FOREWORD

THE MARYLAND MANUAL is published every even year by the State of Maryland, and copies are distributed without charge to the public libraries, agencies of state and county government, school libraries, members of the General Assembly and others as prescribed by law (*Annotated Code of Public General Laws of Maryland, 1957; 1965 Replacement Volume, Art. 41, Secs. 104-106*). Additional copies are printed for sale to the general public. Clothbound copies at \$5.00 and paperbound copies at \$4.00 are available at the Hall of Records, Annapolis. Purchasers residing in Maryland must also pay a sales tax of 3%—\$.15 for clothbound, \$.12 for paper, except for those who have been granted tax exemption.

The primary purpose of the MANUAL is to present to the citizens of Maryland, as briefly as possible, a description of their government, its functions, its agencies, its personnel, and its cost. The MANUAL also contains similar information for county government plus a valuable directory of local officers not available elsewhere. The reader will find in addition, the Charter and the Constitution, mainsprings of our political life, and much descriptive and historical material. He is urged to examine the Table of Contents and the Indexes with care.

Obviously, the MANUAL is more a compilation than an original work. We are indebted for material to many agencies and individuals, among others, to Carl N. Everstine for the text of and the Index to the Constitution as well as for the essays on the General Assembly sessions of 1966 and 1967. The charts of State Government were prepared originally by Janet L. Hoffman, then of the Fiscal Research Bureau. They have been revised as required. Ralph C. Hammer, Executive Secretary of the Board of Natural Resources, is responsible for "Maryland At A Glance" and C. Frank Poole, Records Management Officer of the City of Baltimore, for the roster of officials of that City. To the many Clerks of Court, Registers of Wills, and Clerks and Administrative Assistants to the Boards of County Commissioners we extend special thanks for helping us with the county sections. We are also grateful to Raymond G. Boileau, Executive Secretary, Maryland Municipal League, for providing us with the names of city, town and village officers. We benefited from the collaboration of Chester F. Tucker, Deputy Secretary of State, and Margaret W. Lee, Chief Clerk of the Executive Department, who guided us through the Executive Appointment files.

As usual, the major burden and the large responsibility for the MANUAL fell on Frank White. It is his duty to begin the new MANUAL when the old one is hardly off the press, to collect the information needed, process it and see the book to completion.

We have added in this MANUAL material on the Constitutional Convention Commission and the names of the Delegates and an account of the Convention itself. We have also expanded the material on the Governors' biographies.

SPIRO T. AGNEW
Governor of Maryland

Spiro Theodore Agnew was inaugurated as Maryland's 55th elected governor on January 25, 1967. He took office with several distinctions. He was the fifth Republican ever elected governor in this predominantly Democratic State; the first governor of Maryland to be born in this century; one of the youngest, at age 48, to hold the office; and the first American of Greek descent to become the chief executive of a State.

Governor Agnew, a lawyer by profession, was County Executive of Baltimore County, one of the nation's largest and fastest-growing political subdivisions, for four years immediately preceding his election as governor. It was the only previous elective office he had held.

His administration as governor was launched with an impressive series of legislative accomplishments, achieved through a close working relationship with the Democratic-controlled Maryland General Assembly.

These included a fiscal reform program which, for the first time, based the State income tax on a graduated scale instead of a flat rate and gave local governments a major revenue source other than the property tax; an open housing law that was the first on a state-wide basis south of the Mason-Dixon Line; implementing legislation for the convention to rewrite Maryland's one hundred-year-old Constitution; and authorization to plan and build four additional toll crossings of the Chesapeake Bay and Baltimore Harbor.

The Governor created within his office a Task Force on Modern Management to study waste and duplication in the State government and to recommend improvements. He also initiated with legislative approval a new policy of substantial cash down payments on capital improvements to save interest costs. He appointed executive-legislative committees to study reform of the business tax structure and highway financing. Planning was started on development of comprehensive air and water pollution control programs.

An early mark of the Agnew administration was a closer working relationship with local governments. The Governor personally visited the heads of county and city governments in the State's twenty-four political subdivisions to establish this liaison. Nearly eighty-five percent of the additional revenue raised from the tax reform program also went directly to local governments, primarily to finance educational and police protection improvements and to provide real estate tax credits for the elderly—needs that otherwise would have fallen on local property taxes.

The Governor is a native of Baltimore City. He was born November 9, 1918, the only son of Theodore Spiro Agnew, a restaurant operator and a leader of the city's Greek community, and the former Margaret Akers of Bristol, Virginia. His father came to this country in 1897 at the age of 21 from the village of Gargalianos, in Messenia, Peloponnesus, Greece. Both parents are deceased. The family name Agnew was shortened from the Greek name Anagnostopoulos by the Governor's father.

Governor Agnew received his formal education in the public schools of Baltimore City, The Johns Hopkins University, where he studied chemistry for three years before turning to law, and the University of Baltimore, where he received his Bachelor of Laws degree in 1947 after returning from service in the Army. He also holds honorary Doctor of Laws degrees from the University of Maryland and Morgan State College.

During World War II he was a company commander with the 10th Armored Division in the European Theater of Operations. He was recalled for an additional year of Army service during the Korean War.

The Governor became interested in public affairs as a practicing attorney in Baltimore County and as president of the Loch Raven Community Council. He was active in moves to obtain open spaces legislation in the county and also in the successful drive for charter "home rule" government which replaced the Board of County Commissioners in 1957 with a full-time County Executive and Council.

In 1957 he was appointed minority member of the County Board of Appeals, which hears zoning appeals, and later became its chairman. His ouster in 1961 by the Democratic-controlled County Council, despite widespread backing from civic organizations, brought his name to new prominence and led him to run the following year for County Executive. He won despite a Democratic registration edge of nearly 4 to 1.

Under his administration, Baltimore County became one of the first in the nation to enact a public accommodations law and also passed legislation to require "open spaces" for park and recreational use in all new subdivisions.

The Agnew administration provided 60 miles of new water supply lines, 120 miles of sanitary sewage lines, and built new schools, improved teacher salaries, reduced the pupil-teacher classroom ratio by fourteen percent, began public kindergartens, reorganized the police bureau and pioneered in community college curricula to fill employment gaps in the fields of police work and social services.

During his first year in office, he was elected a director of the National Association of Counties and subsequently represented the association at Congressional hearings.

In 1966, County Executive Agnew, with the full endorsement of Maryland Republican leaders, ran for governor. He handily won the primary and on November 8, 1966, the day before his 48th birthday, he was elected governor by a margin of 81,775 votes over his Democratic opponent in a three-way race.

The Governor was married in 1942 to the former Elinor Isabel Judefind of Baltimore, whose father, the late Dr. W. Lee Judefind, was a chemist and vice president of the Davison Chemical Company. They have four children, Pamela, born July 5, 1943, Randy, born September 9, 1946, Susan, born October 23, 1947, and Kimberly, born December 9, 1955.

Governor Agnew retains his membership in the Loch Raven Kiwanis Club, the Parkville post of the American Legion, and his Greek community affiliations in the Order of Ahepa. He was brought up in the Episcopal faith. The Governor is an avid golfer, and a fan of the professional Baltimore Colts and Baltimore Orioles. He also enjoys reading, listening to music and playing the piano for relaxation.

HISTORICAL SKETCH OF MARYLAND

Exploration

John Cabot, a man of Italian birth employed by the English, was, in all probability, the first white man to see Maryland as he sailed along the eastern shore of Worcester County in 1498. Twenty-six years later Giovanni da Verazzano, who was another Italian working for French interests, passed the mouth of Chesapeake Bay. Half a century later the Bay was explored by Pedro Menendez Marques, the governor of Spanish Florida. In 1603 Captain Bartholomew Gilbert made a more careful exploration.

The intrepid Captain John Smith, who saw many other parts of North America, began in 1608 to carry out the instructions of the London Virginia Company to "find some spring which runs the contrary way toward the East India sea." With fourteen companions in "an open barge of two tunnes burden," Smith started up the Chesapeake. Every inlet and bay "fit for harbours and habitations" was entered, and all the islands were inspected. The results were incorporated in what Smith called "A Map of Virginia," published in England in 1612. Reprinted many times shortly thereafter, the map shows that Smith's voyagers paid close attention to the Eastern Shore, examined the Potomac carefully, but had a hazy idea of the western head of the Bay and only a generalized notion of the lower Western Shore. In 1670 Augustine Herman, a cartographer from the New Netherlands Colony, completed a more detailed map of Maryland. As compensation Lord Baltimore granted him 5,000 acres of land in what is now Cecil County.

Aborigines

To John Smith, also, we owe our first knowledge of the pre-European settlers on the land of what was later Maryland. Smith's account is bewildering with Indian names; one soon recognizes the adaptations of these same queer-sounding names in present-day Maryland. The Virginia explorer speaks of Yingoteagues, Assateagues, Marumscos, Annameses, Wiccocomicos, Nanticokes, Conoys, Trasquakins, Choptanks, Monoponsons, Matapeakes, Ozinies, Tockwoghes, Nattwas, Susquehannocks, Conestogas, Piscattoways, Chopticos, Mattawomans, Patuxents, Aquasocks, Secowocomocos, and others. Despite this multiplicity of names, all these Indians were of Algonquin stock, save for the Susquehannocks at the headwaters of the Bay and the Anacostans on territory around present-day Washington. Invading tribes, who made forays from the North and at times lived on Maryland territory, were of the Five

Nations—Senecas and Iroquois. Later history records raids by other tribes of Indians, accompanied by violence and massacres, generally in western Maryland.

The "Ark" and the "Dove"

The Maryland colony was planned by the first Lord Baltimore—George Calvert, a Yorkshireman whose devotion to James I had first made him Secretary of State, later Baron of Baltimore (1625), and finally gained him a grant of land for a colony in Newfoundland. This cold territory Calvert called "Avalon" or "Ferryland"; but the bitter climate and raiding French made the territory untenable. In 1627 Lord Baltimore attempted to live in Avalon with his family; then he left for the warmer climate of Virginia. His intention was "to plant himself to the southward," and when he returned to England, he persuaded Charles I, James' successor, to give him a charter of his own composition. On presentation to the King, blanks were left for the name of the colony and the date. It is said that Charles filled in the name *Terra Mariae* to honor his queen, Henrietta Maria.

Before June 20, 1632, when the charter was dated, George, the first Lord Baltimore, died and was succeeded by his son, Cecil. The second Lord Baltimore organized the expedition to Maryland in two vessels, the *Ark* of 360 tons, and the *Dove* of 60 tons. Assisting him was the Jesuit priest, Father Andrew White, for Cecil, as his father had been since 1624, was a Roman Catholic. Father White, with two members of the Calvert family (not including the Proprietor), sailed from Cowes on the Isle of Wight on November 22, 1633. How many took passage and how many were Catholics we do not know. We do know that one hundred and twenty-eight took the oath of supremacy which Catholics normally refused to accept. However, the *Ark* alone was twice the size of the *Mayflower*, which had carried over one hundred passengers.

January 1634 saw the two vessels at the Barbados where they delayed for twenty days. On February 24th Leonard Calvert, as lieutenant-general, put in at Point Comfort, Virginia. The first stop within the limits placed by the charter—"from Watkin's Point unto that part . . . which lieth under the fortieth degree of north latitude"—was at St. Clement's Island. The celebration of Mass here on Annunciation Day has fixed for tradition March 25th as the date of arrival of Maryland's first settlers. Not long afterwards the Yoacomaco Indians, who held the surrounding territory, sold their possessions to the newcomers, and the

first site, St. Mary's City, called then "Augusta Carolina," was available. A palisade was erected immediately.

Government from St. Mary's City

For upwards of sixty years, the Province centered around St. Mary's City. The Assembly, set up very soon after a food supply had been assured and protection against enemies provided, was made up of the freemen, *i.e.*, planters and settlers. The combined efforts of all the settlers were needed, moreover, to cope with the almost immediate difficulty that arose with white settlers from Virginia who had begun trading with the Indians before the Calvert party arrived. The foremost among these men was Captain William Claiborne, a trader with headquarters on Kent Island. The dispute is sometimes known as the Calvert-Claiborne controversy. After a naval skirmish and slight loss of life, Claiborne was declared an outlaw March 24, 1637.

"Ingle's War" was another vexation in the peaceful ordering of the new colony. Richard Ingle was a vigorous partisan of Parliament in its victorious struggle with the King that was to produce the Commonwealth. Coming first to Maryland in 1642, he finally exceeded any legal powers he might have had and took possession of St. Mary's City, making prisoner members of the Assembly. The affair ended inconclusively in 1646, but Ingle, meanwhile, arrested Father Andrew White and Father Thomas Copley and took them in chains to England.

Act of Toleration

The bigotry implicit in Ingle's special irritation at Catholic priests and Royalists makes especially pointed the solicitude Lord Baltimore showed at this period for religious freedom. As early as 1643, the Puritan Governor of Massachusetts, John Winthrop, had spoken approvingly of Governor Calvert as "for free liberty of religion." The Governor had taken a more liberal attitude on the question of Puritan settlers, certainly, than had the administrators of Virginia. The "Act concerning Religion," which the Maryland Assembly passed in 1649, gives Maryland claim to being one of the first civil regimes to recognize freedom of religion. The fact that within sixty years after the passage of this law Catholics were repressed under an "Act to prevent the growth of popery" does not detract from the boldness of Lord Baltimore's action in the mid-seventeenth century.

The downfall of Charles I and the rise of the Commonwealth were more serious events for the Maryland residents than for other colonists in America. But Oliver Cromwell left Lord Baltimore in undisturbed charge of the Province until 1652.

Emboldened by this, Governor William Stone attempted to reduce the Puritan settlements at Providence on the Severn (near present-day Annapolis) but came close to losing his life by execution after a decisive victory for the Puritans.

Growth and Expansion

The newcomers to other parts of the geographical charter limits of the Province, Proprietary, or Palatinate (as it was sometimes called) were not so bellicose as those in Providence. Settlement soon went far afield from the old Yoacomaco village. By the end of the seventeenth century eleven counties had established themselves, each with its court and complement of officials. The towns were few; great estates abounded, whose river fronts were centers of trade and traffic. The chief commerce was in tobacco, which even substituted for currency during much of the seventeenth and eighteenth centuries. Until customhouse centers were set up (1683), there was nothing to challenge the power of the landed gentry.

Gradually, what Indian troubles had existed were smoothed out by treaties, such as the one of 1652 when the Susquehannocks submitted under the "Liberty Tree" (said to be the tulip poplar still to be seen on the St. John's College campus in Annapolis). The Proprietors were always a line of Calverts with the title "Lord Baltimore" until the death of the sixth and last baron in 1771 when Henry Harford, the natural son of Frederick Calvert, became the seventh Proprietor. In the time of James II, who desired to have all lands under the Crown, and again in the "English Revolution" (before William and Mary held the throne securely), the Calverts had difficulties, but these were not reflected in any disadvantage to the Province. Neither Crown rule, 1689 to 1715, nor the establishment of the Church of England as the "official" religion proved too disturbing. If Puritanism waned, there was certainly room made for the settlement of other dissenters, notably Quakers. Several noteworthy developments in the Seventeenth Century were the establishment of a printing press—William Nuthead's—the departure of the Governor and Assembly from St. Mary's to Annapolis, and the passage of the "Act for the encouragement of Learning" (October 18,

1694). This last was the prelude to the opening of King William's School, the third institution of its sort in the colonies.

As the new century appeared, about 35,000 people made up the population of Maryland. Nearly twenty per cent of these were Negro slaves—slavery having been established within five years after settlement. Another large group were "bound men," or indentured servants. Many of the latter soon became "redemptioners" and often, in time, the owners of extensive property.

After the "Restoration"

With the restoration of proprietary rights, April 15, 1715, Charles Calvert, Fifth Lord Baltimore, resumed control of the colony. Since he was a minor at that time, and in later life primarily interested in English politics, development in Maryland lacked rigorous control from without. Furthermore, a strong "Country," as separate from a Proprietary, party manifested itself in the General Assembly.

Significant among the expansionist movements in Charles Calvert's time were the establishment of a town called Baltimore Town in 1729 and the opening up of Western Maryland. Swedes and Dutch on the Delaware River, having found the Maryland charter's geographical limits vague, pressed for a boundary line. In 1732 this was established for Delaware, but other final boundary judgments had to wait till the early twentieth century. One of the consequences of dispute with Pennsylvania was a survey between 1763-67 by two Englishmen, Charles Mason and Jeremiah Dixon, for whom the line marking the northern boundary of Maryland was named.

Frontier Development and Warfare

In Western Maryland, boundary disputes bred violence; therefore, Thomas Cresap, Maryland's heroic frontiersman, figures as an outlaw in Pennsylvania's history. In this same quarter warfare flared, not only sporadically with Indians, but also systematically when the French, making claim to Western Empire, began to drive out the traders of the Ohio Company. As this trading venture was largely Virginian in character, the Maryland Assembly was stern against Governor Horatio Sharpe and refused to vote funds or raise troops. Edward Braddock, the British general deputed to drive back the French, operated within Western Maryland, but even his rout and death in 1755

failed to spur Maryland during the final five years of the war.

Prelude to Revolution

The accession in 1751 of Frederick Calvert, a "gay young blade," to the title of Lord Baltimore meant less interference from the Proprietor; therefore Marylanders transferred their complaints against the Proprietary to the British Government. Conflict between French and English only sharpened the point. Debts to English merchants and taxes on imports led Maryland, this time in common with other colonies, to take drastic action. Maryland takes credit for first refusing to pay taxes under the Stamp Act; actual repudiation took place in Frederick County on November 23, 1765. The British Parliament repealed the Townshend Acts in 1770, but a strong feeling of rebellion remained. Support of Boston was vigorous after that port was closed; and the Boston Tea Party of December 16, 1773, had its Maryland counterpart when a tea ship, the *Peggy Stewart*, was burned in Annapolis harbor on October 19, 1774.

The first Provincial Convention, composed of ninety-two men representing every county in Maryland, met June 22-25, 1774 in Annapolis. It denounced the British blockade against Boston, proposed breaking off trade relations with Great Britain and selected delegates to attend the First Continental Congress. When the Convention met on July 26, 1775, following the Battle of Lexington, it proceeded grimly to the business of preparing for war and organizing a civil government apart from that of the Proprietary which, although mainly inactive, was still the legal government. A year later, a Convention was elected for the express purpose of framing a new constitution, which was adopted on November 8, 1776.

The Revolutionary War

From the first skirmish in Boston to the surrender at Yorktown, Maryland troops saw service. Despite frequent alarms, rarely did the British troops invade Maryland soil. The British Army passed through Cecil County on its way to Philadelphia in 1777, seizing the County records as it went. Minor raids occurred in Prince George's and Dorchester counties in 1781. General Smallwood's regiment formed Washington's rearguard at the Battle of Brooklyn and enabled him to withdraw his army successfully. Three Marylanders, John Eager Howard, Mordecai Gist, and Otho Holland Williams, commanded the Maryland Line with distinction during the Southern campaigns. Pulaski organized

his famous Legion in Baltimore, while both De Kalb and Lafayette spent considerable time in Maryland.

At the close of the war, the Continental Congress met at Annapolis, and in one of the dramatic moments of American history George Washington resigned his commission in the Senate Chamber of the State House on December 23, 1783. It was at Annapolis, also, that Congress, on January 14, 1784, ratified the Treaty of Paris ending the Revolutionary War.

Between September 11 and 14, 1786, the Maryland capital entertained delegates from New York, New Jersey, Delaware, Pennsylvania and Virginia in what has become known as the Annapolis Convention. Ironically, Maryland did not participate. The delegates discussed means of improving and strengthening relations between the states. Recognizing the weaknesses of the Articles of Confederation, the delegates urged that another meeting be held to devise means of remedying these defects. Accordingly, the Federal Constitutional Convention met in May 1787 at Philadelphia. On April 28, 1788, Maryland ratified the Constitution; the seventh state to endorse the document which she had helped to bring into being.

Because of the exhaustion of the tobacco lands, however, serious agricultural problems remained. Slavery was becoming a burden, and currency problems vexed Maryland's economic life. In the formation of a new nation, Maryland did its part by sacrificing its territory and advancing money for public buildings to form the District of Columbia (1791). To offset some of the difficulties, Baltimore had grown until it was five times as great as Annapolis, the flourishing port of the "Golden Age." Early in the new century exports from Maryland ports reached the \$14,000,000 mark.

The Second British Conflict

This shipping was, however, seriously hampered by British policy. Finally British interference with our vessels and crews brought on the War of 1812. Fighting began in Canada but was soon carried south by the British. From 1813 Maryland bore the brunt of the war. British troops routed our forces at Bladensburg and then proceeded to Washington, where they burned the public buildings. But defeats at North Point and Fort McHenry prevented the British from capturing Baltimore. During the bombardment of Fort McHenry on the night of September 13, 1814, a Maryland lawyer, Francis Scott Key, was inspired to write the "Star Spangled Banner".

At sea, Marylanders, sailing in the speedy Baltimore clippers, terrorized British shipping to the coasts of England, accounting for 556 British vessels, almost a third of the total taken by American vessels. Outstanding privateersmen were Captain Thomas Boyle in the *Comet* and the *Chasseur* and Commodore Joshua Barney in the *Rossie*. Barney later commanded a fleet of gunboats in the regular navy. Commodores John Rodgers and Stephen Decatur also distinguished themselves as naval commanders.

Early Nineteenth Century

After 1815 the State went on more vigorously than ever. A national "pike" was completed to Ohio and two canals, the Chesapeake and Ohio and the Chesapeake and Delaware, and a railroad, the Baltimore and Ohio, were put in operation. Samuel F. B. Morse ran an experimental telegraph line from Washington to Baltimore and on May 24, 1844, the message "What Hath God Wrought" flashed over the wire. In 1845, the Naval Academy was founded at Annapolis as Commander Franklin Buchanan and an academic staff of eight assembled some forty-odd midshipmen in Fort Severn.

Marylanders in the Baltimore and Washington Battalion took part in General Taylor's campaign in northern Mexico and participated in General Scott's march from Vera Cruz to Mexico City.

In Baltimore, Edgar Allan Poe produced some of his greatest poems and short stories until his untimely death in 1849 brought an end to his brilliant but tragic career.

Having attained a population of 169,000 by 1850, Baltimore was erected as a separate political unit by the Constitution of 1851.

The Civil War

Sectional differences placed Maryland in a peculiar position during the 1850's. Growing industrial and commercial ties bound the State to the North and West, as well as to the South. On October 16, 1859, Maryland's position became even more difficult when John Brown, basing his operation on Maryland soil, seized the arsenal at Harpers Ferry and cut the rail and telegraph connections to the West. On April 19, 1861, some Baltimoreans attacked the Sixth Massachusetts Regiment on its way through the city to Washington. Enraged poetical comment on the event by James Ryder Randall, a Marylander living in New Orleans, produced the State song, "Maryland, My Maryland."

As the war began, Maryland hovered on the brink of secession. It was important to the national government to keep

the State in the Union or Washington would be surrounded by enemy territory and completely cut off from the Northern States. The influence of Northern sympathizers, abetted by the presence of Federal troops during most of the war, kept the State in the Union. But this did not prevent the Confederacy from recruiting many volunteers in Maryland. Prominent among them were Colonel Bradley T. Johnson, commander of the First Maryland Regiment, C.S.A., and Admirals Franklin Buchanan and Raphael Semmes who served in the Confederate Navy.

In September 1862, General Lee invaded Maryland and at South Mountain and Antietam fought General McClellan's army in two of the most bitter battles of the war. Both sides suffered heavy casualties. McClellan permitted Lee to retreat across the Potomac without further molestation. It was while "Stonewall" Jackson was leading his troops through Frederick on the way to Antietam that the Barbara Fritchie incident—subject of the famous poem of John Greenleaf Whittier—is said to have occurred. On the political front, President Lincoln seized upon this as the proper moment for issuing the Emancipation Proclamation.

The following summer, Lee again advanced into Maryland. This time, he continued into Pennsylvania and at Gettysburg between July 1 and 3 engaged General Meade in a bloody struggle which left Lee's army so badly battered that he had no choice but to retire into Virginia.

In July 1864, Lee, hoping to divert some of Grant's troops from the siege of Petersburg, sent General Jubal Early to raid Western Maryland and threaten Washington. General Early defeated the Union Forces at the Battle of Monocacy on July 9 and advanced to the outskirts of Washington. At the Battle of Fort Stevens, which Lincoln witnessed on July 11, the Union lines held. Grant, meanwhile, sent fresh troops from Virginia forcing Early to retire. It was during this third invasion of Maryland that large indemnities were levied on Hagerstown and Frederick.

The war's end had its tragic aftermath for Maryland. John Wilkes Booth, a native of Harford County, assassinated Lincoln on April 14, 1865, and made his escape through Southern Maryland into Virginia. During this episode, Dr. Samuel A. Mudd, a Charles County physician, set Booth's broken leg for which he was accused of assisting in the assassination plot and sentenced to prison.

The Late Nineteenth Century

The last half of the Nineteenth Century was relatively uneventful in Maryland. Except for the years 1895 to 1899,

the Democratic party controlled the State. The nationwide boom in industry and commerce brought increased business to Baltimore and the State, and an increase in rail and water facilities in spite of the 1877 rail strike and the 1894 coal strike. Many Marylanders helped in the South, while Baltimoreans turned again to Southern markets for commercial outlets.

The growth of industrial enterprise and fortunes made large philanthropies possible. Among these were the gift to establish a library, conservatory of music and art gallery by the one-time Baltimore resident George Peabody (1866); the endowment of a university by the merchant Johns Hopkins (1876); and the gift of a free public library by the merchant Enoch Pratt (1882).

The scattered public schools of the pre-war period were consolidated into a strong centrally administered educational system and public education became a reality.

Few Marylanders saw action in the Spanish-American War, the most notable being Admiral Winfield Scott Schley of Frederick County, who was in active command at Santiago when the Spanish fleet was destroyed. The First and Fifth Regiments were mustered into Federal service shortly after the declaration of war, but saw no action. Instead they were stationed at camps in the South until their discharge in 1899.

The Twentieth Century

The story of Maryland in the Twentieth Century is more one of steady growth and progress rather than dramatic events or heroic accomplishments. Despite its \$125,000,000 fire which began February 7, 1904, Baltimore forged ahead to become the Nation's sixth largest city, while the State, augmented by the expansion of the suburbs of Washington into adjoining counties, rose to the rank of nineteenth in population although only forty-second in area.

In World War I, approximately 75,000 Maryland citizens served in the armed forces. Both the 29th and 79th Infantry Divisions fought with distinction in the Meuse-Argonne offensive of 1918. The Federal government found Maryland a convenient location for many of its military establishments. The United States Army built Fort George G. Meade on more than 7,500 acres near Odenton and established its proving ground at Aberdeen and an arsenal at Edgewood. The Navy expanded its Naval Academy facilities at Annapolis.

In 1918, Maryland became the first state to adopt the Executive Budget System now so widely used. In the years which followed, the State Legislature showed an increasing consciousness of the welfare of its citizens, enacting legislation to create old age and mothers' pensions, to aid dependent children and to give assistance to the needy blind.

World War II

About 250,000 Marylanders were enrolled in the several military services during World War II. More than ever before, the State's industrial power—that devoted to the building of ships and aircraft—fought "the Battle of Materials." The Army enlarged and rebuilt Fort Meade, and constructed Andrews Air Force Base near Camp Springs in Prince George's County. At Port Deposit, the Navy built an extensive training center called Bainbridge, and the Naval Air Station on the Patuxent River at Cedar Point to serve as an aviation testing facility easily accessible to Washington.

The 29th Infantry Division again served with distinction in France during 1944 and 1945. It fought on the Omaha Beachhead, in Normandy, against the Siegfried Line, and in the advance to the Elbe River. Medical units from the Johns Hopkins and University of Maryland Hospitals performed outstanding service in many theaters of operations. The Federal government also built "Shangri-La" as a presidential retreat in Western Maryland. Here during World War II President Roosevelt received many of the leading statesmen of the allied forces, among them Winston Churchill. Renamed "Camp David" by President Eisenhower, the lodge became in 1959 the focus of world-wide attention as the scene of the meetings between the President and the Soviet Council Chairman, Nikita Khrushchev.

After World War II

The prosperity and population growth that have accompanied the post-war economic boom have not been unmixed blessings. The thousands of dwelling units erected since 1945 have provided many families better housing than ever before, but they have also created problems of water supply and sewage disposal. The bumper crop of war and post-war babies continues to strain the State's school facilities, requiring an ever-increasing number of teachers and many new buildings. With practically every family owning one or more automobiles and many cities and towns plagued with traffic and parking problems, the State has been com-

pelled to undertake a gigantic road and bridge building program.

A number of outstanding projects have already been completed. The Chesapeake Bay Bridge, crossing four miles of water and allowing clearance for craft to a height of 187 feet, was completed in 1952 at a cost of \$45,000,000 and it is one of the largest continuous over-water steel structures in the world. Its use has exceeded expectations to such an extent that an additional span is now being seriously considered.

Another remarkable engineering feat, the Baltimore Harbor Tunnel, was opened to traffic at midnight, November 29, 1957. Built at a cost of \$130,000,000, it is 6,300 feet long and has in all, sixteen miles of approach expressways that enable the motorist to speed rapidly through one of the most highly congested areas of Baltimore. The Jones Falls Expressway, the Baltimore Beltway and the Harrisburg Expressway have also greatly facilitated the movement of traffic through, around and away from the City.

Our national capital has been linked to nearby Maryland cities by dual highways which lead to Baltimore via the Baltimore-Washington Expressway, to Annapolis via the John Hanson Highway and to Frederick via the Washington National Pike, one of the most beautiful highways in the country. The Capital Beltway was opened on August 16, 1964.

Maryland's only toll road, the John F. Kennedy Highway, (Route 95), runs from Baltimore to the Delaware line and connects with the Delaware Memorial Bridge and the New Jersey Turnpike. Originally dedicated as the Northeastern Expressway by the late President on November 14, 1963, only a few days before his tragic death, it was subsequently renamed by joint action of both Maryland and Delaware. The Blue Star Highway (Route 301), extending from the Eastern Shore end of the Chesapeake Bay Bridge to the Delaware State line, makes similar connections.

Spurred by a series of shocking revelations about the care of the mentally ill which was published in one of Baltimore's leading newspapers in 1949, the General Assembly established the Department of Mental Hygiene and gave it full supervision over all matters pertaining to the custody, care and treatment of persons who are mentally ill or mentally retarded. Since then, the State has spent millions of dollars erecting new buildings and improving existing facilities. More important, there has been a change in concept which regards such institutions as treatment centers rather than

as custodial areas. Increasing emphasis is being placed on research in this field.

At Rosewood State Hospital, the Esther Loring Richards and the Jacob E. Finesinger Children's Centers were opened in 1958 and 1961, respectively, to provide psychiatric treatment for children with serious emotional, psychiatric and neurotic illnesses as distinct from those who are mentally retarded.

The Clifton T. Perkins State Hospital, a 300-bed facility, costing nearly three million dollars, began operating in 1960. It inaugurated in Maryland a program of psychiatric therapies combined with rehabilitative procedures for all adult male patients who require maximum security.

Patuxent Institution, now an autonomous agency, began operating under the Department of Correction in 1955, as an experiment in the use of indeterminate sentences in the treatment of defective delinquents.

Medical facilities have also been expanded in recent years. Three chronic disease hospitals have been constructed: Deer's Head State Hospital in Wicomico County (1950), Montebello State Hospital in Baltimore City (1953), and Western Maryland State Hospital in Washington County (1957). Pine Bluff State Hospital (taken over by the State in 1928) is used for the treatment of tuberculosis. A 300-bed addition to Mt. Wilson State Hospital in Baltimore County has more than doubled its capacity for persons afflicted by tuberculosis and other airway-obstructive diseases.

In 1955, the Department of Public Welfare started an experiment in the rehabilitation of delinquent youth. In cooperation with the Department of Forests and Parks, it opened a forestry camp at Green Ridge near Flintstone to which boys could be sent from the Training Schools to work on conservation projects. The apparent success of Green Ridge led to the opening of a second camp near Lonaconing in 1957 and a third at Meadow Mountain near Grantsville in 1958. A fourth camp is now occupying temporary quarters at the old Cullen State Hospital, while new buildings are being constructed at Backbone Mountain. In addition, the Department has established the Maryland Children's Center in Baltimore County near Arbutus (1959), and the Thomas J. S. Waxter Children's Center in Anne Arundel County near Laurel (1963). Children adjudged delinquent by the courts are sent to one or the other of the Centers to be studied for not more than thirty days and then returned to the courts with recommendations.

A new State Office Building in Annapolis was dedicated in 1958. By 1960, a complex of three new State office buildings had been erected on West Preston Street in Baltimore: one for the State Roads Commission, another for the Department of Employment Security, and a third to bring together many of the State agencies that had been formerly scattered throughout the City. In 1962, the Department of Motor Vehicles moved into its newly-constructed Headquarters Building located in northern Anne Arundel County. Present plans call for another State office building in Baltimore and an office building for each house of the General Assembly in Annapolis.

Friendship International Airport, constructed to connect Baltimore with all parts of the globe, began operating on June 24, 1950. A 3,200-acre field, it is one of the largest in the country and is capable of accommodating planes of the new jet age.

The Maryland Port Authority was established in 1956 to promote and develop the ports of Maryland. It endeavors to persuade private operators to make needed improvements, but if necessary, the Authority may construct and operate supplementary facilities.

Marylanders have always taken pride in their history and culture. The Maryland Historical Society, established in 1844, has done much to foster this interest, perhaps most notably by publishing the *Archives of Maryland*. Since 1935, the Hall of Records Commission, operating as the State archival agency, has collected in its vaults practically all of the most valuable records of Maryland, both State and local. It turned out to be by far the most significant accomplishment of the Tercentenary Commission, which was established for the purpose of devising ways to commemorate the three hundredth anniversary of the founding of Maryland. More recently, a number of county historical societies have been organized.

As might be expected, Annapolis has been the center of attention among those interested in our colonial heritage. Historic Annapolis, Incorporated, the local historical society, has undertaken to preserve the old buildings and to persuade those constructing new ones to maintain the distinctive character of the "Old City", an area which was just recently designated a National Historic District by the Department of the Interior. The State House, the Hammond-Harwood House and Whitehall, about five miles out of the city, have likewise been designated National Historic Landmarks. Plans to tear down the Paca House were thwarted

when Historic Annapolis and the State combined to purchase the building. The Maryland Historical Trust and Historic Annapolis are working together to develop gardens, an art and cultural center and a visitors' hall at this site. The Shaw House was also purchased by the State to save it from possible destruction. It now provides additional office space for members of the General Assembly.

The Baltimore Civic Center, erected in 1962, can accommodate such wide ranging cultural activities as symphony concerts and personal appearances of "The Beatles", although up to now it has been used primarily as a sports arena. The Civic Center borders on the edge of a 32-acre urban renewal project called Charles Center. It is intended to revitalize the central business district of Baltimore artistically as well as economically. Substantial progress has already been made.

The Governor is the chief executive officer of the State and the Commander-in-Chief of its military forces. He is elected by popular vote for a term of four years, his term of office beginning on the fourth Wednesday of January following his election. No person may serve as Governor for more than two consecutive terms. To be eligible for the office of Governor, a person must be at least thirty years of age and must have been for ten years a citizen of the State, and for five years preceding the date of his election a resident of the State. At the time of his election, he must also be a qualified voter of the State (Const. 1867, Art. II, secs. 1, 3, 5).

The Governor must submit to each annual session of the General Assembly a budget for the next ensuing fiscal year. He also makes recommendations for the raising of the principal and interest of the State's indebtedness. The Governor may also inform the General Assembly at any time of the condition of the State (II, 19; III, 52(3)).

Before a bill may become law the Governor must sign it, with the single exception of the General Appropriation Act. However, any bill which he vetoes may be passed without his signature by three-fifths of the total number of members of each house of the General Assembly, either at the current session or at the session next following. Or should the Governor, while the Legislature is in session, fail to return any bill with his objections within six days, the Act becomes law automatically unless the adjournment of the General Assembly prevents the return of the bill; then the bill fails. The Governor has the power to veto any part of an appropriation bill, in the same manner as other bills, without vetoing all (II, 17 as amended by Acts 1949, chap. 714).

The Governor is Commander-in-Chief of the military forces of the State—i.e. the National Guard—except when such forces are called into the national service. If the National Guard is thus called, he may establish a State Guard.

The Governor appoints all military and civil officers of the State subject to the advice and consent of the Senate, except when the election or appointment of such officer is otherwise provided for. In addition to appointing the heads of major departments, boards, and commissions of the State Government, the Governor appoints certain boards and commissions in each county and the City of Baltimore as is provided by law. The Governor also commissions Trial Magistrates, Justices of the Peace, and Notaries Public. The Governor appoints persons to unexpired terms of the offices of Attorney General, Comptroller, Treasurer, and members of the General Assembly. Any officer appointed by the Governor, excepting members of the General Assembly, shall be removable by him for cause.

The Governor may grant executive clemency, reprieves, or pardons to any person who is a prisoner of the State and may remit any fine or portion thereof to any person who has paid the fine. He may extradite prisoners or persons wanted by other States upon the presentation of a writ of extradition and may issue a warrant for the arrest of any person so wanted. The Governor may also ask for the return to this State of any prisoner or person of another State wanted for the violation of the laws of Maryland (II, 20).

The Secretary acts as general secretary to the Governor and attests his signature on all public documents, commissions, warrants, proclamations, and such other public papers as may be required. He is custodian of the Great Seal of the State (Code 1957, 1965 Repl. Vol., Art. 41, sec. 45). Vol., Art. 40, secs. 5-14). The Secretary of State is also the legally designated attorney of nonresident drivers, aviators, and aircraft owners involved in accidents in Maryland. All processes or warrants served upon him in this connection have the same legal effect as though they were served upon the individual (Code 1957, 1967 Repl. Vol., Art. 66½, sec. 115; 1965 Repl. Vol., Art. 75, secs. 76-78). All administrative regulations adopted by any State officer or department must be filed with the Secretary of State, who is responsible for publishing such regulations and supplements thereto (Code 1957, 1965 Repl. Vol., Art. 41, sec. 9). The Secretary of State also prepares the election laws in collaboration with the Department of Legislative Reference and distributes them. Certificates of candidacy for all State-wide offices are received and filed by the Secretary of State as well as all referendum petitions. The office prepares and records all requisitions and extraditions as well as pardons and commutations granted by the Governor. He must also keep a record of all Trading Stamp Companies doing business in Maryland as well as a statement of registration accompanied by representative samples of its stamps, stamp collection books, stamp redemption catalogues and stamp distribution and redemption agreement forms currently used in the State. The office also keeps a record of all charitable organizations and contributions received by them. By Chapter 225, Acts of 1963, the Secretary of State must keep a record of true and itemized statements or reports in writing setting forth in detail all contributions and expenditures incurred by every treasurer, political agent, or candidate for nomination or election to a State-wide public office (Code 1957, 1967 Repl. Vol., Art. 33, sec. 223).

 * Louis L. Goldstein, Comptroller of the Treasury

 Andrew Heubeck, Jr., Secretary to the Board

State Office Building, Annapolis 21404 Telephone: 268-3371

The Board of Public Works is composed of the Governor, the State Comptroller, and the State Treasurer. The Constitution requires the Board to meet on the first Wednesday of January, April, July and October in Annapolis and more often when necessary. The Board exercises such powers and duties as are prescribed in the Constitution or delegated to it from time to time by the General Assembly. The Board supervises the expenditures of all sums appropriated through State loans authorized by the General Assembly. The Board also supervises the expenditures of all general and other funds appropriated for capital improvements except those appropriated for State roads, bridges, and highways; and it approves the contracts for such expenditures after review by the Director of Budget and Procurement or Department of Public Improvements, as the case may be. The Board approves every new lease or renewal for land, buildings, or office space before such contracts are executed by any department, board, commission, State officer, or institution of the State. It may also designate the location of any State agency, after review by the Director of Budget and Procurement.

The Board may borrow upon the credit of the State, at any time between the sessions of the General Assembly, sums not to exceed \$50,000, to meet temporary deficits in the Treasury; and in addition, it may borrow upon the credit of the State total amounts not exceeding \$1,000,000 in anticipation of taxes levied for any year. All such loans shall bear interest at a rate determined by the Board, and shall mature and be repaid at or before the end of the fiscal year in which the money is borrowed. Upon recommendation of the Comptroller, the Board may adopt regulations covering matters of business administration in the various departments, institutions, and agencies of the State, including the fixing of uniform rates of mileage allowance and the terms and renewals of all bonds furnished by State officials and employees. The sale, lease, or transfer of any real property belonging to any State agency or institution must be approved, and the conveyance signed, by the Board and the highest official of the agency or institution. Where no agency or institution claims the property, the Board executes the conveyance. The Board of Public Works has custody of the Emergency Appropriation Funds, which are used to supplement the budgets of the agencies and institutions of the State. It also authorizes the disposal of the records of any agency or institution of the State when such disposal has been approved by the Hall of Records Commission (Const. 1851, Art. The Office of the Comptroller of the Treasury was established in 1851. The Comptroller is elected by popular vote for the term of four years (Const. 1867, Art. VI, sec. 1). The Constitution enumerates his duties, beginning with the broad mandate to exercise "general superintendence over the fiscal affairs of the State, preparing plans for the improvement and management of revenue, for the support of the public credit". More specifically, he is to "preserve all public accounts, and decide on the forms of keeping and stating accounts"; to "grant, under regulations prescribed by law, all warrants for money to be paid out of the Treasury"; and to "superintend and enforce the prompt collection of all taxes and revenues." The Comptroller receives the State Auditor's reports, contacts various departments to follow up the Auditor's recommendations, and jointly with the Treasurer he exercises supervision over the Central Payroll Bureau. The Comptroller, or his deputies, countersigns all checks drawn by the Treasurer upon the deposits of the State. The Comptroller prescribes the formalities for the transfer or other evidence of the State debt and countersigns such papers. He administers and collects the following specific taxes: the income tax, both personal and corporate; the retail sales and use taxes; the admissions tax; the motor vehicle fuel tax; the road tax on motor carriers; the State tobacco tax; the Maryland estate tax; excise taxes on beer, wine and liquor; and certain franchise taxes. The Comptroller also administers the Dormant Bank Account Law, collects taxes on the deposits of savings banks, on the gross receipts of certain utility companies and rolling stock of persons other than rail-

roads. Revenues collected by the Maryland Racing Commission as well as the motor vehicles revenues are distributed to political subdivisions by the office of the Comptroller.

The Comptroller, through the Alcoholic Beverages Division, controls and regulates the manufacture, sale, transportation, and distribution of alcoholic beverages into, within, and out of the State of Maryland; issues licenses to manufacturers, wholesalers, airlines, railroads, and steamboats; and issues permits to nonbeverage dealers, nonresident dealers, transportation companies, transporters, and for public individual storage. The Maryland Alcohol Tax Enforcement Unit is charged with the specific enforcement of certain of the alcoholic beverages laws.

The office of the Comptroller prescribes the form of all licenses required by the State licensing laws which are issued through the Clerks of the Courts of the various counties. The License Bureau enforces the State license laws. Each month the Comptroller collects license revenues, death taxes, and real and personal property taxes from the Clerks of the Courts, Registers of Wills, and County Treasurers, respectively, of each county. Distribution of the certain taxes and revenue is made to the cities, towns and counties of the State and to other State agencies as prescribed by law (Code 1957, Art. 2B, sec. 134; 1966 Repl. Vol., Art. 19, secs. 1-34; 1964 Repl. Vol., Art. 56, secs. 3-4, 137; 1965 Repl. Vol., Art. 78B, sec. 19; Art. 81, secs. 201, 323, 410, 433, 434, 460; 1964 Repl. STATE APPEAL BOARD

Chairman: Morris Turk
 Walter E. Buck, Jr., Philip Pear
 Louis R. Schuerholz, Secretary

State Office Building, Annapolis 21404 Telephone: 268-3371

The State Appeal Board was established in 1933 as the "State License Bureau" (Chapter 2, Acts of the Special Session, 1933). In 1947 the General Assembly changed the name to the State Appeal Board (Chapter 501, sec. 177, Acts of 1947). The Board is composed of three members appointed by the Comptroller of the Treasury subject to the approval of the Governor. The Comptroller designates the Chairman of the Board and the Board appoints a secretary. It hears appeals from decisions of local licensing authorities in Dorchester, Somerset and Wicomico counties (Code 1957, Art. 2B, secs. 61, 70, 147, 154, 177, 184). The Board meets for hearings and to hear appeals within the time prescribed by law, at the county seat of the county in which the action originated. The appropriation for the expenses of the Board is included in the budget of Alcoholic Beverages Division, Comptroller of the Treasury.

Telephone: 268-3371

The Board of Revenue Estimates and the Bureau of Revenue Estimates were created by Chapter 991, Acts of 1945. The Board is composed of the Comptroller of the Treasury, the State Treasurer, and the Director of the Department of Budget and Procurement. It studies the findings and recommendations of the Bureau and then sends to the Governor, for submission to the General Assembly, an itemized statement of anticipated revenues for the succeeding fiscal year, together with its recommendations. The Bureau studies and analyzes all sources of revenue, prepares for the Board the findings for the itemized statement of anticipated revenue, devises equitable and economical means of collection of such revenue, and devises and recommends new sources of revenue.

The Chief of the Bureau of Revenue Estimates, in conjunction with the State Comptroller's office, prepares and submits to the members of the General Assembly by the end of the months of January and July in each year an itemized statement showing the following information for the six-month period ending on the next preceding December 31 or June 30, as the case may be: (1) estimated revenue from all sources, by funds, for the current budget period; (2) collections for the next preceding six-month period; and (3) amount of revenues uncollected or over-collected (Code 1957, 1965 Repl. Vol., Art. 41, sec. 194). The appropriation for the Bureau of Revenue Estimates is included in the budget of the Comptroller of the Treasury.

Under the Constitution of 1776, there were two State Treasurers—the Treasurer of the Eastern Shore and the Treasurer of the Western Shore. In 1841 a constitutional amendment consolidated the two offices. The present constitution provides that the Treasurer shall be elected by joint ballot of both Houses of the General Assembly for a term of four years. The Treasurer is responsible for accounting for all deposits made each day by some one hundred and fifty (150) State Agencies in depositories designated and authorized by him. The Treasurer prepares all checks drawn for disbursement of State cash funds, and he and one of his Deputies signs these checks, which are then countersigned by the Comptroller and one of his authorized Deputies. The Treasurer invests any unexpended or surplus funds in the State Treasury, representing both the general and special funds of the

State, which are not currently required to meet State needs. He is the custodian of all stocks, bonds or other investments of the State, as well as securities which are pledged by Insurance Companies, foreign Building and Homestead Associations, and all collateral which is pledged by banks that have State Funds on deposit. He is also charged with the responsibility of placing insurance for all anticipated losses which might occur to State property, and is the custodian of all insurance policies. The State Treasurer does the preliminary planning, the preparation and advertising for State of Maryland Bond Issues, receives bids and arranges for settlement, and the signing and delivery of State of Maryland bonds. The State Treasurer is also the depository for all the Deeds indicating property ownership of the State of Maryland. He publishes a monthly balance in Baltimore City Newspapers, of all State Funds held in authorized depositories, and renders a quarterly report of cash receipts and cash disbursements to the Comptroller of the Treasury. By Chapter 757, Acts of 1959, the General Assembly abolished the State Tax Commission and divided its functions between two new agencies, the Maryland Tax Court and the State Department of Assessments and Taxation. The Maryland Tax Court performs the judicial and semi-judicial duties of the former Commission. It consists of five Judges, appointed by the Governor for terms of six years. One is required to be a resident of the Eastern Shore; another, a resident of the Western Shore; and another, a resident of Baltimore City. The other two are to be residents of the State at large. Not more than three Judges may be of the same political party, and each is required to be a taxpayer and a qualified voter of Maryland. At least two must be members of the Bar of the State of Maryland, and the Governor is required to designate one of these as Chief Judge.

The Maryland Tax Court hears appeals from the decision, determination, or order of any agency or any assessing or taxing authority of the State that affects the valuation, assessment or classification of property; the levy of a tax; or the application for an abatement or reduction of any assessment or tax, or exemption therefrom (Code 1957, 1965 Repl. Vol., Art. 41, sec. 318; 1965 Repl. Vol., Art. 81, secs. 224-231, 256, 258, 259, 141, 199, 309, 1967 Supp., sec. 352; from allowances (1965 Repl. Vol., Art. 81, sec. 217), or disallowances (1965 Repl. Vol., Art. 81, secs. 217, 310), or claims for refunds of taxes, and from cancellations of Motor Vehicle Fuel Dealers' licenses (Code 1957, 1964 Repl. Vol. Art. 56, sec. 142). Appeals to the Circuit Courts of the counties and to the Baltimore City Court are determined "upon the record" (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 81, sec. 229 (1)).

STATE DEPARTMENT OF ASSESSMENTS AND TAXATION

Director: Albert W. Ward

301 W. Preston Street, Baltimore 21201

Telephone: 383-3010

The General Assembly created the State Department of Assessments and Taxation by Chapter 757, Acts of 1959. The law required that the Governor appoint the first director of the Department; thereafter, the office is to be held under the provisions of the Merit System. Except for appeals, which are a function of the new Maryland Tax Court, the State Department of Assessments and Taxation supersedes the State Tax Commission, established in 1914, which in its turn had superseded the State Tax Commissioner, an office created in 1878. The functions

of the early Commissioners had been limited to the assessment of the shares of domestic corporations and national banks, assessment of the gross receipts of certain classes of corporations, and the valuation of distilled spirits for the purpose of State and local taxation. The Director of the present Department in addition supervises the administration of the assessment and tax laws of Maryland, and of each county or city thereof; enforces a continuing method of assessment, and requires that all property in the State be reviewed for assessment each year; assesses the operating property, except land, of railroads and other public utilities and contract carriers; and participates in any proceeding in Court wherein any assessment or taxation question is involved (Code 1957, 1965 Repl. Vol., Art. 81, sec. 232; Art. 41, sec. 318).

For each of the counties the Director appoints a Supervisor of Assessments from a list of five nominees submitted by the County Commissioners or County Council where there is a charter form of government. The Supervisors serve during good behavior and are removable by the Director for incompetency or other cause. The cost of their salaries, which are fixed by law, is shared 60% by the State and 40% by the counties. The Director also appoints a Supervisor for Baltimore City, with important duties of investigation. The Supervisor of Assessments is the chief assessor and acts as such over local assessors.

The County Commissioners appoint the local assessors for an indefinite period from a list of applicants examined and graded by the Director. The assessors' salaries are fixed and paid in a manner similar to those of the Supervisors. They review for reassessment the property in each county of Maryland each year (Code 1957, 1965 Repl. Vol., Art. 81, secs. 234-37).

The Director has charge of the qualifications and registration of foreign corporations doing business in Maryland. In addition to collecting an annual filing fee and accounting monthly for all such collections to the Treasurer, the Director assesses the tangible personal property of foreign corporations and distributes the proceeds to the localities in which the property is located. He also approves and records charters and amendments to charters of domestic corporations.

 Ellsworth B. Reigle, Chief, Budget Bureau
 Adam G. Uhl, Chief, Purchasing Bureau

301 W. Preston Street, Baltimore 21201 Telephone: 383-3010

The Department of Budget and Procurement, established by Chapter 64, Acts of 1939, combines the budgeting and purchasing functions of the State into a single agency. The Director of the Department, who is appointed by the Governor, has executive jurisdiction over the Department, and in addition reviews all leases for rental of office space before their submission to the Board of Public Works for approval (Code 1957, Art. 15A, sec. 16).

Budget Bureau

301 W. Preston Street, Baltimore 21201

Telephone: 383-3010

The Director appoints the Chief of the Budget Bureau. This Bureau carries out the budget functions of the agency. It aids the Director in preparing a tentative budget for the Governor's consideration and reviews all budget amendments presented by the various State agencies.

The Bureau is also responsible for the enforcement of rules and regulations concerning all phases of the purchase, maintenance and use of motor vehicles by the various State agencies.

The Bureau has assumed the responsibility for coordinating the data processing activities of all State agencies (Code 1957, Art. 15A, secs. 17-27).

Purchasing Bureau

318 Light Street, Baltimore 21202

Telephone: 383-3010

The Director also appoints the head of the Purchasing Bureau. This bureau purchases supplies, material and equipment for the use of State agencies. It maintains a warehouse for the storage of supplies and pays for them out of a revolving fund of \$400,000. These supplies are purchased by State agencies, which receive invoices and make payment to the Revolving Fund in the same manner as to other vendors (Code 1957, Art. 15A, secs. 28-34).

Since March 6, 1949, the Department has distributed donable foods from the Consumer and Marketing Service, U. S. Department of Agriculture, to public and private eleemosynary institutions and agencies and to needy families in the State of Maryland. There are 167 such institutions and agencies serving approximately 90,700 persons.

In March 1960, a Central Services program was inaugurated providing typewriter repair and duplicating services for those agencies located in the Baltimore State Office Building and for certain agencies in the Baltimore area.

The State Commissioner of Personnel is the head of the State Merit System, which was established in 1920. The title of State Commissioner of Personnel was established by Chapter 310, Acts of 1953. The position had been previously known as the Commissioner of State Employment and Registration (Chapter 41, Acts of 1920). The Commissioner, who is appointed by the Governor for a six-year term, administers the Merit System Law, and with the approval of the Governor, makes such rules as he deems necessary to carry out the law. Such rules have the force and effect of law.

The purpose of the Merit System Law is to provide candidates for appointment to positions in the classified service after determining by practical tests the fitness of such candidates for the positions which they seek, without regard to their political or religious opinions or affiliations. It is also to provide adequate means for the prompt removal from positions in the classified service of persons who may be indolent, incompetent, inefficient, or otherwise unfit to remain therein, and to keep in a workable state the provisions for the promotion of employees as provided in the Law to ensure that the best class of candidates will be attracted to the classified service (Code 1957, 1964 Repl. Vol., Article 64A). The State Commissioner of Personnel is the chief personnel officer for the State of Maryland, which at present employs approximately 26,800 classified and 3,100 unclassified employees.

Awards to employees and expenses for the honorary recognition of employees may be paid from funds or appropriations available to the activity primarily benefiting. The maximum cash award that may be presented to one individual for one suggestion may not exceed \$5,000.00 (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 64A, sec. 32A).

STATE EMPLOYEES STANDARD SALARY BOARD

 Ex officio member: Norman P. Ramsey, Chairman, Baltimore Civil Service Commission.

 Wayne W. Ransom, Secretary

301 W. Preston Street, Baltimore 21201 Telephone: 383-3010

The State Employees Standard Salary Board was established by Chapter 395, Acts of 1941, and reorganized by Chapter 310, Acts of 1953. By Chapter 87, Acts of 1956, the Board was abolished and a new Board was created, effective June 1, 1956. The present Board is composed of the State Commissioner of Personnel, ex officio, as Chairman; the Chairman of the Civil Service Commission of Baltimore City, ex officio; a person appointed by the Governor from a list of three names submitted by the Maryland Classified Employees Association, and two persons appointed by the Governor to represent the general public, all three for a period of six years. The Board and Secretary serve without compensation.

The Board prepares and recommends to the Governor a pay plan for all classes of positions in both the classified and unclassified Service, to the end that all positions in such services involving comparable duties, experience, responsibilities, and authority shall be paid comparable salaries in accordance with the relative value of the services to be performed.

In establishing rates of pay, the Board gives consideration to experience; to the prevailing rates of pay for the same or comparable services performed in public and private employment; to living costs, or other benefits received by employees; and to the State's financial condition and policies. If the Governor approves the pay plan, he uses it in preparing the State budget, and the plan has the force of law at the time the next State budget takes effect if funds for such pay plan are provided therein. The Board may recommend amendments to the plan from time to time and when approved by the Governor and so included in the next State budget, such amendments have the force of law. In cases of acute emergency, amendments may be made from time to time in the pay plan to take effect at any time before the effective date of the next State budget.

Certain positions are excluded from the Board's jurisdiction by the Merit System Law (Code 1957, Art. 64A), and certain other positions are excluded by specific legislative Acts. The Board formulates rules and regulations for the administration of the Act. These rules include provisions for automatic increases, from minimum to maximum; of the rates established by the schedule; and, after approval by the Governor, have the force of law (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 64A, secs. 26-30).

A centralized administration of the Maryland public schools was attempted in 1865, but the General Assembly did not establish the State Board of Education until 1870 (Ch. 311, Acts of 1870). The Board, composed of seven members appointed by the Governor for staggered seven-year terms, makes policy for the public school system and passes the by-laws and regulations that govern it (Code 1957, 1965 Repl. Vol., Art. 77, secs. 2, 5, 19-24, 27, 29, 32, 35).

The State Board of Education appoints the State Superintendent of Schools for a four-year term. He directs the State Department of Education and executes the policy and enforces the regulations adopted by the Board (Code 1957, 1965 Repl. Vol., Art. 77, secs. 37-39). The State Department of Education consists of the State Superintendent of Schools and the professional staff employed by the Board to assist him. The Department has nine divisions (Code 1957, 1965 Repl. Vol., Art. 77, secs. 45, 46).

Division of Instruction

The Division of Instruction provides leadership in planning and supervising education for children and adults in the public schools of

the State. Supervisory and instructional services are available in all subject matter areas, general curriculum, special education for the handicapped, and pupil services. The Division initiates and supports the development of curriculum guides and certain visual aids; it encourages good educational practices through workshops, consultant services, and demonstrations. It maintains a curriculum center to serve all schools in the State. The Division also assumes leadership in the development of programs under Federal funding for local units, and specifically administers programs under Title II-B of the Federal Adult Basic Education Program, Title IV of the Civil Rights Act, Title VI of the Elementary and Secondary Education Act, Title V-B of the National Defense Education Act (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 77, secs. 26-42, 241-44), and the Civil Defense Adult Education Program.

Division of Administration and Finance

The services of the Division of Administration and Finance include the offices of the Superintendent and Deputy Superintendent and the offices of planning and developing services, financial administration, personnel administration, school lunch and commodities distribution, State aid, driver education, pupil transportation, school plant planning, informational services, and scholarship determination enforcement.

The finance section of the Division prepares and administers the annual State public school departmental budgets. It maintains budget and accounting records and distributes funds made available to the local school systems by the State and Federal governments. In addition, this unit provides auditing and fiscal advice to the local school systems (Code 1957, 1965 Repl. Vol., Art. 77, secs. 29, 33, 217-233).

Division of Library Extension

The Division of Library Extension, established within the State Department of Education by the General Assembly of 1945, is responsible for the development and coordination of library services in the State. It provides direction and supervision of school libraries and of public library systems established under the Act of 1945, and it develops State plans, standards and programs in these areas. It is responsible for the provision of a library loan service of books, educational films and other materials and reference and bibliographic service to the libraries in the State; this service is provided by the Enoch Pratt Free Library of Baltimore through a contract with the Maryland State Department of Education. It provides for a library service to blind readers in Maryland and gives advisory and planning services on library development to State institutions and agencies. It administers State and Federal funds made available for library purposes. Federal programs are: (1) Library Services and Construction Act; Titles I, II, III, IVA, IVB, (PL 89-511) and (2) the Elementary and Secondary Education Act, Title II (PL 89-10) (Code 1957, 1965 Repl. Vol., Art. 77, secs. 177-201; 1967 Supp., Art. 77, secs. 182A, 182B).

Division of Vocational Rehabilitation

The Division of Vocational Rehabilitation, established by the General Assembly of 1929, administers the Federal Civilian Rehabilitation Act, and the funds provided by it, within the State of Maryland. The Division provides vocational rehabilitation and placement service to handicapped persons. Under the Social Security Law, all cases applying to the Bureau of Old Age and Survivors Insurance for disability determinations are required to be referred to this Division for possible rehabilitation service. District offices are located in Baltimore, Rockville, Salisbury, Hagerstown, Annapolis and Towson, with branch

offices in Chestertown, Cumberland, Easton, Frederick, La Plata and Hyattsville, Ellicott City, and Westminster (Code 1957, 1965 Repl. Vol., Art. 77, secs. 292-96). Special units are located also in Crownsville, Rosewood, Spring Grove and Springfield State Hospitals.

State Advisory Committee on Vocational Education

Kenneth H. Guy, junior college member, 1968; Edward F. Denison, public member, 1970; Henry B. Kimmey, management member, 1970; Lawrence Miller, labor member, 1970; Mildred J. Seaborne, public member, 1970.

The State Board of Education appointed this State Advisory Committee on Vocational Education in 1965 under the provisions of Public Law 88-210. The committee is to study the needs of vocational education and to make recommendations from time to time to the State Board of Education concerning the improvements and expansion of vocational education facilities.

Division of Vocational Education

The Division of Vocational Education provides leadership in planning and supervising the vocational curricula in the public schools in the areas of agriculture, distributive education, home economics, technical education, health occupations, trades and industry, business and office education, as well as in the nonvocational program of industrial arts. This Division also administers the training programs authorized under the Manpower Development and Training Act and the Area Redevelopment Act. Adult vocational education, teacher training programs, and industrial training are also administered by this Division. The Federal funds granted to the State for these purposes are allocated through the Division (Code 1957, 1965 Repl. Vol., Art. 77, secs. 285-288).

Division of Research and Development

The fundamental purpose of the Division of Research and Development is the improvement of the public educational enterprise by the application of modern techniques in the collection, analysis, and utilization of experimental and operational statistics and information. The Division provides services for and works cooperatively with the other divisions of the State Department of Education, the local school systems, the University of Maryland, the Federal Government, professional associations, and other interested organizations and individuals. Services include assistance in defining areas of investigation, identifying relevant data, designing appropriate data-gathering instruments and procedures, processing, analyzing, and interpreting data. On the basis of the findings, existing practices may be evaluated and programs for educational improvement may be implemented. The Division maintains a bank of educational data which may be drawn upon in connection with these services. The specific services performed by the Division depend upon the special needs of the recipient, as well as the resources of the Division.

The work of the Division falls into four general categories. Regardless of category, there is overlapping cooperation and responsibility among the staff members. The following three sections of the Division are described briefly by their titles—the Administrative Research and Statistics Section, the Automatic Data Processing Section, and the Instruction Research Section. The fourth category of activities may be described as “Developmental” (Code 1957, 1965 Repl. Vol., Art. 77, secs. 34, 47).

Division of Certification and Accreditation

The Division of Certification and Accreditation accredits all Maryland schools and colleges, public and private. The Division issues teacher certificates to the professional and academic staffs of the public and private institutions below college level. It licenses and inspects Maryland trade, vocational and hospital nursing schools and administers the testing program for the issuance of high school equivalence certificates. The Division also performs the staff work necessary to carry out the legal responsibilities of the State Board of Education and the State Superintendent of Schools in the field of higher education. Among these activities are: (a) the development of standards for the accreditation of two-year and four-year colleges and for the approval of institutions to offer teacher education programs; (b) leadership in the improvement of teacher education programs; (c) consultant services to institutions of higher education and to local groups interested in the establishment of college-level programs; and (d) leadership in the development of broad programs in the public community colleges (Code 1957, 1965 Repl. Vol., Art. 77, secs. 24, 25, 30, 31, 41, 99-107, 300, 304, and 310-318).

Division of Federal-State Programs

The Division of Federal-State Programs was created in the 1966 fiscal year as that component of the State Department of Education in which the rapidly growing number of Federal assistance programs could be more effectively coordinated. Public Law 89-10, the Elementary and Secondary Education Act of 1965, provided the major stimulus to formation of the new Division and the Title I and Title III programs of that Act created immediate and strenuous demands which consumed the major portion of the Division's limited resources in its initial year.

The various Federal aid programs currently operative or anticipated are categorical in design and implementation, ranging over many different aspects of the State's total educational program. Consequently, it follows that their effectiveness is dependent to a large degree upon how well the Department can bring to bear upon each program the professional skills represented on the total staff. The Division of Federal-State Programs has among its responsibilities the following: (1) to be a center of information regarding Federal programs, serving the Department and the local school systems in this fashion as well as being the primary point of contact for Federal agencies; (2) to assist the Department, local school systems, and other interested agencies in achieving more effectively coordinated implementation of Federal programs; (3) to serve as a processing center in the administration of the various Federal programs, deriving guidance and direction for such activities from policies formulated for this purpose by the State Board of Education, the State Superintendent, and the several Departmental divisions; (4) to serve as a center for the preparation and dissemination of reports and related information regarding Federal programs operating in the State, a charge being recognized increasingly in the legislation (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 77, secs. 32, 217).

Division of Instructional Television

Maryland State Department of Education's newest division—that of Instructional Television—will be responsible for in-school telecasting over the State network, the first phase of which will be in operation by late 1969. During this past year, the Division of Instructional Television has served as an advisory and informative agency to school and community groups interested in instructional television as

an educational tool, and has coordinated its plans and activities with those of the Maryland Educational-Cultural Broadcasting Commission to insure quality and effectiveness of television throughout the spectrum of ETV-ITV.

During the summer of 1967, over 400 elementary classroom teachers, along with interested administrators and supervisors, participated in five regional workshops throughout the State of Maryland. These workshops were designed to introduce classroom teachers to instructional television by means of the participation of the studio lesson and through the utilization of the telelesson in the classroom. The Division of Instructional Television has formulated plans for a series of intra-county conferences, utilizing State department supervisors, county personnel, and special consultants, to consider instructional television as related to specific curricular needs within the several counties (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 77, sec. 330).

Morgan State College was organized in 1867, under the auspices of the Methodist Episcopal Church, as the Centenary Biblical Institute. In 1890, the school's name changed to Morgan College in honor of Dr. Lyttleton Morgan, whose gift of a large sum of money enabled the school to offer academic work at the college level. The school remained under church jurisdiction until the State of Maryland purchased it by Chapter 331, Acts of 1939.

The College is fully accredited by the Middle States Association of Colleges and Secondary Schools and by the Department of Education of Maryland. It is also approved by the Regents of the University of the State of New York, the American Medical Association, and by the American Chemical Society.

The undergraduate curriculum at Morgan State College is organized into three divisions: Humanities, Natural Sciences, and Social Sciences. Within these divisions are included eighteen departments offering courses leading to the Bachelor of Arts and Bachelor of Science degrees. Emphasis is placed upon the presentation of a standard four-year course in the liberal arts and teacher training, both elementary and secondary. Both day and evening courses are offered, and at the present time, students may complete all requirements for the major in Business Administration, Sociology, and History through study in the Evening College. A Summer session is conducted as a part of the regular work of the college, and includes in-service training for teachers in Maryland schools.

A graduate program leading to the master's degree, primarily for elementary and secondary school teachers, was inaugurated in the academic year 1964-65.

During the academic year 1966-67, Morgan had an enrollment in all divisions of 5,036, including 3,291 day students, 298 evening students, 366 graduate school students, and 1,081 summer students.

Morgan State College came under the jurisdiction of the Board of Trustees of the State Colleges on July 1, 1967 (Chapter 41, Acts of 1963).

The Maryland Higher Education Loan Corporation, created by Chapter 589, Acts of 1963, consists of eleven members. The Chairman of the State Scholarship Board and the President of the University of Maryland, or their designated representatives, serve as ex officio members. The remaining members are appointed by the Governor with the advice and consent of the Senate. The Governor designates the Chairman and the Vice Chairman.

The Corporation has the power to lend money to residents of the State who are attending or are planning to attend colleges within or without the State. The Corporation may accept gifts, bequests and governmental appropriations or grants for its purposes. The Corporation is also empowered to establish rules and regulations for the granting, administration, and repayment of student loans.

Program changes enacted by the 1966 and the 1967 sessions of the General Assembly enable the Corporation to enter into agreements with the U. S. Office of Education under which the Federal government will provide repayable advance funds to be added to the student loan reserve and makes Maryland residents eligible to receive a Federal subsidy for part of the interest on their loans (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 43A).

The Maryland School for the Deaf was established in 1868 as a free public residential school for deaf and hard-of-hearing children who reside in the State. The Governor appoints the 30 members of the Board of Visitors for indefinite terms (Acts 1867, chap. 247; 1868, chap. 409; 1880, chap. 19; 1916, chap. 76; 1957, chap. 148 as amended).

The school offers an academic education similar to that of public schools and in addition provides thorough instruction in speech reading, speech, auditory training, and use of individual hearing aids. It offers vocational training to boys in industrial arts, printing and wood-working, and gives training in business education and homemaking courses to girls. Extra-curricular activities in athletics, scouts, social activities, and clubs are planned for all students. Vocational rehabilitation services are available to all graduates who seek jobs, special vocational training, or higher education. The enrollment for 1966-67 was 300.

The Maryland Workshop for the Blind is a State-aided institution established by the General Assembly by Chapter 566, Acts of 1908. Control is vested in a board of five trustees; three are appointed by the Governor, with Senate approval, and two are elected by the Board of Directors of the Maryland School for the Blind. The purpose of the Workshop is to conduct a sheltered workshop program for the training, work rehabilitation, continuous employment as well as to furnish other services to the adult blind of Baltimore City and the twenty-three counties.

The Workshop operates through divisions. The Training and Work Center, the Vending Stand Division and the Home Service Division are located in Baltimore City. The Training and Work Center is in Cumberland, where the Western Maryland Branch was authorized by Chapter 100, Acts of 1955 and was established to serve the blind adults of the three western counties.

The Vending Stand Division manages the operations of vending stands on Federal, State, and local government properties and on private properties. The Federal Stand Program was officially established in 1936 and the Maryland Workshop for the Blind was made the licensing agency and served as such until August 31, 1958. By Public Law 565, the Division of Vocational Rehabilitation of the State Department of Education was designated as the licensing agency for the vending stands located on Federal properties. The provisions of this law became effective under an agreement dated September 1, 1958, between the Maryland State Board of Education and the Maryland Workshop for the Blind under which the latter agency has continued to serve in a management capacity. The Home Service Division provides teaching for the blind in their homes and aids them in their personal adjustment to blindness. In addition, the Workshop is the distributing agency of the Library of Congress for the U. S. Government owned talking book machines. It also provides white canes without charge to blind persons (Code 1957, 1967 Repl. Vol., Art. 30, secs. 4-10).

THE UNIVERSITY

The University of Maryland is the State university and the "Land-Grant" institution of Maryland.

The present University of Maryland is the result of the merger of the former privately owned University of Maryland located in Baltimore with the former Maryland State College at College Park. The former University of Maryland was founded in 1807 as the College of Medicine of Maryland (Chapter 53, Acts of 1807). In 1812, it enlarged its curriculum and changed its name to the University of Maryland (Chapter 159, Acts of 1812). Subsequently, it added faculties of law (1823), dentistry (1882), nursing (1889), and pharmacy (1904).

The Maryland State College of Agriculture was founded by Chapter 114, Acts of 1856, as the Maryland Agricultural College, a private institution at College Park, and became the beneficiary of the Land-Grant Act of 1862 (Chapter 178, Acts of 1865). By Chapter 129, Acts of 1914, the State assumed complete control of the school and in 1916 the Legislature granted it a new charter, which renamed the school the Maryland State College of Agriculture (Chapter 372, Acts of 1916). The General Assembly consolidated the University of Maryland and the Maryland State College of Agriculture in 1920 and gave the name University of Maryland to the new institution (Chapter 480, Acts of 1920).

In accordance with 1963 legislation authorizing the University to establish a branch in Baltimore County, the University of Maryland, Baltimore County Campus (UMBC) opened initially to freshmen students in September 1966 (Code 1957, 1965 Repl. Vol., Art. 77, sec. 251A).

The University is under the administration of a Board of Regents consisting of eleven members appointed by the Governor by and with the advice and consent of the Senate. Members appointed to the Board prior to 1960 serve for nine years; members appointed in 1960 and thereafter serve for terms of seven years (Code 1957, 1965 Repl. Vol., Art. 77, sec. 249B).

The Board of Regents, within the limits prescribed by law, may issue revenue bonds to finance the building of dormitories and other student housing facilities. Student union buildings at College Park and Baltimore have been constructed as well as a combination Physical Education and Auditorium building at College Park. The Regents issue such bonds directly with the payments of principal and interest made from revenues realized from the use of the buildings (Code 1957, 1965 Repl. Vol., Art. 77, secs. 249-59J).

There are three principal campuses of the University located at College Park, Catonsville, and at Baltimore. At College Park, instruction is offered for both undergraduate and graduate students in the Colleges of Agriculture, Arts and Sciences, Business and Public Administration, Education, Engineering, Home Economics and Physical Education, Recreation, and Health. Graduate level instruction is offered in the School of Library and Information Services. Also located at College Park are the Graduate School, the Summer School, and the offices of University College. The latter college operates the evening school program at College Park and a self-supporting college level program at off-campus centers throughout the State of Maryland. It also maintains overseas centers for United States personnel in the European, North Atlantic and Far East military operations.

The second principal campus of the University is located in Baltimore, at Lombard and Greene Streets. This campus accommodates the University's professional schools of Dentistry, Law, Medicine, Nursing, Pharmacy and Social Work. The Psychiatric Institute, Health Services Library and the University Hospital are located here and affiliated through professional programs with each of the six schools. Evening courses are also offered in Baltimore by University College.

The third principal campus is located in Catonsville at the southwest corner of the intersection of the Baltimore Beltway and Wilkens Avenue. This campus is being developed to encompass the full four-year course range for the programs offered.

The UMBC Graduate Center offers graduate level courses for part-time students to meet the area need.

Maryland State College—Division of the University of Maryland

The Maryland State College, Division of the University of Maryland (formerly Princess Anne College), is a state supported land-grant college. It offers courses leading to a bachelor's degree in agriculture, home economics, industrial and mechanical arts, and liberal arts and sciences. The external government and control is vested in the Board of Regents of the University of Maryland and the Maryland State Board of Agriculture.

The College was founded in 1886 as the preparatory branch of the Centenary Bible Institute, chartered in 1867 and renamed Morgan College in 1890. The preparatory branch was known as the Delaware Conference Academy. By the Morrill Act of 1890, the College received federal funds and became known as the Princess Anne Academy, or "Eastern Branch" of the Maryland Agricultural College. In 1919, by agreement with Morgan College, the University of Maryland assumed control of the College, although it remained in the hands of the trustees of Morgan College until 1936. The State purchased it by Chapter 548, Acts of 1935.

STATE BOARD OF AGRICULTURE

The Board of Regents of the University of Maryland acts as the State Board of Agriculture. As such, the Board administers the State laws relating to a number of service and control programs. These programs include the State weights and measures law; livestock disease control; plant pest control; mosquito control; inspection, grading and promotion of agricultural commodities; soil conservation and drainage; inspection laws relating to seed, feed, fertilizer, pesticides, liming materials, and methods of weighing, sampling and testing of milk.

The State Board publishes a bi-monthly publication **AGRICULTURAL REVIEW** to disseminate information to farm suppliers, and to producers, processors and marketers of farm products. The Board also publishes numerous bulletins and pamphlets dealing with various subjects. (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 46-60).

AGRICULTURAL EXPERIMENT STATION

The Maryland Agricultural Experiment Station was established following passage of the Federal Hatch Act in 1887 making available to the states grants-in-aid for the conduct of research pertaining to agriculture. Both State and Federal funds are appropriated for its support. The main location is on the University campus at College Park. Here laboratories for research in the animal and plant sciences are located and administrative headquarters as well as provisions for the maintenance of experimental herds, flocks, field and tree plots and for investigations on soils, insect and disease control (Chapter 55, Acts of 1888).

Several outlying farms are maintained for research purposes. These experimental farms include the Tobacco Experimental Farm at Upper Marlboro; the Dairy-Agronomy Research Farm near Ellicott City, devoted to dairy and related forage studies; the Poultry-Vegetable Research Farm at Salisbury, for studies on broiler and vegetable problems; and the Livestock Experimental Farm near Waterloo for research with cattle and swine. These different locations support and supplement the programs of research at the main station (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 58-60).

EXTENSION SERVICE

The Cooperative Extension Service in Agriculture and Home Economics was established by Federal and State laws in 1914 and is supported by Federal, State, and County funds (Chapter 247, Acts of 1914). Each county of the State and Baltimore City is represented by Extension Agents conducting educational programs in agricultural production and marketing, home economics, public affairs and community development, and in youth development. A State office to provide administrative direction and technical assistance is located at the University of Maryland. Scientific and economic information related to the production and marketing of agricultural products, and home economics is provided to the people in the State; and factual information is used in the educational efforts directed to public affairs and community development. The youth of the State are served through the 4-H Club program. Short Courses in various fields are also provided (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 56-57).

NATURAL RESOURCES INSTITUTE

The Natural Resources Institute replaces the former Department of Research and Education (Chapter 776, Acts of 1961). It is responsible for increasing knowledge of the resources of Maryland and their best uses, with special emphasis on the tidewater and inland resources. The research program is maintained in cooperation with the departments represented on the Board of Natural Resources. The Institute also participates in the education of the public and of individuals in the problems and potentials of natural resources and in the training of students and specialists in related fields.

The principal divisions of the Institute include the Chesapeake Biological Laboratory, Solomons; the Inland Resources Division and the Conservation Education Division, College Park; the Seafood Processing Laboratory, Crisfield; and a field station in Western Maryland for problems relating to the Appalachian region.

A wide series of publications is issued, including the quarterly journal, CHESAPEAKE SCIENCE, devoted to research and progress on natural resources of the Chesapeake Bay Region (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 18-21).

St. Mary's College of Maryland was originally chartered by Chapter 190, Acts of 1839. It received its present name by Chapter 59, Acts of 1964. It is governed by a board of twelve trustees appointed by the Governor for six-year terms. Having been an accredited junior college for many years, the College became a four-year college of liberal arts and sciences in September 1967. It will grant its first baccalaureate degrees in June 1971, and will offer the Bachelor of Arts and the Bachelor of Science degrees. Majors are possible in art, English, history, biology, and mathematics. As a corollary, students will be trained in professional education which will permit them to become fully certified as secondary school teachers in the State.

St. Mary's College participates in three State scholarship programs and one grant-in-aid program also under State auspices. These programs are only available to residents of the State of Maryland. The three scholarship programs consist of (1) General State Tuition Scholarships; (2) Teacher Education Scholarships; and (3) Legislative Scholarships (generally known as "Senatorial" awards). These Senatorial awards are awarded annually on a basis of need to candidates who have passed examinations conducted by the State Scholarship Board. The State grant-in-aid program provides assistance to war orphans. In addition to these State programs, the St. Mary's County Board of County Commissioners annually award four tuition scholarships to county residents attending the College (Code 1957, 1965 Repl. Vol., Art. 77, secs. 260, 282). St. Mary's College also participates in the NDEA Loan Program and the Economic Opportunity Grant Program sponsored by the United States government. NDEA Loans and Economic Opportunity Grants are obtained by applying directly to the College.

Title I of the Higher Education Facilities Act of 1963 (Public Law 88-204) provides Federal grants to colleges for the construction of classrooms, laboratories, and libraries.

Title IV of the Higher Education Act of 1965 (Public Law 89-329) provides Federal grants to colleges for the purchase or installation of laboratory and other special equipment and materials, and television equipment and materials for closed circuit direct instruction.

In accordance with the provisions of the Act, the Governor designated the Board of Public Works as the State Commission to administer the Act. In addition, the Governor appointed an Advisory Council to administer the program and make recommendations to the Board of Public Works.

The Advisory Council, with staff assistance, developed a State Plan. These plans, approved by the Board of Public Works and the United States Commissioner of Education, became the blueprints for the operation of the programs in Maryland.

The Advisory Council administers the program by providing staff; by establishing priorities for Federal grants among the participating colleges; by disseminating information; and, by maintaining liaison between the colleges in Maryland, the State Commission, and the United States Office of Education.

Federal grants to colleges in Maryland during the fiscal year ending June 30, 1967 through the programs administered by this Advisory Council exceeded \$7,500,000. Operating expenses of the Council are met by Federal funds.

The State Department of Health, originally established by Chapter 200, Acts of 1874, is governed by the State Board of Health and Mental Hygiene. The Department is directed by a Commissioner, who is appointed by the Governor upon the recommendation of the State Board of Health and Mental Hygiene. He must be an experienced physician skilled in public health and certified by the American Board

of Preventive Medicine. He is responsible for organizing the Department and carrying out its responsibilities and functions. The Department serves the State through the Baltimore City Health Department, and twenty-three county health departments, each of which is in the charge of a health officer who serves as the Deputy State Health Officer for his county.

By enacting Chapter 358, Acts of 1966, the General Assembly reorganized the State Department of Health into four major activity areas. Each of these areas is headed by an assistant commissioner, under whom the bureau directors and division chiefs operate (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 43).

Executive Office

Directly responsible to the Commissioner are the offices of the Deputy Commissioner for Programs (who also serves in the Commissioner's absence), Legal Counsel, the Director of Public Information, and the Director of Program Grants and Development.

Community Health Services

Local health departments are the backbone of public health in Maryland. These make services available to the residents of the State through their staffs of public health nurses, sanitarians, and other health workers. The State Health Department provides consultation and assistance in the development of programs to meet the needs of the population services.

Responsible to the Assistant Commissioner are the Divisions of Nursing, Accident Prevention, Social Work Services, and Health Education (which operates a reference and lending library and film loan services).

Medical Care Services

The office of Medical Care Services consists of three major bureaus. The first of these, the Bureau of Preventive Medical Services consists of seven divisions. The Division of Maternal and Child Health, is concerned with prenatal and postnatal care, preschool and school health programs, family planning and poison control. The Division of Crippled Children's Services provides diagnosis, consultation, and care programming for a variety of handicapping conditions. The Division of Mental Retardation includes a Statewide program of day care centers and PKU testing of infants. The Division of Communicable Disease Control receives weekly reports of communicable diseases and initiates measures to prevent or to control epidemics. The Division of Veterinary Medicine is concerned with the control of animal diseases transmissible to man. The Division of Dental Health promotes community dental health services, including the fluoridation of public water supplies. The Division of Nutrition promotes good dietary habits and advises on special food regimens.

The Assistant Commissioner is charged with a program for the continuing education of physicians (MEDIC) in collaboration with the Medical and Chirurgical Faculty and medical schools and hospitals. He is also charged with the responsibility for the operation of the regional medical programs of heart, cancer, and stroke. Directly responsible to the Assistant Commissioner are the Divisions of Physical Therapy, Occupational Therapy, and Medical Care Studies. This last-named division analyzes health service and facility needs and recommends improvements in the provision and coordination of health services in both public and private sectors.

The second bureau is the Bureau of Chronic Diseases. This bureau includes five divisions. The Division of Cancer Control is concerned

with prevention, detection, control, and treatment of cancer and the rehabilitation of cancer patients. The Division of Respiratory Diseases is concerned with the control of tuberculosis and other airway-obstructive diseases. This division also operates the Department's tuberculosis hospitals. The Division of Hospital Operations operates and conducts inservice training programs in the three chronic disease and rehabilitation hospitals. The Division of Adult Health is concerned with such chronic diseases as arthritis, and diabetes, as well as cigarette smoking and occupational health. The Division of Heart Disease Control deals with the prevention, detection, control, and treatment of heart disease and rehabilitation of heart disease patients.

The third bureau, that of the Bureau of Special Health Services, includes three divisions. The Division of Medical Services administers the Medical Assistance Program which provides or purchases home and office, inpatient, outpatient, and nursing home care for the indigent and medically indigent whose eligibility is certified by the Department of Public Welfare. This program supersedes the old Medical Care Program to conform to Title XIX, P.L. 89-97 which is the 1965 amendment to the Social Security legislation. The Division of Emergency Health Services is concerned with preparations for natural or man-made disaster through means such as the Medical Self-Help Training Program. The Medical Facilities Development Division licenses patient care facilities, and administers the planning and the construction of hospitals, nursing homes, and other facilities.

Environmental Health Services

The Assistant Commissioner for Environmental Health Services oversees two major bureaus.

The Bureau of Resources Protection includes three Divisions. The Division of Water Supply and Sewage Disposal deals with the water quality for consumption and recreation. This Division also has the responsibility for the training of sewage plant personnel. It further coordinates planning and construction.

The Division of Air Quality Control monitors air through Statewide sampling stations. The Division also is responsible for implementing the provisions of the Air Quality Control Act of 1967.

The Division of Solid Waste Disposal reviews and conducts research in the design, construction, and the operation of community refuse disposal facilities.

The Bureau of Consumer Protection includes four divisions. The Division of Drug Control assists in the formulating and implementing provisions of laws regulating the distribution of prescription drugs. The Division of Radiological Health inspects transportation, processing and storage facilities, eating and drinking establishments, and shellfish waters. The Division of General Sanitation is concerned with housing hygiene, insect and rodent control, and public bathing regulations. This Division also inspects bedding and upholstery.

Administration

The Assistant Commissioner for Administration is responsible for the administrative services of the Health Department. This office advises on and coordinates administrative policies and procedures and legislative proposals. The work of the office is carried on through three bureaus.

The Bureau of Management includes three divisions. The Division of Personnel Operations handles payroll, salary administration, grievance procedures, and local merit system evaluation. The Division of Fiscal Operations has the responsibility for accounting, auditing, and budget preparation. The Division of General Services is concerned

with mail, duplicating and addressing services, fleet management, and the purchase of supplies and equipment.

The Bureau of Manpower Development is concerned with health manpower analysis, the development of new sub-professional work categories, career development, and training and education policies.

The Bureau of Analysis and Records includes four divisions. The Division of Data Processing plans and develops systems for obtaining management information and special data. The Division of Vital Records issues birth and death certificates and maintains liaison with local and Federal vital records authorities. The Division of Biostatistics analyzes, correlates, and interprets statistics on births, deaths, marriages, and divorces. This Division also estimates population trends and provides consultative service. The Division of Management Analysis analyzes health economic factors, and recommends and coordinates planning procedures.

Laboratories

The Bureau of Laboratories is responsible to the Commissioner through the office of the Deputy Commissioner. The Bureau recommends minimum standards and qualifications for the licensing of laboratories which make examinations for the diagnosis and control of human diseases. It also performs periodic inspection of laboratories to assure compliance with rules and regulations. All laboratories operating within or accepting material for examination from the State of Maryland except those maintained in physicians' offices for their private use, must be licensed by the State Board of Health and Mental Hygiene.

The Bureau performs a wide variety of examinations to assist physicians and health officers in the diagnosis, prevention, and control of disease, and in connection with the enforcement of pure food and drug laws.

The Bureau consists of the Divisions of Administration, Services, Environmental Chemistry, Microbiology, Virology, Biochemistry, Clinical Laboratory Services, and Certification and Field Services. In addition to the Central Laboratory in Baltimore, there are ten branch laboratories throughout the State. These are located in Annapolis, Baltimore City, Cambridge, Cheverly, Cumberland, Easton, Elkton, Frederick, Rockville, and Salisbury.

The Department of Mental Hygiene was established by Chapter 685, Acts of 1949 to supersede the Board of Mental Hygiene. This Board, created by Chapter 29, Acts of 1922 as part of a reorganization of the Executive Branch, had carried on and expanded the functions of the State Lunacy Commission, established by Chapter 487, Acts of 1886, to inspect public and private institutions for the insane and to advise

their Boards of Managers. The Act of 1949 abolished not only the Board of Mental Hygiene but also the separate governing boards of the State mental hospitals and gave to the new department full and plenary powers over, and supervision of, all matters relating to the custody, care, and treatment of persons of unsound mind. The Department supervises and licenses all institutions, public, private, or corporate in which mental patients are detained (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 59).

The Department is directed by a Commissioner, certified in psychiatry by the American Board of Psychiatry and Neurology, and appointed by the Governor upon the recommendation of the State Board of Health and Mental Hygiene. The Commissioner is responsible for discharging the functions assigned by the State Board of Health and Mental Hygiene, and for the administration of the Department.

The Commissioner appoints, with the approval of the State Board of Health and Mental Hygiene, Superintendents of Spring Grove State Hospital, Springfield State Hospital, The Eastern Shore State Hospital, Crownsville State Hospital, Rosewood State Hospital, Henryton State Hospital, The Clifton T. Perkins State Hospital, as well as any other hospitals or facilities which may come within his administration. Each Superintendent except the Superintendents of Rosewood and Henryton State Hospitals must be a trained psychiatrist. The Superintendent of Rosewood must be a physician, preferably qualified in psychiatry or pediatrics and with experience in the field of mental retardation (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 59, sec. 19).

Under the provisions of the Maryland Community Mental Health Services Act of 1966 (Chapter 125, Acts of 1966), the State Commissioner of Mental Hygiene, with the approval of the State Board of Health and Mental Hygiene, is empowered to make State grants-in-aid to further community mental health services. The Act also provides that he is to supervise and be the administrative head of the program. The Act contains provisions for the establishment of local mental health advisory committees (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 43, sec. 1J).

The Department's Division of Reimbursement establishes Maintenance Rates of patients and fixes liability and collection procedures (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 59, sec. 5).

The General Assembly created the State Department of Public Welfare by Chapter 99, Acts of 1939 to supersede the Board of State Aid and Charities established by Chapter 679, Acts of 1900. By Chapter 148, Acts of 1967, the General Assembly modernized the law under which the Department operates, bringing it into conformance with practice and clarifying the responsibilities of the State Board, the State Director, the boards of the local departments of public welfare, and the local directors.

The State Department of Public Welfare is the central, coordinating, and directing agency of all welfare activities in the State, including aid to families with dependent children, old age assistance, public assistance to the needy blind, general public assistance, aid to the permanently and totally disabled, child welfare services, and any other welfare activities financed in whole or in part by the State Department of Public Welfare. It has responsibility for the certification of low income families for medical assistance.

In Baltimore City and in each county, there is a local department of public welfare whose directors administer these welfare activities within their respective localities, subject to the supervision, direction, and control of the State Department of Public Welfare. Foster care is one of the services administered by the local departments. The State Department exercises supervision over all public and private institutions which have the care, custody or control of dependent, abandoned or neglected children, except those placed by law under the supervision of another agency.

The Department investigates public and private institutions, organizations, and agencies of a charitable nature in the State, including those which receive part of their income from the State, except those placed by law under the supervision of another State agency. Each year before the General Assembly convenes, the Director reports to the Governor on the activities of the Department and on the condition of all charitable institutions, organizations, and agencies (except hospitals) that receive financial aid from the State, and recommends appropriations which are paid on a per capita basis at the rates and subject to regulations established by the State Board of Public Welfare. In agreement with the United States Department of Agriculture, the Department administers the food stamp program, which is available to any locality in Maryland whose government has agreed to provide certain administrative costs (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 88A, secs. 1, 3, 10, 13, 15, 16, 17).

The Governor designates the Chairman of the Board and appoints its nine members for six-year terms so arranged that three terms expire on June 30 of every second year. The State Board appoints the Director, who appoints the other members of the Department staff, all of which are under the Merit System law. In Baltimore City, the Mayor appoints seven citizens to a welfare commission for staggered six-year terms. The Mayor and the Commissioner of Health serve as ex officio members. In each county, the local governing body appoints the welfare board from lists of names submitted by the State Department, after approval by the State Board, containing twice the number of those to be selected. Until June 30, 1968, each of these boards consists of eight members. After that date, each board will consist of nine members. One of the members

must be a member of the local governing body, designated on July 1 of year to serve as the ex officio member of the local welfare board. By Chapter 148, Acts of 1967, members of the local welfare boards are to be appointed for three-year terms. No appointee may serve for more than two consecutive terms (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 88A, secs. 1, 2, 4, 13, 14, 14A, 16).

The Department is authorized to establish a central registry of records for the purpose of locating deserting or absent parents of children who are likely, or liable to be, recipients of public assistance or foster care. The Department administers the child care laws that regulate child placement in Maryland. It licenses agencies and institutions having the care and custody of minors. The local departments of public welfare offer adoption services to the natural parents, the child, and the adoptive parents so that in a legally responsible way the best interests of all concerned may be served. The family day care licensing law places responsibility with the State Department, through the local departments of public welfare, to license family homes giving care for not more than four children for a part of the twenty-four hour day. Agencies giving this service must be licensed by the State Department. Consistent with the State laws and juvenile court regulations, the local welfare departments provide needed protective services on behalf of families with children who are suspected of being neglected or abused. Professional persons concerned with the welfare of children are required to report suspected child abuse to their local welfare department (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 88A, secs. 5A, 19-32A; 1966 Repl. Vol., 1967 Supp., Art. 16, secs. 67-88; 1967 Repl. Vol., 1967 Supp., Art. 27, sec. 11A).

The State Department of Public Welfare carries the responsibility for the development and the coordination of its services, for determining the factors which seem to contribute to social and economic problems, and for recommending changes or new programs to meet some of the problems. In carrying out this responsibility, the State Department of Public Welfare calls upon the local welfare departments for leadership within a community and for participation in Statewide activities. Examples of such services are the referrals for family planning, homemaker services which provide certain in-home services to help maintain and strengthen family life, and the work experience and training program which helps to prepare needy people for employment.

The Advisory Council on Child Welfare created by Chapter 424, Acts of 1963, had its membership slightly expanded by Chapter 34, Acts of 1964 and by Chapter 384, Acts of 1967. The Governor appoints the chairman and committee members, and all serve without compensation. Committee funds are used for the salaries of the Executive Secretary, a clerk-typist, promotional materials, stationery and printing, postage, contest prizes, expansion of local programs, and conferences.

The Governor's Committee functions primarily as an educational and public relations instrument to create a public awareness of the problems faced by handicapped individuals in finding employment; to cooperate with all groups, public and private, in promoting services for the handicapped; and to initiate and promote programs to stimulate hiring the handicapped.

To reach all sections of the State, twenty-four local committees have been organized, one in each county and one in Baltimore. The Governor's Committee acts as liaison between the President's Committee and local committees. To coordinate the program and to keep committees informed on State and national activities, a monthly newsletter goes out to each member in the State. Each year the committee sponsors and poster contests among high school juniors and seniors as a means of arousing public awareness of the issues inherent in the rehabilitation program for Maryland's disabled citizens. An annual Awards program recognizes outstanding employees, citizens, and handicapped individuals in the State.

Chairman: George B. Rasin, Jr., 1969

Frederick J. Brown, 1967; William Lewis Holder, 1967; Ernest A. Loveless, Jr., 1967; Virginia Richardson, 1967; Lt. Col. George E. Davidson, 1968; Charles A. Harris, 1968; John L. Pitts, 1968; Charles E. Moylan, Sr., 1968; Mrs. John B. Funk, 1969; Meyer D. Levin, 1969; Donald E. Webster, 1969.

The Department

Director: Richard A. Batterton

3610 Milford Mill Road, Baltimore 21207

Telephone: 922-1000

The State Department of Juvenile Services, created by Chapter 126, Acts of 1966, is the central coordinating administrative agency for juvenile investigation, probation and after-care services, and for State juvenile diagnostic, training, detention, and rehabilitation institutions. On July 1, 1967, the Department assumed administrative responsibility for all State juvenile training schools, children's centers, and boys' forestry camps, all of which were formerly administered by the State Department of Public Welfare. On the same date, the Department incorporated into a single Statewide program the juvenile probation and after-care services provided by the counties, Baltimore City, the State Department of Public Welfare, and the State Department of Parole and Probation.

The Department is administered by a Director appointed by the Governor. There is a twelve-member Advisory Board of Juvenile Services which acts in a general consultative and advisory capacity to the Director. The Board consists of representatives of the State Department of Education, the State Department of Health, the State Department of Mental Hygiene, the State Police, and the Department of Public Welfare, as well as representatives of the judiciary of the State. Three members represent volunteer child welfare agencies, and three members are chosen from the public at large because of their experience and interest in minors and in juvenile problems. Members may serve only two consecutive terms. The Governor appoints the Chairman.

The Board has the duty of recommending to the Director policies and programs designed to improve the State's juvenile services. The Board also participates in interpreting the objectives of the Depart-

ment to the public as well as in planning for the development and use of all available resources for the promotion of the needs of the Department. The Governor appoints the members of the Board for three-year overlapping terms, with four terms expiring each year.

The Department investigates and approves the public and private institutions, organizations and agencies which deal with the Department in the area of juvenile delinquency in the State. Included in those groups are those which receive part of their income from the State, but not to those which are placed by law under the supervision of another State agency.

The Department administers and supervises the four State training schools. In developing the program within each training school, which includes provisions for post-institutional supervision, the Department establishes regulations, standards of care, policy of admissions, transfer and discharge, and may order changes in policy or management.

The Department also administers and supervises the State's five Forestry Camps for delinquent boys. It is authorized to transfer to these camps, boys from Boys' Village, Victor Cullen, or the Maryland Training School for Boys who, in the Department's judgment, may benefit from such care.

The Department also administers and supervises the Maryland Children's Center, opened in 1959, which is a facility for short-term detention and study of boys judged delinquent by the Courts. The Thomas J. S. Waxter Children's Center, opened in 1963, is a forty-bed facility at Laurel for the detention and diagnosis of boys and girls.

The Department employs the probation and after-care (that is parole and post-institutional supervision and counselling) staffs assigned to all juvenile courts. This includes responsibility for raising and maintaining professional standards, in-service training programs, and provisions for furthering the educational qualifications of personnel. Probation and after-care are separate rehabilitative and delinquency control functions, with probation being the supervision of youngsters who are adjudicated delinquent but not institutionalized, and after-care being the supervision and counselling of youngsters for a prescribed period of time upon their release from an institution. After-care customarily involves close work with a child's family and living environment.

Another significant function of the Department involves clinical services to youngsters. That is, extensive psychological and psychiatric study and evaluation of children to aid the courts, institutions, and probation and after-care staffs in their respective areas of responsibility with respect to the children.

Research and development represent an important aspect of the Department's functions. By law, it is the duty of the Department to collect and compile accurate statistics and reliable data on all aspects of its programs. The Department keeps abreast of current developments in the field of delinquency, assesses existing programs and activities, and aids in the development of new or improved means of prevention, control and treatment of juvenile offenders.

The Department may also accept any allotments of Federal funds and commodities and manage and dispose of them in whatever manner as may be required by Federal law. It may also take advantage of any Federal programs, grants-in-aid, or other public or private assistance which may be offered or available to accomplish the objectives of the Department (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 52A, secs. 1-18; 1966 Repl. Vol., Art. 26, secs. 62 and 69; 1964 Repl. Vol., Art. 88A, secs. 3 and 13).

BOYS' FORESTRY CAMPS

Robert G. Wolford, Superintendent

Headquarters, Green Ridge, Flintstone 21530 Telephone: 478-5171

The State Department of Juvenile Services operates five forestry camps for boys in cooperation with the State Department of Forests and Parks. These camps were created by Chapter 370, Acts of 1955. The camps are combined into a single administrative unit with one budget and one central business management unit located in the Green Ridge State Forest, Flintstone. These camps serve older boys

received on transfer from the Maryland Training School for Boys, Boys' Village of Maryland, the Victor Cullen School, and the Maryland Children's Center. Boys selected for transfer must be at least 15½ years of age, must be in good physical health, and must be interested in an active outdoor work and living experience. The camps were created in the conviction that older boys could be guided back to good citizenship under care in these camps, and that at the same time the boys would be assisting in the conservation of the State's natural resources and contributing to the cost of their maintenance. During the fiscal year 1967, the camps served a total of 537 boys.

Prior to 1916, the Maryland Penitentiary and the Maryland House of Correction were autonomous institutions operating under the juris-

diction of a separate Board of Directors and a Board of Managers appointed by the Governor. By Chapter 556, Acts of 1916, these institutions were administered by the State Board of Prison Control. By Chapter 29, Acts of 1922, the Board of Welfare superseded the Board of Prison Control and administered the prisons. By Chapter 69, Acts of 1939, the Department of Correction and the Board of Correction assumed all rights, powers, and duties which had formerly been vested in the Board of Welfare.

By Chapter 758, Acts of 1953, the Superintendent of Prisons became the administrator of the Department. The Board of Correction established departmental policies and appointed the executive personnel of the institutions under the jurisdiction of the Department on the recommendations made by the Superintendent of Prisons (Code 1957, 1967 Repl. Vol., Art. 27, secs. 667, 669-71, 675, 677). The 1962 General Assembly repealed Article 27, Sections 667-710, of the 1957 Code and 1961 Supplement and enacted new Sections 667 to 704, inclusive, to revise and change the laws governing the administration of the Department of Correction. Chapter 123 of the Acts of 1962 established the Advisory Board and created the office of Commissioner of Correction.

The Advisory Board consists of a Chairman and six associate members, at least one of whom must be a woman, and the Chairman of the Board of Parole and Probation as an ex officio member. The members are appointed by the Governor for four-year terms. The Board studies and observes procedures in and the development of progress of the penal system. It may make suggestions and give advice to the Commissioner of Correction as to the operations and administration of the Department and of its several institutions and agencies.

In accordance with the provisions of Chapter 123 of the Acts of 1962, the Commissioner of Correction is appointed by the Governor, by and with the consent and advice of the Senate. In the operation and conduct of the Department, the Commissioner is responsible solely to the Governor (Code 1957, 1967 Repl. Vol., Art. 27, secs. 667-704).

The Coordinating Council for Correctional Services was created by Chapter 694, Acts of 1967. The Council consists of the chief administrative officials of the Department of Correction, the Department of Juvenile Services, the Department of Parole and Probation, and the Patuxent Institution, as well as the Jail Programming and Inspection Officer, a representative of the Governor of Maryland who is responsible for the coordination of the correctional programs and a member of the General Assembly who is also the Chairman of the Joint Committee on Prison Administration. The Council serves as a coordinating body for the purpose of achieving a unified approach by these agencies in the confinement, treatment, and rehabilitation of persons confined in the institutions and facilities under the jurisdiction of these departments, and/or officers, in an effort to prevent overlapping and duplication of programs, services and facilities (Code 1957, 1967 Repl. Vol., 1967 Supp., Art. 41, sec. 188C).

The staff of the Department of Correction plans, establishes, and directs programs of administration for the various correctional facilities. The institutions carry on a program of classification, education and vocational training, employment, and the other segments of rehabilitative treatment.

Chapter 695, Acts of 1967 provided that all criminals sentenced after June 1, 1967 be committed to the Department of Correction and authorized the Department to establish Receiving and Classification Centers for prisoners. On June 1, 1967, the Department established a Reception Center at the Maryland Penitentiary for male inmates and

a Reception Center at the Maryland Correctional Institution for Women—Jessup, for female inmates. After diagnostic evaluation and classification, the inmate is then assigned to one of the institutions of the Department of Correction (Code 1957, 1967 Repl. Vol., 1967 Supp., Art. 27, secs. 689(g), 690, 691-700(a), 701-702).

By Chapter 285, Acts of 1963, the Work Release Law was established (Code 1957, 1967 Repl. Vol., Art. 27, sec. 700A). The Work Release Program allows prisoners sentenced to an institution under the jurisdiction of the Department of Correction to leave actual confinement during necessary and reasonable hours for the purpose of working at gainful employment in the State and to return to the institution at the end of the work day.

The institutions and camps have well-developed programs of employment. Inmates are assigned to a wide variety of institutional maintenance tasks, farming and dairying activities, and to work in the diversified State Use Industries Program of the Department of Correction.

The State Use Industries present opportunities for the development and reactivation of useful and economically profitable occupational skills. The programs also provide necessary goods and services to public agencies eligible to purchase them. Each institution operates a laundry which serves both the institution and other State agencies and institutions.

The Division of Classification and Education supervises the collection and recording of all information necessary to permit the proper classification of inmates, at each institution, according to their abilities and to aid in their rehabilitation. Educational activities include academic instruction on both the elementary and secondary school levels, varied opportunities for advanced and specialized study, and programs of vocational and on-the-job training.

Professional staffs render medical, psychiatric and psychological services in the institutions. The institutions and camps have complete programs of religious activities, and supervised recreational programs are conducted at all correctional facilities.

By Chapter 696, Acts of 1967, the General Assembly created the position of Jail Programming and Inspection Officer, whose duty it is to submit to the Department of Correction for approval regulations covering minimum standards for jails and other places of detention or confinement in the various counties and Baltimore City. He is charged with making the annual inspection of these facilities. He then must submit a report with his recommendations to the governing body of the county or to the Mayor and the City Council of Baltimore showing the results of his inspection, together with recommendations for improvement. He also serves as a member of the Coordinating Council for Correctional Services (Code 1957, 1967 Repl. Vol., 1967 Supp., Art. 27, sec. 704).

By Chapter 695, Acts of 1967, the Maryland Penitentiary on June 1, 1967 established the Reception, Diagnostic and Classification Center which is responsible for the reception and classification of inmates for assignments to other institutions within the State of Maryland (Code 1957, 1967 Repl. Vol., 1967 Supp., Art. 27, sec. 689g, and secs. 690-702).

The Warden's residence has been converted into a Work Release Center for the housing of approximately forty inmates on Work Release.

The Maryland Correctional Institution—Hagerstown, originally established as the Maryland Institution for Males, is a medium security institution activated by Chapter 519, Acts of 1945, replacing the Maryland State Penal Farm established by Chapter 366, Acts of 1931, at the same location. Between 1962 and 1964, it was known as the Maryland Institution for Men. It adopted its present name on June 1, 1964. It has a capacity of 658 inmates.

On November 22, 1966, the Maryland Correctional Training Center authorized by Chapter 385, Acts of 1966, was dedicated. This facility is located across the road from the Maryland Correctional Institution—Hagerstown. It has a capacity for 1,026 inmates. This facility places emphasis upon educational and vocational training. Those inmates who are less amenable to treatment programs either remain in or are transferred to the Maryland Correctional Institution—Hagerstown.

As a result of the enactment of Chapter 695, Acts of 1967, a Reception-Diagnostic Center was established in Baltimore, and youthful offenders are received into the Maryland Correctional Institution—Hagerstown and the Maryland Correctional Training Center by transfer to serve indeterminate sentences which have maximum limits. Although these facilities are for youthful offenders primarily, they also receive prisoners from the Maryland Penitentiary and the Maryland House of Correction, regardless of age, when their transfer is authorized by the Commissioner of Correction. The Commissioner may direct the transfer of inmates from these institutions either to the Maryland Penitentiary or to the House of Correction when their behavior or other circumstances indicate that this action would be advisable.

Both of these facilities operate a Pre-Release Center to provide guidance to the youth in returning to the community. This facility has a rated capacity of fifty beds and is located away from the immediate area of the institution proper.

A Work Release Center has also been established adjacent to the Maryland Correctional Institution—Hagerstown to house those inmates who are on the Work Release Program.

Situated on 1,119 acres of farm land, both these institutions conduct farming and dairying operations, with both of these projects providing supplies for these and other State institutions. The State Use Industries activities include a cannery, brush and carton shop, book bindery, stone crushing plant, metalworking department, feed mixing mill, and a poultry and turkey raising project.

The total population for these facilities during the 1967 fiscal year was 1,395.

**MARYLAND CORRECTIONAL INSTITUTION
 FOR WOMEN—JESSUP**

James Jordan, Superintendent

Jessup (Anne Arundel County) 20794

Telephone: 799-2900

The Maryland Correctional Institution for Women—Jessup was originally established by Chapter 71, Acts of 1941, as the Women's Prison of the State of Maryland. By Chapter 520, Acts of 1945, it received the name of the Maryland State Reformatory for Women. On July 1, 1962, its name was changed to Maryland Institution for Women. It adopted its present name on July 1, 1964.

Prior to the erection of this institution, female prisoners were lodged in a section of the Maryland House of Correction; and prior to the opening of the House of Correction in 1879, they had been housed in quarters reserved for them at the Maryland Penitentiary.

Effective June 1, 1967, all persons sentenced by the courts in the State of Maryland are sentenced to the Department of Correction and must be admitted to a Reception-Diagnostic Classification Center for testing, evaluation, and assignment to one of the State's penal institutions. In accordance with this new law, the Department of Correction has established a Reception-Diagnostic Classification Center at the Maryland Correctional Institution for Women—Jessup. This Center will receive all adult females serving sentences ranging from three months through life imprisonment, who have been convicted of felonies and misdemeanors, and who are not sent to local jails. Upon the completion of these classification procedures in the Center, female inmates will be transferred to the Maryland Correctional Institution proper to complete their sentences. At this time both the Reception Center for Women and the Maryland Correctional Institution for Women are located on the same campus.

Agricultural products, derived from the cultivation (by inmates) of approximately ten acres of land, are used by the institution. A sewing shop is conducted as a State Use Industries activity.

The Maryland Correctional Camp Center functions as the administrative headquarters for the Correctional Camp system as a receiving and distributing point for the Correctional Camp system and as a Correctional Camp.

Four of these facilities (Maryland Correctional Camp Center, Eastern, Poplar Hill, and Southern Maryland) operate under one budget. Inmates assigned to these camps are employed on projects of the State Roads Commission, farming operations, and by other State departments and local governmental agencies.

PATUXENT INSTITUTION

Board of Patuxent Institution

Chairman: Franklin G. Allen, 1969

Robert H. Roy, Dean, The Johns Hopkins School of Engineering, 1968; Jonas Rappeport, Professor of Psychiatry, University of Maryland Medical School, 1970; Rev. Marcus

Wood, 1970; L. Whiting Farinholt, Jr., Professor of Law in Psychiatry, University of Maryland School of Law, 1971.

Harold M. Boslow, M.D., Director

Col. William J. E. Keish, Associate Director (Superintendent)

Jessup (Howard County) 20794

Telephone: 799-3400

Patuxent Institution, authorized by Chapter 476, Acts of 1951, was formally opened on January 3, 1955 under the administrative control of the Department of Correction. By Chapter 629, Acts of 1961, the Institution became an autonomous agency of the State under the control of the Board of Patuxent Institution. This Board consists of a Chairman and four associate members, all appointed by the Governor with the advice and consent of the Senate for four-year terms. By law, two of the members of this Board must be chosen from the membership of the Advisory Board for Defective Delinquents, and of these, one must be a psychiatrist. The Board determines institution policy concerning the management, control, and supervision of the institution and has full power to make, repeal, or amend any rule or regulation for the operation, discipline, and administration of the Institution.

The Director is the chief administrative officer of the Institution. He must be a trained, able, and competent psychiatrist with at least five years' experience in the practice of teaching of psychiatry. There are three Associate Directors, two of whom must be trained psychiatrists with at least three years' experience in the practice of teaching of psychiatry; the third is charged, under the Director, with the custodial duties of the institution.

Patuxent Institution is charged with the responsibility for the confinement and treatment, when appropriate, of adult criminal offenders classified as defective delinquents under Article 31B of the Maryland Code. It is also charged with the confinement and diagnosis of offenders referred to the Institution by the Courts for determination of their condition under that statute. The Institution conducts a thorough psychiatric evaluation of each offender so referred and renders a formal opinion to the Court of jurisdiction. Should the Institution recommend against continued confinement at the Institution, the Court returns the offender to the correctional system institution from whence he came. If the Institution recommends that the offender be confined at the Institution, the Court promptly provides a hearing; sitting as a Court or with a Jury, as the defendant may choose, and must find by a special verdict whether or not the offender is a defective delinquent as defined in Article 31B. A defective delinquent is defined as "an individual who, by the demonstration of persistent aggravated antisocial or criminal behavior, evidences a propensity toward criminal activity, and who is found to have either such intellectual deficiency or emotional unbalance, or both, as to clearly demonstrate an actual danger to society so as to require such confinement and treatment, when appropriate, as may make it reasonably safe for society to terminate the confinement and treatment." Sentences under Article 31B are for indeterminate duration, subject to the order of the Institutional Board of Review or the Courts. The Institution offers complete medical, psychiatric, psychological, and social casework services. In addition the institution is equipped and staffed for complete academic, vocational, recreational, and religious service.

In addition to patient care, the Institution carries on extensive research studies concerning treatment, diagnosis, education, and related studies.

Advisory Board for Defective Delinquents

Chairman: Elsbeth Levy Bothe

Secretary: L. Whiting Farinholt, Jr., Professor of Law in Psychiatry, University of Maryland School of Law
 Jerome D. Frank, M.D., Professor of Psychiatry, The Johns Hopkins Medical School; Peter P. Lejins, Ph.D., Sociologist, University of Maryland; James S. Coleman, Ph.D., Sociologist, The Johns Hopkins University; Paul C. Wolman, Director, Department of Parole and Probation; Francis D. Murnaghan, member of the Maryland Bar; Jonas Rappeport, M.D., Professor of Psychiatry, University of Maryland Medical School.

Chapter 629, Acts of 1961 also provided for the establishment of an Advisory Board for Defective Delinquents. This Board consists of the professor of psychiatry in the Medical School of the University of Maryland, or someone designated by him; the professor of psychiatry at the Johns Hopkins Medical School, or someone designated by him; two competent sociologists from the University of Maryland and the Johns Hopkins University, one each to be appointed by the respective presidents of these two institutions; the full-time professor of constitutional law at the University of Maryland School of Law, or if there be no such full-time professor, or if he is unable to serve, such other full-time professor of the University of Maryland School of Law as may be designated by the dean of said school; the Director of Parole and Probation; and two practicing members of the Maryland bar, with at least five years' experience in the trial of civil and/or criminal cases, appointed by the Governor each to serve for a five-year term. The Advisory Board confers with the Director and Staff of the Institution and gives general consultative and advisory services on problems and matters relating to professional and legal relationships of patients confined in the Institution.

Institutional Board of Review

Chairman: Harold M. Boslow, M.D., Director of Patuxent Institution

Secretary: L. Whiting Farinholt, Jr., Professor of Law in Psychiatry, University of Maryland School of Law
 Giovanni Croce, M.D., Associate Director; Col. William J. E. Keish, Associate Director; David Rosenthal, Ph.D., Consulting Psychologist; Olive Quinn, Ph.D., Sociologist; Elsbeth Levy Bothe, member of the Maryland Bar.

The Institutional Board of Review, also created by Chapter 629, Acts of 1961, is charged with reviewing and thoroughly re-examining every patient confined as a Defective Delinquent not less than once in every calendar year. This Board makes recommendations for future status and treatment of each patient and is authorized to grant leaves or paroles to patients when it is determined that society and the patient would benefit from such status. This Board sets the terms and conditions of any such leave or parole, and may revoke same at any time. In addition, this Board makes recommendations to the Court of proper jurisdiction for the termination of the indeterminate sentence of defective delinquents when it believes that the patient is sufficiently improved to warrant his unconditional release from custody.

The Institution has a rated capacity of 600 patients. The population on July 1, 1967, was 499 (Code 1957, 1965 Repl. Vol., Art. 31B; Art. 27, sec. 706A).

The Department of Parole and Probation was established by Chapter 625, Acts of 1953, to succeed the Division of Parole and Probation, created by Chapter 406, Acts of 1939, to administer the parole and probation laws of the State. The Department is headed by the Board of Parole and Probation, which consists of a chairman and two associate members appointed by the Governor, with the advice and consent of the Senate, for six-year terms, one term expiring every two years. The chairman of the Board serves as Director of the Department. He may assign members of the Board to administrative and other duties as required.

The Board of Parole and Probation may upon the vote of two of its members parole any person confined in the penal and/or correctional institutions of the State except inmates convicted as second or third offenders violating the narcotics laws or those serving life sentences. Parole of prisoners sentenced to life terms is the joint responsibility of the Governor and the Board. In cases of prisoners sentenced as second or third offenders for violations of the narcotics laws, the Board of Parole and Probation may not give favorable consideration for parole other than to a hospital for treatment, if sentenced after June 1966, until they have served a minimum of five years if convicted as a second offender, or ten years, if convicted as a third offender.

Hearings are generally conducted for inmates within the respective institutions when they have served one-fourth of their maximum sentences, or in five years, whichever first occurs. The Department administers the Interstate Compact for the reciprocal supervision of parolees and probationers. It places under the jurisdiction of the administrator, during the parole or probationary period, any person convicted of an offense within the State of Maryland who may thereafter be placed on probation or released on parole to reside in another state. Similarly, the administrator decides whether parolees and probationers from another state may reside in Maryland (Code 1957, 1965 Repl. Vol., Art. 41, sec. 129).

The Department makes available the services of its agents to the Circuit Courts for the respective Counties, the Criminal and the Municipal Courts of Baltimore City, and People's and Magistrates' Courts. It maintains district offices in Baltimore City, Bel Air, Easton,

Ellicott City, Hagerstown, Rockville and Upper Marlboro. It has branch offices in Annapolis, Cambridge, Centreville, Cumberland, Denton, Elkton, Ferndale, Hyattsville, La Plata, Leonardtown, Prince Frederick, Salisbury, Snow Hill, and Westminster, and sub-offices in Chestertown and Frederick.

The Charter of Maryland empowered Lord Baltimore to raise troops to put down insurrection or rebellion and to subdue the enemies of the province. Since that time the organization, maintenance, and administration of the State militia has been an integral part of the State's functions. The present military establishment of Maryland conforms to Title 32, U. S. Code and regulations issued pursuant thereto, and to the Militia Law of Maryland (Code 1957, 1964 Repl. Vol., Art. 65).

The Adjutant General is appointed by the Governor with the consent of the Senate and serves until his successor is appointed and qualified or until he is removed from office as a result of sentence imposed by court martial (Const. 1867, IX, 2). The Ranking Line Officer (at the present time also the Adjutant General) is head of the Military Department and exercises all his powers and duties under the Militia Law of Maryland.

The Military Department prepares all State forms and records required for use by the militia, and the reports and returns required by the Federal Government. It maintains a register of all commissioned officers, and service records of all officers and enlisted men of the Maryland National Guard.

The Ranking Line Officer is the custodian of all State and Federal property used by the organized militia and apportions and provides for the proper application of funds for the military establishment. He also maintains all State-owned armories located in Maryland and all other properties which may be occupied, purchased, or leased by the Military Department. The Ranking Line Officer makes all regulations for the use of such facilities, and applications for their use should be made to him. In addition, he is responsible for the administration, training, and supply of approximately 8,000 National Guardsmen, including 1,044 full-time employees (142 State-paid and 902 Federally paid).

In time of war or other national emergency when the National Guard is absent from the State, the Governor, as Commander-in-Chief of the militia, has the power to organize the Maryland State Guard.

Such forces are separate and distinct from the National Guard and are composed of officers, commissioned or assigned, and all able-bodied male citizens of the State who volunteer and are accepted for service. Members of the State Guard are uniformed as prescribed by the Governor, who also has the power to reduce or disband such forces when deemed necessary.

The Department of Maryland State Police, established by Chapter 303, Acts of 1935, is charged with the enforcement of the motor vehicle and criminal laws of the State. The Department is directed by the Superintendent, who is appointed by the Governor for a four-year term. The Department has State-wide jurisdiction except in incorporated municipalities which maintain a police force; within such municipalities its jurisdiction is limited to (1) when in pursuit of an offender or suspected offender; or (2) when in search of an offender

or suspected offender wanted for a crime committed outside of the limits of the municipality, or when interviewing or seeking to interview a witness or supposed witness to such a crime; or (3) when requested to act by the chief executive officer of the municipality in question or its chief police officer; or (4) when ordered by the Governor, to act within the municipality in question; or (5) when enforcing the motor vehicle laws of this State (Code 1957, 1964 Repl. Vol., Art. 88B, secs. 3, 4, 20, 23).

Through its Investigation Division the Department maintains fingerprint and photograph files; it cooperates with the FBI and other law enforcement agencies in the exchange of information regarding crime and criminals (Code 1957, 1964 Repl. Vol., Art. 88B, sec. 19); it is charged with the licensing of private detectives (Code 1957, 1964 Repl. Vol., Art. 56, secs. 75-92) and the registration of firearms (Code 1957, 1967 Repl. Vol., Art. 27, secs. 441-448).

In June 1962 the organization of the State Police was expanded to include an Intelligence Unit, the primary purpose of which is to collect, evaluate, file for ready reference, and disseminate intelligence on organized crime (Code 1957, 1964 Repl. Vol., Art. 88B, sec. 19).

In 1966, the General Assembly created a State Central Crime Records Bureau which is a repository of criminal data resulting from the submission of fingerprints and related information by law enforcement agencies and penal institutions throughout the State. For the purpose of uniform crime reporting, the Bureau also maintains statistical data on crime within the State (Code 1957, 1964 Repl. Vol., 1966 Supp., Art. 88B, sec. 19A).

The Central Accident Records Bureau, established in 1953, receives motor vehicle accident reports from all police agencies. It tabulates and analyzes such reports and publishes monthly summaries in cooperation with the Maryland Traffic Safety Commission (Code 1957, 1964 Repl. Vol., Art. 88B, secs. 42-48).

The Department, through safety talks and the display of moving pictures by its members, promotes highway safety. The Department maintains radio and teletype communication between its own installations and those of other law enforcement agencies within the State; it participates in a national teletype network; and it maintains a Police Academy for the training of its own personnel and these training facilities are available to other law enforcement agencies in the State.

In 1963, the Maryland State Police took over the police functions in connection with the operation of the John F. Kennedy Memorial Highway, the first toll road in Maryland.

Legislation in 1965 gave the State Police responsibility for licensing qualified garages and other facilities to make inspections and corrections of equipment and mechanisms and to certify that used motor vehicles, for which titles are sought, meet the equipment standards promulgated by the Department of Motor Vehicles (Code 1957, 1967 Repl. Vol., Art. 66½, secs. 429-36).

On January 1, 1967, the State Police assumed responsibility for the enforcement of the truck weight laws of the State (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 88B, sec. 21A).

The Department of Post-Mortem Examiners created by Chapter 369, Acts of 1939 to replace a decentralized system of local coroners, is directed by a commission composed of a representative of the State Department of Health, the Commissioner of Health of Baltimore City, the Superintendent of Maryland State Police, and the Professors of Pathology at The Johns Hopkins University and the University of Maryland. The Department replaced the coroners of Baltimore City by a Chief and two Assistant Medical Examiners, and the county coroners by Deputy Medical Examiners. In 1957 the General Assembly authorized three Assistant Medical Examiners and an Assistant Toxicologist and in 1965 an additional Medical Examiner

and a Serologist. The Commission appoints all personnel. The medical examiners investigate violent and suspicious deaths or deaths unattended by a physician throughout the State. They must file a report of all deaths investigated with the Office of the Chief Medical Examiner.

The records of the Department are open for inspection to the family of the deceased and are acceptable in Court as evidence of the facts contained. The county pays the Deputy Medical Examiners for each death investigated. The State Comptroller pays the salaries of the Chief Medical Examiner, the Assistant Medical Examiners, and the Toxicologists, and the expenses of performing autopsies in the counties and the transportation of bodies incident thereto. All other expenses of the Department are paid by the City of Baltimore (Code 1957, 1966 Repl. Vol., Art. 22).

The Maryland Police Training Commission was created by Chapter 286, Acts of 1966, to fulfill the need for improvement in the administration of law enforcement by raising the standards of training and education.

The Commission consists of ten members of whom seven are non-appointive office holders. These include the President of the Maryland Chiefs of Police Association, the President of the Maryland Law Enforcement Officers, Inc., the Attorney General of the State of Maryland, the Superintendent of the Maryland State Police, the Commissioner, Baltimore City Police Department, the President of the University of Maryland and the Agent in charge of the Baltimore office of the Federal Bureau of Investigation. The Governor appoints three police officials of the State with the advice and consent of the Senate for three year terms. Each appointive member must be from different

geographical areas of the State. The seven non-appointive members may be represented by alternates.

The Commission is authorized to set minimum standards in both recruit and in-service training. All State, county, and incorporated municipal law enforcement agencies are required to meet these standards. The Commission must also approve all training schools offering such training as to curriculum, facilities, equipment, and standards of operation and qualification of instructors. The Commission is also to encourage and promote educational courses in universities, colleges, and other educational institutions in the State (Code 1957, 1965 Repl. (Mailing address—P. O. Box 717, Baltimore 21203)

The State first took action to improve Maryland roads in 1898, when the General Assembly ordered the Maryland Geological Survey Commission to make a survey of State roads and write a report. In 1904 the first law authorizing State aid for road building put this program under the supervision of the Highway Division of the Survey Commission, which performed this function until the creation of the State Roads Commission by Chapter 141, Acts of 1908 (Code 1957, 1964 Repl. Vol., Art. 89B, secs. 1-235).

The State Roads Commission consists of seven members appointed by the Governor for terms of four years. The Chairman of the Commission, also known as the Director of Highways, is appointed from the State at large. One member is appointed from the Eastern Shore; one from Anne Arundel, Calvert, Charles, or St. Mary's counties; one from Allegany, Carroll, Frederick, Garrett, or Washington counties; one from Montgomery or Prince George's counties; one from Baltimore, Harford, or Howard counties; and one from the City of Baltimore. The six members are referred to as Regional Commissioners. These serve part-time, while the Chairman-Director devotes full time to his duties. At least two of the members must belong to whichever of the two leading political parties in the State is not the party of the Governor. The Chairman holds office at the pleasure of the Governor.

The basic function of the State Roads Commission is to construct and maintain an adequate State highway system which is adequate both from the standpoints of capacity and service, but also from those of safety. The responsibility for the fulfillment of this function is divided between the Commission and the Director of Highways. The Commission generally has the responsibility for the State's secondary system of highways, the toll facilities, employees' working conditions and salary recommendations, the extent to which consultant engineers are employed, and the making of recommendations to the Governor and to the Legislature of highway improvement programs and highway financing. The Commission adopts the general policies within which it and its organizational components operate. The Director of Highways has complete responsibility for the interstate and state primary system of highways, for the selection of consulting engineers, for the operation of the administrative, engineering, planning and programming, and right-of-way activities, and for carrying out the policies of the Commission. He is authorized to consult, confer, negotiate, and conclude agreements with the Bureau of Public Roads and other agencies of the United States government, representatives of other states, and other agencies within Maryland, and to execute contracts, agreements, and other documents authorized by the Commission.

Right-of-Way and legal offices are maintained in each of the engineering districts.

Because of this division of responsibility, the State highways are divided into various systems. The official State highway map published by the State Roads Commission constitutes the basis for distinguishing them. Highways of the interstate system are shown in green, those of primary system are generally designated in red; the secondary system, in black. However, the Director has the final authority to determine which highways are considered primary, and which secondary, after obtaining the advice and counsel of the Commission. The Director, in making this determination, considers present and future traffic volumes, as well as the geographic and economic importance of these highways. After conferring with the Commission, he may change from time to time the designation of a highway from Primary to Secondary, or vice versa, and determine the system into which new highways are placed.

The State Roads Commission also maintains, constructs, and administers the road systems of six of the twenty-three counties of the State. These counties are Cecil, Kent, Talbot, Calvert, Charles and St. Mary's.

The Commission meets a minimum of twice a month, and at such other times as the Director of Highways or the Governor deem this necessary.

The Attorney General of the State is the legal advisor to the Commission. A separate legal division within the State Roads Commission is under the supervision of a Special Assistant Attorney General. This office and staff is provided to furnish legal advice and counsel to the Commission, services required for right-of-way acquisitions, approval of all contracts and agreements and representation in court actions.

The Comptroller of the Commission, appointed by the Governor, is in charge of its finances and accounting, and controls in finances and accounting.

The Office of Finance, under his direction is charged with the keeping of all financial records for the Commission and with the preparation of financial and statistical reports and statements pertaining to revenues, bond proceeds, and all expenditures of the Commission.

The Deputy Director-Chief Engineer is responsible for the coordination and control of all internal activities. These include: Planning

and Safety which includes both short and long-range planning, urban transportation planning, traffic planning, programming and scheduling and traffic safety; Development, including locations, surveys, highway and bridge design and right-of-way acquisition; and Operations, which includes the field-oriented operations such as construction, maintenance, materials testing, research, traffic operations, and central supplies.

The Commission's activities are primarily centralized in its Baltimore offices. For operational purposes, however, the State is divided into seven engineering districts, which are:

- District No. 1, Salisbury: Carroll L. Brewington, Acting District Engineer, Telephone: 742-2102 (Dorchester, Somerset, Wicomico, Worcester counties)
- District No. 2, Chestertown: C. Roland Sharretts, District Engineer, Telephone: 778-3061 (Caroline, Cecil, Kent, Queen Anne's, Talbot counties)
- District No. 3, Greenbelt: William L. Shook, District Engineer, Telephone: 345-7100 (Montgomery and Prince George's counties)
- District No. 4, Brooklandville: Wilmer N. Barnes, Acting District Engineer, Telephone: 828-8900 (Baltimore and Harford counties)
- District No. 5, Prince Frederick: M. C. Thompson, Jr., District Engineer, Telephone: 535-1740 (Anne Arundel, Calvert, Charles, and St. Mary's counties)
- District No. 6, Cumberland: John D. Bushby, District Engineer, Telephone: 729-1600 (Allegany, Garrett and Washington counties)
- District No. 7, Frederick: Thomas G. Mohler, District Engineer, Telephone: 662-1171 (Carroll, Frederick and Howard counties)

The Office of Administration is responsible for the development and application of management plans and administrative procedures; personnel administration; communications facilities; office, reproduction and data processing services; public information services; the preparation of engineering agreements; and the enforcement of outdoor advertising regulations.

Financing the State Roads System

The State Roads Commission operates on Special and Capital Funds. The Special Funds include a portion of the Gasoline Tax, a portion of the Motor Vehicle Revenues (registration fees), the Excise Tax on the Issuance of Certificate of Title to Motor Vehicles, and Federal Aid appropriations.

State Highway Construction Bonds provide the Capital Funds. These were authorized under the issues provided by the 1947, 1953 and 1966 legislatures. The aggregate principal amount of bonds issued under Sections 191, 199, and 211A of Article 89B of the Code, outstanding and unpaid, is limited to \$360,000,000. The total principal amount of bonds which may be issued under these sections, however, is not limited to that amount. As of August 22, 1967, State Highway Construction Bonds at a total par value of \$449,500,000 will have been issued, of which amount \$280,767,000 is outstanding.

The State Highway Construction Bonds are secured by a pledge of appropriate portions of the Commission's share of the Gasoline Tax Fund and the Excise Tax on Issuance of Certificate of Title to Motor Vehicles. The remainder of such revenues, together with Federal appropriations and proceeds from the sale of State Highway Construction Bonds is available for construction purposes.

The Commission's fifty percent share of the Motor Vehicle Revenue Fund (registration fees) is dedicated for maintenance of the State Highway System. It is necessary, however, to transfer funds from those funds available for construction to supplement the Maintenance Fund. The 1967 General Assembly has authorized transfer not in excess of \$12,000,000.

The Commission is also empowered to assist the several counties of the State in financing the construction, reconstruction and certain major repairs of county roads through the issuance by the Commission of County Highway Construction Bonds (Code 1957, 1964 Repl. Vol., Art. 89B, sec. 211), secured by the pledge of certain of the State revenues allocated to the participating counties. Pursuant to the Act, the Commission is empowered to issue one series of its bonds in each year for a period of fourteen years, beginning July 1, 1954, on behalf of any of the several counties of the State, which indicate a desire to participate. The authority is granted subject to the limitation that at no time shall there be outstanding, under such authority, in excess of \$50,000,000 face amount of bonds.

JOHN F. KENNEDY MEMORIAL HIGHWAY

Thomas N. Kay, Administrator

Joseph R. Hartman, Chief Maintenance Officer

Administration Building (Perryville) 21903 Telephone: 575-6919

The State Roads Commission operates and maintains the John F. Kennedy Memorial Highway (formerly the Northeastern Expressway) which was constructed with revenue bond proceeds authorized by Chapter 1, Act of the Special Session of 1956 (Code 1957, 1964 Repl. Vol., Art. 89B, secs. 141-162A).

This toll road, which is a part of the Interstate Route 95, was opened to traffic on November 14, 1963. Its 42 miles extend from the

Delaware State line to White Marsh, north of Baltimore. Combined with the New Jersey Turnpike, the Delaware River Bridge, the Delaware Turnpike, and the Patapsco (Baltimore Harbor Tunnel), this highway is an integral segment of the major North-South traffic facility along the East Coast.

The administrative offices of the John F. Kennedy Memorial Highway are located at the Perryville Plaza Barrier where tolls for through traffic are collected. The State Roads Commission through its Finance and Accounting Division provides for the accounting and financial reporting. Toll statistics are recorded and compiled by the Toll Facilities Division at the Baltimore Harbor Tunnel Plaza.

By Chapter 264, Acts of 1966, the Administrator of the John F. Kennedy Memorial Highway was appointed from the classified service.

The traffic volume on the John F. Kennedy Memorial Highway for the 1966 calendar year totaled 8,578,644 vehicles. This produced \$8,542,000 of toll revenue and approximately \$1,300,000 of concessions revenue.

Harbor Tunnel Plaza,
Frankfurt at Childs 21203 Telephone: 355-3500

The State Roads Commission operates and maintains the three major bridges indicated above and the Harbor Tunnel Thruway (Patapsco Tunnel, under Baltimore's harbor). These facilities were constructed with the proceeds from the sale of revenue bonds authorized under the Revenue Bond Act of 1937 (Code 1957, 1964 Repl. Vol., Art. 89B, secs. 163-181).

Currently, the four projects handle approximately 30,934,000 toll transactions annually and produce revenue of more than \$17,095,000

which is utilized for debt service after deduction of maintenance and operating costs.

The administrative offices and the accounting and maintenance bureaus for these facilities are centralized in the Administration Building adjacent to the Fairfield Portal of the Tunnel.

The Chesapeake Bay Toll Bridge is one of the largest over-water structures in the world. It is composed of 123 spans extending across 4.35 miles of the Chesapeake Bay between Sandy Point on the Western shore to a point near Stevensville on the Eastern shore of Maryland. The combined length of the project, including roadway approaches, is 7.11 miles. The traffic lanes between the suspension towers are 2,922½ feet in length and 198½ feet above the Bay to a total height of 354 feet. This bridge was opened to traffic on July 30, 1952. It is located on two of the principal motor arteries, U. S. 301 and U. S. 50. At the request of the General Assembly the State Roads Commission renamed the Chesapeake Bay Toll Bridge the William Preston Lane, Jr. Memorial Bridge in 1967 (Res. No. 21, Acts of 1967).

The Susquehanna River Toll Bridge spans the Susquehanna River from a point near Perryville in Cecil County to a point near Havre de Grace in Harford County. It is 7,613 feet long and was opened to traffic on August 28, 1940. It is on another main highway, U. S. 40.

The Potomac River Toll Bridge, from a point near Newburg in Charles County Maryland, to a point near Dahlgren, Virginia, over the Potomac River, is 11,446 feet in length and was opened to traffic on December 15, 1940. It is on U. S. 301. The State Roads Commission redesignated the Potomac River Toll Bridge as the Gov. Harry W. Nice Memorial Bridge in 1967.

The Harbor Tunnel Thruway, opened to traffic on November 30, 1957, provides a North-South by-pass of the City of Baltimore as well as rapid motor transit from one area of the City to another. In addition to the twin tunnels under the Patapsco River, which are 1.7 miles in length, it has approximately 18 miles of access roads and approaches usable only by Tunnel patrons. These access roads, in addition to connecting with principal traffic arteries in the City, provide a link between such through routes as U. S. 40 North and U. S. 40 West, the Washington Expressway, and immediate connections to U. S. 1 North and South, and to U. S. 301 South.

The Bureau of Control Surveys and Maps, established by Chapter 628, Acts of 1939 but inactive during World War II, was reactivated by the State Roads Commission in 1951 (Chapter 284, Acts of 1951). This Bureau is directed by an advisory board consisting of the Chief Engineer of the State Roads Commission, the Director of the Maryland State Planning Department, the Director of the Department of Public Improvements, the Director of the Maryland Geological Survey, and the Dean of the College of Engineering of the University of Maryland. It coordinates the activities of the various agencies engaged in mapping and surveying in the State; promotes the use of the Maryland Plane Coordinate System for engineering projects; through field observations, extends the control network for use in highway surveys; and maintains a complete file of control, both horizontal and vertical, available throughout the State (Code 1957, 1964 Repl. Vol., Art. 91, secs. 30-35). The funds for the operation of the Bureau are provided in the budget of the State Roads Commission.

Michael A. Noppinger, Deputy Commissioner

Telephone: 761-4500

The Office of the Commissioner of Motor Vehicles was established by Chapter 207, Acts of 1910. The Commissioner, who is a career employee, serves as the Director of the Department. Because of the rapid growth in the responsibilities and duties of the Department as a result of the steady increase in both motor vehicle registrations and the number of motor vehicle operators, the Department of Motor Vehicles was reorganized along functional lines in 1960 and 1961 to serve the public better.

Division of Driver Licenses

The Division of Driver Licenses examines all applicants for motor vehicle chauffeurs', motor vehicle operators', and motorcycle licenses in the State, requiring them to demonstrate successfully their visual acuity, their knowledge of Maryland's motor vehicle laws, and their ability to operate a motor vehicle or motorcycle. The Division conducts examinations at Departmental headquarters at Glen Burnie and at the twenty-three other locations throughout the State. Each oper-

ator must renew his license every two years and all applicants must be eighteen years of age or older. Those applicants who are sixteen and seventeen years of age can be issued licenses upon the successful completion of a course in driver education approved by the State Department of Education.

The Driver Records Section of the Division is responsible for the maintenance of all driver records including the assessment of penalty points issued under the Maryland Point System Law. Under this law, individuals are assessed points according to the severity of moving traffic violations for which they are convicted. An accumulation of eight points normally results in a suspension of driving privileges. An accumulation of twelve points results in the revocation of the license. Individuals whose privileges are revoked or suspended under the Point System must be re-examined before their privileges can be restored.

The Department established Driver Rehabilitation Clinics within the Division of Driver Licenses in 1962 to assist in the rehabilitation of unsafe drivers. In order to retain or regain their licenses, individuals identified through the Point System and by other driver control methods as unsafe must satisfactorily complete the Clinic's eight-hour course. The Department conducts clinics in the evening at its headquarters at Glen Burnie and at key locations throughout the State. Clinic instructors also work with various community and civic groups in establishing voluntary driver improvement programs.

The Department established its License Review Program to assist further in the rehabilitation of unsafe drivers and in the identification of individuals with improper driver attitudes. Under this program, License Reviewers meet with errant drivers at hearing rooms at Glen Burnie and at various other sections of the State. The quasi-judicial hearings are designed to review driving records with individuals and to determine their attitudes. On the basis of these interviews, License Reviewers submit their recommendations regarding actions to be taken by the Department in relation to an individual's driving privileges.

The Commercial Driving School Section of the Division has the responsibility for the licensing and regulation of commercial driving schools in Maryland. In addition, the Section works closely with representatives of the State and local boards of education in the inspection of school busses. The Section's activities in this area, however, do not relate to the mechanical features of busses but are concerned principally with insuring that busses carry certain specified safety equipment.

The Medical Advisory Board consists of eighteen doctors appointed by the Commissioner to advise him on the medical aspects of driver licensing. In cases where an individual's physical or mental condition may affect his driving ability, the Commissioner relies on the Board for professional guidance.

The Financial Responsibility Section of the Division is responsible for the processing of accident reports and in providing some measure of protection to all citizens against personal injury or property damages arising out of motor vehicle accidents. All persons involved in accidents resulting in personal injuries or in property damage in excess of \$100 must report the accident to the Financial Responsibility Section. Failure of an individual to report such accidents and his failure to file evidence of financial responsibility in the form of a Certificate of Insurance, or bond, or failure to secure releases from other parties can result in the suspension of his driving privileges. If he fails to satisfy final judgments of \$100 or more, this can also result in the suspension of his driving privileges pending compliance.

The Division also maintains a staff of forty-nine investigators who secure the return of operators' or chauffeurs' licenses and tags from those drivers who have had their privileges revoked or suspended. These investigators also assist in determining whether or not unsafe drivers have been sufficiently rehabilitated. They also assist the Vehicle Registration Division in the regulation of automobile dealers in Maryland.

Division of Vehicle Registration

The Division of Vehicle Registration is essentially responsible for the titling and registration of all passenger and commercial motor vehicles in Maryland. This Division also collects the three percent Titling Excise Tax imposed on vehicles titled in the State and for assessing and collecting the proper registration fees. These two sources of revenue comprise the bulk of the approximately \$85,000,000 which the Department anticipates collecting in the fiscal year 1968. The Division also works closely with the Unsatisfied Claim and Judgment Fund Board in determining whether or not an applicant for license tags has his vehicle insured in the minimum amounts of \$15,000 and \$30,000 for the personal injury liability and the \$5,000 for property damage liability insurance. Any applicants who have insufficient liability insurance must pay a specified fee into the Unsatisfied Claim and Judgment Fund before the Department can issue his tags.

The Commercial Insurance Section administers the commercial vehicle insurance laws of the State. These laws require that all owners of commercial vehicles operating for hire within the State and all taxicabs not operating under permit of the Public Service Commission or not otherwise specifically exempted, must file with the Department a Certificate of Insurance in the minimum amounts of \$25,000 and \$50,000 for personal liability insurance and \$10,000 for property damage liability and obtain a gratis permit to be carried with the vehicle at all times.

The Automobile Dealer/Salesman Licensing Service administers the dealer licensing and bonding laws of the State. Under these laws, automobile dealers and their salesmen are required to meet certain criteria established by law and enforced by the Department. For the protection of both consumers and taxpayers, dealers and salesmen are required to post security bonds of \$5,000 and \$10,000 respectively. Dealers who violate the licensing and bonding provisions of the law or other sections of the motor vehicle code relating to the titling and registration of vehicles or who engage in unethical or unfair business practices are subject to the loss of their licenses. The Automobile Dealer/Salesman Licensing Service also issues bulletins periodically advising dealers of changes in laws, procedures and rules and regulations.

The Division of Vehicle Registration also cooperates with the State Police and other law enforcement agencies in the administration of the used car inspection program. The Division establishes the minimum standards for used cars and also establishes procedures for the suspension of the license tags of vehicles cited as unsafe by the Automotive Safety Enforcement Division of the Maryland State Police when the motor vehicle owner has not corrected any defects. The Department prepares and distributes all forms for the administration of the used car inspection law.

The Division of Vehicle Registration also administers the reciprocity agreements with other States and jurisdictions and maintains both an alphabetical and a numerical registration card filing system to aid law enforcement and others who desire prompt vehicle registration

information. Finally, the Division, coordinates the Division's activities with the State Use Industries in license tag production and distribution.

Division of Audits and Accounts

This Division institutes proper accounting and auditing procedures so that the Department can maintain effective internal control over all its operations. The Division is also responsible for the coordination of budget requests from the various Division directors. It works closely with the Commissioner and the members of his executive staff in the preparation of the Department's annual budget.

Because much of the revenue collected by the Trial Magistrates and the Judges of the People's Courts throughout the State is derived from fines and costs of traffic violations, auditors for the Division work closely with members of the Courts of Limited Jurisdiction and their staffs in establishing effective accounting and bookkeeping systems within their courts and in auditing their records periodically. There are more than 520 sources of revenue to the State from courts, sheriffs' offices and the offices of local State's Attorneys which is accounted for in large measure by auditors of the Department of Motor Vehicles.

The Division of Audits and Accounts also develops and distributes the Maryland Uniform Arrest Ticket. This ticket not only eliminates, in large measure, the use of different type arrest tickets by various agencies, but it also permits the Department to locate outstanding tickets rapidly for the quick identification of unsafe drivers and the proper accounting of State revenue.

Division of Data Processing

The Division of Data Processing captures and stores all records which deal with driver licenses and driver records, vehicle registration, Uniform Arrest Ticket accountability as well as that relating to other programs administered by the Department.

The replacement of manual filing systems by a computerized one which requires less space offers the Department greater security for its records as well as quick access to information that is never out of file. In addition to improved recordkeeping, the development of a data processing system provided the Department with an excellent tool with which to conduct research and to test the effectiveness of existing programs. This will also facilitate coordination with various Federal and State agencies in the development of a national highway safety program.

Division of Administration

The Division of Administration maintains the Department's physical plant and equipment. The Division also operates the communications room on a twenty-four hour, seven day a week basis. Personnel who operate the room are in constant contact with law enforcement agencies throughout the State and furnish them with a continuous flow of information about driver licenses and driver and vehicle registration records.

The Division's Personnel Office interviews and screens applicants for positions with the Department. It also secures temporary employees to cope with increased workloads periodically caused by registration and other procedures.

The Division also maintains a print shop where many of the scores of forms used by the various Divisions of the Department and law enforcement agencies are printed. It also operates a telephone answering service to handle the thousands of calls received at the Depart-

ment daily; a tag shipping room to facilitate the distribution of millions of license tags; a garage to insure that vehicles used by Department license examiners, investigators, license reviewers and others are kept in good running condition; a medical officer to render aid when needed to both employees and the many hundreds of citizens who visit the Department daily; and a stockroom to provide storage for the Department's forms, license tags, equipment and documents required to be kept by the motor vehicle laws.

The Commissioner represents Maryland on the National Vehicle Equipment Safety Commission. He also works closely with representatives of other States in the development of minimum standards for automotive equipment. The Department also works closely with members of the American Association of Motor Vehicle Administrators in the development of the most efficient program in the field of motor vehicle administration.

All fees collected for the registration and titling of motor vehicles and all fines collected are deposited by the Department to the credit of the Motor Vehicles Revenue Fund (Code 1957, 1967 Repl. Vol., Art. 66½, secs. 4-6, 10, 22-29, 90, 116-35, 341; 1967 Supp., Art. 66½, secs. 8, 86A, 114A, 118-123). In 1966 these fees amounted to \$69,195,929.90.

Ex officio members: John R. Jewell, Commissioner of Motor Vehicles; Newton I. Steers, Jr., Insurance Commissioner.

Appointed members: J. Cavendish Darrell, 1968; Paul E. DuPont, 1968; Albert W. Hegwood, 1968; John T. Roberts, Jr., 1968; *Vacancy*, 1968.

Manager: John H. Calhoun

Assistant Manager: Henry B. Suter

Chief Account Clerk: Josephine R. Brewer

6601 Ritchie Highway, N.E. Glen Burnie 21061 Telephone: 761-4732

The Unsatisfied Claim and Judgment Fund Board, established by Chapter 836, Acts of 1957, consists of the Commissioner of Motor Vehicles and the Insurance Commissioner, ex officio; four representatives of insurers appointed annually in July by the Insurance Commissioner for one-year terms, and four members representing the public appointed annually by the Governor by Chapter 557, Acts of 1965.

The Board administers the Unsatisfied Claim and Judgment Fund, which was created from the following sources: (1) an \$8.00 fee paid on April 1 or May 1, 1958, for each uninsured motor vehicle by the person registering the vehicle; (2) a \$1.00 registration fee paid on April 1 or May 1, 1958, for each insured motor vehicle by the person registering the vehicle; (3) 0.5% of the net direct written premiums of each insurer for the year 1958.

Beginning on December 30 of each year, the Board is to estimate annually the amount necessary to enable the Fund to pay claims against it for the following year. If there is a deficiency, the Board is to make it up as follows: (1) the insurers are to pay a sum not greater than 2% of the aggregate net direct written premiums of all

insurers during the preceding calendar year; (2) persons registering uninsured motor vehicles are to pay a fee arrived at by dividing the deficiency by the number of uninsured motor vehicles registered during the preceding registration year. Effective June 1, 1965, the Board may set the uninsured motorist fee at its discretion. The uninsured assessment for the registration year of 1967-1968 resulted in a \$35.00 fee assessed against uninsured motorists.

Qualified persons who have suffered property damage or personal injury in motor vehicle accidents involving uninsured motorists and who have recovered judgments of more than \$100, but who have been unable to collect the sums due, may apply to the Court for an order directing payment from the Fund. The maximum amounts payable from the Fund after April 1, 1965, are (1) \$15,000 for injury or death of one person in any one accident; (2) \$30,000 for injury or death of more than one person in any one accident; and (3) \$5,000 for damage to property in any one accident less \$100 deductible per claim. The \$100 deductible does not apply to personal injury judgments arising out of accidents occurring after June 1, 1966. Under certain circumstances, claims may be settled without court action. Persons who have failed to pay judgments may not hold a driver's license or register a car in Maryland until they have reimbursed the Fund with interest (Code 1957, 1967 Repl. Vol., Art. 66½, sec. 174).

The Maryland Traffic Safety Commission, organized by Chapter 274, Acts of 1941, consists of eighteen members appointed by the Governor for six-year terms, one-third of these terms expiring every two years.

The Commission seeks to promote traffic safety on the streets and highways of Maryland; to coordinate the activities of public and private agencies interested in, or affected by, the problems of traffic safety; and to assist such agencies to augment their programs by study, education, and information. The Commission has enlisted the aid of business associations, civic groups and newspapers in the promotion of traffic safety. It has also utilized radio, television, newspapers, billboards, safety conferences, lectures and exhibits. The Commission also plans State-wide safety programs and works with national organizations in the promotion of traffic safety. In cooperation with the Department of State Police the Commission issues releases to the media on traffic accidents and fatalities in the State (Code 1957, 1967 Repl. Vol., Art. 41, secs. 229-30; 1967 Repl. Vol., Art. 66½, sec. 341d).

The Board of Natural Resources was originally created by Chapter 508, Acts of 1941. This Act combined ten independent natural resources agencies into five equal departments, each of which is administered by a Director. In order to coordinate the activities of these departments, the same Act created the Board of Natural Resources which consisted of the directors of these five departments and six members appointed by the Governor for six year overlapping terms. By Chapter 72, Acts of 1964 and Chapter 688, Acts of 1966, the General Assembly reorganized the Board and augmented and clarified its functions.

The present Board consists of nine appointed members, including the Chairman, eight members representing natural resources agencies, and representatives of each of three agencies advisory to the Board. The appointed members serve for four-year terms.

The Board is primarily a review board which is to study, evaluate and coordinate the activities of its member agencies; to review Federal and county natural resources programs and to recommend procedures for coordinating State, Federal, and county natural resources programs. The Board maintains a catalog of public land used for natural resources purposes and reviews and makes recommendations on all proposals for the acquisition of additional land for such purposes. The Board also maintains a natural resources library for the use of the Board and the member agencies. The Board publishes the *Maryland Conservationist* bi-monthly, as well as pamphlets, books, maps, and other educational materials on the natural resources of the State and an annual report covering the activities of the Board and its eight member agencies (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 1-5).

DEPARTMENT OF CHESAPEAKE BAY AFFAIRS

The Commission

Chairman: Dr. Harry C. Byrd, 1968
 Jeremiah Valliant, 1968; Albert I. Baker, 1969; Richard E. Lankford, 1970; Lawrence O. Hayden, 1971.

The Department

Joseph H. Manning, Director
 Louis N. Phipps, Jr., Deputy Director
 Edward S. Digges, Special Assistant Attorney General

State Office Building, Annapolis 21404 Telephone: 268-3371

The Department of Chesapeake Bay Affairs, established by Chapter 82, Acts of 1964, superseded the Department of Tidewater Fisheries, created by Chapter 508, Acts of 1941. In creating the new Department, the General Assembly stated its intention to confer upon it the authority and responsibility for the "planning, development, management, and conservation of the Chesapeake Bay and all other tidal waters and the shorelines and bottoms thereof." Specific responsibilities include water-oriented recreation development, shore erosion control, waterways improvement and maintenance, and the issuing of permits for the mineral exploration and exploitation of the Chesapeake Bay bottoms.

The Commission consists of five members appointed by the Governor by and with the advice and consent of the Senate for four-year terms. Two of the members must reside on the Eastern Shore, two represent the Western Shore, and one must reside in either Charles, Calvert, or St. Mary's counties. The Commission elects its Chairman annually, subject to the approval of the Governor.

The Commission acts in an advisory capacity to the Director, considers the need for resource development from the points of view of the economic and social interests of the citizens of the State, approves long-range plans and programs of the Department, and reviews the annual budget request. The Commission exercises regulatory authority as conferred upon the Department by Articles 14B (State Boat Act) and 66C (Natural Resources).

The Director is appointed by the Governor by and with the advice and consent of the Senate. The present Director is under the merit system. His successor will serve at the pleasure of the Governor. As the administrative head of the Department, the Director is responsible for the exercise of all the powers and duties conferred upon the Department. He serves as a member of the Board of Natural Resources and the Atlantic States Marine Fisheries Commission.

The Department has made substantial progress in restoring the productivity of the commercial fisheries in Maryland. Oyster production has increased from an all-time low of 1,243,497 bushels in the 1962-1963 season to a modern high of 3,014,670 bushels during the 1966-1967 season, as a result of vastly increased production of seed oysters by the State. Maryland now produces more than seventy-five percent of the entire U. S. catch of soft shell clams. The State leads the nation in the production of striped bass (rockfish) and is second only to Virginia in the production of blue crabs. The landed value of Maryland's fishery products rose from \$11,729,000 in 1964

to \$14,012,000 in 1966. The Department expects substantial further increases in 1967.

The phenomenal growth of recreational boating has imposed heavy responsibilities on the Department. This has necessitated the enlargement, retraining, and re-equipping of the Maryland Marine Police. This unit now mans forty-three mobile field units, including forty-two inboard cruisers and a 5-place helicopter equipped for search and rescue operations. Forty-eight high-powered outboards supplement the fleet during the boating season, and the full-time force of 122 men is augmented by 20 part-time inspectors on weekends and holidays. The Department accomplished the retraining of personnel by the establishment of the Maryland Marine Police Academy in March 1963. All law enforcement personnel are now qualified in skills which enable them to provide maximum service in the field of public safety. Many have received advanced training in scuba diving, underwater demolitions, and other skills. The Maryland Marine Police is believed to be the largest, best-trained, and best-equipped unit of its kind in the world.

Under legislation enacted in 1964, and amended in 1966, Maryland offers up to fifty percent funding for the construction of shore erosion control structures, which is substantially more than any other state. The Department offers, in addition, technical advice and assistance to Maryland property owners who have shore erosion problems.

The General Assembly in 1964 established the Waterways Improvement Program, which is supported by a three percent titling tax on boats. This is imposed in lieu of the three percent sales tax which owners formerly paid. These funds have enabled the Department to conduct an active program of improvements to our waterways, including the construction of launching ramps and piers, the dredging of channels and harbors, the clearing of aquatic vegetation, and a boating safety education program. Many of these projects have been financed on a matching fund basis with the counties or with the Federal government.

The Department also provides State administration of the Commercial Fisheries Research and Development Act (Public Law 88-309), The Anadromous Fish Act (Public Law 89-304), and The Jellyfish Act (Public Law 89-720). The Department carried out many useful research and development projects during 1966 and 1967 under the provision of these acts, with a fifty to seventy-five percent funding by the Federal government.

The Department of Game and Inland Fish, established by Chapter 354, Acts of 1939, superseded the Conservation Department. The Department is associated with the Board of Natural Resources and is directed by a non-salaried five-man Commission, appointed by the Governor from the several geographical regions of the State for five-year terms, one term expiring each year. The Commission elects a Chairman and a Vice Chairman from its membership and appoints the Director of the Department. The Department enforces the game and fresh water fish laws and such additional regulations as it enacts for the conservation of the resources in its charge. Such rules may restrict the terms of the game and fresh water fish laws (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 14, 111-233).

The Department being a Special Fund Agency, receives its total operational funds from the sales of hunting and angling licenses, fines, sale of products from Department-owned lands, and nominal

assistance from the United States Government, under the provisions of the Federal Aid in Fish and Wildlife Restoration Acts.

As of June 1967, the Department owned twenty-nine Wildlife Management Areas, totaling approximately 70,000 acres, and twenty-eight public fishing lakes and ponds, totaling approximately 230 surface areas. In addition, the Department leased many other areas which are managed under the Maryland Cooperative Wildlife Management Program, providing for small game and mourning dove hunting.

The Department has also initiated the program of reestablishing the wild turkey, involving the trapping and the subsequent release of suitable birds on the Eastern Shore and in Western Maryland.

In all sections of Maryland, the Department has especially emphasized habitat improvement on private and public lands for the purpose of increasing wildlife populations. In cooperation with the Department of Forests and Parks, it manages wildlife populations on more than 100,000 acres of State Forest lands.

The Commission owns and operates a fresh water fish hatchery for trout at Beaver Creek in Washington County. It also owns and operates trout rearing stations at Bear Creek, Garrett County. A warm water fish rearing station is located and operated near Elkton, in Cecil County. Approximately 100 major surface water areas, containing more than five acres each, have been stocked with warm and cold water species and over 100 streams received quotas of commercially purchased or State-hatchery reared fish annually.

The Department rears over 100,000 (30,000 lbs.) adult trout (brook, brown, and rainbow) each year and 50,000 fingerlings. In addition, over 50,000 adult trout and 150,000 fingerling trout were obtained from the U. S. Fish and Wildlife Service. Approximately 2,000,000 walleye fry were also obtained for the Reservoir Management Program.

The Department has also initiated the basic inventories of all major game animals and bird species to guide future management decisions.

Over sixty years ago, John and Robert Garrett of Baltimore donated 1,917 acres in the Swallow Falls area of Garrett County to the State with the proviso that a Forestry Service be established

in Maryland for the protection of woodlands and the advancement of forestry. By Chapter 294, Acts of 1906, approved on April 5, 1906, the General Assembly created a Board of Forestry to manage the acreage.

The Board of Forestry was succeeded in 1941 by the present Department of Forests and Parks, which was established "to promote, administer and manage all State-owned forests, parks, scenic preserves, parkways, historic monuments and recreation areas." The Department is responsible for the administration of all laws, rules, and regulations relating to such properties (Chapter 508, Acts of 1941).

The Director, who is the administrative head of the Department, has responsibility for the seven major divisions.

The Administration Division ties the other six divisions into a cohesive, coordinated unit and provides the services required for their support. All divisions are interwoven in their scope of operations, and the Administration Division is concerned with every phase of departmental activities. The four district offices at La Vale, Laurel, Salisbury, and Bel Air are a part of the Administration Division and function as arms of the office of the Director.

Some 2,600,000 acres of forest land are located in Maryland. About 125,000 acres of this total are State-owned, and comprise the ten State forests administered by the Department at Savage River, Cedarville, Doncaster, Elk Neck, Green Ridge, Pocomoke, Potomac, Swallow Falls, Wicomico and Seth. These multiple-use forest areas produce wood fiber for industry and provide hunting, fishing, camping, picnicking, wildlife habitat, soil and water protection and areas for research and demonstration. Such studies encompass projects on insects and diseases, plant genetics, site studies, and various elements of timber management.

Maryland's forest acreage is distributed among three topographic regions. The Appalachian Province of the State contains 588,000 acres. The Piedmont Province has 515,000 acres, and the Coastal Plain Province, 1,535,000 acres. Since the initial gift from the Garrett Brothers, the Department has acquired, through gift and purchase, approximately 160,000 acres of land.

The Department has established a nursery capable of producing ten million seedlings annually for reforestation. Through the four districts, the Department is developing modern forest culture and protection for every forested area of the State. In cooperation with County Forestry Boards, it administers Maryland's Forest Conservancy Districts Act and cooperates with State and Federal agencies and the wood-using industry in the many facets of a complete public forestry program.

Since 2,586,000 acres are covered by timber, forest lands in Maryland are of great economic importance and the proper management of this valuable natural resource is imperative.

Reforestation is vital to a continuous supply of marketable timber. During the 1966 fiscal year, the Department of Forests and Parks produced and distributed more than five million seedlings which were used to plant six thousand acres of private forest land.

The Forest Division manages the South Mountain-Catoctin watershed. A watershed is a natural collection area for rain and snow, much of which eventually contributes to the supply of water in main streams. Well-managed watersheds have trees, shrubs and ground cover which intercept and hold this precipitation. The Forest Division also implements a comprehensive fire control program for the protection of Maryland's woodlands. Without this forest protection, there

would be no forest acreage or recreation facilities to administer. In recent years, the State has been among the leaders in forest fire prevention and control. Only on one occasion in the past decade has more than 2,000 acres burned in any single year.

The State is divided into nine fire control areas, each with a supervisor and from one to six forest rangers. There are thirty-four fire towers scattered across the State, from extreme Western Maryland to the lower Eastern Shore. The central command post is located at the Long Hill station in Anne Arundel County.

The Department is constantly expanding its campaign for forest fire prevention in every way possible and has achieved an excellent record over the years. The efficiency of the suppression program is evidenced by the reduction in the annual loss from forest fires, which has been kept well below the national average for seventeen consecutive years.

The Information Division, in effect, is the Department's link with the general public. Since the taxpayer's money is being spent to provide him with the best possible forests and parks program, it is important that he be kept well informed of the Department's activities. This is accomplished through the medium of newspapers, radio and television, and implemented with brochures, reports, displays and talks presented to civic groups, clubs and other organizations. This Division also processes requests for information which come through the mail. The Division also endeavors to keep forests and parks personnel abreast of developments by way of a monthly newsletter.

Recognizing a long-standing need for a full-time attorney to handle the legal problems arising from land acquisition, condemnations, oil and gas leases and similar matters, the 1966 General Assembly authorized the creation of the position of Special Assistant Attorney General for the Department. The Legal Section, also advises the Commission on Forests and Parks and renders opinions to all divisions of the Department.

The Parks Division endeavors to provide a well-distributed and accessible system of parks throughout the State. These areas include scenic and historic sites, plus a variety of informal types of outdoor recreation. Included in the system are facilities for camping, picnicking, swimming, boating, fishing, horseback riding, and similar activities.

Last year, more than four million visitors utilized the facilities administered by the Department, from Swallow Falls in Western Maryland to Assateague on the Atlantic Coast. By 1976, the Department expects a total visitor load of twelve million persons each year. The Department also expects that this figure will zoom to twenty-five million by the year 2000, an increase of 625 percent over the present use.

At the present time, there are twenty-three State parks in full operation. Seven additional parks are open on a limited basis while they are under development and five are in the acquisition stage. Shad Landing, Martinak, Assateague, Gunpowder, Seneca Creek and Susquehanna are available to the public, but with limited facilities. Three new parks, Greenbrier, Janes Island and Gunpowder-Hammerman opened on a limited basis in 1966. In addition, the Department also made major improvements at Point Lookout, Cedarville and Assateague State Parks.

The Department has parks located in every section of the State. In Western Maryland are Cunningham Falls, Dan's Mountain, Deep

Creek Lake, Fort Frederick, Fort Tonoloway, Gambrill, Gathland, Washington Monument, New Germany, Big Run, Herrington Manor, Swallow Falls, Greenbrier and Rocky Gap. Those in Southern Maryland include Cedarville, Sandy Point, Smallwood, Patapsco and Point Lookout. Shad Landing, Wye Oak, Martinak, Milburn Landing, Assateague, Janes Island and Tuckahoe are located on the Eastern Shore. Elk Neck, Deer Creek, Gunpowder and Susquehanna are located in northern Maryland. Maryland, like other States, is faced with a steadily increasing population. This factor, combined with anticipated boosts in personal income, automobile registration and leisure time, has created a pressing demand for more recreation areas. Recognizing this, the Department has compiled a master plan for outdoor recreation to study the demands and needs for these facilities and to present an action program to provide them.

The Department's land acquisition program continues to expand. Last year, more than 5,000 acres were purchased for State park purposes. In addition, some 105 tracts are now in various stages of acquisition.

The Planning Division was created in 1964 to plan and design forests and parks facilities. Planning personnel also collect and amass data to determine future needs, perform all phases of planning from reconnaissance of the area to inventories of its resources, compile master development and site plans for proposed new parks, do the necessary field work, prepare maps for land acquisition and supply the working drawings submitted to contractors for bidding.

To study and appraise the recreation needs of the State, the Department has established a recreational service which cooperates in the promotion and organization of local recreation systems for political subdivisions, and assists the State and Federal agencies and other groups in the promotion of recreation programs. These functions are performed by the Recreation Division without charge and its services are available upon request.

If revenues and fees collected by the Department are subtracted from the operating cost, the State Park system of Maryland serves the visitor for less than eighteen cents per person.

The Maryland Geological Survey was established by Chapter 73, Acts of 1964, to supersede the Department of Geology, Mines, and Water Resources, created by Chapter 508, Acts of 1941, to supersede the State Geological and Economic Survey Advisory Commission, the Water Front Commission, and the Water Resources Commission.

The Department is directed by a five-man Commission appointed by the Governor for five-year terms, one term expiring each year. The Commission selects its own chairman and appoints the Director of the Department. The Director supervises activities that deal with geology and water; the Bureau of Mines supervises the mining industry.

The Department supervises topographic, geologic, hydrographic, and magnetic surveys. It prepares topographic, geologic, and such other maps as may be necessary to meet a specific need. It makes reports on the extent and character of the State's geology, mineral and water resources. The Survey publishes from time to time County Geologic Reports, Reports of Investigations, Water Resources Basic Data Reports, and Information Circulars. In addition, the Survey publishes County Topographic Maps, County Geologic Maps, a State Geologic Map, and a State Planimetric Map.

The Director serves as the Chairman of the Land Reclamation Advisory Committee created by Chapter 114, Acts of 1967 (Code 1957, 1967 Repl. Vol., 1967 Supp., Art. 66C, sec. 660).

In cooperation with the United States Geological Survey, it makes surveys of the water resources of the State. It investigates and recommends plans and policies for the protection of the State's water-fronts against erosion. It licenses gas well drillers and issues a permit for each well to be drilled in the State. The Commission also makes and enforces rules to conserve the State's oil and gas resources (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 15-17, 675-95).

BUREAU OF MINES

Harry B. Buckley, Director

City Building, Westernport 21562

Telephone: Fleetwood 9-4031

The first Mine Inspectors were appointed by the Governor in 1878 to serve in Allegany and Garrett counties (Chapter 157, Acts of 1878). These inspectors functioned independently, reporting only to the Governor, until 1916, when they were placed within the Board of Labor and Statistics by Chapter 410, Acts of 1916. The inspection powers became a function of the Bureau of Mines upon its organization in 1922 as a unit of the Department of Labor and Statistics (Chapter 307, Acts of 1922). When the Board of Natural Resources was organized in 1941, the Bureau was transferred to the Department of Geology, Mines and Water Resources. The Director of the Bureau is appointed by the Governor from a list of eligible persons certified by the State Commissioner of Personnel. The Bureau of Mines inspects all mines within the State for proper sanitation, ventilation, and safety standards in all mining operations. All persons or corporations engaging in open-pit or strip mining operations are required to register with the Bureau before starting operations and to report periodically during such operations. Effective June 1, 1955, all strip-mining operators must obtain a permit from the Bureau, pay a filing fee of \$200, and furnish bond at \$100 per acre, said bond to be released when acreage has been backfilled and meets with the approval of the Director of the Bureau. During the 1959 Session, the General Assembly amended the Strip Mining Law; and, effective June 1, 1959, the operator must pay a filing fee of \$50, and furnish bond at \$300 per acre, no bond being for less than \$1,200. By Chapter 618, Acts of 1963, the amount of bond in Garrett County was increased to \$500 per acre. By Chapter 514, Acts of 1965, the amount of bond in Allegany County was increased to \$500 per acre. No bond is to be less than \$2,000. No operator who has previously forfeited any bond posted pursuant to stripping activities or who had failed to pay royalties or wages due during such activities is to be permitted to strip any area by open-pit mining. In addition, no pond in Garrett County may be constructed in lieu of back-filling. By Chapter 144, Acts of 1967, the laws relating to the open pit or so-called strip mining or auger method of mining coal were revised. The Bureau of Mines examines all applicants for certificates of competency as mine foremen, assistant mine foremen, and fire bosses. It conducts classes in mining operations throughout the western part of the State and furnishes training in gas detection to men applying for first-class certificates and fire boss certificates of

competency. This work is being done in cooperation with the United States Bureau of Mines (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 486-674).

Mine Examining Board

Chairman: Harry B. Buckley
Leslie T. Foote, Miners; J. J. Walker, Operators

The Mine Examining Board, created by Chapter 307, Acts of 1922, consists of the Director of the Bureau of Mines, who also acts as Chairman of the Board, and two persons appointed by the Governor, one representing the miners and the other the operators. Each appointee serves until his successor is appointed and qualifies. The Board examines applicants for the rating of first-class mine foreman and fire boss and issues "certificates of competency" to each successful applicant upon payment of the stipulated fee (Code 1957, 1967 Repl. Vol., Art. 66C, secs. 486-674).

Maryland Commission on Mining Laws

Chairman: Donald Moran
Kenneth Bray, Chelsie A. Liller

The Maryland Commission on Mining Laws, created by Chapter 36, Acts of 1950, consists of three members, one of whom represents the mine operators, one the mine employees, and one a representative of the minority party. The Governor designates the Chairman.

The Commission reviews the mining laws from time to time and recommends any necessary changes. The Commission also has the authority to make recommendations as to personnel, equipment and mining safety (Code 1957, 1967 Repl. Vol., Art. 66C, sec. 491).

DEPARTMENT OF WATER RESOURCES

Water Resources Commission

Chairman: Maurice Siegel
Members: Dr. R. Lamar Green, 1968; Robert J. McLeod, 1969;
J. Henry Schilpp, 1970; Don A. Emerson, 1971.

The Department

Director: Paul W. McKee

State Office Building, Annapolis 21404

Telephone: 268-3371

The Department of Water Resources was created by Chapter 73, Acts of 1964, upon the recommendation of the State Planning Department and on the basis of recommendations made in 1961 as a result of a study of the future administration of Maryland water resource activities. The water pollution control functions of the predecessor agency, the Water Pollution Control Commission, originally created by Chapter 697, Acts of 1947, were transferred in their entirety and without substantial change to the new Department. The Department also took over certain powers and duties previously exercised by the Department of Geology, Mines and Water Resources (which itself was reorganized and renamed Maryland Geological Survey). The Department replaces the abolished Water Pollution Control Commission as a member department of the Board of Natural Resources.

Also created at the same time was the Water Resources Commission which consists of five members, all of whom are appointed by the Governor by and with the advice and consent of the Senate. The Chairman has an indefinite term. He is designated by and serves at the pleasure of the Governor. Initially, Commission members were appointed to staggered terms of 1 to 4 years; subsequent appointments will be for terms of four years each.

The Department is responsible for supervising and planning the multiple purpose development of the waters of Maryland, including the making of surveys, maps, and investigation of the water resources. A joint study with the Departments of Game and Inland Fish and Chesapeake Bay Affairs, to define boundaries of tidal and nontidal waters, is specifically authorized and has been completed. In addition, the Department has assigned functions in the appropriation of waters (both surface and ground); the construction of reservoirs, dams and waterway obstructions; the abatement of water pollution; the drilling of wells and the licensing of well drillers; and the development of a long range flood control program.

The Commission is responsible for the promulgation of rules and regulations; hears, and rules on, appeals made by any person aggrieved by a final decision of the Department; and acts in an advisory capacity to the Director (Code 1957, 1964 Repl. Vol., Art. 96A).

The State Planning Department was created by Chapter 543, Acts of 1959 as the successor to the Maryland State Planning Commission, established by Chapter 39, Acts of the Special Session of 1933.

The State Planning Department functions "as the Governor's Staff Agency in planning matters," and prepares and keeps up-to-date a program for the development and effective employment of all State resources, known as the State Development Plan. To this end the Department studies "the resources of the State and . . . existing and emerging problems of agriculture, commerce, transportation, population, housing, public service, local government" and other matters that affect the development of Maryland. It also "prepares the State's capital program in collaboration with the Department of Budget and Procurement and . . . assists in the preparation of the annual capital budget." In addition, it acts "as an advisory . . . and coordinating agency," harmonizing its planning activities with those of State or local government agencies and providing these agencies with planning assistance. It also attempts to stimulate "public interest and participation in the development of the State". The State Planning Department, through its Director and Staff, represents the State on River Basin Planning Projects conducted by Federal Government agencies in the Susquehanna, Potomac and Ohio River Basins. The Director is also the State representative on multi-State Advisory Committees on the Susquehanna and Potomac River Basins, and serves as liaison with the Bureau of Outdoor Recreation, U. S. Department of Interior, on developing open space and recreation plans to implement provisions of the "Land and Water Conservation Fund Act". The Director is also Chairman of a special Advisory Council to the Board of Public Works on Administering the Federal Higher Education Facilities Act of 1963 and the Higher Education Act of 1965, the function of which is further explained elsewhere. The Director of the State Planning Department is appointed by the Governor and serves at his pleasure.

The law provides for a State Planning Commission within the State Planning Department to advise and assist the Director. The Commission consists of nine members: Seven are appointed by the Governor for four-year terms; the other two represent the House of Delegates

and the State Senate and are appointed by the Speaker of the House and the President of the Senate respectively.

The Commission may establish subcommittees to which it may delegate any of its functions. It is also to (1) "study and report from time to time upon the effectiveness of planning in the State;" (2) "evaluate the effectiveness of this Article, and . . . urge its revision or amendment whenever necessary;" (3) "receive and approve, disapprove, or resubmit to the Director of State Planning recommendations concerning the establishment of regional or metropolitan areas;" (4) "hold public and private hearings and sponsor public forums in any part of the State" (Code 1957, 1964 Repl. Vol., 1965 Supp., Art. 88C).

The Regional Planning Council was created by Chapter 753, Acts of 1963, as the official successor to the Baltimore Regional Planning Council, which was terminated in August 1964. The prior agency had been operating as an arm of the State Planning Department since 1956.

By Chapter 7, Acts of 1967, the requirements for membership on the Council were changed so as to provide that a majority of the Council members must be "elected officials." This change qualifies the Regional Planning Council to be a recipient of Section 701g funds under the Federal Housing and Urban Development Act. The 1967 amendment also made the Policy Committee of the Area Coordinating Committees on Regional Development (ACCORD) and the Regional Planning Council one and the same. The ACCORD Committee fulfills a requirement of the Federal Highway Act of 1962 and is responsible for coordinating the transportation and highway programs with other planning activities. Its fusion with the Regional Planning Council simplifies the decision-making and review processes in the Baltimore Region regarding transportation and highway matters.

The Council's area of jurisdiction covers Baltimore City and Anne Arundel, Baltimore, Carroll, Harford and Howard counties. Its membership of twenty-six persons consists of three representatives from each of these six member jurisdictions, the Director of the State Planning Department, the Chairman-Director of the State Roads Commission, a member of the Metropolitan Transit Authority, a member of the Maryland Port Authority, a member of the State Senate, a member of the House of Delegates, and two members-at-large. The last four members are appointed by the Governor. Of the three members from each of the six jurisdictions, the following are members: the Mayor of the City of Baltimore, the County Executives of Baltimore and Anne Arundel counties, the President of the Baltimore City Council, the Chairman of the County Council in Baltimore and Anne Arundel counties, a member of the Boards of County Commissioners from Carroll, Harford and Howard counties, and a member of the Planning Commissions or advisory boards of each of the six member jurisdictions. The elected officials representing the six member political subdivisions have the right to designate an alternate to act in their absence.

The Regional Planning Council is to prepare and adopt a comprehensive plan for the development of the Region. The plan must contain a statement of objectives, standards and principles, recommendations for the most desirable general pattern of land use, a circulation pattern, a suggested general location for public and quasi-public facilities which are of regional concern, and recommendations for regulatory and administrative measures to implement the General Development Plan. In addition, the Regional Planning Council has the usual research and advisory functions associated with planning agencies.

Once the General Development Plan has been adopted by the Regional Planning Council, no plan may be adopted by any unit of government within the area, and "no road, park, public way, public buildings, or any other development which is metropolitan or regional in nature or affects an area greater than a single unit of government, may be constructed or authorized in the Regional Planning Area

until and unless the proposed location and extent thereof has been referred to the Regional Planning Council for its consideration". It was thus the intent of the Legislature that the Regional Planning Council be consulted on every improvement which directly affects more than one unit of government, that it have an opportunity to determine what effect such a contemplated improvement will have on the General Development Plan, without, however, giving the Council an actual veto power.

The Regional Planning Council receives two-thirds of its budget from the six political subdivisions of the Region and one-third from the State. The portion of each of the subdivision's share of the budget must be in the same ratio as their respective assessed value of real property is to the total for the Region; in no event can it be an amount which exceeds the amount that would be produced by a levy of an ad valorem tax of ½¢ per \$100 (Code 1957, 1965 Repl. Vol., Art. 78D).

BANK COMMISSIONER

William A. Graham, Bank Commissioner, 1971
John D. Hospelhorn, Deputy Bank Commissioner
H. Sadtler Nolan, Chief Examiner
Charles C. Ehrig, Senior Examiner

One North Charles, 2005 Blaustein Building
Baltimore 21201 Telephone: 383-3010

The office of the Bank Commissioner was created by Chapter 219, Acts of 1910. The Bank Commissioner is appointed by the Governor for a term of four years. The Department has general supervision over all banking institutions in the State other than national banks. It must examine each institution at least twice in eighteen months and at such other times as the Commissioner may deem expedient and at

any time upon request of the board of directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by law, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is placed in final liquidation. The law further provides for the removal by the Bank Commissioner of any director or officer of any State banking institution who shall have violated or continue to violate any law relating to such an institution, or shall have continued unsafe or unsound practices in conducting the business of such institution after having been duly warned by the Bank Commissioner to discontinue such violations of law or such unsafe or unsound practices. If a banking institution, excepting a national bank, fails, the Bank Commissioner acts as receiver, liquidates its assets, and terminates its affairs under the jurisdiction of the court. The Commissioner may delegate this power to the Deputy Commissioner or a senior examiner (Examiners IV and III). Every bank and trust company is required to submit to the Bank Commissioner, under oath, at least three reports in each calendar year; such reports must exhibit in detail the resources and liabilities of the institution and show its true condition. These reports are published in the local newspapers. All mutual savings institutions are required to report their condition to the Commissioner on June 30 and on December 31 of each year. The December 31 report of such institutions is required to be published. The Commissioner's office examines the reports, and when necessary, verifies them and corrects any irregularities or recommends changes.

All new State banking institutions must organize under the supervision of the Department and must obtain from it a certificate before opening for business. The Bank Commissioner must approve all applications for a branch office made by a State bank, trust company, or mutual savings institution, and must pass upon all amendments to their charters. He must also approve any mergers or voluntary liquidations. On June 30 of each year he must make a written report to the Governor (Code 1957, Art. 11, sec. 26).

The General Assembly of 1929 passed what is known as the "Credit Union Law," which provides that any seven or more persons, residents of this State, may apply to the Bank Commissioner for permission to organize a Credit Union. The Commissioner supervises all such Credit Unions (Code 1957, Art. 11, secs. 135-62).

The Department also has jurisdiction over industrial finance companies under the provisions of the "Industrial Finance Law," passed in 1945. The Act generally provides that no person or corporation may charge interest or other charges in the aggregate above that permitted by law on loans of fifteen hundred dollars or less if this person or corporation is not a licensee under the terms of the law. All companies and individuals transacting business under the terms of this statute must secure a license from the Bank Commissioner. At least once in every thirty-six months, the Department is required to examine each licensee; and each licensee must submit to the Commissioner an annual report setting forth such information as the Commissioner may reasonably require. The Bank Commissioner has the power to revoke or suspend licenses for infractions of the law. He also has the power to exempt certain companies from the terms of the "Industrial Finance Act." Automatically exempted from the Act are those companies and individuals that are doing business under the terms of the "Small Loan Law," which is administered by the Administrator of Loan Laws (1957 Code, Art. 11, secs. 163-205).

The Maryland Currency Exchange Law, which became effective on January 1, 1960, requires the Bank Commissioner to supervise and

regulate the selling or issuing of checks, drafts, and money orders for a fee or service charge. Persons who wish to transact such business in Maryland must qualify with the Bank Commissioner and procure an annual license from him (Acts 1959, chap. 597). By Chapter 390, Acts of 1967, the General Assembly enacted a "Secondary Mortgage Law" which provides generally for the licensing of persons in the business of negotiating secondary mortgage loans and to provide for regulations. It places the responsibility upon the Bank Commissioner to license and regulate the business as well as to supervise all licenses. This new law becomes effective on January 1, 1968 (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 66, secs. 39-70).

BANKING BOARD

Ex officio member: Louis L. Goldstein, Comptroller of the Treasury.

Appointed members: Charles M. Miller, Associated Mutual Savings Banks of Maryland, 1969; J. Robert Sherwood, Maryland State Bankers' Association, 1971; John E. Motz, Baltimore Clearing House, 1973.

The Banking Board, established by Chapter 489, Acts of 1935, is composed of the Comptroller of the Treasury, and three members appointed by the Governor from lists of nominees submitted by (1) the Baltimore Clearing House, (2) the Associated Mutual Savings Banks of Baltimore, and (3) the Maryland State Bankers' Association. Members hold office for six years. The members of the Banking Board are subject to the call of the Bank Commissioner to confer and consult with him in any matter concerning the business of any State banking institution upon which the Commissioner requests their advice and counsel. The law further provides that the Board's functions shall be purely advisory, to assist the Commissioner with sound and impartial guidance, as additional protection in maintaining the business of banking and banking institutions throughout Maryland in such manner as will give the fullest possible protection to the interest of depositors and stockholders (Code 1957, Art. 11, sec. 27).

DEPARTMENT OF BUILDING, SAVINGS AND LOAN ASSOCIATIONS

The Department

Allan D. Housley, Director, 1971

301 W. Preston Street, Baltimore 21201 Telephone: 383-3010

The Department of Building, Savings and Loan Associations was originally created by Chapter 205, Acts of 1961. Because of the filing of petitions for a referendum, it was necessary to hold a Special Session in 1961. Chapter 1, Acts of the Special Session of 1961, was enacted as an emergency law pending the outcome of the referendum. The operation of the Department at that time was under the Director of the Department of Assessments and Taxation. At the November 1962 election, the voters approved the enactment of Chapter 205, Acts of 1961, and, as the result, the Department became an independent agency.

The Department supervises and regulates the organization and operations of State-chartered building, savings and loan associations. The Department also examines regularly the affairs of each association at least once a year, if possible, to determine compliance with the Act, as well as regulations and policies, procedures and practices of the savings and loan business. As of June 30, 1967 there were 249 State-chartered associations actively engaged in business in Maryland which are subject to the supervision and regulation of the Department. In addition, there were 21 other associations under exclusive supervision of the courts.

The Director of the Department is appointed by the Governor for a term of six years. The Director, with the approval of the Board of Building, Savings and Loan Association Commissioners appoints the Deputy Director, the examiners, and such number of additional employees as may be provided for in the budget.

Provisions are made in the law with respect to investments, withdrawal of accounts, taxation, promotional activities, management and functions of such businesses, including class and type of securities, and allocation of profits, reserves and dividends. Provisions are also outlined for the branching, consolidation, merger, and the dissolution of associations. In addition, provisions are made for conservators and receivers for such businesses; exempting accounts of such businesses from the Maryland Securities Act of 1962; the creation of a Board of Building, Savings and Loan Association Commissioners; and providing penalties for failure or refusal to comply with certain provisions of the Act (Code 1957, 1966 Repl. Vol., Art. 23, secs. 161A-161KK).

The Board of Building, Savings and Loan Association Commissioners consists of seven members appointed by the Governor with the advice and consent of the Senate for four-year terms.

Four members shall have been engaged as officers or directors of, or attorneys for, a building, savings and loan association, the principal place of business of which is located in this State, for at least five years prior to their appointment. Three of the industry members shall have been actively engaged as officers or directors of, or attorneys for, a building, savings and loan association chartered or incorporated under the laws of the State of Maryland, the free share accounts of which are not insured by the United States government. One of the industry members shall have been actively engaged as an officer or director of, or attorney for, an association, the free share accounts of which are insured by the United States government. The remaining three members of the Board are selected from the public at large. The public members must not have served during the twelve months prior to their appointment as officers of, directors of, or attorneys for, any association, and shall not serve in that capacity while they are members of the Board. At least three members of the Board shall be residents of Baltimore City and at least three members shall be residents of the counties of Maryland. For purposes of geographical qualification, an industry member may be considered either a resident of the subdivision in which is located the public place of business of the association for which he serves as an officer, director or attorney,

or in the alternative, a resident of the subdivision in which he actually resides.

The Board recommends the names of five persons qualified to be Director to the Governor. The Board also has full power to advise and make recommendations to the Director on questions within the scope of his authority; to submit to the Governor proposed amendments to the building, savings and loan association laws; to establish methods and standards to be used in making examinations of associations for the evaluation of assets of associations and for advertising and promotional activities by the associations; and to make, adopt, modify and amend such rules and regulations as may be reasonable and necessary (Code 1957, 1966 Repl. Vol., Art. 23, secs. 161A-161KK).

The State Insurance Department was first created by Chapter 388, Acts of 1872, as a part of the office of the Comptroller of the Treasury. The Department became an independent agency by Chapter 106, Acts of 1878. The General Assembly made further changes by Chapter 747, Acts of 1939, and created the present Department by Chapter 938, Acts of 1945.

Under the direction of a Commissioner appointed by the Governor for a four-year term, the Department enforces laws and regulations affecting workers and employers and promotes harmony between industry and labor through mediation and arbitration of labor disputes and the holding of consent elections. In addition to offering the services of Apprenticeship and Training, the Department is responsible for the enforcement of the following laws: Occupational Safety, Minimum Wage, Wage Payment and Collection, Equal Pay for Equal Work, Child Labor, Hours of Labor for Females, Work—Hours of in Factories, Factory Inspection and Industrial Registration, and Boiler Inspection. WORKMEN'S COMPENSATION COMMISSION

William R. Hughes, 1969; J. Franklyn Bourne, 1970; Harold Lee Frankel, 1977; Joseph I. Paper, 1977; Maurice Cardin, 1978; Helen Elizabeth Brown, 1979.

The Workmen's Compensation Commission, created by Chapter 800, Acts of 1914 as the State Industrial Accident Commission, received its present name by Chapter 584, Acts of 1957. Under the provisions of Chapter 238, Acts of 1961, the Commission was increased from five to seven members, all of whom must be appointed by the Governor by and with the advice and consent of the Senate. The initial appointments of the Chairman and four associate commissioners dated from February 1, 1958, and were for periods of eight, nine, ten, eleven, and twelve years. The appointments of the two additional commissioners dated from February 1, 1961, and were for four years each. As each term expires, the Governor shall appoint a person to the full term of twelve years, or until his successor has been appointed and qualified.

Like its predecessor, the Commission administers the Workmen's Compensation Law. It hears contested cases and holds hearings throughout the State; it receives reports of accidents and adjudicates

claims for compensation arising under the law; and it investigates companies and firms which fail to carry insurance under the terms of the Act. The Chairman sits on the trial of cases when his administrative and executive functions permit (Code 1957, 1964 Repl. Vol., Art. 101, secs. 1, 2, 5, 16, 38-40).

In recent years, the General Assembly has made many important changes in the Workmen's Compensation Act. Among the most important have been acts increasing maximum temporary disability payments to \$55.00 weekly; increasing maximum permanent total disability payments to \$55.00 weekly; and increasing the maximum total payable for total disability to \$30,000. Other laws have broadened the law in hernia cases; established a broad form of a Subsequent Injury Fund; and removed limitations on payments of medical expenses. In 1951, the Act included many additional payments; also, for the first time, Maryland came to be what is known as a nonscheduled State for Occupational Diseases. In 1965, the Serious Disability Section was added. This provides for a greater amount and rate of compensation for a workman who sustains a serious disability, as defined by the Law (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 101, secs. 21-36, 66).

Medical Board for Occupational Diseases

Chairman: James Frenkil, M.D., 1971

Whitmer B. Firor, M.D., 1967; John Sheldon Eastland, M.D., 1969

The Medical Board for Occupational Diseases was established by Chapter 465, Acts of 1939. The Governor appoints the members of the Board for six-year terms with the approval of the Senate, from lists of nominees submitted by the Deans of the schools of medicine of the University of Maryland and the Johns Hopkins University and the Medical and Chirurgical Faculty of Maryland. Each of these agencies submits a list of three persons, two of whom are experienced in occupational diseases, and one of whom is an experienced physician in good professional standing. Two must have had at least five years practice in the treating, diagnosis, and care of industrial diseases, and the third must have been trained in roentgenology and must have had five years practice and experience. The Governor designates the Chairman of the Board. The Board hears and adjudicates all claims for compensation for disability caused by an occupational disease. The decisions of the Board are subject to review by the Workmen's Compensation Commission (Code 1957, 1964 Repl. Vol., Art. 101, secs. 22-29).

Board of Appeals

A three-man Board of Appeals, appointed by the Governor for six-year terms, hears appeals on claims for benefits, appeals that arise under the taxing provisions of the Unemployment Insurance Law, and other matters that require appellate adjudication (Code 1957, 1964 Repl. Vol., Art. 95A, sec. 7g).

Advisory Council

The Governor appoints a State advisory council, and the Executive Director appoints local advisory councils, consisting of an equal number of representatives from the public, the employer, and the employee. The councils aid the Executive Director in formulating policies and discuss with him problems that arise in the administration of the law to insure impartial solutions of such problems (Code 1957, 1964 Repl. Vol., Art. 95A, sec. 12).

Unemployment Insurance Division

This Division supervises the Unemployment Insurance Program carried out by the local office. The Unemployment Insurance Division also collects contributions from employers covered by the Maryland

Unemployment Insurance Law, collects quarterly wage information on the employees of these employers, determines weekly benefit amounts in accordance with this wage information, issues benefit checks to local offices, reviews benefit payments to determine if any were improperly made, recovers improper payments, and pays benefits to individuals who formerly worked in Maryland, but who reside in other states, as provided by a reciprocal interstate agreement. The law provides for an experience-rating system under which employers who maintain steady employment are eligible for reduction in the rate of contributions. The Division also operates the Youth Opportunity Center and screens personnel for Job Corps.

Appeals Division

This Division, under the supervision of a director responsible to the Board of Appeals, conducts hearings on all appeals filed by claimants or employers from the determinations of claims examiners in the Department's local offices. Claimants may appeal from determinations disqualifying them for benefits, or employers from determinations allowing benefits, as the case may be. An Appeals Referee hears all such appeals. Any aggrieved party may further appeal to the Board of Appeals. Final appellate recourse is to the Courts of Maryland.

The Maryland Port Authority, a semi-autonomous State agency, was established by Chapter 2, Acts of the Special Session of 1956.

The Authority consists of five commissioners appointed by the Governor for five-year terms, one term expiring each year. Three of the five members must at all times be residents of Anne Arundel County, Baltimore City, and Baltimore County respectively. Of the other two, one must be a resident of the Western Shore of Maryland outside of Anne Arundel County, Baltimore City, and Baltimore County, and one must be a resident of the Eastern Shore of Maryland. The Governor designates one of the members to act as Chairman, and the members of the Authority annually elect one of its members as Vice Chairman.

The Commissioners appoint the Executive Director, who exercises such administrative powers as they delegate.

In creating the Maryland Port Authority, the primary objective of the General Assembly was to improve the facilities and strengthen the workings of the private operator. If private facilities are inadequate, however, or inadequately operated at any time, the Authority

may construct, and if necessary, operate supplementary public facilities (Code 1957, 1964 Repl. Vol., Art. 62B).

The Authority endeavors to promote and increase commerce within its territorial jurisdiction through public relations programs, publication of literature, purchase of advertising, solicitation of business by correspondence and traveling representatives, and participation in, and cooperation with, civic, technical, professional, and business organizations and association. To this end, the Authority currently maintains field offices in Pittsburgh, Chicago, New York, Brussels, Belgium, and London, England.

The General Assembly created the Department of Economic Development and the Economic Development Commission by Chapter 185, Acts

of 1959 "for the general purpose of advancing the economic welfare of the people through programs and activities to develop . . . the State's natural resources and economic opportunities pertaining to commerce, agriculture, mining, forestry, transportation, travel, tourism, and recreation, and to promote and encourage the location of new industries and businesses in the State . . . and . . . the retention and expansion of present enterprises . . . and to foster and develop gainful employment . . ." for residents of the State.

The Commission consists of twelve members appointed by the Governor with the advice and consent of the Senate. Members serve for six years and have overlapping tenure of office. Two represent the Eastern Shore; two, Central Maryland; two, Southern Maryland; two, Western Maryland; two, Baltimore City; and two, the State at large. Members serve without compensation and may be reappointed. The chairman is chosen by the Governor and serves at his pleasure. The Commission selects and the Governor appoints the Director of the Department.

The Department assembles and disseminates information in the interest of economic, industrial, and tourist development; conducts studies to determine areas of special economic opportunity for the State and ways of exploiting such opportunities for the maximum benefit of the State and its residents; enters into contracts; and is empowered to utilize all existing State agencies, boards, commissions, and institutions as sources of information, except in such cases as are provided by law to be confidential and secret.

The programs of the Department are carried out through its three Divisions:

The Business and Industrial Development Division promotes and publicizes Maryland's advantages and opportunities for the location of new business and industries and the expansion of existing enterprises, and works with prospects and communities toward these ends. It initiates and maintains contacts with business and industrial prospects, answers their requests for information, and informs them about all Maryland locations which might meet their requirements. It arranges for industrial prospects to visit Maryland communities of their choosing, and escorts them on such trips. The Division also assists, encourages, and cooperates with community, regional, and area development efforts, both public and private, including working with community groups in the preparation of Community Economic Inventories and other business and industrial reference and promotional publications.

The Research Division is responsible for the accumulation, analysis, and presentation of state-wide and regional economic data for the Department and for the conduct of studies to determine areas of special economic opportunity for the State and ways of exploiting such opportunities for the maximum benefit of the State and its residents. Insofar as is practicable the Division assembles, classifies, and makes readily available all data pertaining to Maryland's economic resources and problems; it analyzes that data and translates it into accurate and concise answers to authentic inquiries; makes special studies in response to unusual or important demands; and systematically explores Maryland's economy in search of special advantages for any particular industry, tourist or recreational facility or activity, or other beneficial economic opportunity. The Division also provides staff support for the Governor's Science Resources Advisory Board.

An additional responsibility of the Department of Economic Development is the coordination of the three separate programs of regional development inaugurated in the course of 1964 and 1965. Two of these programs are being carried out by special regional organizations, namely the Delmarva Advisory Council and the Tri-County Council for Southern Maryland, to the financial support of which the State

is contributing. The third program is designed to facilitate the participation of Western Maryland (Allegany, Garrett and Washington Counties) in the various developmental programs authorized under the Federal Appalachian Regional Development Act of 1965. This program is being carried out through the Department's Western Maryland Regional Development office, established in Hagerstown.

To enable the Department to discharge more effectively its responsibilities for the coordination of these three regional development programs, the position of Coordinator of Regional Programs was established in September, 1965.

The Western Maryland Regional Development Office is an integral part of the Department of Economic Development and functions as a field arm of that Department in the local coordination of plans and projects under the Appalachian program and the provision of staff support to Maryland's Representative on the Appalachian Regional Commission. The staff of the office will also assess the economic and resource potential of the three counties, consult with Western Maryland leaders to obtain their ideas for strengthening the area's economy, and seek to enlist broad-based public support and cooperation in regional development tasks. To assist in these tasks, the Appalachian Maryland Development Council was created and consists of civic, local government and business leaders. The initial budget for the period September 1, 1965 to December 31, 1966, was \$65,576. The budget for 1967 is \$77,896. In both budgets, 75 percent was supplied by a Federal grant under the Appalachian Act, and 25 percent by the State.

The Tourist Development and Publicity Division promotes and publicizes Maryland's tourist and recreational advantages. The Division actively cooperates with and assists local, regional, and state-wide travel, historical, and recreational groups in fostering and implementing activities and programs which will increase tourist travel and vacationing in Maryland. This includes the preparation and distribution of literature on Maryland's recreational, scenic, and historical assets, and publicizing and advertising the tourist and recreational appeals of the State. The Division also answers travel and tourist inquiries from publications, tourists, vacationers, residents, students, and public and private agencies. This involves mailing out hundreds of thousands of pieces of literature yearly and preparing many special reports and articles as well as radio and TV scripts and advertising copy.

In addition, the Commission may appoint boards and committees representing economic groups within the State to advise and assist in the accomplishment of the aims and fulfillment of the duties of the Commission (Code 1957, 1965 Repl. Vol., Art. 41, secs. 257-266).

By Chapter 415, Acts of 1965, the Governor and the Board of Public Works were authorized to appoint a State member and an alternate to the Appalachian Regional Commission to implement the Federal Appalachian Regional Development Act of 1965. In addition to the State's representatives and alternate, Maryland also has an elected regional representative selected by the majority of the thirteen states (Code 1957, 1965 Repl. Vol., Art. 78A, sec. 13A).

The Commission was created by the Appalachian Regional Development Act of 1965 (Public Law 89-4) to plan and coordinate projects and programs authorized by the Act for the development of the 13-State Appalachian Region, which includes the Western Maryland counties of Washington, Allegany, and Garrett. The Commission consists of a Federal Co-Chairman appointed by the President and one member from each participating state, who may be the Governor or his designee. A State Co-Chairman is elected periodically by the Governors.

Programs for Appalachian development authorized by the Act include the construction of a developmental highway system, access roads, health centers, vocational educational schools and sewage treatment works; the development of land, timber and water resources, the rehabilitation of areas damaged by strip and surface mining; and the establishment of local development districts to support economic development efforts at the local level. The Act authorizes the appropriations of \$1,092,400,000 to cover the Federal share of the cost of these programs, of which \$840,000,000 is earmarked for the construction of 2,350 miles of development highways and 1,000 miles of access roads over 5-year period. The Commission has approved the construction of a total of 78.1 miles of development highways in Maryland.

The Commission is not an operating agency. Its major function is the planning and coordination of programs and projects to be carried out under the Act by the appropriate Federal and State departments and agencies. The Commission can act only on those programs and projects which are submitted to it by State members. Its decisions require the affirmative vote of the Federal Co-Chairman and of a majority of State members.

The General Assembly authorized the establishment of the Development Credit Corporation of Maryland by Chapter 822, Acts of 1959, to stimulate business and industry in the State of Maryland by making loans for which money and credit are not otherwise available.

The Corporation consists of two classes of participants: members and stockholders. Only financial institutions—that is, institutions whose activities include lending or investing money—may become members. Members must loan funds to the Corporation upon demand up to limits that are set by law and based on financial capacity. All such calls for funds are to be prorated among the members in the proportion that the maximum loan limit of each bears to the aggregate loan limits of all members. Individuals and domestic corporations may become stockholders, but financial institutions may be stockholders only if they are also members. The authorized capital stock consists of two million shares of common stock with a par value of one dollar each.

The Board of Directors, consisting of fifteen members, exercises the corporate powers of the Development Credit Corporation. There are five economic regions: the Central Region (Baltimore, Carroll, Harford, and Howard counties); the Eastern Shore Region (Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester counties); the Southern Region (Anne Arundel, Calvert, Charles, Prince George's, and St. Mary's counties); the Western Region (Allegany, Frederick, Garrett, Montgomery, and Washington counties); and the Baltimore City Region. Initially, the Governor, the President of the Senate, and the Speaker of the House of Delegates each made five appointments to the Board, one from each region. The President of the Senate designated the chairman of this temporary board, and the chairman called the first annual meeting. At this meeting held on February 16, 1961, and at each annual meeting

thereafter, members of the Corporation from at least three of the five economic regions elect two directors from each region for one-year terms. These directors must be United States citizens and residents of the economic region from which they are appointed or must maintain a regular place of business there. The stockholders of the Corporation elect the remaining five directors for one-year terms; these must be United States citizens and residents of the State. The Board elects its own chairman. The Corporation may borrow or lend money and buy, hold, or sell real or personal property, including industrial plants or other business establishments.

The Corporation established Loan Committees of five members for each economic region. All requests for loans are to go through these committees, which will review the applications and make recommendations to the Board of Directors or Executive Committee. Final decision will lie with either of these bodies (Code 1957, 1966 Repl. Vol., Art. 23, secs. 412-419).

The Maryland Tobacco Authority, created by Chapter 61, Acts of Special Session of 1947, is composed of eight members appointed by the Governor for three-year terms. The Board elects its own Chairman.

The Authority may investigate and study any phase of tobacco marketing or production in the State, provide information about the tobacco price structure, and make recommendations for legislation to provide more effective handling of tobacco. The seven-man Commission is appointed to four-year terms by the Governor from a list of fruit growers approved by the Executive Committee of the Maryland State Horticultural Society. The Commission raises funds for publicity and advertising, sales promotion, education, and research to increase the demand for, and consumption of, Maryland apples. All apples of U. S. Number 1 Canner Grade or better, grown in Maryland and sold in commercial trade, are subject to a tax of one cent a bushel. However, the first five hundred bushels sold by any producer are tax-exempt. Commercial growers must report all apples sold during the crop season by December 31 each year. Apples sold after the season must be reported by the close of the following May. The Commission deposits the funds received from these sources with the State Treasurer in a Merchandising Fund, and none of this money may be used for any other purpose, operating expenditures excepted (Code 1957, 1964 Repl. - Vice Chairman: Richard D. Weigle, President, St. John's College
- Spiro T. Agnew, Governor; Louis L. Goldstein, Comptroller;
- William Baxter, President, Maryland Historical Society; John M. Nelson III, President, The Peabody Institute; Lincoln Gordon, President, The Johns Hopkins University.
- Morris L. Radoff, Archivist and Records Administrator
- Gust Skordas, Assistant Archivist
- Rex Beach, Assistant Records Administrator

- Record Center, 301 W. Preston Street, Baltimore 21201 Telephone: 383-3010

The Hall of Records Commission was created by Chapter 18, Acts of 1935. The Commission is an ex officio body. It supervises and controls the Hall of Records and appoints the Archivist, who has charge of the active management of the building and its contents.

State agencies as well as the counties, cities and towns of Maryland are authorized to offer for deposit at the Hall of Records all files, documents, and records not in current use. Should the Archivist decline to accept the materials offered, permission to destroy them

may be requested from the Board of Public Works. If permission is granted, a certificate of destruction must be filed at the Hall of Records.

While many records are offered to the Hall of Records Commission at the discretion of the custodians, all records which are in the court-houses of the State and which were created prior to April 28, 1788, the date of ratification of the United States Constitution by the State of Maryland, must be deposited at the Hall of Records. The records of all State agencies, boards, and commissions which are abolished or otherwise cease to function must also be transferred to the custody of the Hall of Records Commission. The Commission is authorized to prepare certified copies of all records in its custody.

State agencies are required by law to establish a continuing program for the management of their records. The Commission provides assistance and guidance in the development and furtherance of the State Records Management Program. The program provides for the use of records retention schedules which establish the period and manner of retention of records. Such schedules must be approved by the Hall of Records Commission, and when destruction is recommended, they must also be approved by the Board of Public Works. Whenever semi-current records having no permanent historical or administrative value are scheduled to be maintained for a limited number of years and then destroyed, they may be stored for this period in the two Record Centers operated by the Hall of Records Commission. The Hall of Records staff inspects the records and records management practices of all State agencies and reviews the proposals for the purchase or rental of record equipment, storage space, and services (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 54, secs. 1-11).

The Hall of Records staff microfilms or supervises the microfilming of all current deeds, mortgages, and releases recorded in the court-houses of the State. These microfilm copies are preserved at the Hall of Records for security purposes. Copies of some of these films are also deposited with the State Department of Assessments and Taxation for use in the preparation of tax maps. Limited facilities are available for the filming of records of the various State agencies.

By several Acts of Assembly, the Hall of Records has been designated as an official depository for the publications of all State agencies (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 40, sec. 53) and for all codes published by local governments, both county and municipal (Code 1957, 1966 Repl. Vol., Art. 25, sec. 32A; 1966 Repl. Vol., Art. 23A, sec. 8B). The Hall of Records Commission also edits, compiles, publishes and distributes the MARYLAND MANUAL (Code 1957, 1965 Repl. Vol., Art. 41, secs. 104-106).

The office of Commissioner of the Land Office was abolished by Chapter 489, Acts of 1966, a constitutional amendment which was ratified by the voters at the election held on November 8, 1966. Chapter 488 of the Acts of 1966, a companion act which became effective upon the ratification of Chapter 489, transferred the functions and responsibilities and also the employees of the Commissioner to the Hall of Records Commission. This transfer was accomplished on January 25, 1967.

Under the provisions of Chapter 355 of the Acts of 1967, the procedures relating to the issuance of land patents and the conduct of caveat hearings were extensively revised. The Archivist appointed by the Hall of Records Commission was designated as the Commissioner of Land Patents and assigned the responsibility of administering these procedures. In doing so, he acts independently of the duties imposed on him as Archivist (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 54, secs. 12-26).

The records formerly in the custody of the Land Office have now been transferred to the Hall of Records Building. The Hall of Records Commission serves as the official depository for the duplicate copies of subdivision plats sent to the Land Office as insurance against the loss of the originals.

The Maryland Historical Trust was created by Chapter 620, Acts of 1961, to have perpetual existence. Its purpose is to preserve and maintain historical, aesthetic and cultural properties, buildings, fixtures, and furnishings pertaining to the State of Maryland.

The Trust, which is a corporate body, is composed of fifteen trustees of whom the Governor, the President of the Senate, and the Speaker of the House of Delegates, or their representatives, are ex officio members. The remaining trustees were originally appointed by the Governor as follows: three for one year; three for two years; three for three years; and three for four years. As their terms expired, their successors were elected by a vote of the trustees for four-year terms. The trustees serve without compensation, and elect one of their number as chairman. The trustees may also appoint a Director and such other persons as may be necessary to operate the Trust. The Trust is to make a report annually to the Governor and the General Assembly together with any recommendations to further the purpose of the Trust (Code 1957, 1966 Repl. Vol., Art. 41, secs. 181A-181K).

The Maryland Historical Trust has initiated a three-year program by which it will select, purchase, and restore three or more historical buildings in Maryland. Buildings restored under this program may be resold with protective covenants to responsible buyers. This program will be operated as a revolving fund, for which the 1966 General Assembly appropriated \$120,000.

The 1966 General Assembly also appropriated a grants-in-aid fund amounting to \$35,000 for use to responsible organizations in Mary-

land, to assist them in saving important historical buildings. This fund is intended to encourage with gifts or loans those local projects in preservation by assistance to take option on property, or to help get a mortgage or bank loan, or to help meet a matching fund offer, or to launch or promote a drive for local funds.

The Maryland Historical Trust has also been granted \$30,000 from the General Emergency Fund to conduct a Statewide historic landmark survey so that the State can participate in the National Preservation Act of 1966 (Public Law 89-665). This survey would also be used in the National Register of Sites and Buildings.

The Courts of the Province were first authorized to examine persons seeking to practice law in 1715 (Acts 1715, chap. 48, sec. 12). The examination of attorneys remained as a function of the several courts of the State until 1898, when the Legislature created the State Board of Law Examiners (Chapter 139, Acts of 1898). The Board is composed of three members appointed by the Judges of the Court of Appeals. Twice yearly, in the winter and summer, in the City of Baltimore, the Board conducts examinations for admission to the Bar. It also passes upon the petitions of attorneys from other states desiring admission. The Board passes upon appeals from the findings and recommendations of the Character Committees of the various circuits. Law students expecting to practice in Maryland must register their intentions with the Board. The Court of Appeals formulates the rules governing the Board, but the Board may prescribe rules for the conduct of examinations, providing such rules do not conflict with those made by the Court (Code 1957, Art. 10, secs. 2-8).

The practice of Medicine was first regulated in Maryland by Chapter 429, Acts of 1888, which required that the State Board of Health license all physicians. By Chapter 296, Acts of 1892, the General Assembly created two Boards of Medical Examiners to carry on this function, one to represent the Medical and Chirurgical Faculty and the other the State Homeopathic Society. The Legislature of 1957 abolished the Homeopathic Board and the practice of medicine in Maryland is now regulated by one Board, composed of eight members elected from and by the members of the Medical and Chirurgical Faculty (State Medical Society). Two members are elected each year to serve for four-year terms. All members must be in active practice in the State (Code 1957, 1965 Repl. Vol., Art. 43, secs. 119-149).

The Board tests and licenses physicians for the legal practice of medicine in this State and for certain causes may revoke the license of any physician. Candidates for licenses must be graduates of medical

schools approved by the American Medical Association and the Association of American Medical Colleges, or of foreign medical schools that offer an equivalent education. All graduates of foreign medical schools who apply after January 1, 1959, must pass the examination given by the Educational Council for Foreign Medical Graduates. The Board determines qualifications for practice by (1) its own written examination; or (2) endorsement of licenses obtained in a reciprocating state; or (3) endorsement of a certificate of the National Board of Medical Examiners. Examinations are held in June and December of each year.

Effective June 1, 1967, the Board of Medical Examiners will license certain Osteopaths on the basis of endorsement, depending upon their qualifications (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 43, sec. 124).

Four members must be professional engineers and one a professional land surveyor. Land surveyors and professional engineers wishing to practice in the State of Maryland must apply to the Board for a certificate, supplying with their application evidence of their qualifications both in experience and training. The Board is a member of the National Council of State Boards of Engineering Examiners, which aids in the reciprocal licensing of engineers and seeks to promote uniform standards of licensing in all States.

Through the cooperation of the local chapters of the engineering fraternities, the Board seeks to secure voluntary compliance with the law and the maintenance of the ethical standards of the profession. However, the Board has specific powers of enforcement. These include the investigation of charges as well as the hearing of complaints of violations of the registration law, the power to subpoena witnesses and the submission of documents or other pertinent data, and the power to apply for relief by injunction to enforce the provisions of the law or to restrain any violation of it.

Chapter 192, Acts of 1967, completely revised certain laws relating to the qualifications and the licensing of professional engineers and land surveyors. This strengthened the present requirements for the practice of engineers and land surveyors by mandatory written exami-

The Education Commission of the States operates under the provisions of the Compact for Education which Maryland ratified by Chapter 128, Acts of 1966. The Commission was created to establish and maintain close cooperation and understanding among the executive, legislative, professional educational and lay leadership on a nationwide basis at the State and local levels. It also informs political and educational leaders of current trends and ideas in education, as well as to provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education. In addition, the Commission provides a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the United States, so that the executive and legislative branches of each State government and of the local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education. Maryland pays an annual fee of \$11,500 for its State membership assessment.

The same Act also created the Maryland Educational Council, which consists of seven members, of whom two are ex officio members and three are appointed by the Governor because of their interest in educational matters and who reflect the interests of the State government, higher education, the State educational system, and local education. Their terms coincide with those of the appointing Governor. The ex officio members are the Governor and the State Superintendent of Schools. The Interstate Commission on the Potomac River Basin was established by an Act of Congress in 1940, and the compact was ratified by the participating states shortly thereafter. Maryland ratified by Chapter 320, Acts of 1939. The Commission is composed of representatives from the United States Government, Maryland, Pennsylvania, Virginia, and West Virginia, and the District of Columbia. The representatives from Maryland include the Governor and two members, residents of the Potomac River Conservancy District, who are appointed by the Governor for two-year terms (Code 1957, 1965 Repl. Vol., Art. 43, secs. 407, 408). The Commission has jurisdiction over the Potomac River Conservancy District, which was created by the enabling Act. The District embraces an area of approximately 14,500 square miles with an estimated population of 3,000,000. The Commission (1) coordinates, tabulates, and summarizes existing data on the character, pollution, and condition of streams in the Conservancy District; (2) supplements existing data, when necessary, by conducting investigations; (3) promotes adoption by the signatory bodies of uniform legislation for the control of stream pollution; (4) disseminates information to the public on the effects of stream pollution and the objectives of the Commission; (5) cooperates with other organizations in studies of treatment methods for sewage and industrial wastes; (6) recommends to signatory bodies standards for cleanliness of streams.

The Interstate Commission is now in the process of amending the compact to enable it to function not only in water pollution control matters, but also in water resources conservation in the Basin. Maryland (Chapter 29, Acts of 1960), and the West Virginia and Pennsylvania legislatures have adopted these amendments. They will be considered by the Virginia legislature in 1966.

The Commission is financed by appropriations from each of the participating bodies.

The Interstate Advisory Committee on the Susquehanna River Basin was created by the joint action of the Executive and Legislative

leaders of Maryland, Pennsylvania, and New York to participate actively in studies and formulation of sound development programs for the Susquehanna River Basin. Each State is represented on the Committee by two appointees of the Governor and two of the Legislative branch, plus alternates for each.

The group coordinates with an overall study program conducted by the Army Corps of Engineers and presents the point of view of the States, as well as the expert knowledge of State officials and technical personnel in various aspects of the study considerations. The Committee maintains an office in Harrisburg, Pennsylvania, with a small staff which services and coordinates the activities of the Committee and develops from time to time specific background material on pertinent areas of concern. The Committee rotates its meetings throughout the Susquehanna Basin at regular intervals, often timing them to coincide with Corps of Engineers' meetings.

The Committee has completed a draft of an intergovernmental compact for the creation of a basin agency which has been approved by the legislatures of Maryland (Chapter 391, Acts of 1967) and New York and is being considered by the Pennsylvania legislature. The Interstate Advisory Committee on the Susquehanna River Basin operates on an interim basis until the signatories to the Compact have completed adoptive action and the Susquehanna River Basin Commission formed by the Compact becomes operative. The Committee operates with a staff of four persons with an annual budget of \$60,000, of which Maryland's share is \$12,000 (Code 1957, 1964 Repl. Vol., 1967 Supp., Art. 96A, secs. 59-74).

ATLANTIC STATES MARINE FISHERIES COMMISSION

Officers of the Commission

Chairman: Milton T. Hickman, Virginia

Vice Chairman: Dr. D. A. Adams, North Carolina

P. O. Box 2784, Tallahassee, Florida 32304 Telephone: 904 576-5212

The Atlantic States Marine Fisheries Commission is an outgrowth of the "Eastern Conservation Conference" begun in 1937. Seven states, including Maryland, drew up and ratified a compact in 1941. Maryland ratified by Chapter 435, Acts of 1941. This compact, assented to by the United States Congress and signed by the President in 1942, is the legal basis of the Atlantic States Marine Fisheries Commission, which today has a membership of fifteen Atlantic Seaboard States.

Each State is represented by three Commissioners, one of whom must be the chairman or director of the fisheries management agency, one a legislator and a member of the Commission on Intergovernmental Cooperation, and one selected by the Governor.

Maryland is represented by the Director of the Department of Chesapeake Bay Affairs and a member of the Intergovernmental Cooperation Commission, both of whom serve ex officio, and a resident of Maryland with knowledge and interest in marine fisheries problems appointed by the Governor for a three-year term. The Commission advises only, aiding in the development of joint programs dealing

with particular species of fish or bodies of water common to two or more states. These programs may result in uniform laws or varying but coordinated measures as the circumstances require. The Commission meets annually and in four regional groups as follows: (1) the North Atlantic States, (2) the Middle Atlantic States, (3) the Chesapeake Bay Area, and (4) the South Atlantic States. In place of special committees which in the past dealt with particular species, the 15th Annual Meeting created an overall scientific committee to digest scientific material and present condensed reports to the Commission. A similar committee was established to report on legal matters. The technical advice and research facilities of the United States Fish and Wildlife Service are available to the Commission and its member states. Each participating state contributes to the support of the Commission in proportion to the value of its Marine Fisheries catch as compared with the total Atlantic catch. The Commission issues mimeographed minutes of Annual, Section, and Committee meetings. The Annual Meeting minutes contain scientific appendices. The Commission also issues printed Annual Reports. All are on file in the office of the Department of Chesapeake Bay Affairs (Code 1957, 1964 Repl. Vol., Art. 66C, secs. 256-61). The Commission also publishes and distributes the Marine Resources Leaflet series, including introductory leaflet, Atlantic Menhaden, Soft-Shell Clam, Southern Shrimp, American Lobster, Summer Flounder, American Shad, and Striped Bass.

The Potomac River Basin Advisory Committee, originally known as the Interstate Advisory Committee on the Potomac River Basin, was created as a result of a conference attended by the Governors of Pennsylvania, Virginia, and Maryland and the President of the Board of Commissioners of the District of Columbia in Washington, D. C., on April 19, 1965. The Committee, which comprises three representatives of each of the five jurisdictions, is charged with the coordination of the development of the Potomac River Basin, to consult with and to advise the various Federal agencies dealing with the Basin, and to recommend the best possible kind of permanent interstate organization to pursue these tasks.

The Committee is preparing a draft of an intergovernmental compact for a permanent agency to guide the future development of the Potomac River Basin. When it is completed, the Committee will submit the compact draft to each legislative body for its consideration.

The Committee maintains an office in Washington, D. C., with a small administrative staff which services the activities of the Committee, accommodates Committee and sub-committee meetings, and provides a focal point for the coordination of the efforts between the interstate and Federal groups involved in the planning and development of the Potomac River Basin. The Committee and its staff operate with an annual budget of \$60,000, of which Maryland's share is \$15,000.

The Potomac River Fisheries Commission operates under the Maryland-Virginia Compact of 1958, which was authorized by an act of Congress. Maryland ratified the Compact by Chapter 269, Acts of 1959, subject to referendum held on November 8, 1960. The Commission is a semi-autonomous agency, but its work and policies are tied in very closely with the Department of Chesapeake Bay Affairs of Maryland and the Commission of Fisheries of Virginia. The purpose of the Commission is the establishment and maintenance of a program of conservation and improvement of the seafood resources of the Potomac River.

The Commission consists of six members, three from each state. The members from Maryland are all members of the Department of Chesapeake Bay Affairs, whose terms of office on the Commission corresponds with their terms of office on the Department of Chesapeake Bay Affairs. The Governor fills any vacancies which may occur. The Chairmanship of the Commissions alternates annually between Maryland and Virginia.

The Commission is financed by appropriations from each state, together with income and license sales available. The fisheries departments of both states supply the law enforcement for the Commission on the Potomac River (Code 1957, 1965 Repl. Vol., Art. 66C, sec. 261A).

In 1964 and 1965, both the Maryland and Virginia legislatures concurred in approving legislation and giving the Commission the authority to regulate and license the dredging of soft shell clams.

Each State annually appropriates \$50,000 to the work of the Commission. In addition, the Commission receives the proceeds from the sale of crab, oyster, fish and clam (all commercial) licenses and twenty cents per bushel oyster inspection tax.

This Commission has general planning and park jurisdiction over the Maryland-Washington Metropolitan District created by Chapter 448, Acts of 1927, and the Maryland-Washington Regional District created by Chapter 714, Acts of 1939. Both districts are within Montgomery and Prince George's counties adjoining the District of Columbia and embrace approximately 919 square miles and 1,001 square

miles, respectively. The 1967 estimated population of the entire Regional District is just over 1,000,000.

The 1967-1968 estimated taxable basis of the Montgomery County portion of the Regional District is \$2,330,000,000 and the Metropolitan District is \$2,330,000,000. The 1967-1968 estimated taxable basis of the Prince George's County portion of the Regional District is \$2,030,000,000 and the Metropolitan District is \$1,920,000,000.

The Commission has been given, through bi-county enactments of the Maryland General Assembly, definite jurisdiction over the regional planning of the Maryland-Washington Regional District, which includes all of Montgomery County and Prince George's County, excepting certain incorporated communities which retain their own planning and zoning authority.

The Commission is composed of ten members, five of whom must be residents of Montgomery County and five of whom must be residents of Prince George's County. Not more than three members from each county may be members of the same political party, and at least one member from each county must be a resident of the predominately agricultural portion of the county. Montgomery County members of the Commission are appointed by the County Council. Prince George's County members are appointed by the Prince George's County Board of County Commissioners. Appointments to the Commission are for four-year terms. Vacancies are filled in the same manner as appointments and for the unexpired term. The respective appointing authorities may at their discretion designate a member of the Commission from each county to serve on a full-time basis, and in so doing may designate the full-time members as chairman of their respective planning boards. The Commission then elects one of these full-time members as chairman of the full Commission and the other as vice chairman.

The five members from each county constitute the County Planning Board. The Chairman and the Vice Chairman of the Commission also act as Chairmen, respectively, of their County Planning Boards. The Commission appoints its Executive Director, Secretary-Treasurer, General Counsel, Director of Planning, Director of Parks, and a Director of Public Relations and may appoint a Director of Land Acquisition as well as such other staff members as may be necessary. It maintains regional offices in both counties.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to acquire, develop, maintain, and operate a park system with recreational facilities, the expense of which, including debt service, is paid from a separate park tax levied within the District. The Commission is authorized to cooperate and negotiate with Federal agencies for financial assistance and with other agencies in the park development program.

Within the Maryland-Washington Regional District, which includes and extends beyond the Metropolitan District, the Commission is empowered to make, adopt, and amend a general plan for the physical development of the District which takes into account all factors of urban, suburban, rural, and regional planning. The Commission prepares plans and specifications for the construction of public works improvements and facilities. The two County Planning Boards have exclusive subdivision control, power and jurisdiction over street grades and locations, public buildings and utilities, and after the adoption of a Master Plan of Highways, over street naming and house numbering. The Planning Boards have advisory zoning powers, but the zoning ordinances and amendments are enacted by the County Council of Montgomery County and the Board of County Commissioners of Prince George's County sitting as a District Council for that portion of the District within each County. Through the County Planning

Boards, the Commission recommends land use or zoning ordinances and similar ordinance subject matters to the respective District Councils. The administrative and planning expenses of the Commission are paid from an administration tax levied within the District. The taxes levied by the Commission, which are collected by the County Treasurer in Prince George's County and the Director of Finance in Montgomery County, are as follows:

- Montgomery County
 - Regional District:
 - Administrative Tax: 5¢/\$100
 - Lower Metropolitan District
 - Park Tax: 15¢/\$100
 - Prince George's County
 - Regional District:

The Metropolitan Transit Authority was created by Chapter 670, Acts of 1961, as an instrumentality of the State of Maryland to improve the mass transportation facilities in the Baltimore metropolitan area. The Authority may license and regulate all mass transit

and facilities which operate within its jurisdiction comprising Baltimore City and the metropolitan areas in Baltimore and Anne Arundel counties adjoining the city. Chapter 886, Acts of 1963, added the third and fifth election districts of Anne Arundel County and that portion of the fourth election district lying north and east of State Highway #175. The Authority is also charged with the responsibility of establishing an efficient, rapid and coordinated mass transportation system for the Baltimore metropolitan area. It will develop an overall plan to accomplish that objective. It is further required to use its efforts to improve the service offered by privately-owned mass transportation facilities within its jurisdiction and, if necessary, it may establish an integrated publicly-owned transit system.

The Authority consists of seven members, appointed for five-year terms, one by the Governor, two by the Mayor of Baltimore City subject to the approval of the City Council, two by the County Council of Baltimore County, and two members from Anne Arundel County by a committee consisting of the State Senator, Chairman of the members of the House of Delegates and the members of the County Council from the election districts referred to in the Act. Initially, the Governor's appointee will serve for three years. One of the Mayor's appointees will serve for one year and the other for five years. One of the County Council's appointees will serve for two years, while the other will serve for four years. The members from Anne Arundel County will serve one for five years and one for two years. The Authority elects its own Chairman and Vice Chairman and appoints the Secretary-Treasurer and Executive Director.

The Authority derives its operating revenue from a seat tax of \$4.00 per seat from mass transportation companies operating under its jurisdiction plus an annual fee or charge in amount equal to 1/20 of one percent of the gross receipts derived from the mass transportation operations within the area. The total revenue from these sources approximates \$185,000 per annum.

The Washington Suburban Sanitary Commission, created by Chapter 122, Acts of 1918, consists of six members, three of whom are from Prince George's County and three from Montgomery County. By Chapter 839, Acts of 1965, and Chapter 713, Acts of 1967, the Prince George's County members are appointed by the Prince George's County Commissioners, and the Montgomery County members are appointed by the Montgomery County Council. The cited statutes provide for bi-partisan representation in the Commission membership.

When the Commission was organized, the Washington Suburban Sanitary Commission service area covered 94 square miles. In succeeding years, the General Assembly has made additions, and the Washington Suburban Sanitary District now contains about 1,000 square miles within Prince George's and Montgomery counties, adjacent to the District of Columbia. The Commission has jurisdiction over the construction of any water and sewerage systems built in either county beyond the limits of the Sanitary District boundaries. In Prince George's County it has jurisdiction over the operation of these same facilities. The present Sanitary District has a population of about 1,000,000 and an assessed valuation of approximately \$3,200,000,000.

The Commission provides for the construction, maintenance and operation of water supply and sewerage systems; it has jurisdiction over storm drainage and the location of utilities; and it provides refuse disposal service within the Sanitary District. The Commission has been designated as the organization responsible for the administration, maintenance and operation of the Anacostia River Flood Control and Navigation Project. As of December 31, 1966, the water and sewerage systems of the Commission contained 2,525 and 2,170 miles of mains, respectively.

Two major sources of water now supply the Washington Suburban Sanitary Commission system. The Patuxent River, which the Commission has impounded with the construction of two dams near Brighton in Montgomery County and near Laurel in Prince George's County, gives the Commission a yield of 65 million gallons a day through the Patuxent Filtration Plant. The Potomac River supplies raw water to the Potomac River Filtration Plant. This facility

opened in 1961, and it has a capacity of 70 million gallons a day. Eventually it will be expanded, as needed, to a capacity of at least 200 million gallons a day, and it will serve both counties. Wells located on the Potomac slopes of Prince George's County provide a third source of water.

Most of the sewage from the Commission service area is transported through trunk sewers into the District of Columbia and is treated at the District's Blue Plains Pollution Control Plant. The Commission pays for this service on a metered volume basis, and it also contributes its share to capital improvement of the Blue Plains facility. The single sewage disposal plant operated by the Washington Suburban Sanitary Commission is at Laurel. The Commission is constructing two regional sewage treatment plants and trunkline systems to serve the Piscataway Creek and Western Branch Drainage Basins in Southern Prince George's County.

The Commission's facilities are geared to an anticipated growth of the service area population to about 2,400,000 by the year 2000. The Commission annually reviews and updates a five-year program for development of its water and sewerage systems.

The Washington Suburban Transit Commission, created by Chapter 870, Acts of 1965, consists of six commissioners, of whom three are appointed by the Montgomery County Council and three by the Prince George's County Board of County Commissioners. Commissioners who are appointed from their respective body serve at the pleasure of that body, and commissioners who are not appointed from among the members of the governing bodies serve for a period of three years.

The Commission was established to manage and control the functions and activities of the Washington Suburban Transit District with powers to develop, on a bi-county basis, a transportation system including mass transit facilities for the needs and growth of both counties. The Commission supplies to the interstate agency, the Washington Metropolitan Area Transit Authority, two members of their Board of Directors and two alternates. At the present time, the Commission has delegated as its principals Mr. Gleason and Mr. Sickles, and as its alternates Mrs. Kramer and Mr. Aluisi.

The legislative powers of the State of Maryland are vested in the General Assembly, which consists of two distinct branches, the Senate and the House of Delegates (Const. 1867, Art. III, sec. 1). The General Assembly at the present time consists of 185 members: 43 Senators and 142 members of the House of Delegates, all elected by the counties and the six Legislative Districts of Baltimore City. Senators are apportioned among the several senatorial districts on an approximate population ratio. The number of Delegates for each county and each Legislative District varies from one to twenty-two (Code 1957, 1965 Repl. Vol., 1966 Supp., Art. 40).

Every Senator or Delegate must be a citizen of the State and a resident of it for at least three years preceding the date of his election; and the last year thereof, he must have resided in the county or the Legislative District of Baltimore City which he represents. A Senator must be at least twenty-five years of age at the time of his election, and a Delegate at least twenty-one. No member of Congress or any person holding a civil or military office under the United States Government nor any clergyman or minister is eligible for election to the General Assembly (III, 9, 10, 11). The term of each Senator and Delegate shall be for four years from the date of his election (XVII). The Governor is required to appoint to any vacancy that occurs in either House through death, resignation, or disqualification, a person whose name is submitted to him in writing by the State Central Committee of the County or Legislative District which the person holding the vacated seat represented and of the party to which he belonged. The person so appointed must be affiliated with that party. All persons so appointed serve for the unexpired portion of the term (III, 13). Each House elects its own officers, is judge of its own members, and establishes rules for the conduct of its business.

The General Assembly meets annually. Sessions begin the third Wednesday in January and are limited to seventy calendar days. The Governor may call special sessions at any time he deems it necessary (III, 14), but no single special session may last longer than thirty days.

The General Assembly must pass at each regular session a budget bill which contains the budget for the State government for the next fiscal year. Upon the passage of the bill by both Houses, it becomes law without further action (III, 52).

The General Assembly has power to pass such laws as are necessary for the welfare of the State, and, in addition, it has the power to pass public local laws for counties not having home rule powers and for special taxing areas. The Home Rule Amendment of 1954 (XI-E) almost entirely prohibits the General Assembly from passing local legislation for incorporated cities and towns, although the Assembly retains its power to pass a general state-wide law that affects them. The General Assembly may establish such departments of the State government as are necessary for its efficient operation and may establish special taxing districts or areas within the State for the purpose of administering a special function or functions. The General Assembly may establish such taxes as are in accordance with the Constitution of the State and of the United States. It may propose amendments to the State Constitution, which must be embodied in a regular legislative bill and passed by three-fifths of the total membership of each House. All amendments to the Constitution must be submitted to the voters at the next general election after passage.

All bills passed by the General Assembly become law when signed by the Governor, or passed over his veto by three-fifths of the membership of each House, on the first day of June after the session in which the law was passed; except (1) when a later date is specified in the Act or (2) when the bill is declared an emergency measure and passed by three-fifths of the total number of members of each House, in which case the bill becomes law immediately upon its approval by the Governor.

The General Assembly may add a referendum provision to any local bill but may not submit a state-wide bill to referendum (with the exception of a Soldiers' Bonus Bill). Any state-wide bill, except an appropriation bill, and any local bill which concerns a county or Baltimore City may be submitted to a referendum by petition. No bill subject to a referendum shall be enforceable until approved by a majority of the voters at the election in which the referred bill is voted upon, except an emergency bill, which shall be effective immediately and shall remain effective thirty days following its rejection by the voters (XVI).

The House of Delegates has sole power of impeachment of any officer of the State. A majority of the whole number of members of the House must approve any bill of impeachment. The Senate tries all impeachment cases, and two-thirds of the total number of Senators must concur in a verdict of guilty (III, 26).

Both Houses elect the State Treasurer by a joint ballot. The General Assembly also elects the Governor if the popular election has resulted in a tie or the winning candidate is ineligible; and, should the office become vacant while the General Assembly is in session, then it shall elect a successor; otherwise, the President of the Senate succeeds to the office until the next regular session.

DEPARTMENT OF LEGISLATIVE REFERENCE

Carl N. Everstine, Director

16 Francis Street, P. O. Box 348, Annapolis 21401 Telephone: 263-2321

The State Department of Legislative Reference was originally created by Chapter 565, Acts of 1906 to serve the City of Baltimore. The scope of the Department was enlarged so that it would also serve the State by Chapter 474, Acts of 1916. By Chapter 453, Acts of 1965, the State's portion of the Department was transferred to the Legislative Branch. The present Department dates its present organization from Chapter 571, Acts of 1966, which separated this Department of the State government from the Department of the same name in Baltimore City.

The Department collects, compiles, and indexes information on all questions of proposed legislation. It investigates and reports on the laws of Maryland and other states at the request of the Governor, any committee or member of the General Assembly, or any State agency. At the request of a member of the General Assembly, the Department prepares or aids in the drafting of any law or resolution. During sessions of the General Assembly, the Department maintains offices in the State House at Annapolis. Each department of the State government must transmit to the Department of Legislative Reference at least two copies of each of its reports, which are used for exchange and reference purposes. The Department keeps a complete index and a complete file on all bills introduced in the General Assembly from 1918 to the present. It also keeps copies of the codes and laws of other states, and it maintains a library of books, pamphlets, reports, periodicals, and clippings on matters of current public and political interest (Code 1957, 1965 Repl. Vol., 1967 Supp., Art. 40, secs 48-53).

By Chapter 453, Acts of 1965, the Fiscal Research Bureau became a part of the Legislative Department. The Bureau acts as a staff agency of the Governor, the General Assembly, and the Legislative Council in tax and fiscal matters; makes any investigations of State or local tax problems that they may request; and assists any commissions or committees that they, or a standing committee of the Legislature, may appoint to study taxation or related questions.

The Bureau's general duties include the study of State agencies, study of State and local taxation, study of State and local financial affairs and fiscal relationships, collection of data on the revenue and expenditures of the State's political subdivisions, and compilation and publication of financial data on the subdivisions. Each county, incorporated city or town, or special taxing district is required to submit

a fiscal report to the Bureau annually (Code 1957, 1965 Repl. Vol., Art. 41, secs. 145-52; 1966 Repl. Vol., Art. 19, secs. 35-41).

A total of 116 joint resolutions were introduced, 51 being in the Senate and 65 in the House. Of the total number, 38 Senate joint resolutions and 31 House joint resolutions were passed by both Houses.

The budget bill enacted at this session for the fiscal year ending June 30, 1967, amounted to \$886,812,387. The bond construction bill passed at this session was for a total amount of \$39,486,700.

Among the more important laws enacted at the 1966 regular session were: a bill to authorize a "parallel" bridge across the Chesapeake Bay at Sandy Point (later petitioned to referendum and rejected by the voters), an inter-state compact for juveniles, a law establishing and defining the powers and duties of a new Department of Juvenile Services, the Uniform Unclaimed Property Act, a revision of the laws for the system of senatorial scholarships, and a law establishing the St. Mary's City Commission.

A law was also enacted at this session to place on State-wide referendum the question whether there should or should not be a Constitutional Convention in the year 1967. The vote of the people was in favor of the proposed Constitutional Convention.

A number of proposals were made to amend the Constitution of Maryland. Among the more important were those establishing an Intermediate Court of Appeals, abolishing the Land Office, and establishing a time for the Legislature's consideration of supplemental appropriation bills.

A HISTORY OF THE 1966 SPECIAL SESSION OF THE GENERAL ASSEMBLY

The General Assembly of Maryland met in Special Session on March 30, 1966.

The session was called for the main purpose of considering the enactment of an enabling act for the imposition of income or payroll taxes by Baltimore City or any county in the State. Such a bill was enacted at this session along with a number of less important measures.

A HISTORY OF THE 1967 REGULAR SESSION OF THE GENERAL ASSEMBLY OF MARYLAND

The General Assembly met in regular session on January 18, 1967. The session adjourned on March 28, 1967.

A total of 1,866 bills were introduced in 1967, of which 715 were Senate bills and 1,151 were House bills. Of the 715 Senate bills, 336 were passed by both Houses and of this latter number 324 were signed by the Governor and 12 were vetoed. Of the 1,151 bills introduced into the House, 453 were passed by both Houses and of this latter number 436 were signed by the Governor and 17 were vetoed.

A total of 139 joint resolutions were introduced, 66 being in the Senate and 73 in the House. Of these totals, 31 Senate joint resolutions and 26 House joint resolutions were passed by both Houses.

The budget bill enacted at this session for the fiscal year ending June 30, 1968, amounted to approximately \$1,070,000,000. The bond construction bill passed at this session was for a total amount of \$48,900,700.

Among the most important laws enacted at the 1967 session were the tax revision program for increasing payments to political subdivisions and for imposing a graduated income tax, legislation to establish procedures for the Constitutional Convention of 1967, a revision of the State Election Laws, the Susquehanna River Compact for the states of New York, Pennsylvania, and Maryland, provisions for additional bridges across the Chesapeake Bay and for a second tunnel under Baltimore Harbor, procedures for the exercise of home rule by code counties, a revision of the air pollution laws, and the regulation of revolving credit.

Because of the impending Constitutional Convention only two proposed constitutional amendments were adopted. They were for setting up "quick-taking" procedures for condemnation in Anne Arundel and Prince George's Counties. Both were made contingent upon a new Constitution if proposed by the Constitutional Convention.

A HISTORY OF THE 1967 SPECIAL SESSION OF THE GENERAL ASSEMBLY

The General Assembly met in Special Session on June 22, 1967.

The Session was called to correct a constitutional error in the tax revision program enacted earlier at the regular Session in 1967. This was accomplished and the Special Session was adjourned on the same day.

The Court of Appeals is the highest tribunal of the State of Maryland. It was created by the Constitution of 1776. From 1777 to 1805 the Court sat in Annapolis, on the Western Shore. Between 1805 and 1851 it sat at Easton on the Eastern Shore, as well. Since 1851 the Court has met only at Annapolis.

By the terms of the reorganization Act of 1960, Ch. 11, the Court is composed of seven judges, five of whom shall sit in each case unless the Court shall direct that an additional judge or judges sit for any case. One judge is to be elected from each of the first five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit, which is Baltimore City. The terms of the Judges are for fifteen years. The Governor designates the Chief Judge.

The Court hears appeals from the decisions (criminal cases only when the death sentence is imposed) of the Circuit Courts for the counties and the several courts of Baltimore and also considers applications for leave to appeal under the Post Conviction Procedure Act (Code 1957, 1967 Repl. Vol., Art. 27, sec. 645-1) in cases where the death sentence is imposed. The Court also admits all eligible candidates to the State Bar. The term of the Court begins the second Monday of September in each year.

The creation of the Court of Special Appeals was authorized by an amendment to the Constitution proposed by Article 10, Acts of 1966, which was ratified on November 8, 1966. The implementing legislation creating the Court was provided by Chapter 12, Acts of 1966 (Const. 1867, Art. IV, sec. 14A; Code 1957, 1966 Repl. Vol., Art. 26, secs. 130-131).

The Court is composed of five judges. One judge is to be elected from each of the five special appellate judicial circuits. The terms of the Judges are for fifteen years. The Governor designates the Chief Judge.

The Court hears criminal appeals (except where a sentence of death is imposed) from the decisions of the Circuit Courts for the counties and the Criminal Court of Baltimore. The Court also considers applications for leave to appeal under the Post Conviction Procedure Act (Code 1957, 1967 Repl. Vol., Art. 27, sec. 645A), and the Defective Delinquent Act (Code 1957, 1967 Repl. Vol., Art. 31B, sec. 11). The term of the Court begins on the second Monday in September in each year.

The Commission on Judicial Disabilities, originally created by Chapter 773, Acts of 1965, had its powers redefined by Chapter 506, Acts of 1967. The Act of 1965 was ratified on November 8, 1966, as an amendment to the Constitution (Const. 1867, Art. IV, secs. 4A and 4B).

The Commission consists of five members appointed by the Governor for four-year terms. Members of the Commission must be citizens and residents of the State of Maryland. Three of the members must be Judges of the Court of Appeals, or Judges of the Circuit Courts for the Counties and of the Supreme Bench of Baltimore City. One member must be a lawyer with a minimum of fifteen years of law practice, and one member must represent the public.

The Commission is to meet for the purpose of investigation or proceedings under Section IV of the Constitution. It will hold a hearing, if charges have been presented, and if after good cause finds it necessary, it will recommend to the General Assembly that a Judge be either removed or retired. All Judges including Judges of the Court of Appeals, the Special Court of Appeals, the Circuit Courts, the Supreme Bench of Baltimore City, and the Orphans' Court, and any others who may be elected or subject to election and those appointed for a full term if it is not less than four years are subject to the provisions of the Act. Powers of the Commission and the General Assembly in administering oaths and issuing and enforcing process are provided for in the implementing legislation (Code 1957,

1965 Repl. Vol., 1967 Supp., Art. 40, sec. 45). Secretarial services are provided by the Administrative Office of the Courts.

*Officers of
Local Government*

I Counties

II Baltimore City

I. COUNTIES

The county officials are here divided into two groups: Judicial and Administrative. The administrative officials are listed according to the following functions: executive and legislative; fiscal; election; public safety; health, education, and welfare; planning, building, and inspection; licensing; liquor control; and extension and soil conservation services.

Several counties have begun to outgrow the traditional county offices. Four counties, Montgomery (in 1948), Baltimore (in 1956), and Anne Arundel and Wicomico (in 1964), have adopted charter governments with special departments and officers which perform functions formerly exercised by the Board of County Commissioners. Even in these counties, however, most of the traditional offices remain, and though many of them are not regulated by charter, they work side by side with the new departments. For this reason, we have listed the officers of those four counties, like those of other counties, according to function rather than according to the legal or administrative relationships their charters have created.

Methods of appointment and terms of office of the officials common to most of the counties are explained below. Such information about officers peculiar to any one county is given in footnotes. Unless otherwise indicated, all officers may be addressed at their respective county seats.

II. BALTIMORE CITY

When Baltimore City became a separate governmental entity, divorced from all county connections, it maintained the officers characteristic of Maryland county government at that time with the exception of those in the Executive Branch, who were called Mayor and Council rather than Board of County Commissioners. Since that time the expansion of the City has brought about a high degree of specialization in the executive and administrative agencies so that the present government of Baltimore, with the exception of the traditional county offices and functions, bears little resemblance to the government of most counties. Nevertheless, there seems to be sufficient resemblance between the city charter and the charters of Montgomery and Baltimore counties to justify grouping the city offices in categories similar to those worked out for the charter counties. Information about the methods of appointment and terms of office of the traditional county officers will be found on pp. 421-425. Such information about all other city officials will be found in the footnotes.

INCORPORATED CITIES AND TOWNS

The title of the executive officer is Mayor, except in those towns marked with an asterisk (*), where the title is President of the Town Commission, and in other towns as noted in the list below. The term of the Mayor and the date of election is specified in each town's charter, and differs from town to town. However, the voluntary model for municipal government, contained in the Municipal Corporation Charter Act of 1955, provides that the Mayor shall be elected in May of every second odd number year (Code 1957, 1966 Repl. Vol., Art. 23B). The list below was compiled from information furnished by the Maryland Municipal League. Information was not available at press time about the executive officers and the dates of the expiration of their terms of office for the following municipalities: Lonaconing, Henderson, North East, Indian Head, Brookview, Galestown, Secretary, Rosemont, Loch Lynn Heights, Mountain Lake Park, Chevy Chase Section 4, Queenstown, Funkstown, Mardela Springs, and Willards.

TRANSLATED FROM THE LATIN ORIGINAL

—o—

CHARLES,* by the grace of God, of *England, Scotland, France, and Ireland*, KING, Defender of the Faith, &c. To ALL to whom these Presents shall come, GREETING.

II. WHEREAS, our well beloved and right trusty Subject CÆCILIVS CALVERT, Baron of BALTIMORE, in our Kingdom of *Ireland*, Son and Heir of GEORGE CALVERT, Knight, late Baron of BALTIMORE in our said Kingdom of *Ireland*, treading in the Steps of his Father, being animated with a laudable, and pious Zeal for extending the *Christian Religion*, and also the Territories of our Empire, hath humbly besought leave of US, that he may transport by his own Industry, and Expense, a numerous Colony of the *English Nation*, to a certain region, hereinafter described, in a Country hitherto uncultivated, in the parts of *America*, and partly occupied by Savages, having no Knowledge of the Divine Being, and that all that Region, with some certain Privileges, and Jurisdiction, appertaining unto the wholesome Government, and State of his Colony and Region aforesaid, may by our Royal Highness be given, granted, and confirmed unto him, and his heirs.

III. KNOW YE therefore, that WE, encouraging with our Royal Favour, the pious and noble Purpose of the aforesaid Baron of Baltimore, of our special Grace, certain Knowledge, and mere Motion, have GIVEN, GRANTED, and CONFIRMED, and by this our present CHARTER, for US, our Heirs, and Successors, do GIVE, GRANT, AND CONFIRM, unto the aforesaid CÆCILIVS, now Baron of BALTIMORE, his Heirs, and Assigns, all that Part of the Peninsula, or *Chersonese*, lying in the Parts of *America*, between the Ocean on the East, and the Bay of *Chesapeake* on the West, divided from the Residue thereof by a Right Line drawn from the Promontory, or Head-Land, called *Watkin's Point*, situate upon the Bay aforesaid, near the River of *Wighco*, on the West, unto the Main Ocean on the East; and between that Boundary on the South, unto that Part

* Charles the First, of England.

of the Bay of *Delaware* on the North, which lieth under the Fortieth Degree of North Latitude from the Æquinoctial, where *New-England* is terminated: And all the Tract of that Land within the Metes underwritten (*that is to say*) passing from the said Bay, called *Delaware Bay*, in a right line, by the degree aforesaid, unto the true Meridian of the first Fountain of the River of *Pattowmack*, thence verging toward the South, unto the further Bank of the said River, and following the same on the West and South, unto a certain place called *Cinquack*, situate near the Mouth of the said River, where it disembogues into the aforesaid Bay of *Chesapeake*, and thence by the shortest line unto the aforesaid Promontory or Place called *Watkin's Point*; so that the whole Tract of Land, divided by the Line aforesaid, between the Main Ocean, and *Watkin's Point*, unto the Promontory called *Cape-Charles*, and every the Appendages thereof, may entirely remain excepted for ever to US, our Heirs and Successors.

IV. ALSO WE do GRANT, and likewise CONFIRM unto the said Baron of BALTIMORE, his Heirs, and Assigns, all Islands and Islets within the Limits aforesaid, all and singular the Islands, and Islets, from the Eastern Shore of the aforesaid Region, toward the East, which have been, or shall be formed in the Sea, situate within Ten marine Leagues from the said Shore; with all and singular the Ports, Harbors, Bays, Rivers, and Straits belonging to the Region or Islands aforesaid, and all the Soil, Plains, Woods, Mountains, Marshes, Lakes, Rivers, Bays, and Straits, situate, or being within the Metes, Bounds, and Limits aforesaid, with the Fishings of every kind of Fish, as well of Whales, Sturgeons, and other royal Fish, as of other Fish, in the Sea, Bays, Straits, or Rivers, within the Premisses, and the Fish there taken: And moreover all Veins, Mines, and Quarries, as well opened as hidden, already found, or that shall be found within the Region, Islands, or Limits aforesaid, of Gold, Silver, Gems, and precious Stones, and any other whatsoever, whether they be of Stones, or Metals, or of any other Thing, or Matter whatsoever: And furthermore the PATRONAGES, and ADVOWNSONS of all churches which (with the increasing Worship and Religion of CHRIST) within the said Region, Islands, Islets, and Limits aforesaid, hereafter shall happen to be built, together with Licence and Faculty of erecting and founding Churches, Chapels, and Places of Worship, in convenient and suitable Places, within the Premisses, and of causing the same to be dedicated and consecrated according to the Ecclesiastical Laws of our Kingdom of *England*, with all,

and singular such, and as ample Rights, Jurisdictions, Privileges, Prerogatives, Royalties, Liberties, Immunities, and royal Rights, and temporal Franchises whatsoever, as well by Sea as by Land, within the Region, Islands, Islets, and Limits aforesaid, to be had, exercised, used, and enjoyed, as any Bishop of *Durham*, within the Bishoprick or County Palatine of *Durham*, in our Kingdom of *England*, ever heretofore hath had, held, used, or enjoyed, or of Right could, or ought to have, hold, use or enjoy.

V. AND WE do by these presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premisses (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs, and Successors; to HAVE, HOLD, POSSESS, and ENJOY the aforesaid Region, Islands, Islets, and other the Premisses, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns, forever. To HOLD of US, our Heirs and Successors, Kings of *England*, as of our Castle of *Windsor*, in our County of *Berks*, in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite*, nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of *Windsor*, every Year, on Tuesday in Easter-week: and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our mose especial Grace, certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plenitude of our royal Power and Prerogative, WE do, for Us, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. AND forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs

and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind, WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full, and absolute Power, by the Tenor of these Presents, to Ordain, Make, and Enact LAWS, of what kind soever, according to their sound Discretions, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall require, by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs, and duly to execute the same upon all Persons, for the Time being, within the aforesaid PROVINCE, and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outward-bound, either to *England*, or elsewhere, whether to any other Part of Our, or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents, and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE, or his Heirs, shall seem most fitting: And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; and to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceeding, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætorian Judicatories, and Tribunals, in all Actions, Suits, Causes, and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætorian: Which said Laws, so to be published as above said, WE will, en-

join, charge, and command, to be most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed. So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be not repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and rights of this Our Kingdom of *England*.

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen, to which it will be necessary to apply a Remedy, before the Freeholders of the said PROVINCE, their Delegates, or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately, on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the said now Baron of BALTIMORE, and to his Heirs, that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesom Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publickly to notify the same to all Persons whom the same in anywise do or may affect. Which Ordinances WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Rights of our Kingdom of *England*: and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life, Freehold, Goods or Chattels.

IX. FURTHERMORE, that the New Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers: WE therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, Licence and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport them-

selves and their Families to the said PROVINCE, with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength, at the Appointment of the aforesaid now Baron of BALTIMORE, and his Heirs, for the Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain, and commend, that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland*; and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England*; also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever, within our Kingdom of *England*, and other our Dominions, to inherit, or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England*, freely, quietly, and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England*, without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance, or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and chearful Mind: KNOW YE, that WE, of our especial Grace, certain Knowledge, and mere Motion, do, by the Tenor of these Presents, give and grant, as well to the aforesaid Baron of BALTIMORE, and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and

Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE, without the Impediment or Molestation of US, our Heirs or Successors, or of any officers of US, our Heirs or Successors, (SAVING unto US, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes) any Statute, Act, Ordinance, or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs, and Successors, do Give by these Presents, as full and unrestrained Power, as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains, or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born, for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also WILL, and by this our CHARTER, do Give unto the aforesaid now Baron of BALTIMORE, and to his Heirs, and Assigns, Power, Liberty, and Authority, that, in Case of Rebellion, sudden Tumult, or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the PROVINCE aforesaid, or upon the High Sea in making a Voyage to the said PROVINCE of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of an Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves

from the Government of him or them, refusing to serve in War, flying over to the Enemy, exceeding their Leave of Absence, Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to, Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, WE, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards and Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into BOROUGHS, and Boroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premises, which to him or them shall seem fitting and convenient; even although they shall be such as, in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. WE WILL also, and by these Presents do, for US, our Heirs and Successors, give and grant Licence by this our CHARTER, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and to all Persons whatsoever, who are, or shall be Residents and Inhabitants of the PROVINCE aforesaid, freely to import and unlade, by themselves, their Servants, Factors or Assigns, all Wares and Merchandizes whatsoever, which shall be collected out of the Fruits and Commodities of the said PROVINCE, whether the Product of the Land or the Sea, into any the Ports whatsoever of US, our Heirs and Successors, of *England* or *Ireland*, or otherwise to dispose of the same there; and, if Need be, within One Year, to be computed immediately from the Time of unlading thereof, to lade the same Merchandizes again, in the same, or other Ships, and to export the same to any other Countries they shall think proper, whether belonging to US, or any foreign Power which shall be in Amity with US, our Heirs or Successors: Provided always, that they be bound to pay for the same to US, our Heirs and Successors, such Customs and Impositions, Subsidies and Taxes, as our other Subjects of our Kingdom of *England*, for the Time being shall be bound to

pay, beyond which WE WILL that the Inhabitants of the aforesaid PROVINCE of the said Land, called MARYLAND, shall not be burnden.

XVI. AND FURTHERMORE, of our more ample special Grace, and of our certain Knowledge, and mere Motion, WE do, for US, our Heirs and Successors, grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Power and Authority to make, erect, and constitute, within the PROVINCE of MARYLAND, and the islands and Islets aforesaid, such, and so many Sea-Ports, Harbours, Creeks, and other Places of Unlading and Discharge of Goods and Merchandizes out of Ships, Boats, and other Vessels, and of Lading in the same, and in so many, and such places, and with such Rights, Jurisdictions, Liberties, and Privileges, unto such Ports respecting, as to him or them shall seem most expedient: And, that all and every the Ships, Boats, and other Vessels whatsoever, coming to, or going from the PROVINCE aforesaid, for the Sake of Merchandizing, shall be laden and unladen at such Ports only as shall be so erected and constituted by the said now Baron of BALTIMORE, his Heirs and Assigns, any Usage, Custom, or any other Thing whatsoever to the contrary notwithstanding. SAVING always to US, our Heirs and Successors, and to all the Subjects of our Kingdoms of *England* and *Ireland*, of US, our Heirs and Successors, the Liberty of Fishing for Sea-Fish as well in the Sea, Bays, Straits and navigable Rivers, as in the Harbours, Bays, and Creeks of the PROVINCE aforesaid; and the Privilege of Salting and Drying Fish on the Shores of the same PROVINCE; and, for that Cause, to cut down and take Hedging-Wood and Twigs there growing, and to build Huts and Cabbins, necessary in this Behalf, in the same Manner as heretofore they reasonably might, or have used to do. Which Liberties and Privileges, the said Subjects of US, our Heirs and Successors, shall enjoy, without notable Damage or Injury in any wise to be done to the aforesaid now Baron of BALTIMORE, his Heirs or Assigns, or to the Residents and Inhabitants of the same PROVINCE in the Ports, Creeks, and Shores aforesaid, and especially in the Woods and Trees there growing. And if any Person shall do damage or Injury of this kind, he shall incur the Peril and Pain of the heavy Displeasure of US, our Heirs and Successors, and of the due Chastisement of the Laws, besides making Satisfaction.

XVII. MOREOVER, WE will, appoint, and ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs

and Assigns, that the same Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, for ever, shall have, and enjoy the Taxes and Subsidies payable, or arising within the Ports, Harbours, and other Creeks and Places aforesaid, within the PROVINCE aforesaid, for Wares bought and sold, and Things there to be laden, and unladen, to be reasonably assessed by them, and the People there as aforesaid, on emergent Occasion; to Whom WE grant Power by these Presents, for US, our Heirs and Successors, to assess and impose the said taxes and Subsidies there, upon just Cause, and in due Proportion.

XVIII. AND FURTHERMORE, of our special Grace, and certain Knowledge, and mere Motion, WE have given, granted, and confirmed, and by these Presents, for US, our Heirs and Successors, do give, grant, and confirm, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Licence, Power, and Authority, that he, the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, from Time to Time hereafter, for ever, may and can, at his or their Will and Pleasure, assign, alien, grant, demise, or enfeoff so many, such, and proportionate Parts and Parcels of the Premises, to any Person or Persons willing to purchase the same, as they shall think convenient, to have and to hold to the same Person or Persons willing to take or purchase the same, and his and their Heirs and Assigns, in Fee-Simple, or Fee-tail, or for Term of Life, Lives, or Years; to hold of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, by so many, such, and so great Services, Customs and Rents OF THIS KIND, as to the same now Baron of Baltimore, his Heirs and Assigns, shall seem fit and agreeable, and not immediately of US, our Heirs or Successors. And WE do give, and by these Presents, for US, our Heirs and Successors, do grant to the same Person and Persons, and to each and every of them, Licence, Authority and Power, that such Person and Persons, may take the premises, or any Parcel thereof, of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and hold the same to them and their Assigns, or their Heirs, of the aforesaid Baron of BALTIMORE, his Heirs and Assigns, of what Estate of Inheritance soever, in Fee-simple or Fee-tail, or otherwise, as to them and the now Baron of BALTIMORE, his Heirs and Assigns, shall seem expedient; the Statute made in the Parliament of Lord EDWARD, son of King HENRY, late King of *England*, our Progenitor, commonly called the "STATUTE QUIA EMPTORES TERRARUM," heretofore published in our Kingdom of *England*, or any other Statute, Act, Ordi-

XX. AND FURTHER WE will, and do, by these Presents, for US, our Heirs and Successors, covenant and grant to, and with the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that We, our Heirs, and Successors, at no Time hereafter, will impose, or make or cause to be imposed, any Impositions, Customs, or other Taxations, Quotas or Contributions whatsoever, in or upon the Residents or Inhabitants of the PROVINCE aforesaid for their Goods, Lands, or Tenements within the same PROVINCE, or upon any tenements, lands, goods or chattels within the PROVINCE aforesaid, or in or upon any Goods or Merchandizes within the PROVINCE aforesaid, or within the Ports or Harbours of the said PROVINCE, to be laden or unladen: And WE Will and do, for US, our Heirs and Successors, enjoin and command that this our Declaration shall, from Time to Time, be received and allowed in all our Courts and Prætorian Judicatories, and before all the Judges whatsoever of US, our Heirs and Successors, for a Sufficient and lawful Discharge, Payment, and Acquittance thereof, charging all and singular the Officers and Ministers of US, our Heirs and Successors, and enjoining them, under our heavy Displeasure, that they do not at any Time presume to attempt any Thing to the contrary of the Premises, or that may in any wise contravene the same, but that they, at all Times, as is fitting, do aid and assist the aforesaid now Baron of BALTIMORE, and his Heirs, and the aforesaid Inhabitants and Merchants of the PROVINCE of MARYLAND aforesaid, and their Servants and Ministers, Factors and Assigns, in the fullest Use and Enjoyment of this our CHARTER.

Constitution of Maryland

Constitution of Maryland

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND WAS RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND SIXTY-SIX¹

DECLARATION OF RIGHTS.

We, the People of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their Form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made, or which shall be made, in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are, and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby; anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the people thereof.

¹Including amendments proposed by the General Assemblies of 1965 and 1966 and adopted by the people in November 1966. Also includes text of proposed amendments adopted by the General Assembly of 1967, which will be voted on in 1968.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof, as a free, sovereign and independent State.

Art. 5. That the Inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that Law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from, or under the Charter granted by His Majesty Charles the First to Cæcilius Calvert, Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are the Trustees of the Public, and, as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought, to reform the old, or establish a new Government; the doctrine of non-resistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

¹Art. 7. That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose elections ought to be free and frequent; and every white male citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

¹The words "white" and "male" are now ineffective, under the 15th and 19th Amendments to the Constitution of the United States.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art. 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

Art. 12. That for redress of grievances, and for amending, strengthening and preserving the Laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceable and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated or levied, under any pretense, without the consent of the Legislature.

¹Art. 15. That the levying of taxes by the poll is grievous and oppressive, and ought to be prohibited; that paupers ought not to be assessed for the support of the government; that the General Assembly shall, by uniform rules, provide for the separate assessment, classification and subclassification of land, improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the Counties and by the City of Baltimore for their respective purposes, shall be uniform within each class or sub-class of land, improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet fines, duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Art. 16. That sanguinary Laws ought to be avoided as far as it is consistent with the safety of the State; and no Law to inflict cruel and unusual pains and penalties ought to be made in any case, or at any time, hereafter.

Art. 17. That retrospective Laws, punishing acts committed before the existence of such Laws, and by them only declared criminal are oppressive, unjust and incompatible with liberty; wherefore, no *ex post facto* Law ought to be made; nor any retrospective oath or restriction be imposed, or required.

¹ Thus amended by Chapter 64, Acts of 1960, ratified November 8, 1960.

Art. 18. That no Law to attaint particular persons of treason or felony, ought to be made in any case, or at any time, hereafter.

Art. 19. That every man, for any injury done to him in his person or property, ought to have remedy by the course of the Law of the Land, and ought to have justice and right, freely without sale, fully without any denial, and speedily without delay, according to the Law of the Land.

Art. 20. That the trial of facts, where they arise, is one of the greatest securities of the lives, liberties and estate of the People.

Art. 21. That in all criminal prosecutions, every man hath a right to be informed of the accusation against him; to have a copy of the Indictment, or charge, in due time (if required) to prepare for his defence; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath; and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.

Art. 22. That no man ought to be compelled to give evidence against himself in a criminal case.

Art. 23. That no man ought to be taken or imprisoned or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or, in any manner, destroyed, or deprived of his life, liberty or property, but by the judgment of his peers, or by the Law of the Land.

Art. 24. That Slavery shall not be re-established in this State; but having been abolished under the policy and authority of the United States, compensation, in consideration thereof, is due from the United States.

Art. 25. That excessive bail ought not to be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted, by the Courts of Law.

Art. 26. That all warrants, without oath or affirmation, to search suspected places, or to seize any person or property, are grievous and oppressive; and all general warrants to search suspected places, or to apprehend suspected persons, without naming or describing the place, or the person in special, are illegal, and ought not to be granted.

Art. 27. That no conviction shall work corruption of blood or forfeiture of estate.

Art. 28. That a well regulated Militia is the proper and natural defence of a free Government.

Art. 29. That Standing Armies are dangerous to liberty, and ought not to be raised, or kept up, without the consent of the Legislature.

Art. 30. That in all cases, and at all times, the military ought to be under strict subordination to, and control of, the civil power.

Art. 31. That no soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, except in the manner prescribed by Law.

Art. 32. That no person except regular soldiers, marines, and mariners in the service of this State, or militia, when in actual service, ought, in any case, to be subject to, or punishable by Martial Law.

Art. 33. That the independency and uprightness of Judges are essential to the impartial administration of Justice, and a great security to the rights and liberties of the People: Wherefore, the Judges shall not be removed, except in the manner, and for the causes provided in this Constitution. No Judge shall hold any other office, civil or military or political trust, or employment of any kind, whatsoever, under the Constitution or Laws of this State, or of the United States, or any of them; or receive fees, or perquisites of any kind, for the discharge of his official duties.

Art. 34. That a long continuance in the Executive Departments of power or trust is dangerous to liberty; a rotation therefore, in those departments is one of the best securities of permanent freedom.

¹Art. 35. That no person shall hold, at the same time, more than one office of profit, created by the Constitution or Laws of this State; nor shall any person in public trust receive any present from any foreign Prince or State, or from the United States, or any of them, without the approbation of this State. The position of Notary Public shall not be considered an office of profit within the meaning of this Article.

²Art. 36. That as it is the duty of every man to worship God in such manner as he thinks most acceptable to Him, all persons are equally entitled to protection in their re-

They shall be not less than thirty years of age at the time of their election, or appointment, and shall be selected from those who have been admitted to practice Law in this State, and who are most distinguished for integrity, wisdom and sound legal knowledge.

¹ SEC. 3. The Judges of the said several Courts other than the Court of Appeals or any intermediate courts of appeal shall, subject to the provisions of Section 5 of this Article of the Constitution, be elected in Baltimore City and in each county, by the qualified voters of the city and of each county, respectively, except that in the First and Second Judicial Circuits the said Judges of the several Courts shall be elected by the qualified voters in each respective Judicial Circuit as hereinafter provided, all of the said Judges to be elected at the general election to be held on the Tuesday after the first Monday in November, as now provided for in the Constitution. Each of the said Judges shall hold his office for the term of fifteen years from the time of his election, and until his successor is elected and qualified, or until he shall have attained the age of seventy years, whichever may first happen, and be re-eligible thereto until he shall have attained the age of seventy years, and not after. His successor shall be elected at the first biennial general election for Representatives in Congress after the expiration of the term of fifteen years (if the vacancy occurred in that way) or the first such general election after one year after the occurrence of the vacancy in any other way than through expiration of such term. of the circuit, then and in that event there shall be declared elected only that candidate or those candidates residing in said county, in the order of the votes received, whose election would provide the permitted number of judges from said county, and also the candidate or candidates residing in some other county, and not similarly disqualified, who shall have the next highest number of votes in said election. If, by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of judges duly qualified as to residence shall not be elected at any election, then it shall be the duty of the Governor to order a new election for such unfilled office or offices. From and after December 1, 1954, there shall be not less than two judges resident in Anne Arundel County, and not less than three judges resident in Baltimore County. From and after December 1, 1960, there shall be not less than four judges resident in Prince George's County. From and after December 1, 1960, there shall be not less than five judges resident in Montgomery County.

Notwithstanding any other provision of this Article the vacancy in Montgomery County created by the adoption of this amendment shall not be filled by appointment as provided in Section 5 of this Article, but at the first biennial general election for Representatives in Congress, after the adoption of this amendment a judge shall be elected by the qualified voters of Montgomery County to fill such vacancy in such county. Any other vacancy in the office of Judge of the Circuit Court for Montgomery County and any vacancy in the second judicial circuit shall be filled as provided in Sections 3 and 5 of this Article, except that the person initially appointed to fill the vacancy in the second judicial circuit shall be a resident of Kent County.

The said judges shall hold such terms of the Circuit Court in each of the counties composing their respective circuits, at such times as are now prescribed or may hereafter be prescribed by rules or regulations by the Court of Appeals or otherwise by law. One judge in each of the first seven circuits shall constitute a quorum for the transaction of any business; and the said judges, or any of them, may hold special terms of their Courts, when in their discretion, the business of the several counties renders such terms necessary.

All provisions of the Constitution of Maryland and all Acts of the General Assembly relating to the Court of Appeals or any other courts, and all rules heretofore adopted by the Court of Appeals, not inconsistent with the provisions

of the sections amended or added by this amendment, shall remain in full force and effect unless and until amended or repealed by proper authority. All salaries now prescribed by law for associate judges of the Circuit Courts shall continue to apply to all judges (including chief judges) of the Circuit Court. No member of the General Assembly at which either of these amendments was proposed, or at which the number or salary of judges for any of the eight circuits or for any of the counties may be or may have been increased or decreased by the General Assembly from time to time, if otherwise qualified, shall be ineligible for appointment or election as judge of the Court of Appeals or any other court by reason of his membership in such General Assembly.

In the event and to the extent of any inconsistency between the provisions of any section amended or added by these amendments and any of the other provisions of this Constitution or the provisions of any existing law, the provisions of the sections amended or added shall prevail, and such other provisions shall be repealed or abrogated to the extent of such inconsistency, except Section 35A of Article III of this Constitution; provided, however, that in the event of any inconsistency between the provisions of the sections thus amended or added and any of the other provisions of the sections thus amended or added and any of the other provisions of this Constitution as amended by any other amendments which may be adopted at the same time or times as these amendments, i.e. at the election held in November, 1944, or at the election held in November, 1954, or at the election held in November, 1960, the changes made by these amendments and all such other amendments to this Constitution shall all be given effect.

SEC. 22. Where any Term is held, or trial conducted by less than the whole number of said Circuit Judges, upon the decision or determination of any point, or question, by the Court, it shall be competent to the party, against whom the ruling or decision is made, upon motion, to have the point, or question reserved for the consideration of the three Judges of the Circuit, who shall constitute a court in *banc* for such purpose; and the motion for such reservation shall be entered of record, during the sitting, at which such decision may be made; and the several Circuit Courts shall regulate, by rules, the mode and manner of presenting such points, or questions to the court in *banc*, and the decision of the said Court in *banc* shall be the effective decision in the premises, and conclusive, as against the party, at whose

motion said points, or questions were reserved; but such decision in *banc* shall not preclude the right of appeal, or writ of error to the adverse party, in those cases, civil or criminal, in which appeal, or writ of error to the Court of Appeals may be allowed by Law. The right of having questions reserved shall not, however, apply to trials of Appeals from judgments of Justices of the Peace, nor to criminal cases below the grade of felony, except when the punishment is confinement in the Penitentiary; and this Section shall be subject to such provisions as may hereafter be made by Law.

SEC. 23. The Judges of the respective Circuit Courts of this State, and of the Courts of Baltimore city, shall render their decisions, in all cases argued before them, or submitted for their judgment, within two months after the same shall have been so argued or submitted.

¹ SEC. 24. The salary of each Chief Judge and of each Associate Judge of the Circuit Court shall not be diminished during his continuance in office.

² SEC. 25. There shall be a Clerk of the Circuit Court for each County, who shall be elected by a plurality of the qualified voters of said County, and shall hold his office for four years from the time of his election, and until his successor is elected and qualified, and be re-eligible, subject to be removed for wilful neglect of duty or other misdemeanor in office, on conviction in a Court of Law. In case of a vacancy in the office of Clerk of a Circuit Court, the Judges of said Court shall have power to fill such vacancy until the general election for Delegates to the General Assembly, to be held next thereafter, when a successor shall be elected for the term of four years.

SEC. 26. The said Clerks shall appoint, subject to the confirmation of the Judges of their respective Courts, as many deputies under them, as the said Judges shall deem necessary to perform, together with themselves, the duties of the said office, who shall be removable by the said Judges for incompetency, or neglect of duty, and whose compensation shall be according to existing, or future provisions of the General Assembly.

¹ Thus amended by Chapter 99, Acts of 1956, ratified November 6, 1956.

² Thus amended by Chapter 575, Acts of 1959, ratified November 8, 1960.

If any vacancy occurs during any such original term, the Governor shall appoint a successor to serve for the remainder of such term. After the expiration of said original terms, the terms of office of said Court shall be for eight years from the expiration of the preceding term, and shall be filled as follows :

(1) Any incumbent Judge of said Court shall be eligible, at the Congressional election immediately preceding the expiration of his period of appointment or term, for election or re-election to succeed himself (a) for a full term of eight years, except as provided in (b) hereof; or (b) for the unexpired remainder of the current eight year term, if his appointment will expire before the end of such term. Provided, however, that any Judge who is in office when this act takes effect shall be entitled to have his name placed upon the ballot with no party designation and with no opposing candidate; and the voters shall cast their votes for or against the continuance in office of said Judge.

(2) Whenever a vacancy shall occur on said Court from any cause the Governor shall appoint to said Court a Judge who shall hold office under such appointment until the thirty-first day of December immediately following the first Congressional election occurring six months or more after the date of his appointment. No Judge of said Court, who has stood for election to succeed himself and not been elected, shall thereafter be appointed to said Court, and no Judge of said Court, who has failed to stand for election when eligible, shall be appointed to succeed himself.

(3) In order to qualify for election or re-election all candidates shall file with the Supervisors of Elections of Baltimore City not later than thirty days before the date of the applicable election a certificate of candidacy in a form to be supplied by the Supervisors.

Unless his office shall have been abolished pursuant to this section, each Judge of said Court shall continue to hold office after the expiration of his period of appointment or term until a successor shall qualify. As used in this section, "Congressional election" means any of the biennial elections at which members of the House of Representatives are regularly chosen.

Said Court shall have such jurisdiction (which may be made exclusive as to any class or classes of civil cases in Baltimore City), with such right of appeal, therefrom, and the Chief Judge and Associate Judges thereof shall have such powers and duties, as the General Assembly shall prescribe from time to time by law. Such constables and clerks shall perform such duties as may now or hereafter be prescribed by law or rule of Court.

After adoption of this section no constable shall be appointed by the Mayor and City Council of Baltimore City pursuant to Section 42 or Section 43 of this Article IV, but constables in office upon the adoption of this section shall hold office for the remainder of their terms, and the constables first appointed under this section shall take office at the expiration of such terms.

(4) The names of all candidates for judge of the Municipal Court created herein shall be placed in the voting machines without any party label or other distinguishing mark or location which might directly or indirectly indicate the party affiliation of any such candidate.

(5) When a vacancy shall exist in the Chief Judgeship of said Court, the Governor may designate an Associate Judge of said Court as Chief Judge, and such appointee as Chief Judge shall continue as such for the residue of the term for which he was originally appointed or subsequently elected an Associate Judge of said Court; or the Governor may designate as Chief Judge the person appointed to fill the vacancy on said Court under sub-section (b) (2) herein.

(c) The jurisdiction of said Court shall consist originally of the jurisdiction vested on the day immediately preceding the first Monday of May, 1961, in the Justices of the Peace of Baltimore City, including the Police Magistrates, the Chief Police Magistrate of Baltimore City, the Magistrates-at-Large of Baltimore City, and the Traffic Court of Baltimore City, and thereafter shall consist of such greater or lesser jurisdiction (which may be made exclusive as to any class or classes of cases), with such right of appeal therefrom, as the General Assembly shall prescribe from time to time by law. The Chief Judge and the Associate Judges thereof shall have such powers and duties as the General Assembly shall prescribe from time to time by law. The Judges of said Court shall have full power to regulate by rules the administration, procedure and practice of said Court, including, but not limited to, the creation of divisions of said Court to hear exclusively any class or classes of cases and the assignment of a particular judge or judges exclusively to such divisions and the vesting of administrative duties in the Chief Judge; such rules shall have the force of law until rescinded or modified by said judges or the General Assembly. Unless otherwise provided by law, all powers granted by this section or by law to said Court or

At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five nominees in the County receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within twelve months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in the City of Baltimore or County within thirty days after it shall be reported to him. SEC. 2. The General Assembly at its first session after the adoption of this amendment shall by public general law provide a grant of express powers for such County or Counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the Counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

¹SEC. 3. Every charter so formed shall provide for an elective legislative body in which shall be vested the law-making power of said City or County. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any County shall be known as the County Council of the county. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in any County as the President of the County Council of the County, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore or to the County Commissioners of the Counties, shall be construed to refer to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Council herein provided for whenever such construction would be reasonable. Provided, however, that the charters for the various Counties shall specify the number of days, not to exceed forty-five, which may but need not be consecutive, that the County Council of the Counties may sit in each year for the purpose of enacting legislation for such Counties, and all legislation shall be enacted at the times so designated for that purpose in the charter, and all laws and ordinances so enacted shall be published once a week for three successive weeks in at least one newspaper published in such Counties, so that the taxpayers and citizens may have notice thereof. This provision shall not apply to Baltimore City. SEC. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any County of this State, no public local law shall be enacted by the General Assembly for said City or County on any subject covered by the express powers granted as above provided. SEC. 5. Amendments to any charter adopted by the City of Baltimore or by any County of this State under the provisions of this Article may be proposed by a resolution of

the Mayor of Baltimore and the City Council of said the City of Baltimore, or the Council of said County, or by a petition signed by not less than 20% of the registered voters of said City or County, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be submitted to the voters of said City or County at the next general or congressional election occurring after the passage of said resolution, or the filing of said petition; and if at said election the majority of the votes cast for and against said amendments shall be in favor thereof, said amendment shall be adopted and becomes a part of the charter of said City or County from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said City or County.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6 inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each County and the voters of City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said Counties or City as this Article sets forth.

SEC. 7. The word "Petition" as used in this Article, means one or more sheets written or printed, or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affidavit of one or more registered voters of the City or County in which said voters so signing are registered, and one affidavit may apply to or cover any number of signatures to such petition. The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

²ARTICLE XI-E

MUNICIPAL CORPORATIONS

SECTION 1. Except as provided elsewhere in this Article, the General Assembly shall not pass any law relating to the incorporation, organization, government, or affairs of those municipal corporations which are not authorized by Article 11-A of the Constitution to have a charter form of government which will be special or local in its terms or in its effect, but the General Assembly shall act in relation to the incorporation, organization, government, or affairs of any such municipal corporation only by general laws which shall in their terms and in their effect apply alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. It shall be the duty of the General Assembly to provide by law the method by which new municipal corporations shall be formed.

SEC. 2. The General Assembly, by law, shall classify all such municipal corporations by grouping them into not more than four classes based on populations as determined by the most recent census made under the authority of the United States or the State of Maryland. No more than one such grouping of municipal corporations into four (or

¹ Added by Chapter 754, Acts of 1953, ratified November 2, 1954.

² Added by Chapter 53, Acts of 1954, ratified November 2, 1954.

fewer) classes shall be in effect at any time, and the enactment of any such grouping of municipal corporations into four (or fewer) classes shall repeal any such grouping of municipal corporations into four (or fewer) classes then in effect. Municipal corporations shall be classified only as provided in this section and not otherwise.

SEC. 3. Any such municipal corporation, now existing or hereafter created, shall have the power and authority, (a) to amend or repeal an existing charter or local laws relating to the incorporation, organization, government, or affairs of said municipal corporation heretofore enacted by the General Assembly of Maryland, and (b) to adopt a new charter, and to amend or repeal any charter adopted under the provisions of this Article.

SEC. 4. The adoption of a new charter, the amendment of any charter or local laws, or the repeal of any part of a charter or local laws shall be proposed either by a resolution of the legislative body of any such municipal corporation or by a petition containing the signatures of at least five per cent of the registered voters of a municipal corporation and filed with the legislative body of said municipal corporation. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article.

SEC. 5. Notwithstanding any other provision in this Article, the General Assembly may enact, amend, or repeal local laws placing a maximum limit on the rate at which property taxes may be imposed by any such municipal corporation and regulating the maximum amount of debt which may be incurred by any municipal corporation. However, no such local law shall become effective in regard to a municipal corporation until and unless it shall have been approved at a regular or special municipal election by a majority of the voters of that municipal corporation voting on the question. No such municipal corporation shall levy any type of tax, license fee, franchise tax or fee which was not in effect in such municipal corporation on January 1, 1954, unless it shall receive the express authorization of the General Assembly for such purpose, by a general law which in its terms and its effect applies alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. All charter provisions enacted under the authority of Section 3 of this Article shall be subject to any local laws enacted by the General Assembly and approved by the municipal voters under the provisions of this section.

SEC. 6. All charter provisions, or amendments thereto, adopted under the provisions of this Article, shall be subject to all applicable laws enacted by the General Assembly; except that any local laws, or amendments thereto, relating to the incorporation, organization, government, or affairs of any municipal corporation and enacted before this Article becomes effective, shall be subject to any charter provisions, or amendments thereto, adopted under the provisions of this Article. Any local law, or amendments thereto, relating to the incorporation, organization, government, or affairs of any municipal corporation and in effect at the time this Article becomes effective, shall be subject to any applicable State law enacted after this Article becomes effective. All laws enacted by the General Assembly and in effect at the time this Article becomes effective, shall remain in effect until amended or repealed in accordance with the provisions of this Constitution. Nothing in this Article shall be construed to authorize any municipal corporation by any amendment or addition to its charter, to permit any act which is prohibited by the laws of this State concerning the observance of the Sabbath Day or the manufacture, licensing or sale of alcoholic beverages.

¹ARTICLE XI-F

HOME RULE FOR CODE COUNTIES.

SECTION 1. For the purposes of this Article, (1) "code county" means a county which is not a charter county under Article 11A of this Constitution and has adopted the optional powers of home rule provided under this Article; and (2) "public local law" means a law applicable to the incorporation, organization, or government of a code county and contained in the county's code of public local laws; but this latter term specifically does not include (i) the charters of municipal corporations under Article 11E of this Constitution, (ii) the laws or charters of counties under Article 11A of this Constitution, (iii) laws, whether or not Statewide in application, in the code of public general laws, (iv) laws which apply to more than one county, and (v) ordinances and resolutions of the county government enacted under public local laws.

SEC. 2. The governing body of any county, by a vote of at least two-thirds of the members elected thereto, may

¹ Added by Chapter 493, Acts of 1965, ratified November 8, 1966.

propose by resolution that the county become a code county and be governed by the provisions of this Article. Upon the adoption of such a resolution, it shall be certified to the Board of Supervisors of Elections in the county, which Board (pursuant to the election laws of the State) shall submit to the voters of the county at the next ensuing general election the question whether the resolution shall be approved or rejected. If in the referendum a majority of those persons voting on this question vote for the resolution, the resolution is approved, and the county shall become a code county under the provisions of this Article, on the thirtieth day after the election. If in the referendum a majority of those persons voting on this question vote against the resolution, the resolution is rejected, and of no further effect.

Provided that if at the next ensuing general election there shall be submitted to the voters of the county a proposed charter under Article 11A of this Constitution, the proposed charter only shall be submitted to the voters at that next ensuing general election. If the proposed charter is adopted by the voters, this particular resolution to become a code county shall not be submitted to the voters and shall have no further effect. If the proposed charter is rejected by the voters, the code question under this Article shall be submitted to the voters at the general election two years later, and no charter question under Article 11A shall be submitted to the voters at that general election.

SEC. 3. Except as otherwise provided in this Article, a code county may enact, amend, or repeal a public local law of that county, following the procedure in this Article.

SEC. 4. Except as otherwise provided in this Article, the General Assembly shall not enact, amend, or repeal a public local law which is special or local in its terms or effect within a code county. The General Assembly may enact, amend, or repeal public local laws applicable to code counties only by general enactments which in term and effect apply alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

SEC. 5. The General Assembly, by law, shall classify all code counties by grouping them into not more than four classes based either upon population as determined in the most recent Federal or State census or upon such other criteria as determined by the General Assembly to be appropriate. Not more than one such grouping of code counties into four (or fewer) classes may be in effect at any one

time, and the enactment of any grouping of code counties into four (or fewer) classes repeals any other such grouping then in effect. Code counties may be classified only as provided in this section.

SEC. 6. A code county may enact, amend, or repeal a public local law of that county by a resolution of the board of county commissioners. The General Assembly may amplify the provisions of this section by general law in any manner not inconsistent with this Article.

SEC. 7. Any action of a code county in the enactment, amendment, or repeal of a public local law is subject to a referendum of the voters in the county, as in this section provided. The enactment, amendment, or repeal shall be effective unless a petition of the registered voters of the county requires that it be submitted to a referendum of the voters in the county. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article, except that in any event the number of signatures required on such a petition shall not be fewer than five percentum (5%) of the voters in a county registered for county and State elections.

SEC. 8. Notwithstanding any other provisions of this Article, the General Assembly has exclusive power to enact, amend, or repeal any local law for a code county which (1) authorizes or places a maximum limit upon the rate of property taxes which may be imposed by the code county; or (2) authorizes or regulates the maximum amount of indebtedness which may be incurred by the code county. Public local laws enacted by the General Assembly under this section prevail over any public local laws enacted by the code county under other sections in this Article.

SEC. 9. A code county shall not levy any type of tax, license fee, franchise tax, or fee which was not in effect or authorized in the code county at the time it came under the provisions of this Article, until an express authorization of the General Assembly has been enacted for this purpose by a general law which in its terms and effect applies alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

SEC. 10. All laws enacted by the General Assembly and in effect when this Article was added to the Constitution shall remain in effect until amended or repealed under this Constitution. Every public local law enacted, amended, or repealed by a county under the provisions of this Article

prevails over the previous public local law, except to the extent it is subject to an applicable law enacted by the General Assembly.

ARTICLE XII.

PUBLIC WORKS.

SECTION 1. The Governor, the Comptroller of the Treasury and the Treasurer, shall constitute the Board of Public Works in this State. They shall keep a journal of their proceedings, and shall hold regular sessions in the City of Annapolis, on the first Wednesday in January, April, July and October, in each year, and oftener, if necessary; at which sessions they shall hear and determine such matters as affect the Public Works of the State, and as the General Assembly may confer upon them the power to decide.

¹SEC. 2. They shall exercise a diligent and faithful supervision of all Public Works in which the State may be interested as Stockholder or Creditor, and shall appoint the Directors in every Railroad and Canal Company, in which the State has the legal power to appoint Directors, which said Directors shall represent the State in all meetings of the Stockholders of the respective Companies for which they are appointed or elected. They shall require the Directors of all said Public Works to guard the public interest, and prevent the establishment of tolls which shall discriminate against the interest of the citizens or products of this State, and from time to time, and as often as there shall be any change in the rates of toll on any of the said Works, to furnish the said Board of Public Works a schedule of such modified rates of toll, and so adjust them as to promote the agricultural interests of the State; they shall report to the General Assembly at each regular session, and recommend such legislation as they may deem necessary and requisite to promote or protect the interests of the State in the said Public Works; they shall perform such other duties as may be hereafter prescribed by Law, and a majority of them shall be competent to act. The Governor, Comptroller and Treasurer shall receive no additional salary for services rendered by them as members of the Board of Public Works.

²SEC. 3. The Board of Public Works is hereby authorized, subject to such regulations and conditions as the Gen-

ARTICLE XIII.

NEW COUNTIES.

¹SECTION 1. The General Assembly may provide, by Law, for organizing new Counties, locating and removing county seats, and changing county lines; but no new county shall be organized without the consent of the majority of the legal voters residing within the limits proposed to be formed into said new county; and whenever a new county shall be proposed to be formed out of portions of two or more counties, the consent of a majority of the legal voters of such part of each of said counties, respectively, shall be required; nor shall the lines of any county nor of Baltimore City be changed without the consent of a majority of the legal voters residing within the district, which under said proposed change, would form a part of a county or of Baltimore City different from that to which it belonged prior to said change; and no new county shall contain less than four hundred square miles, nor less than ten thousand white inhabitants; nor shall any change be made in the limits of any county, whereby the population of said county would be reduced to less than ten thousand white inhabitants, or its territory reduced to less than four hundred square miles.

SEC. 2. At the election to be held for the adoption, or rejection of this Constitution, in each Election District, in those parts of Worcester and Somerset Counties, comprised within the following limits, viz.: Beginning at the point, where Mason and Dixon's line crosses the channel of Pocomoke River, thence following said line to the channel of the Nanticoke River, thence with the channel of said river to Tangier Sound, or the intersection of Nanticoke and Wicomico Rivers, thence up the channel of the Wicomico River to the mouth of Wicomico Creek, thence with the channel of said creek and Passerdyke Creek to Dashield's, or Disharoon's Mills, thence with the mill pond of said mills and

Morris, thence due east to the Pocomoke River, thence with the channel of said river to the beginning, the Judges of election, in each of said Districts, shall receive the ballots of each elector, voting at said election, who has resided for six months, preceding said election within said limits, for or against a new county; and the Return Judges of said Election Districts shall certify the result of such voting, in the manner, now prescribed by Law, to the Governor, who shall by Proclamation make known the same; and if a majority of the legal votes, cast within that part of Worcester County, contained within said lines, and also a majority of the legal votes cast within that part of Somerset County, contained within said lines, shall be in favor of a new County, then said parts of Worcester and Somerset Counties shall become and constitute a new County, to be called Wicomico County; and Salisbury shall be the County Seat. And the Inhabitants thereof shall thenceforth have and enjoy all such rights and privileges as are held and enjoyed by the Inhabitants of the other Counties of this State.

SEC. 3. When said new County shall have been so created, the Inhabitants thereof shall cease to have any claim to, or interest in the county buildings, and other public property of every description, belonging to said Counties of Somerset and Worcester, respectively, and shall be liable for their proportionate shares of the then existing debts and obligations of the said Counties, according to the last assessment in said Counties, to be ascertained and apportioned by the Circuit Court of Somerset county, as to the debts and obligations of said County, and by the Circuit Court of Worcester County, as to the debts and obligations of Worcester County, on the petition of the County Commissioners of the said Counties, respectively; and the property in each part of the said Counties, included in said new County, shall be bound only for the share of the debts and obligations of the county from which it shall be separated; and the Inhabitants of said new County shall also pay the County taxes levied upon them at the time of the creation of such new County, as if such new County had not been created; and on the application of twelve citizens of the proposed county of Wicomico, the Surveyor of Worcester County shall run and locate the line from Meadow Bridge to the Pocomoke River, previous to the adoption, or rejection of this Constitution, and at the expense of said petitioners.

SEC. 4. At the first general election, held under this Con-

stitution, the qualified voters of said new County shall be entitled to elect a Senator, and two Delegates to the General Assembly, and all such County or other officers as this Constitution may authorize, or require to be elected by other Counties of the State; a notice of such election shall be given by the Sheriffs of Worcester and Somerset Counties in the manner now prescribed by Law; and in case said new County shall be established, as aforesaid, then the Counties of Somerset and Worcester shall be entitled to elect but two Delegates each to the General Assembly.

SEC. 5. The county of Wicomico, if formed according to the provisions of this Constitution, shall be embraced in the First Judicial Circuit; and the times for holding the Courts therein shall be fixed and determined by the General Assembly.

SEC. 6. The General Assembly shall pass all such Laws as may be necessary more fully to carry into effect the provisions of this Article.

ARTICLE XIV.

AMENDMENTS TO THE CONSTITUTION.

¹SECTION 1. The General Assembly may propose Amendments to this Constitution; provided that each Amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand when amended and passed by three-fifths of all the members elected to each of the two Houses, by yeas and nays, to be entered on the Journals with the proposed Amendment. The bill or bills proposing amendment or amendments shall be published by order of the Governor, in at least two newspapers, in each County, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, once a week for four weeks immediately preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at

When two or more amendments shall be submitted in manner aforesaid, to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

¹ SEC. 2. It shall be the duty of the General Assembly to provide by Law for taking, at the general election to be held in the year nineteen hundred and seventy, and every twenty years thereafter, the sense of the People in regard to calling a Convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for a Convention, the General Assembly, at its next session, shall provide by Law for the assembling of such convention, and for the election of Delegates thereto. Each County, and Legislative District of the City of Baltimore, shall have in such Convention a number of Delegates equal to its representation in both Houses at the time at which the Convention is called. But any Constitution, or change, or amendment of the existing Constitution, which may be adopted by such Convention, shall be submitted to the voters of this State, and shall have no effect unless the same shall have been adopted by a majority of the voters voting thereon.

ARTICLE XVI

THE REFERENDUM.

SECTION 1. (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor;

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

SEC. 2. No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contain a Section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety, and passed upon a yea and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly; provided, however, that said period of suspension may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon; provided, however, that no measure creating or abolishing any office, or changing the salary, term or duty of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation for maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this Section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or

any part thereof specified in the petition, may be referred to a vote of the people upon petition.

¹SEC. 3. (a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by three per centum of the qualified voters of the State of Maryland, calculated upon the whole number of votes cast therein for Governor at the last preceding gubernatorial election, of whom not more than half shall be residents of Baltimore City, or of any one County; provided that any Public Local Law for any one County or the City of Baltimore, shall be referred by the Secretary of State only to the people of said County or City of Baltimore, upon a referendum petition of ten per cent. of the qualified voters of said County or City of Baltimore, as the case may be, calculated upon the whole number of votes cast therein respectively for Governor at the last preceding gubernatorial election.

(b) If more than one-half, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with Secretary of State before the first day of June, the time for the law to take effect, and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

SEC. 4. A petition may consist of several papers, but each paper shall contain the full text of the Act or part of Act petitioned upon; and there shall be attached to each such paper an affidavit of the person procuring the signatures thereon that of the said person's own personal knowledge every signature thereon is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or County, as the case may be, as set opposite their names, and no other verification shall be required.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hun-

dred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the referred law" and "Against the referred law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall by his proclamation declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any County or of the City of Baltimore.

SEC. 6. No law or Constitutional Amendment, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under any Act of the provisions of this Article.

¹ARTICLE XVII

QUADRENNIAL ELECTIONS.

²SECTION 1. All State officers elected by qualified voters (except judges of the Circuit Courts, judges of the Supreme Bench of Baltimore City, judges of the Court of Appeals and judges of any intermediate Courts of Appeal), and all county officers elected by qualified voters, shall hold office for terms of four years, and until their successors shall qualify.

SEC. 2. Elections by qualified voters for State and county officers shall be held on the Tuesday next after the first Monday of November, in the year nineteen hundred and twenty-six, and on the same day in every fourth year thereafter.

² Thus amended by Chapter 10, Acts of 1966, ratified November 8, 1966.

¹SEC. 3. All State and county officers elected by the qualified voters shall hold office for terms of four years.

¹SEC. 4. All officers to be appointed by the Governor shall hold office for the terms fixed by law. All officers appointed by County Commissioners shall hold office for terms of four years, unless otherwise duly changed by law.

²SEC. 5. Vacant.

²SEC. 6. Vacant.

²SEC. 7. Vacant.

SEC. 8. The terms of the members of the Board of Supervisors of elections of Baltimore City and of the several counties shall commence on the first Monday of June next ensuing their appointment.

²SEC. 9. Vacant.

²SEC. 10. Vacant.

SEC. 11. The purpose of this Article is to reduce the number of elections, by providing that all State and county elections shall be held only in every fourth year, and at the time now provided by law for holding congressional elections; and to bring the terms of appointive officers into harmony with the changes effected in the time of the beginning of the terms of elective officers; and the administrative and judicial officers of the State shall construe the provisions of this Article so as to effectuate that purpose. For the purpose of this Article only the word "officers" shall be construed to include those holding positions and other places of employment in the State and county governments whose terms are fixed by law, but it shall not include any appointments made by the Board of Public Works, nor appointments by the Governor for terms of three years.

²SEC. 12. Vacant.

SEC. 13. In the event of any inconsistency between the provisions of this Article and any of the other provisions of the Constitution, the provisions of this Article shall prevail, and all other provisions shall be repealed or abrogated to the extent of such inconsistency.

Constitution, the Governor shall issue his Proclamation within five days after the adjournment of this Convention, directed to the Sheriffs of the City of Baltimore, and of the several Counties of this State, commanding them to give notice, in the manner now prescribed by Law in reference to the election of members of the House of Delegates, that an election for the adoption or rejection of this Constitution, will be held in the City of Baltimore, and in the several Counties of this State, on Wednesday, the Eighteenth day of September, in the year eighteen hundred and sixty-seven, at the usual places of holding elections for members of the House of Delegates in said City and Counties. At the said election the vote shall be by ballot, and upon each ballot, there shall be written or printed the words "For the Constitution", or "Against the Constitution", as the voter may elect; and the provisions of the Laws of this State, relating to the holding of general elections for members of the House of Delegates, shall, in all respects, apply to, and regulate the holding of the said election. **PROPOSED AMENDMENTS TO THE CONSTITUTION
OF MARYLAND**

Acts of 1967 to be submitted to the voters for ratification or rejection at the General Election to be held in November 1968.

CHAPTER 245

(House Bill 422)

AN ACT to propose an amendment to Article III of the Constitution of Maryland, title "Legislative Department," by adding new Section 40D thereto, to follow immediately after Section 40C thereof, providing for an optional procedure for the acquisition of land and interest in land by the Board of County Commissioners for Prince George's County for the construction or extension of county roads and streets, providing for a contingency by which this amendment may be void and of no further effect and providing for the submission of this amendment to the qualified voters of the State of Maryland for their adoption or rejection.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, (Three-fifths of all the Members elected to each of the two Houses concurring), That the following new Section 40D be and it is hereby proposed as an amendment to Article III of the Constitution of Maryland, title "Legislative Department," to follow immediately after Section 40C thereof; if adopted by the legal and qualified voters of the State as herein provided, to become a part of the Constitution of Maryland.

40D.

The General Assembly shall enact no law authorizing private property to be taken for public use without just compensation, to be agreed upon between the parties or awarded by a jury, being first paid or tendered to the party entitled to such compensation, except that where such property, located in Prince George's County, is in the judgment of the Board of County Commissioners of Prince George's County needed for the construction or extension of county roads and streets. The General Assembly may provide that such property, except a building occupied as a dwelling, may be taken immediately upon payment therefor by the condemning authority to the owner or owners thereof or into the Court to the use of the person or persons

entitled thereto, such amount as the condemning authority shall estimate to be the fair value of said property, provided such legislation requires that the condemning authority's estimate be not less than the appraised value of the property being taken as evaluated by at least one qualified appraiser, whose qualifications have been accepted by a Court of Record of this State, and also requires the payment of any further sum that may subsequently be awarded by a jury. This section, if adopted by the voters in the year 1968, at the time it becomes effective, is void and of no further effect if the voters of the State prior thereto have adopted a revision of the Constitution of Maryland proposed by a Constitutional Convention.

SEC. 2. *And be it further enacted*, That the foregoing section hereby proposed as an amendment to the Constitution of this State shall, at the next general election, to be held in this State in the year 1968, be submitted to the legal and qualified voters thereof for their adoption or rejection in pursuance of directions contained in Article 14 of the Constitution of this State, and at the said general election, the vote on the said proposed amendment shall be by ballot, and upon each ballot there shall be printed the words "For Constitutional Amendment" and "Against Constitutional Amendment," as now prescribed by law, and immediately after said election, due returns shall be made to the Governor of the vote for and against said proposed amendment, as directed by said Article 14 of the Constitution, and further proceedings had in accordance with said Article 14.

Approved April 14, 1967.

CHAPTER 474

(Senate Bill 341)

AN ACT to propose an amendment to Section 40A of Article III of the Constitution of Maryland, title "Legislative Department," to provide a procedure for the immediate taking of private property for public use in Anne Arundel County, providing for the submission of this amendment to the qualified voters of the State of Maryland for their adoption or rejection, and providing for a contingency by which this amendment may be void and of no further effect.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, (Three-fifths of all the Members of each of the two Houses concurring), That the following amendment be

and the same is hereby proposed to Section 40A of Article III of the Constitution of Maryland, title "Legislative Department," the same if adopted by the legal and qualified voters of the State, as herewith provided, to become a part of the Constitution of Maryland, and to read as follows:

40A.

The General Assembly shall enact no law authorizing private property to be taken for public use without just compensation, to be agreed upon between the parties, or awarded by a jury, being first paid or tendered to the party entitled to such compensation, but where such property is situated in Baltimore City and is desired by this State or by the Mayor and City Council of Baltimore, the General Assembly may provide that such property may be taken immediately upon payment therefor to the owner or owners thereof by the State or by the Mayor and City Council of Baltimore, or into court, such amount as the State or the Mayor and City Council of Baltimore, as the case may be, shall estimate to be the fair value of said property, provided such legislation also requires the payment of any further sum that may subsequently be added by a jury; and further provided that the authority and procedure for the immediate taking of property as it applies to the Mayor and City Council of Baltimore on June 1, 1961, shall remain in force and effect to and including June 1, 1963; and where such property is situated in Anne Arundel County or in Baltimore County and is desired by Anne Arundel or Baltimore County, Maryland, respectively, the County Council of said county may provide for the appointment of an appraiser or appraisers by a Court of Record to value such property and that upon payment of the amount of such evaluation, to the party entitled to compensation, or into Court, and securing the payment of any further sum that may be awarded by a jury, such property may be taken; and where such property is situated in Montgomery County and in the judgment of and upon a finding by the County Council of said County that there is immediate need therefor for right of way for County roads or streets, the County Council may provide that such property may be taken immediately upon payment therefor to the owner or owners thereof, or into court, such amount as a licensed real estate broker appointed by the County Council shall estimate to be the fair market value of such property, provided that the Council shall secure the payment of any further sum that may subsequently be awarded by a jury. This Section 40A shall not apply in Montgomery County if the property actually to be

taken includes a building or buildings. The amendment to this section, if adopted by the voters in the year 1968, at the time it becomes effective, is void and of no further effect if the voters of the State prior thereto adopted a revision of the Constitution of Maryland proposed by a Constitutional Convention.

SEC. 2. *And be it further enacted,* That the foregoing section hereby proposed as amendment to the Constitution of Maryland, at the next general election to be held in this State in November 1968, shall be submitted to the legal and qualified voters thereof for their adoption or rejection in pursuance of directions contained in Article 14 of the Constitution of this State, and at the said general election, the vote on the said proposed amendments to the Constitution shall be by ballot, and upon each ballot there shall be printed the words "For the Constitutional Amendments" and "Against the Constitutional Amendments" as now provided by law, and, immediately, after said election, all returns shall be made to the Governor of the vote for and against said proposed amendments, as directed by said Article 14 of the Constitution, and further proceedings had in accordance with said Article 14.

Approved April 21, 1967.

On September 12, 1967, the Constitutional Convention of Maryland assembled in the House of Delegates chamber of the State House in Annapolis to write a new constitution for the State of Maryland to replace the document which had been in effect since 1867. The Convention consisted of 142 delegates, elected on June 13, 1967, from the same districts as were used in the 1966 general election for the election of members of the House of Delegates. The calling of the Convention was authorized by the General Assembly when it enacted Chapter 500 of the Acts of 1966, followed by a public endorsement in a special referendum election held on September 13, 1966.

A concentrated effort for a constitutional convention began in June, 1965, when Governor J. Millard Tawes appointed a 27-member Constitutional Convention Commission to determine whether the 1867 Constitution should be revised or modified, whether a constitutional convention should be called to revise the constitution, and, if so, to prepare a study and recommendation with respect to such revision and the holding of a constitutional convention. The Commission reported in September, 1965, after review, that a complete revision was necessary and desirable, and should be accomplished by means of a constitutional convention composed of delegates elected from all parts of the State.

The 1966 General Assembly enacted the two laws which set in motion the machinery for the calling of a constitutional convention. Chapter 501 of the Acts of 1966 provided for the holding of a special referendum election on September 13, 1966, to "take the sense of the people" on the calling of the constitutional convention to frame a new constitution. The vote on this referendum was 160,280 in favor of a constitutional convention and 31,680 against. A second Act, Chapter 500, provided for the calling of a convention on September 12, 1967, should the "sense of the people" favor a convention in the September 13, 1966, election. Since the vote favoring a convention was overwhelmingly favorable, the Commission began to prepare for a constitutional convention and commenced a study of the present Constitution.

The 1967 General Assembly enacted three additional acts pertaining to a constitutional convention. Chapter 1 of the Acts of 1967 authorized and directed the Attorney General of Maryland to institute a declaratory judgment proceeding to determine the eligibility of certain persons to be delegates to a constitutional convention. In response to this action and upon an appeal from the Circuit Court for Anne Arundel County, the Court of Appeals of Maryland ruled on April 14, 1967, that the position of delegate to a constitutional convention is not an office within the meaning of Articles 33 and 35 of the Declaration of Rights or within the meaning of Section 6, Article I or Sections 11 and 17 of Article III of the Constitution of Maryland.

Chapter 4 of the Acts of 1967 provided for the election of delegates to, and the holding of a convention to frame a new constitution for

the State of Maryland. It prescribed the time, place, and manner of nominating and electing delegates and filling vacancies. It also provided for the duration of the convention, the employment of the necessary staff members, and the keeping and publishing of a journal and a transcript of debates. This act provided that any new constitution proposed by the Convention, together with any schedule attached thereto, should be submitted to the people for their ratification at a special election to be held on May 14, 1968.

Chapter 4 of the Acts of 1967 provided that the convention would convene in the House of Delegates chamber in the State House at Annapolis on September 12, 1967, and could continue in session until January 12, 1968.

The Convention held an organizational meeting on July 11, 1967, at which the delegates took their oaths of office, and the Convention elected its officers and adopted rules of procedure. Between this meeting and the convening of the Convention on September 12, 1967, the president appointed the chairmen of the Convention's primary committees. These were:

Committee on Personal Rights and the Preamble	Richard W. Kiefer
Committee on Suffrage and Elections	Helen L. Koss
Committee on the Legislative Branch	Francis X. Gallagher
Committee on the Executive Branch	Gerald D. Morgan
Committee on the Judicial Branch	F. DeSales Mudd

Committee on General Provisions	Elroy G. Boyer
Committee on Style, Drafting and Arrangement	Howard R. Penniman
Committee on Calendar and Agenda	Ralph W. Powers

A new proposed constitution will be submitted to the people in a special referendum election to be held on May 14, 1968.

PRINCIPAL OFFICERS OF THE PROVINCE AND STATE OF MARYLAND

—o—

BARONS OF BALTIMORE AND LORDS PROPRIETARY

- 1580(?)–1632 George Calvert, created First Lord Baltimore in February 1625. Petitioned for grant of land north of the Potomac.¹
- 1605–1675 Cecilius Calvert, Second Lord Baltimore. Succeeded to title on death of George, April 15, 1632. Granted Charter of Maryland on June 20, 1632.
- 1637–1715 Charles Calvert, Third Lord Baltimore. Succeeded to title on death of Cecilius, November 30, 1675.
- 1679–1715 Benedict Leonard Calvert, Fourth Lord Baltimore. Succeeded to title on death of Charles, February 21, 1715.
- 1699–1751 Charles Calvert, Fifth Lord Baltimore. Succeeded to title on death of Benedict Leonard, April 16, 1715.
- 1732–1771 Frederick Calvert, Sixth Lord Baltimore. Succeeded to title on death of Charles, April 24, 1751.
- 1760–1834 Henry Harford. Harford did not succeed to the title when Frederick died on September 4, 1771, because he was an illegitimate son. He was bequeathed the Province of Maryland in Frederick's will. After the Revolution, Harford relinquished his claim to Maryland in return for a monetary grant from the General Assembly.

COLONIAL GOVERNORS

Prior to the granting of the Charter to Cecilius Calvert, Captain William Claiborne, acting under a commission from the King, had established a trading post and plantation on Kent Island in 1631. He was driven from the Island by Leonard Calvert a few months after the colonists landed.

PROPRIETARY GOVERNMENT

- 1634–1644/5 Leonard Calvert
Calvert had occasion to leave the colony several times, usually for a month or two but once for over a year. During his absences the following men governed the Province: 1637/8 and 1638, John Lewger; 1638 and 1641, Captain Thomas Cornwaleys; 1643–1644, Giles Brent; 1644, William Braithwait.
- 1644/5–1646 Captain Richard Ingle
Usurped the government and maintained control until about the middle of 1646.

¹James W. Foster, the most recent biographer of George Calvert, gives "about 1580" as the date of birth (*Maryland Historical Magazine*, Vol. 55, p. 264). Others have given dates ranging from 1578/9 to 1584.

- 1646 Captain Edward Hill
Elected Governor by the Council while Leonard Calvert was still in Virginia. He also claimed to have a commission from Calvert. His appointment was illegal, as he was not a member of the Council when elected, and Calvert was out of the Province when the commission was issued. He does seem to have held office, however, for he later attempted to collect certain fees and emoluments which were due him by virtue of his service.
- 1646-1647 Leonard Calvert
- 1647-1648/9 Thomas Greene
- 1649-1651/2 Captain William Stone
During absences from the Province he left the following men to act in his place: 1649, Thomas Greene; 1650, Thomas Hatton.
- 1652 Parliamentary Commissioners
- 1652-1654 Captain William Stone
- 1654-1657 Commissioners appointed by Parliamentary Commissioners
- 1657-1660 Josias Fendall
Appointed Luke Barber to serve in his place while he was absent from the Province from June 1657 to February 1657/8.
- 1660-1661 Philip Calvert
- 1661-1676 Charles Calvert
Left Philip Calvert, William Calvert, Jerome White and Baker Brooke as deputies governing the Colony from May 1669 to November 1670 while he was in England. On November 30, 1675, his father died, and he became Lord Proprietary.
- 1676 Jesse Wharton
Cecilius Calvert, infant son of the Lord Proprietary, was the nominal Governor from June to October 1676, but, actually, the Province was governed by the Deputy Governors.
- 1676-1679 Thomas Notley
Succeeded Wharton as Deputy Governor, and later, in October 1676, was commissioned as Governor by the Lord Proprietary.
- 1678/9-1684 Charles Calvert, Lord Proprietary
Calvert was definitely back in the Province by January 1678/9, perhaps earlier, but he appears to have permitted Notley to retain the title of Governor until his death in April 1679.
- 1684-1688 Council of Deputy Governors
Benedict Leonard Calvert, infant son of the Lord Proprietary, was commissioned Governor, but the duties were actually performed by the Deputies. The Deputies named in the commission were George Talbot, Thomas Tailler, Colonel Vincent Lowe, Colonel William Stevens, Colonel William Burgess, Major Nicholas Sewall, and John Darnall.

Most of them served the entire period indicated, but there were a few changes.

- 1688-1689 William Joseph
Named as President of the Council of Deputies in a commission from the Lord Proprietary.

ROYAL GOVERNMENT

- 1689-1690 John Coode
Leader of the Protestant Associators who seized the government on August 1, 1689.
- 1690-1692 Nehemiah Blackiston
Appointed President of the Committee for the Government of Maryland when Coode went to England.
- 1692-1693 Sir Lionel Copley
- 1693 Sir Thomas Lawrence
Elected Governor after death of Copley, but had served only a week or two when Sir Edmund Andros arrived in Maryland to assume control.
- 1693 Sir Edmund Andros
Remained in Maryland about ten days before returning to Virginia.
- 1693-1694 Colonel Nicholas Greenberry
Appointed President of the Council by Andros.
- 1694 Sir Edmund Andros
Remained in Maryland about a week.
- 1694 Sir Thomas Lawrence
Appointed President of the Council by Andros.
- 1694-1698/9 Sir Francis Nicholson
- 1698/9-1702 Colonel Nathaniel Blackiston
- 1702-1704 Thomas Tench
Appointed President of the Council by Blackiston.
- 1704-1709 Colonel John Seymour
- 1709-1714 Major General Edward Lloyd
Elected President of the Council when Colonel Francis Jenkins, who was senior member of the Council and thus entitled to succeed Seymour, failed to assert his right promptly.
- 1714-1715 John Hart

RESTORATION OF THE PROPRIETARY GOVERNMENT

- 1715-1720 John Hart
- 1720 Thomas Brooke
Became President of the Council by virtue of his seniority when Hart returned to England.
- 1720-1727 Charles Calvert
- 1727-1731 Benedict Leonard Calvert
- 1731-1732 Samuel Ogle
- 1732-1733 Charles Calvert, Lord Proprietary
- 1733-1742 Samuel Ogle
- 1742-1746/7 Thomas Bladen
- 1746/7-1752 Samuel Ogle

1752-1753	Benjamin Tasker Became President of the Council upon the death of Governor Ogle.
1753-1769	Horatio Sharpe
1769-1776	Robert Eden Eden was in England from May to November 1774, during which time Richard Lee, President of the Council, governed the Province. Lee also governed the Province briefly in 1776 during the interval between the departure of Eden and the assumption of the government by the Convention.

REVOLUTIONARY INTERREGNUM

During the years 1774-76 more and more of the powers of government came to be exercised by popular bodies, though the authority of the Governor was still acknowledged until Eden's departure. The Conventions were composed of delegates from each county elected by the freemen of the Province in much the same manner as was the House of Delegates. It was inconvenient for so large a group (at one meeting there were 141 delegates) to remain in continuous session; therefore, Councils of Safety were elected by the Conventions to exercise executive power during the intervals between Convention meetings. With some exceptions, the Councils of Safety were composed of nine members, five from the Western Shore and four from the Eastern Shore. The Convention, which met from August 14, 1776, about six weeks after the Declaration of Independence, through November 11, 1776, framed the Constitution which governed Maryland until 1851. The General Assembly established by the Constitution began meeting on February 5, 1777, but the Council of Safety continued to function as the executive body of the State until March 20 of the same year. On March 22, 1777, the Assembly adopted a resolution "for dissolving the Council of Safety and Vesting the Governor and Council with their Powers." The Governor and Council had qualified two days earlier on March 20, and they immediately began to perform the duties assigned to them.

NAMES AND ORIGINS OF COUNTIES

ALLEGANY

The name is from the Indian word Oolikhanna meaning "Beautiful Stream." The County was erected by an Act of Assembly, Chapter 29, Acts of 1789. The County Seat is Cumberland.

ANNE ARUNDEL

This County was named for the Lady Anne Arundel, wife of Cecilius, Second Lord Baltimore and founder of the Colony. It owes its origin to an Act of Assembly, Chapter 8, Acts of 1650 (April Session). The County seat is Annapolis, which is also the Capital of the State.

BALTIMORE CITY

The existence of Baltimore City as a governmental unit distinct from Baltimore County was provided for by the Constitutional Convention of 1850. The name is that of the Proprietary's Irish Barony.

BALTIMORE

The name of this County, like that of Baltimore City, derives from the name of the Proprietary's Irish Barony. The legal origin of Baltimore County is not known, but it was surely in existence by January 12, 1659/60 when a writ was issued to the sheriff of the County. The County seat is Towson.

CALVERT

This County takes its name from the family name of the Proprietary. It was established by an Order in Council of 1654, and it was called Patuxent County until 1658. The County seat is Prince Frederick.

CAROLINE

The sister of the last Lord Baltimore, Lady Caroline Eden, gave her name to this County. It owes its existence to Chapter 10 of the Acts of Assembly of 1773. The County seat is Denton.

CARROLL

This County was named for the distinguished Revolutionary statesman Charles Carroll of Carrollton. It was erected by Chapter 256, Acts of 1835 and confirmed by Chapter 19 of the Acts of 1836. The County seat is Westminster.

CECIL

Named for Cecilius, Second Lord Baltimore and founder of the Colony. This County was erected in 1674 by Proclamation of the Governor. The County seat is Elkton.

CHARLES

Named for Charles Calvert, son and heir of Cecilius, Second Lord Baltimore. It owes its origin to an Order in Council of 1658. It is not to be confused with an earlier Charles County, known as Old Charles County. The County seat is La Plata.

DORCHESTER

Named for the Earl of Dorset, a family friend of the Calverts. The exact date and the legal origin of the County are unknown, but it was certainly in existence by February 16, 1668/69 when a writ was issued to the sheriff of the County. The County seat is Cambridge.

FREDERICK

Named probably for Frederick Calvert who became sixth and last Lord Baltimore. It was created by Chapter 15, Acts of 1748. The County seat is Frederick.

GARRETT

Named for John W. Garrett, industrialist and financier. It was created by Chapter 212 of the Acts of 1872. The County seat is Oakland.

HARFORD

Named for Henry Harford, last Proprietary. He was a son of Frederick, sixth Lord Baltimore, but because of his illegitimate birth did not inherit the title. The County was erected by Chapter 6 of the Acts of 1773. The County seat is Bel Air.

HOWARD

Named for John Eager Howard, soldier and statesman. The County was created in 1851 by Article VIII, Section 1 of the Constitution of that year. However, the area which later became Howard County was set up as Howard District of Anne Arundel County by Chapter 22 of the Acts of 1838; confirmed by Chapter 50, Acts of 1839 and thereafter, until 1851, enjoyed the status of a county except that it was not represented in the General Assembly. The County seat is Ellicott City.

KENT

This County derives its name from the English county of the same name. It was first referred to as a county in 1642, but it could have acquired this status as early as 1640 when mention is made of a sheriff for the Isle of Kent. The County seat is Chestertown.

MONTGOMERY

Named for the Revolutionary General Richard Montgomery. The County was created by the Constitutional Convention of 1776. The County seat is Rockville.

PRINCE GEORGE'S

Named for Prince George of Denmark, husband of Queen Anne. This County was erected by Chapter 13, Acts of 1695 (May Session). The County seat is Upper Marlboro.

Named after Mary Somerset, sister-in-law of Cecilius, Second Lord Baltimore. It was created by an Order in Council of 1666. The County seat is Princess Anne.

TALBOT

Named after Grace Talbot, sister of Cecilius, Second Lord Baltimore. The form of the creation of this County is not known, but it was probably by virtue of an order of the Governor in Council. WASHINGTON

Named for George Washington. The County owes its creation to the Constitutional Convention of 1776. The County seat is Hagerstown.

POPULATION-CENSUS OF 1960

POPULATION OF MARYLAND: APRIL 1, 1960

The total population of Maryland on April 1, 1960, was 3,100,689, according to figures for the State released by the Bureau of the Census, Department of Commerce. Between 1950 and 1960, the population of the State increased 757,688, or 32.3 percent, over the 2,343,001 inhabitants enumerated in 1950. Among the States, Maryland ranked twenty-first in population. The 1960 population was almost ten times as large as its population in 1790 when it was enumerated in the first Federal census.

According to the urban definition, Maryland had 2,256,634 persons living in urban territory and 844,055 in rural territory. The urban population accounted for 72.8 percent of the total population of the State.

There are 23 counties and 1 independent city—Baltimore—in Maryland. Between 1950 and 1960, 20 of the counties increased in population. Three of the counties and Baltimore City showed a decrease. The rates of change for the counties ranged from a decline of 6.3 percent for Allegany County to an increase of 105 percent for Montgomery County. Baltimore County experienced the largest numerical gain with an increase of 490,465. The Washington and Baltimore metropolitan areas accounted for the greatest increases in the State since 1950. Montgomery and Prince George's Counties combined have increased 94 percent during the past ten years. The Baltimore metropolitan area has a population of 1,706,961, a gain of 301,562 over 1950, despite the City's loss of 26,484 or 2.7 percent. The counties in Maryland ranged in size from Kent with a population of 15,481 to Baltimore with a population of 492,428.

In 1960 there were 155 places incorporated as cities, towns and villages in Maryland and 40 unincorporated places of 1,000 inhabitants or more. These ranged in size from Highland Beach town with a population of 5 to Baltimore City with a population of 939,024.

Under the urban definition established for use in the 1960 census, urban territory comprises (a) places of 2,500 inhabitants or more incorporated as cities, boroughs, towns,¹ and villages; (b) the densely settled urban fringe, including both incorporated and unincorporated areas, around cities of 50,000 or more; and (c) unincorporated places of 2,500 inhabitants or more outside any urban fringe. All other territory is classified as rural. According to the definition used in previous censuses, urban territory was designated as all incorporated places of 2,500 inhabitants or more and areas (usually minor civil divisions) classified as urban under special rules relating to population size and density.

In both definitions, the most important component of the urban territory is the group of incorporated places having 2,500 inhabitants or more. A definition of urban territory restricted to such places, however, would exclude a number of equally large and densely settled places, merely because they were not incorporated places. Under the old definition, an effort was made to avoid some of the more obvious omissions by the inclusion of the places urban under special rules.

¹Except in New England, New York, and Wisconsin, where "towns" are minor civil divisions of counties and are not necessarily densely settled centers like the towns in other States.

Even with these rules, however, many large and closely built-up places were excluded from the urban territory. To improve the situation in the 1960 Census, the Bureau of the Census set up, in advance of enumeration, boundaries for urban-fringe areas around cities of 50,000 or more and for unincorporated places outside urban fringes. All the population residing in urban-fringe areas and in unincorporated places of 2,500 or more is classified as urban according to the new definition. (Of course, the incorporated places of 2,500 or more are urban in their own right.) Consequently, the special rules of the old definition are no longer necessary.

To the primary political divisions into which the Maryland counties are divided, the Bureau applies the general term "minor civil divisions". These vary from State to State, but in Maryland they are known as "election districts". An election district is analogous to a township but it serves only as a unit for elections and has no political organization with its own individual government.

The term "place" as used in census reports refers to a concentration of population regardless of the existence of legally prescribed limits, powers or functions. Most of the places listed are incorporated as cities or towns. In addition, unincorporated places of 1,000 inhabitants or more are also presented.

ADDENDA AND ERRATA

It will be obvious to every reader of the MARYLAND MANUAL that a book of this kind can never be wholly accurate on the date it appears. The very last changes were made in proof on December 1, 1967. But at that time many sections of the book had already been printed. Therefore, while some of the book is believed to be accurate up to that date, other parts of the book, for example the Legislature, are accurate only through November 7, 1967. The reader of the following will please take this fact into consideration.

- p. 68 Under Maryland School for the Deaf, read Hazel K. McCanner, Acting Superintendent, in place of Lloyd A. Ambrosen, Superintendent.
