry, Law, Medicine, Nursing, Pharmacy, and School of Social Work, together with the University Hospital, are located in Baltimore at Lombard and Greene Streets. The University College also offers courses here.

Maryland State College—Division of the University of Maryland

John T. Williams, Ed.D., President

Princess Anne (Somerset County) Telephone: Princess Anne 780

The Maryland State College, Division of the University of Maryland (formerly Princess Anne College), is a state supported land-grant college. It offers courses leading to a bachelor's degree in agriculture, home economics, industrial and mechanic arts, and liberal arts and sciences. The external government and control is vested in the Board of Regents of the University of Maryland and the Maryland State Board of Agriculture.

The College was founded in 1886 as the preparatory branch of the Centenary Bible Institute, chartered in 1867 and renamed Morgan College in 1890. The preparatory branch was known as the Delaware Conference Academy. By the Morrill Act of 1890, the College received federal funds and became known as the Princess Anne Academy, or "Eastern Branch" of the Maryland Agricultural College. In 1919, by agreement with Morgan College, the University of Maryland assumed control of the College, although it remained in the hands of the trustees of Morgan College until 1936. The State purchased it by Chapter 548, Acts of 1935.

AGRICULTURAL EXPERIMENT STATION

The Maryland Agricultural Experiment Station was established following passage of the Federal Hatch Act in 1887 making available to the states grants-in-aid for the conduct of research pertaining to agriculture. Both State and Federal funds are appropriated for its support. The main location is on the University campus at College Park. Here laboratories for research in the animal and plant sciences

are located and administrative headquarters as well as provisions for the maintenance of experimental herds, flocks, field and tree plots and for investigations on soils, insect and disease control (Chapter 55, Acts of 1888).

Several outlying farms are maintained for research purposes. These experimental farms include the Tobacco Experimental Farm at Upper Marlboro; the Dairy-Agronomy Research Farm near Ellicott City, devoted to dairy and related forage studies; the Poultry-Vegetable Research Farm, at Salisbury, for studies on broiler and vegetable problems; and the Livestock Experimental Farm near Waterloo for research with cattle and swine. These different locations support and supplement the programs of research at the main station (Code 1957, Art. 66C, secs. 58-60).

EXTENSION SERVICE

The Cooperative Extension Service in Agriculture and Home Economics was established by Federal and State laws in 1914 and is supported by Federal, State, and County funds (Chapter 247, Acts of 1914). Each county of the State is represented by a County Agricultural Agent and a Home Demonstration Agent. A State office to provide administrative direction and technical assistance is located at the University of Maryland. Scientific and economic information related to production and marketing in agriculture and in the field of home economics is provided to the people of the State. The youth of the State are served through the 4-H Club program. Short Courses in various fields are also provided (Code 1957, Art. 66C, secs. 56-57).

STATE BOARD OF AGRICULTURE

The Board of Regents of the University of Maryland acts as the State Board of Agriculture. As such, it administers the laws of the State relating to agricultural service and control programs. Important phases of the agricultural programs include animal disease control; plant pest control; marketing activities; inspection service for feed, fertilizer, pesticides, dairies, and seed; and soil conservation and drainage (Code 1957, Art. 66C, secs. 46-60).

Live Stock Sanitary Service

The Live Stock Sanitary Service is charged with the responsibility of keeping animal and poultry diseases from entering the State and controlling and eradicating such diseases within the State. In cooperation with the State Department of Health, it endeavors to suppress disease of animals or poultry which affect the public health. Facilities for the diagnosis of diseases are located at the main laboratory at College Park and at branch laboratories in Salisbury, Preston, Centerville, Bel Air, Frederick, Hagerstown and Oakland (Code 1957, Art. 66C, secs. 412-70).

The State Employees Standard Salary Board was established by Chapter 395, Acts of 1941, and reorganized by Chapter 310, Acts of 1953. By Chapter 87, Acts of 1956, the Board was abolished and a new Board was created, effective June 1, 1956. The present Board is composed of the State Commissioner of Personnel, ex officio, as Chairman; the Chairman of the City Service Commission of Baltimore City, ex officio; a person appointed by the Governor from a list of three names submitted by the Maryland Classified Employees Association, and two persons appointed by the Governor to represent the general public, all three for a period of six years or until such members become officers or employees of the State. The Board and Secretary serve without compensation.

The Board prepares and recommends to the Governor a pay plan for all classes of positions in both the Classified and Unclassified Service, to the end that all positions in such services involving comparable duties, experience, responsibilities, and authority shall be paid comparable salaries in accordance with the relative value of the services to be performed. In establishing rates of pay, the State Employees Standard Salary Board gives consideration to experience; to the prevailing rates of pay for the same or comparable services performed in public and private employment; to living costs, or other benefits received by employees; and to the State's financial condition and policies. If the Governor approves the pay plan, he uses it in preparing the State budget, and the plan has the force of law at the time the next State budget takes effect if funds for such pay plan are provided therein. The Board may recommend amendments to the plan from time to time and when approved by the Governor and so included in the next State budget, such amendments have the force of law. Solely in cases of acute emergency, amendments may be made from time to time in the pay plan to take effect at any time before the effective date of the next State budget if the amendment is necessary in order to procure for or to retain in the State service essential career administrative employees performing executive functions or essential professional or technical employees; and upon approval of the Board of Public Works, after recommendation by the Standard Salary Board,

such amendments shall have the force of law in the same manner as if they had been originally incorporated in the schedule.

Each employee in the Classified and Unclassified Service is paid at one of the rates set forth in the pay plan for the grade or class of position in which he is employed. Faculty positions, librarians, and registrars of the University of Maryland, State teachers colleges, and Morgan State College are excluded from the jurisdiction of the Salary Board. The Board formulates rules and regulations for the administration of the Act. These rules include provisions for automatic increases, from minimum to maximum, of the rates established by the schedule; and, after approval by the Governor, have the force of law (Code 1957, 1960 Supp., Art. 64A, secs. 26, 27, 28, 29, 30).

A centralized administration of the Maryland public schools was attempted in 1865, but the General Assembly did not establish the State Board of Education until 1870 (Ch. 311, Acts of 1870). The Board, composed of seven members appointed by the Governor for staggered seven-year terms, makes policy for the public school system and passes the by-laws and regulations that govern it (Code 1957, Art. 77, secs. 2, 5, 19-24, 27, 29, 32, 35, 164).

The State Board of Education appoints the State Superintendent of Schools for a four-year term. He directs the State Department of Education and executes the policy and enforces the regulations adopted by the Board (Code 1957, Art. 77, secs. 37-39). The State Department of Education consists of the State Superintendent of Schools and the professional staff employed by the Board to assist him. The Department has six divisions (Code 1957, Art. 77, secs. 45, 46.)

Division of Instruction

The Division of Instruction provides leadership in planning and supervising education for children and adults in the public schools of the State. Among the specific aids it supplies are curriculum materials which it plans in cooperation with teachers, certain types of visual aids, and workshop and consultant service. It maintains a curriculum center and also plans programs for the handicapped and assists with their education (Code 1957, Art. 77, secs. 26, 40-42, 241-42).

Division of Vocational Education

The Division of Vocational Education supervises the vocational curricula of the public schools: home economics, agriculture, and industrial arts. In addition, the Division renders educational services to industry. The Federal funds granted to the State for these purposes are allocated through the Division (Code 1957, Art. 77, secs. 285-88).

Division of Administration, Finance, and Research

The finance section of this Division prepares the annual State public school budget. It maintains budget and accounting records and distributes funds made available to the local school systems by the State and Federal governments. In addition, this unit provides auditing services and fiscal advice to the State teachers colleges.

The research section compiles all statistical records necessary for the efficient administration of the public school system. These records provide a guide to the services rendered by the Department in the planning, construction, staffing, supervision, and administration of the public schools. In addition, the research section conducts statistical studies as they are requested by the State Board of Education or the State Superintendent of Schools (Code 1957, Art. 77, secs. 33, 34, 47).

Division of Certification and Accreditation

The Division of Certification and Accreditation accredits all Maryland schools and colleges, public and private, and certifies their professional and academic staffs. It provides leadership in teacher education, licenses and inspects Maryland trade and vocational schools, supervises the school lunch program, and administers high school equivalence examinations (Code 1957, Art. 77, secs. 25, 30, 31, 41, 99-107).

Division of Library Extension

The Division of Library Extension, established within the State Department of Education by the General Assembly of 1945, exercises supervision over school libraries and county libraries operating under the State-Aid Act of 1945. The Division makes available professional advice and assistance to all school and public libraries. It administers State funds made available under the Public Libraries Act (Code 1957, Art. 77, secs. 177-201).

Division of Vocational Rehabilitation

The Division of Vocational Rehabilitation, established by the General Assembly of 1929, administers the Federal Civilian Rehabilitation Act, and the funds provided by it, within the State of Maryland. The Division provides vocational rehabilitation and placement service to physically handicapped persons. Under the Social Security Law, all cases applying to the Bureau of Old Age and Survivors Insurance for disability determinations are required to be referred to this Division for possible rehabilitation service. District offices are located in Baltimore, Salisbury, Hyattsville, and Hagerstown, and branch offices in Annapolis, Chestertown, Cumberland, Easton, Frederick, La Plata, Rockville, and Westminster (Code 1957, Art. 77, secs. 292-96).

The president of each State teachers college is "responsible for the discipline and successful conduct of his school" and for the administration of all its departments. He makes nominations to the Board of Trustees for teaching appointments and submits for its approval the curriculum to be offered (Code 1957, Art. 77, secs. 28, 164-66, 170).

THE UNIVERSITY

The University of Maryland is the State university and the "Land-Grant" institution of Maryland.

The present University of Maryland is the result of the merger of the former privately owned University of Maryland located in Baltimore with the former Maryland State College at College Park. The former University of Maryland was founded in 1807 as the College of Medicine of Maryland (Chapter 53, Acts of 1807). In 1812, it enlarged its curriculum and changed its name to the University of Maryland (Chapter 159, Acts of 1812). Subsequently, it added faculties of law (1823), dentistry (1882), nursing (1889), and pharmacy (1904). The Maryland State College of Agriculture was founded by Chapter 114, Acts of 1856, as the Maryland Agricultural College, a private institution at College Park, and became the beneficiary of the Land-Grant Act of 1862. By Chapter 129, Acts of 1914, the State assumed complete control of the school and in 1916 the Legislature granted it a new charter, which renamed the school the Maryland State College of Agriculture (Chapter 372, Acts of 1916). The General Assembly consolidated the University of Maryland and the Maryland State College of Agriculture in 1920 and gave the name University of Maryland to the new institution (Chapter 480, Acts of 1920).

The University is under the administration of a Board of Regents consisting of eleven members appointed by the Governor by and with the advice and consent of the Senate. Members appointed to the Board prior to 1960 serve for nine years; members appointed in 1960 and thereafter serve for terms of seven years (Code 1957, 1961 Supp., Art. 77, sec. 249B). The Board of Regents, within the limits prescribed by law, may issue revenue bonds to finance the building of dormitories and other student housing facilities, student union buildings (at College Park and Baltimore), and a combination Physical Education and

Auditorium building. The Regents are to issue such bonds directly. The payments of principal and interest are met from revenues realized from the use of the buildings (Code 1957, 1961 Supp., Art. 77, secs. 249-59J).

The main campus of the University is located at College Park. Instruction is given here in the undergraduate and graduate course of the College of Agriculture, College of Arts and Sciences, College of Business and Public Administration, College of Education, College of Engineering and Aeronautical Sciences, College of Home Economics and the College of Physical Education, Recreation, and Health. Also located at College Park are the Graduate School, the Summer School, and the offices of University College. The latter college operates the evening school program at College Park. In addition, it conducts a self-supporting college level program at off-campus centers throughout the State of Maryland and at some 150 overseas centers for United States personnel in the European, North Atlantic and Far East regions.

Professional Schools

The professional schools of the University of Maryland comprising the schools of Dentistry, Law, Medicine, Nursing, Pharmacy, and School of Social Work, together with the University Hospital, are located in Baltimore at Lombard and Greene Streets. The University College also offers courses here.

The Maryland State College, Division of the University of Maryland (formerly Princess Anne College), is a state supported land-grant college. It offers courses leading to a bachelor's degree in agriculture, home economics, industrial and mechanic arts, and liberal arts and sciences. The external government and control is vested in the Board of Regents of the University of Maryland and the Maryland State Board of Agriculture.

The College was founded in 1886 as the preparatory branch of the Centenary Bible Institute, chartered in 1867 and renamed Morgan College in 1890. The preparatory branch was known as the Delaware Conference Academy. By the Morrill Act of 1890, the College received federal funds and became known as the Princess Anne Academy, or "Eastern Branch" of the Maryland Agricultural College. In 1919, by agreement with Morgan College, the University of Maryland assumed control of the College, although it remained in the hands of the trustees of Morgan College until 1936. The State purchased it by Chapter 548, Acts of 1935.

AGRICULTURAL EXPERIMENT STATION

The Maryland Agricultural Experiment Station was established following passage of the Federal Hatch Act in 1887 making available to the states grants-in-aid for the conduct of research pertaining to agriculture. Both State and Federal funds are appropriated for its support. The main location is on the University campus at College Park. Here laboratories for research in the animal and plant sciences

are located and administrative headquarters as well as provisions for the maintenance of experimental herds, flocks, field and tree plots and for investigations on soils, insect and disease control (Chapter 55, Acts of 1888).

Several outlying farms are maintained for research purposes. These experimental farms include the Tobacco Experimental Farm at Upper Marlboro; the Dairy-Agronomy Research Farm near Ellicott City, devoted to dairy and related forage studies; the Poultry-Vegetable Research Farm, at Salisbury, for studies on broiler and vegetable problems; and the Livestock Experimental Farm near Waterloo for research with cattle and swine. These different locations support and supplement the programs of research at the main station (Code 1957, Art. 66C, secs. 58-60).

EXTENSION SERVICE

The Cooperative Extension Service in Agriculture and Home Economics was established by Federal and State laws in 1914 and is supported by Federal, State, and County funds (Chapter 247, Acts of 1914). Each county of the State is represented by a County Agricultural Agent and a Home Demonstration Agent. A State office to provide administrative direction and technical assistance is located at the University of Maryland. Scientific and economic information related to production and marketing in agriculture and in the field of home economics is provided to the people of the State. The youth of the State are served through the 4-H Club program. Short Courses in various fields are also provided (Code 1957, Art. 66C, secs. 56-57).

STATE BOARD OF AGRICULTURE

The Board of Regents of the University of Maryland acts as the State Board of Agriculture. As such, it administers the laws of the State relating to agricultural service and control programs. Important phases of the agricultural programs include animal disease control; plant pest control; marketing activities; inspection service for feed, fertilizer, pesticides, dairies, and seed; and soil conservation and drainage (Code 1957, Art. 66C, secs. 46-60).

Live Stock Sanitary Service

The Live Stock Sanitary Service is charged with the responsibility of keeping animal and poultry diseases from entering the State and controlling and eradicating such diseases within the State. In cooperation with the State Department of Health, it endeavors to suppress disease of animals or poultry which affect the public health. Facilities for the diagnosis of diseases are located at the main laboratory at College Park and at branch laboratories in Salisbury, Preston, Centerville, Bel Air, Frederick, Hagerstown and Oakland (Code 1957, Art. 66C, secs. 412-70).

Plant Pest Control

The State Entomologist and the State Plant Pathologist are responsible for the control of insects and plant diseases. Their programs

seek to prevent the introduction of any injurious insect and plant disease into Maryland and to control and eradicate insects and disease within the state. Major activities include Nursery Inspection, Japanese Beetle Retardation and Quarantine Inspection, Apiary Inspection, Mosquito Control, Oak Wilt Eradication, White Pine Blister, Rust Control, Dutch Elm Disease Control and Potato Seed Inspection (Code 1957, Art. 48, secs. 70-110, 190-99).

State Department of Markets

The State Department of Markets carries on a number of programs designed to serve the every day needs of the farmer in marketing his products and to insure an equitable flow of these products in the marketing channels. The Department offers a grading and inspection service, market price reporting, and a marketing service and information program. In some of this work it cooperates with the United States Department of Agriculture. The Department enforces the Egg Grade, Size and Labeling Law, the Weights and Measures Law, and Cantaloupe Maturity Law and issues licenses required under the Poultry Sale and Transportation Law (Code 1957, Art. 66C, secs. 65-83, 104-10; Art. 48, secs. 160-166E, 184-89; Art. 97, secs. 1-63, 66-70).

State Inspection Service

The State Inspection Service enforces the State laws relating to feed, fertilizer, agricultural liming material and agricultural liming material and agricultural pesticides. These laws are classified as the "Correct Labeling Acts." The agency's work consists of registration of brand names; collection, chemical analysis, and examination of samples; publication of results of tests; and prosecution of violators (Code 1957, Art. 48, secs. 116-128, amended Acts 1960, Chap. 103; Art. 66C, secs. 471-485).

Dairy Inspection Service

The Dairy Inspection Service administers the dairy inspection laws of Maryland. It issues permits to dairy plants and operators of bulk milk tank trucks; examines and licenses milk and cream weighers, samplers and testers; checks calibration of the glassware used in testing milk and cream; check-tests milk and cream samples of plants and commercial laboratories; checks accuracy of weighing and measuring devices in dairy plants; and checks calibrations of farm milk tanks (Code 1957, Art. 43, secs. 569-97).

Seed Inspection Service

The Seed Inspection Service enforces the Maryland Seed Law. All seeds sold within the state must be properly labeled and inspected, sampled, and analyzed to insure compliance with label declaration. The Service checks samples for purity, noxious weed seed and germination. It also analyzes seeds on request of firms and individuals (Code 1957, Art. 48, secs. 148-59).

State Department of Drainage

The State Department of Drainage, established by Chapter 465, Acts of 1937, promotes and encourages drainage of agricultural lands, correlates activities of local drainage organizations, and cooperates with State and Federal agencies in the development of a permanent program of improved drainage (Code 1957, Art. 66C, sec. 64).

NATURAL RESOURCES INSTITUTE

The Natural Resources Institute replaces the former Department of Research and Education (Chapter 776, Acts of 1961). It is responsible for increasing knowledge of the resources of Maryland and their best uses, with special emphasis on the tidewater and inland resources. The research program is maintained in cooperation with the departments represented on the Board of Natural Resources. The Institute also participates in the education of the public and of individuals in the problems and potentials of natural resources and in the training of students and specialists in related fields.

The principal divisions of the Institute include the Chesapeake Biological Laboratory, Solomons, Maryland; the Inland Resources Division and the Conservation Education Division, Annapolis, Maryland; the Seafood Processing Laboratory, Crisfield, Maryland; and a field station in Western Maryland for problems relating to the Appalachian region.

Morgan State College was organized in 1867, under the auspices of the Methodist Episcopal Church, as the Centenary Biblical Institute. The school remained under church jurisdiction until the State of Maryland purchased it by Chapter 331, Acts of 1939. In 1890, the school's name had been changed to Morgan College in honor of Dr. Lyttleton Morgan, whose gift of a large sum of money enabled the school to offer academic work at the college level.

The College is fully accredited by the Middle States Association of Colleges and Secondary Schools and by the Department of Education of Maryland. It is also approved by the Regents of the University of the State of New York, and by the American Medical Association.

The curriculum at Morgan State College is organized into three divisions: Humanities, Natural Sciences, and Social Sciences. Within these divisions are included eighteen departments offering courses leading to the Bachelor of Arts and Bachelor of Science degrees. Emphasis is placed upon the presentation of a standard four-year course in the liberal arts and teacher training, both elementary and secondary. Both day and evening courses are offered, and at the present time, students may complete all requirements for the major in Business Administration, Sociology, and History through study in the Evening College. A Summer Session is conducted as a part of the regular work of the college, and includes "in-service training" for teachers in Maryland schools.

During the academic year 1960-61, Morgan had an enrollment in all divisions of 3251, including 2427 day students, 364 evening students, and 982 summer students.

The State Department of Health, established by Chapter 200, Acts of 1874, is governed by the newly-created State Board of Health and Mental Hygiene. The Department is directed by a Commissioner, who is appointed by the Governor upon the recommendation of the State Board of Health and Mental Hygiene. He must be an experienced physician skilled in public health and certified by the American Board of Preventive Medicine. He is responsible for organizing the Department and carrying out its responsibilities and functions. The Department serves the State through the Baltimore City Health Department, and twenty-three county health departments, each of which is in the charge of a health officer who serves as the Deputy State Health Officer for his county.

The State Department of Health protects the public health through the elimination of environmental hazards, the promotion of individual preventive health supervision (especially in expectant mothers, infants, preschool children and school children), and by the active control of communicable diseases; through the administration of a hospital program for the tuberculous and the chronically ill, a medical care and a hospital inpatient and outpatient program for the indigent and the medically indigent, and a medical and hospital care program for crippled children; and through assistance to local health departments and cooperation with State and Federal agencies, with the medical, dental and other health professions, with private health associations, and with citizens groups in carrying out a wide variety of public health programs (Code 1957, Arts. 27, 30, 43, 77 and 101).

To carry out these duties, the Department is organized into an executive office and six bureaus.

Executive Office

The Executive Office includes the offices of the Commissioner and the Deputy Commissioner together with the following specialized staff services: Office of Planning and Research, including the keeping of vital records and statistics, Social Services, Legal Services, Civil Defense Medical Services, Public Health, Nursing, Public Health Education, and Local Health Services.

Local Health Services make public health service available to residents of Maryland through the twenty-four local health departments. These local health officers with their staffs of nurses, sanitarians, and others are the backbone of public health services in Maryland. These local units operate the public health programs in each county and Baltimore City, including public health nursing, pre- and post-hospitalization services, sanitation, mental health, dental health, maternal and child health, tuberculosis, venereal, and other communicable disease control, services for crippled children, and medical care for the indigent and medically indigent including the aged. The State Department of Health is responsible for providing consultatory services for local health work.

Bureau of Management

The Bureau of Management has the responsibility of providing the day-to-day personnel, payroll, accounting, budgeting, transportation, and other administrative services.

Bureau of Preventive Medicine

The Bureau of Preventive Medicine provides for technical and professional assistance to other subdivisions of the State Health Department, especially local health departments, and other agencies, groups, and institutions in the State engaged in the broad field of promotion of health and prevention of illness and disability.

Bureau of Laboratories

The Bureau of Laboratories has broad responsibilities to make a wide variety of laboratory tests to assist physicians and health officials in the diagnosis, prevention, and control of human diseases; to make examinations in connection with the enforcement of pure food and drug laws; and to establish minimum standards and qualifications for those making laboratory tests in connection with diagnosis and control of human diseases. It has further responsibility under Article 101 to make necessary laboratory tests in connection with the occupational health programs of the Department.

The Bureau has branch laboratories at Annapolis, Cambridge, Cheverly, Cumberland, Easton, Elkton, Frederick, Rockville and Salisbury.

Bureau of Tuberculosis

The Bureau of Tuberculosis administers the four tuberculosis hospitals and the State's program for the early detection, diagnosis, treatment, and rehabilitation of persons with tuberculosis. This program attempts to prevent the spread of tuberculosis from active

cases to individuals free of the disease; to diagnose cases in the early stages of the disease; and to direct the clinical management of known cases before their hospital admission and after their hospital discharge.

Bureau of Environmental Hygiene

The Bureau of Environmental Hygiene acts in a consultatory and supervisory capacity in matters relating to public water supplies, sewage treatment plants, swimming pools, refuse disposal and land fill operations, food, milk, and beverage producers. The Bureau is also concerned with control of radiological problems, assistance to communities in housing hygiene, and control over pollution of the atmosphere.

Bureau of Medical Services and Hospitals

The Bureau of Medical Services and Hospitals is concerned primarily with the provision of medical services to those citizens of the State who, through lack of financial resources, might otherwise be deprived of needed medical care. Through a variety of programs, these services are provided in the patient's home, physician's and dentist's offices, hospital outpatient departments, general hospitals, or in State chronic disease hospitals.

The Bureau is also concerned with the improvement and expansion of medical facilities including voluntary hospitals, health centers, and nursing homes. This is effected, in part, through a Survey and Construction Program which includes preparation of an annual plea for construction of such facilities under the Federal Hospital Survey and Construction Act, Public Law 725—79th Congress and Amendments. The Bureau also licenses public and private hospitals and nursing, convalescent homes, and care which meet Health Department standards.

The Bureau administers the State's three chronic disease hospitals which furnish medical services to chronically ill patients who are in need of rehabilitation or who are suffering from other conditions which require long-term hospital care.

Telephone: 837-9000

The General Assembly created the State Department of Public Welfare by Chapter 99, Acts of 1939 to supersede the Board of State Aid and Charities established by Chapter 679, Acts of 1900. The Department is the central, coordinating, and directing agency of all welfare activities in the State, including aid to dependent children, old age assistance, public assistance to the needy blind, aid to the permanently and totally disabled, child welfare services, and any other welfare activities financed in whole or in part by the State or Federal government. The Governor designates the Chairman of the Board and appoints its nine members for six-year terms so arranged that three terms expire on June 1st of every second year (Code 1957, Art. 88A, secs. 2, 3).

In each county there is a County Welfare Board, constituting an administrative department of the local government, which administers under the supervision and control of the State Department the welfare activities within each county, including the care of neglected, dependent, and delinquent children. Each County Board consists of six person appointed for six-year terms by the Board of County Commissioners and one County Commissioner chosen yearly by the Board of County Commissioners (Code 1957, Art. 88A, secs. 13, 14).

The Department investigates the public and private institutions, organizations, and agencies of a charitable nature in the State of Maryland, including those which receive part of their income from the State, but excepting those placed by law under the supervision of another State agency. Each year before the General Assembly convenes, the Director reports to the Governor on activities of the Department and the conditions of all charitable institutions, organizations, and agencies (excepting hospitals) that receive financial aid from the State, and recommends appropriations (Code 1957, Art. 88A, sec. 3). All monies appropriated to institutions, organizations, and agencies, excepting hospitals, are paid on a per capita basis at the rates and subject to regulations established by the State Board of Public Welfare (Code 1957, Art. 88A, sec. 10).

The Department administers the child care laws that regulate child placement in Maryland. It licenses agencies and institutions having the care and custody of minors (Code 1957, Art. 88A, secs. 19, 32).

The Department controls and supervises the four State training schools. In developing the program within each training school, including provision for after-care supervision, the Department establishes regulations, standards of care, policies of admission, transfer, and discharge, and may order changes in policies or management. Subject to these limitations, each of the schools is under the general management of its Board of Managers. The Governor appoints the nine members of each Board for terms of six years, so staggered that the terms of at least three members expire every two years (Code 1957, Art. 88A, secs. 33-38).

The Department also administers and supervises the three Forestry Camps for delinquent boys. These Camps have a single advisory board made up of eight members appointed by the Governor from the geographical area in which the camps are located. A field supervisor of the State Department of Public Welfare and a district forester are ex officio members. The Department is authorized by law to transfer to these camps boys from either Boys' Village or the Maryland Training School for Boys who, in its judgment, may benefit from such care (Code 1957, Art. 88A, sec. 39).

In addition the Department administers the Maryland Children's Center, which opened in 1960, as a facility for short-term detention and study of children judged delinquent by the Courts. An Advisory Board, composed of nine members appointed by the Governor for six-year staggered terms, assists the Department of Public Welfare in presenting the objectives of the Center to the public and generally advises the Department and the superintendent of the Center (Code 1957, 1960 Cumulative Supp., Art. 88A, sec. 39A).

The State Department of Public Welfare operates three forestry camps for boys in cooperation with the State Department of Forests and Parks. These camps were created by Chapter 370, Acts of 1955. The three camps were combined into a single administrative unit with one budget and one central business management unit. These camps serve older boys received on transfer from the Maryland Training School for Boys, Boys' Village of Maryland and the Maryland Children's Center (Code 1957, Art. 88A, secs. 39 and 39A). Boys selected for transfer must be at least 15½ years of age, must be in good physical health, and must be interested in an active outdoor work and living experience. The camps were created in the conviction that older boys could be guided back to good citizenship under care in these camps; and that at the same time, the boys would be assisting in the conservation of the State's natural resources and contributing to the cost of their maintenance. During the fiscal year 1960, the camps served a total of 321 boys.

The Governor's Committee to Promote Employment of the Handicapped was established by the Governor in 1947 in response to a request by the President of the United States. The Governor appoints the chairman and committee members, and all serve without compensation. Committee funds are used for promotional materials, stationery and printing, postage, editorial services, contest prizes, expansion of local programs, and conferences.

The Governor's Committee functions primarily as an educational and public relations instrument to create a public awareness of the problems faced by handicapped individuals in finding employment; to cooperate with all groups, public and private, in promoting services for the handicapped; and to initiate and promote programs to stimulate hiring the handicapped.

To reach all sections of the State, twenty-four local committees have been organized, one in each county and one in Baltimore. The Governor's Committee acts as liaison between the President's Committee and local committees. To coordinate the program and to keep committees informed on State and national activities, a monthly newsletter goes out to each member in the State. Each year the committee sponsors essay and poster contests among high school juniors and seniors as a means of arousing public awareness of the issues inherent in the rehabilitation program for Maryland's disabled citizens.

Correctional Agencies

DEPARTMENT OF CORRECTION

Board of Correction

Chairman: G. C. A. Anderson, 1963

Ex officio member: Paul C. Wolman, Chairman, Board of Parole and Probation

Appointed members: Margaret M. Dudley, 1962; Angelo Schiadaressi, 1962; Ray S. Gould, 1963; John T. King, M.D., 1963; Joseph H. Rash, 1963; William H. Reisner, Jr., 1963.

James W. Curran, Superintendent of Prisons
Alice J. Ford, Secretary, Board of Correction

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

Prior to 1916, the Maryland Penitentiary and the Maryland House of Correction were autonomous institutions operating under the jurisdiction of a separate Board of Directors and a Board of Managers appointed by the Governor. By Chapter 556, Acts of 1916, these institutions were administered by the State Board of Prison Control. By Chapter 29, Acts of 1922, the Board of Welfare superseded the Board of Prison Control and administered the prisons. By Chapter 69, Acts of 1939, the Department of Correction and the Board of Correction assumed all rights, powers, and duties which had formerly been vested in the Board of Welfare.

By Chapter 758, Acts of 1953, the Superintendent of Prisons became the administrator of the Department. He is appointed by the Board of Correction with the approval of the Governor and the consent of the Senate. The Board of Correction consists of a Chairman and six associate members, at least one of whom must be a woman, and the Chairman of the Board of Parole and Probation as an ex officio member. The members are appointed for four-year terms. They establish departmental policies and appoint the executive personnel of the Department's institutions on the recommendations made by the Superintendent of Prisons (Code 1957, Art. 27, secs. 667, 669-71, 675, 677; Art. 31B, secs. 3, 4).

The Department of Correction staff plan, establish, and direct programs of administration for the various institutions. These, in turn, carry on a program of classification, education and vocational training, employment, and the other segments of rehabilitative treatment.

The institutions have well-developed programs of employment. Inmates and prisoners are assigned to a wide variety of institutional maintenance tasks, to farming and dairying activities, and to work in the Department of Correction's highly diversified State Use Industries Program which presents opportunities for the development and reactivation of useful and economically profitable occupational skills.

The programs also provide necessary goods and services to public agencies eligible to purchase them. Each institution operates a laundry which serves both the institution and other State agencies and institutions. Prisoners' earnings are credited to their respective institutional accounts. They may make certain expenditures during their incarceration, and the balance is payable to them upon release.

The Division of Classification and Education supervises the collection and recording of all information necessary to permit the proper classification of prisoners at each institution according to their abilities and to aid in their rehabilitation. Professional staffs render medical, psychiatric and psychological services in the institutions. Educational activities include academic instruction on both the elementary and secondary school levels, varied opportunities for advanced and specialized study, and programs of vocational and on-the-job training. The institutions also have complete programs of religious activities conducted by Chaplains employed on a full-time basis. Recreational programs are conducted at all institutions.

The Department of Correction annually inspects the county jails and the Baltimore City Jail and makes recommendations for their improvement (Code 1957, Art. 27, sec. 710).

The Maryland State Reformatory for Males is a medium security institution which was activated by Chapter 519, Acts of 1945, replacing the Maryland State Penal Farm established by Chapter 366, Acts of 1931 at the same location. The Courts commit males from 16 through 25 years of age to the Reformatory to serve indeterminate sentences which have maximum limits. The Patuxent Institution, authorized by Chapter 476, Acts of 1951, opened on January 3, 1955 under the administrative control of the Department of Correction. By Chapter 629, Acts of 1961, the Institution became an independent agency under the control of a newly-created governing Board. This Board consists of a Chairman and four associate members, all of whom are appointed by the Governor with the advice and consent of the Senate for four-year terms. Two of the members of this Board must be chosen from the membership of the Advisory Board of Patuxent Institution, and of these, one must be a psychiatrist. The Board determines Institution policy and confers at frequent intervals with the staff of the Institution.

The Director is the chief administrative officer of the Institution. He must be a trained psychiatrist with at least five years experience in the practice or teaching of psychiatry. Of the three Associate Directors, two of them must also be trained psychiatrists with at least three years' experience in the practice or teaching of psychiatry.

The Patuxent Institution takes custody of intellectual or emotional defective delinquents committed by the courts. The Institution evaluates patients sent by the court to determine whether or not it will recommend that the patient be declared a defective delinquent, and the matter is then referred to the court for disposition. A commitment by the court as a defective delinquent carries a completely indeterminate sentence. The Institution offers educational, industrial and vocational programs. Extensive use is made of group psychotherapy in the treatment of patients.

The Charter of Maryland empowered Lord Baltimore to raise troops to put down insurrection or rebellion and to subdue the enemies of the province. Since that time the organization, maintenance, and administration of the State militia has been an integral part of the State's functions. The present military establishment of Maryland conforms to Title 32, U. S. Code and regulations issued pursuant thereto, and to the Militia Law of Maryland (Code 1957, Art. 65).

The Adjutant General is appointed by the Governor with the consent of the Senate and serves until his successor is appointed and qualified or until he is removed from office as a result of sentence imposed by court martial (Const. 1867, IX, 2). The Ranking Line Officer (at the present time also the Adjutant General) is head of the Military Department and exercises all his powers and duties under the Militia Law of Maryland.

The Military Department prepares all State forms and records required for use by the militia, and the reports and returns required by the Federal Government. It maintains a register of all commissioned officers, and service records of all officers and enlisted men of the Maryland National Guard.

The Ranking Line Officer is the custodian of all State and Federal property used by the organized militia and apportsions and provides for the proper application of funds for the military establishment. He also maintains all State-owned armories located in Maryland and all other properties which may be occupied, purchased, or leased by the Military Department. The Ranking Line Officer makes all regulations for the use of such facilities, and applications for their use should be made to him.

In time of war or other national emergency when the National Guard is absent from the State, the Governor, as Commander-in-Chief of the militia, has the power to organize the Maryland State Guard. Such forces are separate and distinct from the National Guard and are composed of officers, commissioned or assigned, and all able-bodied male citizens of the State who volunteer and are accepted for service. Members of the State Guard are uniformed as prescribed by the Governor, who also has the power to reduce or disband such forces when deemed necessary.

The Maryland Civil Defense Agency was established by Chapter 563, Acts of 1949. The Director is appointed by the Governor. The Agency prepares for, and in the event of enemy attack or natural disasters beyond local control, coordinates emergency functions to minimize and repair injury and damage resulting from such disasters. The Agency cooperates with the Federal Government and the governments of other States. It represents the State and assists the political subdivisions of Maryland in the procurement of supplies and equipment for civil defense purposes under the Federal matching funds and surplus property programs; it also manages the program for Federal contributions to the administrative and personnel expenses of the State and Local governments for civil defense. The Director is responsible to the Governor for the coordination of the State's disaster relief operations in the event of the declaration of a "major disaster" within Maryland under the provisions of Federal law (Code 1957, Art. 41, secs. 232-43; Art. 75C, sec. 7).

The Civil Defense Advisory Council is appointed by the Governor, and its members serve without compensation. The Council advises the Governor and the Director in civil defense matters.

The Department of State Police, established by Chapter 303, Acts of 1935, is directed by the Superintendent, who is appointed by the Governor for a four-year term. The Maryland State Police enforce the criminal and motor vehicle laws of the State. They have jurisdiction in all parts of the State, except within the limits of any incorporated municipality which maintains a police force; and they have jurisdiction within such limits (1) when in pursuit of an offender or suspected offender, (2) in search of an offender or suspect wanted for a crime committed in another jurisdiction, (3) when seeking to interview a witness to a crime, (4) when requested by the chief executive officer or the chief police officer of the municipality, or when ordered by the Governor, or (5) when enforcing the motor vehicle laws of the State (Code 1957, Art. 88B, secs. 3, 4, 20, 23). The Department also licenses all private detectives within the State (Code 1957, Art. 56, sec. 76).

The Department operates an Identification and Investigation Division. The Division maintains fingerprint and photograph files and cooperates with the Federal Bureau of Investigation and the police forces of other jurisdictions in the exchange of information that might help identify offenders or suspects. The General Assembly in 1953 established the Central Accident Records Bureau. This Bureau receives reports of accidents from the various local police departments throughout the State, tabulates and analyzes such reports, and prepares a monthly summary and analysis of all accidents, which is published in cooperation with the Maryland Traffic Safety Commission. A Traffic Staff within the Department promotes traffic safety and traffic safety education. The members of the staff speak before civic groups and organizations and plan to build a library of motion pictures and related visual aids (Code 1957, Art. 88B, secs. 42-47).

The Communication Bureau, established in 1935, provides radio and teletype communication service with the various police barracks throughout the State. It is a unit in a teletype network covering seventeen states and the District of Columbia (Code 1957, Art. 88B, secs. 38-41). The Bureau also provides radio communication service to the patrol boats of the Department of Tidewater Fisheries. It transmits the latest weather forecasts to the District headquarters of the State Roads Commission and to the local barracks for dispatch to County Agricultural Agents. The Department maintains ten ambulances throughout the State for service to rural areas and for emergency service where there are accidents. It operates a Training School for Maryland State Police recruits and other law enforcement officers of Maryland (Code 1957, sec. 11). The Department carries on its work through its local barracks located throughout the State as follows:

The Department of Post-Mortem Examiners created by Chapter 369, Acts of 1939 to replace a decentralized system of local coroners, is directed by a commission composed of a representative of the State Department of Health, the Commissioner of Health of Baltimore City, the Superintendent of Maryland State Police, and the Professors of Pathology at The Johns Hopkins University and the University of Maryland. The Department replaced the coroners of Baltimore City by a Chief and two Assistant Medical Examiners, and the county coroners by Deputy Medical Examiners. In 1957 the General Assembly authorized three Assistant Medical Examiners. The Commission appoints all personnel. The medical examiners, in the

Department or in the counties, investigate violent and suspicious deaths or deaths unattended by a physician. They must file a report of all deaths investigated with the Office of the Chief Medical Examiner. The records of the Department are open for inspection to the family of the deceased and are acceptable in Court as evidence of the facts contained. The county pays the Deputy Medical Examiners for each death investigated. The State Comptroller pays the salaries of the Chief Medical Examiner, the Assistant Medical Examiners, and the Toxicologists, and the expenses of performing autopsies in the counties and the transportation of bodies incident thereto. All other expenses of the Department are paid by the City of Baltimore (Code 1957, Art. 22).

The State first took action to improve Maryland roads in 1898, when the General Assembly ordered the Maryland Geological Survey Commission to make a survey of State roads and write a report. In 1904 the first law authorizing State aid for road building put this program under the supervision of the Highway Division of the Survey Commission, which performed this function until the creation of the State Roads Commission by Chapter 141, Acts of 1908. The State Roads Commission now consists of seven members appointed by the Governor for terms of four years. The Chairman of the Commission, also known as the Director of Highways, is appointed from the State at large. One member is appointed from Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, or Worcester County; one from Anne Arundel, Calvert, Charles, or St. Mary's County; one from Allegany, Carroll, Frederick, Garrett, or Washington County; one from Montgomery or Prince George's County; one from Baltimore, Harford, or Howard County; and one from the City of Baltimore. At least two of the members must belong to whichever of the two leading political parties in the State is not the party of the Governor. The Chairman holds office at the pleasure of the Governor.

The Director of Highways has exclusive jurisdiction over the location, construction, geometrics, design, and maintenance of the highways that embrace the Interstate and the Primary systems of high-

ways. He has authority to confer with and conclude agreements with the Bureau of Public Roads and other agencies of the United States government, representatives of other States, and other agencies within this State on all questions relating to all highways on the Interstate and Primary systems. The Director also has jurisdiction over the engineering and right-of-way departments of the Commission and the Commission's entire administrative organization. From time to time he calls upon the other members of the Commission individually or jointly for advice.

The Commission, meeting jointly, formulates policy relating to location, type, design, construction, and maintenance of the Secondary system of highways. The Commission member from the area where the secondary road under consideration is located must inform the other members of the Commission of local conditions affecting these decisions. Once the policy for each road has been set, the Director of Highways undertakes its construction and maintenance.

The Commission recommends any over-all highway improvement program to the Governor and Legislature; and meeting jointly, it also recommends plans for highway financing. The Commission determines the extent to which consulting engineers are employed on the entire State Highway System, but the Director of Highways has sole power to select such engineers. The Commission also determines the general working conditions and salary recommendations for its employees. The Director of Highways carries out all policies determined by the Commission and performs all its actions, including the execution of contracts, agreements, and other documents.

The State Highway system is divided into primary and secondary highways. The official State highway map published by the State Roads Commission constitutes the basis for distinguishing the two. Highways of the Primary system are generally designated in red; the Secondary system, in black. However, the Director has the final authority to determine which highways are considered primary, and which secondary, after obtaining the advice and counsel of the Commission. The Director, in making this determination, considers present and future traffic volumes, as well as the geographic and economic importance of these highways. After conferring with the Commission, he may change from time to time the designation of a highway from Primary to Secondary, or vice versa, and determine the system into which new highways are placed.

The State Roads Commission also maintains, constructs, or reconstructs the road systems of six of the twenty-three counties of the State.

The Attorney General of the State is the legal advisor to the Commission. A separate legal division within the State Roads Commission is under the supervision of a Special Assistant Attorney General. The Comptroller of the Commission is in charge of its finances and accounting. The Accounting Division keeps the financial and statistical reports. The Commission has seven District Offices throughout the State, each under the direct supervision of a District Engineer.

Major operating divisions of the Commission are:

- Administration
- Planning and Programming
- Engineering
- Right-of-Way

The Administration Division is responsible for the overall administrative functions of the Commission. Accordingly, it is charged with the development and application of management plans and administrative procedures in order that each organization component be a logical, clearly defined, integrated unit within the entire agency and to insure effective use of manpower by these units. The Planning and

Programming Division has the responsibility for advising the Commission and Director of Highways and furnishing functional guidance to the staff divisions on highway plans and programs, the economic and financial factors pertaining thereto, highway classifications and legislation and related matters. The Engineering Division is responsible for supervision of all survey, engineering design, construction and maintenance activities of the Commission. The Right-of-Way Division acquires the rights of way necessary for new highways and bridges, as well as for modernization of existing highways and bridges.

Financing the State Roads System

The Legislature of 1953, after consideration of a twelve-year program for road construction and reconstruction, authorized the Commission to issue additional State Highway Construction Bonds to the amount of \$330,000,000 par value (subject to certain limitations including provision that the maximum principal amount of all State Highway Construction Bonds outstanding at any time shall not exceed \$300,000,000) to finance, in part, the reconstruction of both primary and secondary roads of the State Highway System and to develop and construct new roads made mandatory by traffic demands. As of June 30, 1961, State Highway Construction Bonds, Second Issue, of a total par value of \$192,500,000 had been issued against the \$330,000,000 authorization, of which \$182,100,000 were outstanding. In addition \$37,673,000 of bonds were outstanding of the \$100,000,000 issue authorized by the 1947 Legislature.

The Commission's fifty percent share of the Gasoline Tax Fund and the Excise Tax on Issuance of Certificates of Title to Motor Vehicles are pledged for debt service of State Highway Construction Bonds; the remainder of such revenues, together with Federal appropriations, contributions from the counties, and proceeds from the sale of State Highway Construction Bonds, is available for the construction of highways and bridges. Under certain conditions a sum not in excess of \$6,000,000, authorized by the 1961 Legislature, may be transferred in any fiscal year from the Construction Fund to the Maintenance Fund, such funds to be used for the maintenance and operation of the State Highway System.

The State Roads Commission also receives a fifty percent share of the Motor Vehicle Revenue Fund for maintaining and operating the State Highway System, and for other maintenance.

Appropriations available to the Commission for the construction and reconstruction of roads will be supplemented, as required, by proceeds from the sale of State Highway Construction Bonds to be issued under the 1953 authorization. The several counties may participate in the issue of County Highway Construction Bonds as authorized by the 1953 Acts (Code 1957, Art. 89B).

The State Roads Commission, through its Toll Facilities Division, operates and maintains the three major toll bridges indicated above and the Harbor Tunnel Thruway (Patapsco Tunnel, under Baltimore's harbor) which was opened to traffic on November 30, 1957. Currently, the four projects handle approximately \$28,000,000 toll transactions annually and produce revenue of more than \$15,000,000 which is utilized for debt service after deduction of maintenance and operating costs.

The administrative offices and the accounting and maintenance bureaus of this Department are centralized in the Administration Building adjacent to the Fairfield Portal of the Tunnel.

The Chesapeake Bay Toll Bridge is one of the largest over-water structures in the world. It is composed of 123 spans extending across 4.35 miles of the Chesapeake Bay between Sandy Point on the Western shore to a point near Stevensville on the Eastern shore of Maryland. The combined length of the project, including roadway approaches, is 7.11 miles. The traffic lanes between the suspension towers are 2,922½ feet in length and 198½ feet above water level; the suspension towers rise an additional 155½ feet above the Bay to a total height of 354 feet. This bridge was opened to traffic on July 30, 1952. It is located on two of the principal motor arteries, U. S. 301 and U. S. 50.

The Susquehanna River Toll Bridge spans the Susquehanna River from a point near Perryville in Cecil County to a point near Havre de Grace in Harford County. It is 7,613 feet long and was opened to traffic on August 28, 1940. It is on another main highway, U. S. 40.

The Potomac River Toll Bridge, from a point near Newburg in Charles County Maryland, to a point near Dahlgren, Virginia, over the Potomac River, is 11,446 feet in length and was opened to traffic on December 15, 1940. It is on U. S. 301.

The Harbor Tunnel Thruway, opened to traffic on November 30, 1957, provides a North-South by-pass of the City of Baltimore as well as rapid motor transit from one area of the City to another. In addition to the twin tunnels under the Patapsco River, which are 1.7 miles in length, it has approximately 18 miles of access roads and approaches usable only by Tunnel patrons. These access roads, in addition to connecting with principal traffic arteries in the City, provide a link between such through routes as U. S. 40 North and U. S. 40 West, the Washington Expressway, and immediate connections to U. S. 1 North and South, and to U. S. 301 South.

The Bureau of Control Surveys and Maps, established by Chapter 628, Acts of 1939 but inactive during World War II, was reactivated by the State Roads Commission in 1951 (Chapter 284, Acts of 1951). This Bureau is directed by an advisory board consisting of the Chief Engineer of the State Roads Commission, the Director of the Maryland State Planning Department, the Director of the Department of Public Improvements, the Director of the Department of Geology, Mines and Water Resources, and the Dean of the College of Engineering of the University of Maryland. It coordinates the activities of the various agencies engaged in mapping and surveying in the State; promotes the use of the Maryland Plane Coordinate System for engineering projects; through field observations, extends the control network for use in highway surveys; and maintains a complete file of control, both horizontal and vertical, available throughout the State (Code 1957, Art. 91, secs. 30-35). The funds for the operation of the Bureau are provided in the budget of the State Roads Commission.

DEPARTMENT OF MOTOR VEHICLES

John R. Jewell, Commissioner
 Michael A. Noppinger, Deputy Commissioner
 Owen R. E. McGeeney, Comptroller

Guilford Avenue, at 21st Street, Baltimore 18 Telephone: 235-3900

The Office of the Commissioner of Motor Vehicles was established by Chapter 207, Acts of 1910. The Commissioner, who is a career employee, serves as the Director of the Department.

The Department issues all drivers' licenses in the State, and applicants are required to pass an eye test, written examination of the Motor Vehicle Laws of Maryland, and a driving test. These examinations are conducted in Baltimore City and in twenty-three other cities and towns throughout the State. All operators' licenses must be renewed every two years according to the holder's birthmonth, in the "odd" year, if born in an "odd" year, or in the "even" year, if born in an "even" year. The Department titles and registers motor vehicles. It must issue a title before license plates. The Department collects an excise tax of two per cent of the fair value of the vehicle for each title issued. All commercial vehicles operating for hire within the State must file with the Department a certificate of Financial Responsibility Insurance in the amounts of \$10,000, \$20,000, and \$5,000 and obtain a gratis permit to be carried with the vehicle at all times. All persons involved in accidents resulting in personal injuries or any property damage in excess of \$75.00 must file a report with the Department and comply with the provisions of the Financial Responsibility Law. All persons who fail to pay judgments in excess of \$25.00 are subject to the Financial Responsibility Law.

The Department maintains a record of each individual driver who has been convicted of violating the motor vehicle laws. It conducts hearings to determine whether or not the driver's license should be suspended or revoked as a result of a motor vehicle conviction; if he is proved physically or mentally unfit to drive, his case comes before the Department's Medical Advisory Board for final decision. He may appeal to the Courts from the decision of the Commissioner, except in those cases where the revocation is mandatory. On January 1, 1961, the Point System went into effect.

All fees collected for the registration and titling of motor vehicles and all fines collected are deposited by the Department to the credit of the Motor Vehicles Revenue Fund (Code 1957, Art. 66½, secs. 4-6, 10, 22-29, 90, 116-35, 341; 1961 Supp., Art. 66½, secs. 8, 86A, 114A, 118-123). In 1960 these fees amounted to \$40,740,413.41.

The Unsatisfied Claim and Judgment Fund Board, established by Chapter 836, Acts of 1957, consists of the Commissioner of Motor Vehicles and the Insurance Commissioner, ex officio; and four representatives of insurers appointed annually in July by the Insurance Commissioner for one-year terms.

The Board administers the Unsatisfied Claim and Judgment Fund, which was created from the following sources: (1) an \$8.00 fee paid on April 1 or May 1, 1958, for each uninsured motor vehicle by the person registering the vehicle; (2) a \$1.00 registration fee paid on April 1 or May 1, 1958, for each insured motor vehicle by the person registering the vehicle; (3) 0.5% of the net direct written premiums of each insurer for the year 1958.

Beginning on December 30, 1959, the Commissioner of Motor Vehicles is to estimate annually the amount necessary to enable the Fund to pay claims against it for the following year. If there is a deficiency, he is to make it up as follows: (1) the insurers are to pay a sum not greater than 0.5% of the aggregate net direct written premiums of all insurers during the preceding calendar year, or 10% of the estimated deficiency, whichever is smaller; (2) persons registering uninsured motor vehicles are to pay a fee arrived at by dividing the remaining deficiency by the number of uninsured motor vehicles registered during the preceding registration year. The deficiency assessment for the registration year of 1961 resulted in a \$26.00 fee assessed against uninsured motorists.

Qualified persons who have suffered property damage or personal injury in motor vehicle accidents involving uninsured motorists and who have recovered judgments of more than \$100, but who have been unable to collect the sums due, may apply to the Court for an order directing payment from the Fund. The maximum amounts payable from the Fund are (1) \$10,000 for injury or death of one person in any one accident; (2) \$20,000 for injury or death of more than one person in any one accident; and (3) \$5,000 for damage to property in any one accident less \$100 deductible per claim. Persons who have failed to pay judgments may not hold a driver's license or register a car in Maryland until they have reimbursed the Fund with interest (Code 1957, Art. 66½, sec. 174).

The Maryland Traffic Safety Commission, organized by Chapter 274, Acts of 1941, consists of eighteen members appointed by the Governor for six-year terms, one-third of these terms expiring every two years.

The Commission seeks to promote traffic safety on the streets and highways of Maryland; to coordinate the activities of public and private agencies interested in, or affected by, the problems of traffic safety; and to assist such agencies to augment their programs by study, education, and information. The Commission has enlisted the aid of business associations, civic groups, and newspapers in the promotion of traffic safety. In cooperation with the Department of State Police, the Commission releases monthly reports of traffic accidents and fatalities in the State (Code 1957, Art. 41, secs. 229-30).

Vaughn, Director, Department of Game and Inland Fish.

Appointed members: Ronald Bamford, Ph.D., 1962; Lester N. Towner, 1962; Myron L. Bloom, 1963; David Hume, 1963; Donald W. Pritchard, Ph.D., 1964; George W. Todd, 1964; Richard H. Collins, 1965; Edward R. Grimes, 1965.

The General Assembly in 1941 (Code 1957, Art. 66C, secs. 6-21) consolidated nine independent conservation agencies into five equal departments, namely, the Department of Tidewater Fisheries, the Department of Game and Inland Fish, the Department of Forests and Parks, the Department of Geology, Mines and Water Resources, and the Department of Research and Education. The same Act created the Board of Natural Resources to coordinate and integrate the activities of these five departments (Code 1957, Art. 66C, secs. 1-5). In 1959, the Water Pollution Control Commission became the sixth agency associated with the Board of Natural Resources (Acts 1959, chap. 695).

The Board is composed of eight appointed and six ex officio members. The appointed members hold office for four-year terms and are designated by the Governor as follows: two from the tidewater counties of the Western Shore, two from the tidewater counties of the Eastern Shore, and four from the State at-large. The ex officio members are the directors of the six agencies associated with the Board. The Director of the Department of Tidewater Fisheries is designated by law as the Chairman of the Board.

The Board was created to formulate general policies on conservation (Code 1957, Art. 66C, sec. 3). It publishes an annual report covering

the activities of the six agencies represented on the Board; maintains the boundaries of the State (Code 1957, Art. 66C, secs. 31-32); administers certain mineral resources under the Chesapeake Bay (Code 1957, Art. 66C, secs. 22-30); administers artificial islands in Sinepuxent Bay (Code 1957, Art. 66C, sec. 33); and approves or disapproves of certain fishery regulations (Code 1957, Art. 66C, secs. 294, 329).

The Department of Tidewater Fisheries, created by Chapter 508, Acts of 1941, is the State agency responsible for the conservation and development of the natural resources of tidewater Maryland. The Department is managed by a Commission composed of five members appointed by the Governor for five-year terms, with overlapping tenure of office. The Commission elects its own Chairman.

The Commission formulates basic policy for the Department, subject to the laws governing various aspects of the tidewater resources. It is undertaking, on a large scale, a "farming" operation designed to increase the supply of oysters. It is also charged with the responsibility for other operations in the seafood industry, such as clamming, fishing, crabbing, etc.

All of the fishery industries are subject to certain legal regulatory restrictions. The Department is charged by law with the responsibility for enforcement of all such regulations.

The Commission has discovered a large supply of shells beneath the bottom of the Chesapeake Bay and is now engaged in a dredging operation to obtain these shells for planting purposes. About 3,340,000 bushels of these dredged shells were planted in 1960, and it is expected that about 5,000,000 bushels will be dredged in 1961, which, with shells obtained from packers, will make a total planting of more than 6,000,000 bushels.

The present Tidewater Fisheries Commission and the laws under which it operates are the outcome of efforts begun in 1785 when the people of Maryland and Virginia made a compact for the use of the Chesapeake Bay and the Potomac River. However, it was not until 1830, with the passage of the first fishery laws, that Maryland became conscious of the possibility of depleting its water resources. In 1865, the General Assembly passed an oyster license law, and in 1868 it created the State Oyster Police. The oyster police force was simply an enforcement agency; it did not undertake any constructive program. In 1874, the Legislature created a new agency, the Commissioners of Fisheries. This Commission undertook the first positive efforts to develop the fisheries.

In the early twentieth century, oyster production declined to such an extent that in 1906 the Haman Act provided for a complete survey

of the bottoms of the bay and its tributaries. This survey, completed in 1912, is the basis of present-day Acts.

The Legislatures of 1960 and 1961 passed bills extending the authority of the Commission in several directions. By Chapter 69, Acts of 1960, the Commission became the administrative agency for the Boat Act, which governs the numbering of boats and safety regulations on the tidal waters of the State. By Chapter 825, Acts of 1961, the Commission was empowered to grow large quantities of seed oysters, and to provide for a resurvey of the bottoms of the tidewaters of the State. This resurvey is now underway.

The Department of Tidewater Fisheries has a close relation with the Board of Natural Resources, which is composed of the heads of the various departments relating to the resources of the State and eight members appointed by the Governor. The present law provides that the Director of the Department of Tidewater Fisheries shall be Chairman of this Board (Code 1957, Art. 66C).

The Department of Game and Inland Fish, established by Chapter 354, Acts of 1939, superseded the Conservation Department. The Department is associated with the Board of Natural Resources and is directed by a non-salaried five-man Commission, appointed by the Governor from the several geographical regions of the State for five-year terms, one term expiring each year. The Commission elects a Chairman and a Vice Chairman from its membership and appoints the Director of the Department. The Department enforces the game and fresh water fish laws and such additional regulations as it enacts for the conservation of the resources in its charge. Such rules may restrict the terms of the game and fresh water fish laws (Code 1957, Art. 66C, secs. 14, 111-233).

The Department being a Special Fund Agency, receives its total operational funds from the sales of hunting and angling licenses, fines, sale of products from Department-owned lands, and nominal assistance from the United States Government, under the provisions of the Federal Aid in Fish and Wildlife Restoration Acts.

As of June 1961, the Department-owned game management areas, refuges, and community fishing lakes totaled 40,783.8 acres. Among these are Gwynnbrook State Game Farm, in Baltimore County, and Montgomery State Game Farm in Montgomery County. At Belle Grove State Game Farm in Allegany County 1,500 wild turkeys are propagated annually and released on suitable range in Western Maryland and Worcester County. In addition, the Department leased many other areas which are managed under the Maryland Cooperative Farm Game Program.

In all sections of Maryland, the Department has especially emphasized habitat improvement on private and public lands for the purpose of increasing wildlife populations. In cooperation with the Department of Forests and Parks, it manages wildlife populations on more than 100,000 acres of State Forests.

The Commission owns and operates a fresh water fish hatchery for trout at Beaver Creek in Washington County. It also owns and operates trout rearing stations at Bear Creek, Garrett County, and Lewistown in Frederick County. A warm water fish rearing station is located and operated near Elkton, in Cecil County. Approximately 100 major surface water areas, containing more than five acres each, have been stocked with warm and cold water species and over 100 streams received quotas of commercially purchased or State-hatchery reared fish annually.

The Department rears over 100,000 (30,000 lbs.) adult trout, (brook, brown, and rainbow) each year and 75,000 fingerlings. It also rears approximately 25,000 fingerling smallmouth bass with fingerling large-mouth bass and bluegills for over 500 farm ponds annually. To supplement this fish rearing and stocking program, the Department each year purchased over 50,000 largemouth bass, crappie and walleyes and bluegills for release into our warm waters as brood fish and for public fishing.

The Commission of Forests and Parks consists of five members appointed by the Governor. One is recommended by the Maryland Farm Bureau and one by the Maryland State Grange; one must have had practical experience in the lumbering business; and two must have an interest in the advancement of State parks and recreation. The members serve for five-year terms with overlapping tenure of office. They select their chairman and appoint the Director of the Department of Forests and Parks (Code 1957, Art. 66C, secs. 343-44).

A forestry department was first organized by Chapter 294, Acts of 1906 under the State Board of Forestry, but was succeeded in 1941 by the present Department, which is associated with the Board of Natural Resources. The Department of Forests and Parks administers the tree marketing program under which woodland owners who plan to dispose of their timber may secure a free marking service to yield maximum return in saw timber and other forest products while making due provision for a sustained yield of successive timber crops. The Department licenses all persons engaged in cutting and selling timber. To supplement the timber-cropping program and provide adequate planting stock for reforestation, the State maintains a nursery with a potential capacity of ten million trees. The Department also administers the Forest Conservancy Districts Act designed to ensure the practice of forestry on privately owned woodlands throughout the State (Code 1957, Art. 66C, secs. 343-410). The district foresters of the Department serve as executive officers and secretaries of local forestry boards set up under the Act. The Department provides fire protection for 2,700,000 acres of public and private woodland. To this end it maintains a specially trained fire-control force supplemented by 600-700 forest wardens commissioned by the Governor. The Department also protects approximately 3,000,000 trees along the State highways. It employs a force of wardens to supervise tree-trimming operations by the public utility companies along their pole-line right of ways. It also examines and licenses tree experts operating within the State.

The Department administers ten State Forests with a total area of 119,184 acres. These forests serve as demonstration areas in forestry management. The Department has developed recreational areas in several of them, notably, Herrington Manor on the Swallow Falls and New Germany on the Savage River. Parallel to this responsibility is the administration of the seventeen State Parks of scenic or historic interest totaling 18,619.5 acres. The State Forests and Parks and their areas are as follows:

DEPARTMENT OF GEOLOGY, MINES AND WATER
RESOURCES

The Department of Geology, Mines, and Water Resources was established by Chapter 508, Acts of 1941 to supersede the State Geological and Economic Survey Advisory Commission, the Water Front Commission, and the Water Resources Commission. The Department is directed by a five-man Commission appointed by the Governor for five-year terms, one term expiring each year. The Commission selects its own chairman and appoints the Director of the Department. The Director supervises activities that deal with geology and water; the Bureau of Mines supervises the mining industry.

The Department supervises topographic, geologic, hydrographic, and magnetic surveys. It prepares topographic, geologic, and such other maps as may be necessary to meet a specific need. It makes reports on the extent and character of the State's mineral and water resources. In cooperation with the United States Government, it makes surveys of the water resources of the State. It investigates and recommends plans and policies for the protection of the State's waterfront and waterways against erosion. In addition, the Department controls and conserves, insofar as is practicable, the surface and underground waters of Maryland; and to that end has jurisdiction over the construction and repairs of reservoirs, dams, and other waterway obstructions. It licenses all water well drillers in the State and issues a permit for each well to be drilled. The Commission also makes and enforces

rules to conserve the State's oil and gas resources (Code 1957, Art. 66C, secs. 15-17, 675-95, 718-55).

BUREAU OF MINES

Frank J. Powers, Director

City Building, Westernport Telephone: Westernport Fleetwood 9-4031

The first Mine Inspectors were appointed by the Governor in 1878 to serve in Allegany and Garrett counties (Chapter 157, Acts of 1878). These inspectors functioned independently, reporting only to the Governor, until 1916, when they were placed within the Board of Labor and Statistics by Chapter 410, Acts of 1916. The inspection powers became a function of the Bureau of Mines upon its organization in 1922 as a unit of the Department of Labor and Statistics (Chapter 307, Acts of 1922). When the Board of Natural Resources was organized in 1941, the Bureau was transferred to the newly created Department of Geology, Mines and Water Resources. The Director of the Bureau is appointed by the Governor from a list of eligible persons certified by the State Commissioner of Personnel. The Bureau of Mines inspects all mines within the State for proper sanitation, ventilation, and safety standards in all mining operations. All persons or corporations engaging in open-pit or strip mining operations are required to register with the Bureau before starting operations and to report periodically during such operations. Effective June 1, 1955, all strip-mining operators must obtain a permit from the Bureau, pay a filing fee of \$200, and furnish bond at \$100 per acre, said bond to be released when acreage has been backfilled and meets with the approval of the Director of the Bureau. During the 1959 Session, the General Assembly amended the Strip Mining Law; and, effective June 1, 1959, the operator must pay a filing fee of \$50, and furnish bond at \$300 per acre, no bond being for less than \$1,200. The Bureau of Mines examines all applicants for certificates of competency as mine foremen, assistant mine foremen, and fire bosses. It conducts classes in mining operations throughout the western part of the State and furnishes training in gas detection to men applying for first-class certificates and fire boss certificates of competency. This work is being done in cooperation with the United States Bureau of Mines (Code 1957, Art. 66C, secs. 486-674).

Mine Examining Board

Chairman: Frank J. Powers

Leslie T. Foote, Miners; Arthur P. Hoffa, Sr., Operators

The Mine Examining Board, created by Chapter 307, Acts of 1922, consists of the Director of the Bureau of Mines, who also acts as Chairman of the Board, and two persons appointed by the Governor, one representing the miners and the other the operators. Each appointee serves until his successor is appointed and qualifies. The Board examines applicants for the rating of first-class mine foreman and fire boss and issues "certificates of competency" to each successful appli-

cant upon payment of the stipulated fee (Code 1957, Art. 66C, secs. 486-674).

The Water Pollution Control Commission was created by Chapter 697, Acts of 1947 upon the recommendation of the temporary Committee on Water Pollution, which had been designated in 1945 to study the problem of water pollution. The Commission consists of seven members, three of whom are appointed by the Governor for six-year terms. The other four members are the Chairman of the Board of Natural Resources, the Director of the Department of Game and Inland Fish, the Director of the Natural Resources Institute, University of Maryland, and a representative of the State Board of Health and Mental Hygiene. The Chairman, who must be one of the appointed members, is designated by the Governor. By act of the 1959 General Assembly, the Water Pollution Control Commission became a member department of the Board of Natural Resources (Acts 1959, chap. 695).

The Commission makes regulations to prevent the pollution of Maryland streams and waters. It investigates all sources of stream pollution. It may request known polluters to correct the situation, and should they fail to comply, the Commission may order them to fulfill the request within a definite period of time. Any polluter who has a complaint or feels a specific hardship in complying may receive a hearing before the Commission. The Commission has collected data about municipal sewage disposal and about stream pollution in the various regions of the State. The Commission is located in the State Office Building in Annapolis and maintains in that location a laboratory where it determines through chemical analysis the amount and cause of water pollution (Code 1957, Art. 66C, secs. 34-45).

Appointed members: James C. Anderson, 1963; John McC. Mowbray, 1963; F. Murray Benson, 1965; James H. Grove, 1965; Saul I. Stern, 1965; Sidney H. Tingley, Jr., 1965.

The State Planning Department was created by Chapter 543, Acts of 1959 as the successor to the Maryland State Planning Commission, established by Chapter 39, Acts of the Special Session of 1933.

The State Planning Department functions "as the Governor's Staff Agency in planning matters," and prepares and keeps up-to-date a program for the development and effective employment of all State resources, known as the State Development Plan. To this end the Department studies "the resources of the State and . . . existing and emerging problems of agriculture, commerce, transportation, population, housing, public service, local government" and other matters that affect the development of Maryland. It also "prepares the State's capital program in collaboration with the Department of Budget and Procurement and . . . assists in the preparation of the annual capital budget." In addition, it acts "as an advisory . . . and coordinating agency," harmonizing its planning activities with those of State or local government agencies and providing these agencies with planning assistance. Finally, it attempts to stimulate "public interest and participation in the development of the State." The Director of the State Planning Department is appointed by the Governor and serves at his pleasure.

The law provides for a State Planning Commission within the State Planning Department to advise and assist the Director. The Commission consists of nine members: Seven are appointed by the Governor for four-year terms; the other two represent the House of Delegates and the State Senate and are appointed by the Speaker of the House and the President of the Senate respectively.

The Commission may establish subcommittees to which it may delegate any of its functions. It is also to (1) "study and report from time to time upon the effectiveness of planning in the State;" (2) "evaluate the effectiveness of this Article, and . . . urge its revision or amendment whenever necessary;" (3) "receive and approve, disapprove, or resubmit to the Director of State Planning recommendations concerning the establishment of regional or metropolitan areas;" (4) "hold public and private hearings and sponsor public forums in any part of the State."

The State Planning Department is the successor to the former State Planning Commission. Under the modified enabling legislation, the Medical Care Committee, the former Commission's major subcommittee for the study of medical and health problems continues to function. In addition, the creation in the near future of a Committee on High Education, functioning in the same manner as the Medical Care Committee is contemplated. The revised Planning Department has continued to participate in the functioning of the Baltimore Regional Planning Council. (Code 1957, 1960 Supp., Art. 88C.)

BALTIMORE REGIONAL PLANNING COUNCIL

- Chairman: James J. O'Donnell, State Planning Department.
- Frank W. Wilde, Friedrich E. von Schwerdtner, Anne Arundel County; John R. Royster, Philip Darling, Baltimore City; J. Cavendish Darrell, Malcolm H. Dill, Baltimore County; Edmund L. Carr, George A. Grier, Carroll County; Abe Davis, J. Lee Hanlon, Harford County; Norman E. Moxley, Eugene D. Wheeler, Howard County
- Franz J. Vidor, Director; W. Wilson Horst, Assistant Director

301 W. Preston Street, Baltimore 1 Telephone: 837-9000

The Baltimore Regional Planning Council was established by the Maryland State Planning Commission in December 1956 to take advantage of federal assistance for regional planning under Section 701 of the Federal Housing Act of 1954, as amended. The Council consists of two persons from each of six constituent jurisdictions; Anne Arundel County, Baltimore City, Baltimore County, Carroll County, Harford County, and Howard County. One member from each jurisdiction is the elected head of government or his designee; and the other is the director of the local planning agency. In addition, the State Planning Department is represented by its Director. The Council is financed by a grant from the Urban Renewal Agency of the U. S. Housing and Home Finance Agency and a matching amount from member jurisdictions. Office space is provided for the Council in the State Planning Department.

Between April 1957 and July 1959, the Council undertook studies covering population, land use, industrial development, open space, freeways, water supply and sewerage facilities and published its findings in two technical bulletins, four technical reports, and one summary report. A \$100,000 Federal planning grant financed this first project.

A second project, lasting eighteen months and financed by a \$60,000 Federal planning grant, began in July 1959. Three technical reports

and separate summaries thereof, were published, dealing with the following project studies: analysis of housing market; regional open spaces; and a land use and transportation analysis of the Baltimore-Washington regions. In addition, a statistical bulletin of population and housing data based upon the 1960 Census was published.

The Baltimore Regional Planning Council is currently engaged in its third regional planning project which, with a federal grant of \$50,000, is expected to continue through 1962. The two major subjects under study are a Stage Development Plan and an Analysis of Legislation Affecting Planning. The latter study will in effect deal with some of the means of implementation that are expected to emerge out of the stage development plan. That plan is building upon all previous studies undertaken by the Baltimore Regional Planning Council and particularly upon the findings of the Baltimore-Washington Interregional Study as they relate to proposals for new towns. The "staging" will consist of recommendations relative to the successive development of such towns, priorities in construction of highways and public utilities and extent of land controls.

The Baltimore Regional Planning Council performs its tasks with a staff of three persons, aided by expert technical committees and consultants. It has established close working relationships with the many departments of its constituent jurisdictions as well as with several important State agencies. Unlike the first two projects when the matching of federal grants was done almost exclusively by the provision of staff services, the current project utilizes local cash as well as staff services.

Supervision of Business

BANK COMMISSIONER

W. R. Milford, Bank Commissioner, 1963
 John D. Hospelhorn, Deputy Bank Commissioner
 H. E. Meeks, Chief Examiner
 Charles C. Ehrig, Senior Examiner

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The office of the Bank Commissioner was created by Chapter 219, Acts of 1910. The Bank Commissioner is appointed by the Governor for a term of four years. The Department has general supervision over all banking institutions in the State other than national banks. It must examine each institution at least twice in eighteen months and at such other times as the Commissioner may deem expedient and at any time upon request of the board of directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by law, or whenever it is found that an institution is being conducted in an unsafe manner, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is finally liquidated. If a banking institution, excepting a national bank, fails, the Bank Commissioner acts as receiver, liquidates its assets, and terminates its affairs under the jurisdiction of the court. The Commissioner may delegate this power to the Deputy Commissioner

or a senior examiner. Every bank and trust company is required to submit to the Bank Commissioner, under oath, at least three reports in each calendar year; such reports must exhibit in detail the resources and liabilities of the institution and show its true condition. These reports are published in the local newspapers. All mutual savings institutions are required to report their condition to the Commissioner on June 30 and on December 31 of each year. The December 31 report of such institutions is required to be published. The Commissioner's office examines the reports, and when necessary, verifies them and corrects any irregularities or recommends changes.

All new banking institutions must organize under the supervision of the Department and must obtain from it a certificate before opening for business. The Bank Commissioner must approve all applications for a branch office made by a State bank, trust company, or mutual savings institution, and must pass upon all amendments to their charters. He must also approve any mergers or voluntary liquidations. On June 30 of each year he must make a written report to the Governor (Code 1957, Art. 11, secs. 1-26, 28-134).

The General Assembly of 1929 passed what is known as the "Credit Union Law," which provides that any seven or more persons, residents of this State, may apply to the Bank Commissioner for permission to organize a Credit Union. The Commissioner supervises all such Credit Unions (Code 1957, Art. 11, secs. 135-62).

The Department also has jurisdiction over industrial finance loan companies under the provisions of the "Industrial Finance Law," passed in 1945. The Act generally provides that no person or corporation may charge interest or other charges in the aggregate above that permitted by law on loans of fifteen hundred dollars or less if this person or corporation is not a licensee under the terms of the law. All companies and individuals transacting business under the terms of this statute must secure a license from the Bank Commissioner. At least once in every thirty-six months, the Department is required to examine each licensee; and each licensee must submit to the Commissioner an annual report setting forth such information as the Commissioner may reasonably require. The Bank Commissioner has the power to revoke or suspend licenses for infractions of the law. He also has the power to exempt certain companies from the terms of the "Industrial Finance Act." Automatically exempted from the Act are those companies and individuals that are doing business under the terms of the "Small Loan Law," which is administered by the Administrator of Loan Laws (1957 Code, Art. 11, secs. 163-205).

The Maryland Currency Exchange Law, passed in 1959 requires the Bank Commissioner to supervise and regulate the selling or issuing of checks, drafts, and money orders for a fee or service charge. Persons who wish to transact such business in Maryland must qualify with the Bank Commissioner and procure an annual license from him. The effective date of the new Law is January 1st, 1960 (Acts 1959, chap. 597).

 Margaret W. Kimble, Deputy Commissioner

301 W. Preston Street, Baltimore 1

Telephone: 837-9000

The Department of Labor and Industry, established by Chapter 211, Acts of 1884, as the Bureau of Statistics and Information, is one of the oldest governmental agencies in this field in the United States, antedating the U. S. Department of Labor by one year. After 1892, the Department was known as the Industrial Bureau. A reorganization in 1916 renamed it the State Board of Labor and Statistics, and concentrated in it powers to enforce all the factory acts. The General Assembly made further changes by Chapter 747, Acts of 1939, and created the present Department by Chapter 938, Acts of 1945.

Primarily a law enforcement agency, the Department is under the direction of a Commissioner appointed by the Governor for a four-year term. The Department enforces all laws and regulations affecting workers and employers and promotes harmony between industry and labor through mediation and arbitration of labor disputes and the holding of consent elections (Code 1957, 1960 Supp., Art. 27, secs. 324-333; Art. 38, sec. 3; Art. 56, secs. 161-170; Art. 77, secs. 231-233; Art. 89, secs. 1-13, 25-48; Art. 100, secs. 1-55; Art. 101, sec. 47).

Division of Industrial Services

This Division is composed of those sections of the Department which have direct contact with the general public in the enforcement of laws and the issuance of licenses and certificates other than those of the Boiler Inspection Division. The separate sections included are: Inspection, Children's Certification, Street Trades and Fee Charging Employment Agencies. The Inspection Section is responsible for the inspection of all places of business in Maryland to insure compliance with the following laws: Occupational Safety, Child Labor, Hours of Labor for Females, Work—Hours of in Factories, Factory Inspection and Industrial Registration. This section is also responsible for the licensing of Homeworkers and Workshops. The Children's Certification Section is responsible for the issuance of employment certificates to minors 14 to 17 years of age, inclusive, in accordance with the Child Labor Law. Age statements, apprenticeship agreements, coordination certificates and special certificates are also issued in addition to general and vacation employment certificates. The Street Trades Section is responsible for the licensing and regulation of street traders and newsboys as defined in the Child Labor Law.

Division of Industrial Safety

This Division is responsible for the constant and continuous study and analysis of and investigation into the causes of industrial accidents and the formulation of programs and planning to reduce such accidents.

WORKMEN'S COMPENSATION COMMISSION

108 E. Lexington Street, Baltimore 2 Telephone: 539-4360

The Workmen's Compensation Commission, created by Chapter 800, Acts of 1914 as the State Industrial Accident Commission, received its present name by Chapter 584, Acts of 1957. Under the provisions of Chapter 238, Acts of 1961, the Commission was increased from five to seven members, all of whom must be appointed by the Governor by and with the advice and consent of the Senate. The initial appointments of the Chairman and four associate commissioners dated from February 1, 1958, and were for periods of eight, nine, ten, eleven, and twelve years. The appointments of the two additional commissioners dated from February 1, 1961, and were for four years each. As each term expires, the Governor shall appoint a person to the full term of twelve years, or until his successor has been appointed and qualified.

Like its predecessor, the Commission administers the Workmen's Compensation Law. It hears contested cases and holds hearings throughout the State; it receives reports of accidents and adjudicates claims for compensation arising under the law; and it investigates companies and firms which fail to carry insurance under the terms of the Act. The Chairman sits on the trial of cases when his administrative and executive functions permit (Code 1957, Art. 101, secs. 1, 2, 5, 16, 38-40).

In recent years, the General Assembly has made many important changes in the Workmen's Compensation Act. Among the most im-

portant have been acts increasing maximum temporary total disability payments to \$40.00 weekly; increasing maximum permanent total disability payments to \$40.00 weekly; and increasing the maximum total payable for total disability to \$30,000. Other laws have broadened the law in hernia cases; established a Second Injury Fund; and removed limitations on payments of medical expenses. In 1951, the Act included many additional payments; also, for the first time, Maryland came to be what is known as a nonscheduled State for Occupational Diseases (Code 1957, Art. 101, secs. 21-36, 66).

Medical Board for Occupational Diseases

Chairman: James Frenkil, M.D., 1965

John Sheldon Eastland, M.D., 1963; Whitmer B. Firor, M.D., 1967.

The Medical Board for Occupational Diseases was established by Chapter 465, Acts of 1939. The Governor appoints the members of the Board for six-year terms with the approval of the Senate, from lists of nominees submitted by the Deans of the schools of medicine of the University of Maryland and the Johns Hopkins University and the Medical and Chirurgical Faculty of Maryland. Each of these agencies submits a list of three persons, two of whom are experienced in occupational diseases, and one of whom is an experienced physician in good professional standing. Two must have had at least five years practice in the treating, diagnosis, and care of industrial diseases, and the third must have been trained in roentgenology and must have had five years practice and experience. The Governor designates the Chairman of the Board. The Board hears and adjudicates all claims for compensation for disability caused by an occupational disease. The decisions of the Board are subject to review by the Workmen's Compensation Commission (Code 1957, Art. 101, secs. 22-29).

The Department of Employment Security, established by Chapter 314, Acts of 1937, administers the Maryland Unemployment Insurance Law. The Department is headed by an Executive Director appointed by the Governor for a six-year term (Code 1957, Art. 95A, sec. 11).

Board of Appeals

A three-man Board of Appeals, appointed by the Governor for six-year terms, hears appeals on claims for benefits, appeals that arise under the taxing provisions of the Unemployment Insurance Law, and other matters that require appellate adjudication (Code 1957, Art. 95A, sec. 7g).

Advisory Council

The Governor appoints a State advisory council, and the Executive Director appoints local advisory councils, consisting of an equal number of representatives from the public, the employer, and the employee. The councils aid the Executive Director in formulating policies and discuss with him problems that arise in the administration of the law to insure impartial solutions of such problems (Code 1957, Art. 95A, sec. 12).

Unemployment Insurance Division

This Division supervises the Unemployment Insurance Program carried out by the local office. The Unemployment Insurance Division also collects contributions from employers covered by the Maryland Unemployment Insurance Law, collects quarterly wage information on the employees of these employers, determines weekly benefit amounts in accordance with this wage information, issues benefit checks to local offices, reviews benefit payments to determine if any were improperly made, recovers improper payments, and pays benefits to individuals who formerly worked in Maryland, but who reside in other states, as provided by a reciprocal interstate agreement. The law provides for an experience-rating system under which employers who maintain steady employment are eligible for reduction in the rate of contributions. All funds collected under the law are deposited with the Federal Treasury for the credit of the Unemployment Trust Fund of Maryland and may be used only for the payment of benefits.

Employment Service Division

This is a staff division concerned with Employment Service technical functions. It is responsible for the development of programs, the evaluation of Employment Service activities, and the staff supervision of such functions as counseling; aptitude testing; employer relations and placement; and services to older workers and the handicapped. Services and the State Coordinating Commission on Problems of the Aging.

Appeals Division

This Division, under the supervision of a director responsible to the Board of Appeals, conducts hearings on all appeals filed by claimants or employers from the determinations of claims examiners in the Department's local offices. Claimants may appeal from determinations disqualifying them for benefits, or employers from determinations allowing benefits, as the case may be. An Appeals Referee hears all such appeals. Any aggrieved party may further appeal to the Board of Appeals. Final appellate recourse is to the Courts of Maryland.

Methods and Personnel Division

This Division provides staff for the Department, trains employees in all phases of the Department's operations, and develops and prepares a manual of operational procedures for the guidance of personnel in the Department.

Administrative Management Division

This Division manages all fiscal operations of the Department, including budgetary control, inventory, cost accounting, supplies, services and maintenance. This Division is also responsible for the accumulation, study and dissemination of data relating to labor market statistics and characteristics.

The Maryland Port Authority, a semi-autonomous State agency, was established by Chapter 2, Acts of the Special Session of 1956.

The Authority consists of five commissioners appointed by the Governor for five-year terms, one term expiring each year. Three of the five members must at all times be residents of Anne Arundel County, Baltimore City, and Baltimore County respectively. Of the other two, one must be a resident of the Western Shore of Maryland outside of Anne Arundel County, Baltimore City, and Baltimore County, and one must be a resident of the Eastern Shore of Maryland. The Governor designates one of the members to act as Chairman, and the members of the Authority annually elect one of its members as Vice Chairman.

The Commissioners appoint the Executive Director, who exercises such administrative powers as they delegate.

In creating the Maryland Port Authority, the primary objective of the General Assembly was to improve the facilities and strengthen the workings of the private operator. If private facilities are inadequate, however, or inadequately operated at any time, the Authority may construct, and if necessary, operate supplementary public facilities (Code 1957, Art. 62B).

The Authority endeavors to promote and increase commerce within its territorial jurisdiction through public relations programs, publication of literature, purchase of advertising, solicitation of business by correspondence and traveling representatives, and participation in, and cooperation with, civic, technical, professional, and business organizations and association. To this end, the Authority currently maintains field offices in Pittsburgh, Chicago, New York, Brussels, Belgium, and London, England.

The General Assembly created the Department of Economic Development and the Economic Development Commission by Chapter 185, Acts of 1959 "for the general purpose of advancing the economic welfare of the people through programs and activities to develop . . . the State's natural resources and economic opportunities pertaining to commerce, agriculture, mining, forestry, transportation, travel, tourism, and recreation, and to promote and encourage the location of new industries and businesses in the State . . . and . . . the retention and expansion of present enterprises . . . and to foster and develop gainful employment . . ." for residents of the State.

The new department superseded the former Department of Information, established in 1948 as a division of the Hall of Records, and established as a separate agency by Chapter 665, Acts of 1949.

The Commission consists of twelve members appointed by the Governor with the advice and consent of the Senate. Members serve for six years and have overlapping tenure of office. Two represent the Eastern Shore; two, Central Maryland; two, Southern Maryland; two, Western Maryland; two, Baltimore City; and two, the State at large. Members serve without compensation and may be reappointed. The chairman is chosen by the Governor and serves at his pleasure. The Commission selects and the Governor appoints the Director of the Department.

The Department assembles and disseminates information in the interest of economic, industrial, and tourist development; conducts studies to determine areas of special economic opportunity for the State and ways of exploiting such opportunities for the maximum benefit of the State and its residents; enters into contracts; and is empowered to utilize all existing State agencies, boards, commissions, and institutions as sources of information, except in such cases as are provided by law to be confidential and secret.

The programs of the Department are carried out through its three Divisions:

The Business and Industrial Development Division promotes and publicizes Maryland's advantages and opportunities for the location of new business and industries and the expansion of existing enterprises, and works with prospects and communities toward these ends. It initiates and maintains contacts with business and industrial prospects, answers their requests for information, and informs them about all Maryland locations which might meet their requirements. It assists, encourages, and cooperates with community, regional, and area development efforts, both public and private, including working with community groups in

the preparation of Community Economic Inventories and other business and industrial reference and promotional publications.

The Research Division is responsible for the accumulation, analysis, and presentation of state-wide and regional economic data for the Department and for the conduct of studies to determine areas of special economic opportunity for the State and ways of exploiting such opportunities for the maximum benefit of the State and its residents. Insofar as is practicable the Division assembles, classifies, and makes readily available all data pertaining to Maryland's economic resources and problems; it analyzes that data and translates it into accurate and concise answers to authentic inquiries; makes special studies in response to unusual or important demands; and systematically explores Maryland's economy in search of special advantages for any particular industry, tourist or recreational facility or activity, or other beneficial economic opportunity.

The Tourist Development and Publicity Division promotes and publicizes Maryland's tourist and recreational advantages. The Division actively cooperates with and assists local, regional, and state-wide travel, historical, and recreational groups in fostering and implementing activities and programs which will increase tourist travel and vacationing in Maryland. This includes the preparation and distribution of literature on Maryland's recreational, scenic, and historical assets, and publicizing and advertising the tourist and recreational appeals of the State. The Division also answers travel and tourist inquiries from publications, tourists, vacationers, residents, students, and public and private agencies. This involves mailing out hundreds of thousands of pieces of literature yearly and preparing many special reports and articles as well as radio and TV scripts and advertising copy.

In addition, the Commission may appoint boards and committees representing economic groups within the State to advise and assist in the accomplishment of the aims and fulfillment of the duties of the Commission (Code 1957, 1960 Supp., Art. 41, secs. 257-266).

The General Assembly authorized the establishment of the Development Credit Corporation of Maryland by Chapter 822, Acts of 1959, to stimulate business and industry in the State of Maryland by making loans for which money and credit are not otherwise available.

The Corporation consists of two classes of participants: members and stockholders. Only financial institutions—that is, institutions whose activities include lending or investing money—may become members. Members must loan funds to the Corporation upon demand up to limits that are set by law and based on financial capacity. All such calls for funds are to be prorated among the members in the proportion that the maximum loan limit of each bears to the aggregate loan limits of all members. Individuals and domestic corporations may become stockholders, but financial institutions may be stockholders only if they are also members. The authorized capital stock consists of two million shares of common stock with a par value of one dollar each.

The Board of Directors exercises the corporate powers of the Development Credit Corporation. It consists of fifteen members, three from each of the five economic regions: the Central Region (Baltimore, Carroll, Harford, and Howard counties); the Eastern Shore Region (Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester counties); the Southern Region (Anne Arundel, Calvert, Charles, Prince George's, and St. Mary's counties); the Western Region (Allegany, Frederick, Garrett, Montgomery, and Washington counties); and the Baltimore City Region. Initially, the Governor, the President of the Senate, and the Speaker of the House of Delegates each made five appointments to the Board, one from each region. The President of the Senate designated the chairman of this temporary board, and the chairman called the first annual meeting. At this meeting held on February 16, 1961, and at each annual meeting thereafter, members of the Corporation from at least three of the five economic regions elect two directors from each region for one-year terms. These directors must be United States citizens and residents of the economic region from which they are appointed or must maintain a regular place of business there. The stockholders of the Corporation elect the remaining five directors for one-year terms; these must be United States citizens and residents of the State. The Board elects its own chairman. The Corporation may borrow or lend money and buy, hold, or sell real or personal property, including industrial plants or other business establishments.

The Corporation established Loan Committees of five members for each economic region. All requests for loans are to go through these committees, which will review the applications and make recommendations to the Board of Directors. Final decision will lie with the Board.

The law creating the Development Credit Corporation shall be of no

effect if it is not implemented before October 1, 1961. (Chapter 19, Acts of 1960). (Code 1957, 1960 Supp., Art. 23, secs. 412-419).

The Authority also licenses commission agencies and purchasers, and collects a fee from the owner of tobacco sold at a commission agency. It uses the funds so collected (Code 1957, Art. 48, secs. 55-73).

The Maryland State Apple Commission was created within the State Board of Agriculture by Chapter 628, Acts of 1947. The seven-man Commission is appointed to four-year terms by the Governor from a list of fruit growers approved by the Executive Committee of the Maryland State Horticultural Society. The Commission raises funds for publicity and advertising, sales promotion, education, and research to increase the demand for, and consumption of, Maryland apples. All apples of U. S. Number 1 Canner Grade or better, grown in Maryland and sold in commercial trade, are subject to a tax of one cent a bushel. However, the first five hundred bushels sold by any producer are tax-exempt. Commercial growers must report all apples sold during the crop season by December 31 each year. Apples sold after the season must be reported by the close of the following May. The Commission deposits the funds received from these sources with the State Treasurer in a Merchandising Fund, and none of this money may be used for any other purpose, operating expenditures excepted (Code 1957, Art. 97, secs. 71-83).

The Library consists of a legal section of approximately seventy-two thousand (72,000) volumes, and a reference section of approximately forty-eight thousand (48,000) volumes. The reference section contains many rare books, maps, and documents, including the subscription edition of the four elephant folio volumes of Audubon's *Birds of America*, the most complete file now in existence of the early issues (1745-1838) of the *Maryland Gazette*, bound volumes and microfilm copies of the Baltimore Sunpapers from 1837 until the present, as well as other early newspapers and periodicals. In addition, the Library possesses an almost complete set of the United States Documents, Serial number series, dating back to the Continental Congress.

The Law Library, which contains all state, federal, and many foreign court reports, session laws, codes, legal texts, compendiums, legal periodicals, and other legal reference material, is an integral part of the operation of the Court of Appeals of Maryland and furnishes legal, reference and research material and facilities to the court, judges, lawyers, State departments and officials, and the general public. Record Center, 301 W. Preston Street, Baltimore 1 Telephone: 837-9000

The Hall of Records Commission was created by Chapter 18, Acts of 1935. The Commission is an ex officio body. It supervises and controls the Hall of Records and appoints the Archivist, who has charge of the active management of the building and its contents.

State agencies as well as the counties, cities and towns of Maryland are authorized to offer for deposit at the Hall of Records all files, documents, and records not in current use. Should the Archivist decline to accept the materials offered, permission to destroy them may be requested from the Board of Public Works. If permission is granted, a certificate of destruction must be filed at the Hall of Records.

While many records are offered to the Hall of Records Commission at the discretion of the custodians, all records which are in the court-houses of the State and which were created prior to April 28, 1788, the date of ratification of the United States Constitution by the State of Maryland, must be deposited at the Hall of Records. The records of all State agencies, boards, and commissions which are abolished or otherwise cease to function must also be transferred to the custody of the Hall of Records Commission. The Commission is authorized to prepare certified copies of all records in its custody.

State agencies are required by law to establish a continuing program for the management of their records. The Commission provides assistance and guidance in the development and furtherance of the State Records Management Program. The program provides for the use of records retention schedules which establish the period and manner of retention of records. Such schedules must be approved by the Hall of Records Commission, and when destruction is recommended, they must also be approved by the Board of Public Works. Whenever semi-current records having no permanent historical or administrative value are scheduled to be maintained for a limited number of years and then destroyed, they may be stored for this period in the two Record Centers operated by the Hall of Records Commission. The Hall of Records staff inspects the records and records management practices of all State agencies and reviews the proposals for the purchase or rental of record equipment, storage space, and services (Code 1957, Art. 41, secs. 171-81).

The Hall of Records staff microfilms or supervises the microfilming of all current deeds, mortgages, and releases recorded in the court-houses of the State. These microfilm copies are required to be deposited annually in the office of the Commissioner of the Land Office. Copies of some of these films are also deposited with the State Department of Assessments and Taxation for use in the preparation of tax maps. Limited facilities are available for the filming of records of the various State agencies.

By several Acts of Assembly, the Hall of Records has been designated as an official depository for the publications of all State agencies (Code 1957, Art. 41, sec. 144) and for all codes published by local governments, both county and municipal (Code 1957, 1960 Supp., Art. 25, sec. 32A; Art. 23A, sec. 8B). The Hall of Records Commission also edits, compiles, and publishes the MARYLAND MANUAL (Code 1957, 1960 Supp., Art. 41, sec. 104).

COMMISSIONER OF THE LAND OFFICE

J. Randall Walcroft, Commissioner, 1963
 Malcolm W. Waring, Administrative Assistant

State Office Building, Annapolis Telephone: Colonial 8-3371

The Commissioner of the Land Office is appointed by the Governor, with the consent of the Senate, to hold office during the term of the Governor (Const. 1867, Art. VII, sec. 14). The Land Office keeps records pertaining to boundaries of land, including records of all warrants, certificates, and patents for land from the settlement of the Province of Maryland in 1634. Every clerk, after he records any deed, mortgage, release of mortgage, or lease of real estate, must make or have made a 35 mm. microfilm copy of every such record and transmit it to the Commissioner of the Land Office at the end of each year. The Commissioner hears and determines all disputes which may arise concerning the validity of surveys. The Land Office is now engaged in making, filing, and recording plats for current subdivisions of land; copies of such plats are sent to the Supervisors of Assessment upon request. All plats filed with the Clerks of Courts before June 1, 1945, have been microfilmed by the Land Office (Code 1957, Art. 17, secs. 57, 58, 61, 62; Art. 54, secs. 1-53).

All land now included in the limits of the State of Maryland was granted to Cecil, Lord Baltimore, in 1632. In 1680, the Proprietor established a Land Office, and four years later "The Land Council." This body was authorized to hear and determine all matters relating to land. Four years later, when Maryland became a crown colony, the Land Office closed. In 1715, after a long contest with the Governor, Council, Secretary, and Assembly, the Lord Proprietor emerged with his rights restored, and the Land Office reopened. After the Revolution, the State assumed control of the Land Office (Acts Feb. sess. 1777, ch. 15). From 1781 until 1841, there was a Land Office for the Western Shore and another for the Eastern Shore. The Constitution of 1851 created the office of the Commissioner of the Land Office.

The practice of Medicine was first regulated in Maryland by Chapter 429, Acts of 1888, which required that the State Board of Health license all physicians. By Chapter 296, Acts of 1892 the General Assembly created two Boards of Medical Examiners to carry on this function, one to represent the Medical and Chirurgical Faculty and the other the State Homeopathic Society. The Legislature of 1957 abolished the Homeopathic Board and the practice of medicine in Maryland is now regulated by one Board, composed of eight members elected from and by the members of the Medical and Chirurgical Faculty (State Medical Society). Two members are elected each year to serve for four-year terms. All members must be in active practice in the State (Code 1957, Art. 43, sec. 118).

The Board tests and licenses physicians for the legal practice of medicine in this State and for certain causes may revoke the license of any physician. Candidates for licenses must be graduates of medical schools approved by the American Medical Association and the Association of American Medical Colleges, or of foreign medical schools that offer an equivalent education. All graduates of foreign medical schools who apply after January 1, 1959, must pass the examination given by the Educational Council for Foreign Medical Graduates. The Board determines qualifications for practice by (1) its own written examination; or (2) endorsement of licenses obtained in a reciprocating state; or (3) endorsement of a certificate of the National Board of Medical Examiners. Examinations are held in June and December of each year.

ATLANTIC STATES MARINE FISHERIES COMMISSION

Commissioners from the State of Maryland

Chairman, Commission of Tidewater Fisheries: Dr. H. C. Byrd

Appointed by the Commission on Interstate Cooperation: Charles M. Moore

Appointed by the Governor: George T. Harrison, 1962

Officers of the Commission

Chairman: G. Robert Lunz, South Carolina

Vice Chairman: David H. Hart, New Jersey

Secretary-Treasurer: Wayne D. Heydecker, New York

22 West First Street
Mount Vernon, N. Y.

Telephone: Mount Vernon 8-1414

The Atlantic States Marine Fisheries Commission is an outgrowth of the "Eastern Conservation Conference" begun in 1937. Seven states, including Maryland, drew up and ratified a compact in 1941. Maryland ratified by Chapter 435, Acts of 1941. This compact, assented to by the United States Congress and signed by the President in 1942, is the legal basis of the Atlantic States Marine Fisheries Commission, which today has a membership of fifteen Atlantic Seaboard States.

Each State is represented by three Commissioners, one of whom must be the chairman or director of the fisheries management agency, one a legislator and a member of the Commission on Interstate Cooperation, and one selected by the Governor for a three-year term. The Commission advises only, aiding in the development of joint programs dealing with particular species of fish or bodies of water common to two or more states. These programs may result in uniform laws or varying but coordinated measures as the circumstances require. The Commission meets annually and in four regional groups as follows: (1) the North Atlantic States, (2) the Middle Atlantic States, (3) the Chesapeake Bay Area, and (4) the South Atlantic States. In place of special committees which in the past dealt with particular species, the 15th Annual Meeting created an overall scientific committee to digest scientific material and present condensed reports to the Commission. A similar committee was established to report on legal matters. The technical advice and research facilities of the United States Fish and Wildlife Service are available to the Commission and its member states. Each participating state contributes to the support of the Commission in proportion to the value of its Marine Fisheries catch as compared with the total Atlantic catch. The Commission issues mimeographed minutes of Annual, Section, and Committee meetings. The Annual Meeting minutes contain scientific appendices. The Commission also issues printed Annual Reports. All are on file in the office of the Department of Tidewater Fisheries (Code 1957, Art. 66C, secs. 256-61).

The Interstate Commission on the Potomac River Basin was established by an Act of Congress in 1940, and the compact was ratified by the participating states shortly thereafter. Maryland ratified by Chapter 320, Acts of 1939. The Commission is composed of representatives from the United States Government, Maryland, Pennsylvania, Virginia, and West Virginia, and the District of Columbia. The representatives from Maryland include the Governor and two members,

residents of the Potomac River Conservancy District, who are appointed by the Governor for two-year terms (Code 1957, Art. 43, secs. 407, 408). The Commission has jurisdiction over the Potomac River Conservancy District, which was created by the enabling Act. The District embraces an area of approximately 14,500 square miles with an estimated population of 2,500,000. The Commission (1) coordinates, tabulates, and summarizes existing data on the character, pollution, and condition of streams in the Conservancy District; (2) supplements existing data, when necessary, by conducting investigations; (3) promotes adoption by the signatory bodies of uniform legislation for the control of stream pollution; (4) disseminates information to the public on the effects of stream pollution and the objectives of the Commission; (5) cooperates with other organizations in studies of treatment methods for sewage and industrial wastes; (6) recommends to signatory bodies standards for cleanliness of streams.

The Interstate Commission is now in process of amending the compact to enable it to function not only in water pollution control matters, but also in water resources conservation in the Basin. Maryland (Chapter 29, Acts of 1960), and West Virginia legislatures have adopted these amendments and Pennsylvania is expected to pass them in the current legislative session.

The Commission is financed by appropriations from each of the participating bodies.

The Southern Regional Education Board is active in approximately twenty-five academic fields. It administers the regional education contracts through which states lacking schools in certain fields are able to secure training for their students at institutions operated either by other states or by private corporations. The Board also studies needs and resources in various academic fields and joins with universities in Memoranda of Agreement to plan the development of specific programs on a regional basis. The University of Maryland carries on the administrative work of the Board in Maryland (Code 1957, Art. 41, secs. 185-88). This Commission has general planning and park jurisdiction over the Maryland-Washington Metropolitan District created by Chapter 448, Acts of 1927, and the Maryland-Washington Regional District created by Chapter 714, Acts of 1939. Both districts are within Montgomery and Prince George's counties adjoining the District of Columbia and embrace approximately 274 square miles and 906 square miles, respectively. The 1961 estimated population of the entire Regional District exceeds 700,000.

The 1961 estimated taxable basis of the Montgomery County portion of the Regional District is \$1,171,000,000 of the Lower Metropolitan District, \$1,055,000,000, and of the Upper Metropolitan District, \$635,000,000.

The Commission has been given, through bi-county enactments of the Maryland General Assembly, definite jurisdiction over the regional planning of the Maryland-Washington Regional District, which includes all of Montgomery County and most of Prince George's County.

The Commission is composed of ten members, five of whom must be residents of Montgomery County and five residents of Prince George's County. Not more than three members from each county may be members of the same political party and at least one member from each County must be a resident of the predominately agricultural portion of the County. The governing body of each County appoints five members of the Commission. Appointments to the Commission are for four year terms. Any vacancy in the membership of the Commission must be filled by the governing body of the County in which the vacancy occurs and for the unexpired term. The Commission elects its own Chairman and Vice Chairman. The respective appointing authorities may at their discretion designate a member of the Commission from each County to serve on a full-time basis. The five members from each County constitute the County Planning Board. The Chairman and the Vice Chairman of the Commission also act as Chairmen, respectively, of their County Planning Boards. The Commission appoints its Executive Director, Secretary-Treasurer, General Counsel, Director of Planning, Director of Parks, and a Director of Public Relations and may appoint a Director of Land Acquisition as well as such other staff members as may be necessary. It maintains regional offices in both counties.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to acquire, develop, maintain, and operate a park system with recreational facilities, the expense of which, including debt service, is paid from a separate park tax levied within the District. The Commission is authorized to cooperate and negotiate with Federal agencies for financial assistance under the terms

of the Capper-Cramton Act, and with other agencies in the park development program.

Within the Maryland-Washington Regional District, which includes and extends beyond the Metropolitan District, the Commission is empowered to make, adopt, and amend a general plan for the physical development of the District which takes into account all factors of urban, suburban, rural, and regional planning. The Commission prepares plans and specifications for the construction of public works improvements and facilities. The two County Planning Boards have exclusive subdivision control power and jurisdiction over street grades and locations, public buildings and utilities, and after the adoption of a Master Plan of Highways, over street naming and house numbering. The Planning Boards have advisory zoning powers, but the zoning ordinances and amendments are enacted by the County Council of Montgomery County and the Board of County Commissioners of Prince George's County sitting as a District Council for that portion of the District within each County. Through the County Planning Boards, the Commission recommends land use or zoning ordinances and similar ordinance subject matters to the respective District Councils. The administrative and planning expenses of the Commission are paid from an administration tax levied within the District. The taxes levied by the Commission, which are collected by the County Treasurer in Prince George's County and the Director of Finance in Montgomery County, are as follows:

Montgomery County	Prince George's County
Regional District:	Regional District:
Administrative Tax: 4½c/\$100	Administrative Tax: 4c/\$100

The Metropolitan Transit Authority was created by Chapter 670, Acts of 1961, to improve the mass transportation facilities in the area comprising Baltimore City and the metropolitan area in Baltimore County. The Authority may license, regulate, or acquire or operate mass transportation facilities in this area and regulate the Public Service Commission's present powers over such facilities. The Authority consists of five members, appointed for five year terms, one by the Governor, two by the Mayor of Baltimore City subject to the approval of the City Council, and two by the County Council of Baltimore County. Initially, the Governor's appointee will serve for three years. One of the Mayor's appointees will serve for one year and the other for five years. One of the County Council's appointees will serve for two years, while the other will serve for four years. The Authority elects its own Chairman and Vice Chairman and appoints the Secretary-Treasurer and Executive Director.

The Authority derives its operating revenue from a seat tax of \$4.00 per seat from transportation companies operating under its jurisdiction plus an annual fee or charge in amount equal to 1/20 of one percent of the gross receipts derived from the mass transportation operations within the area. It is estimated that the total revenue from these sources will approximate \$185,000 per annum.

Advisory Council

Albert L. Sklar, Chairman, Public Service Commission; Henry A. Barnes, Director of Transit and Traffic, Baltimore City; M. Peter Moser, Member, Planning Commission of Baltimore City; William E. Fornoff, Director, Public Safety, Baltimore County; Jay Jefferson Miller, Planning Commission, Baltimore County.

The Advisory Council was created to consult with the Authority about changes in routes, schedules, or services of any public or private transportation company. The Council consists of one member of the Public Service Commission, designated by the Governor; the Director of Transit and Traffic of Baltimore City; the Director of Public Safety of Baltimore County; and representatives of the Planning Commission of Baltimore City and the Planning Department of Baltimore County. Members of the Council serve for indefinite terms. (Code 1957, 1961 Supp., Art. 64B).

The Upper Potomac River Commission, established in 1935, consists of three members appointed for six-year terms. The Governor appoints the Chairman, the Commissioners of Allegany County appoint a second member, and the Commissioners of Garrett County appoint a third. The Commission has jurisdiction over the water resources of Allegany County and of Election District Number Four (Bloomington) in Garrett County. In July, 1953, the Commission took charge of the Savage River Dam, erected by the Army Corps of Engineers (Acts 1935, chap. 409; Acts 1936, chap. 6; Acts 1939, chap. 143; Acts 1947, chap. 165).

The Washington Suburban Sanitary Commission, created by Chapter 122, Acts of 1918, consists of six members appointed by the Governor for four-year terms. Two are nominated by the Commissioners of Prince George's County and two by the Montgomery County Council. The Governor selects the other two, one from each of the two counties represented on the Commission.

When the Commission was organized, the Washington Suburban Sanitary Commission service area covered 94 square miles. In succeeding years, the General Assembly has made additions, and the Washington Suburban Sanitary District now contains about 475 square miles within Prince George's and Montgomery counties, adjacent to the District of Columbia. The Commission has jurisdiction over the construction of any water and sewerage systems built in either county beyond the limits of the Sanitary District boundaries. In Prince George's County it has jurisdiction over the operation of these same facilities. The present Sanitary District has a population of about 650,000 and an assessed valuation of approximately \$1,800,000,000.

The Commission provides for the construction, maintenance and operation of water supply and sewerage systems; it has jurisdiction over storm drainage, pumping and the location of utilities; and it provides refuse disposal service within the Sanitary District. It also operates a refuse collection system in the suburban portions of Montgomery County. The Commission has been designated as the organization responsible for the administration, maintenance and operation of the Anacostia River Flood Control and Navigation Project. As of December 31, 1960, the water and sewerage systems of the Commission contained 1,763 and 1,487 miles of mains, respectively.

Three major sources of water now supply the Washington Suburban Sanitary Commission system. The Patuxent River, which the Commission has impounded with the construction of two dams near Brighton in Montgomery County and near Laurel in Prince George's County, gives the Commission a yield of 65 million gallons a day through the Patuxent Filtration Plant. The Potomac River supplies

raw water to the new Potomac River Filtration Plant. This facility opened in 1961 and it has an initial capacity of 30 million gallons a day. Eventually it will be expanded, as needed, to a capacity of at least 120 million gallons a day, and it will serve both counties. Wells located on the Potomac slopes of Prince George's County provide a third source of water.

Most of the sewage from the Commission service area is transported through trunk sewers into the District of Columbia and is treated at the District's Blue Plains Sewage Plant. The Commission pays for this service on a metered volume basis, and it also contributes its share to capital improvement of the Blue Plains facility. The single sewage disposal plant operated by the Washington Suburban Sanitary Commission is at Laurel.

The Commission's facilities are geared to an anticipated growth of the service area population to about 2,000,000 by the year 2000. The Commission annually reviews and updates a five-year program for development of its water and sewerage systems.

The legislative powers of the State of Maryland are vested in the General Assembly, which consists of two distinct branches, the Senate and the House of Delegates (Const. 1867, Art. III, sec. 1). The General Assembly at the present time consists of 152 members: 29 Senators and 123 members of the House of Delegates, all elected by the counties and the six Legislative Districts of Baltimore City. Each county and each of the Legislative Districts of the city of Baltimore is entitled to one Senator. The number of Delegates for each county varies from two to six, and each Legislative District is entitled to six Delegates. This membership formerly was determined by a formula based upon population (set forth in the Constitution); but, by the terms of a Constitutional amendment adopted in 1950, the membership of the House of Delegates was frozen at its then current number (III, 5).

Every Senator or Delegate must be a citizen of the State and a resident of it for at least three years preceding the date of his election; and the last year thereof, he must have resided in the county or the Legislative District of Baltimore City which he represents. A Senator must be at least twenty-five years of age at the time of his election, and a Delegate at least twenty-one. No member of Congress or any person holding a civil or military office under the United States Government nor any clergyman or minister is eligible for election to the General Assembly (III, 9, 10, 11). The term of each Senator and Delegate shall be for four years from the date of his election (XVII). The Governor is required to appoint to any vacancy that occurs in either House through death, resignation, or disqualification, a person whose name is submitted to him in writing by the State Central Committee of the County or Legislative District which the person holding the vacated seat represented and of the party to which he belonged. The person so appointed must be affiliated with that party. All persons so appointed serve for the unexpired portion of the term (III, 13, amended November, 1936). Each House elects its own officers, is judge of its own members, and establishes rules for the conduct of its business.

The General Assembly meets annually. Sessions in odd-numbered years begin the first Wednesday in January and are limited to

ninety calendar days; the sessions meeting in even-numbered years begin the first Wednesday of February and are limited to thirty calendar days. The sessions in even-numbered years are limited to the consideration of budgetary matters, matters in the general public welfare, and legislation of an emergency nature. The Governor may call special sessions at any time he deems it necessary (III, 14, amended).

The General Assembly must pass at each regular session a budget bill which contains the budget for the State government for the next fiscal year. Upon the passage of the bill by both Houses, it becomes law without further action (III, 52).

The General Assembly has power to pass such laws as are necessary for the welfare of the State, and, in addition, it has the power to pass public local laws for counties and special taxing areas. The Home Rule Amendment of 1954 (XI-E) almost entirely prohibits the General Assembly from passing local legislation for incorporated cities and towns, although the Assembly retains its power to pass a general state-wide law that affects them. The General Assembly may establish such departments of the State government as are necessary for its efficient operation and may establish special taxing districts or areas within the State for the purpose of administering a special function or functions. The General Assembly may establish such taxes as are in accordance with the Constitution of the State and of the United States. It may propose amendments to the State Constitution, which must be embodied in a regular legislative bill and passed by three-fifths of the total membership of each House. All amendments to the Constitution must be submitted to the voters at the next general election after passage.

All bills passed by the General Assembly become law when signed by the Governor, or passed over his veto by three-fifths of the membership of each House, on the first day of June after the session in which the law was passed; except (1) when a later date is specified in the Act or (2) when the bill is declared an emergency measure and passed by three-fifths of the total number of members of each House, in which case the bill becomes law immediately upon its approval by the Governor.

The General Assembly may add a referendum provision to any local bill but may not submit a state-wide bill to referendum (with the exception of a Soldiers' Bonus Bill). Any state-wide bill, except an appropriation bill, and any local bill which concerns a county or Baltimore City may be submitted to a referendum by petition. No bill subject to a referendum shall be enforceable until approved by a majority of the voters at the election in which the referred bill is voted upon, except an emergency bill, which shall be effective immediately and shall remain effective thirty days following its rejection by the voters (XVI).

The House of Delegates has sole power of impeachment of any officer of the State. A majority of the whole number of members of the House must approve any bill of impeachment. The Senate tries all impeachment cases, and two-thirds of the total number of Senators must concur in a verdict of guilty (III, 26).

Both Houses elect the State Treasurer by a joint ballot. Every fourth year the General Assembly also elects the Governor if the popular election has resulted in a tie or the winning candidate is ineligible; and, should the office become vacant while the General Assembly is in session, then it shall elect a successor; otherwise, the President of the Senate succeeds to the office until the next regular session.

A HISTORY OF

THE 1960 SESSION OF THE GENERAL ASSEMBLY

The General Assembly of Maryland met in approximately its 326th session on February 3, 1960. It adjourned on the evening of the 30th day, being March 3.

A total of 298 bills was introduced, of which 127 were Senate bills and 171 were House bills. Fifty-two Senate bills passed both Houses and the Governor signed all of them. Seventy House bills passed both Houses, and of these, the Governor signed 66 and vetoed 4.

Since the Governor made these 4 vetoes after the General Assembly had adjourned, these bills were returned to the House at the 1961 Session, and the vetoes were sustained.

Thirty-one joint resolutions were introduced, 11 in the Senate and 20 in the House. Five Senate Joint Resolutions and 13 House Joint Resolutions passed both Houses.

The General Assembly of 1960 revised the Interstate Compact on the Potomac River Basin in order to broaden the powers of the Interstate Commission on the Potomac River Basin. This Compact of 1958 was passed by the 1959 Legislature to supersede the Compact of 1785 in controlling relationships between Maryland and Virginia concerning fisheries in the Potomac River. It was subsequently ratified by the voters of Maryland at the November 1960 election.

An important piece of legislation enacted at the 1960 Session was the State Boat Act. It provides for the numbering and regulation of boats jointly by the Department of Tidewater Fisheries and the Department of Game and Inland Fish. Under this Act, boating accidents must be reported to the Department of Tidewater Fisheries. The Act also regulates operators of boats towing water skiers.

Another Act dealing with the out-of-doors was the "Open Spaces" bill. The Legislature enacted this bill in order to conserve Maryland's natural and scenic resources which are in danger of obliteration by urban development.

The Maryland Commission on Alcoholism was established by the 1960 General Assembly in recognition of the public health problem created by alcoholism. The Commission's purpose is to prescribe laws and programs to control and treat the illness.

Two uniform acts were adopted. One was designed to govern the transfer of securities by fiduciaries. The other uniform law regulates the use of facsimile signatures and seals of public officials on certificates of indebtedness.

The Legislature in 1960 proposed four amendments to the Constitution of Maryland which were ratified by the voters. Two of these amended the Declaration of Rights to the Constitution to keep assessments on farm property at their traditional level even though such property might be more valuable if subdivided and used otherwise. Another amendment increased the membership of the Court of Appeals from five to seven judges, five of whom comprise a quorum. The fourth amendment modified the powers of counties to contract debts. It permits counties to make grants of public funds to industrial development corporations, if they so desire.

A total budget of \$482,285,954 was proposed by the Governor and passed by the General Assembly. It appropriated \$233,146,175 in general funds, \$164,251,006 in special funds, and \$84,888,773 in federal funds. The 1960 session of the Legislature also authorized a State debt of \$20,268,000 for building construction.

A HISTORY OF THE 1961 SESSION OF THE GENERAL ASSEMBLY

The General Assembly of Maryland met in approximately its 327th session on January 4, 1961. It adjourned on the evening of the 88th day, being April 1. As in the 1959 and 1960 Sessions, there were only ten minority members in both Houses of the Legislature. The elections of 1958 had returned to the House of Delegates 116 Democrats and 7 Republicans, and to the Senate, 26 Democrats and 3 Republicans.

A total of 1551 bills was introduced, of which 575 were Senate bills and 976 were House bills. Four hundred fourteen Senate bills passed both Houses, and of these, the Governor signed 408 and vetoed 6. Five hundred twelve House bills passed both Houses, and of these, the Governor signed 499 and vetoed 13.

Since the Governor made the 19 vetoes after the General Assembly had adjourned, these bills must be returned to the two Houses at the next session for a vote on sustaining or overriding the vetoes.

Ninety-eight joint resolutions were introduced, 35 in the Senate and 63 in the House. Sixteen Senate Joint Resolutions and 35 House Joint Resolutions passed both Houses.

Among the more important legislation enacted at the 1961 Session were three bills to place the activities and stock issuance of savings and loan associations under State control and regulation. The Legislature established a Department of Building, Savings and Loan Associations operative on June 1, 1961. This Act, however, must be submitted by referendum to the voters in 1962. Another bill required savings and loan associations to obtain approval of the Attorney General for stock sales and transfers in the interim.

The General Assembly of 1961 enacted legislation to implement Section 41C of Article IV of the Constitution of Maryland, which was approved by the voters at the November 1960 elections. This amendment created a Municipal Court in Baltimore City to replace the former system of lower municipal courts. After approval by the voters, the amendment required additional legislation to provide for the appointment of judges and other personnel and to establish the general organization and operation of the Municipal Court.

The Legislature of 1961 proposed only one amendment to the Constitution of Maryland which is to be submitted to the voters in 1962. Its purpose is to change the procedure for the immediate taking of property condemned for public use in Baltimore City.

Several important bills altered the tax program of the State in order to provide an additional \$10,000,000 to the local subdivisions to help the counties and Baltimore City finance their education and welfare programs. This method of appropriation permits each subdivision to determine its most essential needs for the funds. To implement this, a uniform tax of 6 cents per pack on cigarettes was imposed, and the sales and use tax base was lowered from 50 cents to 25 cents and its application revised.

The 1960 census entitled Maryland to an additional Representative in Congress. An Act was passed to create an Eighth Congressional District, comprising Howard and Prince George's Counties, and to revise the present boundaries of the Third and Fifth Districts. This Act must be submitted by referendum to the voters in 1962.

Another controversial bill which was passed by the General Assembly of 1961 was signed by the Governor revised the unemployment compensation laws. It increased the maximum amount payable to an unemployed individual and, at the same time, tightened requirements for eligibility. This Act must also be submitted to the voters in 1962.

Important revisions were made by the Legislature of 1961 in the organization of certain State agencies. The Patuxent Institution was made independent of the Department of Correction. A Board of Health and Mental Hygiene was created to coordinate the activities of the two original departments. The office of Commissioner of the Department of Motor Vehicles was included within the State Merit System. The Legislature also passed a bill to extend the Department's driver education program to a wider range of high school students.

Important local measures included an Act to establish a Metropolitan Transit Authority for the Baltimore metropolitan area. The Legislature also passed several bills granting authority to counties and municipalities to carry out urban renewal programs.

The budget bill, as proposed by the Governor and enacted by the General Assembly, was the largest in the history of the State. It appropriated \$252,919,174 in general funds, \$178,283,383 in special funds, and \$93,337,282 in federal funds, making a total budget of \$524,539,839. In addition, a State debt of \$18,180,000 was authorized for building construction.

Proposed legislation to enact two of the most thoroughly debated issues of the 1961 Session failed. These were reapportionment of the State Legislative Districts to conform to current population, and referenda on slot machines now operated in four counties of Maryland. A proposal to increase taxes on beer to provide additional State revenue also failed.

The Court of Appeals is the highest tribunal of the State of Maryland. It was created by the Constitution of 1776. From 1777 to 1805 the Court sat in Annapolis, on the Western Shore. Between 1805 and 1851 it sat at Easton on the Eastern Shore, as well. Since 1851 the Court has met only at Annapolis.

By the terms of the reorganization Act of 1960, Ch. 11, the Court is composed of seven judges, five of whom shall sit in each case unless the Court shall direct that an additional judge or judges sit for any case. One judge is to be elected from each of the first five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit, which is Baltimore City. The terms of the Judges are for fifteen years. The Governor designates the Chief Judge.

The Court hears appeals from the decisions of the Circuit Courts for the counties and the several courts of Baltimore and also considers applications for leave to appeal under the Post Conviction Procedure Act (Code 1957, Art. 27, secs. 645A-645J) and the Defective Delinquents Act (Code 1957, Art. 31B, sec. 11). The Court also admits all eligible candidates to the State Bar. The term of the Court begins the second Monday of September in each year.

The Chief Judge of the Court of Appeals is the chief administrative officer of the State's judiciary. The Court of Appeals makes rules for the conduct of its own practice and procedure and that of the various trial courts of the State. The Chief Judge may also assign the Judges of the various Circuits to duties in other Circuits and to the Court of Appeals for any purpose.

The Clerk of the Court of Appeals is appointed by the Court. He maintains the docket, receives the briefs and transcripts of all appeals filed with the Court, and maintains official custody of the decisions of the Court, the Acts of the General Assembly, and of all other records which the law may require to be filed with the Court (Const. 1867, Art. IV, sec. 17).

The State Reporter, also appointed by the Court, is responsible for the publication of the *Maryland Reports*, which contain the official opinions of the Court (Const. 1867, Art. IV, secs. 14-18A).

I Counties

II Baltimore City

I. COUNTIES

The county officials are here divided into two groups: Judicial and Administrative. The administrative officials are listed according to the following functions: executive and legislative; fiscal; election; public safety; health, education, and welfare; planning, building, and inspection; licensing; liquor control; and extension and soil conservation services.

Several counties have begun to outgrow the traditional county offices. Two counties, Montgomery (in 1948) and Baltimore (in 1956), have adopted charter governments with special departments and officers which perform functions formerly exercised by the Board of County Commissioners. Even in these counties, however, most of the traditional offices remain, and though many of them are not regulated by charter, they work side by side with the new departments. For this reason, we have listed the officers of Montgomery and Baltimore counties, like those of other counties, according to function rather than according to the legal or administrative relationships their charters have created. Anne Arundel County (in 1947) also adopted the county manager system, but in this county the manager form functions within the General Assembly-county commissioner legislative framework rather than within the county council type of organization.

Methods of appointment and terms of office of the officials common to most of the counties are explained below. Such information about officers peculiar to any one county is given in footnotes. Unless otherwise indicated, all officers may be addressed at their respective county seats.

In Anne Arundel, Prince George's, and Montgomery counties, Departments of Public Works have charge of roads and are responsible to the County Commissioners or the County Council. In Baltimore County the line of authority runs to the County Administrative Officer, and thence to the County Executive. In Charles and Queen Anne's counties the Board of County Commissioners appoints the boards for three and four years, respectively. In Montgomery County the County Council appoints the Board for a six-year term. In the counties of Caroline, Carroll, Cecil, Dorchester, Garrett, Howard, Kent, and Worcester, the Boards of County Commissioners constitute ex officio a Board of License Commissioners. In Harford County the Liquor Control Board, and in Somerset County the State Appeal Board, serve ex officio as the Board of License Commissioners.

II. BALTIMORE CITY

When Baltimore City became a separate governmental entity, divorced from all county connections, it maintained the officers characteristic of Maryland county government at that time with the exception of those in the Executive Branch, who were called Mayor and Council rather than Board of County Commissioners. Since that time the expansion of the City has brought about a high degree of specialization in the executive and administrative agencies so that the present government of Baltimore, with the exception of the traditional county offices and functions, bears little resemblance to the government of most counties. Nevertheless, there seems to be sufficient resemblance between the city charter and the charters of Montgomery and Baltimore counties to justify grouping the city offices in categories similar to those worked out for the charter counties. Information about the methods of appointment and terms of office of the traditional county officers will be found on pp. 335-338. Such information about all other city officials will be found in the footnotes.

Charter of Maryland

TRANSLATED FROM THE LATIN ORIGINAL

CHARLES,* by the grace of God, of *England, Scotland, France, and Ireland*, KING, Defender of the Faith, &c. To ALL to whom these Presents shall come, GREETING.

II. WHEREAS, our well beloved and right trusty Subject CÆCILIVS CALVERT, Baron of BALTIMORE, in our Kingdom of *Ireland*, Son and Heir of GEORGE CALVERT, Knight, late Baron of BALTIMORE in our said Kingdom of *Ireland*, treading in the Steps of his Father, being animated with a laudable, and pious Zeal for extending the *Christian Religion*, and also the Territories of our Empire, hath humbly besought leave of US, that he may transport by his own Industry, and Expense, a numerous Colony of the *English Nation*, to a certain region, hereinafter described, in a Country hitherto uncultivated, in the parts of *America*, and partly occupied by Savages, having no Knowledge of the Divine Being, and that all that Region, with some certain Privileges, and Jurisdiction, appertaining unto the wholesome Government, and State of his Colony and Region aforesaid, may by our Royal Highness be given, granted, and confirmed unto him, and his heirs.

III. KNOW YE therefore, that WE, encouraging with our Royal Favour, the pious and noble Purpose of the aforesaid Baron of Baltimore, of our special Grace, certain Knowledge, and mere Motion, have GIVEN, GRANTED, and CONFIRMED, and by this our present CHARTER, for US, our Heirs, and Successors, do GIVE, GRANT, AND CONFIRM, unto the aforesaid CÆCILIVS, now Baron of BALTIMORE, his Heirs, and Assigns, all that Part of the Peninsula, or *Chersonese*, lying in the Parts of *America*, between the Ocean on the East, and the Bay of *Chesapeake* on the West, divided from the Residue thereof by a Right Line drawn from the Promontory, or Head-Land, called *Watkin's Point*, situate upon the Bay aforesaid, near the River of *Wighco*, on the West, unto the Main Ocean on the East; and between that Boundary on the South, unto that Part

* Charles the First, of England.

of the Bay of *Delaware* on the North, which lieth under the Fortieth Degree of North Latitude from the Æquinoctial, where *New-England* is terminated: And all the Tract of that Land within the Metes underwritten (*that is to say*) passing from the said Bay, called *Delaware Bay*, in a right line, by the degree aforesaid, unto the true Meridian of the first Fountain of the River of *Pattowmack*, thence verging toward the South, unto the further Bank of the said River, and following the same on the West and South, unto a certain place called *Cinquack*, situate near the Mouth of the said River, where it disembogues into the aforesaid Bay of *Chesapeake*, and thence by the shortest line unto the aforesaid Promontory or Place called *Watkin's Point*; so that the whole Tract of Land, divided by the Line aforesaid, between the Main Ocean, and *Watkin's Point*, unto the Promontory called *Cape-Charles*, and every the Appendages thereof, may entirely remain excepted for ever to US, our Heirs and Successors.

IV. ALSO WE do GRANT, and likewise CONFIRM unto the said Baron of BALTIMORE, his Heirs, and Assigns, all Islands and Islets within the Limits aforesaid, all and singular the Islands, and Islets, from the Eastern Shore of the aforesaid Region, toward the East, which have been, or shall be formed in the Sea, situate within Ten marine Leagues from the said Shore; with all and singular the Ports, Harbors, Bays, Rivers, and Straits belonging to the Region or Islands aforesaid, and all the Soil, Plains, Woods, Mountains, Marshes, Lakes, Rivers, Bays, and Straits, situate, or being within the Metes, Bounds, and Limits aforesaid, with the Fishings of every kind of Fish, as well of Whales, Sturgeons, and other royal Fish, as of other Fish, in the Sea, Bays, Straits, or Rivers, within the Premisses, and the Fish there taken: And moreover all Veins, Mines, and Quarries, as well opened as hidden, already found, or that shall be found within the Region, Islands, or Limits aforesaid, of Gold, Silver, Gems, and precious Stones, and any other whatsoever, whether they be of Stones, or Metals, or of any other Thing, or Matter whatsoever: And furthermore the PATRONAGES, and ADVOWNSONS of all churches which (with the increasing Worship and Religion of CHRIST) within the said Region, Islands, Islets, and Limits aforesaid, hereafter shall happen to be built, together with Licence and Faculty of erecting and founding Churches, Chapels, and Places of Worship, in convenient and suitable Places, within the Premisses, and of causing the same to be dedicated and consecrated according to the Ecclesiastical Laws of our Kingdom of *England*, with all,

and singular such, and as ample Rights, Jurisdictions, Privileges, Prerogatives, Royalties, Liberties, Immunities, and royal Rights, and temporal Franchises whatsoever, as well by Sea as by Land, within the Region, Islands, Islets, and Limits aforesaid, to be had, exercised, used, and enjoyed, as any Bishop of *Durham*, within the Bishoprick or County Palatine of *Durham*, in our Kingdom of *England*, ever heretofore hath had, held, used, or enjoyed, or of Right could, or ought to have, hold, use or enjoy.

V. AND WE do by these presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premisses (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs, and Successors; to HAVE, HOLD, POSSESS, and ENJOY the aforesaid Region, Islands, Islets, and other the Premisses, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns, forever. To HOLD of US, our Heirs and Successors, Kings of *England*, as of our Castle of *Windsor*, in our County of *Berks*, in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite*, nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of *Windsor*, every Year, on Tuesday in Easter-week: and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our mose especial Grace, certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plenitude of our royal Power and Prerogative, WE do, for Us, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. AND forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs

and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind, WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full, and absolute Power, by the Tenor of these Presents, to Ordain, Make, and Enact LAWS, of what kind soever, according to their sound Discretions, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall require, by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs, and duly to execute the same upon all Persons, for the Time being, within the aforesaid PROVINCE, and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outward-bound, either to *England*, or elsewhere, whether to any other Part of Our, or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents, and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE, or his Heirs, shall seem most fitting: And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; and to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceeding, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætorian Judicatories, and Tribunals, in all Actions, Suits, Causes, and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætorian: Which said Laws, so to be published as above said, WE will, en-

join, charge, and command, to be most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed. So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be not repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and rights of this Our Kingdom of *England*.

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen, to which it will be necessary to apply a Remedy, before the Freeholders of the said PROVINCE, their Delegates, or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately, on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the said now Baron of BALTIMORE, and to his Heirs, that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesom Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publickly to notify the same to all Persons whom the same in anywise do or may affect. Which Ordinances WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Rights of our Kingdom of *England*: and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life, Freehold, Goods or Chattels.

IX. FURTHERMORE, that the New Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers: WE therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, Licence and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport them-

selves and their Families to the said PROVINCE, with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength, at the Appointment of the aforesaid now Baron of BALTIMORE, and his Heirs, for the Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain, and commend, that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland*; and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England*; also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever, within our Kingdom of *England*, and other our Dominions, to inherit, or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England*, freely, quietly, and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England*, without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance, or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and chearful Mind: KNOW YE, that WE, of our especial Grace, certain Knowledge, and mere Motion, do, by the Tenor of these Presents, give and grant, as well to the aforesaid Baron of BALTIMORE, and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and

Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE, without the Impediment or Molestation of US, our Heirs or Successors, or of any officers of US, our Heirs or Successors, (SAVING unto Us, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes) any Statute, Act, Ordinance, or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs, and Successors, do Give by these Presents, as full and unrestrained Power, as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains, or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born, for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also WILL, and by this our CHARTER, do Give unto the aforesaid now Baron of BALTIMORE, and to his Heirs, and Assigns, Power, Liberty, and Authority, that, in Case of Rebellion, sudden Tumult, or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the PROVINCE aforesaid, or upon the High Sea in making a Voyage to the said PROVINCE of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of an Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves

from the Government of him or them, refusing to serve in War, flying over to the Enemy, exceeding their Leave of Absence, Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to, Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, WE, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards and Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into BUROUGHs, and Buroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premisses, which to him or them shall seem fitting and convenient; even although they shall be such as, in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. WE WILL also, and by these Presents do, for US, our Heirs and Successors, give and grant Licence by this our CHARTER, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and to all Persons whatsoever, who are, or shall be Residents and Inhabitants of the PROVINCE aforesaid, freely to import and unlade, by themselves, their Servants, Factors or Assigns, all Wares and Merchandizes whatsoever, which shall be collected out of the Fruits and Commodities of the said PROVINCE, whether the Product of the Land or the Sea, into any the Ports whatsoever of US, our Heirs and Successors, of *England* or *Ireland*, or otherwise to dispose of the same there; and, if Need be, within One Year, to be computed immediately from the Time of unlading thereof, to lade the same Merchandizes again, in the same, or other Ships, and to export the same to any other Countries they shall think proper, whether belonging to US, or any foreign Power which shall be in Amity with US, our Heirs or Successors: Provided always, that they be bound to pay for the same to US, our Heirs and Successors, such Customs and Impositions, Subsidies and Taxes, as our other Subjects of our Kingdom of *England*, for the Time being shall be bound to

pay, beyond which WE WILL that the Inhabitants of the aforesaid PROVINCE of the said Land, called MARYLAND, shall not be burdened.

XVI. AND FURTHERMORE, of our more ample special Grace, and of our certain Knowledge, and mere Motion, WE do, for US, our Heirs and Successors, grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Power and Authority to make, erect, and constitute, within the PROVINCE of MARYLAND, and the islands and Islets aforesaid, such, and so many Sea-Ports, Harbours, Creeks, and other Places of Unlading and Discharge of Goods and Merchandizes out of Ships, Boats, and other Vessels, and of Lading in the same, and in so many, and such places, and with such Rights, Jurisdictions, Liberties, and Privileges, unto such Ports respecting, as to him or them shall seem most expedient: And, that all and every the Ships, Boats, and other Vessels whatsoever, coming to, or going from the PROVINCE aforesaid, for the Sake of Merchandizing, shall be laden and unladen at such Ports only as shall be so erected and constituted by the said now Baron of BALTIMORE, his Heirs and Assigns, any Usage, Custom, or any other Thing whatsoever to the contrary notwithstanding. SAVING always to US, our Heirs and Successors, and to all the Subjects of our Kingdoms of *England* and *Ireland*, of US, our Heirs and Successors, the Liberty of Fishing for Sea-Fish as well in the Sea, Bays, Straits and navigable Rivers, as in the Harbours, Bays, and Creeks of the PROVINCE aforesaid; and the Privilege of Salting and Drying Fish on the Shores of the same PROVINCE; and, for that Cause, to cut down and take Hedging-Wood and Twigs there growing, and to build Huts and Cabbins, necessary in this Behalf, in the same Manner as heretofore they reasonably might, or have used to do. Which Liberties and Privileges, the said Subjects of US, our Heirs and Successors, shall enjoy, without notable Damage or Injury in any wise to be done to the aforesaid now Baron of BALTIMORE, his Heirs or Assigns, or to the Residents and Inhabitants of the same PROVINCE in the Ports, Creeks, and Shores aforesaid, and especially in the Woods and Trees there growing. And if any Person shall do damage or Injury of this kind, he shall incur the Peril and Pain of the heavy Displeasure of US, our Heirs and Successors, and of the due Chastisement of the Laws, besides making Satisfaction.

XVII. MOREOVER, WE will, appoint, and ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs

and Assigns, that the same Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, for ever, shall have, and enjoy the Taxes and Subsidies payable, or arising within the Ports, Harbours, and other Creeks and Places aforesaid, within the PROVINCE aforesaid, for Wares bought and sold, and Things there to be laden, and unladen, to be reasonably assessed by them, and the People there as aforesaid, on emergent Occasion; to Whom WE grant Power by these Presents, for US, our Heirs and Successors, to assess and impose the said taxes and Subsidies there, upon just Cause, and in due Proportion.

XVIII. AND FURTHERMORE, of our special Grace, and certain Knowledge, and mere Motion, WE have given, granted, and confirmed, and by these Presents, for US, our Heirs and Successors, do give, grant, and confirm, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Licence, Power, and Authority, that he, the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, from Time to Time hereafter, for ever, may and can, at his or their Will and Pleasure, assign, alien, grant, demise, or enfeoff so many, such, and proportionate Parts and Parcels of the Premises, to any Person or Persons willing to purchase the same, as they shall think convenient, to have and to hold to the same Person or Persons willing to take or purchase the same, and his and their Heirs and Assigns, in Fee-Simple, or Fee-tail, or for Term of Life, Lives, or Years; to hold of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, by so many, such, and so great Services, Customs and Rents OF THIS KIND, as to the same now Baron of Baltimore, his Heirs and Assigns, shall seem fit and agreeable, and not immediately of US, our Heirs or Successors. Constitution of Maryland

Constitution of Maryland

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND WAS RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND SIXTY¹

DECLARATION OF RIGHTS.

We, the People of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their Form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made, or which shall be made, in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are, and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby; anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the people thereof.

¹Including amendments proposed by the General Assemblies of 1959 and 1960 and adopted by the people in November, 1960. Amendment proposed by the General Assembly of 1961, to be voted on by the people in November 1962, is enclosed in brackets.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof, as a free, sovereign and independent State.

Art. 5. That the Inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that Law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from, or under the Charter granted by His Majesty Charles the First to Cæcilius Calvert, Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are the Trustees of the Public, and, as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought, to reform the old, or establish a new Government; the doctrine of non-resistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

Art. 7. That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose elections ought to be free and frequent; and every white¹ male citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

¹The words "white" and "male" are now ineffective, under the 15th and 19th Amendments to the Constitution of the United States.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art. 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity:

Art. 12. That for redress of grievances, and for amending, strengthening and preserving the Laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceable and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated or levied, under any pretense, without the consent of the Legislature.

¹Art. 15. That the levying of taxes by the poll is grievous and oppressive, and ought to be prohibited; that paupers ought not to be assessed for the support of the government; that the General Assembly shall, by uniform rules, provide for the separate assessment, classification and sub-classification of land, improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the Counties and by the City of Baltimore for their respective purposes, shall be uniform within each class or sub-class of land, improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet fines, duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Art. 16. That sanguinary Laws ought to be avoided as far as it is consistent with the safety of the State; and no Law to inflict cruel and unusual pains and penalties ought to be made in any case, or at any time, hereafter.

Art. 17. That retrospective Laws, punishing acts committed before the existence of such Laws, and by them only declared criminal are oppressive, unjust and incompatible with liberty; wherefore, no *ex post facto* Law ought to be made; nor any retrospective oath or restriction be imposed, or required.

¹ Thus amended by Chapter 64, Acts of 1960, ratified November 8, 1960.

Art. 18. That no Law to attaint particular persons of treason or felony, ought to be made in any case, or at any time, hereafter.

Art. 19. That every man, for any injury done to him in his person or property, ought to have remedy by the course of the Law of the Land, and ought to have justice and right, freely without sale, fully without any denial, and speedily without delay, according to the Law of the Land.

Art. 20. That the trial of facts, where they arise, is one of the greatest securities of the lives, liberties and estate of the People.

Art. 21. That in all criminal prosecutions, every man hath a right to be informed of the accusation against him; to have a copy of the Indictment, or charge, in due time (if required) to prepare for his defence; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath; and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.

Art. 22. That no man ought to be compelled to give evidence against himself in a criminal case.

Art. 23. That no man ought to be taken or imprisoned or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or, in any manner, destroyed, or deprived of his life, liberty or property, but by the judgment of his peers, or by the Law of the Land.

Art. 24. That Slavery shall not be re-established in this State; but having been abolished under the policy and authority of the United States, compensation, in consideration thereof, is due from the United States.

Art. 25. That excessive bail ought not to be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted, by the Courts of Law.

Art. 26. That all warrants, without oath or affirmation, to search suspected places, or to seize any person or property, are grievous and oppressive; and all general warrants to search suspected places, or to apprehend suspected persons, without naming or describing the place, or the person in special, are illegal, and ought not to be granted.

Art. 27. That no conviction shall work corruption of blood or forfeiture of estate.

Art. 28. That a well regulated Militia is the proper and natural defence of a free Government.

Art. 29. That Standing Armies are dangerous to liberty, and ought not to be raised, or kept up, without the consent of the Legislature.

Art. 30. That in all cases, and at all times, the military ought to be under strict subordination to, and control of, the civil power.

Art. 31. That no soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, except in the manner prescribed by Law.

Art. 32. That no person except regular soldiers, marines, and mariners in the service of this State, or militia, when in actual service, ought, in any case, to be subject to, or punishable by Martial Law.

Art. 33. That the independency and uprightness of Judges are essential to the impartial administration of Justice, and a great security to the rights and liberties of the People: Wherefore, the Judges shall not be removed, except in the manner, and for the causes provided in this Constitution. No Judge shall hold any other office, civil or military or political trust, or employment of any kind, whatsoever, under the Constitution or Laws of this State, or of the United States, or any of them; or receive fees, or perquisites of any kind, for the discharge of his official duties.

Art. 34. That a long continuance in the Executive Departments of power or trust is dangerous to liberty; a rotation therefore, in those departments is one of the best securities of permanent freedom.

Art. 35. That no person shall hold, at the same time, more than one office of profit, created by the Constitution or Laws of this State; nor shall any person in public trust receive any present from any foreign Prince or State, or from the United States, or any of them, without the approbation of this State.

Art. 36. That as it is the duty of every man to worship God in such manner as he thinks most acceptable to Him, all persons are equally entitled to protection in their religious liberty; wherefore, no person ought by any law to be molested in his person or estate, on account of his religious persuasion, or profession, or for his religious practice, unless, under the color of religion, he shall disturb the good order, peace or safety of the State, or shall infringe

the laws of morality, or injure others in their natural, civil or religious rights; nor ought any person to be compelled to frequent, or maintain, or contribute, unless on contract, to maintain, any place of worship, or any ministry; nor shall any person, otherwise competent, be deemed incompetent as a witness, or juror, on account of his religious belief; provided, he believes in the existence of God, and that under His dispensation such person will be held morally accountable for his acts, and be rewarded or punished therefor either in this world or in the world to come.

Art. 37. That no religious test ought ever to be required as a qualification for any office of profit or trust in this State, other than a declaration of belief in the existence of God; nor shall the Legislature prescribe any other oath of office than the oath prescribed by this Constitution.

¹Art. 38. That every gift, sale or devise of land to any Minister, Public Teacher, or Preacher of the Gospel, as such, or to any Religious Sect, Order or Denomination, or to, or for the support, use or benefit of, or in trust for, any Minister, Public Teacher, or Preacher of the Gospel, as such, or any Religious Sect, Order or Denomination; and every gift or sale of goods, or chattels to go in succession, or to take place after the death of the Sellor or Donor, to or for such support, use or benefit; and also every devise of goods or chattels to or for the support, use or benefit of any Minister, Public Teacher, or Preacher of the Gospel, as such, or any Religious Sect, Order or Denomination, without the prior or subsequent sanction of the Legislature, shall be void; except always, any sale, gift, lease or devise of any quantity of land, not exceeding five acres, for a church, meeting-house, or other house of worship, or parsonage, or for a burying ground, which shall be improved, enjoyed or used only for such purpose; or such sale, gift, lease or devise shall be void. Provided, however, that except in so far as the General Assembly shall hereafter by law otherwise enact, the consent of the Legislature shall not be required to any gift, grant, deed, or conveyance executed after the 2nd day of November, 1948, or to any devise or bequest contained in the will of any person dying after said 2nd day of November, 1948, for any of the purposes hereinabove in this Article mentioned.

Art. 39. That the manner of administering an oath or affirmation to any person, ought to be such as those of the religious persuasion, profession, or denomination, of which

¹ Thus amended by Chapter 623, Acts of 1947, ratified November 2, 1948.

he is a member, generally esteem the most effectual confirmation by the attestation of the Divine Being.

Art. 40. That the liberty of the press ought to be inviolably preserved; that every citizen of the State ought to be allowed to speak, write and publish his sentiments on all subjects, being responsible for the abuse of that privilege.

Art. 41. That monopolies are odious, contrary to the spirit of a free government and the principles of commerce, and ought not to be suffered.

Art. 42. That no title of nobility or hereditary honors ought to be granted in this State.

¹Art. 43. That the Legislature ought to encourage the diffusion of knowledge and virtue, the extension of a judicious system of general education, the promotion of literature, the arts, sciences, agriculture, commerce and manufactures, and the general melioration of the condition of the People. The Legislature may provide that land actively devoted to farm or agricultural use shall be assessed on the basis of such use and shall not be assessed as if sub-divided.

Art. 44. That the provisions of the Constitution of the United States, and of this State, apply, as well in time of war, as in time of peace; and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good Government, and tends to anarchy and despotism.

Art. 45. This enumeration of Rights shall not be construed to impair or deny others retained by the People.

SEC. 5. Upon every occurrence or recurrence of a vacancy through death, resignation, removal, disqualification by reason of age or otherwise, or expiration of the term of fifteen years of any judge, or creation of the office of any judge, or in any other way, the Governor shall appoint a person duly qualified to fill said office, who shall hold the same until the election and qualification of his successor; except that when a vacancy shall exist in the office of Chief Judge of the Supreme Bench of Baltimore City, the Governor may designate an Associate Judge of said Supreme Bench as Chief Judge of said Supreme Bench, and such appointee as Chief Judge shall hold such office for the residue of the term for which he was last elected an Associate Judge of said Supreme Bench. His successor shall be elected at the first biennial general election for Representatives in Congress after the expiration of the term of fifteen years (if the vacancy occurred in that way) or the first such general election after one year after the occurrence of the vacancy in any other way than through expiration of such term. Except in case of reappointment of a judge upon expiration of his term of fifteen years, no person shall be appointed who will become disqualified by reason of age and thereby unable to continue to hold office until the prescribed time when his successor would have been elected.¹

SEC. 6. All Judges shall, by virtue of their offices, be Conservators of the Peace throughout the State; and no fees, or perquisites, commission, or reward of any kind; shall be allowed to any Judge in this State, besides his annual salary, for the discharge of any Judicial duty.

SEC. 7. No Judge shall sit in any case wherein he may be interested, or where either of the parties may be connected with him, by affinity or consanguinity, within such degrees as now are, or may hereafter be prescribed by Law, or where he shall have been of counsel in the case.

SEC. 8. The parties to any cause may submit the same to the Court for determination without the aid of a jury, and in all suits or actions, at law issues from the Orphans' Court, or from any court sitting in equity and in all cases of Presentments or indictments for offences, which are or may be punishable by death, pending in any of the courts of law in this State having jurisdiction thereof upon suggestion in writing under oath of either of the parties to said proceedings that such party cannot have a fair and impartial trial

in the court in which the same may be pending, the said court shall order and direct the record of proceedings in such suit or action, issue presentment, or indictment, to be transmitted to some other court having jurisdiction in such case for trial, but in all other cases of presentment or indictment, pending in any of the Courts of law in this State having jurisdiction thereof, in addition to the suggestion in writing of either of the parties to such presentment or indictment that such party cannot have a fair and impartial trial in the court in which the same may be pending, it shall be necessary for the party making such suggestion to make it satisfactorily appear to the Court that such suggestion is true, or that there is reasonable ground for the same, and thereupon the said court shall order and direct the record of proceedings in such presentment or indictment to be transmitted to some other Court having jurisdiction in such cases for trial and such right of removal shall exist upon suggestion in cases where all the Judges of said Court may be disqualified under the provisions of this Constitution to sit in any such case and said Court to which the record of proceedings in such suit, or action, issue, presentment or indictment may be so transmitted shall hear and determine the same in like manner as if such suit or action, issue, presentment or indictment had been originally instituted therein, and the General Assembly shall make such modification of existing law as may be necessary to regulate and give force to this provision.¹

SEC. 9. The Judge, or Judges of any Court, may appoint such officers for their respective Courts as may be found necessary; and such officers of the Courts in the City of Baltimore shall be appointed by the Judges of the Supreme Bench of Baltimore city. It shall be the duty of the General Assembly to prescribe, by Law, a fixed compensation for all such officers; and said Judge or Judges shall, from time to time, investigate the expenses, costs and charges of their respective courts, with a view to a change or reduction thereof, and report the result of such investigation to the General Assembly for its action.

SEC. 10. The Clerks of the several Courts, created, or continued by this Constitution, shall have charge and custody of the records and other papers, shall perform all the duties, and be allowed the fees, which appertain to their several offices, as the same now are, or may hereafter be regulated by Law. And the office and business of said Clerks, in

all their departments, shall be subject to the visitorial power of the Judges of their respective Courts, who shall exercise the same, from time to time, so as to insure the faithful performance of the duties of said officers; and it shall be the duty of the Judges of said Courts respectively, to make, from time to time, such rules and regulations as may be necessary and proper for the government of said Clerks, and for the performance of the duties of their offices, which shall have the force of Law until repealed or modified by the General Assembly.

SEC. 11. The election for Judges, hereinbefore provided, and all elections for Clerks, Registers of Wills, and other officers, provided in this Constitution, except State's Attorneys, shall be certified, and the returns made, by the Clerks of the Circuit Courts of the Counties, and the Clerk of the Superior Court of Baltimore city, respectively, to the Governor, who shall issue commissions to the different persons for the offices to which they shall have been, respectively, elected; and in all such elections, the person having the greatest number of votes shall be declared to be elected.

SEC. 12. If in any case of election for Judges, Clerks of the Courts of Law, and Registers of Wills, the opposing candidates shall have an equal number of votes, it shall be the duty of the Governor to order a new election; and in case of any contested election, the Governor shall send the returns to the House of Delegates, which shall judge of the election and qualification of the candidates at such election; and if the judgment shall be against the one who has been returned elected, or the one who has been commissioned by the Governor, the House of Delegates shall order a new election within thirty days.

SEC. 13. All Public Commissions and Grants shall run thus: "The State of Maryland, etc.," and shall be signed by the Governor, with the Seal of the State annexed; all writs and process shall run in the same style, and be tested, sealed and signed, as heretofore, or as may hereafter be, provided by Law; and all indictments shall conclude, "against the peace, government and dignity of the State."

¹ SEC. 13A. The General Assembly shall provide by General Law for the assignment by the Court of Appeals of any of the Chief Judges and any of the Associate Judges of the several Judicial Circuits of this State, including any Judge of the Court of Appeals from Baltimore City, and any of the Judges of the Supreme Bench of Baltimore, to sit in any

other or different Judicial Circuits for designated and limited periods, for the purpose of relieving accumulation of business or because of the indisposition or disqualification of any judge. And any judge so assigned by the Court of Appeals shall have all the power and authority pertaining to the judge of the court to which he is assigned.

Part II—Court of Appeals.

SEC. 14. The Court of Appeals shall be composed of seven judges, one from the First Appellate Judicial Circuit consisting of Cecil, Kent, Queen Anne's, Caroline, Talbot, Dorchester, Wicomico, Worcester and Somerset counties; one from the Second Appellate Judicial Circuit consisting of Baltimore and Harford counties; one from the Third Appellate Judicial Circuit, consisting of Allegany, Frederick, Garrett, Montgomery and Washington counties; one from the Fourth Appellate Judicial Circuit, consisting of Prince George's, Calvert, Charles and St. Mary's counties; one from the Fifth Appellate Judicial Circuit, consisting of Anne Arundel, Carroll and Howard counties; and two from the Sixth Appellate Judicial Circuit, consisting of Baltimore City. The Judges of the Court of Appeals shall be residents of and be elected by the qualified voters of their respective Appellate Judicial Circuits. The term of each Judge of the Court of Appeals shall begin on the date of his qualification except that each of the Judges of the Court of Appeals in office at the time this amendment to the Constitution takes effect shall continue to hold office for the balance of the term for which he was elected or appointed or until he shall have attained the age of seventy years, whichever may first happen. One of the Judges of the Court of Appeals shall be designated by the Governor as the Chief Judge. The jurisdiction of the Court of Appeals shall be co-extensive with the limits of the State and such as now is or may hereafter be prescribed by law. It shall hold its sessions in the City of Annapolis at such time or times as it shall from time to time by rule prescribe. Its session or sessions shall continue not less than ten months in each year, if the business before it shall so require, and it shall be competent for the judges temporarily to transfer their sittings elsewhere upon sufficient cause. The salary of each Judge of the Court of Appeals shall be that now or hereafter prescribed by the General Assembly and shall not be diminished during his continuance in office. Five of the judges shall constitute a quorum, and five judges shall sit in each case unless the Court shall direct that an additional judge or judges sit for any case. The concurrence of a

majority of those sitting shall be sufficient for the decision of any cause, and an equal division of those sitting in a case has the effect of affirming the decision appealed from if there is no application for re-argument as hereinafter provided. In any case where there is an equal division or a three to two division of the Court a re-argument before the full Court of seven judges shall be granted to the losing party upon application as a matter of right.¹

² SEC. 15. The Judge who heard the cause below shall not participate in the decision; in every case an opinion, in writing, shall be filed within three months after the argument, or submission of the cause; and the judgment of the Court shall be final and conclusive; and all cases shall stand for hearing at the first term after the transmission of the Record.

SEC. 16. Provision shall be made by Law for publishing Reports of all causes, argued and determined in the Court of Appeals, which the Judges shall designate as proper for publication.

SEC. 17. There shall be a Clerk of the Court of Appeals, who shall be appointed by and shall hold his office at the pleasure of said Court of Appeals.³

⁴ SEC. 18. It shall be the duty of the Judges of the Court of Appeals to make and publish rules and regulations for the prosecution of appeals to said appellate Court, whereby they shall prescribe the periods within which appeals may be taken, what part or parts of the proceedings in the Court below shall constitute the record on appeal, and the manner in which such appeals shall be brought to hearing or determination, and shall regulate, generally, the practice of said Court of Appeals, so as to prevent delays, and promote brevity in all records and proceedings brought into said Court, and to abolish and avoid all unnecessary costs and expenses in the prosecution of appeals therein; and the said Judges shall make such reduction in the fees and expenses of the said Court as they may deem advisable. It shall also be the duty of said Judges of the Court of Appeals to devise, and promulgate by rules, or orders, forms and modes of framing and filing bills, answers, and other proceedings and pleadings in Equity; and also forms and modes of taking and obtaining evidence, to be used in

Equity cases; and to revise and regulate, generally, the practice in the Courts of Equity of this State, so as to prevent delays, and to promote brevity and conciseness in all pleadings and proceedings therein, and to abolish all unnecessary costs and expenses attending the same. And all rules and regulations hereby directed to be made, shall, when made, have the force of Law, until rescinded, changed, or modified by the said Judges, or the General Assembly.

¹ SEC. 18A. The Chief Judge of the Court of Appeals shall be the administrative head of the judicial system of the State. He shall from time to time require, from each of the judges of the Circuit Courts for the several counties and of the Supreme Bench of Baltimore City, reports as to the judicial work and business of each of the judges and their respective courts. He may, in case of a vacancy or of illness, disqualification or other absence of one or more judges of the Court of Appeals, designate any judge of any of the Circuit Courts for the counties or of the Supreme Bench of Baltimore City to sit in any case or for a specified period as a judge of the Court of Appeals in lieu of a judge of that court, and may designate, to sit as a judge of the Circuit Court for any county or of any Court or Courts of Baltimore City, either alone or with one or more other judges, in any case or for a specified period, any judge of the Court of Appeals or of any other Circuit Court or of the Supreme Bench of Baltimore City. In the absence of the Chief Judge of the Court of Appeals the provisions of this Section shall be applicable to the senior judge present. The powers of the Chief Judge under the foregoing provisions of this section shall be subject to such rules and regulations, if any, as the Court of Appeals may make. The Court of Appeals from time to time shall make rules and regulations to regulate and revise the practice and procedure in that Court and in the other courts of this State, which shall have the force of law until rescinded, changed or modified by the Court of Appeals or otherwise by law. The power of the courts other than the Court of Appeals to make rules of practice and procedure shall be subject to the rules and regulations prescribed by the Court of Appeals or otherwise by law.

Part III—Circuit Courts.

² SEC. 19. The State shall be divided into eight Judicial Circuits, in manner following, viz.: The Counties of Worcester, Wicomico, Somerset, and Dorchester, shall consti-

tute the First Circuit; the Counties of Caroline, Talbot, Queen Anne's, Kent and Cecil, the Second; the Counties of Baltimore and Harford, the Third; the Counties of Allegany, Garrett, and Washington, the Fourth; the Counties of Carroll, Howard and Anne Arundel, the Fifth; the Counties of Montgomery and Frederick, the Sixth; the Counties of Prince George's, Charles, Calvert, and St. Mary's, the Seventh; and Baltimore City, the Eighth.

SEC. 20. A Court shall be held in each County of the State, to be styled the Circuit Court for the County in which it may be held. The said Circuit Courts shall have and exercise, in the respective counties, all the power, authority and jurisdiction, original and appellate, which the present Circuit Courts of this State now have and exercise, or which may hereafter be prescribed by Law.

SEC. 21. From and after January 1, 1955, there shall be in the third, fourth, fifth, sixth and seventh circuits at least one judge for each county, who shall be a resident of the county in which he shall hold office, and who shall be elected by the voters thereof, to be styled judges of the Circuit Court, to be elected or appointed as herein provided. The number of judges for any of the circuits or for any of the counties, may be increased or decreased by the General Assembly from time to time, and any vacancy so created shall be filled as provided in Section 5 of this Article except that in the third, fourth, fifth, sixth and seventh judicial circuits there shall never be less than one judge for each county and in all of the circuits there shall never be less than four for each circuit. The senior judge in length of service shall be the chief judge of the circuit; the other judge or judges shall be associate judges. In the first and second judicial circuits no two of said judges of the Circuit Court shall at the time of their election or appointment, or during the term for which they may have been elected or appointed, reside in any one county. In the first and second judicial circuits, in case any candidate or candidates for judge at any election shall receive sufficient votes to cause such candidate or candidates to be declared elected, but the election of such candidate or candidates would cause more judges than herein permitted to reside in any county of the circuit, then and in that event there shall be declared elected only that candidate or those candidates residing in said county, in the order of the votes received, whose election would provide the permitted number of judges from said county, and also the candidate or candidates residing in some other county, and not similarly disqualified, who shall

have the next highest number of votes in said election. If, by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of judges duly qualified as to residence shall not be elected at any election, then it shall be the duty of the Governor to order a new election for such unfilled office or offices. From and after December 1, 1954, there shall be not less than two judges resident in Anne Arundel County, and not less than three judges resident in Baltimore County. From and after December 1, 1960, there shall be not less than four judges resident in Prince George's County. From and after December 1, 1960, there shall be not less than five judges resident in Montgomery County.

Notwithstanding any other provision of this Article the vacancy in Montgomery County created by the adoption of this amendment shall not be filled by appointment as provided in Section 5 of this Article, but at the first biennial general election for Representatives in Congress, after the adoption of this amendment a judge shall be elected by the qualified voters of Montgomery County to fill such vacancy in such county. Any other vacancy in the office of Judge of the Circuit Court for Montgomery County and any vacancy in the second judicial circuit shall be filled as provided in Sections 3 and 5 of this Article, except that the person initially appointed to fill the vacancy in the second judicial circuit shall be a resident of Kent County.

The said judges shall hold such terms of the Circuit Court in each of the counties composing their respective circuits, at such times as are now prescribed or may hereafter be prescribed by rules or regulations by the Court of Appeals or otherwise by law. One judge in each of the first seven circuits shall constitute a quorum for the transaction of any business; and the said judges, or any of them, may hold special terms of their Courts, when in their discretion, the business of the several counties renders such terms necessary.

All provisions of the Constitution of Maryland and all Acts of the General Assembly relating to the Court of Appeals or any other courts, and all rules heretofore adopted by the Court of Appeals, not inconsistent with the provisions of the sections amended or added by this amendment, shall remain in full force and effect unless and until amended or repealed by proper authority. All salaries now prescribed by law for associate judges of the Circuit Courts shall continue to apply to all judges (including chief judges) of the Circuit Court. No member of the General Assembly at

which either of these amendments was proposed, or at which the number or salary of judges for any of the eight circuits or for any of the counties may be or may have been increased or decreased by the General Assembly from time to time, if otherwise qualified, shall be ineligible for appointment or election as judge of the Court of Appeals or any other court by reason of his membership in such General Assembly.

In the event and to the extent of any inconsistency between the provisions of any section amended or added by these amendments and any of the other provisions of this Constitution or the provisions of any existing law, the provisions of the sections amended or added shall prevail, and such other provisions shall be repealed or abrogated to the extent of such inconsistency, except Section 35A of Article III of this Constitution; provided, however, that in the event of any inconsistency between the provisions of the sections thus amended or added and any of the other provisions of the sections thus amended or added and any of the other provisions of this Constitution as amended by any other amendments which may be adopted at the same time or times as these amendments, i.e. at the election held in November, 1944, or at the election held in November, 1954, or at the election held in November, 1960, the changes made by these amendments and all such other amendments to this Constitution shall all be given effect.¹

SEC. 22. Where any Term is held, or trial conducted by less than the whole number of said Circuit Judges, upon the decision or determination of any point, or question, by the Court, it shall be competent to the party, against whom the ruling or decision is made, upon motion, to have the point, or question reserved for the consideration of the three Judges of the Circuit, who shall constitute a court in *banc* for such purpose; and the motion for such reservation shall be entered of record, during the sitting, at which such decision may be made; and the several Circuit Courts shall regulate, by rules, the mode and manner of presenting such points, or questions to the court in *banc*, and the decision of the said Court in *banc* shall be the effective decision in the premises, and conclusive, as against the party, at whose motion said points, or questions were reserved; but such decision in *banc* shall not preclude the right of appeal, or writ of error to the adverse party, in those cases, civil or criminal, in which appeal, or writ of error to the Court of Appeals may be allowed by Law. The right of having questions

reserved shall not, however, apply to trials of Appeals from judgments of Justices of the Peace, nor to criminal cases below the grade of felony, except when the punishment is confinement in the Penitentiary; and this Section shall be subject to such provisions as may hereafter be made by Law.

SEC. 23. The Judges of the respective Circuit Courts of this State, and of the Courts of Baltimore city, shall render their decisions, in all cases argued before them, or submitted for their judgment, within two months after the same shall have been so argued or submitted.

SEC. 24. The salary of each Chief Judge and of each Associate Judge of the Circuit Court shall not be diminished during his continuance in office.¹

SEC. 25. There shall be a Clerk of the Circuit Court for each County, who shall be elected by a plurality of the qualified voters of said County, and shall hold his office for four years from the time of his election, and until his successor is elected and qualified, and be re-eligible, subject to be removed for wilful neglect of duty or other misdemeanor in office, on conviction in a Court of Law. In case of a vacancy in the office of Clerk of a Circuit Court, the Judges of said Court shall have power to fill such vacancy until the general election for Delegates to the General Assembly, to be held next thereafter, when a successor shall be elected for the term of four years.²

SEC. 26. The said Clerks shall appoint, subject to the confirmation of the Judges of their respective Courts, as many deputies under them, as the said Judges shall deem necessary to perform, together with themselves, the duties of the said office, who shall be removable by the said Judges for incompetency, or neglect of duty, and whose compensation shall be according to existing, or future provisions of the General Assembly.

Part IV—Courts of Baltimore City.

SEC. 27. There shall be in the Eighth Judicial Circuit, six Courts, to be styled the Supreme Bench of Baltimore City, the Superior Court of Baltimore City, the Court of Common Pleas, the Baltimore City Court, the Circuit Court of Baltimore City³ and the Criminal Court⁴ of Baltimore.

SEC. 28. The Superior Court of Baltimore City, the Court of Common Pleas, and the Baltimore City Court¹ shall, each, have concurrent jurisdiction in all civil common Law cases, and concurrently, all the jurisdiction which the Superior Court of Baltimore City and the Court of Common Pleas now have, except jurisdiction in Equity, and except in applications for the benefit of the Insolvent Laws of Maryland, and in cases of Appeal from judgments of Justices of the Peace in said City, whether civil or criminal, or arising under the ordinances of the Mayor and City Council of Baltimore, of all of which appeal cases the Baltimore City Court shall have exclusive jurisdiction; and the said Court of Common Pleas shall have exclusive jurisdiction in all applications for the benefit of the Insolvent Laws of Maryland, and the supervision and control of the Trustees thereof.

SEC. 29. The Circuit Court of Baltimore City shall have exclusive jurisdiction in Equity within the limits of said city, and all such jurisdiction as the present Circuit Court of Baltimore City has; provided, the said Court shall not have jurisdiction in applications for the writ of *habeas corpus* in cases of persons charged with criminal offenses.

SEC. 30. The Criminal Court of Baltimore shall have and exercise all the jurisdiction, now held and exercised by the Criminal Court of Baltimore, except in such appeal cases as are herein assigned to the Baltimore City Court.

SEC. 31. There shall be elected by the legal and qualified voters of said city, at the election, hereinbefore provided for, one Chief Judge, and four Associate Judges, who, together, shall constitute the Supreme Bench of Baltimore City, and shall hold their offices for the term of fifteen years, subject to the provisions of this Constitution with regard to the election and qualifications of Judges, and their removal from office, and shall exercise the jurisdiction, hereinafter specified, and shall each receive an annual salary of three thousand five hundred dollars², payable quarterly, which shall not be diminished during their term of office; but authority is hereby given to the Mayor and City Council of Baltimore to pay to each of the said judges an annual addition of five hundred dollars to their respective salaries; provided, that the same, being once granted, shall not be diminished, nor increased, during the continuance of said Judges in office.

SEC. 32. It shall be the duty of the said Supreme Bench of Baltimore City, as soon as the Judges thereof shall be elected and duly qualified, and from time to time, to provide for the holding of each of the aforesaid Courts, by the assignment of one, or more of their number to each of the said Courts, who may sit either, separately, or together, in the trial of cases; and the said Supreme Bench of Baltimore City may, from time to time, change the said assignment, as circumstances may require, and the public interest may demand; and the Judge, or Judges, so assigned to the said several Courts, shall, when holding the same, have all the powers and exercise all the jurisdiction, which may belong to the Court so being held; and it shall also be the duty of the said Supreme Bench of Baltimore City, in case of the sickness, absence or disability of any Judge or Judges, assigned as aforesaid, to provide for the hearing of the cases, or transaction of the business assigned to said Judge or Judges, as aforesaid, before some one, or more of the Judges of said Court.

SEC. 33. SEC. 34. No appeal shall lie to the Supreme Bench of Baltimore City from the decision of the Judge, or Judges, holding the Baltimore City Court, in case of appeal from a Justice of the Peace; but the decision by said Judge, or Judges, shall be final; and all writs and other process issued out of either of said Courts, requiring attestation, shall be attested in the name of the Chief Judge of the said Supreme Bench of Baltimore City.

SEC. 35. Three of the Judges of said Supreme Bench of Baltimore City, shall constitute a quorum of said Court.

Nominations for members for said charter board may be made not less than forty days prior to said election by the Mayor of Baltimore and City Council of the City of Baltimore or the County Commissioners of such County, or not less than twenty days prior to said election by petition bearing the signatures written in their own handwriting (and not by their mark) of not less than 5% of the registered voters of the said City of Baltimore or said County; provided, that in any case two thousand signatures of registered voters shall be sufficient to complete any such nominating petition, and if not more than eleven registered voters of the City of Baltimore or not more than five registered voters in any such County are so nominated their names shall not be printed on the ballot, but said eleven registered voters in the City of Baltimore or five in such County shall constitute said charter board from and after the date of said election. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five nominees in the County receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within six months from the date of said election

a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in said the City of Baltimore or County within thirty days after it shall be reported to him. Such charter shall be submitted to the voters of said City or County at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption, the said charter from and after the thirtieth days¹ from the date of such election shall become the law of said City or County, subject only to the Constitution and Public General Laws of this State, and any public local laws inconsistent with the provisions of said charter and any former charter of said the City of Baltimore or County shall be thereby repealed.

SEC. 2. The General Assembly at its first session after the adoption of this amendment shall by public general law provide a grant of express powers for such County or Counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the Counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

²SEC. 3. Every charter so formed shall provide for an elective legislative body in which shall be vested the law-making power of said City or County. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any County shall be known as the County Council of the county. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in any County as the President of the County Council of the County, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore or to the County Commissioners of the Counties,

From and after the adoption of a charter by the City of Baltimore, or any County of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said County, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said City or County including the power to repeal or amend local laws of said city or county enacted by the General Assembly, upon all matters covered by the express powers granted as above provided; provided that nothing herein contained shall be construed to authorize or empower the County Council of any County in this State to enact laws or regulations for any incorporated town, village, or municipality in said County, on any matter covered by the powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory thereto. Provided, however, that the charters for the various Counties shall specify the number of days, not to exceed forty-five, which may but need not be consecutive, that the County Council of the Counties may sit in each year for the purpose of enacting legislation for such Counties, and all legislation shall be enacted at the times so designated for that purpose in the charter, and all laws and ordinances so enacted shall be published once a week for three successive weeks in at least one newspaper published in such Counties, so that the taxpayers and citizens may have notice thereof. This provision shall not apply to Baltimore City. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the Counties as hereinbefore provided, shall be subject to the same rules of interpretation as those now applicable to the Public Local Laws of this State, except that in case of any conflict between said local law and any Public General Law now or hereafter enacted the Public General Law shall control.

SEC. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any County of this State, no public local law shall be enacted by the General Assembly for said City or County on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act.

The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the Counties of this State.

SEC. 5. Amendments to any charter adopted by the City of Baltimore or by any County of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of said the City of Baltimore, or the Council of said County, or by a petition signed by not less than 20% of the registered voters of said City or County, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be submitted to the voters of said City or County at the next general or congressional election occurring after the passage of said resolution, or the filing of said petition; and if at said election the majority of the votes cast for and against said amendments shall be in favor thereof, said amendment shall be adopted and becomes a part of the charter of said City or County from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said City or County.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6 inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each County and the voters of City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said Counties or City as this Article sets forth.

SEC. 7. The word "Petition" as used in this Article, means one or more sheets written or printed, or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affi-

The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

No more than one such grouping of municipal corporations into four (or fewer) classes shall be in effect at any time, and the enactment of any such grouping of municipal corporations into four (or fewer) classes shall repeal any such grouping of municipal corporations into four (or fewer) classes then in effect. Municipal corporations shall be classified only as provided in this section and not otherwise.

However, no such local law shall become effective in regard to a municipal corporation until and unless it shall have been approved at a regular or special municipal election by a majority of the voters of that municipal corporation voting on the question. They shall require the Directors of all said Public Works to guard the public interest, and prevent the establishment of tolls which shall discriminate against the interest of the citizens or products of this State, and from time to time, and as often as there shall be any change in the rates of toll on any of the said Works, to furnish the said Board of Public Works a schedule of such modified rates of toll, and so adjust them as to promote the agricultural interests of the State; they shall report to the General Assembly at each regular session, and recommend such legislation as they may deem necessary and requisite to promote or protect the interests of the State in the said Public Works; they shall perform such other duties as may be hereafter prescribed by Law, and a majority of them shall be competent to act. The Governor, Comptroller and Treasurer shall receive no additional salary for services rendered by them as members of the Board of Public Works.

The bill or bills proposing amendment or amendments shall be published by order of the Governor, in at least two newspapers, in each County, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, once a week for four weeks immediately preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall, by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. When two or more amendments shall be submitted in manner aforesaid, to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

SEC. 2. No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contain a Section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety, and passed upon a ye and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly; provided, however, that said period

of suspension may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon; provided, however, that no measure creating or abolishing any office, or changing the salary, term or duty of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation for maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this Section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or any part thereof specified in the petition, may be referred to a vote of the people upon petition.

SEC. 3. (a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by ten thousand qualified voters of the State of Maryland, of whom not more than half shall be residents of Baltimore City, or of any one County; provided that any Public Local Law for any one County or the City of Baltimore, shall be referred by the Secretary of State only to the people of said County or City of Baltimore, upon a referendum petition of ten per cent of the qualified voters of said County or City of Baltimore as the case may be, calculated upon the whole number of votes cast therein respectively for Governor at the last preceding Gubernatorial election.

(b) If more than one-half, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with Secretary of State before the first day of June, the time for the law to take effect, and for filing the remainder of signatures to complete the petition shall be

extended to the thirtieth day of the same month, with like effect.

SEC. 4. A petition may consist of several papers, but each paper shall contain the full text of the Act or part of Act petitioned upon; and there shall be attached to each such paper an affidavit of the person procuring the signatures thereon that of the said person's own personal knowledge every signature thereon is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or County, as the case may be, as set opposite their names, and no other verification shall be required.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hundred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the referred law" and "Against the referred law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall by his proclamation declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any County or of the City of Baltimore.

SEC. 6. No law or Constitutional Amendment, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under any Act of the provisions of this Article.

PRINCIPAL OFFICERS OF THE PROVINCE AND STATE OF MARYLAND

BARONS OF BALTIMORE AND LORDS PROPRIETARY

- 1580(?)–1632 George Calvert, created First Lord Baltimore in February 1625. Petitioned for grant of land north of the Potomac.¹
- 1605–1675 Cecilius Calvert, Second Lord Baltimore. Succeeded to title on death of George, April 15, 1632. Granted Charter of Maryland on June 20, 1632.
- 1637–1715 Charles Calvert, Third Lord Baltimore. Succeeded to title on death of Cecilius, November 30, 1675.
- 1679–1715 Benedict Leonard Calvert, Fourth Lord Baltimore. Succeeded to title on death of Charles, February 21, 1715.
- 1699–1751 Charles Calvert, Fifth Lord Baltimore. Succeeded to title on death of Benedict Leonard, April 16, 1715.
- 1732–1771 Frederick Calvert, Sixth Lord Baltimore. Succeeded to title on death of Charles, April 24, 1751.
- 1760–1834 Henry Harford. Harford did not succeed to the title when Frederick died on September 4, 1771, because he was an illegitimate son. He was bequeathed the Province of Maryland in Frederick's will. After the Revolution, Harford relinquished his claim to Maryland in return for a monetary grant from the General Assembly.

COLONIAL GOVERNORS

Prior to the granting of the Charter to Cecilius Calvert, Captain William Claiborne, acting under a commission from the King, had established a trading post and plantation on Kent Island in 1631. He was driven from the Island by Leonard Calvert a few months after the colonists landed.

PROPRIETARY GOVERNMENT

- 1634–1644/5 Leonard Calvert
Calvert had occasion to leave the colony several times, usually for a month or two but once for over a year. During his absences the following men governed the Province: 1637/8 and 1638, John Lewger; 1638 and 1641, Captain Thomas Cornwaleys; 1643–1644, Giles Brent; 1644, William Braithwait.
- 1644/5–1646 Captain Richard Ingle
Usurped the government and maintained control until about the middle of 1646.

¹James W. Foster, the most recent biographer of George Calvert, gives "about 1580" as the date of birth (*Maryland Historical Magazine*, Vol. 55, p. 264). Others have given dates ranging from 1578/9 to 1584.

- 1646 Captain Edward Hill
 Elected Governor by the Council while Leonard Calvert was still in Virginia. He also claimed to have a commission from Calvert. His appointment was illegal, as he was not a member of the Council when elected, and Calvert was out of the Province when the commission was issued. He does seem to have held office, however, for he later attempted to collect certain fees and emoluments which were due him by virtue of his service.
- 1646-1647 Leonard Calvert
- 1647-1648/9 Thomas Greene
- 1649-1651/2 Captain William Stone
 During absences from the Province he left the following men to act in his place: 1649, Thomas Greene; 1650, Thomas Hatton.
- 1652 Parliamentary Commissioners
- 1652-1654 Captain William Stone
- 1654-1657 Commissioners appointed by Parliamentary Commissioners
- 1657-1660 Josias Fendall
 Appointed Luke Barber to serve in his place while he was absent from the Province from June 1657 to February 1657/8.
- 1660-1661 Philip Calvert
- 1661-1676 Charles Calvert
 Left Philip Calvert, William Calvert, Jerome White and Baker Brooke as deputies governing the Colony from May 1669 to November 1670 while he was in England. On November 30, 1675, his father died, and he became Lord Proprietary.
- 1676 Jesse Wharton
 Cecilius Calvert, infant son of the Lord Proprietary, was the nominal Governor from June to October 1676, but, actually, the Province was governed by the Deputy Governors.
- 1676-1679 Thomas Notley
 Succeeded Wharton as Deputy Governor, and later, in October 1676, was commissioned as Governor by the Lord Proprietary.
- 1678/9-1684 Charles Calvert, Lord Proprietary
 Calvert was definitely back in the Province by January 1678/9, perhaps earlier, but he appears to have permitted Notley to retain the title of Governor until his death in April 1679.
- 1684-1688 Council of Deputy Governors
 Benedict Leonard Calvert, infant son of the Lord Proprietary, was commissioned Governor, but the duties were actually performed by the Deputies. The Deputies named in the commission were George Talbot, Thomas Tailler, Colonel Vincent Lowe, Colonel William Stevens, Colonel William Burgess, Major Nicholas Sewall, and John Darnall.

Most of them served the entire period indicated, but there were a few changes.

- 1688-1689 William Joseph
Named as President of the Council of Deputies in a commission from the Lord Proprietary.

ROYAL GOVERNMENT

- 1689-1690 John Coode
Leader of the Protestant Associators who seized the government on August 1, 1689.
- 1690-1692 Nehemiah Blackiston
Appointed President of the Committee for the Government of Maryland when Coode went to England.
- 1692-1693 Sir Lionel Copley
- 1693 Sir Thomas Lawrence
Elected Governor after death of Copley, but had served only a week or two when Sir Edmund Andros arrived in Maryland to assume control.
- 1693 Sir Edmund Andros
Remained in Maryland about ten days before returning to Virginia.
- 1693-1694 Colonel Nicholas Greenberry
Appointed President of the Council by Andros.
- 1694 Sir Edmund Andros
Remained in Maryland about a week.
- 1694 Sir Thomas Lawrence
Appointed President of the Council by Andros.
- 1694-1698/9 Sir Francis Nicholson
- 1698/9-1702 Colonel Nathaniel Blackiston
- 1702-1704 Thomas Tench
Appointed President of the Council by Blackiston.
- 1704-1709 Colonel John Seymour
- 1709-1714 Major General Edward Lloyd
Elected President of the Council when Colonel Francis Jenkins, who was senior member of the Council and thus entitled to succeed Seymour, failed to assert his right promptly.
- 1714-1715 John Hart

RESTORATION OF THE PROPRIETARY GOVERNMENT

- 1715-1720 John Hart
- 1720 Thomas Brooke
Became President of the Council by virtue of his seniority when Hart returned to England.
- 1720-1727 Charles Calvert
- 1727-1731 Benedict Leonard Calvert
- 1731-1732 Samuel Ogle
- 1732-1733 Charles Calvert, Lord Proprietary
- 1733-1742 Samuel Ogle
- 1742-1746/7 Thomas Bladen
- 1746/7-1752 Samuel Ogle

- 1752-1753 Benjamin Tasker
Became President of the Council upon the death of Governor Ogle.
- 1753-1769 Horatio Sharpe
- 1769-1776 Robert Eden
Eden was in England from May to November 1774, during which time Richard Lee, President of the Council, governed the Province. Lee also governed the Province briefly in 1776 during the interval between the departure of Eden and the assumption of the government by the Convention.

REVOLUTIONARY INTERREGNUM

During the years 1774-76 more and more of the powers of government came to be exercised by popular bodies, though the authority of the Governor was still acknowledged until Eden's departure. The Conventions were composed of delegates from each county elected by the freemen of the Province in much the same manner as was the House of Delegates. It was inconvenient for so large a group (at one meeting there were 141 delegates) to remain in continuous session; therefore, Councils of Safety were elected by the Conventions to exercise executive power during the intervals between Convention meetings. With some exceptions, the Councils of Safety were composed of nine members, five from the Western Shore and four from the Eastern Shore. The Convention, which met from August 14, 1776, about six weeks after the Declaration of Independence, through November 11, 1776, framed the Constitution which governed Maryland until 1851. The General Assembly established by the Constitution began meeting on February 5, 1777, but the Council of Safety continued to function as the executive body of the State until March 20 of the same year. On March 22, 1777, the Assembly adopted a resolution "for dissolving the Council of Safety and Vesting the Governor and Council with their Powers." The Governor and Council had qualified two days earlier on March 20, and they immediately began to perform the duties assigned to them.

GOVERNORS' COUNCILS, 1777-1838

The Constitution of 1776 (Art. XXVI) provided that both houses of the Legislature elect by joint ballot five men to be "the Council to the Governor." This was an advisory body of considerable influence. It was also provided that on the death, removal, or incapacity of the Governor the first named of the Council should become Governor and proceed to the calling of a special session of the Legislature for the election of a new Governor. INCORPORATED CITIES AND TOWNS

The title of the executive officer is Mayor, except in those towns marked with an asterisk (*), where the title is President of the Town Commission, and in other towns as noted in the list below. The term of the Mayor and the date of election is specified in each town's charter, and differs from town to town. However, the voluntary model for municipal government, contained in the Municipal Corporation's Charter Act of 1955, provides that the Mayor shall be elected in May of every second odd number year. The list below was compiled from information furnished by the Maryland Municipal League.

POPULATION-CENSUS OF 1960

POPULATION OF MARYLAND: APRIL 1, 1960

The total population of Maryland on April 1, 1960, was 3,100,689, according to figures for the State released by the Bureau of the Census, Department of Commerce. Between 1950 and 1960, the population of the State increased 757,688, or 32.3 percent, over the 2,343,001 inhabitants enumerated in 1950. Among the States, Maryland ranked twenty-first in population. The 1960 population was almost ten times as large as its population in 1790 when it was enumerated in the first Federal census.

According to the urban definition, Maryland had 2,256,634 persons living in urban territory and 844,055 in rural territory. The urban population accounted for 72.8 percent of the total population of the State.

There are 23 counties and 1 independent city—Baltimore—in Maryland. Between 1950 and 1960, 20 of the counties increased in population. Three of the counties and Baltimore City showed a decrease. The rates of change for the counties ranged from a decline of 6.3 percent for Allegany County to an increase of 105 percent for Montgomery County. Baltimore County experienced the largest numerical gain with an increase of 490,465. The Washington and Baltimore metropolitan areas accounted for the greatest increases in the State since 1950. Montgomery and Prince George's Counties combined have increased 94 percent during the past ten years. The Baltimore metropolitan area has a population of 1,706,961, a gain of 301,562 over 1950, despite the City's loss of 26,484 or 2.7 percent. The counties in Maryland ranged in size from Kent with a population of 15,481 to Baltimore with a population of 492,428.

In 1960 there were 155 places incorporated as cities, towns and villages in Maryland and 40 unincorporated places of 1,000 inhabitants or more. These ranged in size from Highland Beach town with a population of 5 to Baltimore City with a population of 939,024.

Under the urban definition established for use in the 1960 census, urban territory comprises (a) places of 2,500 inhabitants or more incorporated as cities, boroughs, towns, and villages; (b) the densely settled urban fringe, including both incorporated and unincorporated areas, around cities of 50,000 or more; and (c) unincorporated places of 2,500 inhabitants or more outside any urban fringe. All other territory is classified as rural. According to the definition used in previous censuses, urban territory was designated as all incorporated places of 2,500 inhabitants or more and areas (usually minor civil divisions) classified as urban under special rules relating to population size and density.

In both definitions, the most important component of the urban territory is the group of incorporated places having 2,500 inhabitants or more. A definition of urban territory restricted to such places, however, would exclude a number of equally large and densely settled places, merely because they were not incorporated places. Under the old definition, an effort was made to avoid some of the more obvious omissions by the inclusion of the places urban under special rules.

¹Except in New England, New York, and Wisconsin, where "towns" are minor civil divisions of counties and are not necessarily densely settled centers like the towns in other States.

Even with these rules, however, many large and closely built-up places were excluded from the urban territory. To improve the situation in the 1960 Census, the Bureau of the Census set up, in advance of enumeration, boundaries for urban-fringe areas around cities of 50,000 or more and for unincorporated places outside urban fringes. All the population residing in urban-fringe areas and in unincorporated places of 2,500 or more is classified as urban according to the new definition. (Of course, the incorporated places of 2,500 or more are urban in their own right.) Consequently, the special rules of the old definition are no longer necessary.

To the primary political divisions into which the Maryland counties are divided, the Bureau applies the general term "minor civil divisions". These vary from State to State, but in Maryland they are known as "election districts". An election district is analogous to a township but it serves only as a unit for elections and has no political organization with its own individual government.

The term "place" as used in census reports refers to a concentration of population regardless of the existence of legally prescribed limits, powers or functions. Most of the places listed are incorporated as cities or towns. In addition, unincorporated places of 1,000 inhabitants or more are also presented.

ADDENDA AND ERRATA

It will be obvious to every reader of the *Maryland Manual* that a book of this kind can never be wholly accurate on the date it appears. The very last changes were made in proof on January 5, 1962. But at that time many sections of the book were already being printed. Therefore, while some of the text is accurate up to January 5, 1962, other parts of the book, for example the Legislative Section, are accurate only through November 10, 1961. The reader of the following will please take this fact into consideration.

- p. 90 Under Board of Patuxent Institution, for Harold T. Boslow, M.D., read Harold M. Boslow, M.D.
- p. 130 Under Department of Employment Security, Advisory Council: Representing the Public, read Rabbi Abraham Shusterman, 1964, for Alan P. Hoblitzell, who has resigned.
- p. 122 Under State Insurance Department, line 8 from bottom, read Fire Marshal, instead of Fire Marshall.
- p. 141 Under Maryland Historic Trust, read Chairman: Kent R. Mullikin, 1963.
- p. 144 Under Central Licensing Office, read James A. Johns, Jr., Central Office Executive.
- p. 154 Under Maryland State Board of Public Accountancy, line 7, read certified public accountants instead of certified public accounts.
- p. 157 Under Atlantic States Marine Fisheries Commission, line 10, read Maryland Intergovernmental Cooperation Commission instead of Commission on Interstate Cooperation.
- p. 162 Under Civil War Centennial Commission, for Maurice E. Rimbo, read Maurice E. Rimpo.
- p. 167 Under Commission to Study the Problems of Illegitimacy, instead of Thomas J. Hedrick, read Thomas H. Hedrick.
- p. 173 Add the following Commissions:

FOREWORD

The MARYLAND MANUAL is normally published every two years by the State of Maryland and is distributed to the libraries, schools, agencies of government, members of the General Assembly, and others as prescribed by law. Copies may be purchased from the Hall of Records Commission at the price of \$3.50 for the paper-bound edition and \$4.50 for the cloth-bound edition to tax-exempt institutions and organizations. For all others, the price is \$3.61 for the paper-bound and \$4.64 for the cloth-bound edition. (This price includes Maryland Sales Tax.)

This year, at the request of Governor Tawes, we are for the first time publishing a supplement to the current MANUAL. This is necessary because of the reapportionment and a large turnover in the membership of the House of Delegates and numerous changes in elected and appointed County officials.

The primary purpose of the MANUAL is to present in concise form to the citizens of Maryland a description of their government. This SUPPLEMENT lists only the chairman and the executive head of each State and bi-county agency, board, and commission. In general, the State Agency section follows the same organizational structure as the corresponding section in the MANUAL. The section devoted to local officers lists both the elected and the appointed officials, as does the MANUAL. The Judicial Section lists all the members of the Judiciary of Maryland, including the dates of the expiration of their new terms of office. Because of the large number of special, temporary, and study commissions, we have omitted them here. They will be more fully described and included in the 1963-1964 edition. We have, instead, listed only those commissions which are permanent in nature, together with those agencies created by the General Assembly in the 1962 Session.

As with the regular MANUAL, this SUPPLEMENT is primarily a compilation which is dependent upon the cooperation of many individuals and agencies. We gladly acknowledge our indebtedness to all who assisted us.

Copies of this SUPPLEMENT are available for sale by the Hall of Records Commission, Annapolis, Maryland, for \$1.00 to tax-exempt institutions and organizations; for all others the price is \$1.03 (including Maryland Sales Tax.)

Total	139	32	171
Democratic Majority in the Senate			15
Democratic Majority in the House of Delegates			92
Democratic Majority on a Joint Ballot			107

NOTE: Membership in the House of Delegates has been increased temporarily by 19 members, to make a total of 142 members. This increase was necessary because of a suit brought in the Circuit Court of Anne Arundel County (Maryland Committee for Fair Representation v. Tawes), *Daily Record*, July 2, 1962, and subsequently brought before the Court of Appeals, which declared Art. III, Section 5 of the Constitution of Maryland invalid. By Chapter 1, Acts of the Second Special Session of 1962, the following counties received additional members of the House of Delegates: Anne Arundel County, 1; Baltimore County, 7; Montgomery County, 4; Prince George's County, 4; Third District of Baltimore City, 2; Fifth District of Baltimore City, 1. (Code 1957, 1962 Supp., Art. 40, Sec. 42).
