FOREWORD

THE MARYLAND MANUAL is published every even year by the State of Maryland, and copies are distributed without charge to the public libraries, agencies of state and county government, school libraries, members of the General Assembly and others as prescribed by law (*Annotated Code of Public General Laws of Maryland*, 1957; 1965 *Supplement*, Art. 41, Sec. 106). Additional copies are printed for sale to the general public. Clothbound copies at $4.50 and paperbound copies at $3.50 are available at the Hall of Records, Annapolis. Purchasers residing in Maryland must also pay a sales tax of 3%—$.14 for clothbound, $.11 for paper, except for those who have been granted tax exemption.

The primary purpose of the MANUAL is to present to the citizens of Maryland, as briefly as possible, a description of their government, its functions, its agencies, its personnel, and its cost. The MANUAL also contains similar information for county government plus a valuable directory of local officers not available elsewhere. The reader will find in addition, the Charter and the Constitution, mainsprings of our political life, and much descriptive and historical material. He is urged to examine the Table of Contents and the Indexes with care.

Obviously, the MANUAL is more a compilation than an original work. We are indebted for material to many agencies and individuals, among others, to Carl N. Everstine for the text of, and the Index to, the Constitution as well as for the essays on the General Assembly sessions of 1964 and 1965. The charts of State Government were prepared originally by Janet L. Hoffman then of the Fiscal Research Bureau. They have been revised as required. William H. Bayliff, Executive Secretary of the Board of Natural Resources, is responsible for "Maryland At A Glance" and C. Frank Poole, Records Management Officer of the City of Baltimore, for the roster of officials of that City. To the many Clerks of Court, Registers of Wills, and Clerks and Administrative Assistants to the Boards of County Commissioners we extend special thanks for helping us with the county section. We are also grateful to Daniel R. Thompson, Executive Secretary, Maryland Municipal League, for providing us with the names of city, town and village officers. We benefited from the collaboration of Chester F. Tucker, Deputy Secretary of State, and Margaret W. Lee, Chief Clerk of the Executive Department, who guided us through the Executive Appointment files.

Those of our own staff who were helpful were Gust Skordas and Patricia C. Goldsborough. Special mention is due to Rose M. DiStefano who helped in the preparation of the indexes, and to Barbara Lambden who did most of the typing.

As usual, the major burden and the large responsibility for the MANUAL fell on Frank White. It is his duty to begin the new MANUAL when the old one is hardly off the press, to collect the information needed, process it and see the book to completion.

We have added in this MANUAL certain new information which we think will be useful: A historical list of the Mayors of Baltimore and Vital Statistics of the Governors of Maryland, 1777-1867.

J. MILLARD TAWES
Governor of Maryland

J. MILLARD TAWES

Governor of Maryland

J. Millard Tawes, the fifty-ninth elected Governor of Maryland was born April 8, 1894, in Crisfield, Somerset County, Maryland, a son of James B. and Alice Byrd Tawes. He is married to the former Helen Avalynne Gibson. They have a son, Philip W. Tawes, and a daughter, Mrs. William R. Wilson, Jr., and four grandchildren, the three sons of Mr. and Mrs. Philip W. Tawes and the daughter of Mr. and Mrs. Wilson.

Governor Tawes was educated in the public schools of Somerset County, at the Wilmington Conference Academy in Dover, Delaware, and at the Sadler's, Bryant, and Stratton Business College, where he specialized in the study of banking and accountancy.

Governor Tawes has honorary degrees as follows: the University of Maryland, 1959, (LL.D.); Washington College, Chestertown, Maryland, 1959, (LL.D.); Morgan State College, 1959, (LL.D.); and Mount St. Mary's College, Emmitsburg, Maryland, (LL.D.).

He began his career in business with lumbering and canning firms founded and owned by his father. He continued this association with his father, and later his brothers, as the family's business enterprises were extended into shipbuilding, baking, and banking.

He was secretary and treasurer of the Crisfield Shipbuilding Company, was vice-president and treasurer of the Tawes Baking Company, was associated in the management of the Tawes-Gibson Lumber Company and the Tawes-Gibson Packing Company, and is a director of the Bank of Crisfield.

The Governor is a Methodist and has been active in church work from his early youth. For many years, he taught the Men's Bible Class at Immanuel Methodist Church in Crisfield, of which he is a member. He was a delegate to the 1952 General Conference of the Methodist Church held in San Francisco and formerly was treasurer of the Wilmington Conference Education Society, Incorporated.

His active career in politics spreads over more than three decades, beginning in 1930 when he was elected Clerk of the Circuit Court for Somerset County. After two terms in this office (1930-38), he was elected Comptroller of the Treasury in his first State-wide election campaign in 1938. In 1942 he ran again without opposition in the primary and won a second four-year term in the general election.

These eight years were the first part of an interrupted career of seventeen years in the office of State Comptroller. During that period, due to the growth in population and the broad expansion of State activities, the office personnel increased from one hundred to five hundred employees.

In May, 1947, Governor Lane appointed him State Bank Commissioner, a position he held until he was appointed State Comptroller on July 5, 1950, to fill the unexpired term of the late James J. Lacy. He was re-elected Comptroller, without primary or Republican opposition, in 1950 and again in 1954.

He was elected Governor of Maryland in 1958 by the greatest majority ever given a candidate for that office. He was re-elected to a second four-year term in 1962.

During its first seven years, the Administration of Governor Tawes has been characterized by a consistent regard for the fiscal integrity of the State and a strong desire to insure that State government operations are made more responsive to the needs of the citizens of Maryland.

Prudent fiscal management has permitted an unprecedented expansion of State services. At the same time, financial assistance to hard-pressed counties, cities and towns has been increased substantially.

During his tenure in office, the Governor secured enactment of legislation regulating the savings and loan industry in Maryland, creating the Municipal Court in Baltimore City, establishing the State Department of Economic Development and providing in 1960 for the construction of a 500-mile network of arterial highways crisscrossing the State, and in 1964, providing for 890 miles of additional major highways to be completed by 1971.

To provide for the expansion of Maryland's facilities for higher education, the concept of teachers colleges was abandoned and these institutions became Colleges of the Arts and Sciences. An Advisory Council on Higher Education was established to study Maryland's needs in this area. Provisions were also made for the construction of branches of the University of Maryland in various sections of the State, and one branch in Catonsville is under construction. In 1964, the formula for the distribution of State aid to local government for the operation of their public schools was increased to such an extent that it was acclaimed by educators as the most significant advancement in public education made by the State in more than forty years.

Under the leadership of Governor Tawes, Maryland became the first State south of the Mason-Dixon Line to enact a public accommodation act. Directives were issued by the Governor prohibiting discrimination on the basis of race, creed or color in State employment and by contractors doing business with the State government. Maryland's Workmen's Compensation laws were liberalized and a Coordinating Commission on Problems of the Aging was established. Maryland's traffic safety program has been cited as being among the best in the nation.

To provide for the orderly growth and development of the Baltimore Metropolitan area, the Governor initiated and supported legislation creating the Regional Planning Council and invested that body with broad powers. To rehabilitate the oyster industry, the State, under Governor Tawes, initiated a broad scale oyster shell planting program which experts predict will revitalize this industry. To meet the competition of surrounding states, horse racing on one-mile tracks in Maryland was strengthened by the transfer of racing dates from half-mile and harness tracks. Legislation was enacted providing for the gradual elimination of slot machines from Maryland, and thousands of acres have been added to the State park system.

Under Governor Tawes, three of Maryland's mental institutions, Spring Grove, Crownsville and Springfield, regained accreditation, and Henryton Hospital was converted into an institution for mental retardates. In 1962, a new headquarters for the Department of Motor Vehicles was opened in Glen Burnie, and the Baltimore Beltway and the Capital Beltway encircling Washington, D. C., were completed. The John F. Kennedy Memorial Highway linking Baltimore with the Delaware line has been opened.

Many State agencies have been reorganized to improve efficiency, including the State Roads Commission, the State Racing Commission, the Department of Chesapeake Bay Affairs and the State Planning Department. The old State Tax Commission was abolished and the Department of Assessments and Taxation and the Maryland Tax Court created. The Department of Research and Education was re-established as the Natural Resources Institute at the University of Maryland and the governing bodies of the Departments of Health and Mental Hygiene were consolidated into the Board of Health and Mental Hygiene.

The membership of the Maryland Court of Appeals was increased by Constitution amendment from five to seven, and several new circuit court judgeships were created to relieve an overburdened judiciary.

In May, 1960, the Governor summoned a meeting of Governors and representatives of the eleven states in the Appalachian region to discuss common economic problems. Out of that meeting grew the Conference of Appalachian Governors and the present Federal Appalachian program.

The Governor holds membership in the following clubs and fraternal organizations: Crisfield Rotary Club (charter member), Elks, Knights of Pythias, Advertising Club of Baltimore, Hibernian Society of Baltimore, Maryland Society of Pennsylvania, Crisfield Fire Department (past president), Chesapeake Bay Fishing Fair Association (past president), Masons, Shrine, Order of the Eastern Star, Eastern Shore Shrine Club, Tall Cedars of Lebanon, Scimeter Club, the Royal Order of Jesters, and the Eastern Shore Society of Baltimore.

He is a former member of the Board of Visitors and Governors of Washington College, Chestertown, Maryland, and of the Board of Trustees of Wesley Junior College, Dover, Delaware, and is a member of the Board of Directors of the McCready Memorial Hospital in Crisfield, and the Board of Trustees of Dickinson College, Carlisle, Pennsylvania. He is past president of the Maryland State Firemen's Association and is a former chairman of its Scholarship Committee. He is past president of the National Association of State Auditors, Comptrollers, and Treasurers. He is an honorary member of Omicron Delta Kappa, National men's leadership society.

Governor Tawes' present address is Government House, Annapolis, Maryland. He maintains a residence in Crisfield.

HISTORICAL SKETCH OF MARYLAND

Exploration

John Cabot, a man of Italian birth employed by the English, was, in all probability, the first white man to see Maryland as he sailed along the eastern shore of Worcester County in 1498. Twenty-six years later Giovanni da Verrazzano, who was another Italian working for French interests, passed the mouth of Chesapeake Bay. Half a century later the Bay was explored by Pedro Menendez Marques, the governor of Spanish Florida. In 1603 Captain Bartholomew Gilbert made a more careful exploration.

The intrepid Captain John Smith, who saw many other parts of North America, began in 1608 to carry out the instructions of the London Virginia Company to "find some spring which runs the contrary way toward the East India sea." With fourteen companions in "an open barge of two tunnes burden," Smith started up the Chesapeake. Every inlet and bay "fit for harbours and habitations" was entered, and all the islands were inspected. The results were incorporated in what Smith called "A Map of Virginia," published in England in 1612. Reprinted many times shortly thereafter, the map shows that Smith's voyagers paid close attention to the Eastern Shore, examined the Potomac carefully, but had a hazy idea of the western head of the Bay and only a generalized notion of the lower Western Shore. In 1670 Augustine Herman, a cartographer from the New Netherlands Colony, completed a more detailed map of Maryland. As compensation Lord Baltimore granted him 5,000 acres of land in what is now Cecil County.

Aborigines

To John Smith, also, we owe our first knowledge of the pre-European settlers on the land of what was later Maryland. Smith's account is bewildering with Indian names; one soon recognizes the adaptations of these same queer-sounding names in present-day Maryland. The Virginia explorer speaks of Yingoteagues, Assateagues, Marumscos, Annamesses, Wiccocomicos, Nanticokes, Conoys, Trasquakins, Choptanks, Monoponsons, Matapeakes, Oziniies, Tockwoghes, Nattwas, Susquehannocks, Conestogas, Piscattoways, Chopticos, Mattawomans, Patuxents, Aquasocks, Secowocomocos, and others. Despite this multiplicity of names, all these Indians were of Algonquin stock, save for the Susquehannocks at the headwaters of the Bay and the Anacostans on territory around present-day Washington. Invading tribes, who made forays from the North and at times lived on Maryland territory, were of the Five

Nations—Senecas and Iroquois. Later history records raids by other tribes of Indians, accompanied by violence and massacres, generally in western Maryland.

The "Ark" and the "Dove"

The Maryland colony was planned by the first Lord Baltimore—George Calvert, a Yorkshireman whose devotion to James I had first made him Secretary of State, later Baron of Baltimore (1625), and finally gained him a grant of land for a colony in Newfoundland. This cold territory Calvert called "Avalon" or "Ferryland"; but the bitter climate and raiding French made the territory untenable. In 1627 Lord Baltimore attempted to live in Avalon with his family; then he left for the warmer climate of Virginia. His intention was "to plant himself to the southward," and when he returned to England, he persuaded Charles I, James' successor, to give him a charter of his own composition. On presentation to the King, blanks were left for the name of the colony and the date. It is said that Charles filled in the name *Terra Mariae* to honor his queen, Henrietta Maria.

Before June 20, 1632, when the charter was dated, George, the first Lord Baltimore, died and was succeeded by his son, Cecil. The second Lord Baltimore organized the expedition to Maryland in two vessels, the *Ark* of 360 tons, and the *Dove* of 60 tons. Assisting him was the Jesuit priest, Father Andrew White, for Cecil, as his father had been since 1624, was a Roman Catholic. Father White, with two members of the Calvert family (not including the Proprietor), sailed from Cowes on the Isle of Wight on November 22, 1633. How many took passage and how many were Catholics we do not know. We do know that one hundred and twenty-eight took the oath of supremacy which Catholics normally refused to accept. However, the *Ark* alone was twice the size of the *Mayflower,* which had carried over one hundred passengers.

January 1634 saw the two vessels at the Barbados where they delayed for twenty days. On February 24th Leonard Calvert, as lieutenant-general, put in at Point Comfort, Virginia. The first stop within the limits placed by the charter—"from Watkin's Point unto that part . . . which lieth under the fortieth degree of north latitude"—was at St. Clement's Island. The celebration of Mass here on Annunciation Day has fixed for tradition March 25th as the date of arrival of Maryland's first settlers. Not long afterwards the Yoacomaco Indians, who held the surrounding territory, sold their possessions to the newcomers, and the

first site, St. Mary's City, called then "Augusta Carolina," was available. A palisade was erected immediately.

Government from St. Mary's City

For upwards of sixty years, the Province centered around St. Mary's City. The Assembly, set up very soon after a food supply had been assured and protection against enemies provided, was made up of the freemen, *i.e.*, planters and settlers. The combined efforts of all the settlers were needed, moreover, to cope with the almost immediate difficulty that arose with white settlers from Virginia who had begun trading with the Indians before the Calvert party arrived. The foremost among these men was Captain William Claiborne, a trader with headquarters on Kent Island. The dispute is sometimes known as the Calvert-Claiborne controversy. After a naval skirmish and slight loss of life, Claiborne was declared an outlaw March 24, 1637.

"Ingle's War" was another vexation in the peaceful ordering of the new colony. Richard Ingle was a vigorous partisan of Parliament in its victorious struggle with the King that was to produce the Commonwealth. Coming first to Maryland in 1642, he finally exceeded any legal powers he might have had and took possession of St. Mary's City, making prisoner members of the Assembly. The affair ended inconclusively in 1646, but Ingle, meanwhile, arrested Father Andrew White and Father Thomas Copley and took them in chains to England.

Act of Toleration

The bigotry implicit in Ingle's special irritation at Catholic priests and Royalists makes especially pointed the solicitude Lord Baltimore showed at this period for religious freedom. As early as 1643, the Puritan Governor of Massachusetts, John Winthrop, had spoken approvingly of Governor Calvert as "for free liberty of religion." The Governor had taken a more liberal attitude on the question of Puritan settlers, certainly, than had the administrators of Virginia. The "Act concerning Religion," which the Maryland Assembly passed in 1649, gives Maryland claim to being one of the first civil regimes to recognize freedom of religion. The fact that within sixty years after the passage of this law Catholics were repressed under an "Act to prevent the growth of popery" does not detract from the boldness of Lord Baltimore's action in the mid-seventeenth century.

The downfall of Charles I and the rise of the Commonwealth were more serious events for the Maryland residents than for other colonists in America. But Oliver Cromwell left Lord Baltimore in undisturbed charge of the Province until 1652.

Emboldened by this, Governor William Stone attempted to reduce the Puritan settlements at Providence on the Severn (near present-day Annapolis) but came close to losing his life by execution after a decisive victory for the Puritans.

Growth and Expansion

The newcomers to other parts of the geographical charter limits of the Province, Proprietary, or Palatinate (as it was sometimes called) were not so bellicose as those in Providence. Settlement soon went far afield from the old Yoacomaco village. By the end of the seventeenth century eleven counties had established themselves, each with its court and complement of officials. The towns were few; great estates abounded, whose river fronts were centers of trade and traffic. The chief commerce was in tobacco, which even substituted for currency during much of the seventeenth and eighteenth centuries. Until customhouse centers were set up (1683), there was nothing to challenge the power of the landed gentry.

Gradually, what Indian troubles had existed were smoothed out by treaties, such as the one of 1652 when the Susquehannocks submitted under the "Liberty Tree" (said to be the tulip poplar still to be seen on the St. John's College campus in Annapolis). The Proprietors were always a line of Calverts with the title "Lord Baltimore" until the death of the sixth and last baron in 1771 when Henry Harford, the natural son of Frederick Calvert, became the seventh Proprietor. In the time of James II, who desired to have all lands under the Crown, and again in the "English Revolution" (before William and Mary held the throne securely), the Calverts had difficulties, but these were not reflected in any disadvantage to the Province. Neither Crown rule, 1689 to 1715, nor the establishment of the Church of England as the "official" religion proved too disturbing. If Puritanism waned, there was certainly room made for the settlement of other dissenters, notably Quakers. Several noteworthy developments in the Seventeenth Century were the establishment of a printing press—William Nuthead's—the departure of the Governor and Assembly from St. Mary's to Annapolis, and the passage of the "Act for the encouragement of Learning" (October 18,

1694). This last was the prelude to the opening of King William's School, the third institution of its sort in the colonies.

As the new century appeared, about 35,000 people made up the population of Maryland. Nearly twenty per cent of these were Negro slaves—slavery having been established within five years after settlement. Another large group were "bound men," or indentured servants. Many of the latter soon became "redemptioners" and often, in time, the owners of extensive property.

After the "Restoration"

With the restoration of proprietary rights, April 15, 1715, Charles Calvert, Fifth Lord Baltimore, resumed control of the colony. Since he was a minor at that time, and in later life primarily interested in English politics, development in Maryland lacked rigorous control from without. Furthermore, a strong "Country," as separate from a Proprietary, party manifested itself in the General Assembly.

Significant among the expansionist movements in Charles Calvert's time were the establishment of a town called Baltimore Town in 1729 and the opening up of Western Maryland. Swedes and Dutch on the Delaware River, having found the Maryland charter's geographical limits vague, pressed for a boundary line. In 1732 this was established for Delaware, but other final boundary judgments had to wait till the early twentieth century. One of the consequences of dispute with Pennsylvania was a survey between 1763-67 by two Englishmen, Charles Mason and Jeremiah Dixon, for whom the line marking the northern boundary of Maryland was named.

Frontier Development and Warfare

In Western Maryland, boundary disputes bred violence; therefore, Thomas Cresap, Maryland's heroic frontiersman, figures as an outlaw in Pennsylvania's history. In this same quarter warfare flared, not only sporadically with Indians, but also systematically when the French, making claim to Western Empire, began to drive out the traders of the Ohio Company. As this trading venture was largely Virginian in character, the Maryland Assembly was stern against Governor Horatio Sharpe and refused to vote funds or raise troops. Edward Braddock, the British general deputed to drive back the French, operated within Western Maryland, but even his rout and death in 1755

failed to spur Maryland during the final five years of the war.

Prelude to Revolution

The accession in 1751 of Frederick Calvert, a "gay young blade," to the title of Lord Baltimore meant less interference from the Proprietor; therefore Marylanders transferred their complaints against the Proprietary to the British Government. Conflict between French and English only sharpened the point. Debts to English merchants and taxes on imports led Maryland, this time in common with other colonies, to take drastic action. Maryland takes credit for first refusing to pay taxes under the Stamp Act; actual repudiation took place in Frederick County on November 23, 1765. The British Parliament repealed the Townshend Acts in 1770, but a strong feeling of rebellion remained. Support of Boston was vigorous after that port was closed; and the Boston Tea Party of December 16, 1773, had its Maryland counterpart when a tea ship, the *Peggy Stewart,* was burned in Annapolis harbor on October 19, 1774.

The first Provincial Convention, composed of ninety-two men representing every county in Maryland, met June 22-25, 1774 in Annapolis. It denounced the British blockade against Boston, proposed breaking off trade relations with Great Britain and selected delegates to attend the First Continental Congress. When the Convention met on July 26, 1775, following the Battle of Lexington, it proceeded grimly to the business of preparing for war and organizing a civil government apart from that of the Proprietary which, although mainly inactive, was still the legal government. A year later, a Convention was elected for the express purpose of framing a new constitution, which was adopted on November 8, 1776.

The Revolutionary War

From the first skirmish in Boston to the surrender at Yorktown, Maryland troops saw service. Despite frequent alarms, rarely did the British troops invade Maryland soil. The British Army passed through Cecil County on its way to Philadelphia in 1777, seizing the County records as it went. Minor raids occurred in Prince George's and Dorchester counties in 1781. General Smallwood's regiment formed Washington's rearguard at the Battle of Brooklyn and enabled him to withdraw his army successfully. Three Marylanders, John Eager Howard, Mordecai Gist, and Otho Holland Williams, commanded the Maryland Line with distinction during the Southern campaigns. Pulaski organized

his famous Legion in Baltimore, while both De Kalb and Lafayette spent considerable time in Maryland.

At the close of the war, the Continental Congress met at Annapolis, and in one of the dramatic moments of American history George Washington resigned his commission in the Senate Chamber of the State House on December 23, 1783. It was at Annapolis, also, that Congress, on January 14, 1784, ratified the Treaty of Paris ending the Revolutionary War.

Between September 11 and 14, 1786, the Maryland capital entertained delegates from New York, New Jersey, Delaware, Pennsylvania and Virginia in what has become known as the Annapolis Convention. Ironically, Maryland did not participate. The delegates discussed means of improving and strengthening relations between the states. Recognizing the weaknesses of the Articles of Confederation, the delegates urged that another meeting be held to devise means of remedying these defects. Accordingly, the Federal Constitutional Convention met in May 1787 at Philadelphia. On April 28, 1788, Maryland ratified the Constitution; the seventh state to endorse the document which she had helped to bring into being.

Because of the exhaustion of the tobacco lands, however, serious agricultural problems remained. Slavery was becoming a burden, and currency problems vexed Maryland's economic life. In the formation of a new nation, Maryland did its part by sacrificing its territory and advancing money for public buildings to form the District of Columbia (1791). To offset some of the difficulties, Baltimore had grown until it was five times as great as Annapolis, the flourishing port of the "Golden Age." Early in the new century exports from Maryland ports reached the $14,000,000 mark.

The Second British Conflict

This shipping was, however, seriously hampered by British policy. Finally British interference with our vessels and crews brought on the War of 1812. Fighting began in Canada but was soon carried south by the British. From 1813 Maryland bore the brunt of the war. British troops routed our forces at Bladensburg and then proceeded to Washington, where they burned the public buildings. But defeats at North Point and Fort McHenry prevented the British from capturing Baltimore. During the bombardment of Fort McHenry on the night of September 13, 1814, a Maryland lawyer, Francis Scott Key, was inspired to write the "Star Spangled Banner".

At sea, Marylanders, sailing in the speedy Baltimore clippers, terrorized British shipping to the coasts of England, accounting for 556 British vessels, almost a third of the total taken by American vessels. Outstanding privateersmen were Captain Thomas Boyle in the *Comet* and the *Chasseur* and Commodore Joshua Barney in the *Rossie.* Barney later commanded a fleet of gunboats in the regular navy. Commodores John Rodgers and Stephen Decatur also distinguished themselves as naval commanders.

Early Nineteenth Century

After 1815 the State went on more vigorously than ever. A national "pike" was completed to Ohio and two canals, the Chesapeake and Ohio and the Chesapeake and Delaware, and a railroad, the Baltimore and Ohio, were put in operation. Samuel F. B. Morse ran an experimental telegraph line from Washington to Baltimore and on May 24, 1844, the message "What Hath God Wrought" flashed over the wire. In 1845, the Naval Academy was founded at Annapolis as Commander Franklin Buchanan and an academic staff of eight assembled some forty-odd midshipmen in Fort Severn.

Marylanders in the Baltimore and Washington Battalion took part in General Taylor's campaign in northern Mexico and participated in General Scott's march from Vera Cruz to Mexico City.

In Baltimore, Edgar Allan Poe produced some of his greatest poems and short stories until his untimely death in 1849 brought an end to his brilliant but tragic career.

Having attained a population of 169,000 by 1850, Baltimore was erected as a separate political unit by the Constitution of 1851.

The Civil War

Sectional differences placed Maryland in a peculiar position during the 1850's. Growing industrial and commercial ties bound the State to the North and West, as well as to the South. On October 16, 1859, Maryland's position became even more difficult when John Brown, basing his operation on Maryland soil, seized the arsenal at Harpers Ferry and cut the rail and telegraph connections to the West. On April 19, 1861, some Baltimoreans attacked the Sixth Massachusetts Regiment on its way through the city to Washington. Enraged poetical comment on the event by James Ryder Randall, a Marylander living in New Orleans, produced the State song, "Maryland, My Maryland."

As the war began, Maryland hovered on the brink of secession. It was important to the national government to keep

the State in the Union or Washington would be surrounded by enemy territory and completely cut off from the Northern States. The influence of Northern sympathizers, abetted by the presence of Federal troops during most of the war, kept the State in the Union. But this did not prevent the Confederacy from recruiting many volunteers in Maryland. Prominent among them were Colonel Bradley T. Johnson, commander of the First Maryland Regiment, C.S.A., and Admirals Franklin Buchanan and Raphael Semmes who served in the Confederate Navy.

In September 1862, General Lee invaded Maryland and at South Mountain and Antietam fought General McClellan's army in two of the most bitter battles of the war. Both sides suffered heavy casualties. McClellan permitted Lee to retreat across the Potomac without further molestation. It was while "Stonewall" Jackson was leading his troops through Frederick on the way to Antietam that the Barbara Fritchie incident—subject of the famous poem of John Greenleaf Whittier—is said to have occurred. On the political front, President Lincoln seized upon this as the proper moment for issuing the Emancipation Proclamation.

The following summer, Lee again advanced into Maryland. This time, he continued into Pennsylvania and at Gettysburg between July 1 and 3 engaged General Meade in a bloody struggle which left Lee's army so badly battered that he had no choice but to retire into Virginia.

In July 1864, Lee, hoping to divert some of Grant's troops from the siege of Petersburg, sent General Jubal Early to raid Western Maryland and threaten Washington. General Early defeated the Union Forces at the Battle of Monocacy on July 9 and advanced to the outskirts of Washington. At the Battle of Fort Stevens, which Lincoln witnessed on July 11, the Union lines held. Grant, meanwhile, sent fresh troops from Virginia forcing Early to retire. It was during this third invasion of Maryland that large indemnities were levied on Hagerstown and Frederick.

The war's end had its tragic aftermath for Maryland. John Wilkes Booth, a native of Harford County, assassinated Lincoln on April 14, 1865, and made his escape through Southern Maryland into Virginia. During this episode, Dr. Samuel A. Mudd, a Charles County physician, set Booth's broken leg for which he was accused of assisting in the assassination plot and sentenced to prison.

The Late Nineteenth Century

The last half of the Nineteenth Century was relatively uneventful in Maryland. Except for the years 1895 to 1899,

the Democratic party controlled the State. The nationwide boom in industry and commerce brought increased business to Baltimore and the State, and an increase in rail and water facilities in spite of the 1877 rail strike and the 1894 coal strike. Many Marylanders helped in the South, while Baltimoreans turned again to Southern markets for commercial outlets.

The growth of industrial enterprise and fortunes made large philanthropies possible. Among these were the gift to establish a library, conservatory of music and art gallery by the one-time Baltimore resident George Peabody (1866); the endowment of a university by the merchant Johns Hopkins (1876); and the gift of a free public library by the merchant Enoch Pratt (1882).

The scattered public schools of the pre-war period were consolidated into a strong centrally administered educational system and public education became a reality.

Few Marylanders saw action in the Spanish-American War, the most notable being Admiral Winfield Scott Schley of Frederick County, who was in active command at Santiago when the Spanish fleet was destroyed. The First and Fifth Regiments were mustered into Federal service shortly after the declaration of war, but saw no action. Instead they were stationed at camps in the South until their discharge in 1899.

The Twentieth Century

The story of Maryland in the Twentieth Century is more one of steady growth and progress rather than dramatic events or heroic accomplishments. Despite its $125,000,000 fire which began February 7, 1904, Baltimore forged ahead to become the Nation's sixth largest city, while the State, augmented by the expansion of the suburbs of Washington into adjoining counties, rose to the rank of nineteenth in population although only forty-second in area.

In World War I, approximately 75,000 Maryland citizens served in the armed forces. Both the 29th and 79th Infantry Divisions fought with distinction in the Meuse-Argonne offensive of 1918. The Federal government found Maryland a convenient location for many of its military establishments. The United States Army built Fort George G. Meade on more than 7,500 acres near Odenton and established its proving ground at Aberdeen and an arsenal at Edgewood. The Navy expanded its Naval Academy facilities at Annapolis.

In 1918, Maryland became the first state to adopt the Executive Budget System now so widely used. In the years which followed, the State Legislature showed an increasing consciousness of the welfare of its citizens, enacting legislation to create old age and mothers' pensions, to aid dependent children and to give assistance to the needy blind.

World War II

About 250,000 Marylanders were enrolled in the several military services during World War II. More than ever before, the State's industrial power—that devoted to the building of ships and aircraft—fought "the Battle of Materials." The Army enlarged and rebuilt Fort Meade, and constructed Andrews Air Force Base near Camp Springs in Prince George's County. At Port Deposit, the Navy built an extensive training center called Bainbridge, and the Naval Air Station on the Patuxent River at Cedar Point to serve as an aviation testing facility easily accessible to Washington.

The 29th Infantry Division again served with distinction in France during 1944 and 1945. It fought on the Omaha Beachhead, in Normandy, against the Siegfried Line, and in the advance to the Elbe River. Medical units from the Johns Hopkins and University of Maryland Hospitals performed outstanding service in many theaters of operations. The Federal government also built "Shangri-La" as a presidential retreat in Western Maryland. Here during World War II President Roosevelt received many of the leading statesmen of the allied forces, among them Winston Churchill. Renamed "Camp David" by President Eisenhower, the lodge became in 1959 the focus of world-wide attention as the scene of the meetings between the President and the Soviet Council Chairman, Nikita Khrushchev.

After World War II

The prosperity and population growth that have accompanied the post-war economic boom have not been unmixed blessings. The thousands of dwelling units erected since 1945 have provided many families better housing than ever before, but they have also created problems of water supply and sewage disposal. The bumper crop of war and post-war babies continues to strain the State's school facilities, requiring an ever-increasing number of teachers and many new buildings. With practically every family owning one or more automobiles and many cities and towns plagued with traffic and parking problems, the State has been com-

pelled to undertake a gigantic road and bridge building program.

A number of outstanding projects have already been completed. The Chesapeake Bay Bridge, crossing four miles of water and allowing clearance for craft to a height of 187 feet, was completed in 1952 at a cost of $45,000,000 and it is one of the largest continuous over-water steel structures in the world. Its use has exceeded expectations to such an extent that an additional span is now being seriously considered.

Another remarkable engineering feat, the Baltimore Harbor Tunnel, was opened to traffic at midnight, November 29, 1957. Built at a cost of $130,000,000, it is 6,300 feet long and has in all, sixteen miles of approach expressways that enable the motorist to speed rapidly through one of the most highly congested areas of Baltimore. The Jones Falls Expressway, the Baltimore Beltway and the Harrisburg Expressway have also greatly facilitated the movement of traffic through, around and away from the City.

Our national capital has been linked to nearby Maryland cities by dual highways which lead to Baltimore via the Baltimore-Washington Expressway, to Annapolis via the John Hanson Highway and to Frederick via the Washington National Pike, one of the most beautiful highways in the country. The Capital Beltway was opened on August 16, 1964.

Maryland's only toll road, the John F. Kennedy Highway, (Route 95), runs from Baltimore to the Delaware line and connects with the Delaware Memorial Bridge and the New Jersey Turnpike. Originally dedicated as the Northeastern Expressway by the late President on November 14, 1963, only a few days before his tragic death, it was subsequently renamed by joint action of both Maryland and Delaware. The Blue Star Highway (Route 301), extending from the Eastern Shore end of the Chesapeake Bay Bridge to the Delaware State line, makes similar connections.

Spurred by a series of shocking revelations about the care of the mentally ill which was published in one of Baltimore's leading newspapers in 1949, the General Assembly established the Department of Mental Hygiene and gave it full supervision over all matters pertaining to the custody, care and treatment of persons who are mentally ill or mentally retarded. Since then, the State has spent millions of dollars erecting new buildings and improving existing facilities. More important, there has been a change in concept which regards such institutions as treatment centers rather than

as custodial areas. Increasing emphasis is being placed on research in this field.

At Rosewood State Hospital, the Esther Loring Richards and the Jacob E. Finesinger Children's Centers were opened in 1958 and 1961, respectively, to provide psychiatric treatment for children with serious emotional, psychiatric and neurotic illnesses as distinct from those who are mentally retarded.

The Clifton T. Perkins State Hospital, a 300-bed facility, costing nearly three million dollars, began operating in 1960. It inaugurated in Maryland a program of psychiatric therapies combined with rehabilitative procedures for all adult male patients who require maximum security.

Patuxent Institution, now an autonomous agency, began operating under the Department of Correction in 1955, as an experiment in the use of indeterminate sentences in the treatment of defective delinquents.

Medical facilities have also been expanded in recent years. Three chronic disease hospitals have been constructed: Deer's Head State Hospital in Wicomico County (1950), Montebello State Hospital in Baltimore City (1953), and Western Maryland State Hospital in Washington County (1957). Western Maryland also treats tubercular patients. A 300-bed addition to Mt. Wilson State Hospital in Baltimore County has more than doubled its capacity for persons afflicted by tuberculosis.

In 1955, the Department of Public Welfare started an experiment in the rehabilitation of delinquent youth. In cooperation with the Department of Forests and Parks, it opened a forestry camp at Green Ridge near Flintstone to which boys could be sent from the Training Schools to work on conservation projects. The apparent success of Green Ridge led to the opening of a second camp near Lonaconing in 1957 and a third at Meadow Mountain near Grantsville in 1958. A fourth camp is now occupying temporary quarters at the old Cullen State Hospital, while new buildings are being constructed at Backbone Mountain. In addition, the Department has established the Maryland Children's Center in Baltimore County near Arbutus (1959), and the Thomas J. S. Waxter Children's Center in Anne Arundel County near Laurel (1963). Children adjudged delinquent by the courts are sent to one or the other of the Centers to be studied for not more than thirty days and then returned to the courts with recommendations.

A new State Office Building in Annapolis was dedicated in 1958. By 1960, a complex of three new State office build-

ings had been erected on West Preston Street in Baltimore: one for the State Roads Commission, another for the Department of Employment Security, and a third to bring together many of the State agencies that had been formerly scattered throughout the City. In 1962, the Department of Motor Vehicles moved into its newly-constructed Headquarters Building located in northern Anne Arundel County. Present plans call for another State office building in Baltimore and an office building for each house of the General Assembly in Annapolis.

Friendship International Airport, constructed to connect Baltimore with all parts of the globe, began operating on June 24, 1950. A 3,200-acre field, it is one of the largest in the country and is capable of accommodating planes of the new jet age.

The Maryland Port Authority was established in 1956 to promote and develop the ports of Maryland. It endeavors to persuade private operators to make needed improvements, but if necessary, the Authority may construct and operate supplementary facilities.

Marylanders have always taken pride in their history and culture. The Maryland Historical Society, established in 1844, has done much to foster this interest, perhaps most notably by publishing the *Archives of Maryland.* Since 1935, the Hall of Records Commission, operating as the State archival agency, has collected in its vaults practically all of the most valuable records of Maryland, both State and local. It turned out to be by far the most significant accomplishment of the Tercentenary Commission, which was established for the purpose of devising ways to commemorate the three hundredth anniversary of the founding of Maryland. More recently, a number of county historical societies have been organized.

As might be expected, Annapolis has been the center of attention among those interested in our colonial heritage. Historic Annapolis, Incorporated, the local historical society, has undertaken to preserve the old buildings and to persuade those constructing new ones to maintain the distinctive character of the "Old City", an area which was just recently designated a National Historic District by the Department of the Interior. The State House, the Hammond-Harwood House and Whitehall, about five miles out of the city, have likewise been designated National Historic Landmarks. Plans to tear down the Paca House were thwarted when Historic Annapolis and the State combined to purchase the building. The Maryland Historical Trust and His-

toric Annapolis are working together to develop gardens, an art and cultural center and a visitors' hall at this site. The Shaw House was also purchased by the State to save it from possible destruction. It now provides additional office space for members of the General Assembly.

The Baltimore Civic Center, erected in 1962, can accommodate such wide ranging cultural activities as symphony concerts and personal appearances of "The Beatles", although up to now it has been used primarily as a sports arena. The Civic Center borders on the edge of a 32-acre urban renewal project called Charles Center. It is intended to revitalize the central business district of Baltimore artistically as well as economically. Substantial progress has already been made.

The Governor is the chief executive officer of the State and the Commander-in-Chief of its military forces. He is elected by popular vote for a term of four years, his term of office beginning on the fourth Wednesday of January following his election. No person may serve as Governor for more than two consecutive terms. To be eligible for the office of Governor, a person must be at least thirty years of age and must have been for ten years a citizen of the State, and for five years preceding the date of his election a resident of the State. At the time of his election, he must also be a qualified voter of the State (Const. 1867, Art. II, secs. 1, 3, 5).

The Governor must submit to each annual session of the General Assembly a budget for the next ensuing fiscal year. He also makes recommendations for the raising of the principal and interest of the State's indebtedness. The Governor may also inform the General Assembly at any time of the condition of the State (II, 19; III, 52(3)).

Before a bill may become law the Governor must sign it, with the single exception of the General Appropriation Act. However, any bill which he vetoes may be passed without his signature by three-fifths of the total number of members of each house of the General Assembly, either at the current session or at the session next following. Or should the Governor, while the Legislature is in session, fail to return any bill with his objections within six days, the Act becomes law automatically unless the adjournment of the General Assembly prevents the return of the bill; then the bill fails. The Governor has the power to veto any part of an appropriation bill, in the same manner as other bills, without vetoing all (II, 17 as amended by Acts 1949, chap. 714).

The Governor is Commander-in-Chief of the military forces of the State—i.e. the National Guard—except when such forces are called into the national service. If the National Guard is thus called, he may establish a State Guard.

The Governor appoints all military and civil officers of the State subject to the advice and consent of the Senate, except when the election or appointment of such officer is otherwise provided for. In addition to appointing the heads of major departments, boards, and commissions of the State Government, the Governor appoints certain boards and commissions in each county and the City of Baltimore as is provided by law. The Governor also commissions Trial Magistrates, Justices of the Peace, and Notaries Public. The Governor appoints persons to unexpired terms of the offices of Attorney General, Comptroller, Treasurer, and members of the General Assembly. Any officer appointed by the Governor, excepting members of the General Assembly, shall be removable by him for cause.

The Governor may grant executive clemency, reprieves, or pardons to any person who is a prisoner of the State and may remit any fine or portion thereof to any person who has paid the fine. He may extradite prisoners or persons wanted by other States upon the presentation of a writ of extradition and may issue a warrant for the arrest of any person so wanted. The Governor may also ask for the return to this State of any prisoner or person of another State wanted for the violation of the laws of Maryland (II, 20).

The Secretary acts as general secretary to the Governor and attests his signature on all public documents, commissions, warrants, proclamations, and such other public papers as may be required. He is custodian of the Great Seal of the State (Code 1957, Art. 41, sec. 45). The Secretary of State certifies the results of all referenda and constitutional amendments submitted to the electorate. He keeps and publishes the results of elections held in the State and keeps the records of the State Board of Canvassers, of which he is a member (Code 1957, Art. 33, secs. 142-43, 172). His office keeps a record of all commissions issued and all appointments made by the Governor (Code 1957, Art. 41, secs. 86-88); a record of trademarks and trade names used within the State (Code 1957, Art. 41, secs. 90-103); and a registry of all legislative agents and counsels, the legislative subjects in which they are interested, and the amounts they receive and expend for such activity (Code 1957, Art. 40, secs. 5-14). The Secretary of State is also the legally designated attorney of nonresident drivers, aviators, and aircraft owners involved in accidents in Maryland. All processes or warrants served upon him in this connection have the same legal effect as though they were served upon the individual (Code 1957, Art. 66½, sec. 115; Art. 75, secs. 76-78). All administrative regulations adopted by any State officer or department must be filed with the Secretary of State, who is responsible for publishing such regulations and supplements thereto (Code 1957, Art. 41, sec. 9). The Secretary of State also prepares the election laws in collaboration with the Department of Legislative Reference and distributes them. Certificates of candidacy for all Statewide offices are received and filed by the Secretary of State as well as all referendum petitions. The office prepares and records all requisitions and extraditions as well as pardons and commutations granted by the Governor. He must also keep a record of all Trading Stamp Companies doing business in Maryland as well as a statement of registration accompanied by representative samples of its stamps, stamp collection books, stamp redemption catalogues and stamp distribution and redemption agreement forms currently used in the State. The office also keeps a record of all charitable organizations and contributions received by them. By Chapter 225, Acts of 1963, the Secretary of State must keep a record of true and itemized statements or reports in writing setting forth in detail all contributions and expenditures incurred by every treasurer, political agent, or candidate for nomination or election to a State-wide public office (Code 1957, 1965 Supp., Art. 33, sec. 223).

State Office Building, Annapolis 21404 Telephone: Colonial 8-3371

The Board of Public Works is composed of the Governor, the Comptroller, and the State Treasurer. The Board exercises such powers and duties as may be delegated to it in regard to the creation of the

State debt. It approves all contracts for the expenditures of the proceeds of loans authorized by the General Assembly. It supervises the expenditure of all sums appropriated for the acquisition of land, buildings, equipment, new construction, and other capital assets, except those appropriated for State roads, bridges, and highways; and it approves the contracts for such expenditures after review by the Director of Budget and Procurement or Department of Public Improvements, as the case may be. The Board approves every new lease or renewal for land, buildings, or office space before such contracts are executed by any department, board, commission, State officer, or institution of the State. It may also designate the location of any State agency, after review by the Director of Budget and Procurement.

The Board may borrow upon the credit of the State, at any time between the sessions of the General Assembly, sums not to exceed $50,000, to meet temporary deficits in the Treasury; and in addition, it may borrow upon the credit of the State total amounts not exceeding $1,000,000 in anticipation of taxes levied for any year. All such loans shall bear interest at a rate determined by the Board, and shall mature and be repaid at or before the end of the fiscal year in which the money is borrowed. Upon recommendation of the Comptroller, the Board may adopt regulations covering matters of business administration in the various departments, institutions, and agencies of the State, including the fixing of uniform rates of mileage allowance and the terms and renewals of all bonds furnished by State officials and employees. The sale, lease, or transfer of any real property belonging to any State agency or institution must be approved, and the conveyance signed, by the Board and the highest official of the agency or institution. The Board of Public Works has custody of the Emergency Appropriation Funds, which are used to supplement the budgets of the agencies and institutions of the State. It also authorizes the disposal of the records of any agency or institution of the State when such disposal has been approved by the Hall of Records Commission (Const. 1851, Art. The Office of the Comptroller of the Treasury was established in 1851. The Comptroller is elected by popular vote for the term of four years (Const. 1867, Art. VI, sec. 1). The Constitution enumerates his duties, beginning with the broad mandate to exercise "general super-

intendence over the fiscal affairs of the State, preparing plans for the improvement and management of revenue, for the support of the public credit". More specifically, he is to "preserve all public accounts, and decide on the forms of keeping and stating accounts"; to "grant, under regulations prescribed by law, all warrants for money to be paid out of the Treasury"; and to "superintend and enforce the prompt collection of all taxes and revenues." The Comptroller receives the State Auditor's reports, contacts various departments to follow up the Auditor's recommendations, and jointly with the Treasurer he exercises supervision over the Central Payroll Bureau. The Comptroller, or his deputies, countersigns all checks drawn by the Treasurer upon the deposits of the State. The Comptroller prescribes the formalities for the transfer or other evidence of the State debt and countersigns such papers. He administers and collects the following specific taxes: the income tax, both personal and corporate; the retail sales and use taxes; the admissions tax; the motor vehicle fuel tax; the road tax on motor carriers; the State tobacco tax; the Maryland estate tax; excise taxes on beer, wine and liquor; and certain franchise taxes. The Comptroller also administers the Dormant Bank Account Law, collects taxes on the deposits of savings banks, on the gross receipts of certain utility companies and rolling stock of persons other than railroads. Revenues collected by the Maryland Racing Commission as well as the motor vehicles revenues are distributed to political subdivisions by the office of the Comptroller.

The Comptroller, through the Alcoholic Beverages Division, controls and regulates the manufacture, sale, transportation, and distribution of alcoholic beverages into, within, and out of the State of Maryland; issues licenses to manufacturers, wholesalers, airlines, railroads, and steamboats; and issues permits to nonbeverage dealers, nonresident dealers, transportation companies, transporters, and for public individual storage. The Maryland Alcohol Tax Enforcement Unit is charged with the specific enforcement of certain of the alcoholic beverages laws.

The office of the Comptroller prescribes the form of all licenses required by the State licensing laws which are issued through the Clerks of the Courts of the various counties. The License Bureau enforces the State license laws. Each month the Comptroller collects license revenues, death taxes, and real and personal property taxes from the Clerks of the Courts, Registers of Wills, and County Treasurers, respectively, of each county. Distribution of the certain taxes and revenue is made to the cities, towns and counties of the State and to other State agencies as prescribed by law (Code 1957, Art. 2B, sec. 134; Art. 19, secs. 1-34; Art. 56, secs. 3-4, 137; Art. 78B, sec. 19; Art. 81, secs. 201, 323, 410, 433, 434, 460; Art. 89B, secs. 31, 32, 33, 34).

STATE APPEAL BOARD

Chairman: Morris Turk
Walter E. Buck, Jr., Paul Wartzman
Louis R. Schuerholz, Secretary

301 W. Preston Street, Baltimore 21201 Telephone: 837-9000

The State Appeal Board was established in 1933 as the "State License Bureau" (Chapter 2, Acts of the Special Session, 1933). In 1947 the General Assembly changed the name of the State Appeal Board (Chapter 501, sec. 177, Acts of 1947). The Board is composed of three members appointed by the Comptroller of the Treasury subject to the approval of the Governor. The Comptroller designates the Chairman of the Board and the Board appoints a secretary. It is the local Board of License Commissioners in Somerset County. It hears appeals from decisions of local licensing authorities in Dorchester and Wicomico counties (Code 1957, Art. 2B, secs. 61, 70, 147, 154, 177, 184). The Board meets for hearings and to hear appeals within the time prescribed by law, at the county seat of the county in which the action originated. The appropriation for the expenses of the Board is included in the budget of Alcoholic Beverages Division, Comptroller of the Treasury.

BOARD OF REVENUE ESTIMATES
BUREAU OF REVENUE ESTIMATES

John A. Luetkemeyer, State Treasurer
James G. Rennie, Director, Department of Budget and Procurement
W. Irvin Young, Chief, Bureau of Revenue Estimates

Treasury Building, Annapolis 21404 Telephone: Colonial 8-3371

The Board of Revenue Estimates and the Bureau of Revenue Estimates were created by Chapter 991, Acts of 1945. The Board is composed of the Comptroller of the Treasury, the State Treasurer, and the Director of the Department of Budget and Procurement. It studies the findings and recommendations of the Bureau and then sends to the Governor, for submission to the General Assembly, an itemized statement of anticipated revenues for the succeeding fiscal year, together with its recommendations. The Bureau studies and analyzes all sources of revenue, prepares for the Board the findings for the itemized statement of anticipated revenue, devises equitable and economical means of collection of such revenue, and devises and recommends new sources of revenue.

The Chief of the Bureau of Revenue Estimates, in conjunction with the State Comptroller's office, prepares and submits to the members of the General Assembly by the end of the months of January and July in each year an itemized statement showing the following information for the six-month period ending on the next preceding December 31 or June 30, as the case may be: (1) estimated revenue from all sources, by funds, for the current budget period; (2) collections for the next preceding six-month period; and (3) amount of revenues uncollected or over-collected (Code 1957, Art. 41, sec. 194). The appropriation for the Bureau of Revenue Estimates is included in the budget of the Comptroller of the Treasury.

CENTRAL PAYROLL BUREAU

Robert L. Serviss, Director

State Office Building, Annapolis 21404 Telephone: Colonial 8-3371

The Central Payroll Bureau, established by Chapter 43, Acts of 1954, operates under both the Comptroller of the Treasury and the State

Treasurer. The Bureau renders payments for salaries, wages and certain contractual obligations for all agencies of the State except the State Roads Commission and the University of Maryland. The Bureau compiles the payroll registers, maintains records of salary earnings and deductions for each employee of the State, issues a summary distribution of charges by program and fund for each payroll, together with a disbursing warrant, and issues salary checks to State employees.

It submits biweekly reports to the three State retirement systems: State Teachers', State Employees' and State Police. It also compiles quarterly reports for fourteen reporting units and submits them to the United States Department of Health, Welfare and Education—Social Security Division.

The Central Payroll Bureau maintains an account for Federal Withholding Tax and at the end of each calendar year submits to each State employee a record of his total earnings and the amount withheld for Federal Tax, Social Security, and State Tax.

Under the Constitution of 1776, there were two State Treasurers—the Treasurer of the Eastern Shore and the Treasurer of the Western Shore. In 1841 a constitutional amendment consolidated the two offices. The present constitution provides that the Treasurer shall be elected by joint ballot of both Houses of the General Assembly for a term of four years. The Treasurer is responsible for accounting for all deposits made each day by some one hundred and fifty (150) State Agencies in depositories designated and authorized by him. The Treasurer prepares all checks drawn for disbursement of State cash funds, and he and one of his Deputies signs these checks, which are then countersigned by the Comptroller and one of his authorized Deputies. The Treasurer invests any unexpended or surplus funds in the State Treasury, representing both the general and special funds of the State, which are not currently required to meet State needs. He is the custodian of all stocks, bonds or other investments of the State, as well as securities which are pledged by Insurance Companies, foreign Building and Homestead Associations, and all collateral which is pledged by banks that have State Funds on deposit. He is also charged with the responsibility of placing insurance for all anticipated losses which might occur to State property, and is the custodian of all insurance policies. The State Treasurer is also the depository for all the Deeds indicating property ownership of the State of Maryland. He publishes a monthly balance in Baltimore City Newspapers, of all State Funds held in authorized depositories, and renders a quarterly report of cash receipts and cash disbursements to the Comptroller of the Treasury. He is, by law, a member of the Board of Public

Works, and is also the custodian of such special deposits as may from time to time be prescribed by law (Const. 1867, Art. VI, secs. 1, 2, 3, 4; Code 1957, Art. 95).

A. Lehart Cole, Office Supervisor, State Auditor

The office of the State Auditor was created by Chapter 257, Acts of 1902 and reorganized by Chapter 226, Acts of 1929. The State Auditor is appointed by the Governor for a term of four years, and both he and the Deputy State Auditor are required to be certified public accountants or registered public accountants of Maryland.

The State Auditor's office audits annually the books of all Clerks of Court, Registers of Wills, and Collectors of State Taxes of the State of Maryland, including the City of Baltimore; of the Governor's office; of the Comptroller of the Treasury; of the Attorney General; of the Clerk of the Court of Appeals; of the University of Maryland; and all other agencies and institutions as directed by the Comptroller. The State Auditor submits to the Comptroller full and detailed written reports of the results of these examinations, with any suggestions he may have for changes in the method of keeping the books and accounts, or for changes in the forms of reports by the various agencies to the Comptroller. The State Auditor receives and reviews reports of certified public accountants or official auditors making examinations of the books and accounts of Maryland counties, incorporated cities or towns, and taxing districts (Code 1957, 1965 Supp., Art. 19, secs. 29-33, 40, 41).

By Chapter 757, Acts of 1959, the General Assembly abolished the State Tax Commission and divided its functions between two new agencies, the Maryland Tax Court and the State Department of Assessments and Taxation. The Maryland Tax Court performs the judi-

cial and semi-judicial duties of the former Commission. It consists of five Judges, appointed by the Governor for terms of six years. One is required to be a resident of the Eastern Shore; another, a resident of the Western Shore; and another, a resident of Baltimore City. The other two are to be residents of the State at large. Not more than three Judges may be of the same political party, and each is required to be a taxpayer and a qualified voter of Maryland. At least two must be members of the Bar of the State of Maryland, and the Governor is required to designate one of these as Chief Judge.

The Maryland Tax Court hears appeals from the decision, determination, or order of any agency or any assessing or taxing authority of the State that affects the valuation, assessment or classification of property; the levy of a tax; or the application for an abatement or reduction of any assessment or tax, or exemption therefrom (Code 1957, Art. 41, sec. 318; Art. 81, secs. 224-231; 256, 258, 259, 141, 199, 309; from allowances (Art. 81, sec. 217) or disallowances (Art. 81, secs. 217, 310) of claims for refunds of taxes, and from cancellations of Motor Vehicle Fuel Dealers' Licenses (Art. 56, sec. 142).

STATE DEPARTMENT OF ASSESSMENTS AND TAXATION

Director: Albert W. Ward

301 W. Preston Street, Baltimore 21201 Telephone: 837-9000

The General Assembly created the State Department of Assessments and Taxation by Chapter 757, Acts of 1959. The law required that the Governor appoint the first director of the Department; thereafter, the office is to be held under the provisions of the Merit System. Except for appeals, which are a function of the new Maryland Tax Court, the State Department of Assessments and Taxation supersedes the State Tax Commission, established in 1914, which in its turn had superseded the State Tax Commissioner, an office created in 1878. The functions of the early Commissioners had been limited to the assessment of the shares of domestic corporations and national banks, assessment of the gross receipts of certain classes of corporations, and the valuation of distilled spirits for the purpose of State and local taxation. The Director of the present Department in addition supervises the administration of the assessment and tax laws of Maryland, and of each county or city thereof; enforces a continuing method of assessment, and requires that all property in the State be reviewed for assessment each year; assesses the operating property, except land, of railroads and other public utilities and contract carriers; and participates in any proceeding in Court wherein any assessment or taxation question is involved (Code 1957, Art. 81, sec. 232; Art. 41, sec. 318).

For each of the counties the Director appoints a Supervisor of Assessments from a list of five nominees submitted by the County Commissioners or County Council where there is a charter form of government. The Supervisors serve during good behavior and are removable by the Director for incompetency or other cause. The cost of their salaries, which are fixed by law, is shared 60% by the State and 40% by the counties. The Director also appoints a Supervisor for Baltimore City, with important duties of investigation. The Supervisor of Assessments is the chief assessor and acts as such over local assessors.

The County Commissioners appoint the local assessors for an indefinite period from a list of applicants examined and graded by the Director. The assessors' salaries are fixed and paid in a manner similar to those of the Supervisors. They review for reassessment the property in each county of Maryland each year (Code 1957, Art. 81, secs. 234–37).

The Director has charge of the qualifications and registration of foreign corporations doing business in Maryland. In addition to collecting an annual filing fee and accounting monthly for all such collections to the Treasurer, the Director assesses the tangible personal property of foreign corporations and distributes the proceeds to the localities in which the property is located. He also approves and records charters and amendments to charters of domestic corporations.

The Department of Budget and Procurement, established by Chapter 64, Acts of 1939, combines the budgeting and purchasing functions of the State into a single agency. The Director of the Department, who is appointed by the Governor, has executive jurisdiction over the Department, and in addition reviews all leases for rental of office space before their submission to the Board of Public Works for approval (Code 1957, Art. 15A, sec. 16).

Budget Bureau

301 W. Preston Street, Baltimore 21201 Telephone: 837-9000

The Director appoints the Chief of the Budget Bureau. This Bureau carries out the budget functions of the agency. It aids the Director in preparing a tentative budget for the Governor's consideration and reviews all budget amendments presented by the various State agencies.

The Bureau is also responsible for the enforcement of rules and regulations concerning all phases of the purchase, maintenance and use of motor vehicles by the various State agencies (Code 1957, Art. 15A, secs. 17-27).

In the 1966 fiscal year, this Bureau will assume the responsibility for coordinating the data processing activities of all State agencies.

Purchasing Bureau

318 Light Street, Baltimore 21202 Telephone: 837-9000

The Director also appoints the head of the Purchasing Bureau. This bureau purchases supplies, material and equipment for the use of State agencies. It maintains a warehouse for the storage of supplies and pays for them out of a revolving fund of $300,000. These supplies are

purchased by State agencies, which receive invoices and make payment to the Revolving Fund in the same manner as to other vendors (Code 1957, Art. 15A, secs. 28-34).

Since March 6, 1949, the Department has distributed donable foods from the Consumer and Marketing Service, U. S. Department of Agriculture, to public and private eleemosynary institutions and agencies and to needy families in the State of Maryland. There are 173 such institutions and agencies serving approximately 106,000 persons.

In March 1960, a Central Services program was inaugurated providing typewriter repair and duplicating services for those agencies located in the Baltimore State Office Building and for certain agencies in the Baltimore area.

The State Commissioner of Personnel is the head of the State Merit System, which was established in 1920. The title of State Commissioner of Personnel was established by Chapter 310, Acts of 1953. The position had been previously known as the Commissioner of State Employment and Registration (Chapter 41, Acts of 1920). The Commissioner, who is appointed by the Governor for a six-year term, administers the Merit System Law, and with the approval of the Governor, makes such rules as he deems necessary to carry out the law. Such rules have the force and effect of law.

The purpose of the Merit System Law is to provide candidates for appointment to positions in the classified service after determining by practical tests the fitness of such candidates for the positions which they seek, without regard to their political or religious opinions or affiliations. It is also to provide adequate means for the prompt removal from positions in the classified service of persons who may be indolent, incompetent, inefficient, or otherwise unfit to remain therein, and to keep in a workable state the provisions for the promotion of employees as provided in the Law to ensure that the best class of candidates will be attracted to the classified service (Code 1957, Article 64A). The State Commissioner of Personnel is the chief personnel officer for the State of Maryland, which at present employs approximately 24,200 classified and 3,200 unclassified employees.

who perform exceptionally meritorious acts or services in the public interest in connection with or related to their official employment.

Awards to employees and expenses for the honorary recognition of employees may be paid from funds or appropriations available to the activity primarily benefiting. The State Employees Standard Salary Board was established by Chapter 395, Acts of 1941, and reorganized by Chapter 310, Acts of 1953. By Chapter 87, Acts of 1956, the Board was abolished and a new Board was created, effective June 1, 1956. The present Board is composed of the State Commissioner of Personnel, ex officio, as Chairman; the Chairman of the Civil Service Commission of Baltimore City, ex officio; a person appointed by the Governor from a list of three names submitted by the Maryland Classified Employees Association, and two persons appointed by the Governor to represent the general public, all three for a period of six years. The Board and Secretary serve without compensation.

The Board prepares and recommends to the Governor a pay plan for all classes of positions in both the classified and unclassified Service, to the end that all positions in such services involving comparable duties, experience, responsibilities, and authority shall be paid comparable salaries in accordance with the relative value of the services to be performed.

In establishing rates of pay, the Board gives consideration to experience; to the prevailing rates of pay for the same or comparable services performed in public and private employment; to living costs, or other benefits received by employees; and to the State's financial condition and policies. If the Governor approves the pay plan, he uses it in preparing the State budget, and the plan has the force of law at the time the next State budget takes effect if funds for such pay plan are provided therein. The Board may recommend amendments to the plan from time to time and when approved by the Governor and so included in the next State budget, such amendments have the force of law. In cases of acute emergency, amendments may be made from time to time in the pay plan to take effect at any time before the effective date of the next State budget.

The following positions are excluded from the Board's jurisdiction: faculty positions, librarians and registrars of the University of Maryland, the State colleges, Morgan State College and St. Mary's College of Maryland; teachers, principals, directors or education and supervisors of vocational education on the staffs of Boys' Village of Maryland, Maryland Training School for Boys, Montrose School for Girls, Maryland Children's Center; and certain other positions which are excluded by specific legislative Acts. The Board formulates rules and regulations for the administration of the Act. These rules include provisions for automatic increases, from minimum to maximum, and for

one longevity step, of the rates established by the schedule; and, after approval by the Governor, have the force of law (Code 1957, 1965 Supp., Art. 64A, secs. 26-30).

A centralized administration of the Maryland public schools was attempted in 1865, but the General Assembly did not establish the State Board of Education until 1870 (Ch. 311, Acts of 1870). The Board, composed of seven members appointed by the Governor for staggered seven-year terms, makes policy for the public school system and passes the by-laws and regulations that govern it (Code 1957, Art. 77, secs. 2, 5, 19-24, 27, 29, 32, 35).

The State Board of Education appoints the State Superintendent of Schools for a four-year term. He directs the State Department of Education and executes the policy and enforces the regulations adopted by the Board (Code 1957, Art. 77, secs. 37-39). The State Department of Education consists of the State Superintendent of Schools and the professional staff employed by the Board to assist him. The Department has seven divisions (Code 1957, 1965 Supp., Art. 77, secs. 45, 46).

Division of Instruction

The Division of Instruction provides leadership in planning and supervising education for children and adults in the public schools of the State. Among the specific aids it supplies are curriculum materials which it plans in cooperation with teachers, certain types of visual aids, and workshop and consultant service. It maintains a curriculum center. It also plans programs for the handicapped and assists with their education. This division is also responsible for the administration of programs under Titles III and V-A of the National Defense Education Act (Code 1957, 1965 Supp., Art. 77, secs. 26-42, 241-242).

Division of Vocational Education

The Division of Vocational Education provides leadership in planning and supervising the vocational curricula in the public schools in the areas of agriculture, distributive education, home economics, technical education, health occupations, trades and industry, business and office education, as well as in the nonvocational program of industrial arts. This Division also administers the training programs authorized under the Manpower Development and Training Act and the Area Redevelopment Act and coordinates the activities of the Maryland State Apprenticeship Council. The Federal funds granted to the State for these purposes are allocated through the Division (Code 1957, Art. 77, secs. 285-288).

Division of Research and Development

The Division of Research and Development compiles all statistical records necessary for the efficient administration of the public school system. These records provide a guide to the services rendered by the Department in planning, construction, staffing, and supervision. Statistical studies are provided as they are requested by the State Board of Education or the State Superintendent of Schools. In addition, it

assists the local school systems and other divisions of the State Department of Education in the design and carrying out of research projects and special studies concerning the condition and needs of public education in Maryland (Code 1957, Art. 77, secs. 34, 47).

Division of Administration and Finance

In the area of administration, this Division is responsible for departmental office and personnel supervision, and for administering the State programs for State aid, public school transportation, school plant planning, and school lunch and donable foods.

The finance section of the Division prepares and administers the annual State public school departmental budgets. It maintains budget and accounting records and distributes funds made available to the local school systems by the State and Federal governments. In addition, this unit provides auditing and fiscal advice to the local school systems (Code 1957, 1965 Supp., Art. 77, secs. 29, 33, 217-233).

Division of Certification and Accreditation

The Division of Certification and Accreditation accredits all Maryland schools and colleges, public and private. The Division issues teacher certificates to the professional and academic staffs of the public and private institutions below college level. It licenses and inspects Maryland trade and vocational schools and administers the testing program for the issuance of high school equivalence certificates. The Division also performs the staff work necessary to carry out the legal responsibilities of the State Board of Education and the State Superintendent of Schools in the field of higher education. The University

The University of Maryland is the State university and the "Land-Grant" institution of Maryland.

The present University of Maryland is the result of the merger of the former privately owned University of Maryland located in Baltimore with the former Maryland State College at College Park. The former University of Maryland was founded in 1807 as the College of Medicine of Maryland (Chapter 53, Acts of 1807). In 1812, it enlarged its curriculum and changed its name to the University of Maryland (Chapter 159, Acts of 1812). Subsequently, it added faculties of law (1823), dentistry (1882), nursing (1889), and pharmacy (1904).

The Maryland State College of Agriculture was founded by Chapter 114, Acts of 1856, as the Maryland Agricultural College, a private institution at College Park, and became the beneficiary of the Land-Grant Act of 1862 (Chap. 178, Acts of 1865). By Chapter 129, Acts of 1914, the State assumed complete control of the school and in 1916 the Legislature granted it a new charter, which renamed the school the Maryland State College of Agriculture (Chapter 372, Acts of 1916). The General Assembly consolidated the University of Maryland and the Maryland State College of Agriculture in 1920 and gave the name University of Maryland to the new institution (Chapter 480, Acts of 1920).

In accordance with recent legislation authorizing the University to establish branches in several areas of the State, construction has begun on a branch in Baltimore County, which will open initially to freshman students in September 1966 (Code 1957, 1965 Supp., Art. 77, sec. 251A).

The University is under the administration of a Board of Regents consisting of eleven members appointed by the Governor by and with the advice and consent of the Senate. Members appointed to the Board prior to 1960 serve for nine years; members appointed in 1960 and thereafter serve for terms of seven years (Code 1957, 1965 Supp., Art. 77, sec. 249B).

The Board of Regents, within the limits prescribed by law, may issue revenue bonds to finance the building of dormitories and other student housing facilities. Student union buildings at College Park and Baltimore have been constructed as well as a combination Physical Education and Auditorium building at College Park. The Regents issue such bonds directly with the payments of principal and interest made from revenues realized from the use of the buildings (Code 1957, 1965 Supp., Art. 77, secs. 249-59J).

There are two principal campuses of the University located at College Park and at Baltimore. At College Park, instruction is offered for both undergraduate and graduate students in the Colleges of Agriculture, Arts and Sciences, Business and Public Administration, Education, Engineering, Home Economics and Physical Education, Recreation, and Health. Graduate level instruction will be provided by the School of Library Science in the fall of 1965. Also located at College Park are the Graduate School, the Summer School, and the offices of University College. The latter college operates the evening school program at College Park and a self-supporting college level program at off-campus centers throughout the State of Maryland. It also maintains overseas centers for United States personnel in the European, North Atlantic and Far East military operations.

The second principal campus of the University is located in Baltimore, at Lombard and Greene Streets. This campus accommodates the University's professional schools of Dentistry, Law, Medicine, Nursing, Pharmacy and Social Work. The University Hospital is located here and is affiliated through professional programs with each of the six schools. Evening courses are also offered in Baltimore by University College.

Princess Anne (Somerset County) 21853 Telephone: Princess Anne 780

The Maryland State College, Division of the University of Maryland (formerly Princess Anne College), is a state supported land-grant college. It offers courses leading to a bachelor's degree in agriculture, home economics, industrial and mechanical arts, and liberal arts and sciences. The external government and control is vested in the Board of Regents of the University of Maryland and the Maryland State Board of Agriculture.

The College was founded in 1886 as the preparatory branch of the Centenary Bible Institute, chartered in 1867 and renamed Morgan College in 1890. The preparatory branch was known as the Delaware Conference Academy. By the Morrill Act of 1890, the College received federal funds and became known as the Princess Anne Academy, or "Eastern Branch" of the Maryland Agricultural College. In 1919, by agreement with Morgan College, the University of Maryland assumed control of the College, although it remained in the hands of the trustees of Morgan College until 1936. The State purchased it by Chapter 548, Acts of 1935.

Agricultural Experiment Station

The Maryland Agricultural Experiment Station was established following passage of the Federal Hatch Act in 1887 making available to the states grants-in-aid for the conduct of research pertaining to agriculture. Both State and Federal funds are appropriated for its

support. The main location is on the University campus at College Park. Here laboratories for research in the animal and plant sciences are located and administrative headquarters as well as provisions for the maintenance of experimental herds, flocks, field and tree plots and for investigations on soils, insect and disease control (Chapter 55, Acts of 1888).

Several outlying farms are maintained for research purposes. These experimental farms include the Tobacco Experimental Farm at Upper Marlboro; the Dairy-Agronomy Research Farm near Ellicott City, devoted to dairy and related forage studies; the Poultry-Vegetable Research Farm at Salisbury, for studies on broiler and vegetable problems; and the Livestock Experimental Farm near Waterloo for research with cattle and swine. These different locations support and supplement the programs of research at the main station (Code 1957, Art. 66C, secs. 58-60).

The Cooperative Extension Service in Agriculture and Home Economics was established by Federal and State laws in 1914 and is supported by Federal, State, and County funds (Chapter 247, Acts of 1914). Each county of the State and Baltimore City is represented by Extension Agents conducting educational programs in agricultural production and marketing, home economics, public affairs and community development, and in youth development. A State office to provide administrative direction and technical assistance is located at the University of Maryland. Scientific and economic information related to the production and marketing of agricultural products, and home economics is provided to the people in the State; and factual information is used in the educational efforts directed to public affairs and community development. The youth of the State are served through the 4-H Club program. Short Courses in various fields are also provided (Code 1957, Art. 66C, secs. 56-57).

State Board of Agriculture

The Board of Regents of the University of Maryland acts as the State Board of Agriculture. As such, it administers the laws of the State relating to agricultural service and control programs. These programs include animal disease control; plant pest control; marketing activities; inspection service for feed, fertilizer, pesticides, dairies, and seeds; and soil conservation and drainage (Code 1957, Art. 66C, secs. 46-60).

Live Stock Sanitary Service

The Live Stock Sanitary Service is charged with the responsibility of keeping animal and poultry diseases from entering the State and controlling and eradicating such diseases within the State. In cooperation with the State Department of Health, it endeavors to suppress disease of animals or poultry which affect the public health. Facilities for the diagnosis of diseases are located at the main laboratory at College Park and at branch laboratories in Salisbury, Preston, Centreville, Bel Air, Frederick, Hagerstown and Oakland (Code 1957, Art. 66C, secs. 412-70).

Plant Pest Control

The State Entomologist and the State Plant Pathologist are responsible for the control of insects and plant diseases. Their programs seek to prevent the introduction of any injurious insect and plant disease into Maryland and to control and eradicate insects and disease within the state. Major activities include Nursery Inspection, Japanese Beetle Retardation and Quarantine Inspection, Apiary Inspection, Mosquito Control, Oak Wilt Eradication, White Pine Blister, Rust Control, Dutch Elm Disease Control and Potato Seed Inspection (Code 1957, Art. 48, secs. 70-110, 190-99).

State Department of Markets

The State Department of Markets carries on a number of programs designed to serve the every day needs of the farmer in marketing his products and to insure an equitable flow of these products in the marketing channels. The Department offers a grading and inspection service, market price reporting, and a marketing service and information program. In some of this work, it cooperates with the United States Department of Agriculture. The Department enforces the Egg Law, the Weights and Measures Law, and Cantaloupe Maturity Law and issues licenses required under the Poultry Sale and Transportation Law (Code 1957, Art. 66C, secs. 65-83, 104-10; Art. 48, secs. 160-166D, 184-89; Art. 97, secs. 1-63, 66-70).

State Inspection Service

The State Inspection Service enforces the State laws relating to feed, fertilizer, agricultural liming material and agricultural pesticides. These laws are classified as the "Correct Labeling Acts." The agency's work consists of registration of brand names; collection, chemical analysis, and examination of samples; publication of results of tests; and prosecution of violators (Code 1957, 1965 Supp., Art. 48, secs. 116-128, 134-140D, 141-148; Art. 66C, secs. 471-484).

Dairy Inspection Service

The Dairy Inspection Service administers the law relating to the receiving, weighing, measuring, sampling and testing of milk or other fluid dairy products in Maryland. It issues permits to dairy plants and operators of bulk milk tank trucks; examines and licenses milk and cream weighers, samplers and testers; checks calibration of the glassware used in testing milk and cream; check-tests milk and cream samples of plants and commercial laboratories; checks accuracy of weighing and measuring devices in dairy plants; and checks calibrations of farm milk tanks (Code 1957, Art. 97, secs. 84-102).

Seed Inspection Service

The Seed Inspection Service enforces the Maryland Seed Law. All seeds sold within the state must be properly labeled and inspected, sampled, and analyzed to insure compliance with label declaration. The Service checks samples for purity, noxious weed seed and ger-

mination. It also analyzes seeds on request of firms and individuals (Code 1957, Art. 48, secs. 148-59).

State Department of Drainage

The State Department of Drainage, established by Chapter 465, Acts of 1937, promotes and encourages drainage of agricultural lands, correlates activities of local drainage organizations, and cooperates with State and Federal agencies in the development of a permanent program of improved drainage (Code 1957, Art. 66C, sec. 64).

Natural Resources Institute

The Natural Resources Institute replaces the former Department of Research and Education (Chapter 776, Acts of 1961). It is responsible for increasing knowledge of the resources of Maryland and their best uses, with special emphasis on the tidewater and inland resources. The research program is maintained in cooperation with the departments represented on the Board of Natural Resources. The Institute also participates in the education of the public and of individuals in the problems and potentials of natural resources and in the training of students and specialists in related fields.

The principal divisions of the Institute include the Chesapeake Biological Laboratory, Solomons; the Inland Resources Division and the Conservation Education Division, College Park; the Seafood Processing Laboratory, Crisfield; and a field station in Western Maryland for problems relating to the Appalachian region.

A wide series of publications is issued, including the quarterly journal, CHESAPEAKE SCIENCE, devoted to research and progress on natural resources of the Chesapeake Bay region (Code 1957, Art. 66C, secs. 18-21).

Morgan State College was organized in 1867, under the auspices of the Methodist Episcopal Church, as the Centenary Biblical Institute. In 1890, the school's name changed to Morgan College in honor of Dr. Lyttleton Morgan, whose gift of a large sum of money enabled the school to offer academic work at the college level. The school remained under church jurisdiction until the State of Maryland purchased it by Chapter 331, Acts of 1939.

The College is fully accredited by the Middle States Association of Colleges and Secondary Schools and by the Department of Education of Maryland. It is also approved by the Regents of the University of the State of New York, the American Medical Association, and by the American Chemical Society.

The undergraduate curriculum at Morgan State College is organized into three divisions: Humanities, Natural Sciences, and Social Sciences. Within these divisions are included eighteen departments offering courses leading to the Bachelor of Arts and Bachelor of Science degrees.

Emphasis is placed upon the presentation of a standard four-year course in the liberal arts and teacher training, both elementary and secondary. Both day and evening courses are offered, and at the present time, students may complete all requirements for the major in Business Administration, Sociology, and History through study in the Evening College. A Summer session is conducted as a part of the regular work of the college, and includes in-service training for teachers in Maryland schools.

A graduate program leading to the master's degree, primarily for elementary and secondary school teachers, was inaugurated in the academic year 1964-65.

During the academic year 1964-65, Morgan had an enrollment in all divisions of 4,156, including 2,807 day students, 309 evening students, and 1,040 summer students.

The Higher Education Facilities Act of 1963 (Public Law 88-204), provides Federal grants to colleges for the construction of classrooms, laboratories, and libraries. In accordance with the provisions of the Act, the Governor designated the Board of Public Works as the State Commission to administer the Act. In addition, the Governor appointed an Advisory Council to administer the program and make recommendations to the Board of Public Works.

The Advisory Council, with staff assistance, developed a State Plan. This plan, approved by the Board of Public Works and the United States Commissioner of Education, became the blueprint for the operation of the program in Maryland.

The Advisory Council administers the program by providing staff; by establishing priorities for Federal grants among the participating colleges; by disseminating information; and, by maintaining liaison between the colleges in Maryland, the State Commission, and the United States Office of Education.

The Governor appointed the Study Group in 1964 to analyze and submit recommendations concerning a proposal for the State to provide a Comprehensive Rehabilitation Center for the severely disabled persons in Maryland. Certain recommendations have been made, but, essential details as to scope, size, and cost of such a Center remain to be determined. A Federal grant has been obtained, one purpose of which is to make such detailed determinations for a Comprehensive Center in the course of developing a complete plan for vocational rehabilitation services in Maryland. Accordingly, in 1965, the Governor broadened the scope of the Study Group's activity and re-designated it as shown. In order to effect coordination and cooperation, the Legislative Council has designated three members of its special Committee for Vocational Rehabilitation to serve as liaison representatives to the Governor's Study Group.

The State Department of Health, established by Chapter 200, Acts of 1874, is governed by the State Board of Health and Mental Hygiene. The Department is directed by a Commissioner, who is appointed by the Governor upon the recommendation of the State Board of Health and Mental Hygiene. He must be an experienced physician skilled in public health and certified by the American Board of Preventive Medicine. He is responsible for organizing the Department and carrying out its responsibilities and functions. The Department serves the State through the Baltimore City Health Department, and twenty-three county health departments, each of which is in the charge of a health officer who serves as the Deputy State Health Officer for his county.

The State Department of Health protects the public health through the elimination of environmental hazards, the promotion of individual preventive health supervision (especially in expectant mothers, infants, preschool children and school children), and by the active control of communicable diseases; through the administration of a hospital program for the tuberculous and the chronically ill, a medical care and a hospital inpatient and outpatient program for the indigent and the medically indigent, and a medical and hospital care program for crippled children; and through assistance to local health departments and cooperation with State and Federal agencies, with the medical, dental and other health professions, with private health associations, and with citizens groups in carrying out a wide variety of public health programs.

To carry out these duties, the Department is organized into an executive office and six bureaus.

Executive Office

The Executive Office includes the offices of the Commissioner and the Deputy Commissioner together with the following specialized staff services: Division of Statistical Research and Records, including the keeping of vital records and statistics, Social Services, Legal Services, Health Mobilization Services, Public Health Nursing, Public Health Education, and Local Health Services.

Local Health Services make public health service available to residents of Maryland through the twenty-four local health departments. These local health officers with their staffs of nurses, sanitarians, and others are the backbone of public health services in Maryland. These local units operate the public health programs in each county and Baltimore City, including public health nursing, pre- and post-hospitalization services, sanitation, mental health, dental health, maternal and child health, tuberculosis, venereal, and other communicable disease control, services for crippled children, and medical care for the indigent and medically indigent including the aged. The State Department of Health is responsible for providing consultatory services for local health work.

Bureau of Management

The Bureau of Management has the responsibility of providing the day-to-day personnel, payroll, accounting, budgeting, transportation, and other administrative services.

Bureau of Preventive Medicine

The Bureau of Preventive Medicine provides for technical and professional assistance to other subdivisions of the State Health Department, especially local health departments, and other agencies, groups, and institutions in the State engaged in the broad field of promotion of health and prevention of illness and disability.

Bureau of Laboratories

The Bureau of Laboratories has broad responsibilities to make a wide variety of laboratory tests to assist physicians and health officials in the diagnosis, prevention, and control of human diseases; to make examinations in connection with the enforcement of pure food and drug laws; and to establish minimum standards and qualifications for those making laboratory tests in connection with diagnosis and control of human diseases. It has further responsibility under Article 101 to make necessary laboratory tests in connection with the occupational health programs of the Department.

The Bureau has branch laboratories at Annapolis, Cambridge, Cheverly, Cumberland, Easton, Elkton, Frederick, Rockville and Salisbury.

Bureau of Tuberculosis

The Bureau of Tuberculosis administers the three tuberculosis hospitals and the State's program for the early detection, diagnosis, treatment, and rehabilitation of persons with tuberculosis. This program attempts to prevent the spread of tuberculosis from active cases to individuals free of the disease; to diagnose cases in the early stages of the disease; and to direct the clinical management of known cases before their hospital admission and after their hospital discharge.

Bureau of Environmental Hygiene

The Bureau of Environmental Hygiene acts in a consultatory and supervisory capacity in matters relating to public water supplies, sewage treatment plants, swimming pools, refuse disposal and land fill operations, food, milk, and beverage producers. The Bureau is also concerned with control of radiological problems, assistance to communities in housing hygiene, and control over pollution of the atmosphere.

Bureau of Medical Services and Hospitals

The Bureau of Medical Services and Hospitals is concerned primarily with the provision of medical services to those citizens of the State who, through lack of financial resources, might otherwise be deprived of needed medical care. Through a variety of programs, these services are provided in the patient's home, physician's and dentist's offices, hospital outpatient departments, general hospitals, or in State chronic disease hospitals.

The Bureau is also concerned with the improvement and expansion of medical facilities including voluntary hospitals, health centers, and nursing homes. This is effected, in part, through a Survey and Construction Program which includes preparation of an annual plea for construction of such facilities under the Federal Hospital Survey and Construction Act, Public Law 725—79th Congress and Amendments. The Bureau also licenses public and private hospitals and nursing, convalescent, and care homes which meet Health Department standards.

The Bureau administers the State's three chronic disease hospitals which furnish medical services to chronically ill patients who are in need of rehabilitation or who are suffering from other conditions which require long-term hospital care.

The General Assembly created the State Department of Public Welfare by Chapter 99, Acts of 1939 to supersede the Board of State Aid and Charities established by Chapter 679, Acts of 1900. The Department is the central, coordinating, and directing agency of all welfare activities in the State, including aid to dependent children, old age assistance, public assistance to the needy blind, aid to the permanently and totally disabled, child welfare services, and any other welfare activities financed in whole or in part by the State or Federal government. It has responsibility for medical care to public assistance clients to the extent that funds are provided in appropriations to the State Department of Public Welfare in the State budget, and makes such plans, including contractual relations, with other agencies and institutions as may be necessary to carry this responsibility into effect. The Governor designates the Chairman of the Board and appoints its nine members for six-year terms so arranged that three terms expire on June 1st of every second year (Code 1957, Art. 88A, secs. 2, 3).

In each county there is a County Welfare Board, constituting an administrative department of the local government, which administers under the supervision and control of the State Department the welfare activities within each county, including the care of neglected, dependent, and delinquent children. Each County Board consists of six persons appointed for six-year terms by the Board of County Commissioners or County Council and one County Commissioner or County Council member chosen yearly by the Board of County Commissioners (Code 1957, Art. 88A, secs. 13, 14.)

The Department investigates the public and private institutions, organizations, and agencies of a charitable nature in the State of Maryland, including those which receive part of their income from the State, but excepting those placed by law under the supervision of another State agency. Each year before the General Assembly convenes, the Director reports to the Governor on activities of the Department and the conditions of all charitable institutions, organizations, and agencies (excepting hospitals) that receive financial aid from the State, and recommends appropriations (Code 1957, Art. 88A, sec. 3). All monies appropriated to institutions, organizations, and agencies, excepting hospitals, are paid on a per capita basis at the rates and subject to regulations established by the State Board of Public Welfare (Code 1957, Art. 88A, sec. 10).

The Department is authorized to establish a central registry of records for the purpose of locating deserting or absent parents of children who are likely, or liable to be, recipients of public assistance or foster care (Code 1957, 1965 Supp., Art. 88A, sec. 5A).

The Department administers the child care laws that regulate child placement in Maryland. It licenses agencies and institutions having the care and custody of minors (Code 1957, Art. 88A, secs. 19, 32).

The Department supervises the four State training schools. In developing the program within each training school, including provisions for after-care supervision, the Department establishes regulations, standards of care, policy of admissions, transfer and discharge, and may order changes in policy or management. Subject to these limitations three of the schools are under the general management of Boards of Managers, while the fourth school operates under direct management of the Department and is served by an Advisory Board of nine members. The Governor appoints the nine members of each Board for terms of six years, so staggered that the terms of at least three members expire every two years (Code 1957, 1965 Supp., Art. 88A, secs. 33-38A).

The Department also administers and supervises the four Forestry Camps for delinquent boys. These Camps have a single advisory board made up of eight members appointed by the Governor from the geographical area in which the camps are located. The Superintendent of the Camp and a district forester are ex officio members. The Department is authorized by law to transfer to these Camps boys from either Boys' Village, Victor Cullen, or the Maryland Training School for Boys who, in its judgment, may benefit from such care (Code 1957, Art. 88A, sec. 39).

In addition the Department administers the Maryland Children's Center, opened in 1959, which is a facility for short-term detention and study of boys judged delinquent by the Courts. An Advisory Board, composed of nine members appointed by the Governor for six-year staggered terms, assists the Department of Public Welfare in presenting the objectives of the Center to the public and generally advises the Department and the superintendent of the Center (Code 1957, 1965 Supp., Art. 88A, secs. 39A, 39B).

With this Advisory Board and Superintendent, the Department administers the Thomas J. S. Waxter Children's Center in Laurel, opened in 1963, a 40-bed detention and study facility for boys and girls.

The State Department of Public Welfare operates four forestry camps for boys in cooperation with the State Department of Forests and Parks. These camps were created by Chapter 370, Acts of 1955. The camps are combined into a single administrative unit with one budget and one central business management unit located in the Green Ridge State Forest, Flintstone. These camps serve older boys received on transfer from the Maryland Training School for Boys, Boys' Village of Maryland, and the Maryland Children's Center (Code 1957, Art. 88A, secs. 39 and 39A). Boys selected for transfer must be at least 15½ years of age, must be in good physical health, and must be interested in an active outdoor work and living experience. The camps were created in the conviction that older boys could be guided back to good citizenship under care in these camps, and that at the same time the boys would be assisting in the conservation of the

State's natural resources and contributing to the cost of their maintenance. During the fiscal year 1964, the camps served a total of 420 boys.

During the three months of the fiscal year 1964, the average daily population was 27.4 boys (Chapter 845, Acts of 1963).

The Governor's Committee to Promote Employment of the Handicapped was established by the Governor in 1947 in response to a request by the President of the United States. The Governor appoints the chairman and committee members, and all serve without compensation. Committee funds are used for the salaries of the Executive Secretary, a clerk-typist, promotional materials, stationery and printing, postage, contest prizes, expansion of local programs, and conferences.

The Governor's Committee functions primarily as an educational and public relations instrument to create a public awareness of the problems faced by handicapped individuals in finding employment; to cooperate with all groups, public and private, in promoting services for the handicapped; and to initiate and promote programs to stimulate hiring the handicapped.

To reach all sections of the State, twenty-four local committees have been organized, one in each county and one in Baltimore. The Governor's Committee acts as liaison between the President's Committee and local committees. To coordinate the program and to keep

committees informed on State and national activities, a monthly newsletter goes out to each member in the State. Each year the committee sponsors and poster contests among high school juniors and seniors as a means of arousing public awareness of the issues inherent in the rehabilitation program for Maryland's disabled citizens. An annual Awards program recognizes outstanding employees, citizens, and handicapped individuals in the State.

Prior to 1916, the Maryland Penitentiary and the Maryland House of Correction were autonomous institutions operating under the jurisdiction of a separate Board of Directors and a Board of Managers appointed by the Governor. By Chapter 556, Acts of 1916, these insti-

tutions were administered by the State Board of Prison Control. By Chapter 29, Acts of 1922, the Board of Welfare superseded the Board of Prison Control and administered the prisons. By Chapter 69, Acts of 1939, the Department of Correction and the Board of Correction assumed all rights, powers, and duties which had formerly been vested in the Board of Welfare.

By Chapter 758, Acts of 1953, the Superintendent of Prisons became the administrator of the Department. The Board of Correction established departmental policies and appointed the executive personnel of the institutions under the jurisdiction of the Department on the recommendations made by the Superintendent of Prisons (Code 1957, Art. 27, secs. 667, 669-71, 675, 677). The 1962 General Assembly repealed Article 27, Sections 667-710, of the 1957 Code and 1961 Supplement and enacted new Sections 667 to 704, inclusive, to revise and change the laws governing the administration of the Department of Correction. Chapter 123 of the Acts of 1962 established the Advisory Board and created the office of Commissioner of Correction.

The Advisory Board consists of a Chairman and six associate members, at least one of whom must be a woman, and the Chairman of the Board of Parole and Probation as an ex officio member. The members are appointed by the Governor for four-year terms. The Board studies and observes procedures in and the development of progress of the penal system. It may make suggestions and give advice to the Commissioner of Correction as to the operations and administration of the Department and of its several institutions and agencies.

In accordance with the provisions of Chapter 123 of the Acts of 1962, the Commissioner of Correction is appointed by the Governor, by and with the consent and advice of the Senate. In the operation and conduct of the Department, the Commissioner is responsible solely to the Governor (Code 1957, 1965 Supp., Art. 27, secs. 667-704).

The staff of the Department of Correction plans, establishes, and directs programs of administration for the various correctional facilities. The institutions carry on a program of classification, education and vocational training, employment, and the other segments of rehabilitative treatment.

By Chapter 285, Acts of 1963, the Work Release Law was established (Code 1957, 1965 Supp., Art. 27, sec. 700A). The Work Release Program allows prisoners sentenced to an institution under the jurisdiction of the Department of Correction to leave actual confinement during necessary and reasonable hours for the purpose of working at gainful employment in the State and to return to the institution at the end of the work day.

The institutions and camps have well-developed programs of employment. Inmates are assigned to a wide variety of institutional maintenance tasks, farming and dairying activities, and to work in the diversified State Use Industries Program of the Department of Correction.

The State Use Industries present opportunities for the development and reactivation of useful and economically profitable occupational skills. The programs also provide necessary goods and services to public agencies eligible to purchase them. Each institution operates a laundry which serves both the institution and other State agencies and institutions.

The Division of Classification and Education supervises the collection and recording of all information necessary to permit the proper classification of inmates, at each institution, according to their abilities and to aid in their rehabilitation. Educational activities include academic instruction on both the elementary and secondary school levels,

varied opportunities for advanced and specialized study, and programs of vocational and on-the-job training.

Professional staffs render medical, psychiatric and psychological services in the institutions. The institutions and camps have complete programs of religious activities, and supervised recreational programs are conducted at all correctional facilities.

The Department of Correction annually inspects all jails, lockups, and other places of detention or confinement located in the various counties and the City of Baltimore. The Department then submits a report to the County Commissioners of the several counties and the Mayor and City Council of Baltimore showing the results of such inspection, together with recommendations as to any improvements which should be made (Code 1957, 1965 Supp., Art. 27, sec. 704).

The Maryland Correctional Institution—Hagerstown, originally established as the Maryland Institution for Males, is a medium security institution activated by Chapter 519, Acts of 1945, replacing the Maryland State Penal Farm established by Chapter 366, Acts of 1931, at the same location. Between 1962 and 1964, it was known as the Maryland Institution for Men. It adopted its present name on June 1, 1964.

The Courts commit male offenders from 16 through 25 years of age to this institution to serve indeterminate sentences which have maximum limits. Although this institution is primarily for youthful offenders, it receives prisoners from the Maryland Penitentiary and Maryland House of Correction, regardless of age, when their transfer is authorized by the Commissioner of Correction; and the Commissioner may direct the transfer of inmates from this institution to either the Penitentiary or House of Correction when their behavior or other circumstances indicate this action would be advisable.

The institution operates a Pre-Release Center to provide guidance to the youth in returning to the community. This facility has a rated capacity of fifty beds and is located away from the immediate area of the institution proper.

Situated on 1,119 acres of farm land, the Correctional Institution—Hagerstown conducts farming and dairying operations, with both of these projects providing supplies for this and other State institutions. The State Use Industries activities include a cannery; brush and carton shop; bookbindery; stone crushing plant; metalworking department; feed mixing mill; and a poultry and turkey raising project.

PATUXENT INSTITUTION

Board of Patuxent Institution

Chairman: Franklin G. Allen, 1969

Rev. Robert T. Newbold, Jr., 1966; L. Whiting Farinholt, Jr., Professor of Law in Psychiatry, University of Maryland School of Law, 1967; Robert H. Roy, Dean, The Johns Hopkins School of Engineering, 1968; Manfred S. Guttmacher, M.D., Professor of Psychiatry, University of Maryland Medical School, 1969.

Harold M. Boslow, M.D., Director
Col. William J. E. Keish, Associate Director (Superintendent)

Jessup (Howard County) 20794 Telephone: 301 799-3400

Patuxent Institution, authorized by Chapter 476, Acts of 1951, was formally opened on January 3, 1955 under the administrative control of the Department of Correction. By Chapter 629, Acts of 1961, the Institution became an autonomous agency of the State under the control of the Board of Patuxent Institution. This Board consists of a Chairman and four associate members, all appointed by the Governor with the advice and consent of the Senate for four-year terms. By law, two of the members of this Board must be chosen from the membership of the Advisory Board for Defective Delinquents, and of these, one must be a psychiatrist. The Board determines institution policy concerning the management, control, and supervision of the institution and has full power to make, repeal, or amend any rule or regulation for the operation, discipline, and administration of the Institution.

The Director is the chief administrative officer of the Institution. He must be a trained, able, and competent psychiatrist with at least five years' experience in the practice of teaching of psychiatry. There are three Associate Directors, two of whom must be trained psychiatrists with at least three years' experience in the practice of teaching of psychiatry; the third is charged, under the Director, with the custodial duties of the institution.

Patuxent Institution is charged with the responsibility for the confinement and treatment, when appropriate, of adult criminal offenders classified as defective delinquents under Article 31B of the Maryland Code. It is also charged with the confinement and diagnosis of offenders referred to the Institution by the Courts for determination of their condition under that statute. The Institution conducts a thorough psychiatric evaluation of each offender so referred and renders a formal opinion to the Court of jurisdiction. Should the Institution recommend against continued confinement at the Institution, the

Court returns the offender to the correctional system institution from whence he came. If the Institution recommends that the offender be confined at the Institution, the Court promptly provides a hearing; sitting as a Court or with a Jury, as the defendant may choose, and must find by a special verdict whether or not the offender is a defective delinquent as defined in Article 31B. A defective delinquent is defined as "an individual who, by the demonstration of persistent aggravated antisocial or criminal behavior, evidences a propensity toward criminal activity, and who is found to have either such intellectual deficiency or emotional unbalance, or both, as to clearly demonstrate an actual danger to society so as to require such confinement and treatment, when appropriate, as may make it reasonably safe for society to terminate the confinement and treatment." Sentences under Article 31B are for indeterminate duration, subject to the order of the Institutional Board of Review or the Courts. The Institution offers complete medical, psychiatric, psychological, and social casework services. In addition the institution is equipped and staffed for complete academic, vocational, recreational, and religious service.

In addition to patient care, the Institution carries on extensive research studies concerning treatment, diagnosis, education, and related studies.

Advisory Board for Defective Delinquents

Chairman: Manfred S. Guttmacher, M.D., Professor of Psychiatry, University of Maryland Medical School

Secretary: L. Whiting Farinholt, Jr., Professor of Law in Psychiatry, University of Maryland School of Law

Jerome D. Frank, M.D., Professor of Psychiatry, The Johns Hopkins Medical School; Peter P. Lejins, Ph.D., Sociologist, University of Maryland; James S. Coleman, Ph.D., Sociologist, The Johns Hopkins University; Paul C. Wolman, Director, Department of Parole and Probation; Elsbeth Levy, member of the Maryland Bar, 1966; Francis D. Murnaghan, member of the Maryland Bar, 1966.

Chapter 629, Acts of 1961 also provided for the establishment of an Advisory Board for Defective Delinquents. This Board consists of the professor of psychiatry in the Medical School of the University of Maryland, or someone designated by him; the professor of psychiatry at the Johns Hopkins Medical School, or someone designated by him; two competent sociologists from the University of Maryland and the Johns Hopkins University, one each to be appointed by the respective presidents of these two institutions; the full-time professor of constitutional law at the University of Maryland School of Law, or if there be no such full-time professor, or if he is unable to serve, such other full-time professor of the University of Maryland School of Law as may be designated by the dean of said school; the Director of Parole and Probation; and two practicing members of the Maryland bar, with at least five years' experience in the trial of civil and/or criminal cases, appointed by the Governor each to serve for a five-year term. The Advisory Board confers with the Director and Staff of the Institution and gives general consultative and advisory services on problems and matters relating to professional and legal relationships of patients confined in the Institution.

Institutional Board of Review

Chairman: Harold M. Boslow, M.D., Director of Patuxent Institution

Secretary: L. Whiting Farinholt, Jr., Professor of Law in Psychiatry, University of Maryland School of Law
Col. William J. E. Keish, Associate Director; Arthur Kandel, Chief Psychologist; Dr. David Rosenthal, Consulting Psychologist; Dr. Olive Quinn, Sociologist; Elsbeth Levy, member of the Maryland Bar.

The Institutional Board of Review, also created by Chapter 629, Acts of 1961, is charged with reviewing and thoroughly re-examining every patient confined as a Defective Delinquent not less than once in every calendar year. This Board makes recommendations for future status and treatment of each patient and is authorized to grant leaves or paroles to patients when it is determined that society and the patient would benefit from such status. This Board sets the terms and conditions of any such leave or parole, and may revoke same at any time. In addition, this Board makes recommendations to the Court of proper jurisdiction for the termination of the indeterminate sentence of defective delinquents when it believes that the patient is sufficiently improved to warrant his unconditional release from custody.

The Institution has a rated capacity of 600 patients. The population on July 1, 1964, was 515 (Code 1957, 1965 Supp., Art. 31B; Art. 27, sec. 706A).

The Department of Parole and Probation was established by Chapter 625, Acts of 1953, to succeed the Division of Parole and Probation,

created by Chapter 406, Acts of 1939, to administer the parole and probation laws of the State. The Department is headed by the Board of Parole and Probation, which consists of a chairman and two associate members appointed by the Governor, with the advice and consent of the Senate, for six-year terms, one term expiring every two years. The chairman of the Board serves as Director of the Department. He may assign members of the Board to administrative and other duties as required.

The Board of Parole and Probation may upon the vote of two of its members parole any person confined in the penal and/or correctional institutions of the State except those serving life sentences. Parole of prisoners sentenced to life terms is the joint responsibility of the Governor and the Board. In cases of prisoners sentenced as second or third offenders for violations of the narcotics laws, the Board of Parole and Probation may not give favorable consideration to such prisoners until they have served a minimum of five years if convicted as a second offender or ten years if convicted as a third offender.

The Board also controls the release of prisoners serving indeterminate sentences at the Maryland Correctional Institution for Women and the Maryland Correctional Institution. The Department administers the Interstate Compact for the reciprocal supervision of parolees and probationers. It makes available the services of its parole and probation officers to the Circuit Courts for the respective Counties, the Criminal and the Municipal Courts of Baltimore City, and People's and Magistrates Courts (Code 1957, Art. 41, secs. 107-131). It has field offices in Baltimore City, Bel Air, Easton, Ellicott City, Hagerstown, Rockville and Upper Marlboro; and branch offices in Cambridge, Centreville, Chestertown, Denton, Salisbury, Elkton, La Plata, Leonardtown, Prince Frederick, Cumberland, and Hyattsville.

The Interstate Compact places under the jurisdiction of the administrator, during the parole or probationary period, any person convicted of an offense within the State of Maryland who may thereafter be placed on probation or released on parole to reside in another state. Similarly, the administrator decides whether parolees and probationers from another state may reside in Maryland (Code 1957, Art. 41, sec. 129).

The Charter of Maryland empowered Lord Baltimore to raise troops to put down insurrection or rebellion and to subdue the enemies of the province. Since that time the organization, maintenance, and administration of the State militia has been an integral part of the

State's functions. The present military establishment of Maryland conforms to Title 32, U. S. Code and regulations issued pursuant thereto, and to the Militia Law of Maryland (Code 1957, Art. 65).

The Adjutant General is appointed by the Governor with the consent of the Senate and serves until his successor is appointed and qualified or until he is removed from office as a result of sentence imposed by court martial (Const. 1867, IX, 2). The Ranking Line Officer (at the present time also the Adjutant General) is head of the Military Department and exercises all his powers and duties under the Militia Law of Maryland.

The Military Department prepares all State forms and records required for use by the militia, and the reports and returns required by the Federal Government. It maintains a register of all commissioned officers, and service records of all officers and enlisted men of the Maryland National Guard.

The Ranking Line Officer is the custodian of all State and Federal property used by the organized militia and apportions and provides for the proper application of funds for the military establishment. He also maintains all State-owned armories located in Maryland and all other properties which may be occupied, purchased, or leased by the Military Department. The Ranking Line Officer makes all regulations for the use of such facilities, and applications for their use should be made to him.

In time of war or other national emergency when the National Guard is absent from the State, the Governor, as Commander-in-Chief of the militia, has the power to organize the Maryland State Guard. Such forces are separate and distinct from the National Guard and are composed of officers, commissioned or assigned, and all able-bodied male citizens of the State who volunteer and are accepted for service. Members of the State Guard are uniformed as prescribed by the Governor, who also has the power to reduce or disband such forces when deemed necessary.

The Department of Maryland State Police, established by Chapter 303, Acts of 1935, is charged with the enforcement of the motor vehicle and criminal laws of the State. The Department is directed by the Superintendent, who is appointed by the Governor for a four-year term. The Department has State-wide jurisdiction except in incorporated municipalities which maintain a police force; within such municipalities its jurisdiction is limited to (1) when in pursuit of an offender or suspected offender; or (2) when in search of an offender or suspected offender wanted for a crime committed outside of the limits of the municipality, or when interviewing or seeking to interview a witness or supposed witness to such a crime; or (3) when requested to act by the chief executive officer of the municipality in question or its chief police officer; or (4) when ordered by the Governor, to act within the municipality in question; or (5) when enforcing the motor vehicle laws of this State (Code 1957, Art. 88B, secs. 3, 4, 20, 23).

Through its Investigation Division the Department maintains fingerprint and photograph files; it cooperates with the FBI and other law enforcement agencies in the exchange of information regarding crime and criminals (Code 1957, Art. 88B, sec. 19); it is charged with the licensing of private detectives (Code 1957, Art. 56, secs. 75-92) and the registration of firearms (Code 1957, Art. 27, secs. 441-448).

In June 1962 the organization of the State Police was expanded to include an Intelligence Unit, the primary purpose of which is to collect, evaluate, file for ready reference, and disseminate intelligence on organized crime (Code 1957, 1965 Supp., Art. 88B, sec. 19).

The Central Accident Records Bureau, established in 1953, receives motor vehicle accident reports from all police agencies. It tabulates and analyzes such reports and publishes monthly summaries in cooperation with the Maryland Traffic Safety Commission (Code 1957, Art. 88B, secs. 42-48).

The Department, through safety talks and the display of moving pictures by its members, promotes highway safety. The Department maintains radio and teletype communication between its own installations and those of other law enforcement agencies within the State; it participates in a 17-State teletype network; and it provides radio communication service to the Department of Chesapeake Bay Affairs. It maintains a Police Academy for the training of its own personnel and these training facilities are available to other law enforcement agencies in the State.

In 1963, the Maryland State Police took over the police functions in connection with the operation of the John F. Kennedy Memorial Highway, the first toll road in Maryland.

The Department of Post-Mortem Examiners created by Chapter 369, Acts of 1939 to replace a decentralized system of local coroners, is directed by a commission composed of a representative of the State Department of Health, the Commissioner of Health of Baltimore City, the Superintendent of Maryland State Police, and the Professors of Pathology at The Johns Hopkins University and the University of Maryland. The Department replaced the coroners of Baltimore City by a Chief and two Assistant Medical Examiners, and the county coroners by Deputy Medical Examiners. In 1957 the General Assembly authorized three Assistant Medical Examiners and an Assistant Toxicologist and in 1965 an additional Medical Examiner and a Serologist. The Commission appoints all personnel. The medical examiners investigate violent and suspicious deaths or deaths unattended by a physician throughout the State. They must file a report of all deaths investigated with the Office of the Chief Medical Examiner.

The records of the Department are open for inspection to the family of the deceased and are acceptable in Court as evidence of the facts contained. The county pays the Deputy Medical Examiners for each death investigated. The State Comptroller pays the salaries of the Chief Medical Examiner, the Assistant Medical Examiners, and the Toxicologists, and the expenses of performing autopsies in the counties and the transportation of bodies incident thereto. All other expenses of the Department are paid by the City of Baltimore (Code 1957, Art. 22).

The State first took action to improve Maryland roads in 1898, when the General Assembly ordered the Maryland Geological Survey Commission to make a survey of State roads and write a report. In 1904 the first law authorizing State aid for road building put this program

under the supervision of the Highway Division of the Survey Commission, which performed this function until the creation of the State Roads Commission by Chapter 141, Acts of 1908. The State Roads Commission now consists of seven members appointed by the Governor for terms of four years. The Chairman of the Commission, also known as the Director of Highways, is appointed from the State at large. One member is appointed from Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, or Worcester County; one from Anne Arundel, Calvert, Charles, or St. Mary's County; one from Allegany, Carroll, Frederick, Garrett, or Washington County; one from Montgomery or Prince George's County; one from Baltimore, Harford, or Howard County; and one from the City of Baltimore. At least two of the members must belong to whichever of the two leading political parties in the State is not the party of the Governor. The Chairman holds office at the pleasure of the Governor.

The Director of Highways has exclusive jurisdiction over the location, construction, geometrics, design, and maintenance of the highways that embrace the Interstate and the Primary systems of highways. He has authority to confer with and conclude agreements with the Bureau of Public Roads and other agencies of the United States government, representatives of other States, and other agencies within this State on all questions relating to all highways on the Interstate and Primary systems. The Director also has jurisdiction over the engineering and right-of-way departments of the Commission and the Commission's entire administrative organization. From time to time he calls upon the other members of the Commission individually or jointly for advice.

The Commission, meeting jointly, formulates policy relating to location, type, design, construction, and maintenance of the Secondary system of highways. The Commission member from the area where the secondary road under consideration is located must inform the other members of the Commission of local conditions affecting these decisions. Once the policy for each road has been set, the Director of Highways undertakes its construction and maintenance.

The Commission recommends any over-all highway improvement program to the Governor and Legislature; and meeting jointly, it also recommends plans for highway financing. The Commission determines the extent to which consulting engineers are employed on the entire State Highway System, but the Director of Highways has sole power to select such engineers. The Commission also determines the general working conditions and salary recommendations for its employees. The Director of Highways carries out all policies determined by the Commission and performs all its actions, including the execution of contracts, agreements, and other documents.

The State Highway system is divided into primary and secondary highways. The official State highway map published by the State Roads Commission constitutes the basis for distinguishing the two. Highways of the Primary system are generally designated in red; the Secondary system, in black. However, the Director has the final authority to determine which highways are considered primary, and which secondary, after obtaining the advice and counsel of the Commission. The Director, in making this determination, considers present and future traffic volumes, as well as the geographic and economic importance of these highways. After conferring with the Commission, he may change from time to time the designation of a highway from Primary to Secondary, or vice versa, and determine the system into which new highways are placed.

The State Roads Commission also maintains, constructs, or reconstructs the road systems of six of the twenty-three counties of the

State. These counties are Cecil, Kent, Talbot, Calvert, Charles and St. Mary's.

The Attorney General of the State is the legal advisor to the Commission. A separate legal division within the State Roads Commission is under the supervision of a Special Assistant Attorney General. The Comptroller of the Commission is in charge of its finances and accounting, and controls in finances and accounting.

The Finance and Accounting Division is charged with the keeping of all financial records for the Commission and with the preparation of financial and statistical reports and statements pertaining to revenues, bond proceeds, and all expenditures of the Commission. The State is divided into seven engineering Districts for operational purposes, each under the direct supervision of a District Engineer.

For operational purposes, Right-of-Way Districts have been established coincident with each Engineering District.

Major operating divisions of the Commission are:

Administration
Planning and Programming
Engineering
Right-of-Way

The Administration Division is responsible for the overall administrative functions of the Commission. Accordingly, it is responsible for the development and application of management plans and administrative procedures; personnel administration; the maintenance of communications; office, reproduction and data processing services; public information services; and the preparation of engineering agreements.

The Planning and Programming Division is responsible for long range highway planning, urban transportation planning and liaison with local planning agencies. It is further responsible for program development within available finances and for the scheduling and monitoring control of such programs. Guidance and assistance is provided to local governments respecting utilization of federal and state aid.

The Engineering Division is responsible for supervision of all survey, engineering design, construction, maintenance and traffic activities of the Commission.

The Right-of-Way Division acquires the rights of way necessary for the highway program, manages the rental and leasing of real estate owned by the Commission during the interim between property

acquisition and actual project construction, and administers the disposal of excess property not needed by the Commission.

Financing the State Roads System

The Legislature of 1953, after consideration of a twelve-year program for road construction and reconstruction, authorized the Commission to issue additional State Highway Construction Bonds to the amount of $330,000,000 par value (subject to certain limitations including provision that the maximum principal amount of all State Highway Construction Bonds outstanding at any time shall not exceed $300,000,000) to finance, in part, the reconstruction of both primary and secondary roads of the State Highway System and to develop and construct new roads made mandatory by traffic demands. As of June 30, 1964, State Highway Construction Bonds, Second Issue, of a total par value of $270,000,000 had been issued against the $330,000,000 authorization, of which $264,670,000 were outstanding. In addition $23,659,000 of bonds were outstanding of the $100,000,000 issue authorized by the 1947 Legislature.

The Commission's fifty percent share of the Gasoline Tax Fund (½ of the 6 cent a gallon rate) and the Excise Tax on Issuance of Certificates of Title to Motor Vehicles (2% rate), are pledged for debt service of State Highway Construction Bonds; the remainder of such revenues, the additional one cent a gallon gasoline tax and the additional 1% motor vehicle titling tax, together with Federal appropriations, participation in project costs by the counties, and proceeds from the sale of State Highway Construction Bonds, is available for the construction of highways and bridges. Under certain conditions a sum not in excess of $10,000,000, authorized by the 1965 Legislature, may be transferred in any fiscal year from the Construction Fund to the Maintenance Fund.

Appropriations available to the Commission for the construction and reconstruction of roads will be supplemented, as required, by proceeds from the sale of State Highway Construction Bonds to be issued under the 1953 authorization. The several counties may participate in the issue of County Highway Construction Bonds as authorized by Section 211 of Article 89B of the 1957 Code as amended.

The State Roads Commission, through its Toll Facilities Division, operates and maintains the three major bridges indicated above and the Harbor Tunnel Thruway (Patapsco Tunnel, under Baltimore's harbor) which was opened to traffic on November 30, 1957. Currently, the four projects handle approximately 30,000,000 toll transactions annually and produce revenue of more than $17,000,000 which is utilized for debt service after deduction of maintenance and operating costs.

The administrative offices and the accounting and maintenance bureaus of this Department are centralized in the Administration Building adjacent to the Fairfield Portal of the Tunnel.

The Chesapeake Bay Toll Bridge is one of the largest over-water structures in the world. It is composed of 123 spans extending across 4.35 miles of the Chesapeake Bay between Sandy Point on the Western shore to a point near Stevensville on the Eastern shore of Maryland. The combined length of the project, including roadway approaches, is 7.11 miles. The traffic lanes between the suspension towers are 2,922½ feet in length and 198½ feet above the Bay to a total height of 354 feet. This bridge was opened to traffic on July 30, 1952. It is located on two of the principal motor arteries, U. S. 301 and U. S. 50.

The Susquehanna River Toll Bridge spans the Susquehanna River from a point near Perryville in Cecil County to a point near Havre de Grace in Harford County. It is 7,613 feet long and was opened to traffic on August 28, 1940. It is on another main highway, U. S. 40.

The Potomac River Toll Bridge, from a point near Newburg in Charles County Maryland, to a point near Dahlgren, Virginia, over the Potomac River, is 11,446 feet in length and was opened to traffic on December 15, 1940. It is on U. S. 301.

The Harbor Tunnel Thruway, opened to traffic on November 30, 1957, provides a North-South by-pass of the City of Baltimore as well as rapid motor transit from one area of the City to another. In addition to the twin tunnels under the Patapsco River, which are 1.7 miles in length, it has approximately 18 miles of access roads and approaches usable only by Tunnel patrons. These access roads, in addition to connecting with principal traffic arteries in the City, provide a link between such through routes as U. S. 40 North and U. S. 40 West, the Washington Expressway, and immediate connections to U. S. 1 North and South, and to U. S. 301 South.

The Bureau of Control Surveys and Maps, established by Chapter 628, Acts of 1939 but inactive during World War II, was reactivated by the State Roads Commission in 1951 (Chapter 284, Acts of 1951). This Bureau is directed by an advisory board consisting of the Chief Engineer of the State Roads Commission, the Director of the Maryland State Planning Department, the Director of the Department of Public Improvements, the Director of the Maryland Geological Survey, and the Dean of the College of Engineering of the University of Maryland. It coordinates the activities of the various agencies engaged in mapping and surveying in the State; promotes the use of the Maryland Plane Coordinate System for engineering projects; through field observations, extends the control network for use in highway surveys; and maintains a complete file of control, both horizontal and vertical, available throughout the State (Code 1957, Art. 91, secs. 30-35). The funds for the operation of the Bureau are provided in the budget of the State Roads Commission.

DEPARTMENT OF MOTOR VEHICLES

John R. Jewell, Commissioner
Ejner J. Johnson, Executive Assistant to the Commissioner
Earl L. Baker, Assistant to the Commissioner
Michael A. Noppinger, Deputy Commissioner
George E. Benton, Director of Division of Administration
William C. Leyko, Director of Division of Vehicle Registration

Clifton E. Luber, Director of Division of Driver Licenses
William J. Lucas, Chief of Division of Audits and Accounts

6601 Ritchie Highway, N.E., Glen Burnie 21061 Telephone: 761-4500

The Office of the Commissioner of Motor Vehicles was established by Chapter 207, Acts of 1910. The Commissioner, who is a career employee, serves as the Director of the Department.

The Department issues all drivers' licenses in the State, and applicants are required to pass an eye test, written examination of the Motor Vehicle Laws of Maryland, and a driving test. These examinations are conducted in Glen Burnie and in twenty-three other cities and towns throughout the State. All operators' licenses must be renewed every two years according to the holder's birthmonth, in the "odd" year, if born in an "odd" year, or in the "even" year, if born in an "even" year. The Department titles and registers motor vehicles. It must issue a title prior to issuing license plates. The Department collects an excise tax of two per cent of the fair value of the vehicle for each title issued. All commercial vehicles operating for hire within the State must file with the Department a certificate of Financial Responsibility Insurance in the amounts of $15,000, $30,000 personal injury and $5,000 property damage or pay a fee into the Unsatisfied Claim and Judgment Fund prior to receiving registration plates. All owners of commercial vehicles operating for hire within the State and all taxicabs not operating under permit of the Public Service Commission must file with the Department a certificate of Financial Responsibility Insurance in the amounts of $25,000, $50,000 personal injury and $10,000 property damage and obtain a gratis permit to be carried with the vehicle at all times. All persons involved in accidents resulting in personal injuries or any property damage in excess of $150.00 must file a report with the Department and comply with the provisions of the Financial Responsibility Law. All persons who fail to pay judgments in excess of $25.00 are subject to the Financial Responsibility Law.

The Department maintains a record of each individual driver who has been convicted of violating the motor vehicle laws. It conducts hearings to determine whether or not the driver's license should be suspended or revoked as a result of a motor vehicle conviction. In the case of habitual violators, persons under the age of twenty-one years convicted of minor violations, and persons whose licenses were previously revoked, the Department may require their attendance at DMV Driver Rehabilitation Clinics. If the individual is proved physically or mentally unfit to drive, his case comes before the Department's Medical Advisory Board for final decision. He may appeal to the Courts from the decision of the Commissioner, except in those cases where the revocation is mandatory. On January 1, 1961, the Point System went into effect, and in 1965, the Legislature revised the motor vehicle inspection laws of Maryland providing for the inspection of used cars prior to sale. On June 1, 1965, Maryland joined thirty-three sister States and the District of Columbia in the Vehicle Equipment Safety Compact.

All fees collected for the registration and titling of motor vehicles and all fines collected are deposited by the Department to the credit of the Motor Vehicles Revenue Fund (Code 1957, Art. 66½, secs. 4-6, 10, 22-29, 90, 116-35, 341; 1965 Supp., Art. 66½, secs. 8, 86A, 114A, 118-123). In 1964 these fees amounted to $54,539,243.41.

UNSATISFIED CLAIM AND JUDGMENT FUND BOARD

Chairman: William T. S. Bricker, 1966
Vice Chairman: George W. Blaine, 1966
Secretary: John Hargrove, 1966

Ex officio members: John R. Jewell, Commissioner of Motor Vehicles; Francis B. Burch, Insurance Commissioner.

Appointed members: Ralph Earl Campbell, 1966; Walter W. Falck, 1966; Henry B. Suter, 1966; Mrs. Henry A. Warburton, 1966; C. Harold Whittum, 1966.

Manager: John H. Calhoun
Assistant Manager: S. Webster Tull
Principal Account Clerk: Bonnie L. Neal

6601 Ritchie Highway, N.E. Glen Burnie 21061 Telephone: 761-4732

The Unsatisfied Claim and Judgment Fund Board, established by Chapter 836, Acts of 1957, consists of the Commissioner of Motor Vehicles and the Insurance Commissioner, ex officio; four representatives of insurers appointed annually in July by the Insurance Commissioner for one-year terms, and four members representing the public appointed annually by the Governor by Chapter 557, Acts of 1965.

The Board administers the Unsatisfied Claim and Judgment Fund, which was created from the following sources: (1) an $8.00 fee paid on April 1 or May 1, 1958, for each uninsured motor vehicle by the person registering the vehicle; (2) a $1.00 registration fee paid on April 1 or May 1, 1958, for each insured motor vehicle by the person registering the vehicle; (3) 0.5% of the net direct written premiums of each insurer for the year 1958.

Beginning on December 30 of each year, the Board is to estimate annually the amount necessary to enable the Fund to pay claims against it for the following year. If there is a deficiency, the Board is to make it up as follows: (1) the insurers are to pay a sum not greater than 2% of the aggregate net direct written premiums of all insurers during the preceding calendar year; (2) persons registering uninsured motor vehicles are to pay a fee arrived at by dividing the deficiency by the number of uninsured motor vehicles registered during the preceding registration year. Effective June 1, 1965, the Board may set the uninsured motorist fee at its discretion. The uninsured assessment for the registration year of 1964-1965 resulted in a $70.00 fee assessed against uninsured motorists.

Qualified persons who have suffered property damage or personal injury in motor vehicle accidents involving uninsured motorists and who have recovered judgments of more than $100, but who have been unable to collect the sums due, may apply to the Court for an order directing payment from the Fund. The maximum amounts payable from the Fund after April 1, 1965, are (1) $15,000 for injury or death of one person in any one accident; (2) $30,000 for injury or death of more than one person in any one accident; and (3) $5,000 for damage to property in any one accident less $100 deductible per claim. Under certain circumstances, claims may be settled without court action. Persons who have failed to pay judgments may not hold a driver's license or register a car in Maryland until they have reimbursed the Fund with interest (Code 1957, Art. 66½, sec. 174).

The Department of Chesapeake Bay Affairs, established by Chapter 82, Acts of 1964, superseded the Department of Tidewater Fisheries, created by Chapter 508, Acts of 1941. The new Department assumed the responsibilities of the former Department for the conservation and development and management of the natural resources of the Chesapeake Bay and its tributaries. In addition, to keep abreast of changing conditions in the growing State, several new responsibilities were added. These include water-oriented recreation development, shore erosion control, waterways improvement and maintenance, and the issuing of permits for the mineral exploration and exploitation of the Chesapeake Bay bottoms.

The Commission consists of five members appointed by the Governor by and with the advice and consent of the Senate for four-year terms. The Chairman serves at the pleasure of the Governor. Of the remaining four members, two must reside on the Eastern Shore, two represent the Western Shore, and one must reside in either Charles, Calvert, or St. Mary's counties.

The Commission acts in an advisory capacity to the Director, considers the need for resource development from the points of view of the economic and social interests of the citizens of the State, approves long-range plans and programs of the Department, and reviews the annual budget request. The Commission exercises regulatory authority as conferred upon the Department by Articles 14B (State Boat Act) and 66C (Natural Resources).

The Director is also appointed by the Governor by and with the advice and consent of the Senate. He holds office at the pleasure of the Governor. He serves as a departmental member of the Board of Natural Resources and serves as the administrative head of the Department.

All of the fishery industries are subject to certain legal regulatory restrictions. The Department is charged by law with the responsibility for the enforcement of all such regulations. In recent years, the phenomenal growth of recreational boating has thrust heavy responsibilities for boating law enforcement and public safety upon the Marine Police Division, whose members assist more boatmen each year, logging 1,363 assists in the 1964 calendar year.

Since 1960, the Department has dredged over 26,000,000 bushels of buried oyster shells from the bottom of the Chesapeake Bay and its tributaries; these "reef" shells were planted on natural oyster bars and seed areas, a part of the oyster propagation program. Thirteen seed areas in five counties have been established pursuant to legislation enacted in 1964. Annual production has increased from 212,497 bushels in 1960-1961 to 1,192,338 bushels in 1965, averaging 1,105,140 bushels during the past three years.

The present department and the laws under which it operates are the outcome of efforts begun in 1785 when the people of Maryland and Virginia made a compact for the use of the Chesapeake Bay and the Potomac River. However, it was not until 1830, with the passage of the first fishery laws, that Maryland became conscious of the possibility of depleting its water resources. In 1865, the General Assembly passed an oyster license law, and in 1868 it created the State Oyster Police. The oyster police force was simply an enforcement agency; it did not undertake any constructive program. In 1874, the Legislature created a new agency, the Commissioners of Fisheries. This Commission undertook the first positive efforts to develop the fisheries.

By the early twentieth century, oyster production declined to such an extent that in 1906 the Haman Act provided for a complete survey of the bottoms of the bay and its tributaries. This survey, completed in 1912, is the basis of present-day Acts.

The Department of Chesapeake Bay Affairs has a close relationship with the Board of Natural Resources, which is composed of the heads of the various departments relating to the resources of the State and eight members appointed by the Governor (Code 1957, Art. 66C).

The Department of Game and Inland Fish, established by Chapter 354, Acts of 1939, superseded the Conservation Department. The Department is associated with the Board of Natural Resources and is directed by a non-salaried five-man Commission, appointed by the Governor from the several geographical regions of the State for five-year terms, one term expiring each year. The Commission elects a Chairman and a Vice Chairman from its membership and appoints the Director of the Department. The Department enforces the game and fresh water fish laws and such additional regulations as it enacts for the conservation of the resources in its charge. Such rules may restrict the terms of the game and fresh water fish laws (Code 1957, Art. 66C, secs. 14, 111-233).

The Department being a Special Fund Agency, receives its total operational funds from the sales of hunting and angling licenses, fines, sale of products from Department-owned lands, and nominal assistance from the United States Government, under the provisions of the Federal Aid in Fish and Wildlife Restoration Acts.

As of June 1965, the Department-owned game management areas, refuges, and community fishing lakes totaled approximately 55,000 acres. At Belle Grove State Game Farm in Allegany County 1,500 wild turkeys are propagated annually and released on suitable range in Western Maryland and the Eastern Shore. In addition, the Department leased many other areas which are managed under the Maryland Cooperative Farm Game Program.

In all sections of Maryland, the Department has especially emphasized habitat improvement on private and public lands for the purpose of increasing wildlife populations. In cooperation with the Department of Forests and Parks, it manages wildlife populations on more than 100,000 acres of State Forests.

The Commission owns and operates a fresh water fish hatchery for trout at Beaver Creek in Washington County. It also owns and operates trout rearing stations at Bear Creek, Garrett County. A warm water fish rearing station is located and operated near Elkton, in Cecil County. Approximately 100 major surface water areas, containing more than five acres each, have been stocked with warm and cold water species and over 100 streams received quotas of commercially purchased or State-hatchery reared fish annually.

The Department rears over 100,000 (30,000 lbs.) adult trout (brook, brown, and rainbow) each year and 75,000 fingerlings. To supplement this fish rearing and stocking program, the Department each year purchased over 15,000 adult largemouth bass, great northern pike, chain pickerel, walleyes and miscellaneous others for release into our warm waters for public fishing.

Ex officio member: George B. Shields.

Appointed members: Ross L. Leffler, R. Brent Paris, Barry L. Powers, Jr., J. Bernard Thomas, Michael E. Voigt.

223 South Boulevard, Salisbury 21801

At the request of the General Assembly, the Governor appointed this Commission in 1959 to study the Migratory Bird Laws of Maryland with the view of recodifying them, and correlating them with Federal laws and regulations. The Commission is composed of a member of the General Assembly, the Director of the Game and Inland Fish Department, a representative of the U. S. Fish and Wildlife Service, and one representative of the following organizations: The Associated Sportsmen's Club of the Eastern Shore; the Central Association of Sportsmen's Clubs; and the Western Association of Sportsmen's Clubs. The Commission completed its work, but at the request of the General Assembly of 1961, the Governor reappointed it as an advisory commission to the Game and Inland Fish Commission (J. R. No. 34, Acts of 1959; J. R. No. 41, Acts of 1961).

A forestry department was first organized by Chapter 294, Acts of 1906, under the State Board of Forestry but was succeeded in 1941 by the present Department. The Department was created to promote, administer and manage all State owned or leased forests, parks, scenic preserves, parkways, historic monuments, and recreation areas; and is responsible for the administration of all laws, rules, and regulations relating to forests and parks, scenic preserves, parkways, historic monuments, and recreation areas, fire control, roadside trees, the restoration of deforested or denuded areas, and the operation of the State forest nursery. Within Maryland, there are 2,600,000 acres of forest lands. The Department of Forests and Parks is responsible for protecting this acreage from the ravages of fire and organizes and conducts a fire prevention, control, and suppression program. The

Department also furnishes the landowner with detail plans for management and seedlings for reforestation.

The Director of the Department of Forests and Parks is appointed by the Governor, by and with the advice and consent of the Senate (Code 1957, 1965 Supp., Art. 66C, secs. 343-344).

The Director is the agent for the State of Maryland to receive and disburse any funds available to the State under the Land and Water Conservation Act of 1965—Public Law 88-578.

The Roadside Tree Law is administered by this Department. This provides for supervision of all tree care within the right-of-ways of public roads and streets in the State. This program is financed by charges to public utility companies and others who require this service.

The Department provides a well-distributed and accessible system of parks and recreation areas which include scenic, historic and geological sites that are of State-wide significance, and a variety of informal types of outdoor recreation. Also included in the system are facilities and accommodations for camping, picnicking, swimming, boating, fishing, hiking, aquatic activities, nature trails, and horseback riding. Property managed by the Department of Forests and Parks includes ten State Forests and the State Forest Nursery, containing a total of 124,337 acres and thirty-three State Parks, totaling 30,997 acres.

Nineteen State park areas are in operation, seven are open on a limited basis, seven are in the acquisition stage, and initial development is underway at one of these locations. Martinak and Shad Landing were opened for use in 1964 and are now operational. Assateague, James Island, and Point Lookout were opened on a limited basis last summer so that the public could use these areas. Greenbrier and the Chase area of the Gunpowder will be opened on a limited basis in 1966. In addition, the Department is cooperating with the counties in the Patuxent River Watershed in the acquisition of land that may be used for recreational purposes. Title to this land is vested in the counties.

The Maryland Geological Survey was established by Chapter 73, Acts of 1964, to supersede the Department of Geology, Mines, and Water Resources, created by Chapter 508, Acts of 1941, to supersede the State Geological and Economic Survey Advisory Commission, the Water Front Commission, and the Water Resources Commission.

The Department is directed by a five-man Commission appointed by the Governor for five-year terms, one term expiring each year. The Commission selects its own chairman and appoints the Director of the Department. The Director supervises activities that deal with geology and water; the Bureau of Mines supervises the mining industry.

The Department supervises topographic, geologic, hydrographic, and magnetic surveys. It prepares topographic, geologic, and such other maps as may be necessary to meet a specific need. It makes reports on the extent and character of the State's geology, mineral and water resources. In cooperation with the United States Geological Survey, it makes surveys of the water resources of the State. It investigates and recommends plans and policies for the protection of the State's waterfronts against erosion. It licenses gas well drillers and issues a permit for each well to be drilled in the State. The Commission also makes and enforces rules to conserve the State's oil and gas resources (Code 1957, Art. 66C, secs. 15-17, 675-95).

BUREAU OF MINES

Carl A. Schell, Director

City Building, Westernport 21562 Telephone: Fleetwood 9-4031

The first Mine Inspectors were appointed by the Governor in 1878 to serve in Allegany and Garrett counties (Chapter 157, Acts of 1878). These inspectors functioned independently, reporting only to the Governor, until 1916, when they were placed within the Board of Labor and Statistics by Chapter 410, Acts of 1916. The inspection powers became a function of the Bureau of Mines upon its organization in 1922 as a unit of the Department of Labor and Statistics (Chapter 307, Acts of 1922). When the Board of Natural Resources was organized in 1941, the Bureau was transferred to the Department of Geology, Mines and Water Resources. The Director of the Bureau is appointed by the Governor from a list of eligible persons certified by the State Commissioner of Personnel. The Bureau of Mines inspects all mines within the State for proper sanitation, ventilation, and safety standards in all mining operations. All persons or corporations engaging in open-pit or strip mining operations are required to register with

the Bureau before starting operations and to report periodically during such operations. Effective June 1, 1955, all strip-mining operators must obtain a permit from the Bureau, pay a filing fee of $200, and furnish bond at $100 per acre, said bond to be released when acreage has been backfilled and meets with the approval of the Director of the Bureau. During the 1959 Session, the General Assembly amended the Strip Mining Law; and, effective June 1, 1959, the operator must pay a filing fee of $50, and furnish bond at $300 per acre, no bond being for less than $1,200. By Chapter 618, Acts of 1963, the amount of bond in Garrett County was increased to $500 per acre. By Chapter 514, Acts of 1965, the amount of bond in Allegany County was increased to $500 per acre. No bond is to be less than $2,000. No operator who has previously forfeited any bond posted pursuant to stripping activities or who had failed to pay royalties or wages due during such activities is to be permitted to strip any area by open-pit mining. In addition, no pond in Garrett County may be constructed in lieu of back-filling. The Bureau of Mines examines all applicants for certificates of competency as mine foremen, assistant mine foremen, and fire bosses. It conducts classes in mining operations throughout the western part of the State and furnishes training in gas detection to men applying for first-class certificates and fire boss certificates of competency. This work is being done in cooperation with the United States Bureau of Mines (Code 1957, 1965 Supp., Art. 66C, secs. 486-674).

Mine Examining Board

Chairman: Carl A. Schell
Leslie T. Foote, Miners; J. J. Walker, Operators

The Mine Examining Board, created by Chapter 307, Acts of 1922, consists of the Director of the Bureau of Mines, who also acts as Chairman of the Board, and two persons appointed by the Governor, one representing the miners and the other the operators. Each appointee serves until his successor is appointed and qualifies. The Board examines applicants for the rating of first-class mine foreman and fire boss and issues "certificates of competency" to each successful applicant upon payment of the stipulated fee (Code 1957, Art. 66C, secs. 486-674).

Maryland Commission on Mining Laws

Chairman: Donald Moran
Kenneth Bray, Chelsie A. Liller

The Maryland Commission on Mining Laws, created by Chapter 36, Acts of 1950, consists of three members, one of whom represents the mine operators, one the mine employees, and one a representative of the minority party. The Governor designates the Chairman.

The Commission reviews the mining laws from time to time and recommends any necessary changes. The Commission also has the authority to make recommendations as to personnel, equipment and mining safety (Code 1957, Art. 66C, sec. 491).

The Department of Water Resources was created by Chapter 73, Acts of 1964, upon the recommendation of the State Planning Department and on the basis of recommendations made in 1961 as a result of a study of the future administration of Maryland water resource activities. The water pollution control functions of the predecessor agency, the Water Pollution Control Commission, originally created by Chapter 697, Acts of 1947, were transferred in their entirety and without substantial change to the new Department. The Department also took over certain powers and duties previously exercised by the Department of Geology, Mines and Water Resources (which itself was reorganized and renamed Maryland Geological Survey). The Department replaces the abolished Water Pollution Control Commission as a member department of the Board of Natural Resources.

Also created at the same time was the Water Resources Commission which consists of five members, all of whom are appointed by the Governor by and with the advice and consent of the Senate. The Chairman has an indefinite term. He is designated by and serves at the pleasure of the Governor. Initially, Commission members were appointed to staggered terms of 1 to 4 years; subsequent appointments will be for terms of four years each.

The Department is responsible for supervising and planning the multiple purpose development of the waters of Maryland, including the making of surveys, maps, and investigation of the water resources. A joint study with the Departments of Game and Inland Fish and Chesapeake Bay Affairs, to define boundaries of tidal and nontidal waters, is specifically authorized. In addition, the Department has assigned functions in the appropriation of waters (both surface and ground); the construction of reservoirs, dams and waterway obstructions; the abatement of water pollution; the drilling of wells and the licensing of well drillers; and the development of a long range flood control program.

The Commission is responsible for the promulgation of rules and regulations, and acts in an advisory capacity to the Director (Code 1957, 1965 Supp., Art. 96A).

301 W. Preston Street, Baltimore 21201 Telephone: 837-9000

The State Planning Department was created by Chapter 543, Acts of 1959 as the successor to the Maryland State Planning Commission, established by Chapter 39, Acts of the Special Session of 1933.

The State Planning Department functions "as the Governor's Staff Agency in planning matters," and prepares and keeps up-to-date a program for the development and effective employment of all State resources, known as the State Development Plan. To this end the Department studies "the resources of the State and . . . existing and emerging problems of agriculture, commerce, transportation, population, housing, public service, local government" and other matters that affect the development of Maryland. It also "prepares the State's capital program in collaboration with the Department of Budget and Procurement and . . . assists in the preparation of the annual capital budget." In addition, it acts "as an advisory . . . and coordinating agency," harmonizing its planning activities with those of State or local government agencies and providing these agencies with planning assistance. It also attempts to stimulate "public interest and participation in the development of the State". The State Planning Department, through its Director and Staff, represents the State on River Basin Planning Projects conducted by Federal Government agencies in the Susquehanna, Potomac and Ohio River Basins. The Director is also the State representative on multi-State Advisory Committees on the Susquehanna and Potomac River Basins, and serves as liaison with the Bureau of Outdoor Recreation, U. S. Department of Interior, on developing open space and recreation plans to implement provisions of the "Land and Water Conservation Fund Act". The Director is also Chairman of a special Advisory Council to the Board of Public Works on Administering the Federal Higher Education Facilities Act of 1963, whose function is further explained elsewhere. The Director of the State Planning Department is appointed by the Governor and serves at his pleasure.

The law provides for a State Planning Commission within the State Planning Department to advise and assist the Director. The Commission consists of nine members: Seven are appointed by the Governor for four-year terms; the other two represent the House of Delegates and the State Senate and are appointed by the Speaker of the House and the President of the Senate respectively.

The Commission may establish subcommittees to which it may delegate any of its functions. It is also to (1) "study and report from time to time upon the effectiveness of planning in the State;" (2) "evaluate the effectiveness of this Article, and . . . urge its revision or amendment whenever necessary;" (3) "receive and approve, disapprove, or resubmit to the Director of State Planning recommendations concerning the establishment of regional or metropolitan areas;" (4) "hold public and private hearings and sponsor public forums in any part of the State" (Code 1957, 1965 Supp., Art. 88C).

REGIONAL PLANNING COUNCIL

Chairman: J. Jefferson Miller, Member-at-Large
Vice Chairman: James J. O'Donnell, Director,
State Planning Department

Ex officio members: J. Joseph Curran, Jr., State Senate; William B. Dulany, House of Delegates; John B. Funk, Chairman-Director, State Roads Commission; Philip H. Sachs, Chairman, Metropolitan Transit Authority; Edward S. Corcoran, Vice Chairman, Maryland Port Authority.

Appointed members: C. Bowie Rose, Member-at-Large; Joseph W. Alton, Jr., and Earle S. Harder, Anne Arundel County; Frank X. Gallagher and M. Peter Moser, Baltimore City; Jervis S. Finney and Francis W. Iglehart, Jr., Baltimore County; Horace S. Brauning, Sr., and Celius L. Brown, Carroll County; Abe Davis and P. Mitchell Coale, Harford County; Charles E. Miller and Wilmer M. Sanner, Howard County.

Executive Director: Douglas C. Turnbull, Jr.
Director of Planning: Franz J. Vidor

301 W. Preston Street, Baltimore 21201 Telephone: 837-9000

The Regional Planning Council was created by Chapter 753, Acts of 1963, as the official successor to the Baltimore Regional Planning Council, which was terminated in August 1964. The prior agency had been operating as an arm of the State Planning Department since 1956.

The Council's area of jurisdiction covers Baltimore City and Anne Arundel, Baltimore, Carroll, Harford and Howard counties. Its membership of 20 persons consists of two representatives from each of these six political subdivisions, the Director of the State Planning Department, the Chairman-Director of the State Roads Commission, a member of the Metropolitan Transit Authority, a member of the Maryland Port Authority, a member of the State Senate. a member of the House of Delegates, and two members-at-large. The last four members are appointed by the Governor. Of the two members from each of the six political subdivisions, one is a member of the local legislative body, while the other is a member of the local planning commission.

The Regional Planning Council is to prepare and adopt a comprehensive plan for the development of the Region. The plan must contain a statement of objectives, standards and principles, recommendations for the most desirable general pattern of land use, a circulation pattern, a suggested general location for public and quasi-public facilities which are of regional concern, and recommendations for regulatory and administrative measures to implement the General Development Plan. In addition, the Regional Planning Council has the usual research and advisory functions associated with planning agencies.

Once the General Development Plan has been adopted by the Regional Planning Council, no plan may be adopted by any unit of government within the area, and "no road, park, public way, public buildings, or any other development which is metropolitan or regional in nature or affects an area greater than a single unit of government, may be constructed or authorized in the Regional Planning Area until and unless the proposed location and extent thereof has been referred to the Regional Planning Council for its consideration". It was thus the intent of the Legislature that the Regional Planning Council be consulted on every improvement which directly affects more than one unit of government, that it have an opportunity to determine what effect such a contemplated improvement will have on the General Development Plan, without, however, giving the Council an actual veto power.

The Regional Planning Council receives two-thirds of its budget from the six political subdivisions of the Region and one-third from the State. The portion of each of the subdivision's share of the budget must be in the same ratio as their respective assessed value of real property is to the total for the Region; in no event can it be an amount which exceeds the amount that would be produced by a levy of an ad valorem tax of ½¢ per $100 (Code 1957, 1965 Supp., Art. 78C).

BANK COMMISSIONER

Herbert R. O'Conor, Jr., Bank Commissioner, 1967
John D. Hospelhorn, Deputy Bank Commissioner
H. Sadtler Nolan, Chief Examiner
Charles C. Ehrig, Senior Examiner

One North Charles, 2005 Blaustein Building
Baltimore 21201 Telephone: 837-9000

The office of the Bank Commissioner was created by Chapter 219, Acts of 1910. The Bank Commissioner is appointed by the Governor for a term of four years. The Department has general supervision over all banking institutions in the State other than national banks. It must examine each institution at least twice in eighteen months and at such other times as the Commissioner may deem expedient and at any time upon request of the board of directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by law, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is placed in final liquidation. The law further provides for the removal by the Bank Commissioner of any director or officer of any State banking institution who shall have violated or continue to violate any law relating to such an institution, or shall have continued unsafe or unsound practices in conducting the business of such institution after having been duly warned by the Bank Commissioner to discontinue such violations of law or such unsafe or unsound practices. If a banking institution, excepting a national bank, fails, the Bank Commissioner acts as receiver, liquidates its assets, and terminates its affairs under the jurisdiction of the court. The Commissioner may delegate this power to the Deputy Commis-

sioner or a senior examiner. Every bank and trust company is required to submit to the Bank Commissioner, under oath, at least three reports in each calendar year; such reports must exhibit in detail the resources and liabilities of the institution and show its true condition. These reports are published in the local newspapers. All mutual savings institutions are required to report their condition to the Commissioner on June 30 and on December 31 of each year. The December 31 report of such institutions is required to be published. The Commissioner's office examines the reports, and when necessary, verifies them and corrects any irregularities or recommends changes.

All new State banking institutions must organize under the supervision of the Department and must obtain from it a certificate before opening for business. The Bank Commissioner must approve all applications for a branch office made by a State bank, trust company, or mutual savings institution, and must pass upon all amendments to their charters. He must also approve any mergers or voluntary liquidations. On June 30 of each year he must make a written report to the Governor (Code 1957, Art. 11, sec. 26).

The General Assembly of 1929 passed what is known as the "Credit Union Law," which provides that any seven or more persons, residents of this State, may apply to the Bank Commissioner for permission to organize a Credit Union. The Commissioner supervises all such Credit Unions (Code 1957, Art. 11, secs. 135-62).

The Department also has jurisdiction over industrial finance companies under the provisions of the "Industrial Finance Law," passed in 1945. The Act generally provides that no person or corporation may charge interest or other charges in the aggregate above that permitted by law on loans of fifteen hundred dollars or less if this person or corporation is not a licensee under the terms of the law. All companies and individuals transacting business under the terms of this statute must secure a license from the Bank Commissioner. At least once in every thirty-six months, the Department is required to examine each licensee; and each licensee must submit to the Commissioner an annual report setting forth such information as the Commissioner may reasonably require. The Bank Commissioner has the power to revoke or suspend licenses for infractions of the law. He also has the power to exempt certain companies from the terms of the "Industrial Finance Act." Automatically exempted from the Act are those companies and individuals that are doing business under the terms of the "Small Loan Law," which is administered by the Administrator of Loan Laws (1957 Code, Art. 11, secs. 163-205).

The Maryland Currency Exchange Law, passed in 1959 requires the Bank Commissioner to supervise and regulate the selling or issuing of checks, drafts, and money orders for a fee or service charge. Persons who wish to transact such business in Maryland must qualify with the Bank Commissioner and procure an annual license from him. The effective date of the new Law is January 1st, 1960 (Acts 1959, chap. 597).

Under the provisions of Section 27 of Article XI, of the Annotated Code of Maryland (1957 Edition and amendments thereto), it is provided that the members of the Banking Board shall be subject to the call of the Bank Commissioner to confer and consult with him in any matter concerning the business of any State banking institution upon which the Commissioner requests their advice and counsel. The law further provides that the Board's functions shall be purely advisory, to assist the Commissioner with sound and impartial guidance, as additional protection in maintaining the business of banking and banking institutions throughout Maryland in such manner as will give the fullest possible protection to the interest of depositors and stockholders.

DEPARTMENT OF BUILDING, SAVINGS AND LOAN ASSOCIATIONS

The Department

Allan D. Housley, Director, 1967
Vincent C. Mahony, Deputy Director

301 W. Preston Street, Baltimore 21201 Telephone: 837-9000

The Department of Building, Savings and Loan Associations was originally created by Chapter 205, Acts of 1961. Because of the filing of petitions for a referendum, it was necessary to hold a Special Session in 1961. Chapter 1, Acts of the Special Session of 1961, was enacted as an emergency law pending the outcome of the referendum. The operation of the Department at that time was under the Director of the Department of Assessments and Taxation. At the November 1962 election, the voters approved the enactment of Chapter 205, Acts of 1961, and, as the result, the Department became an independent agency.

The Department supervises and regulates the organization and incorporation of building, savings and loan, or homestead associations subject to the laws of the State. The Department also examines at least once every three years the affairs of each association. However, it is the intention of the Department to examine every association at least once a year, if possible. As of December 31, 1964, there were 284 active savings and loan associations chartered in Maryland which are subject to the supervision and regulation pursuant to the Act. In addition, there were 31 other associations which are under court supervision or which are inactive.

The Director of the Department is appointed by the Governor for a term of six years. The Director, with the approval of the Board of Building, Savings and Loan Association Commissioners appoints the Deputy Director, the examiners, and such number of additional employees as may be provided for in the budget.

Provisions are made in the law with respect to investments, withdrawal of accounts, taxation, membership, promotional activities, management and functions of such businesses, including class and type of securities, and allocation of profits, reserves and dividends. Provisions are also outlined for the branching, consolidation, merger, dissolution and revival of such businesses. In addition, provisions are made for conservators and receivers for such businesses; exempting accounts of such businesses from the Maryland Securities Act of 1962,

creating a Board of Building, Savings and Loan Association Commissioners; and providing penalties for failure or refusal to comply with certain provisions of the Act (Code 1957, 1965 Supp., Art. 23, secs. 161A-161KK).

The Department of Labor and Industry, established by Chapter 211, Acts of 1884, as the Bureau of Statistics and Information, is one of the oldest governmental agencies in this field in the United States, antedating the U. S. Department of Labor by one year. After 1892, the Department was known as the Industrial Bureau. A reorganization in 1916 renamed it the State Board of Labor and Statistics, and concentrated in it powers to enforce all the factory acts. The General Assembly made further changes by Chapter 747, Acts of 1939, and created the present Department by Chapter 938, Acts of 1945.

Primarily a law enforcement agency, the Department is under the direction of a Commissioner appointed by the Governor for a four-year term. The Department enforces all laws and regulations affecting workers and employers and promotes harmony between industry and labor through mediation and arbitration of labor disputes and the holding of consent elections (Code 1957, 1965 Supp., Art. 27, secs. 324-333; Art. 38, sec. 3; Art. 56, secs. 161-170; Art. 77, secs. 231-233; Art. 89, secs. 1-13, 25-57; Art. 100, secs. 1-55, 81-93; Art. 101, sec. 47).

In addition to offering the services of Apprenticeship and Training, (Chapter 910, Acts of 1965), the Department is responsible for enforcement of the following laws: Occupational Safety, Minimum Wage (Chapter 697, Acts of 1965), Child Labor, Hours of Labor for Females, Work—Hours of in Factories, Factory Inspection and Industrial Registration. WORKMEN'S COMPENSATION COMMISSION

Lester H. Crowther, 1966; Helen Elizabeth Brown, 1967; Paul T. Pitcher, 1969; Francis J. Valle, 1970; Harold Lee Frankel, 1977; Joseph I. Paper, 1977.

Edward C. Jones, Director of Claims
Virginia R. Barnes, Director of Administration
Meyer M. Ohen, Legal Assistant

108 E. Lexington Street, Baltimore 21202 Telephone: 539-4360

The Workmen's Compensation Commission, created by Chapter 800, Acts of 1914 as the State Industrial Accident Commission, received its present name by Chapter 584, Acts of 1957. Under the provisions of Chapter 238, Acts of 1961, the Commission was increased from five to seven members, all of whom must be appointed by the Governor by and with the advice and consent of the Senate. The initial appointments of the Chairman and four associate commissioners dated from February 1, 1958, and were for periods of eight, nine, ten, eleven, and twelve years. The appointments of the two additional commissioners dated from February 1, 1961, and were for four years each. As each term expires, the Governor shall appoint a person to the full term of twelve years, or until his successor has been appointed and qualified.

Like its predecessor, the Commission administers the Workmen's Compensation Law. It hears contested cases and holds hearings throughout the State; it receives reports of accidents and adjudicates claims for compensation arising under the law; and it investigates companies and firms which fail to carry insurance under the terms of the Act. The Chairman sits on the trial of cases when his administrative and executive functions permit (Code 1957, Art. 101, secs. 1, 2, 5, 16, 38-40).

In recent years, the General Assembly has made many important changes in the Workmen's Compensation Act. Among the most important have been acts increasing maximum temporary disability payments to $55.00 weekly; increasing maximum permanent total disability payments to $55.00 weekly; and increasing the maximum total payable for total disability to $30,000. Other laws have broadened the law in hernia cases; established a broad form of a Subsequent Injury Fund; and removed limitations on payments of medical expenses. In 1951, the Act included many additional payments; also, for the first time, Maryland came to be what is known as a nonscheduled State

for Occupational Diseases. In 1965, the Serious Disability Section was added. This provides for a greater amount and rate of compensation for a workman who sustains a serious disability, as defined by the Law (Code 1957, 1965 Supp., Art. 101, secs. 21-36, 66).

Medical Board for Occupational Diseases

Chairman: James Frenkil, M.D., 1971
Whitmer B. Firor, M.D., 1967; John Sheldon Eastland, M.D., 1969

The Medical Board for Occupational Diseases was established by Chapter 465, Acts of 1939. The Governor appoints the members of the Board for six-year terms with the approval of the Senate, from lists of nominees submitted by the Deans of the schools of medicine of the University of Maryland and the Johns Hopkins University and the Medical and Chirurgical Faculty of Maryland. Each of these agencies submits a list of three persons, two of whom are experienced in occupational diseases, and one of whom is an experienced physician in good professional standing. Two must have had at least five years practice in the treating, diagnosis, and care of industrial diseases, and the third must have been trained in roentgenology and must have had five years practice and experience. The Governor designates the Chairman of the Board. The Board hears and adjudicates all claims for compensation for disability caused by an occupational disease. The decisions of the Board are subject to review by the Workmen's Compensation Commission (Code 1957, Art. 101, secs. 22-29).

Board of Appeals

A three-man Board of Appeals, appointed by the Governor for six-year terms, hears appeals on claims for benefits, appeals that arise under the taxing provisions of the Unemployment Insurance Law, and other matters that require appellate adjudication (Code 1957, Art. 95A, sec. 7g).

Advisory Council

The Governor appoints a State advisory council, and the Executive Director appoints local advisory councils, consisting of an equal number of representatives from the public, the employer, and the employee. Unemployment Insurance Division

This Division supervises the Unemployment Insurance Program carried out by the local office. The Unemployment Insurance Division also collects contributions from employers covered by the Maryland Unemployment Insurance Law, collects quarterly wage information on the employees of these employers, determines weekly benefit amounts in accordance with this wage information, issues benefit checks to local offices, reviews benefit payments to determine if any were improperly made, recovers improper payments, and pays benefits to individuals who formerly worked in Maryland, but who reside in other states, as provided by a reciprocal interstate agreement. The law provides for an experience-rating system under which employers who maintain steady employment are eligible for reduction in the rate of contributions. The Division also operates the Youth Opportunity Center and screens personnel for Job Corps.

The Maryland Port Authority, a semi-autonomous State agency, was established by Chapter 2, Acts of the Special Session of 1956.

The Authority consists of five commissioners appointed by the Governor for five-year terms, one term expiring each year. Three of the five members must at all times be residents of Anne Arundel County, Baltimore City, and Baltimore County respectively. Of the other two, one must be a resident of the Western Shore of Maryland outside of Anne Arundel County, Baltimore City, and Baltimore County, and one must be a resident of the Eastern Shore of Maryland. The Commissioners appoint the Executive Director, who exercises such administrative powers as they delegate.

In creating the Maryland Port Authority, the primary objective of the General Assembly was to improve the facilities and strengthen the workings of the private operator. If private facilities are inadequate, however, or inadequately operated at any time, the Authority may construct, and if necessary, operate supplementary public facilities (Code 1957, Art. 62B).

The Authority endeavors to promote and increase commerce within its territorial jurisdiction through public relations programs, publication of literature, purchase of advertising, solicitation of business by correspondence and traveling representatives, and participation in, and cooperation with, civic, technical, professional, and business organizations and association. To this end, the Authority currently main-

The General Assembly created the Department of Economic Development and the Economic Development Commission by Chapter 185, Acts of 1959 "for the general purpose of advancing the economic welfare of the people through programs and activities to develop . . . the State's natural resources and economic opportunities pertaining to commerce, agriculture, mining, forestry, transportation, travel, tourism, and recreation, and to promote and encourage the location of new industries and businesses in the State . . . and . . . the retention and expansion of present enterprises . . . and to foster and develop gainful employment . . ." for residents of the State.

The Commission consists of twelve members appointed by the Governor with the advice and consent of the Senate. Members serve for six years and have overlapping tenure of office. Two represent the Eastern Shore; two, Central Maryland; two, Southern Maryland; two, Western Maryland; two, Baltimore City; and two, the State at large. Members serve without compensation and may be reappointed. The chairman is

chosen by the Governor and serves at his pleasure. The Commission selects and the Governor appoints the Director of the Department.

The Department assembles and disseminates information in the interest of economic, industrial, and tourist development; conducts studies to determine areas of special economic opportunity for the State and ways of exploiting such opportunities for the maximum benefit of the State and its residents; enters into contracts; and is empowered to utilize all existing State agencies, boards, commissions, and institutions as sources of information, except in such cases as are provided by law to be confidential and secret.

The programs of the Department are carried out through its three Divisions:

The Business and Industrial Development Division promotes and publicizes Maryland's advantages and opportunities for the location of new business and industries and the expansion of existing enterprises, and works with prospects and communities toward these ends. It initiates and maintains contacts with business and industrial prospects, answers their requests for information, and informs them about all Maryland locations which might meet their requirements. It arranges for industrial prospects to visit Maryland communities of their choosing, and escorts them on such trips. The Division also assists, encourages, and cooperates with community, regional, and area development efforts, both public and private, including working with community groups in the preparation of Community Economic Inventories and other business and industrial reference and promotional publications.

The Research Division is responsible for the accumulation, analysis, and presentation of state-wide and regional economic data for the Department and for the conduct of studies to determine areas of special economic opportunity for the State and ways of exploiting such opportunities for the maximum benefit of the State and its residents. Insofar as is practicable the Division assembles, classifies, and makes readily available all data pertaining to Maryland's economic resources and problems; it analyzes that data and translates it into accurate and concise answers to authentic inquiries; makes special studies in response to unusual or important demands; and systematically explores Maryland's economy in search of special advantages for any particular industry, tourist or recreational facility or activity, or other beneficial economic opportunity. The Division also provides staff support for the Governor's Science Resources Advisory Board.

The Tourist Development and Publicity Division promotes and publicizes Maryland's tourist and recreational advantages. The Division actively cooperates with and assists local, regional, and state-wide travel, historical, and recreational groups in fostering and implementing activities and programs which will increase tourist travel and vacationing in Maryland. This includes the preparation and distribution of literature on Maryland's recreational, scenic, and historical assets, and publicizing and advertising the tourist and recreational appeals of the State. The Division also answers travel and tourist inquiries from publications, tourists, vacationers, residents, students, and public and private agencies. This involves mailing out hundreds of thousands of pieces of literature yearly and preparing many special reports and articles as well as radio and TV scripts and advertising copy.

In addition, the Commission may appoint boards and committees representing economic groups within the State to advise and assist in the accomplishment of the aims and fulfillment of the duties of the Commission (Code 1957, 1965 Supp., Art. 41, secs. 257-266).

APPALACHIAN REGIONAL COMMISSION

Maryland Representatives:

Robert Garner, State Member
William A. Pate, Alternate

1666 Connecticut Avenue, N.W., Washington, D. C. 20009

By Chapter 415, Acts of 1965, the Governor and the Board of Public Works were authorized to appoint a State member and an alternate to the Appalachian Regional Commission to implement the Federal Appalachian Regional Development Act of 1965. In addition to the State's representatives and alternate, Maryland also has an elected representative selected by the majority of the eleven states (Code 1957, 1965 Supp., Art. 78A, sec. 13A).

The Commission was created by the Appalachian Regional Development Act of 1965 (Public Law 89-4) to plan and coordinate projects and programs authorized by the Act for the development of the 12-State Appalachian Region, which includes the Western Maryland counties of Washington, Allegany, and Garrett. The Commission consists of a Federal Co-Chairman appointed by the President and one member from each participating State, who may be the Governor or his designee. A State Co-Chairman is elected periodically by the Governors.

Programs for Appalachian development authorized by the Act include the construction of a developmental highway system, access roads, health centers, vocational educational schools and sewage treatment works; the development of land, timber and water resources, the rehabilitation of areas damaged by strip and surface mining; and the establishment of local development districts to support economic development efforts at the local level. The Act authorizes the appropriations of $1,092,400,000 to cover the Federal share of the cost of these programs, of which $840,000,000 is earmarked for the construction of 2,350 miles of development highways and 1,000 miles of access roads over 5-year period. The Commission has approved the construction of a total of 78.1 miles of developmental highways in Maryland.

The Commission is not an operating agency. Its major function is the planning and coordination of programs and projects to be carried out under the Act by the appropriate Federal and State departments and agencies. The Commission can act only on those programs and projects which are submitted to it by State members. Its decisions require the affirmative vote of the Federal Co-Chairman and of a majority of State members.

The General Assembly authorized the establishment of the Development Credit Corporation of Maryland by Chapter 822, Acts of 1959, to stimulate business and industry in the State of Maryland by making loans for which money and credit are not otherwise available.

The Corporation consists of two classes of participants: members and stockholders. Only financial institutions—that is, institutions whose activities include lending or investing money—may become members. Members must loan funds to the Corporation upon demand up to limits that are set by law and based on financial capacity. All such calls for funds are to be prorated among the members in the proportion that the maximum loan limit of each bears to the aggregate loan limits of all members. Individuals and domestic corporations may become stockholders, but financial institutions may be stockholders only if they are also members. The authorized capital stock consists of two million shares of common stock with a par value of one dollar each.

The Board of Directors, consisting of fifteen members, exercises the corporate powers of the Development Credit Corporation. There are five economic regions: the Central Region (Baltimore, Carroll, Harford, and Howard counties); the Eastern Shore Region (Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester counties); the Southern Region (Anne Arundel, Calvert, Charles, Prince George's, and St. Mary's counties); the Western Region (Allegany, Frederick, Garrett, Montgomery, and Washington counties); and the Baltimore City Region. Initially, the Governor, the President of the Senate, and the Speaker of the House of Delegates each made five appointments to the Board, one from each region. The President of the Senate designated the chairman of this temporary board, and the chairman called the first annual meeting. At this meeting held on February 16, 1961, and at each annual meeting thereafter, members of the Corporation from at least three of the five economic regions elect two directors from each region for one-year terms. These directors must be United States citizens and residents of the economic region from which they are appointed or must maintain a regular place of business there. The stockholders of the Corporation elect the remaining five directors for one-year terms; these must be United States citizens and residents of the State. The Board elects its own chairman. The Corporation may borrow or lend money and buy, hold, or sell real or personal property, including industrial plants or other business establishments.

The Corporation established Loan Committees of five members for each economic region. All requests for loans are to go through these committees, which will review the applications and make recommendations to the Board of Directors or Executive Committee. Final decision will lie with either of these bodies (Code 1957, 1965 Supp., Art. 23, secs. 412-419).

Record Center, State Office Building, Annapolis 21404 Telephone: Colonial 8-3371

Record Center, 301 W. Preston Street, Baltimore 21201 Telephone: 837-9000

The Hall of Records Commission was created by Chapter 18, Acts of 1935. The Commission is an ex officio body. It supervises and controls the Hall of Records and appoints the Archivist, who has charge of the active management of the building and its contents.

State agencies as well as the counties, cities and towns of Maryland are authorized to offer for deposit at the Hall of Records all files, documents, and records not in current use. Should the Archivist decline to accept the materials offered, permission to destroy them

may be requested from the Board of Public Works. If permission is granted, a certificate of destruction must be filed at the Hall of Records.

While many records are offered to the Hall of Records Commission at the discretion of the custodians, all records which are in the courthouses of the State and which were created prior to April 28, 1788, the date of ratification of the United States Constitution by the State of Maryland, must be deposited at the Hall of Records. The records of all State agencies, boards, and commissions which are abolished or otherwise cease to function must also be transferred to the custody of the Hall of Records Commission. The Commission is authorized to prepare certified copies of all records in its custody.

State agencies are required by law to establish a continuing program for the management of their records. The Commission provides assistance and guidance in the development and furtherance of the State Records Management Program. The program provides for the use of records retention schedules which establish the period and manner of retention of records. Such schedules must be approved by the Hall of Records Commission, and when destruction is recommended, they must also be approved by the Board of Public Works. Whenever semi-current records having no permanent historical or administrative value are scheduled to be maintained for a limited number of years and then destroyed, they may be stored for this period in the two Record Centers operated by the Hall of Records Commission. The Hall of Records staff inspects the records and records management practices of all State agencies and reviews the proposals for the purchase or rental of record equipment, storage space, and services (Code 1957, Art. 41, secs. 171-81).

The Hall of Records staff microfilms or supervises the microfilming of all current deeds, mortgages, and releases recorded in the courthouses of the State. These microfilm copies are required to be deposited annually in the office of the Commissioner of the Land Office. Copies of some of these films are also deposited with the State Department of Assessments and Taxation for use in the preparation of tax maps. Limited facilities are available for the filming of records of the various State agencies.

By several Acts of Assembly, the Hall of Records has been designated as an official depository for the publications of all State agencies (Code 1957, Art. 41, sec. 144) and for all codes published by local governments, both county and municipal (Code 1957, 1965 Supp., Art. 25, sec. 32A; Art. 23A, sec. 8B). The Hall of Records Commission also edits, compiles, publishes and distributes the MARYLAND MANUAL (Code 1957, 1965 Supp., Art. 41, sec. 104).

COMMISSIONER OF THE LAND OFFICE

J. Randall Walcroft, Commissioner, 1967
Malcolm W. Waring, Administrative Assistant

State Office Building, Annapolis 21404 Telephone: Colonial 8-3371

The Commissioner of the Land Office is appointed by the Governor, with the consent of the Senate, to hold office during the term of the Governor (Const. 1867, Art. VII, sec. 14). The Land Office keeps records pertaining to boundaries of land, including records of all warrants, certificates, and patents for land from the settlement of the

Province of Maryland in 1634. Every clerk, after he records any deed, mortgage, release of mortgage, or lease of real estate, must make or have made a 35 mm. microfilm copy of every such record and transmit it to the Commissioner of the Land Office at the end of each year. The Commissioner hears and determines all disputes which may arise concerning the validity of surveys. The Land Office is now engaged in making, filing, and recording plats for current subdivisions of land; copies of such plats are sent to the Supervisors of Assessment upon request. All plats filed with the Clerks of Courts before June 1, 1945, have been microfilmed by the Land Office (Code 1957, Art. 17, secs. 57, 58, 61, 62; Art. 54, secs. 1-53).

All land now included in the limits of the State of Maryland was granted to Cecil, Lord Baltimore, in 1632. In 1680, the Proprietor established a Land Office, and four years later "The Land Council." This body was authorized to hear and determine all matters relating to land. Four years later, when Maryland became a crown colony, the Land Office closed. In 1715, after a long contest with the Governor, Council, Secretary, and Assembly, the Lord Proprietor emerged with his rights restored, and the Land Office reopened. After the Revolution, the State assumed control of the Land Office (Acts Feb. sess. 1777, ch. 15). From 1781 until 1841, there was a Land Office for the Western Shore and another for the Eastern Shore. The Constitution of 1851 created the office of the Commissioner of the Land Office.

The Courts of the Province were first authorized to examine persons seeking to practice law in 1715 (Acts 1715, chap. 48, sec. 12). The practice of Medicine was first regulated in Maryland by Chapter 429, Acts of 1888, which required that the State Board of Health license all physicians. By Chapter 296, Acts of 1892, the General Assembly created two Boards of Medical Examiners to carry on this function, one to represent the Medical and Chirurgical Faculty and the other the State Homeopathic Society. The Legislature of 1957 abolished the Homeopathic Board and the practice of medicine in Maryland is now regulated by one Board, composed of eight members elected from and by the members of the Medical and Chirurgical Faculty (State Medical Society). Two members are elected each year to serve for four-year terms. All members must be in active practice in the State (Code 1957, Art. 43, secs. 119-149).

The Board tests and licenses physicians for the legal practice of medicine in this State and for certain causes may revoke the license of any physician. The Commission consists of a Legislative Council Committee on Intergovernmental Cooperation and an Advisory Committee. The Legislative Council Committee on Intergovernmental Cooperation consists of three members of the Senate and three members of the House of Delegates appointed from the membership of each body on the Legislative Council. It formulates proposals for, and works towards, the adoption of compacts, uniform or reciprocal statutes and administrative rules; it promotes the cooperation of government officials with one another; and in general it works to bring the various governments in the United States into closer contact and to develop the Council of State Governments for this purpose. The Committee maintains an office in Harrisburg, Pennsylvania, with a small staff which services and coordinates the activities of the Committee and develops from time to time specific background material on pertinent areas of concern. The Committee rotates its meetings throughout the Susquehanna Basin at regular intervals, often timing them to coincide with Corps of Engineers' meetings.

The Committee has created a subcommittee to work on the development of an Interstate Compact for the future development of the Susquehanna River Basin. The Committee operates with a staff of four persons with an annual budget of $60,000, of which Maryland's share is $12,000.

The Interstate Commission on the Potomac River Basin was established by an Act of Congress in 1940, and the compact was ratified by the participating states shortly thereafter. Maryland ratified by Chapter 320, Acts of 1939. The Commission is composed of representatives from the United States Government, Maryland, Pennsylvania, Virginia, and West Virginia, and the District of Columbia. The representatives from Maryland include the Governor and two members, residents of the Potomac River Conservancy District, who are appointed by the Governor for two-year terms (Code 1957, Art. 43, secs. 407, 408). The Commission has jurisdiction over the Potomac River Conservancy District, which was created by the enabling Act. The District embraces an area of approximately 14,500 square miles with an estimated population of 3,000,000. The Commission (1) coordinates, tabulates, and summarizes existing data on the character, pollution, and condition of streams in the Conservancy District; (2) supplements

existing data, when necessary, by conducting investigations; (3) promotes adoption by the signatory bodies of uniform legislation for the control of stream pollution; (4) disseminates information to the public on the effects of stream pollution and the objectives of the Commission; (5) cooperates with other organizations in studies of treatment methods for sewage and industrial wastes; (6) recommends to signatory bodies standards for cleanliness of streams.

The Interstate Commission is now in the process of amending the compact to enable it to function not only in water pollution control matters, but also in water resources conservation in the Basin. Maryland (Chapter 29, Acts of 1960), and the West Virginia and Pennsylvania legislatures have adopted these amendments. They will be considered by the Virginia legislature in 1966.

The Commission is financed by appropriations from each of the participating bodies.

ATLANTIC STATES MARINE FISHERIES COMMISSION

Commissioners from the State of Maryland:

Director, Department of Chesapeake Bay Affairs: Joseph H. Manning
Appointed by the Intergovernmental Cooperation Commission: J. Frank Raley, Jr.
Appointed by the Governor: George T. Harrison, 1968.

Officers of the Commission

Chairman: Ronald W. Green, Maine
Vice Chairman: Milton T. Hickman, Virginia
Executive Director: Ernest Mitts, Florida

336 East College Avenue
Tallahassee, Florida 32301 Telephone: 224-8458

The Atlantic States Marine Fisheries Commission is an outgrowth of the "Eastern Conservation Conference" begun in 1937. Seven states, including Maryland, drew up and ratified a compact in 1941. Maryland ratified by Chapter 435, Acts of 1941. This compact, assented to by the United States Congress and signed by the President in 1942, is the legal basis of the Atlantic States Marine Fisheries Commission, which today has a membership of fifteen Atlantic Seaboard States.

Each State is represented by three Commissioners, one of whom must be the chairman or director of the fisheries management agency, one a legislator and a member of the Commission on Intergovernmental Cooperation, and one selected by the Governor.

Maryland is represented by the Director of the Department of Chesapeake Bay Affairs and a member of the Intergovernmental Cooperation Commission, both of whom serve ex officio, and a resident of Maryland with knowledge and interest in marine fisheries problems appointed by the Governor for a three-year term. The Commission advises only, aiding in the development of joint programs dealing with particular species of fish or bodies of water common to two or more states. These programs may result in uniform laws or varying but coordinated measures as the circumstances require. The Commission meets annually and in four regional groups as follows: (1) the North Atlantic States, (2) the Middle Atlantic States, (3) the Chesapeake Bay Area, and (4) the South Atlantic States. In place of special committees which in the past dealt with particular species, the 15th Annual Meeting created an overall scientific committee to

digest scientific material and present condensed reports to the Commission. A similar committee was established to report on legal matters. The technical advice and research facilities of the United States Fish and Wildlife Service are available to the Commission and its member states. Each participating state contributes to the support of the Commission in proportion to the value of its Marine Fisheries catch as compared with the total Atlantic catch. The Commission issues mimeographed minutes of Annual, Section, and Committee meetings. The Annual Meeting minutes contain scientific appendices. The Commission also issues printed Annual Reports. All are on file in the office of the Department of Chesapeake Bay Affairs (Code 1957, Art. 66C, secs. 256-61).

The Potomac River Fisheries Commission operates under the Maryland-Virginia Compact of 1958, which was authorized by an act of Congress. Maryland ratified the Compact by Chapter 269, Acts of 1959, subject to referendum held on November 8, 1960. The Commission is a semi-autonomous agency, but its work and policies are tied in very closely with the Department of Chesapeake Bay Affairs of Maryland and the Commission of Fisheries of Virginia. The purpose of the Commission is the establishment and maintenance of a program of conservation and improvement of the seafood resources of the Potomac River.

The Commission consists of six members, three from each state. The members from Maryland are all members of the Department of Chesapeake Bay Affairs, whose terms of office on the Commission corresponds with their terms of office on the Department of Chesapeake Bay Affairs. The Governor fills any vacancies which may occur. The Chairmanship of the Commissions alternates annually between Maryland and Virginia.

The Commission is financed by appropriations from each state, together with income and license sales available. The fisheries departments of both states supply the law enforcement for the Commission on the Potomac River (Code 1957, 1965 Supp., Art. 66C, sec. 261A).

In 1964 and 1965, both the Maryland and Virginia legislatures concurred in approving legislation and giving the Commission the authority to regulate and license the dredging of soft shell clams.

The Southern Regional Education Board is active in approximately twenty-five academic fields. It administers the regional education contracts through which states lacking schools in certain fields are able to secure training for their students at institutions operated either by other states or by private

corporations. The Board also studies needs and resources in various academic fields and joins with universities in Memoranda of Agreement to plan the development of specific programs on a regional basis. The University of Maryland carries on the administrative work of the Board in Maryland (Code 1957, Art. 41, secs. 185-88). This Commission has general planning and park jurisdiction over the Maryland-Washington Metropolitan District created by Chapter 448, Acts of 1927, and the Maryland-Washington Regional District created by Chapter 714, Acts of 1939. Both districts are within Montgomery and Prince George's counties adjoining the District of Columbia and embrace approximately 767 square miles and 906 square miles, respectively. The 1965 estimated population of the entire Regional District is just short of 1,000,000.

The 1965-1966 estimated taxable basis of the Montgomery County portion of the Regional District is $1,870,000,000 and the Metropolitan District is $1,681,000,000. The 1965-66 estimated taxable basis of the Prince George's County portion of the Regional District is $1,800,000,000 and the Metropolitan District is $1,297,000,000.

The Commission has been given, through bi-county enactments of the Maryland General Assembly, definite jurisdiction over the regional planning of the Maryland-Washington Regional District, which includes all of Montgomery County and Prince George's County, excepting certain incorporated communities which retain their own planning and zoning authority.

The Commission is composed of ten members, five of whom must be residents of Montgomery County and five of whom must be residents of Prince George's County. Not more than three members from each county may be members of the same political party, and at least one member from each county must be a resident of the predominately agricultural portion of the county. Montgomery County members of the Commission are appointed by the County Council. Prince George's County members are appointed by the Governor with the advice and consent of the State Senator for Prince George's County. Appointments to the Commission are for four-year terms. Vacancies are filled in the same manner as appointments and for the unexpired term. The respective appointing authorities may at their discretion designate a member of the Commission from each county to serve on a full-time basis, and in so doing may designate the full-time members as chairman of their respective planning boards. The Commission then elects one of these full-time members as chairman of the full Commission and the other as vice chairman.

The five members from each county constitute the County Planning Board. The Chairman and the Vice Chairman of the Commission also act as Chairmen, respectively, of their County Planning Boards. The

Commission appoints its Executive Director, Secretary-Treasurer, General Counsel, Director of Planning, Director of Parks, and a Director of Public Relations and may appoint a Director of Land Acquisition as well as such other staff members as may be necessary. It maintains regional offices in both counties.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to acquire, develop, maintain, and operate a park system with recreational facilities, the expense of which, including debt service, is paid from a separate park tax levied within the District. The Commission is authorized to cooperate and negotiate with Federal agencies for financial assistance under the terms of the Capper-Cramton Act, and with other agencies in the park development program.

Within the Maryland-Washington Regional District, which includes and extends beyond the Metropolitan District, the Commission is empowered to make, adopt, and amend a general plan for the physical development of the District which takes into account all factors of urban, suburban, rural, and regional planning. The Commission prepares plans and specifications for the construction of public works improvements and facilities. The two County Planning Boards have exclusive subdivision control, power and jurisdiction over street grades and locations, public buildings and utilities, and after the adoption of a Master Plan of Highways, over street naming and house numbering. The Planning Boards have advisory zoning powers, but the zoning ordinances and amendments are enacted by the County Council of Montgomery County and the Board of County Commissioners of Prince George's County sitting as a District Council for that portion of the District within each County. Through the County Planning Boards, the Commission recommends land use or zoning ordinances and similar ordinance subject matters to the respective District Councils. The administrative and planning expenses of the Commission are paid from an administration tax levied within the District. The taxes levied by the Commission, which are collected by the County Treasurer in Prince George's County and the Director of Finance in Montgomery County, are as follows:

Montgomery County
Regional District:
Administrative Tax: 4c/$100

Lower Metropolitan District
Park Tax: 13½c/$100

The Metropolitan Transit Authority was created by Chapter 670, Acts of 1961, as an instrumentality of the State of Maryland to improve the mass transportation facilities in the Baltimore metropolitan area. The Authority may license and regulate all mass transit and facilities which operate within its jurisdiction comprising Baltimore City and the metropolitan areas in Baltimore and Anne Arundel counties adjoining the city. Chapter 886, Acts of 1963, added the third and fifth election districts of Anne Arundel County and that portion of the fourth election district lying north and east of State Highway #175. The Authority is also charged with the responsibility of establishing an efficient, rapid and coordinated mass transportation system for the Baltimore metropolitan area. It will develop an overall plan to accomplish that objective. It is further required to use its efforts to improve the service offered by privately-owned mass transportation

facilities within its jurisdiction and, if necessary, it may establish an integrated publicly-owned transit system.

The Authority consists of seven members, appointed for five-year terms, one by the Governor, two by the Mayor of Baltimore City subject to the approval of the City Council, two by the County Council of Baltimore County, and two members from Anne Arundel County by a committee consisting of the State Senator, Chairman of the members of the House of Delegates and the members of the County Council from the election districts referred to in the Act. Initially, the Governor's appointee will serve for three years. One of the Mayor's appointees will serve for one year and the other for five years. One of the County Council's appointees will serve for two years, while the other will serve for four years. The members from Anne Arundel County will serve one for five years and one for two years. The Authority elects its own Chairman and Vice Chairman and appoints the Secretary-Treasurer and Executive Director.

The Authority derives its operating revenue from a seat tax of $4.00 per seat from mass transportation companies operating under its jurisdiction plus an annual fee or charge in amount equal to 1/20 of one percent of the gross receipts derived from the mass transportation operations within the area. The total revenue from these sources approximates $185,000 per annum.

The Washington Suburban Sanitary Commission, created by Chapter 122, Acts of 1918, consists of six members, three of whom are from Prince George's County and three from Montgomery County. By Chapter 839, Acts of 1965, the Prince George's County members are appointed by the Governor, with the advice and consent of the Senate, from nominations made by the Prince George's County Commissioners, and the Montgomery County members are appointed by the Montgomery County Council. Four of the Commission's present members, whose terms expire in 1967, were appointed under Chapter 654, Acts of 1959, which provided for one of the Commissioners to be appointed by the Governor from each County of his own selection and the others upon nominations by the County Commissioners and County Council, respectively.

When the Commission was organized, the Washington Suburban Sanitary Commission service area covered 94 square miles. In succeeding years, the General Assembly has made additions, and the Washington Suburban Sanitary District now contains more than 500 square miles within Prince George's and Montgomery counties, adjacent to the District of Columbia. The Commission has jurisdiction over the construction of any water and sewerage systems built in either county beyond the limits of the Sanitary District boundaries. In Prince George's County it has jurisdiction over the operation of these same facilities. The present Sanitary District has a population of about 700,000 and an assessed valuation of approximately $2,500,000,000.

The Commission provides for the construction, maintenance and operation of water supply and sewerage systems; it has jurisdiction over storm drainage and the location of utilities; and it provides refuse disposal service within the Sanitary District. It also operates a refuse collection system in the suburban portions of Montgomery County. The Commission has been designated as the organization responsible for the administration, maintenance and operation of the Anacostia River Flood Control and Navigation Project. As of December 31, 1964, the water and sewerage systems of the Commission contained 1,932 and 2,226 miles of mains, respectively.

Two major sources of water now supply the Washington Suburban Sanitary Commission system. The Patuxent River, which the Commission has impounded with the construction of two dams near Brighton in Montgomery County and near Laurel in Prince George's County, gives the Commission a yield of 65 million gallons a day through the Patuxent Filtration Plant. The Potomac River supplies raw water to the new Potomac River Filtration Plant. This facility opened in 1961 and it has a capacity of 70 million gallons a day. Eventually it will be expanded, as needed, to a capacity of at least 200 million gallons a day, and it will serve both counties. Wells located on the Potomac slopes of Prince George's County provide a third source of water.

Most of the sewage from the Commission service area is transported through trunk sewers into the District of Columbia and is treated at the District's Blue Plains Sewage Plant. The Commission pays for this service on a metered volume basis, and it also contributes its share to capital improvement of the Blue Plains facility. The single sewage disposal plant operated by the Washington Suburban Sanitary Commission is at Laurel. The Commission is constructing a regional plant to serve southeastern Prince George's County.

The Commission's facilities are geared to an anticipated growth of the service area population to about 2,000,000 by the year 2000. The Commission annually reviews and updates a five-year program for development of its water and sewerage systems.

(Acts, 1918, chap. 122, as amended from time to time, e.g., Acts 1947, chap. 733; Acts 1949, chap. 728; Acts 1953, chaps. 430 and 434; Acts 1959, chaps. 618 and 710; Acts 1961, chap. 740; Acts 1963, chap. 812; Acts 1965, chaps. 172, 703, 819, 839 and 896).

The legislative powers of the State of Maryland are vested in the General Assembly, which consists of two distinct branches, the Senate and the House of Delegates (Const. 1867, Art. III, sec. 1). The General Assembly at the present time consists of 171 members: 29 Senators and 142 members of the House of Delegates, all elected at large by the counties and the six Legislative Districts of Baltimore City. Each county and each of the Legislative Districts of the City of Baltimore is entitled to one Senator. The number of Delegates for each county and each Legislative District varies from two to thirteen. The membership of the House of Delegates had been frozen since 1950 at the then current number, but by the terms of a statute passed in 1962 the membership was reapportioned. For the term of office ending in 1966, a temporary membership of 142 is provided, and thereafter, the membership returns to 123, guaranteeing a minimum of two members from each county and each Legislative District and apportioning the remainder of the members up to 123 on the basis of population. This statutory membership would by its terms be superseded by Constitutional apportionment (Code 1957, 1965 Supp., Art. 40).

Every Senator or Delegate must be a citizen of the State and a resident of it for at least three years preceding the date of his election; and the last year thereof, he must have resided in the county or the Legislative District of Baltimore City which he represents. A Senator must be at least twenty-five years of age at the time of his election, and a Delegate at least twenty-one. No member of Congress or any person holding a civil or military office under the United States Government nor any clergyman or minister is eligible for election to the General Assembly (III, 9, 10, 11). The term of each Senator and Delegate shall be for four years from the date of his election (XVII). The Governor is required to appoint to any vacancy that occurs

in either House through death, resignation, or disqualification, a person whose name is submitted to him in writing by the State Central Committee of the County or Legislative District which the person holding the vacated seat represented and of the party to which he belonged. The person so appointed must be affiliated with that party. All persons so appointed serve for the unexpired portion of the term (III, 13, amended November 1936). Each House elects its own officers, is judge of its own members, and establishes rules for the conduct of its business.

The General Assembly meets annually. Sessions begin the third Wednesday in January and are limited to seventy calendar days. The Governor may call special sessions at any time he deems it necessary (III, 14, amended), but no single special session may last longer than thirty days.

The General Assembly must pass at each regular session a budget bill which contains the budget for the State government for the next fiscal year. Upon the passage of the bill by both Houses, it becomes law without further action (III, 52).

The General Assembly has power to pass such laws as are necessary for the welfare of the State, and, in addition, it has the power to pass public local laws for counties and special taxing areas. The Home Rule Amendment of 1954 (XI-E) almost entirely prohibits the General Assembly from passing local legislation for incorporated cities and towns, although the Assembly retains its power to pass a general state-wide law that affects them. The General Assembly may establish such departments of the State government as are necessary for its efficient operation and may establish special taxing districts or areas within the State for the purpose of administering a special function or functions. The General Assembly may establish such taxes as are in accordance with the Constitution of the State and of the United States. It may propose amendments to the State Constitution, which must be embodied in a regular legislative bill and passed by three-fifths of the total membership of each House. All amendments to the Constitution must be submitted to the voters at the next general election after passage.

All bills passed by the General Assembly become law when signed by the Governor, or passed over his veto by three-fifths of the membership of each House, on the first day of June after the session in which the law was passed; except (1) when a later date is specified in the Act or (2) when the bill is declared an emergency measure and passed by three-fifths of the total number of members of each House, in which case the bill becomes law immediately upon its approval by the Governor.

The General Assembly may add a referendum provision to any local bill but may not submit a state-wide bill to referendum (with the exception of a Soldiers' Bonus Bill). Any state-wide bill, except an appropriation bill, and any local bill which concerns a county or Baltimore City may be submitted to a referendum by petition. No bill subject to a referendum shall be enforceable until approved by a majority of the voters at the election in which the referred bill is voted upon, except an emergency bill, which shall be effective immediately and shall remain effective thirty days following its rejection by the voters (XVI).

The House of Delegates has sole power of impeachment of any officer of the State. A majority of the whole number of members of the House must approve any bill of impeachment. The Senate tries all impeachment cases, and two-thirds of the total number of Senators must concur in a verdict of guilty (III, 26).

Both Houses elect the State Treasurer by a joint ballot. The General Assembly also elects the Governor if the popular election has resulted in a tie or the winning candidate is ineligible; and, should the office become vacant while the General Assembly is in session, then it shall elect a successor; otherwise, the President of the Senate succeeds to the office until the next regular session.

DEPARTMENT OF LEGISLATIVE REFERENCE

Carl N. Everstine, Director

311 City Hall, Baltimore 21202 Telephone: 752-2000

The Department of Legislative Reference was originally created by Chapter 565, Acts of 1906, to serve the City of Baltimore; the scope of the Department was enlarged to serve the State as well by Chapter 474, Acts of 1916. By Chapter 453, Acts of 1965, the Department was transferred to the Legislative Department. The Department collects, compiles, and indexes information on all questions of proposed legislation. It investigates and reports on the laws of Maryland and other states at the request of the Governor, any committee or member of the General Assembly, or any State agency. At the request of a member of the General Assembly, the Department prepares or aids in the drafting of any law or resolution. During sessions of the General Assembly, the Department maintains offices in the State House at Annapolis. Each department of the State government must transmit to the Department of Legislative Reference at least two copies of each of its reports, which are used for exchange and reference purposes. The Department keeps a complete index and a complete file on all bills introduced in the General Assembly from 1908 to the present. It also keeps copies of the codes and laws of other states, and it maintains a library of books, pamphlets, reports, periodicals, and clippings on matters of current public and political interest. The Department also has supervision of the Archives of Baltimore (Code 1957, Art. 41, secs. 140-44).

One of the unique pieces enacted at this session was to provide for the acquisition by the State of a portion of Carvel Hall Hotel.

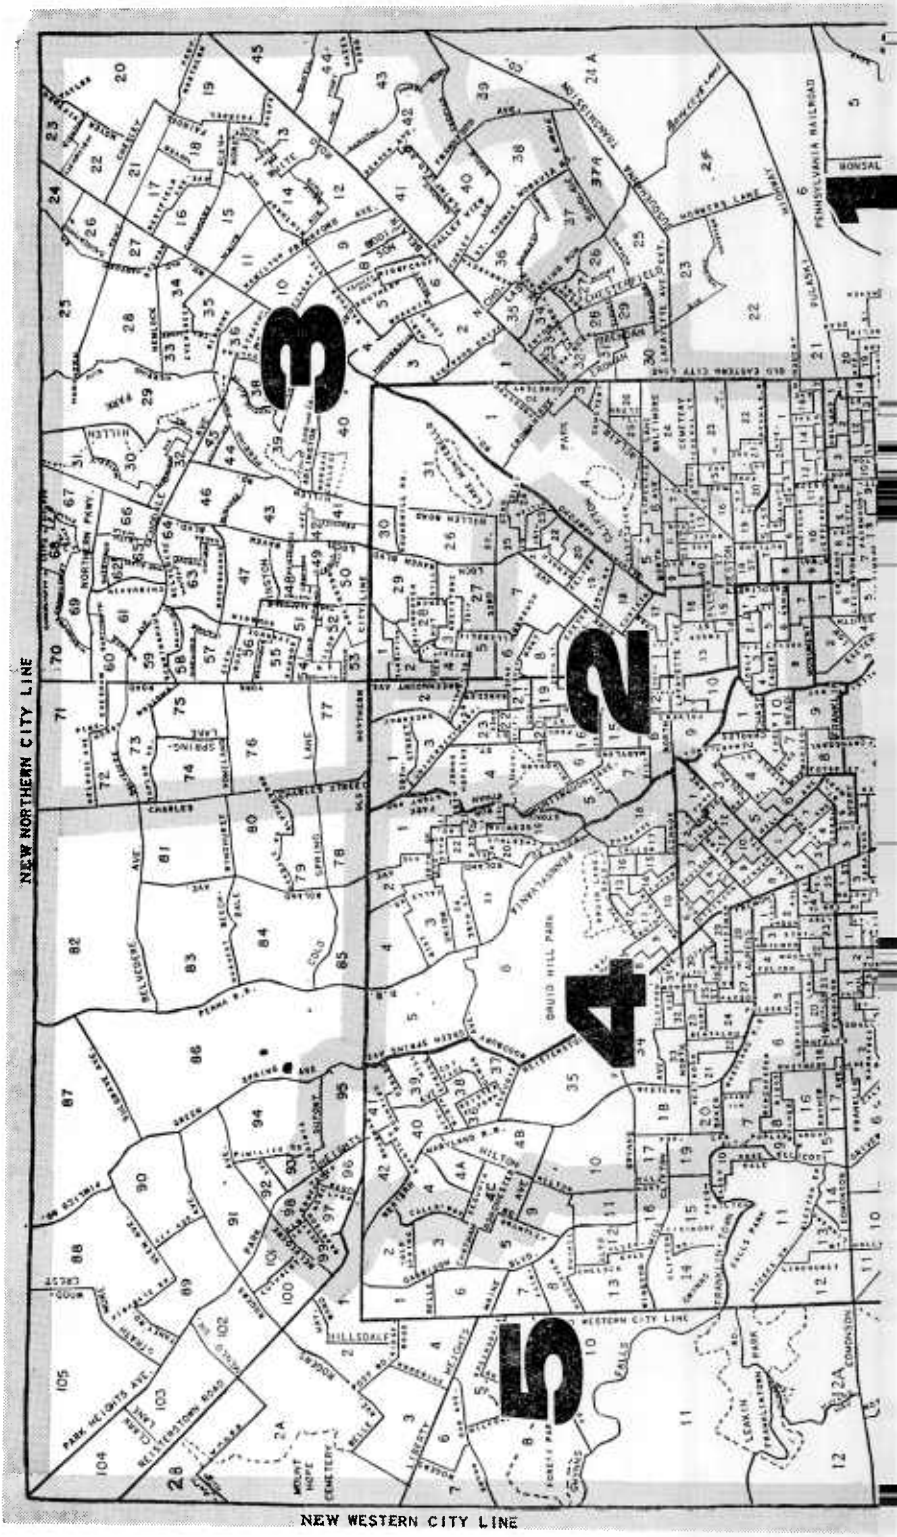

Among other important pieces of legislation was that to enact the Uniform Arbitration Act and the Estate Tax Apportionment Act. Also, the Uniform Principal and Income Act and Uniform Reciprocal Enforcement of Support Act were both revised.

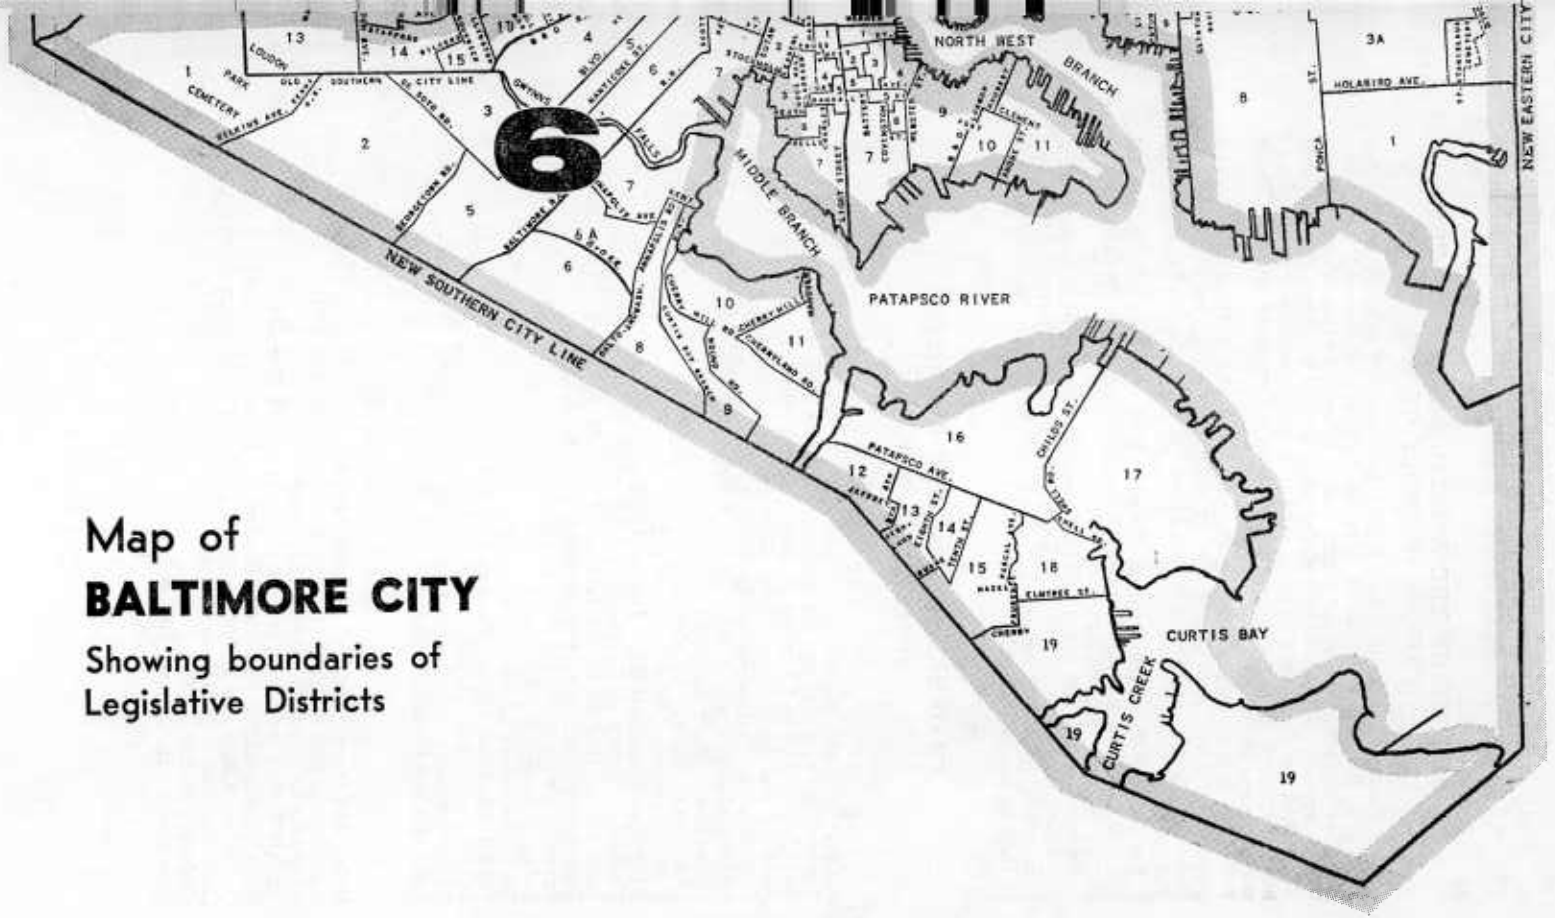

The budget bill passed at this session for the fiscal year ending June 30, 1966, was for a total of $765,607,618. The bond construction bill enacted at the 1965 session provided for issuing bonds in a total amount of $31,125,000.

Included among other important enactments were the law granting taxing powers to Baltimore City and some of its surrounding counties, the imposition of a franchise tax upon savings banks, the general amendments to the Boat Act, the providing of urban renewal powers for a number of the State's municipal corporations, the repeal of obsolete Speedy Judgment Acts for several counties, the provision of bond funds for community colleges, the revision of the several Congressional Districts, the amendment of the Uniform Post Conviction Procedure Act, the revision of the laws concerning distress for rent, the general amendment to the laws concerning economic development in the counties, the enactment of legislation for an Industrial Development Financing Authority, the revision of the Corrupt Practices Act, the law increasing the legal age of female minors for certain purposes, the revision of the assigned risk plan for motor vehicle insurance, the testing of children for mental retardation, the enactment of a minimum wage law, the "open spaces" or "open areas" legislation, the bills providing scenic easements and development rights, and the law against discrimination in employment.

A HISTORY OF THE SPECIAL SESSION OF THE GENERAL ASSEMBLY OF 1965

The General Assembly was called into special session on October 11, 1965, for the purpose of reapportioning the General Assembly. The Legislature was under court order to reapportion the Senate.

The special session continued for nine actual working days, and it adjourned on October 21, 1965. About a dozen bills were introduced on the subject of reapportionment, but only two were enacted. These were Senate Bill 5 and Senate Bill 8.

Senate Bill 5, which became Chapter 2 of the Acts of the Special Session of 1965, provided for a 43-member Senate. In a number of instances, some counties are combined in order to make senatorial districts.

Senate Bill 8, which became Chapter 3 of the Acts of the Special Session of 1965, provided for a 53-member Senate with each county having at least one Senator.

Chapter 3 of the Acts of the Special Session also contained a provision that if it is ruled valid by the Courts, Chapter 2 will not take effect. On the other hand, if Chapter 3 is ruled invalid, Chapter 2 is then to become effective.

The Court of Appeals is the highest tribunal of the State of Maryland. It was created by the Constitution of 1776. From 1777 to 1805 the Court sat in Annapolis, on the Western Shore. Between 1805 and 1851 it sat at Easton on the Eastern Shore, as well. Since 1851 the Court has met only at Annapolis.

By the terms of the reorganization Act of 1960, Ch. 11, the Court is composed of seven judges, five of whom shall sit in each case unless the Court shall direct that an additional judge or judges sit for any case. One judge is to be elected from each of the first five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit, which is Baltimore City. The terms of the Judges are for fifteen years. The Governor designates the Chief Judge.

The Court hears appeals from the decisions of the Circuit Courts for the counties and the several courts of Baltimore and also considers applications for leave to appeal under the Post Conviction Procedure Act (Code 1957, 1965 Supp., Art. 27, sec. 645-I) and the Defective Delinquents Act (Code 1957, Art. 31B, sec. 11). The Court also admits all eligible candidates to the State Bar. The term of the Court begins the second Monday of September in each year.

The Chief Judge of the Court of Appeals is the chief administrative officer of the State's judiciary. The Court of Appeals makes rules for the conduct of its own practice and procedure and that of the various trial courts of the State. The Chief Judge may also assign the Judges of the various Circuits to duties in other Circuits and to the Court of Appeals for any purpose.

The Clerk of the Court of Appeals is appointed by the Court. He maintains the docket, receives the briefs and transcripts of all appeals filed with the Court, and maintains official custody of the decisions of the Court, the Acts of the General Assembly, and of all other records which the law may require to be filed with the Court (Const. 1867, Art. IV, sec. 17).

The State Reporter, also appointed by the Court, is responsible for the publication of the *Maryland Reports*, which contain the official opinions of the Court (Const. 1867, Art. IV, secs. 14-18A).

Officers of Local Government

I Counties

II Baltimore City

I. COUNTIES

The county officials are here divided into two groups: Judicial and Administrative. The administrative officials are listed according to the following functions: executive and legislative; fiscal; election; public safety; health, education, and welfare; planning, building, and inspection; licensing; liquor control; and extension and soil conservation services.

Several counties have begun to outgrow the traditional county offices. Four counties, Montgomery (in 1948), Baltimore (in 1956), and Anne Arundel and Wicomico (in 1964), have adopted charter governments with special departments and officers which perform functions formerly exercised by the Board of County Commissioners. Even in these counties, however, most of the traditional offices remain, and though many of them are not regulated by charter, they work side by side with the new departments. For this reason, we have listed the officers of those four counties, like those of other counties, according to function rather than according to the legal or administrative relationships their charters have created.

Methods of appointment and terms of office of the officials common to most of the counties are explained below. Such information about officers peculiar to any one county is given in footnotes. Unless otherwise indicated, all officers may be addressed at their respective county seats.

II. BALTIMORE CITY

When Baltimore City became a separate governmental entity, divorced from all county connections, it maintained the officers characteristic of Maryland county government at that time with the exception of those in the Executive Branch, who were called Mayor and Council rather than Board of County Commissioners. Since that time the expansion of the City has brought about a high degree of specialization in the executive and administrative agencies so that the present government of Baltimore, with the exception of the traditional county offices and functions, bears little resemblance to the government of most counties. Nevertheless, there seems to be sufficient resemblance between the city charter and the charters of Montgomery and Baltimore counties to justify grouping the city offices in categories similar to those worked out for the charter counties. Information about the methods of appointment and terms of office of the traditional county officers will be found on pp. 397-401. Such information about all other city officials will be found in the footnotes.

INCORPORATED CITIES AND TOWNS

The title of the executive officer is Mayor, except in those towns marked with an asterisk (*), where the title is President of the Town Commission, and in other towns as noted in the list below. The term of the Mayor and the date of election is specified in each town's charter, and differs from town to town. However, the voluntary model for municipal government, contained in the Municipal Corporation's Charter Act of 1955, provides that the Mayor shall be elected in May of every second odd number year. The list below was compiled from information furnished by the Maryland Municipal League.

V. AND WE do by these presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premisses (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs, and Successors; to HAVE, HOLD, POSSESS, and ENJOY the aforesaid Region, Islands, Islets, and other the Premisses, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns, forever. To HOLD of US, our Heirs and Successors, Kings of *England*, as of our Castle of *Windsor*, in our County of *Berks*, in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite*, nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of *Windsor*, every Year, on Tuesday in Easter-week: and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our mose especial Grace, certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plenitude of our royal Power and Prerogative, WE do, for Us, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. AND forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs

and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind, WE repose the greatest Confidance) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full, and absolute Power, by the Tenor of these Presents, to Ordain, Make, and Enact LAWS, of what kind soever, according to their sound Discretions, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall require, by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs, and duly to execute the same upon all Persons, for the Time being, within the aforesaid PROVINCE, and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outward-bound, either to *England*, or elsewhere, whether to any other Part of Our, or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents, and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE, or his Heirs, shall seem most fitting: And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; and to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceeding, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætorian Judicatories, and Tribunals, in all Actions, Suits, Causes, and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætorian: Which said Laws, so to be published as above said, WE will, en-

join, charge, and command, to be most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed. So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be not repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and rights of this Our Kingdom of *England*.

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen, to which it will be necessary to apply a Remedy, before the Freeholders of the said PROVINCE, their Delegates, or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately, on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the said now Baron of BALTIMORE, and to his Heirs, that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesom Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publickly to notify the same to all Persons whom the same in anywise do or may affect. Which Ordinances WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Rights of our Kingdom of *England*: and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life, Freehold, Goods or Chattels.

IX. FURTHERMORE, that the New Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers: WE therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, Licence and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport them-

selves and their Families to the said PROVINCE, with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength, at the Appointment of the aforesaid now Baron of BALTIMORE, and his Heirs, for the Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premisses in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain, and commend, that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland;* and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England;* also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever, within our Kingdom of *England,* and other our Dominions, to inherit, or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England,* freely, quietly, and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England,* without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance, or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and chearful Mind: KNOW YE, that WE, of our especial Grace, certain Knowledge, and mere Motion, do, by the Tenor of these Presents, give and grant, as well to the aforesaid Baron of BALTIMORE, and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and

Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE, without the Impediment or Molestation of US, our Heirs or Successors, or of any officers of US, our Heirs or Successors, (SAVING unto Us, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes) any Statute, Act, Ordinance, or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs, and Successors, do Give by these Presents, as full and unrestrained Power, as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains, or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born, for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also WILL, and by this our CHARTER, do Give unto the aforesaid now Baron of BALTIMORE, and to his Heirs, and Assigns, Power, Liberty, and Authority, that, in Case of Rebellion, sudden Tumult, or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the PROVINCE aforesaid, or upon the High Sea in making a Voyage to the said PROVINCE of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of an Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves

from the Government of him or them, refusing to serve in War, flying over to the Enemy, exceeding their Leave of Absence, Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to, Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, WE, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards and Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into BUROUGHS, and Buroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premisses, which to him or them shall seem fitting and convenient; even although they shall be such as, in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. WE WILL also, and by these Presents do, for US, our Heirs and Successors, give and grant Licence by this our CHARTER, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and to all Persons whatsoever, who are, or shall be Residents and Inhabitants of the PROVINCE aforesaid, freely to import and unlade, by themselves, their Servants, Factors or Assigns, all Wares and Merchandizes whatsoever, which shall be collected out of the Fruits and Commodities of the said PROVINCE, whether the Product of the Land or the Sea, into any the Ports whatsoever of US, our Heirs and Successors, of *England* or *Ireland,* or otherwise to dispose of the same there; and, if Need be, within One Year, to be computed immediately from the Time of unlading thereof, to lade the same Merchandizes again, in the same, or other Ships, and to export the same to any other Countries they shall think proper, whether belonging to US, or any foreign Power which shall be in Amity with US, our Heirs or Successors: Provided always, that they be bound to pay for the same to US, our Heirs and Successors, such Customs and Impositions, Subsidies and Taxes, as our other Subjects of our Kingdom of *England,* for the Time being shall be bound to

pay, beyond which WE WILL that the Inhabitants of the aforesaid PROVINCE of the said Land, called MARYLAND, shall not be burdened.

XVI. AND FURTHERMORE, of our more ample special Grace, and of our certain Knowledge, and mere Motion, WE do, for US, our Heirs and Successors, grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Power and Authority to make, erect, and constitute, within the PROVINCE of MARYLAND, and the islands and Islets aforesaid, such, and so many Sea-Ports, Harbours, Creeks, and other Places of Unlading and Discharge of Goods and Merchandizes out of Ships, Boats, and other Vessels, and of Lading in the same, and in so many, and such places, and with such Rights, Jurisdictions, Liberties, and Privileges, unto such Ports respecting, as to him or them shall seem most expedient: And, that all and every the Ships, Boats, and other Vessels whatsoever, coming to, or going from the PROVINCE aforesaid, for the Sake of Merchandizing, shall be laden and unladen at such Ports only as shall be so erected and constituted by the said now Baron of BALTIMORE, his Heirs and Assigns, any Usage, Custom, or any other Thing whatsoever to the contrary notwithstanding. SAVING always to US, our Heirs and Successors, and to all the Subjects of our Kingdoms of *England* and *Ireland,* of US, our Heirs and Successors, the Liberty of Fishing for Sea-Fish as well in the Sea, Bays, Straits and navigable Rivers, as in the Harbours, Bays, and Creeks of the PROVINCE aforesaid; and the Privilege of Salting and Drying Fish on the Shores of the same PROVINCE; and, for that Cause, to cut down and take Hedging-Wood and Twigs there growing, and to build Huts and Cabbins, necessary in this Behalf, in the same Manner as heretofore they reasonably might, or have used to do. Which Liberties and Privileges, the said Subjects of US, our Heirs and Successors, shall enjoy, without notable Damage or Injury in any wise to be done to the aforesaid now Baron of BALTIMORE, his Heirs or Assigns, or to the Residents and Inhabitants of the same PROVINCE in the Ports, Creeks, and Shores aforesaid, and especially in the Woods and Trees there growing. And if any Person shall do damage or Injury of this kind, he shall incur the Peril and Pain of the heavy Displeasure of US, our Heirs and Successors, and of the due Chastisement of the Laws, besides making Satisfaction.

XVII. MOREOVER, WE will, appoint, and ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs

and Assigns, that the same Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, for ever, shall have, and enjoy the Taxes and Subsidies payable, or arising within the Ports, Harbours, and other Creeks and Places aforesaid, within the PROVINCE aforesaid, for Wares bought and sold, and Things there to be laden, and unladen, to be reasonably assessed by them, and the People there as aforesaid, on emergent Occasion; to Whom WE grant Power by these Presents, for US, our Heirs and Successors, to assess and impose the said taxes and Subsidies there, upon just Cause, and in due Proportion.

XVIII. AND FURTHERMORE, of our special Grace, and certain Knowledge, and mere Motion, WE have given, granted, and confirmed, and by these Presents, for US, our Heirs and Successors, do give, grant, and confirm, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Licence, Power, and Authority, that he, the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, from Time to Time hereafter, for ever, may and can, at his or their Will and Pleasure, assign, alien, grant, demise, or enfeoff so many, such, and proportionate Parts and Parcels of the Premisses, to any Person or Persons willing to purchase the same, as they shall think convenient, to have and to hold to the same Person or Persons willing to take or purchase the same, and his and their Heirs and Assigns, in Fee-Simple, or Fee-tail, or for Term of Life, Lives, or Years; to hold of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, by so many, such, and so great Services, Customs and Rents OF THIS KIND, as to the same now Baron of Baltimore, his Heirs and Assigns, shall seem fit and agreeable, and not immediately of US, our Heirs or Successors. And WE do give, and by these Presents, for US, our Heirs and Successors, do grant to the same Person and Persons, and to each and every of them, Licence, Authority and Power, that such Person and Persons, may take the premisses, or any Parcel thereof, of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and hold the same to them and their Assigns, or their Heirs, of the aforesaid Baron of BALTIMORE, his Heirs and Assigns, of what Estate of Inheritance soever, in Fee-simple or Fee-tail, or otherwise, as to them and the now Baron of BALTIMORE, his Heirs and Assigns, shall seem expedient; the Statute made in the Parliament of Lord EDWARD, son of King HENRY, late King of *England,* our Progenitor, commonly called the "STATUTE QUIA EMPTORES TERRARUM," heretofore published in our Kingdom of *England,* or any other Statute, Act, Ordi-

XXII. AND if, peradventure, hereafter it may happen, that any Doubts or Questions should arise concerning the true Sense and Meaning of any Word, Clause, or Sentence, contained in this our present CHARTER, WE will, charge and command, THAT Interpretation to be applied, always, and in all Things, and in all our Courts and Judicatories whatsoever, to obtain which shall be judged to be the more beneficial, profitable, and favourable to the aforesaid now Baron of BALTIMORE, his Heirs and Assigns: PROVIDED always, that no Interpretation thereof be made, whereby GOD'S holy and true Christian Religion, or the Allegiance due to US, our Heirs and Successors, may in any wise suffer by Change, Prejudice, or Diminution; although express Mention be not made in these Presents of the true yearly Value or Certainty of the Premisses, or any Part thereof, or of other Gifts and Grants made by US, our Heirs and Predecessors, unto the said now Lord BALTIMORE, or any Statute, Act, Ordinance, Provision, Proclamation or Restraint, heretofore had, made, published, ordained or provided, or any other Thing, Cause, or Matter Whatsoever, to the contrary thereof in any wise notwithstanding.

Constitution of Maryland

Constitution of Maryland

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND WAS RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND SIXTY-FOUR[1]

—o—

DECLARATION OF RIGHTS.

We, the People of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their Form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made, or which shall be made, in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are, and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby; anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the people thereof.

[1] Including amendments proposed by the General Assembly of 1965 and adopted by the people in November 1964.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof, as a free, sovereign and independent State.

Art. 5. That the Inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that Law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from, or under the Charter granted by His Majesty Charles the First to Cæcilius Calvert, Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are the Trustees of the Public, and, as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought, to reform the old, or establish a new Government; the doctrine of non-resistence against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

[1]Art. 7. That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose elections ought to be free and frequent; and every white male citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

[1]The words "white" and "male" are now ineffective, under the 15th and 19th Amendments to the Constitution of the United States.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art. 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

Art. 12. That for redress of grievances, and for amending, strengthening and preserving the Laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceable and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated or levied, under any pretense, without the consent of the Legislature.

[1]Art. 15. Each of the said Judges shall hold his office for the term of fifteen years from the time of his election, and until his successor is elected and qualified, or until he shall have attained the age of seventy years, whichever may first happen, and be re-eligible thereto until he shall have attained the age of seventy years, and not after. His successor shall be elected at the first biennial general election for Representatives in Congress after the expiration of the term of fifteen years (if the vacancy occurred in that way) or the first such general election after one year after the occurrence of the vacancy in any other way than through expiration of such term. Except in case of reappointment of a judge upon expiration of his term of fifteen years, no person shall be appointed who will become disqualified by reason of age and thereby unable to continue to hold office until the prescribed time when his successor would have been elected.

One of the Judges of the Court of Appeals shall be designated by the Governor as the Chief Judge. The jurisdiction of the Court of Appeals shall be co-extensive with the limits of the State and such as now is or may hereafter be prescribed by law. absence of the Chief Judge of the Court of Appeals the provisions of this Section shall be applicable to the senior judge present. The powers of the Chief Judge under the aforegoing provisions of this section shall be subject to such rules and regulations, if any, as the Court of Appeals may make. The Court of Appeals from time to time shall make rules and regulations to regulate and revise the practice and procedure in that Court and in the other courts of this State, which shall have the force of law until rescinded, changed or modified by the Court of Appeals or otherwise by law. The power of the courts other than the Court of Appeals to make rules of practice and procedure shall be subject to the rules and regulations prescribed by the Court of Appeals or otherwise by law.

Part III—Circuit Courts.

[1] SEC. 19. The State shall be divided into eight Judicial Circuits, in manner following, viz.: The Counties of Worcester, Wicomico, Somerset, and Dorchester, shall constitute the First Circuit; the Counties of Caroline, Talbot, Queen Anne's, Kent and Cecil, the Second; the Counties of Baltimore and Harford, the Third; the Counties of Allegany, Garrett, and Washington, the Fourth; the Counties of Carroll, Howard and Anne Arundel, the Fifth; the Counties of Montgomery and Frederick, the Sixth; the Counties of Prince George's, Charles, Calvert, and St. Mary's, the Seventh; and Baltimore City, the Eighth.

[2] SEC. 20. A Court shall be held in each County of the State to be styled the Circuit Court for the County, in which it may be held. The said Circuit Courts shall have and exercise, in the respective counties, all the power, authority and jurisdiction, original and appellate, which the present Circuit Courts of this State now have and exercise, or which may hereafter be prescribed by law.

The several judges of the Circuit Court for Montgomery County on and after the Tuesday next after the first Monday in November, nineteen hundred and sixty-six, shall each, alternately and in rotation and on schedules to be established by the said judges, sit as an Orphan's[3] Court for said County, and shall have and exercise all the power, authority and jurisdiction which the present Orphans' Courts now have and exercise, or which may hereafter be prescribed by law.

[2] Thus amended by Chapter 744, Acts of 1963, ratified November 3, 1964.
[3] Thus in the original.

[1] SEC. 21. From and after January 1, 1955, there shall be in the third, fourth, fifth, sixth and seventh circuits at least one judge for each county, who shall be a resident of the county in which he shall hold office, and who shall be elected by the voters thereof, to be styled judges of the Circuit Court, to be elected or appointed as herein provided. The number of judges for any of the circuits or for any of the counties, may be increased or decreased by the General Assembly from time to time, and any vacancy so created shall be filled as provided in Section 5 of this Article except that in the third, fourth, fifth, sixth and seventh judicial circuits there shall never be less than one judge for each county and in all of the circuits there shall never be less than four for each circuit. The senior judge in length of service shall be the chief judge of the circuit; the other judge or judges shall be associate judges. In the first and second judicial circuits no two of said judges of the Circuit Court shall at the time of their election or appointment, or during the term for which they may have been elected or appointed, reside in any one county. In the first and second judicial circuits, in case any candidate or candidates for judge at any election shall receive sufficient votes to cause such candidate or candidates to be declared elected, but the election of such candidate or candidates would cause more judges than herein permitted to reside in any county of the circuit, then and in that event there shall be declared elected only that candidate or those candidates residing in said county, in the order of the votes received, whose election would provide the permitted number of judges from said county, and also the candidate or candidates residing in some other county, and not similarly disqualified, who shall have the next highest number of votes in said election. If, by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of judges duly qualified as to residence shall not be elected at any election, then it shall be the duty of the Governor to order a new election for such unfilled office or offices. From and after December 1, 1954, there shall be not less than two judges resident in Anne Arundel County, and not less than three judges resident in Baltimore County. From and after December 1, 1960, there shall be not less than four judges resident in Prince George's County. From and after December 1, 1960, there shall be not less than five judges resident in Montgomery County.

Notwithstanding any other provision of this Article the vacancy in Montgomery County created by the adoption of

this amendment shall not be filled by appointment as provided in Section 5 of this Article, but at the first biennial general election for Representatives in Congress, after the adoption of this amendment a judge shall be elected by the qualified voters of Montgomery County to fill such vacancy in such county. Any other vacancy in the office of Judge of the Circuit Court for Montgomery County and any vacancy in the second judicial circuit shall be filled as provided in Sections 3 and 5 of this Article, except that the person initially appointed to fill the vacancy in the second judicial circuit shall be a resident of Kent County.

The said judges shall hold such terms of the Circuit Court in each of the counties composing their respective circuits, at such times as are now prescribed or may hereafter be prescribed by rules or regulations by the Court of Appeals or otherwise by law. One judge in each of the first seven circuits shall constitute a quorum for the transaction of any business; and the said judges, or any of them, may hold special terms of their Courts, when in their discretion, the business of the several counties renders such terms necessary.

All provisions of the Constitution of Maryland and all Acts of the General Assembly relating to the Court of Appeals or any other courts, and all rules heretofore adopted by the Court of Appeals, not inconsistent with the provisions of the sections amended or added by this amendment, shall remain in full force and effect unless and until amended or repealed by proper authority. All salaries now prescribed by law for associate judges of the Circuit Courts shall continue to apply to all judges (including chief judges) of the Circuit Court. No member of the General Assembly at which either of these amendments was proposed, or at which the number or salary of judges for any of the eight circuits or for any of the counties may be or may have been increased or decreased by the General Assembly from time to time, if otherwise qualified, shall be ineligible for appointment or election as judge of the Court of Appeals or any other court by reason of his membership in such General Assembly.

In the event and to the extent of any inconsistency between the provisions of any section amended or added by these amendments and any of the other provisions of this Constitution or the provisions of any existing law, the provisions of the sections amended or added shall prevail, and such other provisions shall be repealed or abrogated to the extent of such inconsistency, except Section 35A of Article

III of this Constitution; provided, however, that in the event of any inconsistency between the provisions of the sections thus amended or added and any of the other provisions of the sections thus amended or added and any of the other provisions of this Constitution as amended by any other amendments which may be adopted at the same time or times as these amendments, i.e. at the election held in November, 1944, or at the election held in November, 1954, or at the election held in November, 1960, the changes made by these amendments and all such other amendments to this Constitution shall all be given effect.

The right of having questions reserved shall not, however, apply to trials of Appeals from judgments of Justices of the Peace, nor to criminal cases below the grade of felony, except when the punishment is confinement in the Penitentiary; and this Section shall be subject to such provisions as may hereafter be made by Law.

After the expiration of said original terms, the terms of office of said Court shall be for eight years from the expiration of the preceding term, and shall be filled as follows:

(1) Any incumbent Judge of said Court shall be eligible, at the Congressional election immediately preceding the expiration of his period of appointment or term, for election or re-election to succeed himself (a) for a full term of eight years, except as provided in (b) hereof; or (b) for the unexpired remainder of the current eight year term, if his appointment will expire before the end of such term. (3) In order to qualify for election or re-election all candidates shall file with the Supervisors of Elections of Baltimore City not later than thirty days before the date of the applicable election a certificate of candidacy in a form to be supplied by the Supervisors.

Unless his office shall have been abolished pursuant to this section, each Judge of said Court shall continue to hold office after the expiration of his period of appointment or term until a successor shall qualify. As used in this section, "Congressional election" means any of the biennial elections at which members of the House of Representatives are regularly chosen.

Said Court shall have such jurisdiction (which may be made exclusive as to any class or classes of civil cases in Baltimore City), with such right of appeal, therefrom, and

the Chief Judge and Associate Judges thereof shall have such powers and duties, as the General Assembly shall prescribe from time to time by law. The Judges of said Court shall have full power to regulate by rules the administration, procedure and practice of said Court; such rules shall have the force of law until rescinded or modified by said Judges or the General Assembly. Such Chief Constable and all of such other constables and all such clerks shall receive from the Mayor and City Council of Baltimore City such compensation as said Mayor and City Council shall

prescribe. Such constables and clerks shall perform such duties as may now or hereafter be prescribed by law or rule of Court.

After adoption of this section no constable shall be appointed by the Mayor and City Council of Baltimore City pursuant to Section 42 or Section 43 of this Article IV, but constables in office upon the adoption of this section shall hold office for the remainder of their terms, and the constables first appointed under this section shall take office at the expiration of such terms.

Said Court shall not be a Court of Record.

(d) There shall be a Chief Clerk of said Court who shall be appointed by said Court and who shall perform such duties as may be prescribed from time to time by said Court

Nominations for members for said charter board may be made not less than forty days prior to said election by the Mayor of Baltimore and City Council of the City of Baltimore or the County Commissioners of such County, or not less than twenty days prior to said election by petition bearing the signatures written in their own handwriting (and not by their mark) of not less than 5% of the registered voters of the said City of Baltimore or said County; provided, that in any case two thousand signatures of registered voters shall be sufficient to complete any such nominating petition, and if not more than eleven registered voters of the City of Baltimore or not more than five registered voters in any such County are so nominated their names shall not be printed on the ballot, but said eleven registered voters in the City of Baltimore or five in such County shall constitute said charter board from and after the date of said election. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five nominees in the County receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within twelve months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in the City of Baltimore or County within thirty days after it shall be reported to him. Such charter shall

be submitted to the voters of said City or County at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption, the said charter from and after the thirtieth day from the date of such election shall become the law of said City or County, subject only to the Constitution and Public General Laws of this State, and any public local laws inconsistent with the provisions of said charter and any former charter of the City of Baltimore or County shall be thereby repealed.

SEC. 2. The General Assembly at its first session after the adoption of this amendment shall by public general law provide a grant of express powers for such County or Counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the Counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

[1]SEC. 3. Every charter so formed shall provide for an elective legislative body in which shall be vested the law-making power of said City or County. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any County shall be known as the County Council of the county. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in any County as the President of the County Council of the County, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore or to the County Commissioners of the Counties, shall be construed to refer to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Council herein provided for whenever such construction would be reasonable. From and after the adoption of a charter by the City of Baltimore, or any County of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Balti-

Provided, however, that the charters for the various Counties shall specify the number of days, not to exceed forty-five, which may but need not be consecutive, that the County Council of the Counties may sit in each year for the purpose of enacting legislation for such Counties, and all legislation shall be enacted at the times so designated for that purpose in the charter, and all laws and ordinances so enacted shall be published once a week for three successive weeks in at least one newspaper published in such Counties, so that the taxpayers and citizens may have notice thereof. This provision shall not apply to Baltimore City. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the Counties as hereinbefore provided, shall be subject to the same rules of interpretation as those now applicable to the Public Local Laws of this State, except that in case of any conflict between said local law and any Public General Law now or hereafter enacted the Public General Law shall control.

SEC. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any County of this State, no public local law shall be enacted by the General Assembly for said City or County on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the Counties of this State.

SEC. 5. Amendments to any charter adopted by the City of Baltimore or by any County of this State under the provisions of this Article may be proposed by a resolution of

the Mayor of Baltimore and the City Council of said the City of Baltimore, or the Council of said County, or by a petition signed by not less than 20% of the registered voters of said City or County, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be submitted to the voters of said City or County at the next general or congressional election occurring after the passage of said resolution, or the filing of said petition; and if at said election the majority of the votes cast for and against said amendments shall be in favor thereof, said amendment shall be adopted and becomes a part of the charter of said City or County from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said City or County.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6 inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each County and the voters of City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said Counties or City as this Article sets forth.

SEC. 7. The word "Petition" as used in this Article, means one or more sheets written or printed, or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. ARTICLE XI-E[1]

SECTION 1. Except as provided elsewhere in this Article, the General Assembly shall not pass any law relating to the incorporation, organization, government, or affairs of those municipal corporations which are not authorized by Article 11-A of the Constitution to have a charter form of government which will be special or local in its terms or in its effect, but the General Assembly shall act in relation to the incorporation, organization, government, or affairs of any such municipal corporation only by general laws which shall in their terms and in their effect apply alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. It shall be the duty of the General Assembly to provide by law the method by which new municipal corporations shall be formed.

SEC. 2. The General Assembly, by law, shall classify all such municipal corporations by grouping them into not more than four classes based on populations as determined by the most recent census made under the authority of the United States or the State of Maryland. No more than one such grouping of municipal corporations into four (or

[1] Added by Chapter 53, Acts of 1954, ratified November 2, 1954.

fewer) classes shall be in effect at any time, and the enactment of any such grouping of municipal corporations into four (or fewer) classes shall repeal any such grouping of municipal corporations into four (or fewer) classes then in effect. Municipal corporations shall be classified only as provided in this section and not otherwise.

SEC. 3. Any such municipal corporation, now existing or hereafter created, shall have the power and authority, (a) to amend or repeal an existing charter or local laws relating to the incorporation, organization, government, or affairs of said municipal corporation heretofore enacted by the General Assembly of Maryland, and (b) to adopt a new charter, and to amend or repeal any charter adopted under the provisions of this Article.

SEC. 4. The adoption of a new charter, the amendment of any charter or local laws, or the repeal of any part of a charter or local laws shall be proposed either by a resolution of the legislative body of any such municipal corporation or by a petition containing the signatures of at least five per cent of the registered voters of a municipal corporation and filed with the legislative body of said municipal corporation. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article.

SEC. 5. Notwithstanding any other provision in this Article, the General Assembly may enact, amend, or repeal local laws placing a maximum limit on the rate at which property taxes may be imposed by any such municipal corporation and regulating the maximum amount of debt which may be incurred by any municipal corporation. However, no such local law shall become effective in regard to a municipal corporation until and unless it shall have been approved at a regular or special municipal election by a majority of the voters of that municipal corporation voting on the question. No such municipal corporation shall levy any type of tax, license fee, franchise tax or fee which was not in effect in such municipal corporation on January 1, 1954, unless it shall receive the express authorization of the General Assembly for such purpose, by a general law which in its terms and its effect applies alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. All charter provisions enacted under the authority of Section 3 of this Article shall be subject to any local laws enacted by the General Assembly and approved by the municipal voters under the provisions of this section.

SEC. 6. All charter provisions, or amendments thereto, adopted under the provisions of this Article, shall be subject to all applicable laws enacted by the General Assembly; except that any local laws, or amendments thereto, relating to the incorporation, organization, government, or affairs of any municipal corporation and enacted before this Article becomes effective, shall be subject to any charter provisions, or amendments thereto, adopted under the provisions of this Article. Any local law, or amendments thereto, relating to the incorporation, organization, government, or affairs of any municipal corporation and in effect at the time this Article becomes effective, shall be subject to any applicable State law enacted after this Article becomes effective. All laws enacted by the General Assembly and in effect at the time this Article becomes effective, shall remain in effect until amended or repealed in accordance with the provisions of this Constitution. Nothing in this Article shall be construed to authorize any municipal corporation by any amendment or addition to its charter, to permit any act which is prohibited by the laws of this State concerning the observance of the Sabbath Day or the manufacture, licensing or sale of alcoholic beverages.

ARTICLE XI-F.[1]

HOME RULE FOR CODE COUNTIES.

SECTION 1. For the purposes of this Article, (1) "code county" means a county which is not a charter county under Article 11A of this Constitution and has adopted the optional powers of home rule provided under this Article; and (2) "public local law" means a law applicable to the incorporation, organization, or government of a code county and contained in the county's code of public local laws; but this latter term specifically does not include (i) the charters of municipal corporations under Article 11E of this Constitution, (ii) the laws or charters of counties under Article 11A of this Constitution, (iii) laws, whether or not Statewide in application, in the code of public general laws, (iv) laws which apply to more than one county, and (v) ordinances and resolutions of the county government enacted under public local laws.

SEC. 2. The governing body of any county, by a vote of at least two-thirds of the members elected thereto, may

[1] Added by Chapter 493, Acts of 1965, to be voted upon at the next general election in November, 1966.

propose by resolution that the county become a code county and be governed by the provisions of this Article. Upon the adoption of such a resolution, it shall be certified to the Board of Supervisors of Elections in the county, which Board (pursuant to the election laws of the State) shall submit to the voters of the county at the next ensuing general election the question whether the resolution shall be approved or rejected. If in the referendum a majority of those persons voting on this question vote for the resolution, the resolution is approved, and the county shall become a code county under the provisions of this Article, on the thirtieth day after the election. If in the referendum a majority of those persons voting on this question vote against the resolution, the resolution is rejected, and of no further effect.

Provided that if at the next ensuing general election there shall be submitted to the voters of the county a proposed charter under Article 11A of this Constitution, the proposed charter only shall be submitted to the voters at that next ensuing general election. If the proposed charter is adopted by the voters, this particular resolution to become a code county shall not be submitted to the voters and shall have no further effect. If the proposed charter is rejected by the voters, the code question under this Article shall be submitted to the voters at the general election two years later, and no charter question under Article 11A shall be submitted to the voters at that general election.

SEC. 3. Except as otherwise provided in this Article, a code county may enact, amend, or repeal a public local law of that county, following the procedure in this Article.

SEC. 4. Except as otherwise provided in this Article, the General Assembly shall not enact, amend, or repeal a public local law which is special or local in its terms or effect within a code county. The General Assembly may enact, amend, or repeal public local laws applicable to code counties only by general enactments which in term and effect apply alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

SEC. 5. The General Assembly, by law, shall classify all code counties by grouping them into not more than four classes based either upon population as determined in the most recent Federal or State census or upon such other criteria as determined by the General Assembly to be appropriate. Not more than one such grouping of code counties into four (or fewer) classes may be in effect at any one

time, and the enactment of any grouping of code counties into four (or fewer) classes repeals any other such grouping then in effect. Code counties may be classified only as provided in this section.

SEC. 6. A code county may enact, amend, or repeal a public local law of that county by a resolution of the board of county commissioners. The General Assembly may amplify the provisions of this section by general law in any manner not inconsistent with this Article.

SEC. 7. Any action of a code county in the enactment, amendment, or repeal of a public local law is subject to a referendum of the voters in the county, as in this section provided. The enactment, amendment, or repeal shall be effective unless a petition of the registered voters of the county requires that it be submitted to a referendum of the voters in the county. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article, except that in any event the number of signatures required on such a petition shall not be fewer than five percentum (5%) of the voters in a county registered for county and State elections.

SEC. 8. Notwithstanding any other provisions of this Article, the General Assembly has exclusive power to enact, amend, or repeal any local law for a code county which (1) authorizes or places a maximum limit upon the rate of property taxes which may be imposed by the code county; or (2) authorizes or regulates the maximum amount of indebtedness which may be incurred by the code county. Public local laws enacted by the General Assembly under this section prevail over any public local laws enacted by the code county under other sections in this Article.

SEC. 9. A code county shall not levy any type of tax, license fee, franchise tax, or fee which was not in effect or authorized in the code county at the time it came under the provisions of this Article, until an express authorization of the General Assembly has been enacted for this purpose by a general law which in its terms and effect applies alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

SEC. 10. All laws enacted by the General Assembly and in effect when this Article was added to the Constitution shall remain in effect until amended or repealed under this Constitution. Every public local law enacted, amended, or repealed by a county under the provisions of this Article

prevails over the previous public local law, except to the extent it is subject to an applicable law enacted by the General Assembly.

And the Inhabitants thereof shall thenceforth have and enjoy all such rights and privileges as are held and enjoyed by the Inhabitants of the other Counties of this State.

SEC. 3. When said new County shall have been so created, the Inhabitants thereof shall cease to have any claim to, or interest in the county buildings, and other public property of every description, belonging to said Counties of Somerset and Worcester, respectively, and shall be liable for their proportionate shares of the then existing debts and obligations of the said Counties, according to the last assessment in said Counties, to be ascertained and apportioned by the Circuit Court of Somerset county, as to the debts and obligations of said County, and by the Circuit Court of Worcester County, as to the debts and obligations of Worcester County, on the petition of the County Commissioners of the said Counties, respectively; and the property in each part of the said Counties, included in said new County, shall be bound only for the share of the debts and obligations of the county from which it shall be separated; and the Inhabitants of said new County shall also pay the County taxes levied upon them at the time of the creation of such new County, as if such new County had not been created; and on the application of twelve citizens of the proposed county of Wicomico, the Surveyor of Worcester County shall run and locate the line from Meadow Bridge to the Pocomoke River, previous to the adoption, or rejection of this Constitution, and at the expense of said petitioners.

ARTICLE XVI.[1]

THE REFERENDUM.

SECTION 1. (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor;

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

SEC. 2. No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contain a Section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety, and passed upon a yea and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly; provided, however, that said period of suspension may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon; provided, however, that no measure creating or abolishing any office, or changing the salary, term or duty of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation for maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this Section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or

any part thereof specified in the petition, may be referred to a vote of the people upon petition.

SEC. 3. [1](a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by three per centum of the qualified voters of the State of Maryland, calculated upon the whole number of votes cast therein for Governor at the last preceding Gubernatorial election, of whom not more than half shall be residents of Baltimore City, or of any one County; provided that any Public Local Law for any one County or the City of Baltimore, shall be referred by the Secretary of State only to the people of said County or City of Baltimore, upon a referendum petition of ten per cent. of the qualified voters of said County or City of Baltimore, as the case may be, calculated upon the whole number of votes cast therein respectively for Governor at the last preceding Gubernatorial election.

(b) If more than one-half, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with Secretary of State before the first day of June, the time for the law to take effect, and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

SEC. 4. A petition may consist of several papers, but each paper shall contain the full text of the Act or part of Act petitioned upon; and there shall be attached to each such paper an affidavit of the person procuring the signatures thereon that of the said person's own personal knowledge every signature thereon is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or County, as the case may be, as set opposite their names, and no other verification shall be required.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hun-

dred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the referred law" and "Against the referred law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall by his proclamation declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any County or of the City of Baltimore.

SEC. 6. No law or Constitutional Amendment, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under any Act of the provisions of this Article.

QUADRENNIAL ELECTIONS.

SECTION 1. All State officers elected by qualified voters (except judges of the Circuit Courts of the several circuits, the member of the Court of Appeals from Baltimore City, and members of the Supreme Bench of Baltimore City), and all county officers elected by qualified voters, shall hold office for terms of four years, and until their successors shall qualify.

SEC. 8. The terms of the members of the Board of Supervisors of elections of Baltimore City and of the several counties shall commence on the first Monday of June next ensuing their appointment.

[2]SEC. 9. Vacant.

[2]SEC. 10. Vacant.

SEC. 11. The purpose of this Article is to reduce the number of elections, by providing that all State and county elections shall be held only in every fourth year, and at the time now provided by law for holding congressional elections; and to bring the terms of appointive officers into harmony with the changes effected in the time of the beginning of the terms of elective officers; and the administrative and judicial officers of the State shall construe the provisions of this Article so as to effectuate that purpose. For the purpose of this Article only the word "officers" shall be construed to include those holding positions and other places of employment in the State and county governments whose terms are fixed by law, but it shall not include any appointments made by the Board of Public Works, nor appointments by the Governor for terms of three years.

[3]SEC. 12. Vacant.

SEC. 13. In the event of any inconsistency between the provisions of this Article and any of the other provisions of the Constitution, the provisions of this Article shall prevail, and all other provisions shall be repealed or abrogated to the extent of such inconsistency.

PROPOSED AMENDMENTS TO THE CONSTITUTION OF MARYLAND

Acts of 1965 to be submitted to the voters for ratification or rejection at the General Election to be held in November 1966.

CHAPTER 7
(Senate Bill 39)

AN ACT to propose an amendment to Section 3 of Article VI of the Constitution of Maryland, title "Treasury Department," to permit bonds, certificates, or other evidences of the debt of the State to be signed by a Deputy Treasurer and countersigned by a Deputy Comptroller and providing for the submission of this amendment to the legally qualified voters of the State for adoption or rejection.

SECTION 1. *Be it enacted by the General Assembly of Maryland,* (three-fifths of all the members of each of the two Houses concurring), That the following section be and it is hereby proposed as an amendment to Section 3 of Article VI of the Constitution of Maryland, title "Treasury Department," the same, if adopted by the legal and qualified voters of the State, as herein provided, to become a part of the Constitution of Maryland and to read as follows:

3.

The Treasurer shall receive the moneys of the State, and, until otherwise prescribed by law, deposit them, as soon as received, to the credit of the State, in such bank or banks as he may, from time to time, with the approval of the Governor, select (the said bank or banks giving security, satisfactory to the Governor, for the safekeeping and forthcoming, when required of said deposits), and he or such of his deputies as may be authorized to do so by the Legislature shall disburse the same for the purposes of the State according to law, upon warrants drawn by the Comptroller, or his duly authorized deputy, and on checks countersigned by the Comptroller, or his duly authorized deputy, and not otherwise. The Treasurer or such of his deputies as may be authorized to do so by the Legislature shall take receipts for all moneys paid from the Treasury Department; and receipt for moneys received by him shall be endorsed upon warrants signed, by the Comptroller, or such deputy as may be authorized to do so by law, without which warrants, so signed, no acknowledgment of money received into the

Treasury shall be valid; and upon warrants issued by the Comptroller, or his duly authorized deputy, the Treasurer shall make arrangements for the payment of the interest of the public debt, and for the purchase thereof, on account of the sinking fund. Every bond, certificate, or other evidence of the debt of the State shall be signed by the Treasurer [or], Chief Deputy Treasurer, *or a Deputy Treasurer,* and countersigned by the Comptroller [or], Chief Deputy Comptroller [;], *or a Deputy Comptroller;* and no new certificate or other evidence intended to replace another shall be issued until the old one shall be delivered to the Treasurer, and authority executed in due form for the transfer of the same filed in his office, and the transfer accordingly made on the books thereof, and the certificate or other evidence cancelled; but the Legislature may make provisions for the loss of certificates, or other evidences of the debt; and may prescribe, by law, the manner in which the Treasurer shall receive and keep the moneys of the State.

SEC. 2. *And be it further enacted,* That the aforegoing section hereby proposed as an amendment to the Constitution of Maryland shall be, at the next general election, to be held in this State in the year 1966, submitted to the legal and qualified voters thereof for their adoption or rejection in pursuance of directions contained in Article 14 of the Constitution of this State, and at the said general election, the vote on the said proposed amendment to the Constitution shall be by ballot, and upon each ballot there shall be printed the words "For the Constitutional Amendment" and "Against the Constitutional Amendment" as now prescribed by law, and immediately after said election, due returns shall be made to the Governor of the vote for and against said proposed amendment, as directed by said Article 14 of the Constitution and further proceedings had in accordance with said Article 14.

Approved February 18, 1965.

CHAPTER 493
(Senate Bill 10)

AN ACT to propose an amendment to the Constitution of Maryland by the addition of a new Article 11F thereto, title "Home Rule for Code Counties," to follow immediately after Article 11E, providing an optional system of home rule powers for certain counties in this State; establishing the procedure for becoming a code county; defining the powers of these counties and of the General Assembly for enacting, amending, or repealing certain

public local laws; relating generally to powers of home rule for the counties here defined as "code counties"; and submitting this amendment to the qualified voters of the State for adoption or rejection.

SECTION 1. *Be it enacted by the General Assembly of* Maryland, (three-fifths of all the members elected to each of the two Houses concurring), That Article 11F be and it is hereby proposed as an amendment to the Constitution of Maryland, title "Home Rule for Code Counties," to follow immediately after Article 11E thereof, the same if adopted by the legal and qualified voters of the State as herein provided to become a part of the Constitution of Maryland.

Article 11F

Home Rule for Code Counties

Section 1. For the purposes of this Article, (1) "code county" means a county which is not a charter county under Article 11A of this Constitution and has adopted the optional powers of home rule provided under this Article; and (2) "public local law" means a law applicable to the incorporation, organization, or government of a code county and contained in the county's code of public local laws; but this latter term specifically does not include (i) the charters of municipal corporations under Article 11E of this Constitution, (ii) the laws or charters of counties under Article 11A of this Constitution, (iii) laws, whether or not Statewide in application, in the code of public general laws, (iv) laws which apply to more than one county, and (v) ordinances and resolutions of the county government enacted under public local laws.

Section 2. The governing body of any county, BY A VOTE OF AT LEAST TWO-THIRDS OF THE MEMBERS ELECTED THERETO, *may propose by resolution that the county become a code county and be governed by the provisions of this Article. Upon the adoption of such a resolution, it shall be certified to the Board of Supervisors of Elections in the county, which Board (pursuant to the election laws of the State) shall submit to the voters of the county at the next ensuing general election the question whether the resolution shall be approved or rejected. If in the referendum a majority of those persons voting on this question vote for the resolution, the resolution is approved, and the county shall become a code county under the provisions of this Article, on the thirtieth day after the election. If in the referendum a majority of those persons voting on this ques-*

tion vote against the resolution, the resolution is rejected, and of no further effect.

PROVIDED THAT IF AT THE NEXT ENSUING GENERAL ELECTION THERE ~~ALREADY IS SCHEDULED TO~~ SHALL BE SUBMITTED TO THE VOTERS OF THE COUNTY A PROPOSED CHARTER UNDER ARTICLE 11A OF THIS CONSTITUTION, THE PROPOSED CHARTER ONLY SHALL BE SUBMITTED TO THE VOTERS AT THAT NEXT ENSUING GENERAL ELECTION. IF THE PROPOSED CHARTER IS ADOPTED BY THE VOTERS, THIS PARTICULAR RESOLUTION TO BECOME A CODE COUNTY SHALL NOT BE SUBMITTED TO THE VOTERS AND SHALL HAVE NO FURTHER EFFECT. IF THE PROPOSED CHARTER IS REJECTED BY THE VOTERS, THE CODE QUESTION UNDER THIS ARTICLE SHALL BE SUBMITTED TO THE VOTERS AT THE GENERAL ELECTION TWO YEARS LATER, AND NO CHARTER QUESTION UNDER ARTICLE 11A SHALL ~~THEN~~ BE SUBMITTED TO THE VOTERS~~.~~ AT THAT GENERAL ELECTION.

Section 3. Except as otherwise provided in this Article, a code county may enact, amend, or repeal a public local law of that county, following the procedure in this Article.

Section 4. Except as otherwise provided in this Article, the General Assembly shall not enact, amend, or repeal a public local law which is special or local in its terms or effect within a code county. The General Assembly may enact, amend, or repeal public local laws applicable to code counties only by general enactments which in term and effect apply alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

Section 5. The General Assembly, by law, shall classify all code counties by grouping them into not more than four classes based either upon population as determined in the most recent Federal or State census or upon such other criteria as determined by the General Assembly to be appropriate. Not more than one such grouping of code counties into four (or fewer) classes may be in effect at any one time, and the enactment of any grouping of code counties into four (or fewer) classes repeals any other such grouping then in effect. Code counties may be classified only as provided in this section.

Section 6. A code county may enact, amend, or repeal a public local law of that county by a resolution of the board

of county commissioners. The General Assembly may amplify the provisions of this section by general law in any manner not inconsistent with this Article.

Section 7. Any action of a code county in the enactment, amendment, or repeal of a public local law is subject to a referendum of the voters in the county, as in this section provided. The enactment, amendment, or repeal shall be effective unless a petition of the registered voters of the county requires that it be submitted to a referendum of the voters in the county. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article, except that in any event the number of signatures required on such a petition shall not be fewer than five percentum (5%) of the voters in a county registered for county and State elections.

Section 8. Notwithstanding any other provisions of this Article, the General Assembly has exclusive power to enact, amend, or repeal any local law for a code county which (1) authorizes or places a maximum limit upon the rate of property taxes which may be imposed by the code county; or (2) authorizes or regulates the maximum amount of indebtedness which may be incurred by the code county. Public local laws enacted by the General Assembly under this section prevail over any public local laws enacted by the code county under other sections in this Article.

Section 9. A code county shall not levy any type of tax, license fee, franchise tax, or fee which was not in effect or authorized in the code county at the time it came under the provisions of this Article, until an express authorization of the General Assembly has been enacted for this purpose by a general law which in its terms and effect applies alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

Section 10. All laws enacted by the General Assembly and in effect when this Article was added to the Constitution shall remain in effect until amended or repealed under the Constitution. Every public local law enacted, amended, or repealed by a county under the provisions of this Article prevails over the previous public local law, except to the extent it is subject to an applicable law enacted by the General Assembly.

SEC. 2. *And be it further enacted,* That the aforegoing Article hereby proposed as an amendment to the Constitution of this State shall be, at the next general election, to be

held in this State in the year 1966, submitted to the legal and qualified voters thereof for their adoption or rejection in pursuance of directions contained in Article 14 of the Constitution of this State, and at the said general election, the vote on the said proposed amendments shall be by ballot, and upon each ballot there shall be printed the words "For the Constitutional Amendment" and "Against the Constitutional Amendment" as now prescribed by law and immediately after said election, due returns shall be made to the Governor of the vote for and against said proposed amendment, as directed by Article 14 of the Constitution and further proceedings had in accordance with said Article 14.

Approved April 8, 1965.

PRINCIPAL OFFICERS OF THE PROVINCE AND STATE OF MARYLAND

—o—

BARONS OF BALTIMORE AND LORDS PROPRIETARY

1580(?)–1632 George Calvert, created First Lord Baltimore in February 1625. Petitioned for grant of land north of the Potomac.[1]

1605–1675 Cecilius Calvert, Second Lord Baltimore. Succeeded to title on death of George, April 15, 1632. Granted Charter of Maryland on June 20, 1632.

1637–1715 Charles Calvert, Third Lord Baltimore. Succeeded to title on death of Cecilius, November 30, 1675.

1679–1715 Benedict Leonard Calvert, Fourth Lord Baltimore. Succeeded to title on death of Charles, February 21, 1715.

1699–1751 Charles Calvert, Fifth Lord Baltimore. Succeeded to title on death of Benedict Leonard, April 16, 1715.

1732–1771 Frederick Calvert, Sixth Lord Baltimore. Succeeded to title on death of Charles, April 24, 1751.

1760–1834 Henry Harford. Harford did not succeed to the title when Frederick died on September 4, 1771, because he was an illegitimate son. He was bequeathed the Province of Maryland in Frederick's will. After the Revolution, Harford relinquished his claim to Maryland in return for a monetary grant from the General Assembly.

COLONIAL GOVERNORS

Prior to the granting of the Charter to Cecilius Calvert, Captain William Claiborne, acting under a commission from the King, had established a trading post and plantation on Kent Island in 1631. He was driven from the Island by Leonard Calvert a few months after the colonists landed.

PROPRIETARY GOVERNMENT

1634–1644/5 Leonard Calvert

Calvert had occasion to leave the colony several times, usually for a month or two but once for over a year. During his absences the following men governed the Province: 1637/8 and 1638, John Lewger; 1638 and 1641, Captain Thomas Cornwaleys; 1643–1644, Giles Brent; 1644, William Brainthwait.

1644/5–1646 Captain Richard Ingle

Usurped the government and maintained control until about the middle of 1646.

[1] James W. Foster, the most recent biographer of George Calvert, gives "about 1580" as the date of birth (*Maryland Historical Magazine*, Vol. 55, p. 264). Others have given dates ranging from 1578/9 to 1584.

1646	Captain Edward Hill Elected Governor by the Council while Leonard Calvert was still in Virginia. He also claimed to have a commission from Calvert. His appointment was illegal, as he was not a member of the Council when elected, and Calvert was out of the Province when the commission was issued. He does seem to have held office, however, for he later attempted to collect certain fees and emoluments which were due him by virtue of his service.
1646–1647	Leonard Calvert
1647–1648/9	Thomas Greene
1649–1651/2	Captain William Stone During absences from the Province he left the following men to act in his place: 1649, Thomas Greene; 1650, Thomas Hatton.
1652	Parliamentary Commissioners
1652–1654	Captain William Stone
1654–1657	Commissioners appointed by Parliamentary Commissioners
1657–1660	Josias Fendall Appointed Luke Barber to serve in his place while he was absent from the Province from June 1657 to February 1657/8.
1660–1661	Philip Calvert
1661–1676	Charles Calvert Left Philip Calvert, William Calvert, Jerome White and Baker Brooke as deputies governing the Colony from May 1669 to November 1670 while he was in England. On November 30, 1675, his father died, and he became Lord Proprietary.
1676	Jesse Wharton Cecilius Calvert, infant son of the Lord Proprietary, was the nominal Governor from June to October 1676, but, actually, the Province was governed by the Deputy Governors.
1676–1679	Thomas Notley Succeeded Wharton as Deputy Governor, and later, in October 1676, was commissioned as Governor by the Lord Proprietary.
1678/9–1684	Charles Calvert, Lord Proprietary Calvert was definitely back in the Province by January 1678/9, perhaps earlier, but he appears to have permitted Notley to retain the title of Governor until his death in April 1679.
1684–1688	Council of Deputy Governors Benedict Leonard Calvert, infant son of the Lord Proprietary, was commissioned Governor, but the duties were actually performed by the Deputies. The Deputies named in the commission were George Talbot, Thomas Tailler, Colonel Vincent Lowe, Colonel William Stevens, Colonel William Burgess, Major Nicholas Sewall, and John Darnall.

Most of them served the entire period indicated, but there were a few changes.

1688–1689 William Joseph
Named as President of the Council of Deputies in a commission from the Lord Proprietary.

ROYAL GOVERNMENT

1689–1690 John Coode
Leader of the Protestant Associators who seized the government on August 1, 1689.

1690–1692 Nehemiah Blackiston
Appointed President of the Committee for the Government of Maryland when Coode went to England.

1692–1693 Sir Lionel Copley

1693 Sir Thomas Lawrence
Elected Governor after death of Copley, but had served only a week or two when Sir Edmund Andros arrived in Maryland to assume control.

1693 Sir Edmund Andros
Remained in Maryland about ten days before returning to Virginia.

1693–1694 Colonel Nicholas Greenberry
Appointed President of the Council by Andros.

1694 Sir Edmund Andros
Remained in Maryland about a week.

1694 Sir Thomas Lawrence
Appointed President of the Council by Andros.

1694–1698/9 Sir Francis Nicholson

1698/9–1702 Colonel Nathaniel Blackiston

1702–1704 Thomas Tench
Appointed President of the Council by Blackiston.

1704–1709 Colonel John Seymour

1709–1714 Major General Edward Lloyd
Elected President of the Council when Colonel Francis Jenkins, who was senior member of the Council and thus entitled to succeed Seymour, failed to assert his right promptly.

1714–1715 John Hart

RESTORATION OF THE PROPRIETARY GOVERNMENT

1715–1720 John Hart

1720 Thomas Brooke
Became President of the Council by virtue of his seniority when Hart returned to England.

1720–1727 Charles Calvert

1727–1731 Benedict Leonard Calvert

1731–1732 Samuel Ogle

1732–1733 Charles Calvert, Lord Proprietary

1733–1742 Samuel Ogle

1742–1746/7 Thomas Bladen

1746/7–1752 Samuel Ogle

1752–1753 Benjamin Tasker
Became President of the Council upon the death of Governor Ogle.

1753–1769 Horatio Sharpe

1769–1776 Robert Eden
Eden was in England from May to November 1774, during which time Richard Lee, President of the Council, governed the Province. Lee also governed the Province briefly in 1776 during the interval between the departure of Eden and the assumption of the government by the Convention.

REVOLUTIONARY INTERREGNUM

During the years 1774–76 more and more of the powers of government came to be exercised by popular bodies, though the authority of the Governor was still acknowledged until Eden's departure. The Conventions were composed of delegates from each county elected by the freemen of the Province in much the same manner as was the House of Delegates. It was inconvenient for so large a group (at one meeting there were 141 delegates) to remain in continuous session; therefore, Councils of Safety were elected by the Conventions to exercise executive power during the intervals between Convention meetings. With some exceptions, the Councils of Safety were composed of nine members, five from the Western Shore and four from the Eastern Shore. The Convention, which met from August 14, 1776, about six weeks after the Declaration of Independence, through November 11, 1776, framed the Constitution which governed Maryland until 1851. The General Assembly established by the Constitution began meeting on February 5, 1777, but the Council of Safety continued to function as the executive body of the State until March 20 of the same year. On March 22, 1777, the Assembly adopted a resolution "for dissolving the Council of Safety and Vesting the Governor and Council with their Powers." The Governor and Council had qualified two days earlier on March 20, and they immediately began to perform the duties assigned to them.

* By Chapter 371, Acts of 1965, the State was divided into eight Congressional Districts. These changes were to be effective for the election of the eight representatives in the primary and the general elections of 1966. By terms of the Act, the boundaries of the Congressional Districts were adjusted as follows:

First District: Caroline, Cecil, Dorchester, Harford, Kent, Queen Anne's, Somerset, Talbot, Wicomico and Worcester Counties and the 6th, 7th, and 10th Election Districts of Baltimore County.

Second District: Baltimore County, except Election Districts 4, 5, 6, 7, 8, and 10.

Third District: Wards 1, 2, 3, 5, 6, 7, 8, 9, 10, 12, and 26 and precincts 1 through 77 of Ward 27 of Baltimore County.

Fourth District: Prince George's County.

Fifth District: Anne Arundel, Calvert, Charles, Howard, and St. Mary's County and Ward 25 of Baltimore City.

Sixth District: Allegany, Carroll, Frederick, Garrett and Washington Counties and Election Districts 4, 5, and 8 of Baltimore County.

Seventh District: Wards 4, 11, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, precincts 78-105 of Ward 27 and Ward 28 of Baltimore City.

NAMES AND ORIGINS OF COUNTIES

ALLEGANY

The name is from the Indian word Oolikhanna meaning "Beautiful Stream." The County was erected by an Act of Assembly, Chapter 29, Acts of 1789. The County Seat is Cumberland.

ANNE ARUNDEL

This County was named for the Lady Anne Arundel, wife of Cecilius, Second Lord Baltimore and founder of the Colony. It owes its origin to an Act of Assembly, Chapter 8, Acts of 1650 (April Session). The County seat is Annapolis, which is also the Capital of the State.

BALTIMORE CITY

The existence of Baltimore City as a governmental unit distinct from Baltimore County was provided for by the Constitutional Convention of 1850. The name is that of the Proprietary's Irish Barony.

BALTIMORE

The name of this County, like that of Baltimore City, derives from the name of the Proprietary's Irish Barony. The legal origin of Baltimore County is not known, but it was surely in existence by January 12, 1659/60 when a writ was issued to the sheriff of the County. The County seat is Towson.

CALVERT

This County takes its name from the family name of the Proprietary. It was established by an Order in Council of 1654, and it was called Patuxent County until 1658. The County seat is Prince Frederick.

DORCHESTER

Named for the Earl of Dorset, a family friend of the Calverts. The exact date and the legal origin of the County are unknown, but it was certainly in existence by February 16, 1668/69 when a writ was issued to the sheriff of the County. The County seat is Cambridge.

FREDERICK

Named probably for Frederick Calvert who became sixth and last Lord Baltimore. It was created by Chapter 15, Acts of 1748. The County seat is Frederick.

GARRETT

Named for John W. Garrett, industrialist and financier. It was created by Chapter 212 of the Acts of 1872. The County seat is Oakland.

HARFORD

Named for Henry Harford, last Proprietary. He was a son of Frederick, sixth Lord Baltimore, but because of his illegitimate birth did not inherit the title. The County was erected by Chapter 6 of the Acts of 1773. The County seat is Bel Air.

HOWARD

Named for John Eager Howard, soldier and statesman. The County was created in 1851 by Article VIII, Section 1 of the Constitution of that year. However, the area which later became Howard County was set up as Howard District of Anne Arundel County by Chapter 22 of the Acts of 1838; confirmed by Chapter 50, Acts of 1839 and thereafter, until 1851, enjoyed the status of a county except that it was not represented in the General Assembly. The County seat is Ellicott City.

KENT

This County derives its name from the English county of the same name. It was first referred to as a county in 1642, but it could have acquired this status as early as 1640 when mention is made of a sheriff for the Isle of Kent. The County seat is Chestertown.

MONTGOMERY

Named for the Revolutionary General Richard Montgomery. The County was created by the Constitutional Convention of 1776. The County seat is Rockville.

SOMERSET

Named after Mary Somerset, sister-in-law of Cecilius, Second Lord Baltimore. It was created by an Order in Council of 1666. The County seat is Princess Anne.

TALBOT

Named after Grace Talbot, sister of Cecilius, Second Lord Baltimore. The form of the creation of this County is not known, but it was probably by virtue of an order of the Governor in Council. WASHINGTON

Named for George Washington. The County owes its creation to the Constitutional Convention of 1776. The County seat is Hagerstown.

POPULATION-CENSUS OF 1960

POPULATION OF MARYLAND: APRIL 1, 1960

The total population of Maryland on April 1, 1960, was 3,100,689, according to figures for the State released by the Bureau of the Census, Department of Commerce. Between 1950 and 1960, the population of the State increased 757,688, or 32.3 percent, over the 2,343,001 inhabitants enumerated in 1950. Among the States, Maryland ranked twenty-first in population. The 1960 population was almost ten times as large as its population in 1790 when it was enumerated in the first Federal census.

According to the urban definition, Maryland had 2,256,634 persons living in urban territory and 844,055 in rural territory. The urban population accounted for 72.8 percent of the total population of the State.

There are 23 counties and 1 independent city—Baltimore—in Maryland. Between 1950 and 1960, 20 of the counties increased in population. Three of the counties and Baltimore City showed a decrease. The rates of change for the counties ranged from a decline of 6.3 percent for Allegany County to an increase of 105 percent for Montgomery County. Baltimore County experienced the largest numerical gain with an increase of 490,465. The Washington and Baltimore metropolitan areas accounted for the greatest increases in the State since 1950. Montgomery and Prince George's Counties combined have increased 94 percent during the past ten years. The Baltimore metropolitan area has a population of 1,706,961, a gain of 301,562 over 1950, despite the City's loss of 26,484 or 2.7 percent. The counties in Maryland ranged in size from Kent with a population of 15,481 to Baltimore with a population of 492,428.

In 1960 there were 155 places incorporated as cities, towns and villages in Maryland and 40 unincorporated places of 1,000 inhabitants or more. These ranged in size from Highland Beach town with a population of 5 to Baltimore City with a population of 939,024.

Under the urban definition established for use in the 1960 census, urban territory comprises (a) places of 2,500 inhabitants or more incorporated as cities, boroughs, towns,[1] and villages; (b) the densely settled urban fringe, including both incorporated and unincorporated areas, around cities of 50,000 or more; and (c) unincorporated places of 2,500 inhabitants or more outside any urban fringe. All other territory is classified as rural. According to the definition used in previous censuses, urban territory was designated as all incorporated places of 2,500 inhabitants or more and areas (usually minor civil divisions) classified as urban under special rules relating to population size and density.

In both definitions, the most important component of the urban territory is the group of incorporated places having 2,500 inhabitants or more. A definition of urban territory restricted to such places, however, would exclude a number of equally large and densely settled places, merely because they were not incorporated places. Under the old definition, an effort was made to avoid some of the more obvious omissions by the inclusion of the places urban under special rules.

[1]Except in New England, New York, and Wisconsin, where "towns" are minor civil divisions of counties and are not necessarily densely settled centers like the towns in other States.

Even with these rules, however, many large and closely built-up places were excluded from the urban territory. To improve the situation in the 1960 Census, the Bureau of the Census set up, in advance of enumeration, boundaries for urban-fringe areas around cities of 50,000 or more and for unincorporated places outside urban fringes. All the population residing in urban-fringe areas and in unincorporated places of 2,500 or more is classified as urban according to the new definition. (Of course, the incorporated places of 2,500 or more are urban in their own right.) Consequently, the special rules of the old definition are no longer necessary.

To the primary political divisions into which the Maryland counties are divided, the Bureau applies the general term "minor civil divisions". These vary from State to State, but in Maryland they are known as "election districts". An election district is analogous to a township but it serves only as a unit for elections and has no political organization with its own individual government.

The term "place" as used in census reports refers to a concentration of population regardless of the existence of legally prescribed limits, powers or functions. Most of the places listed are incorporated as cities or towns. In addition, unincorporated places of 1,000 inhabitants or more are also presented.

ADDENDA AND ERRATA

———o———

It will be obvious to every reader of the MARYLAND MANUAL that a book of this kind can never be wholly accurate on the date it appears. The very last changes were made in proof on December 15, 1965. But at that time many sections of the book were already being printed. Therefore, while some of the text is believed to be accurate up to that date, other parts of the book, for example the Legislative Section, are accurate only through November 15, 1965. The reader of the following will please take this fact into consideration.

p. 160 Under the description of the Department of Economic Development, add the following paragraph which covers the new responsibility assigned to the Department by the Governor for the coordination of regional development programs in the State:

An additional responsibility of the Department of Economic Development is the coordination of the three separate programs of regional development inaugurated in the course of 1964 and 1965. Two of these programs are being carried out by special regional organizations, namely the Delmarva Advisory Council and the Tri-County Council for Southern Maryland, to the financial support of which the State is contributing. The third program is designed to facilitate the participation of Western Maryland (Allegany, Garrett and Washington Counties) in the various developmental programs authorized under the federal Appalachian Regional Development Act of 1965. This program is being carried out through the Department's Western Maryland Regional Development office, established in Hagerstown.

To enable the Department to discharge more effectively its responsibilities for the coordination of these three regional development programs, the position of Coordinator of Regional Programs was established in September, 1965.

WESTERN MARYLAND REGIONAL OFFICE

Chief: Daniel J. Rohrer, Jr.

The Western Maryland Regional Development Office is an integral part of the Department of Economic Development and functions as a field arm of that Department in the local coordination of plans and projects under the Appalachian program and the provision of staff support to Maryland's Representative on the Appalachian Regional Commission. The staff of the office will also assess the economic and resource potential of the three counties, consult with Western Maryland leaders to obtain their ideas for strengthening the area's economy, and seek to enlist broad-based public support and cooperation in regional development tasks. To assist in these tasks, the establishment of a Western Maryland Development Council, to consist of civic, local government and business leaders, is under consideration. The initial budget for the office in fiscal 1966 is $52,000, of which 75 per cent is being supplied by a federal grant under the Appalachian Act, and 25 per cent by the State.

The Great Seal of Maryland

OBVERSE

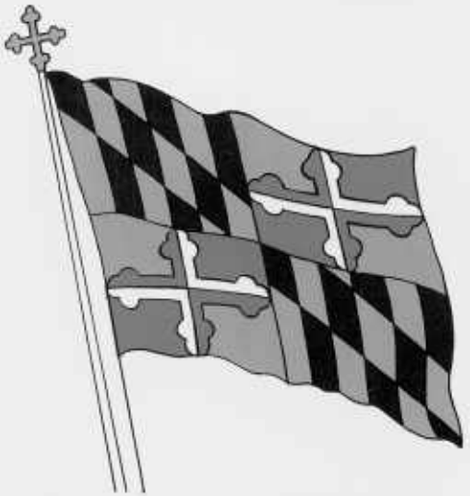

★

The State Flower

THE Black-eyed Susan is the flower emblem of the State of Maryland (Chapter 453, Acts of 1918).

Maryland State Flag

MARYLAND'S flag bears the arms of the Calvert and Crossland families. Calvert was the family name of the Lords Baltimore who founded Maryland. Crossland was the family of the mother of the first Lord Baltimore. The escutcheon or shield in the Maryland Seal bears the same arms. This flag in its present form was first used about 1886. It was officially adopted in 1904. The cross bottony affixed to the top of the flagstaff was made the official ornament in 1945.

★

THE GREAT SEAL

THE Great Seal of Maryland is used by the Governor and the Secretary of State to authenticate the Acts of the Legislature and for other official purposes. The first Great Seal was brought over during the early days of the Colony. It was very much like the one pictured above and it remained in use, although slightly altered, until the Revolution. The State of Maryland adopted a new seal similar in form and spirit to those of the other States. After the passage of a hundred years, Maryland readopted its old seal (Joint Resolution No. 5, Legislative Session of 1876). Only the Reverse of this seal has ever been cut. The Obverse is, however, still considered as part of the seal and is used, among other things, for decorating public buildings.

Obverse

THE Obverse of the Seal shows Lord Baltimore as a Knight in full armor mounted on a charger. The inscription translated from Latin into English is "Cecilius, Absolute Lord of Maryland and Avalon, Baron of Baltimore." Avalon was the name of Lord Baltimore's grant in Newfoundland.

Reverse

THE Reverse consists of an escutcheon or shield bearing the Calvert and Crossland arms quartered. Above this is an earl's coronet and a full-faced helmet. The escutcheon is supported on one side by a farmer and on the other by a fisherman, symbolizing Lord Baltimore's two estates of Maryland and Avalon. The Calvert motto on the scroll is usually translated "manly deeds, womanly words." The Latin legend on the border is translated "with favor wilt thou compass us as with a shield." (Psalms v, 12).
