FOREWORD

The 1981–1982 edition of the *Maryland Manual* is the latest issue in a series that began publication in 1896. Elihu Riley, the compiler of the first *Maryland Manual*, sought not only to provide a sourcebook of useful information for the citizens of Maryland, but also to succinctly describe the various components of Maryland government as a record for posterity. He adopted as a motto for the first *Maryland Manual*, “What is News To-Day is History To-Morrow,” to reflect the dual purpose of the book as both an informational handbook and a permanent record of government at the time.

The validity of Riley’s premise that the *Maryland Manual* could serve a useful function beyond its utility as a sourcebook for current information is appreciated by anyone who has undertaken research on the history of Maryland government. The successive editions of the *Manual* are an invaluable source of information on past public officials and on the development of State and local agencies and departments. Above all, the various issues of the *Maryland Manual* chart in detail the nature and extent of the growth of State government. Riley required little more than five pages of his *Manual* to print the “Civil List of the State of Maryland for the Year 1896,” and even less space to reproduce the State payroll (which ranged from \$4,500 per year for Governor Lloyd Lowndes to “no salary” for the three State Telephone Commissioners). State officials whose positions are described in Riley’s book include the Commissioners to Take Acknowledgments, the Inspectors of Hay and Straw, the Measurers of Oysters, the Measurers of Carts (Baltimore City only), the State Wharfinger, and the Wreck Master (Worcester County only). As archaic as these titles may seem today, they reflect in a unique way the nature of State government and the kinds of services it was expected to provide in the closing years of the nineteenth century.

A chronological review of the successive issues of the *Maryland Manual* reveals the disappearance of a host of agencies and officials as their tasks became anachronistic, while other agencies of government have been transmogrified to reflect the changing needs and priorities of society. This role of the *Maryland Manual* in documenting the changing needs and priorities of State government continues to the present. The Bedding Advisory Board is but one of the State agencies dropped from the last edition of the *Manual*, and the Maryland Bicentennial Commission, which first appeared in the *Maryland Manual* for 1969–1970, is an example of an agency that completed its task and is no longer listed in the present volume. New directions and areas receiving special emphasis from the State executive and legislative branches can be perceived in the task forces and study committees created since the last *Manual*, covering topics such as adoption laws, procurement regulations, the educational needs of children in residential institutions, State documents, drinking drivers, and mobile homes. Some new commissions, such as the Three Mile Island Committee, were established in response to an urgent, unforeseen situation that arose in the State, while others, such as the Youth Employment Task Force, have been formed to deal with more tenacious problems. Concern with the environment—an area barely mentioned in the *Maryland Manual* of a decade ago—is conspicuous in the current *Manual*, with a new assistant secretariat in the Department of Health and Mental Hygiene devoted to the subject and with the creation of new independent agencies such as the Chesapeake Bay Commission, the Hazardous Waste Facilities Siting Board, and the Northeast Maryland Waste Disposal Authority.

The dynamic nature of Maryland State government necessarily complicates the task of compiling the biennial editions of the *Maryland Manual*. Not only must the informational content, such as addresses and telephone numbers, be updated and corrected, but all legislation, executive orders, regulations, and internal reorganizations must be digested so that both in organization and in content the text of the book reflects as accurately as possible the state of Maryland government at a given point in time. With a book of this length accomplishing these goals requires a firm cutoff date for the inclusion of information, in the case of this edition Election Day, November 4, 1980. An early November deadline for *Manual* material is required if the book is to be available for distribution during the following session of the General Assembly. The *Manual* issued during the first year of a gubernatorial term, like the 1979–1980 edition, cannot be sent to press until the governor’s initial appointments are made. Therefore, *Manuals* issued in these years have a later cutoff date for the inclusion of material, but they appear at a correspondingly later date, generally in early summer.

Simply revising existing data, deleting obsolete agency descriptions, and adding new material as required is a large task. With each new edition of the *Maryland Manual*, however, we strive to make changes that will improve the quality and value of the book. Stylistic concerns were of paramount im-

portance with the last two editions of the *Manual*, and better designed pages, improved running heads, and new graphics did enhance the book's readability and facilitate reader access to information. The last *Manual* was also the first to be keyboarded on in-house text editing equipment, which permits quick and inexpensive manipulation of material. The advantages of using text-editing equipment for the *Manual* were only fully realized with this edition, because certain large sections of the book could be revised in only a fraction of the time that normally would have been required. In addition, since the *Manual* could be delivered to a compositor on precoded, nine-track magnetic tape, the costs of composition were greatly reduced over conventional typesetting.

Since design improvements and inputting the *Manual* file onto text-editing equipment had been accomplished with the last *Manual*, with this edition we were able to concentrate on other changes to enhance the utility of the book. This effort resulted in the addition of several new sections and the expansion of others. Maryland At A Glance has been augmented to provide in a succinct format additional pertinent data on Maryland as a whole, and a new Capsule Chronology of important dates in the history of Maryland government has been added. The Legislature section now begins with a block of frequently-called telephone numbers, and the section devoted to legislative committees has been reorganized for greater clarity. For the first time biographical sketches and photographs of each department secretary have been included. Both the Executive Commissions and Independent Agencies sections conclude with a description of those bodies that have completed their task or otherwise ceased to function since the last *Manual* was published. Also included are those executive task forces and study committees that were appointed after the last *Manual* went to the press but which completed their assignment prior to the cutoff date for inclusion in this *Manual*. Considerable additional information has been added to the section devoted to Maryland Counties and Baltimore City, and charts indicating voter turnout have been included for the first time in the section on Election Returns. Biographies and photographs of the members of the Maryland delegation in the U.S. Congress have been added, as well as biographical sketches of the Maryland members on the federal bench.

Because the Maryland Manual is consulted by such a diverse readership, we are always grateful when people contact us concerning additions, corrections, or suggestions for material to be included in future editions. The cost of adding new material must be carefully weighed, but frequently valuable suggestions are made by readers that would not occur to the staff responsible for compiling the *Manual*. Such was the case with the list of public airports in Maryland, which appears for the first time in this edition and which was suggested by Brad Davidson, vice-president of M. S. Blackistone & Associates of Annapolis. We urge anyone who has suggestions for future issues to contact us in care of the *Maryland Manual*, P.O. Box 828, Annapolis, Maryland 21404. We also maintain current information on all departments and agencies included in the *Manual*, and a special telephone number has been established to provide reference assistance to persons needing information not available in the current edition of the *Manual*. The *Maryland Manual* information number is 269-3917, or for telephones in the State system, MARCOM 224-3917.

More than in the compilation of virtually any other type of book, the editors of a manual such as this are indebted to a host of individuals, most of whom because of space limitations, lapsed memory, or unintentional oversight are not formally acknowledged. We would, however, like to specifically mention the support provided by our own Department of General Services, particularly from Secretary J. Max Millstone, Deputy Secretary Jerome W. Klasmeier, Robin J. Zee, Director of the Office of Central Services, and the personnel in the Printing and Publications Department. We also wish to acknowledge the assistance of Professor George H. Callcott of the University of Maryland for his contributions to the Capsule Chronology and for his suggestions that resulted in an overall shortening of the book. Lois Green Carr, Historian for the St. Mary's City Commission, and Phebe R. Jacobsen, senior archivist at the Hall of Records, also contributed to the Capsule Chronology. F. Carvel Payne, Director of the State Department of Legislative Reference, contributed the essays on the General Assembly sessions of 1979 and 1980, and Dee Ballard, a member of his staff, was helpful in sorting out the new telephone numbers for legislative agencies. Tricia L. Stanton, from the Office of the Assistant to the President and the Speaker, was most gracious in providing the new telephone numbers for legislators. Since work on the *Maryland Manual* is not complete until it is distributed, we would like to acknowledge the valuable assistance rendered in distributing the last *Manual* to the legislature by Orin J. Durey, Assistant to the President and Speaker, and by Anna Sakers from the General Assembly Mail Room. Ms. Sakers and Ginger Lambros, as well as Margaret W. Lee, chief Clerk for the Executive Department, have also been most helpful in forwarding to us materials that help us keep our *Manual*

files current. As with past issues of the *Maryland Manual*, Bill Jabine of the Department of Natural Resources freely gave his time to assist in updating the Maryland At a Glance section. New information for this part of the *Manual* was provided by Neil M. Shpritz, Division of Research, and Jim Devine, Division of Public Affairs, both of the Department of Economic and Community Development. Willard Morris of the State Administrative Board of Election Laws provided necessary election returns in a timely fashion, and permitted us to print the valuable information on voter turnout for the 1980 primary and general elections. William S. Ratchford II, Director of the Department of Fiscal Services, was helpful as always in fleshing out the section on legislative agencies. William H. Adkins II and his staff at the Administrative Office of the Courts were unfailingly courteous and prompt in resolving questions that arose with respect to the judiciary. Information on Maryland cities and towns was provided by Don Stickle of the Maryland Municipal League, and we would like to thank Leigh Sands, Clerk of the Caroline County Board of Commissioners, for her thorough work on compiling information for that county.

Composition of this book was accomplished with minimal delay and at a very advantageous price by International Computaprint Corporation, Fort Washington, Pennsylvania. We owe our account manager, Eileen Pancoast, and especially Jay Tomb, who worked closely with us on a daily basis, a tremendous debt of gratitude for their patience, care, and professionalism.

Finally, most of the artwork in this Manual was prepared by Severn Graphics, Inc., of Glen Burnie. The new organizational charts for the Executive Branch, Legislative Branch, and Judicial Branch are based on those by Shirley Blann, which appeared in the *Legislator's Guide to the Maryland State Government* (Annapolis: Department of Fiscal Services, 1978). Artwork for the seals of Maryland counties and Baltimore City was prepared by Julia Jones Bryan from original color art generously supplied by Frederick T. Wehr, author of *Flags and Seals of Maryland and of the United States* (Baltimore, 1975). The cover design, as well as much of the layout of the text, was the creation of Carleton "B" Hayek of the Department of General Services. "B" Hayek also assumed responsibility for cropping photographs and artwork, for which we are most appreciative.

It is impossible to thank by name all of the hundreds of people throughout the State of Maryland who contributed to this edition of the *Maryland Manual*. The Hall of Records has compiled the *Manual* for over forty years. What is good about the book is to a large extent due to help we receive from outside our agency, because to date it has not been possible to establish a permanent editorial staff to handle the work of constantly updating and preparing information for each successive edition. It is our hope that at some point in the near future one or more staff positions can be created to undertake on a full-time basis the compilation of the *Maryland Manual* and other Hall of Records publications. This would enable us to exercise much greater editorial control and to increase the amount of original descriptive material in the *Manual*. While it remains necessary for us to allocate resources from our existing staff to produce the *Manual* every two years, however, we must continue to rely on a host of government officials who patiently respond to our questionnaires and telephone calls for the bulk of the information contained in the *Manual*, and to all of them we express our deepest appreciation.

MARYLAND'S OFFICIAL STATE SYMBOLS

GREAT SEAL OF MARYLAND

The Great Seal of Maryland is used by the Governor and the Secretary of State to authenticate Acts of the Legislature and for other official purposes. The first Great Seal was sent from England shortly after settlement of the Colony. It remained in use, although slightly altered, until the Revolution. The State of Maryland then adopted a new seal similar in form and spirit to those of other states. One hundred years later, Maryland readopted its old seal (Joint Resolution no. 5, Acts of 1876). Only the reverse of this seal has ever been cut. The obverse, however, is still considered part of the seal and is used, among other things, for decorating public buildings.

The reverse consists of an escutcheon, or shield, bearing the Calvert and Crossland arms quartered. Above is an earl's coronet and a full-faced helmet. The escutcheon is supported on one side by a farmer and on the other by a fisherman. It symbolizes Lord Baltimore's two estates: Maryland, and Avalon in Newfoundland. The Calvert motto on the scroll is "Fatti maschii parole femine," usually translated "manly deeds, womanly words." The Latin legend on the border (the last verse of Psalms 5 from the Vulgate) is translated "with favor wilt thou compass us as with a shield." The date, 1632, refers to the year the Maryland charter was granted to Cecilius Calvert, second Lord Baltimore.

The obverse of the Seal shows Lord Baltimore as a knight in full armor mounted on a charger. The inscription translated is "Cecilius, Absolute Lord of Maryland and Avalon, Baron of Baltimore" (Chapter 79, Acts of 1969; Code 1957, Art. 41, sec. 74A).

OBVERSE

STATE TREE. Maryland has chosen for its tree the White Oak (*I Quercus alba*). The magnificent specimen represented here is known as the Wye Oak, located at Wye Mills on the Eastern Shore. It is owned by the State (Chapter 731, Acts of 1941; Code 1957, Art. 41, sec. 76).

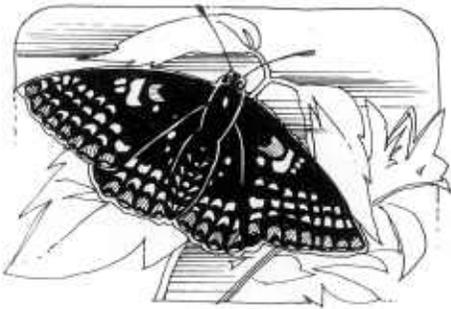

STATE FLOWER. The Black-Eyed Susan (*Rudbeckia hirta*) is the official Maryland flower (Chapter 458, Acts of 1918). A yellow daisy, or coneflower, it blooms in late summer (Code 1957, Art. 41, sec. 75).

STATE DOG. By Chapter 156, Acts of 1964, the Chesapeake Bay Retriever was declared the official dog of Maryland (Code 1957, Art. 41, sec. 77B).

STATE BIRD. The Baltimore Oriole (*Icterus galbula*) is the official Maryland bird designated by the General Assembly (Chapter 54, Acts of 1947). Special provisions have been made for its protection (Chapter 154, Acts of 1882; Code 1957, Art. 41, sec. 77).

MARYLAND SPORT. By Chapter 134, Acts of 1962, the age-old equestrian sport of jousting is the official sport of the State of Maryland (Code 1957, Art. 41, sec. 79A).

STATE INSECT. The Baltimore Checkerspot Butterfly (*Euphydryas phaeton*) was declared to be the official arthropodic emblem of the State by Chapter 253, Acts of 1973 (Code 1957, Art. 41, sec. 77C).

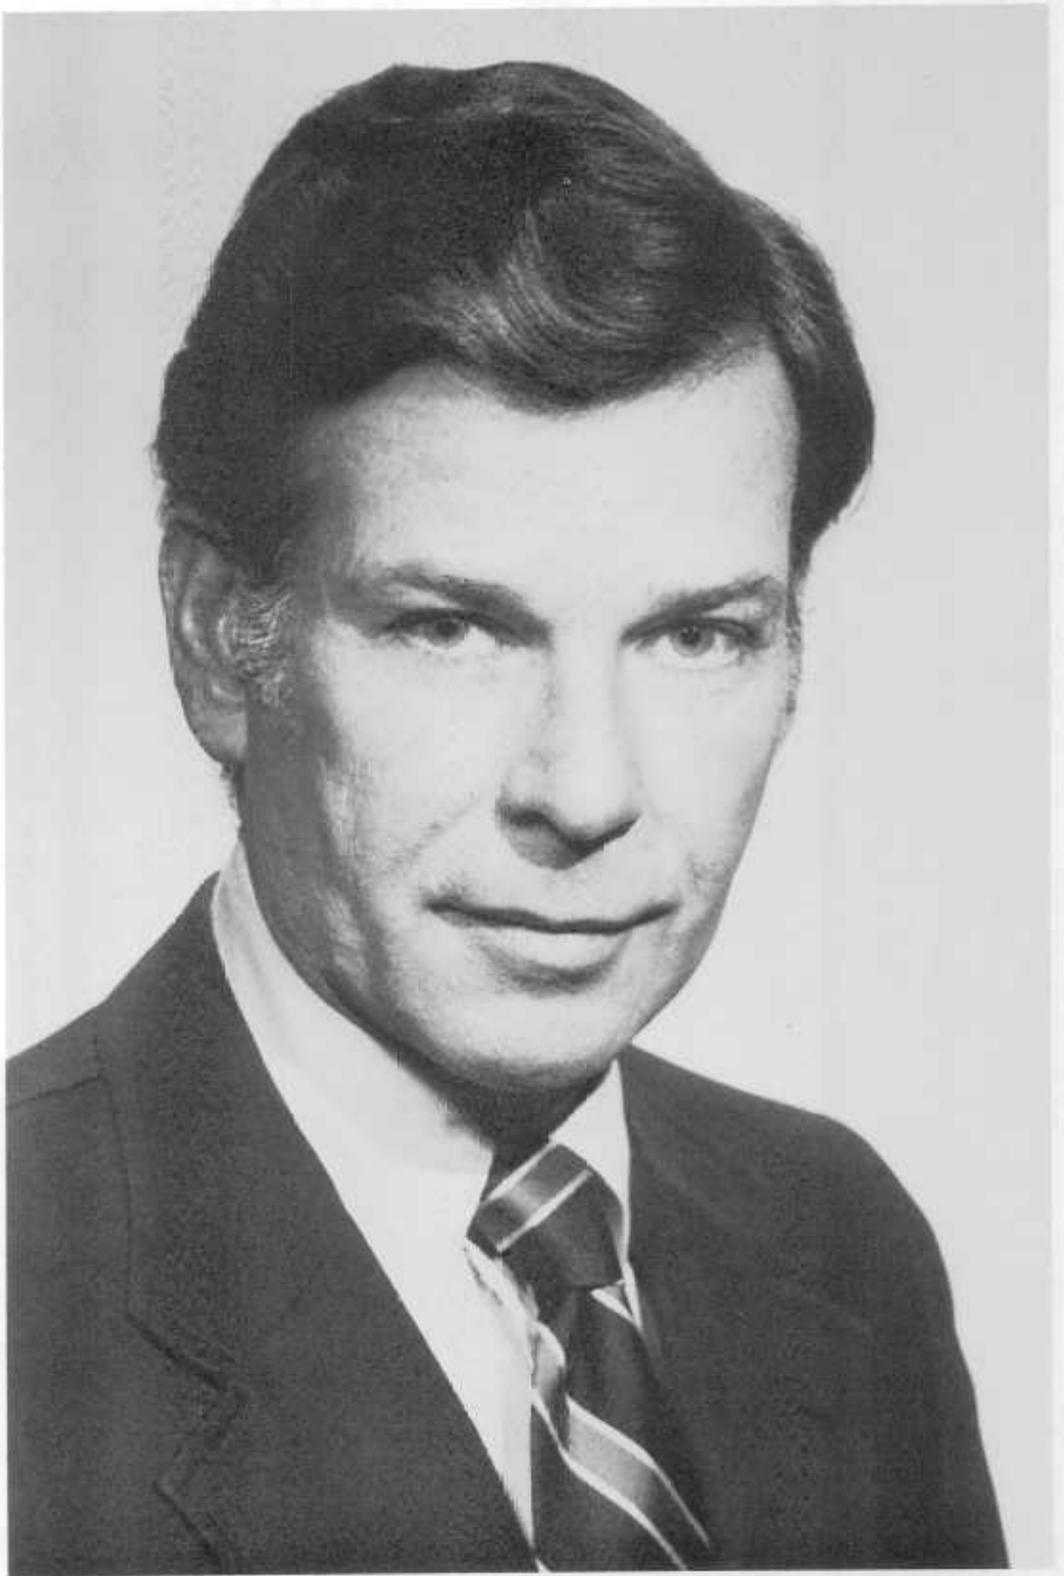

MARYLAND'S NICKNAMES. Although Maryland's nicknames are not official State symbols, the State is known as both the Old Line State and the Free State.

According to some historians, Gen. George Washington bestowed the appellation "Old Line State" because Maryland's regular line troops served admirably in many Revolutionary War engagements. The troops of the Maryland Line ranked among the finest in the Continental Army.

The nickname "Free State" is of twentieth-century origin. It was created by Hamilton Owens,

editor of the *Baltimore Sun*. In 1923, Congressman William D. Upshaw of Georgia, a firm supporter of Prohibition, denounced Maryland as a traitor to the Union because it had refused to pass a State enforcement act. Mr. Owens thereupon wrote a mock-serious editorial entitled "The Maryland Free State," arguing that Maryland should secede from the Union. The irony in the editorial was subtle, and on second thought Mr. Owens decided not to print it. The idea stuck in his mind, however, and he later used it in other editorials. The nickname caught on quickly, and today the term "Free State" is heard almost as frequently as "Old Line State."

Official Biographies

HARRY HUGHES

Governor of Maryland

Harry Roe Hughes was inaugurated on January 17, 1979, as the fifty-seventh Governor of the State of Maryland. In the general election of 1978 he received the largest majority of the vote recorded by a Maryland gubernatorial candidate in this century. He swept the State, carrying by substantial majorities Baltimore City and all but two of the twenty-three Maryland counties.

Governor Hughes came to the office of Chief Executive with sixteen years of experience as a legislator, and six years as a cabinet officer directing one of the State's largest and most complex agencies—the Department of Transportation. He also served as chairman of the Democratic Party in 1969 and 1970.

During his first two years as Governor, Hughes, working closely with the General Assembly, achieved numerous reforms. The 1979 session of the General Assembly was especially noteworthy for the broad scope of tax relief programs proposed by the new Administration and enacted by the Legislature. Some \$144 million in tax relief were provided. The measures included an increase in standard deduction rates and limits, which especially benefited those of low and moderate income. Other relief was the elimination of the sales tax on residential fuels and utilities, expansion of the homeowners tax credit program to persons under 60, and the establishment of a new tax credit program for elderly and disabled persons who rent their homes. The sales tax on the purchase of manufacturing and farm machinery was also eliminated.

State aid to Baltimore City and the twenty-three counties saw a net increase of \$94 million, a move designed to ease growing pressures on local property tax rates. Reforms were made in the property assessment procedure to make it more equitable and less disruptive to homeowners, and the State Pension System was restructured to assure its future financial integrity.

The Hughes Administration program in the 1980 session of the General Assembly addressed a number of long-standing problems faced by the State.

The Governor proposed and the Legislature enacted a package of legislation and constitutional amendments to consolidate the courts of Baltimore City, which, with voter approval, would achieve a goal pursued for more than three decades.

The consolidation of the State's environmental regulatory activities under the State Department of Health and Mental Hygiene was also achieved, resolving ten years of dispute as to how that could be accomplished. A State program for siting hazardous waste disposal facilities was created, making Maryland one of only a handful of states to enact such legislation. The Northeast Waste Disposal Authority was also created. The Authority has the potential of becoming a model in regional cooperation in the critical area of solid waste disposal, recycling, and developing new technology for converting waste to energy.

Three other areas in which the Governor placed emphasis were education, transportation, and corrections.

State aid to education, an area in which Hughes has had an enduring interest since his years as a State legislator, was increased in the 1980 session by \$68 million, an amount unprecedented in its magnitude. This massive infusion of new State funds was aimed at reducing disparities among the State subdivisions in per-pupil expenditures for basic educational programs in elementary and secondary schools. The increase in education funding included \$8 million that was targeted to the neediest jurisdictions to further enhance the equalization effect of the new State aid.

Progress was made in bolstering the State Transportation Trust Fund, which was facing a massive revenue shortfall. Some \$87 million was transferred from surplus General Funds to the Transportation Trust Fund. This interim program also provided the hard-pressed subdivisions with additional transportation funds, allowed the State to continue full funding of the Baltimore metropolitan area mass transit system, and established a stable arrangement of State support for the Washington Metro mass transit system.

From the beginning of the Hughes Administration a major effort was made toward improving management and strengthening staff in the State's correctional institutions. During the 1980 session, the Governor together with legislative leaders developed a comprehensive package for expanding and modernizing correctional facilities in the State: Construction funds were provided for two new prisons and planning funds were approved for renovations to the existing House of Corrections and the Maryland Penitentiary. The package included planning and construction funds for seven new community adult rehabilitation centers, which gave a major impetus to this community-based, innovative approach to corrections.

In the area of human services and programs affecting the poor and disadvantaged, numerous advances were made in improving foster care, deinstitutionalization of the mentally retarded, and expansion of day care and protective services for children and adults. Public assistance benefits were increased by 10 percent in fiscal 1980 and by 11 percent in fiscal 1981. State housing programs for financing homes for low and moderate income families were tripled during the first two years of the Hughes Administration.

Economic development also received major new impetus through large increases in the budget of the Department of Economic and Community Development, which expanded its programs for attracting new business and industry to the State and retaining those already established. Governor Hughes led a delegation of State businessmen to California in April 1980 in an effort to attract the electronics industry to Maryland and in June of that year led a fourteen-member trade mission to Japan, the Peoples Republic of China, and Hong Kong.

Governor Hughes was born in Easton, Maryland, on November 13, 1926. He lived in Denton and was educated in the public schools of Caroline County. As a young man he explored the possibilities of a career in professional baseball after pitching on high school and college teams. Upon graduation from college he played a summer of professional baseball with the farm team of the New York Yankees in Easton and the Federalsburg independent team.

Enlisting at age seventeen, Governor Hughes served a year-and-a-half with the U.S. Navy Air Corps in World War II, after which he entered the University of Maryland, receiving a B.S. degree in 1949. Prior to entering the University of Maryland he had attended Mercersburg Academy in Mercersburg, Pennsylvania, and Mount Saint Mary's College in Western Maryland. After receiving his undergraduate degree he entered the George Washington University School of Law, receiving his LL.B. degree in 1952. He was admitted to the practice of law in Maryland the same year and started practicing law in Denton in 1952.

Hughes was elected to the Maryland House of Delegates in 1954 and served one term (1955-1958) in that body representing Caroline County. In 1958 he ran for the Senate and was elected. There he spent twelve years (1959-1970), first representing Caroline County, and after reapportionment the Upper Eastern Shore counties.

In 1962 Hughes was appointed Chairman of the Committee on Taxation and Fiscal Matters and in 1965 became majority floor leader of the Senate and chairman of the Senate Committee on Finance.

In various leadership roles, Senator Hughes was closely involved in several reforms in educational funding and in seeking equity in State and local taxation. The first major revision of the State's equalization program for public education funding came in 1964 out of a report from the Committee on Taxation and Fiscal Matters, which he chaired.

From 1966 to 1968, he was chairman first of the Special Legislative Commission on State and Local Taxation and Financial Relations and later headed the Committee on Taxation and Fiscal Reform. Recommendations growing out of the work of these two bodies resulted in the enactment of the graduated income tax, a local income tax (piggyback tax), a sharing with local governments of the revenues from the State property tax, an increase in the aid to education formula, an increase in aid for school construction, and a grant to the counties and municipalities for police protection. Essential provisions of this program were enacted in 1967. Its recommendation for a restructuring of business taxes was enacted in 1968.

In 1970 Senator Hughes was named Chairman of the Commission to Study the State's Role in Financing Public Education. It was in accordance with that Commission's recommendation that the State assumed most of the costs of public school construction, embodied in the present State school construction program. Its recommendation for further increases in State aid to education was subsequently adopted.

In 1971 Mr. Hughes was appointed by Governor Mandel to head the newly created Department of Transportation. His first task in that capacity was to consolidate and coordinate the several quasi-independent air, rail, port, highway, and mass transit agencies. Under his direction the Department created a State program to provide both capital and operating assistance to the Maryland suburbs of Washington and to smaller urban areas for the development of public transit systems. It was under his guidance that design and construction of the subway system in the Baltimore area was initiated. In addition, Baltimore-Washington International Airport was acquired by the Department and major reconstruction programs for both the airport and the Port of Baltimore were initiated.

Other major projects undertaken or completed during Hughes's term as Secretary of Transportation include the parallel Bay Bridge, acquisition and operation by the State of the Glenn L. Martin Airport, and construction of the World Trade Center, the Francis Scott Key Bridge, and the Patuxent River Bridge.

In May 1977 Mr. Hughes resigned his position as Secretary of Transportation over what he termed unethical and improper interference with

his Department's procedures for awarding a contract to manage construction of the Baltimore subway system. After leaving State service he became a partner in the Baltimore law firm of Miles and Stockbridge.

The Governor is married to the former Patricia Donoho. They have two daughters, Ann; who teaches school in Howard County, Maryland, and Elizabeth, who is studying at the University of Maryland Law School.

SAMUEL W. BOGLEY III

Lieutenant Governor of Maryland

When Maryland voters elected Samuel W. Bogley III as the State's second Lieutenant Governor under the Constitution of 1867, they chose a public official who brought fourteen years of county government experience to that office.

Sam Bogley began his career in public service as a Zoning Enforcement Officer in Prince George's County for the Maryland-National Capital Park and Planning Commission. Between 1964 and 1968, he was the Chief Clerk of the Peoples' Court in Upper Marlboro under the Honorable Judge William H. McGrath and the Honorable Justice of the Peace John A. Catts. Following this appointment Mr. Bogley was the representative to the Maryland General Assembly for the Prince George's Chamber of Commerce the year Raleigh A. Donley served as that Chamber's president.

Sam Bogley's father, S. Walter Bogley, Jr., who had served from 1959 to 1962 as the Administrative Assistant to the Speaker of the Maryland House of Delegates and later as the State Roads Commissioner for Prince George's County, introduced his son to political campaigning with such candidates as the Honorable Thomas B. Finan, Perry O. Wilkinson, Sr., and Fred L. Wineland. In 1970, Mr. Wineland, then a State senator, encouraged the younger Mr. Bogley to run for the office of County Commissioner. At age twenty-eight, Sam Bogley was elected as Prince George's County's youngest Commissioner, along with the Honorable John B. Burcham, Francis B. Francois, John J. Garrity, and Winfield M. Kelly, Jr. With the adoption by the citizens of the County Charter, which brought "home rule" to Prince George's, Mr. Bogley was retained as one of the first members of the new County Council.

Councilman Bogley quickly gained a reputation for thoughtful decision-making, for his insistence on gathering complete information, and for his independence. He was known for his efforts to bring higher ethical standards to public office, especially with the strengthening of conflict of interest and financial disclosure safeguards.

While serving on the Council, his primary concerns were those issues bearing directly on the people, such as career education, manpower development, human relations, and social services. He was a sponsor of the County's Office for the Handicapped, Mobile Legal Aid, and Turn-in-a-Pusher programs, and of legislation dealing with

Personnel and Labor Codes, Equal Employment and Prevailing Wages, Consumer Protection and Landlord-Tenant Relationships, the Commission for Women, Day Care, and Group Homes. Sam Bogley chaired the Council's Human Resources Committee and represented the Council on the Southern Maryland Health Systems Agency and the County's Hospital and Social Services boards. His second term on the County Council was completed in December 1978.

Consistent with his interest in social issues, Sam Bogley has been engaged for several years in activities aimed towards fostering respect for all human life, including that of preborn children.

In June of 1978, Mr. Bogley was selected by Harry Hughes to be his running mate. Their political paths had crossed several times since 1970, when Mr. Hughes was Chairman of the State Democratic Party and while he was Secretary of the Maryland Department of Transportation. Sam Bogley brought to the Hughes-Bogley ticket a balance of geographical representation and State-Local Governmental relationships.

As Lieutenant Governor, Sam Bogley performs those duties delegated to him by Governor Hughes. Among these is serving as liaison to the twenty-three counties of Maryland, the City of Baltimore, and other municipalities and developing ways in which State and local governments can best work together on a variety of common interests. To initiate this new role for the State's second highest elected official, Lieutenant-Governor-Elect Bogley held his first meetings with county governing bodies before taking office on January 17, 1979, by touring the State for work sessions in the county seats. The Governor has appointed his Lieutenant to the State Development Council and the State-Local Fiscal Relationships Task Force. These intergovernmental activities are coordinated with the Maryland Association of Counties and the Maryland Municipal League.

The Lieutenant Governor has represented the Governor in various program areas, such as health, human resources, vocational-technical training, economic and community development, minority enterprises, and tourism. The Lieutenant Governor is assisted in his duties and responsibilities by John Griffin, Jean Parlett, and Millie Hromadka.

Samuel W. Bogley III was born in Washington, D.C., on November 16, 1941, the son of S. Walter Bogley, Jr., and Anna Cornelia Roberts. He was educated in the public schools of Anne

Arundel, Montgomery, and Prince George's counties and the Landon School in Bethesda. He attended Duke University and the University of Maryland. In 1967 he was awarded a law degree from the University of Baltimore. A member of the Maryland Bar since 1968, Sam Bogley prac-

ticed law with the firm of Miazga and Miazga in Riverdale.

Mr. Bogley is married to the former Rita Brady. They reside in Bowie with their sons Christopher, Robert, and Jonathan, and their daughters Laura, Michele, Rita, and Katie.

The legislative powers of the State of Maryland are vested in the General Assembly, which consists of two distinct branches, the Senate and the House of Delegates (Const. 1867, Art. III, sec. 1). The General Assembly consists of 188 members, with 47 Senators and 141 members of the House of Delegates. They are elected from 47 legislative districts.

Every Senator or Delegate must be a citizen of the State and a resident of it for at least one year preceding the date of his election. For six months prior to his election he must have resided in his legislative district. A Senator must be at least twenty-five years of age at the time of his election and a Delegate at least twenty-one. No member of Congress or any person holding a civil or military office under the United States Government is eligible for election to the General Assembly (III, 9, 10, 11). The term of each Senator and Delegate is four years from the second Wednesday of January following the date of his election (III, 6). The Governor is required to appoint to any vacancy that occurs in either House through death, resignation, or disqualification a person whose name is submitted to him in writing by the State Central Committee of the political party with which the Delegate or Senator, so vacating, had been affiliated in the County or District from which he or she was elected, provided that the appointee shall be of the same political party as the person whose office is to be filled. All persons so appointed serve for the unexpired portion of the term (III, 13). Each House elects its own officers, is judge of the qualifications and election of its own members, and establishes rules for the conduct of its business.

The General Assembly meets annually. Sessions begin the second Wednesday in January and are for a period not longer than ninety days. The General Assembly may extend its sessions beyond ninety days, but not to exceed an additional thirty days, by resolution concurred in by three-fifths vote of the membership in each House. The Governor may call special sessions at any time he deems it necessary (III, 14), but no single special

session may last longer than thirty days.

The General Assembly must pass at each regular session a budget bill that contains the budget for the State government for the next fiscal year. Upon the passage of the bill by both Houses, it becomes a law without further action (III, 52). By Constitutional Amendment adopted by the people at the General Election held November 7, 1978, the General Assembly is authorized to enact laws (other than appropriation bills) that mandate the Governor, in the preparation of the annual budget, to provide for the funding of specific programs at specified levels (III, 52(11) and (12)).

Under the provisions of a Constitutional Amendment ratified by the voters in 1972 (Chapter 369, Acts of 1972), the Senate and the House of Delegates may adopt a "consent calendar" procedure permitting bills to be read and voted upon as a single group on both second and third readings, affording members of each House reasonable notice of the bills so placed on each consent calendar (III, 27, 28).

The General Assembly has power to pass such laws as are necessary for the welfare of the State, and, in addition, it has the power to pass public local laws for counties not having home rule powers and for special taxing areas. The Home Rule Amendment of 1954 (XI-E) virtually prohibits the General Assembly from passing local legislation for incorporated cities and towns, although the Assembly retains its power to pass a general statewide law that affects them. The General Assembly may establish such departments of State government as are necessary for its efficient operation and may establish special taxing districts or areas within the State for the purpose of administering a special function or functions. The General Assembly may establish such taxes as are in accordance with the Constitution of the State and of the United States. It may propose amendments to the State Constitution, which must be embodied in a regular legislative bill passed by three-fifths of the total membership of each House. All amendments to the Constitution must be submitted to the voters at the next general election after passage.

All bills passed by the General Assembly become law when signed by the Governor, or passed over his veto by three-fifths of the membership of each House, on the first day of June after the session in which the law was passed, except (1) when a later date is specified in the Act, or (2) when the bill is declared an emergency measure and is passed by three-fifths of the total

number of members of each House, in which case the bill becomes law immediately upon its approval by the Governor.

The General Assembly may add a referendum provision to any local bill but may not submit a statewide bill to referendum (with the exception of a proposed amendment to the Constitution or a Soldiers' Bonus Bill). Most statewide bills, except appropriation bills, and any local bill that concerns a county or Baltimore City, may be submitted to a referendum by petition. No bill submitted to a referendum shall be enforceable until approved by a majority of the voters at the election in which the referred bill is voted upon, except an emergency bill, which shall be effective immediately and shall remain effective thirty days following its rejection by the voters (XVI).

The House of Delegates has sole power of impeachment of any officer of the State. A majority of the whole number of members of the House must approve any bill of impeachment. The Senate tries all impeachment cases, and two-thirds of the total number of Senators must concur in a verdict of guilty (III, 26).

Both Houses elect the State Treasurer by joint ballot. The General Assembly also elects the Governor and/or the Lieutenant Governor if the popular election has resulted in a tie or the winning candidate and/or candidates are ineligible. When a vacancy occurs in the office of Governor, the Lieutenant Governor succeeds to that office for the remainder of the term. If a vacancy occurs in the office of Lieutenant Governor, the Governor nominates a person to succeed to that office upon confirmation by a majority vote of all members of the General Assembly in joint session. If vacancies occur in both the offices of Governor and Lieutenant Governor at the same time, the General Assembly must convene and fill the office of Governor by a majority vote of all the members in joint session. The chosen Governor then nominates a Lieutenant Governor with the same confirmation.

The President of the Senate serves as acting Governor if the Lieutenant Governor is not able to serve as acting Governor. If there is a vacancy in the office of President of the Senate when he is authorized to serve as acting Governor, the Senate must convene and fill the vacancy (II, 1A, 1B, 6, 7A).

A HISTORY OF THE 1979 SESSION OF THE GENERAL ASSEMBLY

The General Assembly met in regular session on January 10, 1979, and adjourned on April 9, 1979.

Seven bills vetoed by the Governor following the 1979 Session were passed by both Houses over his veto in this Session.

The budget bill enacted at this Session for fiscal year 1981 (ending June 30, 1981) amounted to \$5,269,066,089. The General Construction Loan of 1980 was passed for a total of \$85,515,000.

Among the more important measures were those ratifying a proposed amendment to the U.S. Constitution that would give the District of Columbia congressional representation, concerning the Blue Laws in several counties, prohibiting Sunday racing at licensed racetracks in certain counties, providing free and reduced price breakfasts to certain elementary schools, increasing the amount of credit and balances on which 18 percent interest can be assessed, providing the State pay 100 percent of the cost of starting new adult rehabilitation centers, removing prohibitions against the use of games and contests by retail and franchise merchants, requiring certain boards to have consumer representatives, altering the maximum permissible interest rates and finance charges that may be charged by lenders, providing protection from domestic violence, concerning the use, sale and possession of drug paraphernalia, providing that the law making consumer records confidential applies to transactions made by an electronic terminal, including cards used with

Five proposals were made to amend the Constitution of Maryland, entitled as follows: Anne Arundel County—Election of County Council; The Judiciary Department—Supreme Bench Consolidation; The Judiciary Department—Removal of Causes; City of Baltimore—Residential Rehabilitation and Commercial Financing Loans; and Wicomico County—Condemnation of Property. The Legislative Policy Committee was established by Chapter 362, Acts of 1976, to replace the Legislative Council created by Chapter 62, Acts of 1939. The Committee consists of twenty-six members, thirteen from the Senate and thirteen from the House of Delegates. The President of the Senate, the chairpersons of the Budget and Taxation, Constitutional and Public Law, Economic Affairs, Finance, and Judicial Proceedings committees, the President Pro Tem, the Majority Floor Leader, and the Minority Floor Leader are members from the Senate. The President appoints four additional members to be representative of the various areas and interests of the State. The Speaker of the House of Delegates, the chairpersons of the Appropriations, Constitutional and Administrative Law, Economic Matters, Environmental Matters, Judiciary, and Ways and Means committees, the Speaker Pro Tem, the Majority Floor Leader, and the Minority Floor Leader are members from the House. The Speaker appoints three additional members to be representative of the various areas and interests of the State. The President and Speaker serve as co-chairpersons.

The Legislative Policy Committee coordinates and supervises the work of the standing committees of the General Assembly during the interim between sessions as well as during each session. The Committee studies the rules and procedures of the Senate and House, appoints special committees and subcommittees to study any subject matter, refers to the committees functioning during the interim any recommended subject matter it receives, may hold hearings on any subject matter, may subpoena witnesses and records, may prepare its own legislative recommendations, and may endorse a legislative program in the form of bills, resolutions, or other proposals to be submitted to the next regular session of the General Assembly.

The Legislative Policy Committee is required to compile and make public in a report to the legislature recommendations of the standing, statutory, and special committees prior to the next regu-

lar session of the legislature (Code 1957, Art. 40, secs. 27-38).

COMMITTEE ON ADMINISTRATIVE, EXECUTIVE AND LEGISLATIVE REVIEW

Chairperson: Carter M. Hickman

Vice-Chairperson: Norman R. Stone, Jr.

Members from the Senate: Jerome F. Connell, Sr., Thomas V. Mike Miller, Jr., Charles H. Smelser, Robert E. Stroble.

Members from the House of Delegates: William R. McCaffrey, Catherine I. Riley, Steven V. Sklar, Elizabeth S. Smith.

The Committee on Administrative, Executive and Legislative Review (AELR Committee) was originally created as a joint standing committee known as the Committee on Legislative Review by Chapter 96, Acts of 1964. It was renamed the Committee on Administrative, Executive and Legislative Review by Chapters 400 and 699, Acts of 1972, and had its membership increased to five Senators and five members of the House of Delegates, all of whom are appointed by the President of the Senate and the Speaker of the House of Delegates at the conclusion of each regular session. Members serve for one year. The chairperson and vice-chairperson alternate each year between the two Houses. Representation of each political party is approximately in the same proportion as their membership in each House.

The Committee may inquire into the failure of an officer or employee of either the Legislative, Executive, or Judicial branches of the State government to comply with the statutory or constitutional law of the State. However, the Committee primarily reviews the rules and regulations that are adopted by any State agency as to intrusion on the Legislative prerogative and as to the issue of procedural due process. Further, the Committee sits as a legislative advisory board for the Code of Maryland Regulations and COMAR publications of the Division of State Documents of the Office of the Secretary of State.

By Chapter 1 of the Acts of the Second Special Session of 1973, the Committee is required to receive emergency energy Executive Orders promulgated by the Governor. This legislative authority has been updated annually.

Chapter 776, Acts of 1973, removed the Committee as an adjunct of the Legislative Council.

By law, the Committee reports annually to the Legislative Policy Committee and the General Assembly.

The State Department of Legislative Reference was originally created by Chapter 565, Acts of 1906, to serve the City of Baltimore. The scope of the Department was enlarged so that it would also serve the State by Chapter 474, Acts of 1916. By Chapter 453, Acts of 1965, the State's portion of the Department was transferred to the Legislative Branch. The present Department dates its current organization from Chapter 571, Acts of 1966, which separated this Department from the department of the same name in Baltimore City.

The Department collects, compiles, and indexes information on all questions of proposed legislation. It investigates and reports on the laws of Maryland and other states at the request of the Governor, any committee or member of the General Assembly, or any State agency. At the request of a member of the General Assembly, the Department prepares or aids in the drafting of any law or resolution. Each department of the State government must transmit to the Depart-

ment of Legislative Reference at least two copies of each of its reports, which are used for exchange and reference purposes. The Department keeps a complete index and a complete file on all bills introduced in the General Assembly from 1918 to the present. It also keeps copies of the codes and laws of other states, and it maintains a library of books, pamphlets, reports, periodicals, and clippings on matters of current public and political interest (Code 1957, Art. 40, secs. 48-53). The Department operates through the Office of the Director and four divisions, entitled Code Revision, Computer, Legislative, and Research.

By Chapter 182, Acts of 1972, the Division of Statutory Revision was created within the Department of Legislative Reference. The Division is headed and administered by a Revisor of Statutes, appointed jointly by the President of the Senate and Speaker of the House of Delegates (Code 1957, Art. 40, secs. 53A-53D).

The Commission consists of nine members, five appointed by the Governor, two appointed by the president of the Senate, and two appointed by the speaker of the House of Delegates. Members serve four-year terms. Officers and employees of State or local governmental units are not eligible for appointment to the Commission. **COMMISSIONERS FOR THE

The General Assembly, by Chapter 264, Acts of 1896, established the Commission for the Promotion of Uniformity of Legislation. Every four years the Governor appoints three Commissioners

who represent Maryland in the National Conference of Commissioners on Uniform State Laws. They receive no salary but are allowed their actual disbursements for expenses (Code 1957, Art. 41, secs. 153, 154). The Commissioners serve on committees that draft laws to be submitted to the legislatures of the several states and recommend measures for the promotion of uniform legislation.

LEGISLATIVE DISTRICTS AND ROSTER OF MEMBERS—1981

A Constitutional amendment (Chapter 363, Acts of 1972) ratified by the people on November 7, 1972, divided the State of Maryland into 47 districts for the election of the 188 members of the Senate and the House of Delegates. Each Legislative District elects 1 Senator and 3 Delegates, for a total of 47 Senators and 141 Delegates. Each district may be divided into three Delegate subdistricts or one multi-member Delegate subdistrict. Each district must consist of adjoining territory, be compact in form, and of equal population (Const. 1867, Art. III, secs. 1-4). In districts that contain more than two counties or parts of more than two counties and where the Delegates are elected at large by the voters of the entire district, no county or part of a county is allowed to have more than one resident Delegate.

Pursuant to Article III, Section 5 of the Constitution, the Governor presented his legislative districting plan to the General Assembly and it became law on February 24, 1973. Since it was declared not to have been prepared in conformity with the "public hearings" requirement, the Court of Appeals invalidated it on July 31, 1973. The Court of Appeals then established new boundaries for the forty-seven legislative districts by an order dated March 15, 1974 (Misc. nos. 5 and 6, September Term 1972, and Misc. nos. 1-4, 7-13, September Term 1973). The boundaries noted below are those promulgated March 15, 1974, with voter registration statistics as of October 9, 1978, for Districts 1-36 and as of January 1, 1979, for Districts 37-47, for the Democratic Party (D); Republican Party (R); American Party, others, and those who decline party affiliation (O).

The Governor is the chief executive officer of the State and the commander in chief of its military forces. He is elected by popular vote for a term of four years, his term of office beginning on the third Wednesday of January following his election. No person may serve as Governor for more than two consecutive terms. To be eligible for the office of Governor, a person must be at least thirty years of age and must have been for five years a resident and registered voter of the State. He receives a salary of \$60,000 per year (Const. 1867, Art. II, secs. 1, 3, 5, 21).

The Governor must submit to each annual session of the General Assembly a budget for the next ensuing fiscal year. He also makes recommendations for the raising of the principal and interest of the State's indebtedness. The Governor may also inform the General Assembly at any time of the condition of the State (Const. 1867, Art. II, sec. 19; Art. III, sec. 52(3)).

Before a bill may become law the Governor must sign it, with the single exception of the General Appropriation Act. However, any bill that he vetoes may be passed without his signature by three-fifths of the total number of members of each house of the General Assembly, either at the current session or at the session next following. Should the Governor, while the Legislature is in session, fail to return any bill with his objections within six days the Act becomes law automatically unless the adjournment of the General Assembly prevents the return of the bill, in which case the bill fails. The Governor has the power to veto any part of an appropriation bill, in the same manner as other bills, without vetoing it in its entirety (Const. 1867, Art. II, sec. 17 as amended by Chapter 714, Acts of 1949).

The Governor is commander in chief of the military forces of the State—the National Guard—except when such forces are called into the national service. If the National Guard is thus called, he may establish a State Guard.

The Governor appoints all military and civil officers of the State subject to the advice and consent of the Senate, except when the election or appointment of such officers is otherwise provided for. In

addition to appointing the heads of major departments, boards, and commissions of the State Government, the Governor appoints certain boards and commissions in each county and the City of Baltimore as provided for by law. The Governor also commissions notaries public and appoints persons to unexpired terms of the offices of Attorney General, Comptroller, Treasurer, and members of the General Assembly. Any officer appointed by the Governor, excepting members of the General Assembly, is removable by him for cause.

The Governor may grant executive clemency, reprieves, or pardons to any person who is a prisoner of the State and may remit any fine or portion thereof to any person who has paid the fine. He may extradite prisoners or persons wanted by other States upon the presentation of a writ of extradition and may issue a warrant for the arrest of any person so wanted. The Governor may also ask for the return to this State of any prisoner or person of another State wanted for the violation of the laws of Maryland (1867 Const., Art. II, sec. 20).

The office of Lieutenant Governor was created by a Constitutional Amendment ratified by the people on November 3, 1970 (Chapter 532, Acts of 1970). The Lieutenant Governor is the second-ranking officer of the State. He is elected for a term of four years by popular vote at the same election at which the Governor is elected. His term of office begins on the third Wednesday in January following his election. The eligibility requirements for Lieutenant Governor are the same as those for the Governor (Const. 1867, Art. II, secs. 1, 1A, 2). He receives an annual salary of \$52,500.

The Lieutenant Governor has only those duties delegated to him by the Governor. The present Lieutenant Governor serves as liaison to the twenty-three counties of Maryland, the City of Baltimore, and other municipal governments. The Governor has also appointed him to the State Development Council and the State-Local Fiscal Relationships Task Force. The Lieutenant Governor has represented the Governor in various program areas, such as health, human resources, vocational-technical training, economic and community development, minority enterprises, and tourism.

The Lieutenant Governor succeeds to the office of Governor in the event of a vacancy in that office. If the Governor-elect fails to assume office for any other reason than his disqualification, resignation, or death, the Lieutenant Governor becomes the Acting Governor. He also serves as Acting Governor in case of the Governor's disability (Const. 1867, Art. II, secs. 4, 5, 6, 7, 7A).

The office of the Comptroller of the Treasury was established in 1851. The Comptroller is elected by popular vote for a term of four years (Const. 1867, Art. VI, sec. 1). There is no limitation on the number of terms he may serve. He receives such salary as may be fixed by law. For Fiscal Year 1981, he will receive a salary of \$50,000. He must give his bond and keep his office at the seat of government. He qualifies on the third Monday in January following his election, but his qualifications to hold office are not stated either in the Constitution of 1867 or in the Code. The Constitution enumerates his duties, beginning with the broad mandate to exercise "general superintendence over the fiscal affairs of the State, preparing plans for the improvement and management of revenue, for the support of the public credit." More specifically, he is to "preserve all public accounts, and decide on the forms of keeping and stating accounts;" to "grant, under regulations prescribed by law, all warrants for money to be paid out of the Treasury;" and to "superintend and enforce the prompt collection of all taxes and revenues." The Comptroller receives the Legislative Auditor's reports and contacts various departments to follow the Auditor's recommendations. Jointly with the Treasurer he exercises supervision over the Central Payroll Bureau. The Comptroller or his deputies countersign all checks drawn by the Treasurer upon the deposits of the State. The Comptroller prescribes the formalities for the transfer or other evidence of the State debt and countersigns such papers. He administers and collects the following specific taxes: the income tax, both personal and corporate; the retail sales and use taxes; the admissions tax; the motor vehicle fuel tax; the road tax on motor carriers; the State tobacco tax; the Maryland estate tax; excise taxes on beer, wine, and liquor; and certain franchise taxes. The Comptroller also administers the Abandoned Property and Dormant Bank Account Laws and collects taxes on

the deposits of savings banks, on the gross receipts of certain utility companies, and on the rolling stock of persons other than railroads. Revenues collected by the Maryland Racing Commission as well as motor vehicle revenues are distributed to political subdivisions by the Comptroller's Office. Admissions and amusement tax revenues, at rates set by local officials, are collected by the Comptroller and distributed to political subdivisions.

The Comptroller, through the Alcohol and Tobacco Tax Division, controls and regulates the manufacture, sale, transportation, and distribution of alcoholic beverages into, within, and out of the State of Maryland; issues licenses to manufacturers, wholesalers, airlines, railroads, and steamboats; and issues permits to nonbeverage dealers, nonresident dealers, transportation companies, transporters, and for public individual storage. The Maryland Alcohol and Tobacco Tax Enforcement Unit is charged with the specific enforcement of certain alcoholic beverages and tobacco tax laws.

Through the Motor Fuel Tax Division, the Comptroller registers and licenses motor fuel dealers as well as diesel fuel sellers and/or users. The Motor Fuel Inspection Unit and the Motor Fuel Testing Laboratory operate to enforce specifications designed to guarantee the quality of fuel offered for sale in the State.

The Comptroller prescribes the form of all licenses required by the State licensing laws, which are issued through the Clerks of the Courts of the various counties. The License Bureau enforces the State license laws. Each month the Comptroller collects license revenues, State property transfer taxes, death taxes, and real and personal property taxes from the Clerks of the Courts, Registers of Wills, and County Treasurers of each county. Distribution of certain taxes and revenue is made to the cities, towns, and counties of the State and to other State agencies as prescribed by law (Code 1957, Art. 2B, sec. 134; Art. 19, secs. 1-34; Art. 56, secs. 3-4, 137; Art. 78B, sec. 19; Art. 81, secs. 201, 323, 410, 433, 434, 460; Art. 89B, secs. 31, 32, 33, 34).

Telephone: 269-3311

The State Appeal Board was established in 1933 as the "State License Bureau" (Chapter 2, Acts of the Special Session of 1933). In 1947 the General Assembly changed the name to the State Appeal Board (Chapter 501, sec. 177, Acts of 1947). The Board is composed of three members appointed by the Comptroller of the Treasury subject to the approval of the Governor. The Comptroller designates the Chairperson of the Board and the Board appoints a secretary. It hears appeals from decisions of local licensing authorities in Dorchester and Somerset counties (Code 1957, Art. 2B, secs. 61, 70, 147, 154, 177, 184). The Board meets for hearings and to hear appeals within the time prescribed by law at the county seat of the county in which the action originated. The appropriation for the expenses of the Board is included in the budget of the Alcohol and Tobacco Tax Division.

The Board of Revenue Estimates and the Bureau of Revenue Estimates were created by Chapter 991, Acts of 1945. The Board is composed of the Comptroller of the Treasury, the State Treasurer, and the Secretary of Budget and Fiscal Planning. It studies the findings and recommendations of the Bureau and then sends to the Governor, for submission to the General Assembly, an itemized statement of anticipated revenues for the succeeding fiscal year, together with its recommendations. The Bureau studies and analyzes all sources of revenue, prepares for the Board the findings for the itemized statement of

anticipated revenue, devises equitable and economical means of collection of such revenue, and devises and recommends new sources of revenue.

The Chief of the Bureau of Revenue Estimates, in conjunction with the State Comptroller's Office, prepares and submits to the members of the General Assembly by the end of the months of January and July in each year an itemized state-

ment showing the following information for the six-month period ending on the next preceding December 31 or June 30, as the case may be: 1. estimated revenue from all sources, by funds, for the current budget period; 2. collections for the next preceding six-month period; and 3. amount of revenues uncollected or over-collected (Code 1957, Art. 41, sec. 194). Under the Constitution of 1776 there were two State Treasurers—the Treasurer of the Eastern Shore and the Treasurer of the Western Shore. In 1841 a constitutional amendment consolidated the two offices. The present constitution provides that the Treasurer shall be elected by joint ballot of both Houses of the General Assembly for a term of four years. The Treasurer is responsible for accounting for all deposits made each day by State agencies in depositories designated and authorized by him. The Treasurer prepares all checks drawn for disbursement of State cash funds, and he and one of his Deputies sign these checks, which are then countersigned by the Comptroller and one of his authorized Deputies. The Treasurer invests any unexpended or surplus funds in the State Treasury, representing both the general and special funds of the State, which are not currently required to meet State needs. He is the custodian of all stocks, bonds, or other investments of the State, as well as securities that are pledged by insurance companies, foreign building and homestead associations, and all collateral that is pledged by banks that have State funds on deposit. He administers the insurance for the State of Maryland, which includes the State Insurance Trust Fund and the State Self-Insurance Program. The State Treasurer does the preliminary planning, preparation, and advertising for State of Maryland Bond Issues, receives bids and arranges for settlement, and signs and delivers State of Maryland bonds. He publishes a monthly balance in Baltimore City newspapers of all State funds held in authorized depositories, and renders a quarterly report of cash receipts and cash disbursements to the Comptroller of the Treasury. By a constitutional amendment ratified by the voters in 1976 (Chapter 640, Acts of 1975), any vacancy in the office of State Treasurer is to be filled by the Deputy Treasurer until a successor has been chosen at the next session of the General Assembly (Const. 1867, Art. VI, secs. 1 and 6).

The Board of Public Works is composed of the Governor, the State Comptroller, and the State Treasurer. The Constitution requires the Board to meet on the first Wednesday of January, April, July, and October in Annapolis and more often when necessary. As a matter of practice, meetings are scheduled semi-monthly. The Board exercises such powers and duties as are prescribed in the Constitution or delegated to it from time to time by the General Assembly. The Board approves the expenditures of all sums appropriated through State loans authorized by the General Assembly, as well as the expenditures of all general and other funds appropriated for capital improvements except those appropriated for State roads, bridges, and highways. The Board approves every new lease or renewal for land, buildings, or office space before such contracts are executed by any department, board, commission, State officer, or institution of the State. It may also designate the location of any State agency, after review by the Secretary of the Department of Budget and Fiscal Planning.

The Board may borrow upon the credit of the State, at any time between the sessions of the General Assembly, sums not to exceed \$50,000 to meet temporary deficits in the Treasury. In addition, the Board may borrow upon the credit of the State total amounts not exceeding \$1,000,000 in anticipation of taxes levied for any year. All such loans bear interest at a rate determined by the Board, and must mature and be repaid at or before the end of the fiscal year in which the money is borrowed. Upon recommendation of the Comptroller, the Board may adopt regulations covering matters of business administration in the various departments, institutions, and agencies of the State, including the fixing of uniform rates of mileage allowance and the terms and renewals of all bonds furnished by State officials and employees. The sale, lease, or transfer of any real property belonging to any State agency or institution must be approved, and the conveyance signed, by the Board and the highest official of the agency or institution. Where no agency or institution claims the property, the Board executes the conveyance. The Board of Public Works has custody of the General Emergency Fund, which is used to supplement the budgets of the agencies and institutions of the State. It also authorizes the disposal of the records of any agency or institution of the State when such disposal has been approved by the Hall of Records Commission. The Board of Public Works must also issue a license to anyone who seeks to dredge or fill in State wetlands.

The Board of Public Works is required to adopt and promulgate rules, regulations, and procedures for the administration of the State Public School Construction Program and to approve the allocations which are to be paid to each of the counties and Baltimore City.

The Board is also required to appoint a coordinator whose duties are to provide for the consolidation of administrative procedures relating to the issuance of permits for certain development and construction projects (Const. 1867, Art. III, sec. 34; Art. XII, secs. 1-3; Art. XVII, sec. 2; Code 1957, Art. 15A, secs. 11, 12; Art. 23, sec. 206; Art. 27, sec. 705; Art. 31, sec. 2B; Art. 41, secs. 59-1, 190, 196, 215, 216, 218, 221, 244-256, 266Z, 419; Art. 43, sec. 387B; Art. 73B, sec. 12; Art. 78A, secs. 1-16B, 20-22, 26-31, 43, 49, 55-67; Art. 89B, sec. 6; Art. 94A, sec. 5; Natural Resources Article, sec. 9-202; Estates and Trust Article, sec. 2-205).

It must notify all affected parties of actions taken by the Board. It prepares, distributes, and maintains the minutes of each of the meetings. A library of tape recordings and transcripts of each meeting is also maintained. Lawrence B. Goldstein, *Wetlands Administrator*

Old Armory Building

Annapolis 21401 Telephone: 269-2664

Chapter 241 of the Acts of 1970 requires that anyone wishing to dredge or fill in State wetlands must first secure a license from the Board of Public Works. In order to fulfill the responsibilities assigned to it by the statute the Board has appointed a Wetlands Administrator. The duties of this office include the receipt of applications, as well as scheduling and conducting the required public hearing. After holding the hearing and considering all other information relevant to the application, the administrator then prepares a written report to the Board of Public Works, including a recommendation as to whether or not a license should be issued and if so under what terms and conditions. The approved license is also issued by this office.

The Wetlands Administrator coordinates all aspects of the program with other State, local, and federal agencies, as well as environmental groups and the general public (Natural Resources Article, sec. 9-202).

The Coordinator must cooperate with each State agency having authority to issue a permit in developing a master application form and appropriate appendices for use in applying for multiple permits. When more than one State agency is required to issue a permit for a specific project, a consolidated hearing is held and the Coordinator presides over the consolidated hearing. In addition to consolidated State hearings, the statute provides for joint hearings with local governmental agencies. The Coordinator also has the authority to make inquiry as to the reason for any delay or denial of a permit (Code 1957, Art. 78A, secs. 56-67).

SECRETARY OF STATE

Fred L. Wineland, *Secretary of State*

Pat Holtz, *Assistant Secretary of State*

Thomas A. Cassidy, *Executive Assistant*

State House, Annapolis 21404

Telephone: 269-3421

The office of Secretary of State was created by a Constitutional Amendment in 1837 to replace the Governor's Council. Appointed by the Governor to a term to run concurrently with him, the Secretary attests to the Governor's signature on all public papers and documents as may be required (Art. II). He is also responsible for the distribution and maintenance of all Executive Orders and for keeping records of all commissions issued and appointments made by the Governor (Code 1957, Art. 41, secs. 86-88). He is responsible for annually publishing a list for the General Assembly of all appointments made.

The Secretary of State's office registers trademarks and service marks utilized within the State (Code 1957, Art. 41, secs. 90-103). It also receives referendum petitions and publishes public notices of referenda questions and proposed constitutional amendments to be voted upon at general elections (Code 1957, Art. 33, sec. 23-9). Records of all defaulting corporations that can only be reinstated by proclamation of the Governor upon the request of the Department of Assessments and Taxation are filed with the office, as are Interstate Compacts.

The Office of the Secretary of State prepares and records all requisitions, extraditions, pardons, and commutations granted by the Governor, and through its Division of State Documents (COMAR and the *Maryland Register*) is the depository and publisher of all administrative regulations adopted by any State officer or department (Code 1957, Art. 41, secs. 9 and 247).

The office registers and regulates charitable organizations that solicit funds in the State (Code 1957, Art. 41, secs. 103A-103G). Disclosures by businesses having contracts with State or local governments aggregating \$100,000 or more are maintained in the Secretary's office and are open to public inspection, as are the files of campaign contributions made to candidates in excess of \$100 if the party making the contribution does business with the State in excess of \$10,000. The Secretary of State is also empowered to place upon the Maryland presidential primary ballot the name of any person whose candidacy he believes is generally advocated or recognized in State or national news media (Code 1957, Art. 33, secs. 12-2).

The Office of the Secretary of State also issues all notary public commissions as well as commissions issued to Special Police Officers (Code 1957, Art. 68).

Every two years the Secretary issues the *Maryland Manual*, which is compiled and printed by the Hall of Records Commission (Code 1957, Art. 41, secs. 104-106).

DIVISION OF STATE DOCUMENTS

Robert J. Colborn, Jr., *Administrator*

11 Bladen Street (Old Armory Building)
P. O. Box 802
Annapolis 21404 Telephone: 269-2486

The Division of State Documents was created within the Office of the Secretary of State by Chapter 600, Acts of 1974. The administrator is appointed by the Governor and is responsible for the administration of the State Documents Law (Code 1957, Art. 41, secs. 131B-131D, 256B-256T).

The primary duties of the Division are to print and distribute two official State publications: (1) the *Code of Maryland Regulations* (COMAR), the permanent compilation of all of Maryland's administrative regulations and executive orders, and (2) the *Maryland Register*, a bi-weekly publication that serves as a temporary supplement to COMAR.

The *Register* prints all proposed, adopted, and emergency regulations of the State's administrative agencies, notices of public hearings and meetings, synopses of opinions of the Attorney General, proposed and adopted rules of court, hearing calendars of the Courts of Appeal, synopses of all

legislation proposed, enacted, and vetoed each legislative session of the General Assembly, all Executive Orders, all gubernatorial appointments, notices of bids requested and awards announced on State construction projects and other State contract work, and any other document the General Assembly requires or the Committee on Administrative, Executive and Legislative Review (AELR) permits to be published. A subject index to the *Register* is published quarterly, with the last quarterly index being cumulative for the year. All adopted regulations and Executive Orders that are generally permanent in nature are periodically taken from the pages of the *Register* and integrated into COMAR, thereby keeping the administrative code current.

Administrative regulations are not effective (except emergency regulations) until published in the *Maryland Register*. The text of any document appearing in the *Maryland Register* and COMAR is the only official, valid, and enforceable text of that document. Any document appearing in the *Maryland Register* and COMAR is accorded judicial notice in all court proceedings.

Subscription information pertaining to both the *Maryland Register* and COMAR may be obtained by writing or calling the Division's offices.

He must be a citizen of the State and a qualified voter and must have resided and practiced law in Maryland for a period of at least ten years prior to his election. Executive Departments

EXECUTIVE DEPARTMENTS

Between 1969 and 1972, the General Assembly created twelve principal departments that combined by function the several hundred agencies, boards, and commissions then comprising the Executive Branch of the State government. These twelve departments are: Agriculture, Budget and Fiscal Planning, Economic and Community Development, General Services, Health and Mental Hygiene, Human Resources (formerly Employment and Social Services), Licensing and Regulation, Natural Resources, Personnel, Public Safety and Correctional Services, State Planning, and Transportation. A number of agencies were not assigned to a department but have remained independent because of their function.

The head of each department is the Secretary, who is appointed by the Governor and is subject to Senate confirmation. Each Secretary serves at the Governor's pleasure and is a member of his cabinet. Each Secretary carries out the Governor's policies regarding the particular department and is responsible for the department's operation. The Secretary is also responsible for the department's budget, the promulgation of rules and regulations, planning activities, and the appointment of the required advisory boards.

With the approval of the Governor, each Secretary appoints a Deputy Secretary who has duties prescribed by law or delegated by the Secretary. The Deputy Secretary serves at the pleasure of the Secretary. Each department has a Deputy Secretary, except for the Department of Public Safety and Correctional Services, which has two Deputy Secretaries.

A department may also have an Assistant Secretary who is appointed by the Secretary. Each Assistant Secretary has duties as may be assigned by law. The Secretary also has such staff assistants, professional consultants, and employees as provided in the budget. These assistants and consultants serve at the pleasure of the Secretary, but other employees are under the merit system. The appointment or removal of personnel by agencies within the department is generally subject to the approval of the Secretary, who may delegate this responsibility to agency heads.

In several of the departments, when appointments are to be made by the Secretary with the approval of the Governor, the appointee serves at the Secretary's pleasure. The Secretary may not, however, remove the appointee without the Governor's approval.

The Secretary may create advisory boards and determine their size, composition, and purposes. Each Secretary has a seal for his office.

The Attorney General is the legal advisor to each department and assigns Assistant Attorneys General to each. In the department, one Assistant Attorney General is designated as Counsel to the department to render legal aid, advice, and counsel as required by the Secretary and the department.

Each act establishing a department listed the agencies, boards and commissions, and other units contained in the new department. The act also stated that the department might be expanded to include other agencies or units as provided by law.

Chapter 415, Acts of 1970, permitted the executive reorganization program to be adapted to changing needs and programs by giving the Governor the authority to assign agencies that are not included in a department to one of the principal departments, either at the time the department was created or thereafter. Non-statutory commissions may be placed in the appropriate cabinet department by executive order.

Chapter 77, Acts of 1969, established the first of the cabinet-level departments with the creation of the Department of Health and Mental Hygiene. This department consolidated into a single organization all agencies concerned with health and the licensing and regulation of health professions and occupations.

Chapter 78, Acts of 1969, created the Department of Budget and Fiscal Planning to supersede the former Department of Budget and Procurement, the Governor's agency for the analysis of the revenue structure of the State and the preparation of his budget.

Chapter 154, Acts of 1969, consolidated all conservation and natural resources agencies into a single Natural Resources Department.

Chapter 155, Acts of 1969, transferred planning functions to a new Department of State Planning to act as the Governor's staff agency in planning matters and to develop a program to employ natural and other resources of the State in order to promote the health, safety, and general welfare of its citizens.

Chapter 98, Acts of 1970, consolidated the responsibility for administering the appointment, promotion, discharge, pay, and retirement of State employees into the Department of Personnel.

Chapter 97, Acts of 1970, combined the State agencies responsible for the construction, maintenance, and preservation of State-owned property, the purchasing bureau, and service functions of all State agencies into the Department of General Services.

Chapter 96, Acts of 1970, established the Department of Employment and Social Services, which has the general responsibility for the administration of State programs concerned with social services, manpower development, income maintenance, and the problems of children, the aged, and special groups such as injured workers. The name of this Department was changed to the Department of Human Resources by Chapter 352, Acts of 1975.

The Department of Public Safety and Correctional Services carries out the laws and policies in public safety, law enforcement, crime prevention, criminal correction, treatment of defective delinquents, and parole and probation. This department was created by Chapter 401, Acts of 1970.

The Department of Licensing and Regulation, created by Chapter 402, Acts of 1970, controls over thirty State agencies and boards responsible for the licensing and regulation of businesses, professions, and trades.

The Department of Economic and Community Development, created by Chapter 527, Acts of 1970, includes agencies responsible for the promotion of the economic and cultural welfare of the community and its citizens and programs concerning local community development.

By Chapter 526, Acts of 1970, all agencies concerned with the transportation of people and goods were concentrated into a Department of Transportation.

The last department, Agriculture, brought together into a single cabinet department a dozen agencies concerned with the farmer, farm products, the land, and the promotion of agriculture. The Department was created by Chapter 342, Acts of 1972.

Some departments have Boards of Review, which were created to hear appeals in a limited number of cases from decisions and actions of constituent agencies. Each Board may make recommendations to the Secretary regarding the operation and administration of the department. These Boards of Review, which exist only for the Departments of Health and Mental Hygiene, Natural Resources, Transportation, and Agriculture, consist of seven members appointed by the Governor with Senate confirmation for three-year terms. Four members represent the general public, while three must be members knowledgeable in fields under the department's jurisdiction. The Governor designates the chairperson from one of the public members.

Even though a number of agencies were often absorbed into a particular department, the Governor still must appoint the members of many boards. In some cases, however, these appointments are made with the Secretary's approval and where the Secretary makes the board appointments, the Governor must approve them.

ANIMAL HEALTH SECTION

Dr. Edward H. Wilson, *State Veterinarian*

Presidential Building
Hyattsville 20782 Telephone: 454-3831

The Animal Health Section is responsible for the control and eradication of those diseases of livestock and poultry that are of significant economic importance to the producer as well as those contagious diseases of livestock and poultry that pose a significant threat to the human population of Maryland due to their transmissibility from animals to humans (Code Agriculture Article, secs. 3-101 through 3-503).

MEAT AND POULTRY INSPECTION SECTION

Dr. Gordon W. Vacura, D.V.M., *Chief*

Parole Plaza Office Building
Annapolis 21401 Telephone: 269-2033

The Meat and Poultry Inspection Section has the responsibility of assuring the Maryland con-

sumer of a wholesome supply of meat and poultry products, properly labeled and prepared under sanitary conditions. This is accomplished with a staff of fifty-eight inspectors, supervisors, and administrative personnel. Inspection personnel are assigned to ninety-four slaughtering and/or processing plants located throughout the State. Fifty percent of the cost of the State meat and poultry inspection is provided by the Federal government (Code Agriculture Article, secs. 4-101 through 4-131; 4-201 through 4-230).

GRADING SERVICES AND EGG INSPECTION SECTION

This Section inspects and grades fruit, vegetables, grain, soybeans, and poultry at their production sources. Graders carry out USDA grading regulations and affix federal grading stamps on products meeting quality and condition standards (Code Agriculture Article, secs. 10-501 through 10-909.)

This section is also responsible for the quality of eggs produced, distributed, and sold in Maryland, as well as for the Maryland Fresh and Maryland Fancy Egg Programs. The Egg Inspection Section is charged with enforcing the federal Egg Law and removing from sale any eggs that do not meet Federal and State standards (Code Agriculture Article, secs. 4-301 through 4-312).

STATE CHEMIST SECTION

The State Chemist registers, examines the labels of, samples, and chemically tests and analyzes commercial fertilizers, feeds, pesticides, soil conditioners, and liming materials sold in the State to determine if they conform to standards established under Maryland laws governing quality, contents, and labeling. Appropriate measures are taken to protect the consumer and the dealer from unscrupulous or careless manufacturers.

The Section cooperates with the Federal Food and Drug Administration in the inspection of feed manufacturing facilities that produce medicated feeds and the Environmental Protection Agency in the implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Additionally the laboratories analyze meat and toxicology samples for the Office of Animal Health, test fruits, vegetables, commercial feeds, and soils for chemical residues, and make other determinations as required by Departmental activities (Code Agriculture Article, secs. 5-101 through 5-114; 6-101 through 6-117; 6-201 through 6-220; 6-301 through 6-310).

WEIGHTS AND MEASURES SECTION

It maintains supervision over weighing and measuring devices, weights and measures, and packaged commodities offered for sale, sold, or in use in the State. This supervision is extended to the methodology employed in obtaining accurate measurement and providing a means for value comparisons.

This Section is also charged with the supervision and licensing of personnel engaged in the handling and transportation of fluid dairy products as it relates to accurate and proper measurement. It is charged with the administration and enforcement of Title 11, Agriculture Article, Annotated Code of Maryland, which is designed to ensure accuracy and equity in the sale and measurement of commodity and similar transactions (Code Agriculture Article, secs. 11-101 through 11-509).

DIVISION OF PLANT INDUSTRIES AND PEST MANAGEMENT

Dr. Robert M. Altman, *Assistant Secretary*

Parole Plaza Office Building
Annapolis 21401 Telephone: 269-2325

The Assistant Secretary for Plant Industries and Pest Management supervises all phases of those programs related to plants, plant pests, pest management, and pesticides for which the Department is responsible.

MOSQUITO CONTROL SECTION

A Statewide cooperatively funded program is conducted out of the Annapolis Office that provides routine services to 1,400,000 residents in 1,600 communities in 20 counties. Branch offices are located in College Park, Salisbury, and Clements. Environmentally compatible temporary (adulticiding and larvaciding) and permanent (water management) methods are used to control the mosquitoes. In addition to implementing control measures, efforts are also directed toward determining the environmental impact of the program, developing more efficacious control methods, and conducting epidemiological investigations of mosquito borne diseases.

PLANT PROTECTION SECTION

This Section is responsible for administering programs relating to nursery inspection, plant protection and quarantine programs, integrated pest management, nuisance bird control, forest pest management, certified plant production, inspection and registration of honey bee colonies, and administration of the Interstate Pest Control Compact.

The Chief of this Section provides general supervision to the programs and currently serves as the State Plant Pathologist. Personnel in this Section serve as the State's authority on plant pests and agricultural quarantines and provide liaison for the Department with other state and federal regulatory officials (Code Agriculture Article, secs. 5-301 through 5-313; 5-501 through 5-507; and 1976 supplement secs. 5-701 through 5-716, and 1977 supplement secs. 5-801 through 5-805).

GYPSY MOTH CONTROL SECTION

The gypsy moth is the most destructive forest pest of the eastern United States. In addition, it causes serious problems in wooded residential areas, parks, and recreation areas, and is the subject of a national and international quarantine program. This pest has been present in Maryland since 1971, but as a result of effective control measures there has been no damage to date in the State. A cooperative local, State, and federal program to manage the gypsy moth is coordinated out of the Annapolis Office.

PESTICIDE APPLICATORS LAW SECTION

This Section is responsible for regulating the use of pesticides in the State. The program provides for the licensing of businesses engaged in the commercial application of pesticides, training and certification of certain pesticide applicators, the enforcement of the Pesticide Applicators Law and Regulations, and for providing technical information relating to the proper and effective use of pesticides.

The supervisor of this program provides overall guidance and serves as the State's authority on matters relating to pesticide use and application (Code Agriculture Article, secs. 5-201 through 5-211).

TURF AND SEED SECTION

The objective of this Section is to assure the availability of sufficient quantities of certified turf and seed by directing and conducting certification programs in which turf and seed are produced to meet certain standards such as purity, variety, germination, and other quality factors. Seed or sod not meeting certification standards is rejected as a result of field inspections or laboratory analysis.

The program is conducted in cooperation with the Maryland Foundation Stocks Program through the Maryland Crop Improvement Association. The supervisor of this program serves as the State's authority on certified turfgrass and seed.

The Section also provides regulatory controls to assure accurate and complete labeling of seed and sod at the time of marketing, thus enabling the consumer to determine what he is purchasing prior to planting or installation. A State Testing Laboratory is operated for both service and regulatory testing to assure compliance with label claims. The regulatory phase involves inspection, testing, reporting results, and corrective actions for each turf and seed lot found to be in non-compliance with the provisions of the seed law (Code Agriculture Article, secs. 9-101 through 9-110; 9-201 through 9-213; 9-301 through 9-307).

WEED CONTROL SECTION

The primary goal of the Weed Control Section is to control and prevent the spread of the noxious weed Johnsongrass within the State. The Johnsongrass Control Program is basically designed to assist landowners in bringing Johnsongrass under control through their own efforts and through the joint efforts of the county and State as provided for in cooperative agreements with the various counties. Landowners are encouraged to file Johnsongrass Control Plans with the Department outlining methods and procedures for controlling Johnsongrass on their land. The Department is authorized to take regulatory actions against landowners who allow Johnsongrass to set seed on their property.

The Secretary of Agriculture has legislative authority to declare other noxious weeds and place them under a control program.

The program supervisor serves as the State's authority on weed control matters (Code Agriculture Article, secs. 9-401 through 9-405).

MEXICAN BEAN BEETLE PARASITE PROGRAM

Soybeans are the second most important crop in Maryland. The Mexican bean beetle is the principal insect pest of this crop. The economic damage to soybeans by the Mexican bean beetle can be largely eliminated by making inoculative releases of a small wasp, *Pediobius foveolatus*, which is parasitic on the beetles. In addition to controlling the Mexican bean beetle, this energy-efficient method reduces the cost of control and also reduces the pesticide burden on the environment.

The Assistant Secretary provides general supervision to the Program Supervisors and coordinates the activities of the office with other programs in the Department and with other local, State, and federal officials. In addition, he is responsible for managing active cooperative agreements with local, county, State, and federal agencies involving \$780,000 annually (Code Agriculture Article, 1975 Supp., secs. 5-301 through 5-312 and 5-401 through 5-405).

DIVISION OF MARKETING

Ronald L. Johnson, *Director*

Parole Plaza Office Building
Annapolis 21401 Telephone: 269-2181

The Marketing Division provides programs and services designed to serve all segments of the economy through the market system from producer to consumer. Programs include: market improvement projects to improve quality and presentation of agricultural commodities and enhance consumer acceptance; international marketing; market news and statistical reporting service in conjunction with the U.S. Department of Agriculture; and an active consumer marketing information program (Code Agriculture Article, secs. 10-101 through 10-204; 10-501 through 10-504; 10-601 through 10-606; 10-701 through 10-708; 10-801 through 10-807; 10-901 through 10-909).

The Foundation is governed and administered by a Board of Trustees composed of the State Treasurer and the Secretary of the Maryland Department of Agriculture, both of whom serve as *ex officio* members, and nine at large members from the State who are appointed by the Governor, at least five of whom must be farmer representatives from different areas of the State and one non-farm representative, who is a representative of the Department of State Planning. The chairperson of the Board of Trustees is appointed by the Governor from among the nine at large trustees. The principal responsibility of the Foundation is to implement the Agricultural Land Preservation program promulgated in the Agriculture Article, secs. 2-501 through 2-515, of the Maryland Annotated Code.

The intent of the program is to preserve productive agricultural land and woodland in Maryland, to provide for the continued production of food and fiber, to curb the extent of urban sprawl, and to protect agricultural land and woodland as open space.

The program is voluntary on the part of landowners and is dependent upon the cooperation of local governments, which appoint five-member Agricultural Preservation Advisory Boards.

Landowners may initiate by agreement with the Foundation the creation of Agricultural Preservation Districts, in which subdivision and development are restricted for at least five years. The creation of a District results in the protection of normal agricultural activities and in the eligibility of landowners to make application to sell a development rights easement. The Foundation may acquire easements based upon the availability of funds as allocated by the counties, in accord with a competitive formula provided by law and subject to local recommendation and appraisal. Easements acquired are effective for at least twenty-five years.

DIVISION OF ECONOMIC DEVELOPMENT

Samuel J. Lloyd, Jr., *Assistant Secretary for Economic Development*

1748 Forest Drive
Annapolis 21401 Telephone: 269-3944

The Division of Economic Development has its genesis in the former Department of Economic Development (Chapter 185, Acts of 1959). In 1970, the Department of Economic and Community Development was created to reflect a broadened mandate by the Maryland General Assembly (Chapter 527, Acts of 1970). In this restructuring, the former Department became the Division of Economic Development.

The Assistant Secretary for Economic Development directs six programs in this Division: The Office of Business and Industrial Development, the Office of Business Liaison, the Office of Tourist Development, the Office of Seafood Marketing, the Maryland Industrial Development Financing Authority, and the Maryland Small Business Development Financing Authority. The goal of the Division is the creation of jobs, the increasing of income and the generation of new tax revenues by State initiatives to facilitate the expansion of resident business and industry, and the development of new business and industry.

The Division publishes reference and promotional materials and conducts advertising in national, regional, and trade publications, which detail Maryland's business and industrial advantages and opportunities, tourist attractions, and seafood delicacies.

The Division's programs are briefly described below:

This program provides advice and assistance to business and industry on plant location and expansion, with particular expertise on such matters as sites, buildings, labor, industrial training, taxes, and financing. It also administers the Maryland Industrial Land Act (MILA), which assists the local political subdivisions of the State to acquire and develop industrial land and develop shell buildings and parks. BID operates international satellite offices in Brussels, Belgium and Tokyo, Japan in order to encourage capital investment in Maryland by foreign corporations.

OFFICE OF BUSINESS LIAISON

The Small Business Development Financing Authority was created in 1978 to make working

capital available to businesses owned by minority or disadvantaged individuals to fulfill contracts awarded by any level of government (Chapter 879, Acts of 1978). The Authority does not compete with private lending institutions since it must be assured prior to the granting of a loan that private capital is not available and loans are made at the prevailing market rate. Recipient firms, historically small in size and brief in experience, are usually considered "high risk" businesses by the private lender. The functions of the Authority relate entirely to federal, State, and local contracts. The Maryland Small Business Development Financing Authority is governed by five appointed directors, in addition to the Secretary of the Department of Economic and Community Development and either the State Treasurer or Comptroller.

Telephone: 659-4262

The Maryland Industrial Development Financing Authority (MIDFA) was created by the General Assembly of 1965 (Chapter 714, Acts of 1965) for the purpose of aiding the financing of business enterprises seeking to locate or expand their operations in Maryland. MIDFA consists of

a nine-member Authority, seven of whom are appointed by the Secretary of Economic and Community Development with the approval of the Governor. The Secretary of Economic and Community Development or his designee, and either the State Treasurer or Comptroller of the Treasury (as chosen by the Governor), serve as ex officio members. The Authority elects its own officers and appoints an Executive Director who serves as Secretary.

By approving mortgage loans made by private lenders, MIDFA enables companies to obtain loans at a higher percentage of project cost, at a lower interest rate, and for a longer term than is normally available from conventional sources. Land, buildings, and equipment can be financed through this program. A company seeking MIDFA's assistance must generally qualify in each of three basic requirements: legal eligibility, economic impact, and credit worthiness.

To be legally eligible, a company must be engaged in one of the following types of business activity: manufacturing; warehousing of manufactured, agricultural, or seafood products; research and development; certain tourist and convention facilities; mercantile, retail, or service facilities that primarily serve out-of-state markets; office buildings for corporate headquarters or regional offices; certain port improvements and public use, privately owned, airport facilities; gasohol; and racetracks or sports arenas. Each project or activity seeking loan assistance must hold promise for resulting in substantial economic impact on Maryland and the community where the project is located. The number of new jobs to be created, the generation of taxes, and meeting local community needs are primary considerations. Additionally, the overall financial condition of the company, as well as the value of collateral securing the loan, is important. The faith and credit of the State of Maryland are not pledges for the repayment of the loan.

MIDFA has a dual function: first, it approves loans for tax-exempt financing; and second, it insures a portion of the loan. Usually the two functions are combined, but in some instances a company may request approval for tax-exempt status but the lender will not require insurance. MIDFA is permitted to insure any portion of the loan up to 90 percent of the cost of the land and buildings and up to 70 percent of the cost of equipment. The loan, however, may be made up to 100 percent of eligible costs. The total amount of the insured portions of the MIDFA loans outstanding cannot exceed an amount equal to five times the balance in MIDFA's Industrial Project Mort-

gage Insurance Fund. As of August 1980, the balance in the Fund was \$19,500,000. MIDFA's insurance is limited to \$5,000,000 per project.

Insured loans are generally secured by a first lien mortgage on the project being financed. In cases where MIDFA does not insure the loan, however, the first lien requirement is eliminated. The legal maximum term of an insured loan on real estate is twenty-five years, while fifteen years (or useful life, if less) is the maximum on equipment. There are no term requirements for loans not insured by MIDFA. MIDFA charges an insurance premium of 0.5 percent of the insured balance on insurance loans. This premium is waived in any political subdivision where unemployment is high.

Generally, the local governmental body must borrow the necessary funds to acquire a particular project. The project may be owned by or leased to a company. Loan or lease payments are made to the local governmental body to coincide in amount and term with the loan payments required by the lender. In the case of a lease arrangement the property is conveyed to the company for a nominal sum when the loan is paid in full.

By June 30, 1980, MIDFA had approved 180 loans totalling \$187,226,000 (Code Financial Institutions Article, title 13, subtitle 1).

HOUSING AND COMMUNITY DEVELOPMENT

Ardath M. Cade, *Assistant Secretary for Housing and Community Development*

2525 Riva Road
Annapolis 21401 Telephone: 269-2468

The office of the Assistant Secretary for Housing and Community Development oversees and coordinates the following four divisions in the Department of Economic and Community Development that provide housing finance and mortgage services, building code and energy utilization regulation, general community development support to local governments, and oversight of state historical and cultural agencies: Codes Administration; Community Development Administration; Division of Local and Regional Development; and Maryland Housing Fund.

COMMUNITY DEVELOPMENT ADMINISTRATION

Thomas M. Cook, *Director*

2525 Riva Road
Annapolis 21401 Telephone: 269-3161

The Community Development Administration (CDA), created by Chapter 527, Acts of 1970, is Maryland's housing finance agency. Operating under the Department of Economic and Community Development, CDA administers five loan programs to finance housing:

The Development Finance Program is responsible for providing below market-rate interest construction loans and/or permanent financing to private, non-profit, and public sponsors to stimulate the production of rental housing to meet the needs of the citizens of Maryland, particularly families of limited income and the elderly. The program is coordinated with the federal government in order to obtain subsidies required to make Development Finance Program housing feasible.

The Maryland Home Financing Program, which was enacted by the General Assembly in the 1972 legislative session, provides direct mortgage loans at a preferred rate of interest for moderate- and

limited-income citizens of the State who are unable to obtain mortgage financing from conventional financial institutions at affordable terms and interest rates. The applicants must meet all eligibility criteria standards and certain established income limits.

Through the Maryland Housing Rehabilitation Program, which was enacted by the General Assembly in 1975, CDA participates with local subdivisions in providing direct loans to families of limited income. The homes must generally be located in "target areas." Owners of historic or architecturally significant property can borrow funds under this program regardless of their income.

The Mortgage Purchase Program is similar to the Maryland Home Financing Program, except that it serves a slightly broader range of eligible families and it operates through private lenders, such as savings and loan institutions and banks and mortgage companies. Under the program, CDA buys out the lender's interest in a mortgage loan immediately after settlement with an eligible family. Before CDA will make a purchase, the originating private lender must certify that the home buyer could not afford to purchase the property with financing available through private lenders on an unassisted basis.

The Homeowner Development Program provides long-term mortgage financing at low market interest rates to purchasers of new homes in housing subdivisions. Financed by the sale of revenue bonds, the program is designed to stimulate construction of new housing for families of moderate means.

The Community Development Administration also manages the Section 8 Rent Subsidy Program, a federal program which subsidizes rents for eligible families living in both new and existing housing. Tenants eligible for the program make rental payments equivalent to 25 percent of their income, or 15 percent in the case of certain large families. Section 8 funds cover the difference between that amount and the ceiling established for rental and utility costs. The program is designed to aid lower income families, the elderly, and the handicapped.

Projects financed by the Department of Economic and Community Development must be consistent with local priorities and must complement and supplement local community development programs and initiatives. Projects must meet eligibility criteria and financing requirements, and income limits are established as the

guideline for persons served (Code 1957, Art. 41, secs. 257L, 266DD-1 to 266DD-7 and 266FF-1 to 266FF-4).

DEVELOPMENT CREDIT CORPORATION OF MARYLAND

OFFICERS

Chairperson of the Board: William A. Beasman, Jr.

President and Chief Executive Officer: W. G. Brooks Thomas

Treasurer: R. Kenneth Rous

Secretary: Timothy D. McMillin

40 West Chesapeake Ave.
Suite 211
Towson 21204

Telephone: 828-4711

The General Assembly authorized the establishment of the Development Credit Corporation of Maryland by Chapter 822, Acts of 1959, to stimulate business and industry in the State of Maryland by making loans available to small businesses that would not qualify for loans from conventional institutions such as banks or insurance companies.

The Corporation consists of two classes of participants: members and stockholders. Only financial institutions—those institutions whose activities include lending or investing money—may become members. Members must loan funds to the Corporation upon demand up to limits that are set by law and based on financial capacity. All such calls for funds are to be prorated among the members in the proportion that the maximum loan limit of each bears to the aggregate loan limits of all members. Individuals and domestic corporations may become stockholders, but financial institutions may be stockholders only if they are also members. The authorized capital stock consists of two million shares of common stock with a par value of one dollar each.

The fifteen member Board of Directors, representing the five economic regions, exercises the corporate powers of the Development Credit Corporation. There are five economic regions: the Central Region (Baltimore, Carroll, Harford, and Howard counties); the Eastern Shore Region (Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester coun-

ties); the Southern Region (Anne Arundel, Calvert, Charles, Prince George's, and St. Mary's counties); the Western Region (Allegany, Frederick, Garrett, Montgomery, and Washington counties); and the Baltimore City Region. Initially, the Governor, the President of the Senate, and the Speaker of the House of Delegates each made five appointments to the Board, one from each region. The President of the Senate designated the chairperson of this temporary board, and the chairperson called the first annual meeting. At this meeting held on February 16, 1961, and at each annual meeting thereafter, members of the Corporation from at least three of the five economic regions elect two directors from each region, for one-year terms. These directors must be U.S. citizens and residents of the economic region from which they are appointed or must maintain a regular place of business there. The stockholders of the Corporation elect the remaining five directors, who must be U.S. citizens and residents of the State, for one-year terms. The Board elects its own chairperson. The Corporation may borrow or lend money and buy, hold, or sell real or personal property, including industrial plants and other business establishments.

The Corporation has established Loan Committees of five members for each economic region. After a loan application has been received by the Chief Executive Officer of the Corporation, the loans are then discussed with the Regional Loan Committees who review the applications and join with the Chief Executive Officer in making recommendations to the Board of Directors or Executive Committee. Final decision lies with either of these bodies (Code 1957, Art. 23, secs. 412-429).

DIVISION OF LOCAL AND REGIONAL DEVELOPMENT

Jack L. Carr, *Historical-Cultural Liaison Officer*

Marion J. McCoy, *Executive Director, Maryland Industrial and Commercial Redevelopment Fund*

The Division of Local and Regional Development was established in July 1976 to provide more effective management and coordination of the Department's assistance to local governments and regional organizations in their efforts to develop and implement economic development,

housing, and historical-cultural programs. In cooperation with local officials, the Division also provides training and management systems assistance aimed at strengthening the management capacity of local units of government.

In providing assistance, the Division places primary emphasis on those local or regional programs for which the Department can deliver specific resources and/or programs for which the Department is capable of obtaining or coordinating use of related State and federal resources.

The Division helps local and regional officials identify development problems or issues, assess alternative courses of action, design specific action programs, and obtain Department, other state, and federal resources useful in implementing development programs.

As a clearinghouse for Departmental services to sub-State units of government, the Division coordinates State and local involvement with a number of federal programs related to economic development, housing, and historical-cultural matters.

The Division's Office of Regional Programs administers Maryland's Appalachian Regional Commission (ARC) development program and grant process to ensure full use of available ARC resources designed to stimulate economic and community development projects and activities in Western Maryland.

To facilitate liaison with the three western counties of the State, the Division maintains the Department's Western Maryland Regional Development Office in Hagerstown.

The Division undertakes responsibilities for the Department as the designated State agency for coordination of Economic Development Administration (EDA) programs in Maryland through assistance aimed at implementation of an Economic Development Planning Program. It coordinates the submission of development projects for funding by EDA.

The Division also carries out responsibilities for the Department as the Governor's designated State liaison agency with the U. S. Department of Housing and Urban Development for implementation of the Federal Community Development Block Grant Program and the Urban Development Action Grant program in Maryland. Direct technical assistance is provided to local governments and regional organizations to help them develop plans and applications for these programs. In addition, the Division assists local

governments in obtaining Departmental housing-related resources to complement local programs using Federal Block Grant funds.

The Division serves as the Department's liaison with the U. S. Department of Agriculture rural housing and development programs, which provide resources relevant to Maryland's local and regional development activities.

The Maryland Industrial and Commercial Redevelopment Fund (MICRF) became operational in July 1980. It is responsible for administration of state grants and loans to local governments in support of their business redevelopment efforts.

The Office of Historical and Cultural Liaison serves as the Department's policy and administrative link with the Maryland Historical Trust, the Maryland State Arts Council, the St. Mary's City Commission, the Commission on Afro-American History and Culture, the Commission on Indian Affairs, and the Commission on Ethnic Affairs.

The Office of Training and Management Assistance administers the local government program of the Federal Office of Personnel Management.

By Chapter 415, Acts of 1965, the Governor and the Board of Public Works were authorized to appoint a State member and an alternate to the Appalachian Regional Commission to implement the Federal Appalachian Regional Development Act of 1965. Commission membership, in addition, includes a regional representative select-

ed by the majority of the thirteen Appalachian states (Code 1957, Art. 78A, sec. 13A).

The Commission was created by the Appalachian Regional Development Act of 1965 (P.L. 89-4) to plan and coordinate projects and programs authorized by the Act for the development of the thirteen-state Appalachian Region, which includes the Western Maryland counties of Washington, Allegany, and Garrett. The Commission consists of a federal co-chairperson appointed by the President and one member from each participating state who must be the Governor or his alternate. A state co-chairperson is elected annually by the governors.

Programs for Appalachian development authorized by the Act include the construction of a developmental highway system, access roads, health centers, vocational educational schools, and sewage treatment works; the development of land, timber, and water resources; the rehabilitation of areas damaged by strip and surface mining; and the establishment of local development districts to support economic development efforts at the local level. The Act provides authority for the Appalachian Regional Developmental Highway System, a network of 2,700 miles of development highways and 1,600 miles of access roads. The Maryland portion of the highway system consists of 79.8 miles. Non-highway funds authorized for the 1978 Fiscal Year amounted to \$113,000,000.

The Commission is not an operating agency. Its major function is the planning and coordination of programs and projects to be carried out under the Act by the appropriate federal and State departments and agencies. The Commission can act only on those programs and projects that are submitted to it by State members. Its decisions require the affirmative vote of the federal co-chairperson and of a majority of State members (Code 1957, Art. 78A, sec. 13).

Originally known as the Maryland Commission on Negro History and Culture, this Commission was created by Chapter 435, Acts of 1969, and consisted of seven recognized authorities on Afro-American history and culture appointed by the Governor and assigned to the Department of Economic and Community Development. Chapter 627, Acts of 1971, created a new Commission of nine members, all appointed by the Governor for three-year terms. The Governor designated both the chairperson and the vice-chairperson. By an Executive Order dated December 27, 1971, the Commission was assigned to Morgan State College. The Commission was reassigned to the Department of Economic and Community Development and its name changed to the Commission on Afro-American and Indian History and Culture by Chapter 386, Acts of 1974. Chapter 120, Acts of 1976, created the single-purpose Commission on Afro-American History and Culture as a permanent Commission.

The present Commission consists of nine members appointed by the Governor. The Governor designates both the chairperson and the vice-chairperson.

The Commission acts as statewide coordinator and clearinghouse in preserving evidence of the black experience in Maryland. It specializes in historical preservation and research, unearthing and collecting historical materials—art objects, memorabilia, manuscripts, photographs, and other articles of significance to black history and culture in the State. The Commission maintains art and historical exhibits in Annapolis and Baltimore. It also provides exhibits and resource materials to the community at large and to local educational systems and institutions within the State. In addition, the Commission conducts a continuing statewide historic landmark survey to locate and identify those sites and buildings significant to the black experience in Maryland.

A portion of the artifacts collected by the Commission will be displayed at the Banneker-Douglas Museum of Afro-American Life and History, scheduled to open to the public in July 1982. The Museum will be housed in the old Mt. Moriah A.M.E. Church at 84 Franklin St., Annapolis.

The Maryland Historical Trust was created by Chapter 620, Acts of 1961, for the purpose of preserving and maintaining historical, aesthetic, and cultural properties, buildings, fixtures, furnishings, and appurtenances pertaining in any way to Maryland from earliest times, to encourage others to do so, and to promote interest in and study of such matters. In 1970, the Trust became an agency of the Department of Economic and Community Development.

The Board of Trustees of the Maryland Historical Trust is composed of fifteen members of whom the Governor, the President of the Senate, and the Speaker of the House of Delegates, or their representatives, are *ex officio* members. The Board of Trustees is self-perpetuating and members serve four-year terms. The trustees serve without compensation and elect one of their number as chairperson. The trustees also appoint eight area representatives to serve one-year terms. The trustees may also appoint a Director and such other persons as may be necessary to operate the Trust. The Trust is to make a report annually to the Governor and the General Assembly together with any recommendations to further the purpose of the Trust (Code 1957, Art. 41, secs. 181A-181K).

Maryland's State Historic Preservation Officer, appointed by the Governor pursuant to the National Historic Preservation Act of 1966, is a member of the Trust staff. Preservation activities as required by the federal government are carried out by the State Historic Preservation Officer in concert with the Trust.

The Trust is authorized to acquire and maintain properties of historic or architectural merit

by gift or by purchase. Through its easement program, it holds partial interest in such properties in order to monitor their appearance without the necessity of public ownership. This can provide certain tax advantages to the property owner. Easements are acquired by gift to the Trust or in exchange for funding assistance.

The Trust assists in the funding of restoration and in the acquisition of historic properties by organizations, local governments, and individuals through its State grants-in-aid funds and a revolving fund loan program. U.S. Department of the Interior Heritage Conservation and Recreation Service matching grants-in-aid are made through the Trust to properties listed on the National Register of Historic Places and to local government for survey and planning involving historic sites.

An ongoing survey of Maryland's historic sites is carried out by the Trust through contract with local jurisdictions. Results of these surveys are being made available in published form. The most significant of these sites are eligible for nomination to the National Register through the Trust. Properties listed on the National Register receive a degree of protection from federally licensed or funded projects that might adversely affect them.

The Trust's community education program includes the administration of twenty-five local volunteer committees—one in each county, in Baltimore City, and in Annapolis. These volunteers assist the Trust in preservation activities in their areas and advise the Trust on preservation issues and needs throughout the State. An annual conference, workshops, special events, publications, and a monthly newsletter are also produced by the Trust. A library of archival and photographic material relating to Maryland's historic architecture is maintained by the Trust.

At the recommendation of the 1965 committee that studied the feasibility of restoring historic St. Mary's, the St. Mary's City Commission was created by Chapter 115, Acts of 1966, and came into being on July 1, 1966.

The Commission consists of nine members appointed by the Secretary of Economic and Community Development with the approval of the Governor for five-year terms. Two of the Commissioners must be residents of St. Mary's County and no fewer than five must be residents of the State of Maryland. The Commissioners are selected on the basis of ability, public spirit, and historical and professional interest. The Commission selects its own officers. Subject to the approval of the Secretary of Economic and Community Development, it also appoints the Director from without its membership.

The St. Mary's City Commission was created to preserve, develop, and maintain ancient St. Mary's City, Maryland's first settlement and for sixty-one years its colonial capital. A master plan was prepared in 1970 to guide the development of historic St. Mary's City as an outdoor museum, with the goal that the museum open by 1984, the year Maryland will celebrate its 350th anniversary. To execute the plan, the Commission is acquiring historical and cultural properties necessary for the proper use and administration of the proposed park. The Commission may accept private gifts, as well as federal, State, and local government grants. The Commission reports annually to the Secretary of Economic and Community Development and to the General Assembly (Code 1957, Art. 41, secs. 365-374).

CODES ADMINISTRATION

Dwight M. Hammerman, *Director*

2525 Riva Road
Annapolis 21401

Telephone: 269-2701

Codes Administration is responsible for the Industrialized Building and Mobile Homes Code, the Model Performance Building Code, the Maryland Building Code for the Handicapped, the administration of the Maryland Safety Glazing law, and guidelines for energy conservation.

The Industrialized Building and Mobile Homes Code, established by Chapter 662, Acts of 1971, offers certification standards for any building, building sub-system, or component that is manufactured or partially assembled off-site to be used in a Maryland structure. The intent of the Code is to encourage and enable expanded industrialized building activity in the State. Buildings and building sub-system components that are certified by the State under this Code can be used or erected anywhere in Maryland, regardless of local building codes, but must, of course, comply with local zoning laws. The Code also applied to mobile homes offered for sale within the State until the federal government adopted a new HUD standard effective June 15, 1976, which superseded the Maryland standard. The Codes Division will continue to perform inspection functions in assistance to enforcement of the HUD standard under the provisions of Article 41, Section 266EE-7.

The Model Performance Building Code was adopted by Chapter 663, Acts of 1971. The basis of the State's Model Performance Code is the Building Officials and Code Administrators International Basic Building Code (BOCA). It is the intent of the General Assembly that this code eventually be adopted throughout the State to allow builders to adapt their materials to a single set of modern, performance oriented, standards. A requirement to include provisions to promote energy conservation in the Model Performance Code was adopted by the Legislature in 1974 (Code 1957, Art. 41, sec. 257J).

A Safety Glazing law was adopted by Chapter 116, Acts of 1973, which required the use of safety glazing in all hazardous locations after July 1, 1973. This was an updating of a previous less restrictive law. Administration of this law is performed by the Codes Administration Division (Code 1957, Art. 41, secs. 266GG-1 to 266GG-6).

The Statewide Building Energy Utilization Act, adopted in 1978, authorizes Codes Administration to develop statewide standards for energy conservation in new buildings. The regulations became effective on June 29, 1979 (Article 41, sec. 257M).

CODE ENFORCEMENT CERTIFICATION BOARD

Chairperson: Henry P. Wojtanowski

2525 Riva Road
Annapolis 21401

Telephone: 269-2701

The Industrialized Building and Mobile Homes Act of Chapter 662, Acts of 1971, prescribed that the certification and inspection of industrialized buildings and mobile homes be done in part by accredited local enforcement agency personnel, and authorized the Secretary of the Department of Economic and Community Development to establish a program of training and accreditation of such personnel. In order to assist the Secretary of Economic and Community Development to certify code enforcement inspectors, the Maryland Industrialized Building and Mobile Homes Code provides for the appointment by the Secretary of a Code Enforcement Certification Board.

The Board consists of nine members, three of whom are certified code enforcement officials and one member each from the following groups and agencies: licensed architect, registered engineer, representative of the Department of Economic and Community Development, educator, member of the Advisory Commission on Industrialized Building and Mobile Homes, and a building industry representative. The Board is responsible for recommending standards for certification of code enforcement personnel; examining and certifying qualified applicants; reviewing qualifications for certification; revoking certification where warranted; keeping records of all its proceedings; maintaining a current list of certified code enforcement officials; and making an annual report to the Secretary (Code 1957, Art. 41, sec. 266EE-4).

ADVISORY COMMISSION ON INDUSTRIALIZED BUILDING AND MOBILE HOMES

Chairperson: Arnold M. Kronstadt

2525 Riva Road
Annapolis 21401

Telephone: 269-2701

The Advisory Commission on Industrialized Building and Mobile Homes was created by Chapter 662, Acts of 1971, to make recommendations to the Secretary of the Department of Economic and Community Development concerning the promulgation and enforcement of rules and regulations prescribing standards for industrialized building units and mobile homes. The same Act provided for the inspection of the manufacturing facilities and the assemblies being produced. The Commission consists of fifteen members appointed by the Secretary of the Department of Economic and Community Development who serve at his pleasure. Members serve three-year terms. Those included on the Commission consist of representatives of industries and professions involved in the development and construction of industrialized buildings and mobile homes, persons selected from building code enforcement agencies, architectural and engineering associations, building construction trades, the contracting and manufacturing industry, legislative bodies of local government, the financial industry, and the general public. The Commission submits an annual report to the Secretary and the General Assembly regarding rules, regulations, and pro-

grams relating to the Industrialized Building and Mobile Homes Acts of 1971. The HUD Mobile Standard, which became effective on June 15, 1976, supersedes the Maryland standard for mobile homes, but the Commission may still make recommendations. Among its holdings are colonial and State executive, legislative, and judicial records; county probate, land, and court records; church records; business records; and special collections of private papers, newspapers, and maps. Records are made accessible to the public in a search room that is open six days each week, through photocopies produced in an inhouse photolab, and through the interlibrary loan of microform. The Hall of Records produces a variety of finding aids and guides to records, as well as historical monographs, essays, and directories. A brochure describing Hall of Records publications and another giving guidance for doing research in the public search room or by mail are available on request.

The Hall of Records building, located on the corner of College Avenue and St. John's Street on St. John's College Campus in Annapolis, opened to the public in 1935. State agencies, counties, cities, and towns in Maryland are authorized to offer for deposit at the Hall of Records all files, documents, and records not in current use.

State agencies are required by law to have their records placed on retention and disposal schedules. No records of State agencies can be destroyed without scheduling and the prior approval of the Hall of Records Commission.

All records that are in the courthouses of the State and that were created prior to April 28, 1788, the date of ratification of the U. S. Constitution by Maryland, must be deposited at the Hall of Records. The records of all State agencies, boards, and commissions that are abolished or otherwise cease to function must also be transferred to the custody of the Hall of Records Commission.

All current deeds, mortgages, and releases recorded in the courthouses of the State are microfilmed and preserved at the Hall of Records for security purposes. Limited facilities are available for the filming of records of State agencies.

By several Acts of Assembly, the Hall of Records has been designated as an official depository for the publications and reports of State agen-

cies (Code 1957, Art. 40, sec. 53) and for all codes published by local governments, both county and municipal (Code 1957, Art. 23A, sec. 9A; Art. 25, sec. 32A, Art. 25A, sec. 7; Art. 25B, secs. 7, 12). Since 1967, the Hall of Records has been a depository for charter amendments and annexations of municipal corporations (Code 1957, Art. 23A, secs. 9, 17, 17A and 19). The Hall of Records issues a monthly list and biennial compendium of *State Publications Received*.

The Archives Division compiles, edits, publishes, and distributes the MARYLAND MANUAL (Code 1957, Art. 41, secs. 104-106).

Chapter 488, Acts of 1966, transferred the functions, records, responsibilities, and employees of the Commissioner of the Land Office to the Hall of Records Commission. Under the provisions of Chapter 355 of the Acts of 1967, the Archivist was designated as the Commissioner of Land Patents and assigned the responsibility of issuing land patents and conducting court hearings. In performing these duties, he acts independently of the duties imposed on him as Archivist (Real Property Art., secs. 13-101 to 13-504). The Hall of Records Commission serves as the official depository for the duplicate copies of subdivision plats formerly sent to the Land Office as insurance against the loss of the originals.

The Department of Health and Mental Hygiene was established on July 1, 1969, in accordance with the provisions of Chapter 77, Acts of 1969. The mission of the Department is to assure the people of Maryland their inherent right to a healthful environment and a high level of physical, mental, and social health. Achievement of this goal will be through the development of a comprehensive, continuous, and accessible system of health services for the State of Maryland, which emphasizes the promotion of health and the prevention of disease and disability.

Many programs are by their nature public functions and could not be performed effectively by the private sector. Prime among these is the responsibility for dealing with the epidemiological dimensions of hazards to health affecting the community, such as environmental pollution and communicable disease, and the organization of community efforts to prevent or control their impact.

The twenty-four local health departments report directly to the Deputy Secretary for Health and Mental Hygiene and have access to all Departmental officials as well. The local health departments are the focal point in the delivery of services.

The Department provides or purchases direct care services primarily in the following areas: residential and outpatient care for the mentally ill, the mentally retarded, the chronically ill, including those with tuberculosis, the impaired elderly, persons with addictive conditions, and court-referred youths. It also provides several preventive medicine services directly. It further develops programs for the rehabilitation of troubled youth. The Department also provides a comprehensive program of health care services for the indigent and medically indigent.

The Department is organized on the basis of program similarities under six Assistant Secretaries to provide effective service delivery. Under the Assistant Secretary for Medical Care Programs there are three administrations—Policy, Operations, and Compliance—charged with the reimbursement of health care services for the indigent and medically indigent. The Alcoholism Control, Drug Abuse, Mental Retardation, Developmental Disabilities, and Mental Hygiene Administrations are assigned to the Assistant Secretary for Mental Health, Mental Retardation, Addictions, and Developmental Disabilities. The Assistant Secretary for Health is responsible for the Laboratories, Preventive Medicine, Aged and Chronically Ill, and Juvenile Services Administrations, and the Board of Post Mortem Examiners.

All Department-wide services of a regulatory nature, such as State Health Planning and Development, Regulatory Services, Health Services Cost Review, and Program Evaluation are coordinated by the Assistant Secretary for Health Regulation and Policy Analysis.

A newly created position of Assistant Secretary for Environmental Programs has been charged with the responsibility to integrate and consolidate the State's environmental protection programs, which have been organized into four cohesive units: Air, Water, Waste, and Community Health Management Programs.

The Assistant Secretary for Administration, with the necessary staff and operating officials, provides the timely and responsive supporting services necessary for the health delivery systems to include those professional support services available to all levels of the organization.

The Secretary of Health and Mental Hygiene is also responsible for the direction and coordination of numerous boards, commissions, and various citizen advisory groups, the majority of which are administered by the Assistant Secretary for Health Regulation and Policy Analysis. Immediately below are the staff offices that report directly to the Secretary and Deputy Secretary, which perform department-wide services of a specialized nature.

Alp Karahasan, M.D., Ph.D., *Deputy Director*

201 W. Preston Street
Baltimore 21201

Telephone: 383-2695

The Administration, formerly the Department of Mental Hygiene, was established by Chapter 685, Acts of 1949, to supersede the Board of Mental Hygiene. This Board, created by Chapter 29, Acts of 1922, as part of a reorganization of the Executive Branch, had carried on and expanded the functions of the State Lunacy Commission, established by Chapter 487, Acts of 1886, to inspect public and private institutions for the insane and to advise their Boards of Managers. The Act of 1949 abolished not only the Board of Mental Hygiene but also the separate governing boards of the State mental hospitals and gave the Department full and plenary powers over, and supervision of, all matters relating to the custody, care, and treatment of persons of unsound mind.

The Administration is headed by a Director, certified in psychiatry by the American Board of Psychiatry and Neurology and appointed by the Secretary of Health and Mental Hygiene. The Director is responsible for discharging the functions assigned by the Secretary of Health and Mental Hygiene and for the direction of the hospitals and facilities within the Administration.

Under the provisions of the Maryland Community Mental Health Services Act of 1966 (Chapter 125, Acts of 1966), the Director of Mental Hygiene, with the approval of the Secretary of Health and Mental Hygiene, is empowered to make State grants-in-aid to further community mental health services. The Act also provides that he is to supervise the programs receiving these grants-in-aid. The Act contains provisions for the establishment of local mental health advisory committees (Code 1957, Art. 43, sec. 1J).

To improve continuity of care between community and hospital programs, a regionalized structure, consistent with State HSA designated areas, has been adopted by the Administration. Dr. Sanford Bienen and Dr. Ronald Cann have been appointed Assistant Directors for the Southern and Central Maryland areas, consistent with Article 59, sec. 8c. Their regional offices, along with those of Dr. Harold English and Dr. Robert Grooms, have allowed for the implementation of

policies that have shortened length of hospital stays, improved community mental health programs for the severely psychiatrically ill, and increased the continuity of care between the hospital and community programs.

The Drug Abuse Administration engages in a planning process that identifies needs, policies, and strategies aimed at the prevention, diagnosis, and treatment of drug abuse in the State of Maryland. The Administration funds projects based on need and encourages initiatives toward

unique programming for the prevention of drug abuse or the treatment of chemical substance abuse in an effective and efficient manner. No drug abuse treatment or prevention program can operate within the State of Maryland, either public or private, without certification by the Drug Abuse Administration.

The Administration cooperates with the Office of Education and Training for Addiction Services, under the Assistant Secretary for Mental Health, Mental Retardation, Addictions, and Developmental Disabilities for the purpose of assuring competent program personnel and adequate information dissemination. The Department replaced the coroners of Baltimore City by a chief and two assistant medical examiners, and the county coroners by deputy medical examiners. A toxicologist was also provided for the Department. Since then the General Assembly has authorized three additional assistant medical examiners, two assistant toxicologists, and a serologist. In 1969 one of the assistant medical examiners was designated deputy chief medical examiner. The Commission appoints all professional personnel. The deputy medical examiner fee for each death investigated and all salaries and operating expenses of the Department are handled through the State Department of Health and Mental Hygiene in the budget section defined for the Office of the Chief Medical Examiner. This includes the expenses of performing autopsies in the counties, where such are authorized by the chief medical examiner, and for the transportation of bodies incident to all autopsies.

The Health Services Cost Review Commission was established by Chapter 627, Acts of 1971, to monitor all matters, defined or implied, relating to the fiscal affairs of Maryland's hospitals and related institutions. Such monitoring consists of the audit and review of data and analysis of appropriate and valid relationships of both aggregate and unit costs and revenues. This enables the Commission to cause the public disclosure of each hospital's financial position, verified total costs incurred in rendering health services, and the level of reasonableness of rates as determined by the Commission's review and certification. It also provides information to determine the adequacy of each institution's financial resources to meet its financial requirements and for the Commission to concern itself with solutions when these resources are inadequate. Beginning July 1, 1974, all purchasers of hospital health care services are assured that total costs are reasonably related to the total services offered by the hospital, that aggregate rates are set in reasonable relationship to the hospital's aggregate costs, and that rates are set equitably among all purchasers of services without undue discrimination. The

Commission's authority to approve rates for nursing homes and other related institutions was removed in 1978.

The Maryland Health Planning and Development Agency, formerly the Comprehensive Health Planning Agency, is designated under Chapter 678, Acts of 1980, as the sole agency for the administration and supervision of the State's health planning functions. It is the State Health Planning and Development Agency for the purposes of the National Health Planning and Resources Development Act of 1974, as amended (P.L. 93-641), and has been so designated by the federal government for the same purposes. Under Chapter 678 the agency conducts the Certification of Need Program, which includes determining whether proposed new hospitals and related institutions are necessary. A license to operate may not be issued to any facility (or affected portion) for which a Certificate of Need has not been issued. The

agency is responsible for the implementation of the Appropriateness Review Program mandated under federal law, which requires a review of all health care services offered in existing institutions once every five years to determine their appropriateness. Finally, Title XVI of Public Law 93-641, as amended, replaced previous federal hospital construction legislation (known as the Hill-Burton Program) with a broader program to modernize existing facilities and to develop outpatient facilities, rather than solely to construct new hospitals. Responsibility for administering this aspect of Title XVI is also a function of the Maryland Health Planning and Development Agency's Program.

There are five regional Health Systems Agencies—representing Western Maryland, Montgomery County, Southern Maryland, Central Maryland, and the Eastern Shore—that coordinate their autonomous yet interdependent health planning functions with the State agency. All such regional agencies have full designation by the federal government and carry out their responsibilities under federal law, including Appropriateness Review.

The Statewide Health Coordinating Council, formerly the Advisory Council, is empowered to approve the Annual State Health Plan required by Public Law 93-641, as amended, as well as the budget of the Health Systems Agencies. The Statewide Health Coordinating Council also has approval power over certain federal programs under the Public Health Services Act, the Comprehensive Alcohol Abuse and Alcoholism Prevention Treatment and Rehabilitation Act of 1970, and the Community Mental Centers Act. In addition, the Council has an advisory role in regulatory programs and the operation of the State agency generally. The full Statewide Health Coordinating Council meets six times each year, but six standing committees meet regularly to carry out Statewide Health Coordinating Council responsibilities. The membership of the Statewide Health Coordinating Council is composed of health providers and consumers appointed by the Governor.

All responsibilities and functions served by and through the actions of the Maryland Comprehensive Health Planning Agency prior to May 29, 1978, are now the responsibilities and functions of the Maryland Health Planning and Development Agency. The titular change of the Agency effective May 29, 1978, from the Comprehensive Health Planning Agency to the Maryland Health Planning and Development Agency in no way diminished the Agency's principal responsibility to develop the Health Plan of Maryland and to facilitate and authorize the planned development of

health resources and services to the citizens of Maryland (Code 1957, Art. 41, secs. 59C-59L; Art. 43, sec. 559a-1).

The Anatomy Board of Maryland, an ex officio body officially created by Chapter 669, Acts of

1947, had its membership altered by Chapter 436, Acts of 1975 and by Chapter 195, Acts of 1977. The Board now consists of two representatives from each of the departments of anatomy of medical schools in the State of Maryland and one representative of the Department of Anatomy of the University of Maryland School of Dentistry. The members of the Board are designated by the administrative officers of each school. The purpose of the agency is to ensure the proper distribution of bodies to qualified hospitals, medical schools, and other agencies engaged in medical education and research. Such bodies are used only for medical education and research. If, however, a body is claimed for burial by relatives it is surrendered for interment. The Board also carries out the provisions in the laws regulating Consent to Post Mortem Examination (Chapter 315, Acts of 1961) and the Anatomical Gift Act (Chapter 467, Acts of 1968). Bodies are distributed chiefly to The Johns Hopkins University School of Medicine and the University of Maryland Schools of Medicine and Dentistry according to an arranged plan (Code 1957, Art. 43, secs. 158-161).

CITIZENS ADVISORY BOARDS OF DEPARTMENT OF HEALTH AND MENTAL HYGIENE FACILITIES

A Citizens Advisory Board to each of the State's mental, chronically ill, and mental retardation facilities (except the Maryland Psychiatric Research Center) was established by Chapter 499, Acts of 1972.

Each Advisory Board consists of seven members appointed by the Governor from a list of names submitted by the Secretary of Health and Mental Hygiene. Terms are for four years, and no member may serve more than two full consecutive terms.

Members of the Boards must be citizens of the State and residents of the county or City of Baltimore, as the case may be, in the region served by each facility, and known for their interest in civic and public affairs and their concern about the care of the mentally ill, mentally retarded, or chronically ill. At least two members of each board must be parents or relatives of patients, or former patients, of the host facility or a similar State facility. Each Board elects its own officers.

Each Board serves in an advisory capacity to its facility. The Board advises the superintendent in the determination of the hospital goals and assists in evaluating the achievement of such goals.

In addition, the Board advises the superintendent with respect to hospital facilities, programs, and policies and makes recommendations concerning the annual budget. The Boards also assume leadership in developing community understanding of the needs of the individuals served (Code 1957, Art. 43, sec. 603; Art. 59, sec. 32A).

The practice of medicine was first regulated in Maryland by Chapter 429, Acts of 1888, which required that the State Board of Health license all

physicians. By Chapter 296, Acts of 1892, the General Assembly created two Boards of Medical Examiners to carry on this function, one to represent the Medical and Chirurgical Faculty and the other the State Homeopathic Society. The Legislature of 1957 abolished the Homeopathic Board and the practice of medicine in Maryland is now regulated by one Board, composed of ten members. Eight physician members are elected from and by the members of the Medical and Chirurgical Faculty (State Medical Society). Two of these members are elected each year to serve four-year terms. All members must be in active practice in the State. The two remaining members are consumers who cannot have been trained in medicine or have financial interests in a related field. Consumer members are appointed by the Governor on the recommendation of the Secretary of the Department of Health and Mental Hygiene with the advice and consent of the Senate (Code 1957, Art. 43, secs. 119-149).

The Board tests and licenses physicians for the practice of medicine in the State and for certain causes may revoke the license of any physician. Candidates for licenses must be graduates of medical schools approved by the American Medical Association and the Association of American Medical Colleges or of foreign medical schools that offer an equivalent education. All graduates of foreign medical schools who apply must pass the examination given by the Educational Council for Foreign Medical Graduates. The Board determines qualifications for practice by the FLEX examination (Federal Licensing Examination), endorsement of licenses obtained in a reciprocating state, or endorsement of a certificate of the National Board of Medical Examiners. FLEX examinations are held in June and December of each year.

Since 1967 the Board of Medical Examiners has licensed certain osteopaths on the basis of endorsement, depending upon their qualifications (Code 1957, Art. 43, sec. 124(a2)).

ASSISTANT SECRETARY FOR ENVIRONMENTAL PROGRAMS

William H. Eichbaum, *Assistant Secretary*

201 W. Preston Street
Baltimore 21201

Telephone: 383-7328

All major environmental programs in Maryland have been reorganized pursuant to the Governor's Executive Order 01.01.1980.04, approved by the 1980 session of the General Assembly, into the Department of Health and Mental Hygiene under the Assistant Secretariat for Environmental Programs. The mission of the Assistant Secretariat is to foster and protect the public health and well-being by providing an environment free of the uncontrolled release or disposal of toxic, hazardous, or undesirable substances or emissions, and by affording the consumer safe and wholesome food, drugs, and other consumable products. In order to pursue these goals, the Assistant Secretariat has been tentatively organized into three support units and four major programs. The three support units are: Administrative Services, Planning and Analysis, and Science and Health Advisory. The program organizations are as follows:

The Air Quality Control Program develops air resources management plans and program strategies. It develops and enforces regulations for control of emissions from stationary and other sources. It also maintains a comprehensive statewide air monitoring system to provide current knowledge of ambient pollutant levels in order to institute regular and emergency procedures for their control.

The Community Health Protection Program assures safe and wholesome products and protects the public health through regulation of the manufacture, distribution, and sale of milk, food, and other consumer products, and regulates controlled dangerous substances or drugs with an abuse potential. It also regulates the control of dangerous emissions through ionizing and non-ionizing radiation sources and protects the public from dangerous levels of noise pollution through regulation and inspection.

The Water Quality Management Program is responsible for the development and implementation of efforts to provide safe and adequate public drinking water supplies and to protect the waters of the State through appropriate planning, compliance, permitting, and monitoring actions. The program issues Municipal Discharge Permits and performs water quality monitoring and technical analysis, including mathematical modelling of water quality problems. It also reviews and revises plans for sewerage control, conducts needs surveys, and develops priority listings for the construction of sewerage facilities and monitors the proper operation and maintenance of community water supplies and publicly-owned sewage treatment plants. It awards federal and State grant funds for construction of treatment facilities, reviews and approves design plans for water and sewerage treatment construction, and conducts initial and final inspection of such construction. In addition, the unit is responsible for the protection of shellfish-growing and recreational waters, and for residential on-site water and sewerage facilities.

The Waste Management and Enforcement Program provides for the safe collection and disposal of solid wastes, the regulation and inspection of industrial wastewater treatment facilities, and the control of transportation, storage, and disposal of hazardous substances. It is responsible for the issuance of permits required for the discharge of industrial wastes and the disposal of designated hazardous substances in order to limit the quantity and quality of such discharges. It administers the Resource Conservation and Recovery Planning Act, and is responsible for inspections to assure compliance with the conditions of permits, certifications, and licenses that have been issued and the investigation of reported water and related pollution violations.

WORK INCENTIVE PROGRAM (WIN)

Stuart O. Douglass, *Director*

Lois A. Quinn, *Deputy Director*

The Work Incentive Program (WIN) assists persons receiving Aid to Families with Dependent Children (AFDC) to obtain employment. Unless otherwise exempt, persons receiving AFDC benefits must register with WIN to participate in work training and to obtain work.

Exempt from the registration requirement are AFDC recipients who are aged, infirm, caretakers of young or incapacitated family members, and mothers with children under age six. The Income Maintenance unit of each local department of social services refers all non-exempt AFDC applicants and recipients to WIN. In addition, exempt recipients can volunteer for WIN training and job placement.

The WIN Program emphasizes immediate job placement for a registrant whenever practicable. Also, WIN sponsors on-the-job training and work experience programs for its registrants. Various social services that contribute directly to immediate placement are provided by the Separate Administrative Unit of the Social Services Administration. Individual initiative on the part of registrants is expected and the development of job-finding and job-retention skills is stressed.

The Social Services Administration was originally established as the State Department of Public Welfare by Chapter 99, Acts of 1939, to supersede the Board of State Aid and Charities established by Chapter 679, Acts of 1900. By Chapter 148, Acts of 1967, the General Assembly modernized the law, bringing it into conformance with practice and clarifying the responsibilities of the boards and directors of the State and local departments. The name of the agency was changed to the Department of Social Services by Chapter 702, Acts of 1968. The Administration adopted its present name by Chapter 96, Acts of 1970 (Code 1957, Art. 41, sec. 205F (b)).

The Director of Social Services is appointed by the Secretary of Human Resources and serves at

his pleasure. The State Director is responsible for the organization and administration of the Social Services Administration and for the appointment, under the Merit System Law, of all its personnel (Code 1957, Art. 88A, sec. 2).

The State Board of Social Services is composed of nine members appointed by the Secretary of Human Resources with the approval of the Governor, one of whom the Secretary designates as chairperson. All members serve six-year terms, so arranged that three terms expire on June 30 of every second year. The State Board gives advice and counsel and makes recommendations to the Secretary of Human Resources, the Director of the Social Services Administration, and the Director of the Income Maintenance Administration.

In Baltimore City, the Mayor appoints nine citizens to a local social services commission for staggered six-year terms. The Mayor and the Commissioner of Health serve as ex officio members. In each county, members of the local board of social services are appointed by the local governing authority. Each of these boards consists of nine members. One of these members must be a member of the local governing body, designated on July 1 of each year to serve as the ex officio member of the local social services board. Members of the local social services boards are appointed for three-year terms and no appointee may serve for more than two consecutive terms (Code 1957, Art. 88A, secs. 1, 2, 4, 14, 14A).

The Social Services Administration is the central coordinating and directing agency of all social service activities in the State, including Child Welfare Services (adoption, foster care, protective services to children and families), Child Day Care Services, Adult and Family Services (protective services to adults, homemaker services and community home aides, services to families with children, services to single parents, referrals to the Work Incentive Program, and family planning).

In Baltimore City and in each county there is a local department of social services whose director administers these social services activities within the respective locality subject to the supervision, direction, and control of the State Administration.

The Social Services Administration is responsible for the development and coordination of its services, for determining the factors that seem to contribute to social and family problems, and for recommending changes or new programs to meet some of the problems. In carrying out this responsibility, the Social Services Administration

calls upon the local social services departments for leadership within their communities and for participation in statewide activities.

The Social Services Administration supervises all public and private institutions that have the care, custody, or control of dependent, abandoned, or neglected children, except those placed under the supervision of another agency. It licenses agencies and institutions having the care and custody of minors, including agencies giving day care services to children. The Social Services Administration maintains a central registry of reported child abuse cases.

INCOME MAINTENANCE ADMINISTRATION

Richard G. Lacombe, *Director*

11 South Street
Baltimore 21202

Telephone: 383-6442

The Income Maintenance Administration, formerly part of the Social Services Administration, was established by Executive Order on January 17, 1980, and subsequently approved by the General Assembly.

The Director of the Income Maintenance Administration is appointed by the Secretary of Human Resources and serves at his pleasure. The Director is responsible for the organization and administration of the Income Maintenance Administration and for the appointment, under the Merit System Law, of all its personnel.

The Income Maintenance Administration is the central coordinating and directing agency of all public assistance activities in the State, including Aid to Families with Dependent Children, General Public Assistance, and Food Stamps. It has responsibility for the certification of low income families for Medical Assistance. In agreement with the U. S. Department of Agriculture, the Income Maintenance Administration administers the Food Stamp program, which is available in all political subdivisions of the State. The Income Maintenance Administration also includes Fair Hearings, Quality Control, and Welfare Fraud units.

In Baltimore City and in each county there is a local department of social services whose director administers these public assistance activities within the respective locality subject to the supervision, direction, and control of the State Administration.

The Income Maintenance Administration is responsible for the development and coordination of its programs and disseminating policy to local departments of social services for purposes of determining eligibility for financial assistance, Medical Assistance, and Food Stamps. In carrying out this responsibility, the Income Maintenance Administration calls upon the local departments of social services for leadership within their communities and for participation in statewide activities.

The Income Maintenance Administration has responsibility for child support activities for families receiving public assistance. All recipients of Aid to Families with Dependent Children must assign to the State all rights to support. The Income Maintenance Administration, through local departments of social services, uses local, State and federal locator services to find absent parents owing such support, and court orders are then established requiring payment to the State. Monies collected through this program are used to reimburse the State and the federal government for assistance costs.

The Income Maintenance Administration also serves as the public agency through which child support payments are channeled. Prior to January 1, 1979, such payments were handled by the Division of Parole and Probation of the Department of Public Safety and Correctional Services.

The Training and Employment Office, formerly the State Manpower Planning Office, was created by Executive Order on July 1, 1976, and was renamed in 1979. An agency of the Department of Human Resources, the Training and Employment Office administers appropriate sections of the amended Comprehensive Employment and Training Act (CETA) of 1978, P.L. 95-524. CETA, as originally passed in 1973 and amended in 1978, replaced in principle the expired Manpower Development and Training Act (MDTA), the Economic Opportunity Act (EOA), the Emergency Employment Act (EEA), and the Cooperative Area Manpower Planning System (CAMPS).

Created to serve the unemployed, underemployed, and economically disadvantaged segments of the general work force, the Comprehensive Employment and Training Act provides funds directly to all eligible units of government (prime sponsors) to implement employment and training programs. Such programs include adult and youth work experience, vocational classroom training in demand occupational areas, public service employment, summer youth employment, on-the-job training in the private and public sectors, and supportive client services such as outreach and intake, client assessment and job counseling, job development, and matching job applicants with available positions. State government is the prime sponsor for the counties of the Eastern Shore and Southern Maryland. All other areas of the State fall under the jurisdiction of local county or city governments.

The Training and Employment Office has the responsibility for meeting all federal grant application requirements for the CETA program operated by the State prime sponsor and for implementing the State prime sponsor programs at the local level. As part of these requirements, the Training and Employment Office provides staff support for the Balance of State Planning Council, which is appointed by the Governor. The Council convenes to review and make recommen-

dations on employment and training program plans developed with CETA funds for the Eastern Shore and Southern Maryland counties. The chairperson of the Balance of State Planning Council is appointed by the Governor and acts on his behalf in all matters relevant to State prime sponsorship.

The Training and Employment office also works with the Balance of State Private Industry Council. The Council, along with the Balance of State Prime Sponsor, is responsible for all programs and activities that are funded under Title VII of CETA.

The Training and Employment Office also has the responsibility for meeting all federal grant requirements for implementing all plans under the CETA Special Grant to the Governor for vocational education and statewide employment and training services. Vocational Education services for the Special Grant are developed by the State Department of Education and prime sponsors through jointly developed non-financial agreements. These non-financial agreements are submitted to the Training and Employment Office for review and funding. Generally speaking, vocational services are classroom training in occupational areas that are in demand in local labor markets. Funds for statewide employment and training services are also allocated under the Special Grant to provide administrative or client services that are better served from the State perspective. Frequently, these funds are utilized to fund experimental programs or projects that will enhance the cooperation and coordination of all employment and employment-related programs in the State. As part of the federal requirements of the Special Grant to the Governor, the Training and Employment Office also serves as staff support to the State Employment and Training Council. The Council is an advisory body appointed by the Governor to review the plans of all prime sponsors and employment and employment-related agencies and to make recommendations on the coordination of all employment efforts in the State. The chairman of the State Employment and Training Council is appointed by the Governor and acts on his behalf to fulfill all federal requirements under Section 110 of CETA.

In connection with its administrative role in statewide programs, the Training and Employment Office also is responsible for all State agency public service employment positions funded by local prime sponsors and makes arrangements for the development of appropriate State public service jobs, for the allocation of positions to State agencies, and for the certification, recruitment, and selection of personnel.

The Commission was originally appointed by the Governor in 1965 as the Governor's Commission on the Status of Women with the mission to develop to the fullest extent possible the potential of the women of Maryland. The Commission was reactivated in 1968 as the Maryland Commission on the Status of Women as part of a continuing effort to promote human understanding and to solve the pressing social problems that confront the State and the nation.

The Governor directed the Commission to review the recommendations of the previous Commission in the areas of education, employment, and community and civic participation, and to take steps to implement those most pertinent. The Commission also was directed to seek the cooperation of existing organizations on the State and local levels in identifying problems and to work toward increasing the opportunities for women to serve in a variety of fields.

By Chapter 57, Acts of 1971, the Commission on the Status of Women became a statutory agency and was assigned to the Department of Human Resources. The Commission adopted its present name by Chapter 119, Acts of 1976. The Commission consists of twenty-four members appointed by the Governor from among persons interested in the improvement of the status of women. Its membership includes both men and women and represents various fields of interest to women of different age groups and geographical regions of the State. DIVISION OF FINANCIAL REGULATION

BANK COMMISSIONER

Joseph R. Crouse, *Bank Commissioner*

Charles R. Georgius, *Deputy Bank Commissioner*

Charles C. Ehrig, *Examiner V*

One North Charles Street
1301 Blaustein Building
Baltimore 21201 Telephone: 659-6262

The office of the Bank Commissioner was created by Chapter 219, Acts of 1910. The Bank Commissioner is appointed by the Secretary of Licensing and Regulation, with the approval of the Governor, and holds office at the pleasure of the Secretary of Licensing and Regulation. The Commissioner's office has general supervision over all banking institutions in the State other than national banks. It must examine each institution at least twice in eighteen months and at such other times as the Commissioner may deem

expedient and at any time upon request of the Board of Directors of the institution. These examinations can be made in conjunction with the federal authorities.

Every bank, trust company, and mutual savings institution is required to submit to the Bank Commissioner, under oath, at least two reports in each calendar year. Such reports must exhibit in detail the resources and liabilities of the institution. These reports are published in the local newspapers.

All new State banking institutions must organize under the supervision of the Commissioner and must obtain a certificate before opening for business. The Bank Commissioner must approve all applications for a branch office made by a State bank, trust company, or mutual savings institution, and must pass upon all amendments to their charters. He must also approve any mergers or voluntary liquidations. On June 30 of each year he must make a written report to the Governor (Code Financial Institutions Article, secs. 2-101 through 5-806).

The General Assembly of 1929 passed the "Credit Union Law," which provides that any seven or more individuals who are residents of Maryland and who have a common employer or are members of a common organization or rural community may act as incorporators to form a credit union and make application to the Bank Commissioner for permission to organize.

The Bank Commissioner supervises all State chartered credit unions and is required to examine these institutions at least once each year. All credit unions must report annually to the Bank Commissioner in such form and manner as prescribed by him (Code Financial Institutions Article, secs. 6-101 through 6-704).

By Chapter 658, Acts of 1973, the General Assembly created the Maryland Credit Union Insurance Corporation, making it mandatory that State chartered credit unions be insured by this corporation. The Maryland Environmental Trust was created by Chapter 648, Acts of 1967, to conserve, improve, stimulate, and perpetuate the aesthetic, natural health, scenic, and cultural qualities of the Maryland environment. The Trust is also to encourage the people of the State to appreciate the environment and to promote the continuing interest in and study of such matters.

The Trust consists of fifteen trustees, of whom twelve were originally appointed by the Governor by and with the advice and consent of the Senate for terms varying from one to four years. As the initial terms expired, the trustees elected the successors for four-year terms. The Governor, the president of the Senate, and the speaker of the House of Delegates serve as *ex officio* members. The Commission selects its own officers, the Director of the Trust, and other employees as may be necessary.

The Trust conducts other programs, including the Conservation Easement Program.

MARYLAND GEOLOGICAL SURVEY

Dr. Kenneth N. Weaver, *Director*

Merryman Hall
The Johns Hopkins University
Baltimore 21218 Telephone: 338-7066

The Maryland Geological Survey was established by Chapter 73, Acts of 1964, to supersede the Department of Geology, Mines, and Water Resources, created by Chapter 508, Acts of 1941, which superseded the State Geological and Economic Survey Advisory Commission, the Water Front Commission, and the Water Resources Commission. The Survey was placed in the Department of Natural Resources by Chapter 154, Acts of 1969.

The Department is headed by a Director appointed by the Governor upon the recommendation of the Secretary of Natural Resources. A Commission composed of five members appointed by the Secretary of Natural Resources acts in an advisory capacity to the Director with respect to matters under the jurisdiction of the Survey.

The Department supervises topographic, geologic, hydrographic, and geophysical surveys. It prepares topographic, geologic, and such other maps as may be necessary to meet specific needs. It makes reports on the extent and character of the State's geologic, mineral, and water resources. The Survey periodically publishes County Reports, County and Quadrangle Atlases, Reports of Investigations, Basic Data Reports, Bulletins, Educational Series, and Information Circulars. The Survey also publishes county topographic maps, county geologic maps, a State geologic map, a State planimetric map, and other miscellaneous maps and charts.

In cooperation with the U.S. Geological Survey, the Department makes surveys of the water resources of the State. It also cooperates with the federal Survey in certain geological and geophysical mapping projects. The Survey carries out research and investigations of coastal and estuarine geology related to erosion and sedimentation in the Bay and along the ocean shoreline.

The Division of Archeology was created by Chapter 541, Acts of 1968, to engage in research in the archeology of the State and to encourage and coordinate archeological research and investigation undertaken by other societies, institutions, museums, and organizations. The same Act created an Advisory Committee on Archeology to advise the Survey. The Division is headed by the State Archeologist. The Survey, through its Division of Archeology, grants permits for archeological investigation on lands owned or controlled by the State to any person or institution who, in the judgment of the Survey, is properly qualified to conduct such investigations and excavations.

ADVISORY COMMITTEE ON ARCHEOLOGY

Chairperson: Paul Cresthull

Daniel W. Ingersoll, Jr., Robert L. McFarlin,
Garry W. Stone; one vacancy

Tyler J. Bastian, *State Archeologist*

The Advisory Committee on Archeology was created within the Maryland Geological Survey by Chapter 541, Acts of 1968. The Committee consists of five members with skill and knowledge in archeological matters, including representatives of reputable museums, institutions of higher education, and recognized scientific and/or historical societies or institutions. The State Archeologist is a professional archeologist appointed by the Director of the Maryland Geological Survey in accordance with the Merit System Law.

The Committee advises the Maryland Geological Survey on archeological matters and formulates rules and regulations regarding archeological matters for review and publication by the Survey (Code Natural Resources Article, secs. 2-301 through 2-308).

FOREST AND PARK SERVICES

Donald E. MacLauchlan, *Director*

Tawes State Office Building
Annapolis 21401 Telephone: 269-3776

The Forest Service and Park Service are administered under one director and work together closely to serve the forest management and recreational needs of the people of Maryland. The staff functions are combined yet the integrity of the two units is maintained.

The Forest Service, created by Chapter 348, Acts of 1972, succeeded the Department of Forests and Parks established by Chapter 508, Acts of 1941. The latter department superseded the Board of Forestry created by Chapter 294, Acts of 1906.

The basic mission of the Forest Service is to effectively manage the State's forests and trees while promoting their values for the benefit of people. The goal of the Service is to maintain and improve the economic, aesthetic, recreational, environmental, and social contribution of trees, forests, and forest-related resources to all citizens.

The Forest Service's goal is achieved through three major activities: Cooperative Forest Management, Resources Utilization, and the State Forest System.

Cooperative Forest Management (CFM) takes forest management expertise to the private landowners and the political subdivisions of the State. Forest fire prevention and control, forest insect and disease control, forest land management, forest watershed management, reforestation, and urban and community forestry represent the main thrusts of the program. While such programs as fire prevention and control, reforestation, and the application of technical forestry to individual forest acreages have a long history in the Service, urban and community forestry is, in part, a new program, where the main emphasis will be on working with developers, builders, architects, and city and county planners in careful developmental planning and large-scale forestry projects. Supervision of utility trimming and municipal tree care programs continues to be an important facet of urban and community forestry. The urban forestry concept includes individual shade tree consultations to private landowners, as time permits.

Forty-two percent, or 2,653,200 acres, of Maryland's land area is in forests. A total of 2,280,000 acres of forest lands is in the hands of 95,800 private owners. The Service offers advice and assistance to all landowners in the multiple use development of their woodlands. This service is available to individuals, municipalities, and developers. Timber marking, timber stand improvement, wildlife habitat, tree design for subdivisions, and overall environmental aesthetics are all covered in the Service's Cooperative Forest Management Program (formerly the Technical Forestry and Reforestation Program). The Program also is concerned with the establishment of trees in the environment and to this end operates and maintains the Buckingham Forest Tree Nursery, which produces approximately 4,000,000 seedlings and 3,000 to 5,000 roadside trees annually for distribution in Maryland.

Prevention and control of wildfire in the forests of the State is an important function of sound forest management. Federal and State programs provide for a cooperative effort in this activity. The program is vital not only to the continuance and expansion of the forest industry, but also to the general welfare of the public by providing protection for watersheds, wildlife, park and recreation areas, farms, industries, homes, and the air. The Department is a member of the Mid-Atlantic Forest Fire Compact, which provides for

mutual assistance among the states in the event of a fire emergency.

Fire preparedness involves maintenance of a forest fire organization of forest wardens and volunteer fire companies, and the provision of training and equipment to combat these emergencies.

The State Forest System (formerly State Forest Management) serves to develop the multiple use and sustained yield of all forest resources. It provides timber production, watershed protection, wildlife habitat, and natural beauty.

Since proper management of forest resources represents a long-term investment, State forests serve as examples to local woodland owners in the management of their lands. They provide timber products for local industry, public hunting and fishing areas, open spaces for hikers and campers, and a place to appreciate the natural environment (Code Natural Resources Article, secs. 5-101 through 8-1318).

There are nine State forests administered by the Department, located at Savage River, Cedarville, Doncaster, Elk Neck, Green Ridge, Pocomoke, Potomac-Garrett, Wicomico, and Seth. These multiple-use forest areas produce wood fiber for industry and provide hunting, fishing, camping, picnicking, wildlife habitat, soil and water protection, and area for research and demonstration. Forest Service studies encompass projects on insects and diseases, plant genetics, site studies, and various elements of timber management.

The main goal of the Service's Resource Utilization Program is to extend Maryland's decreasing forest resources through the improved use of recreational, aesthetic, environmental, and economic resources. Centered in Annapolis, the Program works with forest products manufacturers on a request basis.

Forestry boards were created by the enactment of the Forest Conservancy District Act of 1942. There is a five-member forestry board in each of Maryland's twenty-three counties. The volunteer members are private citizens who work cooperatively with the Maryland Forest Service to promote sound forestry practices and conservation.

Maryland's State Park system comprises scenic, historic, and natural environment areas located in all regions of the State. Land presently owned by the State and managed as parks totals 80,000 acres.

Thirty-five State parks are operational, most of

them providing a wide variety of interests from day-use activities such as picnicking and hiking to camping and cabin occupancy, which permit more extended enjoyment of these unique areas. Swimming, fishing, nature study, and sightseeing are also popular. The facilities contained in State parks, along with the roads, land, and utilities, represent a fixed asset totaling approximately one hundred and thirty million dollars.

Each year approximately six million people visit the State parks in Maryland. Construction activities are under way at many of these areas where new facilities are being installed to improve existing and provide additional recreational opportunities for the park visitor.

Interpretive programs designed to increase visitor awareness are conducted in the majority of parks and annually serve more than 300,000 people.

A variety of general and specific parks and recreational activity brochures are available at each park and upon request from the Maryland Park Service, Tawes State Office Building, Annapolis, Maryland 21401.

NATURAL RESOURCES POLICE FORCE

Roy W. Rafter, *Superintendent*

Tawes State Office Building
Annapolis 21401

Telephone: 269-2247
269-3181

This agency, created by Chapter 348, Acts of 1972, traces its beginnings to the establishment of the State Oyster Police Force in 1868 for the enforcement of the oyster laws of the State. Legislation enacted in 1874 brought all forces afloat under the Commission of Fisheries and named the new unit the State Fishery Force. In 1922 the Force became a part of the former Conservation Department and was known as the Maryland Patrol and Inspection Fleet. In 1941 the Patrol Fleet was incorporated into the Department of Tidewater Fisheries and its name was changed to the Division of Inspection and Patrol. In 1960 the Force became a part of the Division of Law Enforcement of the Department of Tidewater Fisheries, and was renamed the Marine Police Division in 1962.

The Natural Resources Police Force enforces State laws and regulations pertaining to commercial seafood harvesting and sport fishing, boating,

waterways pollution, and wildlife conservation. It also conducts boating and hunting safety educational programs.

The Force operates the Natural Resources Police Academy at Matapeake, a central maintenance and supply facility, and an aviation unit to provide airborne surveillance and rescue services to the enforcement programs and other agencies of the Department of Natural Resources.

The Marine Division includes Headquarters, Communications, and Field Force Sections. Among its other duties, it recovers stolen or lost boats and stolen outboard motors, renders other water-oriented assistance to the boating public, including delivery of emergency messages, regatta patrols, towing disabled vessels into ports, removal of persons from the water, first aid administration, searching for missing boats, fire fighting on boats, engine repairs, and refloating of boats grounded on shoals.

The Inland Division of the Natural Resources Police Force is charged with the responsibility of enforcing all laws and regulations relative to the protection and preservation of wildlife and with the welfare and safety of the citizenry. It apprehends persons for violations of the fish, game, boating, and litter laws and regulations.

The Inland Officers assist Wildlife Law Enforcement officials in contiguous states in the apprehension of game and fish violators, assist State and local police in the apprehension of felons, and search for persons reported as lost or missing. They also search for and recover drowning victims, relay emergency information to hunters and fishermen, render assistance to boaters, and recover drifting unmanned boats.

Thousands of people receive firearms training and hunter safety instruction each year.

Units manned by the Force include patrol boats, runabouts, vehicles, and one twin-engine amphibian aircraft.

The Force inspects boats for conservation and boating violations. It also inspects seafood processing houses and trucks carrying seafood cargo. It makes arrests and issues warnings for violations of boating and conservation laws. The Force also investigates boating accidents and reports them to the U.S. Coast Guard.

ENERGY ADMINISTRATION

Dr. Paul Massicot, *Director*

Tawes State Office Building
Annapolis 21401 Telephone: 269-2788

This Administration, created by order of the Secretary of the Department of Natural Resources on July 1, 1979, and originally incorporated into the Department as part of the Energy and Coastal Zone Administration by Chapter 320, Acts of 1976, includes all energy-related agencies in the Department of Natural Resources. The common purpose of these agencies is to evaluate the production and conservation of energy while keeping adverse environmental and fiscal effects to a minimum.

The three operating programs within the Administration are Power Plant Siting and Research, Bureau of Mines, and the Maryland Energy Office. These programs accomplish their tasks mainly through special and federal monies.

The Power Plant Siting Program, created by Chapter 31, Acts of 1971, is responsible for the administration of a long-range electric power plant environmental research program, assessing the impact of existing power plants, evaluating proposed sites, and acquiring standby sites for a land bank. Site evaluations calculate the impact of future power plants at proposed sites. The site evaluation work forms the basis of program recommendations to the Public Service Commission for conditions relating to the design, construction, and operation of power plants that are necessary for the protection of the environment.

Research develops the understanding of Maryland's environmental resources and socio-economic structure necessary to site and operate power plants successfully with a maximum benefit to society and minimum detriment to the ecosystem.

Site acquisition identifies, investigates, acquires, and holds in a land bank an inventory of sites suitable for the construction and operation of power plants.

The Bureau of Mines has two distinct areas of responsibility: environmental control of active mines and restoration of abandoned mines.

Active Mines: The Bureau evaluates mining plans for proposed deep and strip coal mines. Environmental controls are established and reclama-

tion plans for the land must be approved before the mining operation can begin. Active mines are monitored for compliance with the law and agreement with the approved plans.

Abandoned Mines: Recent legislation makes possible the restoration of abandoned mines, which for decades have presented serious environmental problems. Money collected from a surcharge on mined coal is used to repair the environmental damage caused by abandoned mines. In addition, abandoned mines are reclaimed in conjunction with the Active Mining Program.

The Maryland Policy Office implements the State Energy Conservation Plan, funded under the National Energy Policy and Conservation Act. A State Energy Conservation Board was formed to assist in this effort. The Office sponsors a variety of training programs aimed at energy consumers in the residential, commercial, industrial, transportation, and government areas. It implements the federal Institutional Building Grants Program, and the Energy Extension Service is the lead agency for the Residential Conservation Service.

The Energy Office is responsible for fuel allocations and contingency planning for energy supply emergencies.

The Land Reclamation Committee, originally established by Chapter 144, Acts of 1967, had its functions expanded by Chapter 414, Acts of 1969, and by Chapter 6, Acts of the Special Session of 1973. The Committee consists of eleven members. The Director of the Maryland Geological Survey serves as chairperson. The remaining members include the chairpersons of the Soil Conservation District Supervisors of Garrett and Allegany counties or their representatives, two members appointed by the Governor with the advice and consent of the Senate for three-year terms to represent the mining industry, and four additional members of the Department of Natural Resources appointed by the Secretary. Two members were added by Chapter 672, Acts of 1974. One member resides in Allegany County. Neither of these members may have any interest in mining operations.

The Land Reclamation Committee studies, recommends, and approves procedures for reclamation, conservation, and revegetation of areas affected by open-pit mining within the State. The Committee also reviews all mining and reclamation plans, progress reports, and final reports. The Committee is further to establish plans and methods of procedure as well as practical guidelines for the prompt and adequate reclamation, conservation, and revegetation of all lands disturbed by open-pit mining of bituminous coal within the State (Code Natural Resources Article, secs. 7-205, 7-501 through 7-505, 7-509, 7-510, 7-515).

MARYLAND ENVIRONMENTAL SERVICE

Thomas D. McKewen, *Director*

60 West Street
Annapolis 21401

Telephone: 269-3351

The Maryland Environmental Service (MES) was created by Chapter 240, Acts of 1970, as a public corporation to help local government and industry eliminate pollution resulting from the disposal of liquid and solid wastes. On July 1, 1972, the Service was authorized to provide water supply and related facilities. The Hazardous Waste Siting Program Act of 1980 created an independent board with the power to approve the location of hazardous waste disposal facilities and requires the Maryland Environmental Service (MES) to provide staffing for the Board and to carry out certain other related activities.

The MES corporation is governed by a three-member Board of Directors consisting of a Director, a Secretary, and a Treasurer who are appointed by the Secretary of Natural Resources with the approval of the Governor. As a public utility enterprise, the Service may plan, finance, construct, operate, and maintain liquid and solid waste management systems and water supply facilities. The Service is a nationally-recognized leader in the field of resource recovery.

In 1980, MES operated over 100 water, wastewater, and solid waste management projects throughout the State with a combined operating budget in excess of \$14 million (Code Natural Resources Article, secs. 3-101 through 3-132).

TIDEWATER ADMINISTRATION

L. E. Zeni, *Administrator*

Tawes State Office Building
Annapolis 21401 Telephone: 269-2926

The Tidewater Administration was created by Chapter 601, Acts of 1979. The agency combined Tidal Fisheries, Coastal Zone Management, and Waterway Improvement into one organizational unit.

Waterway Improvement was created under Chapter 348 of the Acts of 1972, the State Boat Act, and provides services to the general boating public, including placement and maintenance of navigational aids, clearing of debris and obstructions from waters of the State, removal of derelict vessels, ice breaking, dredging, and the construction of regional boating facilities and local small-boat launching ramps, piers, and ancillary facilities.

The Tidal Fisheries Administration carries out the operational functions of the former Fisheries Administration, created by Chapter 348, Acts of 1972. The Tidal Fisheries Division is responsible for the preservation, enhancement, development, and use of all tidal fishery resources in Maryland. Recent economic estimates indicate that the Maryland sport fishery in tidewater expends approximately 20 million dollars annually in direct costs, exclusive of boats, motors, and tackle. Commercial fisheries of shellfish and finfish in 1978 had a dockside value of approximately \$35 million. The fishery management program includes planting multi-million bushels of oyster shells for propagation purposes, transplanting seed oysters on public oyster bars, monitoring blue crab movement to determine fluctuations in

annual harvest, investigation of fish mortalities, an annual juvenile recruitment survey to index reproductive success, monitoring anadromous fish reproduction and harvesting, support of striped bass hatcheries for research and release, environmental review of permit applications, disease and parasite investigations, resurveying the Bay bottom, and obtaining statistics needed for management decisions.

The Coastal Zone Management Program has been transferred from the Energy and Coastal Zone Administration to the Tidewater Administration. The Governor in March 1973 designated the Department of Natural Resources as the agency authorized to receive and administer federal grants pursuant to the Federal Coastal Zone Management Act of 1972. In May 1978 the Governor signed an Executive Order stating that the Coastal Zone Management Program constitutes State policy with regard to activities in Maryland's coastal areas. The Program draws on the authority, expertise, and perspective of six State Departments (Economic and Community Development, State Planning, Natural Resources, Transportation, Health and Mental Hygiene, and Agriculture), sixteen coastal counties and Baltimore City, and numerous federal agencies. The Division is charged with administration of the Program, including a \$1.6 million dollar grant from the National Oceanic and Atmospheric Administration. It has the primary function of coordinating among the many Program participants, ensuring that all State and federal actions are consistent with the State's coastal resources policy, providing technical and financial assistance to local governments and State agencies, and improving the quality and extent of coastal decision-making information.

WATER RESOURCES ADMINISTRATION

Thomas C. Andrews, *Director*

Tawes State Office Building
Annapolis 21401 Telephone: 269-3846

The Water Resources Administration, formerly the Department of Water Resources, was created by Chapter 348, Acts of 1972. The agency is concerned with the protection, enhancement, and management of the water resources of the State.

As of July 1, 1980, Executive Order 01.01.1980.04 as amended by Chapter 815 of the Acts of 1980 transferred certain water pollution control programs to the Department of Health and Mental Hygiene.

The programs that remain with the Department of Natural Resources, Water Resources Administration, are the nucleus of the State's water resources management and development programs. These programs include Watershed Permits (the management of activities in fresh water streams and floodplains), Wetland Permits (the management of activities in Maryland's State and private tidal wetlands), Surface and Groundwater Appropriations (the management of water resource uses), the Water Supply Program (the management of the availability of water resources), Sediment Control Programs (assisting local jurisdictions in managing programs to prevent water pollution from erosion), the Surface Mine Reclamation Program (the management and reclamation of areas affected by and the proper operation of surface mining activities of minerals other than coal), Oil Control Program (a program to prevent and to respond to oil spills), the Flood Management Program (management programs to address stormwater runoff in watersheds and prevent manmade flooding problems), and Dam Safety (management of the inventorying and maintenance of dams and other impoundments of the State).

Program activities have been divided into three program elements: Resource Management (Water Supply, Wetlands, Surface Mining); Watershed Management (Erosion and Sediment Control, Watershed Permits, Watershed Planning, and Dam Safety); and the Resource Protection Program.

The Resource Protection Program includes the enforcement of permits, licenses, and certificates issued by Water Resources and the Oil Pollution Control Program. The Water Resources Administration operates a twenty-four hour a day oil and hazardous spill emergency number. For assistance weekdays call (301) 269-3551; weekends, evenings, and holidays call (301) 269-3181.

WILDLIFE ADMINISTRATION

Bernard F. Halla, *Director*

Tawes State Office Building
Annapolis 21401

Telephone: 269-3195

The Wildlife Administration, created by Chapter 348, Acts of 1972, is responsible for the maintenance, management, and protection of freshwater fish, marine mammals, birds, land based reptiles and amphibians, and mammals. This includes game species, non-game species, and threatened and endangered wildlife.

In the course of discharging its assigned duties the Administration engages in field surveys and research projects to evaluate public demands on the wildlife resources, fish and wildlife populations, harvesting parameters, and relevant environmental factors.

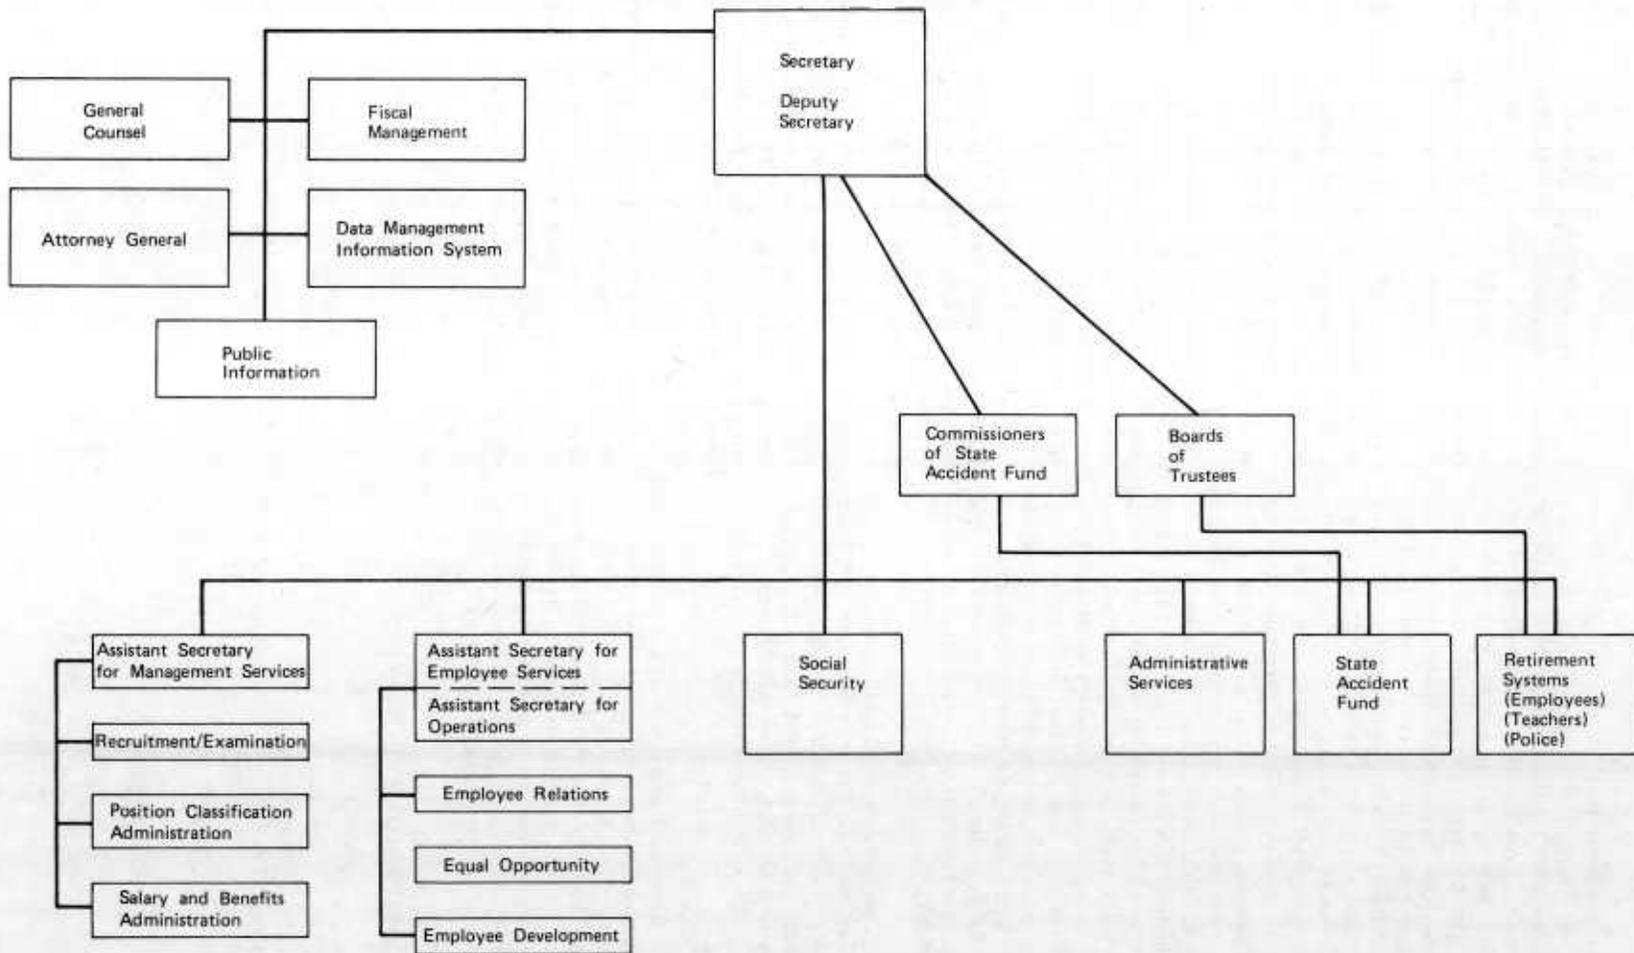

The Administration applies modern professional wildlife management techniques to both control and assure continuing wildlife production while affording a maximum of public recreational opportunities compatible with the welfare of those resources.

Among the Administration's projects and programs is the development and management of 35 state-owned Wildlife Management Areas (Public Hunting Areas) encompassing a total of 78,612 acres located throughout the State.

In addition the Administration also manages, administers, and controls recreational use of cooperative wildlife areas and some State park areas for a grand total of some 250,000 acres, plus the Albert M. Powell Coldwater Fish Hatchery, the Manning Warmwater Fish Hatchery, and rearing stations.

Management activities include the construction of ponds (primarily waterfowl habitat), planting food and cover vegetation, construction of dikes to control water levels where needed, and the stocking of hatchery-reared trout and other species of gamefish in compatible State waters.

The State Accident Fund, originally a part of the State Industrial Accident Commission, was established as a separate agency by Chapter 504, Acts of 1941 (Code 1957, Art. 101, secs. 70-84). The Fund insures those employers who are unable or unwilling to obtain insurance from private carriers, and who are not self-insurers. The Fund is also the Workmen's Compensation Insurance carrier for all State employees. The fund is directed by seven commissioners appointed by the Secretary of Personnel with the approval of the Governor for five-year terms, with at least one term expiring each year. The Board elects its officers annually. Through the Fund, employers carry insurance for the payment of claims that may arise from accidents and injuries to their employees as

allowed under Article 101 of the *Annotated Code of Maryland* (Workmen's Compensation Law). All expenses of the Fund are paid out of income from premiums paid and interest on Fund investments. The State Treasury is prepaid for operating expenses of the Fund (Code 1957, Art. 101, secs. 70-71).

The Employees' Retirement System was established by Chapter 377, Acts of 1941. The Pension System for employees of the State of Maryland was established by Chapters 23 and 24, Acts of 1979, for persons employed on or after January 1, 1980. The systems are administered by a Board of Trustees consisting of seven members. The Maryland State Employees Deferred Compensation Plan was established by Chapter 433, Acts of 1974. The Board of Trustees was created by Executive Order on August 15, 1974, and altered by Chapter 818, Acts of 1980. Two members who represent State employees and three members who represent the public are appointed by the Governor for two-year terms.

The Plan develops a deferred compensation plan for State employees that meets the criteria for approval by the U.S. Internal Revenue Service. The Plan allows employees to set aside a portion of their earnings into a tax-sheltered sav-

Prior to 1916, the Maryland Penitentiary and the Maryland House of Correction were autonomous institutions operating under the jurisdiction of a separate Board of Directors and a Board of Managers appointed by the Governor. By Chapter 556, Acts of 1916, these institutions were administered by the State Board of Prison Control. By Chapter 29, Acts of 1922, the Board of Welfare superseded the Board of Prison Control and administered the prisons. By Chapter 69, Acts of 1939, the Department of Correction and the Board of Correction assumed all rights, powers, and duties that had formerly been vested in the Board of Welfare.

By Chapter 758, Acts of 1953, the Superintendent of Prisons became the administrator of the Department. The Board of Correction established departmental policies and appointed the executive personnel of the institutions under the jurisdiction of the Department on recommendations made by the Superintendent of Prisons (Code 1957, Art. 27, secs. 667, 669-71, 675, 677). The 1962 General Assembly repealed Article 27, Sections 667-710, of the 1957 Code and 1961 Supplement and enacted new Sections 667 to 704, inclusive, to revise and change the laws governing the administration of the Department of Correction. Chapter 123 of the Acts of 1962 established the Advisory Board and created the office of Commissioner of Correction. Chapter 137, Acts of 1968, repealed and reenacted Section 667 of Article 27, changing the name of the Department from the Department of Correction to the Department of Correctional Services.

Chapter 401, Acts of 1970, effective July 1, 1970, incorporated all of the State's correctional

responsibilities under the Department of Public Safety and Correctional Services. Thus, by virtue of this Act the Department of Correctional Services was retitled and reestablished as the Division of Correction and continued as the same department in its capacity of exercising central administrative control over the adult correctional facilities in Maryland as provided in Art. 27, Sections 667-726, subject to the authority of the Secretary of Public Safety and Correctional Services. The same act also abolished the Advisory Board of the Department of Correction, the Advisory Board of the Division of Parole and Probation, and the Advisory Council for Correctional Services (Code 1957, Art. 41, secs. 204D and 204E).

In accordance with the provisions of Chapter 401, Acts of 1970, the Commissioner of Correction is appointed by the Secretary of Public Safety and Correctional Services with the approval of the Governor and by and with the consent and advice of the Senate. The Commissioner is in sole and active charge of the Division of Correction and of its several institutions and agencies, subject only to his responsibility to the Secretary of Public Safety and Correctional Services and to the Governor (Code 1957, Art. 27, secs. 673-674).

The staff of the Division of Correction plans, establishes, and directs programs of administration for the various correctional facilities. The institutions carry on a program of classification, education, vocational training, employment, and the other segments of rehabilitative treatment.

Chapter 695, Acts of 1967, provided that all criminals sentenced after June 1, 1967, be committed to the Division of Correction, formerly the Department of Correctional Services, and authorized the Department to establish receiving and classification centers for prisoners. On June 1, 1967, the Department established a Reception Center at the Maryland Penitentiary for male inmates and a Reception Center at the Maryland Correctional Institution for Women—Jessup, for female inmates. After diagnostic evaluation and classification, the inmate is then assigned to one of the institutions of the Division (Code 1957, Art. 27, secs. 689 (g), 690, 691-700 (a), 701-702).

By Chapter 285, Acts of 1963, the Work Release Law was established (Code 1957, Art. 27, sec. 700A). The Work Release Program allows prisoners sentenced to an institution under the jurisdiction of the Division of Correction to leave actual confinement during necessary and reasonable hours for the purpose of working at gainful employment in the State and to return to the institution at the end of the work day. Chapter

551, Acts of 1968, extended this privilege to include attendance at school as part of a Work Release Program. Recent amendments provide that the Commissioner of Correction may authorize under certain conditions special leave for the purpose of seeking employment, and further that individuals or small groups of prisoners may leave confinement to participate in special community programs for rehabilitation. Provision is also made for granting weekend leaves under certain conditions by Chapter 448 and Chapter 449, Acts of 1969 (Code 1957, Art. 27, secs. 700A and 700C).

The institutions and pre-release units have well-developed programs of employment. Inmates are assigned to a wide variety of institutional maintenance tasks, as well as to the diversified State Use Industries Program. Opportunities for the development and reactivation of useful and economically profitable occupational skills are available. The programs also provide necessary goods and services to the public agencies eligible to purchase them. Several of the institutions operate laundries, which serve both the institutions and other State agencies and institutions.

Educational activities include academic instruction on both elementary and secondary school levels, varied opportunities for advanced and specialized study, including programmed instruction in the various pre-release facilities in preparation for obtaining high school equivalency certificates, and programs of vocational and on-the-job training.

With the amendment set forth in Chapter 539, Acts of 1976, an educational coordinating council for correctional institutions under the jurisdiction of the Department of Public Safety and Correctional Services was created. The Commissioner of Correction is a member of this council. The council, for administrative and budgetary purposes, is within the State Department of Education. The council is responsible for developing and recommending the educational programs to be conducted in each correctional institution, taking into account the special needs and circumstances of the inmates in the institution. The law provided that from and after July 1, 1978, funds for the operation of the educational programs in correctional institutions shall be provided in the State budget for the State Department of Education. The Department of Public Safety and Correctional Services and other State departments may contribute to these programs as provided in the State budget. The Director of Educational Programs is appointed by the Secretary of Public Safety and Correctional Services (Education Article, secs. 22-101, 102).

Professional staffs render medical, psychiatric, and psychological services in the institutions. The institutions and pre-release units have complete programs of religious activities, and supervised recreational programs are conducted at all correctional facilities.

Chapter 535, Acts of 1980, repealed Article 27, section 704, and established the Maryland Commission on Correctional Standards, removing the function of jail programming and inspection officer from the responsibility of the Division of Correction and placing it with the Correctional Standards Commission, which is an agency of the Department of Public Safety and Correctional Services.

Chapter 481, Acts of 1968, provides for the establishment of regional detention centers, which are facilities operated by one or more counties for the purpose of detention and confinement. Chapter 540, Acts of 1968, included these regional detention facilities as installations under the general supervision of the Jail Programming and Inspection Officer (Code 1957, Art. 27, secs. 704-705).

In October 1971, the Governor authorized the formation of a Community Corrections Task Force within the Maryland Division of Correction. Its charge was to develop a Statewide Community Corrections program, emphasizing alternatives to incarceration as well as appropriate classification and treatment of offenders through community correctional centers, which would cause the maximum utilization of community resources.

As a result of the work of this Task Force, significant legislation was enacted. Chapter 464, Acts of 1972, provided for the establishment of Community Correctional Centers in the State of Maryland. Chapter 234, Acts of 1976, repealed the former sec. 706, Art. 27, which related to these community correctional centers, and enacted the present subsections 706 to 710E under the new subtitle "Community Adult Rehabilitation Centers" (CARC). This Act provides that the Secretary of Public Safety and Correctional Services, with the assistance and advice of the Commissioner, may evaluate and determine the need, if any, for one or more community adult rehabilitation centers in each county or multi-region of the State. The law outlines the procedure for establishing a program for the development and operation of community adult rehabilitation centers; making certain findings; defining terms; providing certain duties of the Secretary of Public Safety and Correctional Services, the Commissioner of Correction, counties and county governments, and the Board of Public Works; providing

for the establishment, location, construction, operation, and funding of county, regional, and State centers; and relating generally to community adult rehabilitation centers. The Task Force began operating centers in March 1974. Effective July 1978 the community adult rehabilitation centers were placed under the correctional camp system as pre-release units.

Chapter 534, Acts of 1980, provided that when the Secretary of Public Safety and Correctional Services establishes a need for a CARC, the State will pay 100 percent of the costs associated with the start-up of the CARC. These costs would be determined by agreement between the Secretary and the jurisdiction where the CARC is to be located. In addition, the law provides that the Secretary, with the assistance and advice of the Commissioner of Correction and the Center's Community Advisory Board, shall develop and adopt minimum standards for the Centers.

On June 1, 1967, the Department established a Reception Center at the Maryland Penitentiary for male inmates. After diagnostic evaluation and classification, the inmate is assigned to one of the institutions of the Division of Correction (Code 1957, Art. 27, secs. 689(g)-690, 691-700(a)).

The Reception Center is located within the Maryland Penitentiary and operates under the same budgetary appropriation. A new Reception Center is presently being constructed near the Penitentiary complex in Baltimore City.

The Maryland Penitentiary, authorized by Resolution No. 32, Acts of 1804, and opened in 1811, was the second institution of its type established in the United States. It is a maximum security institution for the confinement of long-term prisoners committed by Courts in the State. In 1829 buildings containing workshops were constructed, thereby permitting the establishment of industrial activities. In 1845 an educational program was introduced, with the prison's chaplains teaching the inmates. Over the years a great deal of construction and demolition has taken place, with the most recent additions being made in 1956 when the old administration building and one of the original cell houses were razed to provide a site for a sixty-bed general hospital to serve male inmates in the correctional system. A new maximum security section for the confinement of prisoners awaiting execution and a new execution chamber (lethal gas) were also erected in 1956. The last execution in the Maryland Penitentiary took place in June 1961.

Also located within the Penitentiary facility is the Reception Center.

Between 1962 and 1964, it was known as the Maryland Institution for Men. It adopted its present name on June 1, 1964.

On November 22, 1966, the Maryland Correctional Training Center, authorized by Chapter 385, Acts of 1966, was dedicated. This facility is located across the road from the Maryland Correctional Institution—Hagerstown. This facility places emphasis upon educational and vocational training. Those inmates who are less amenable to treatment programs either remain in or are transferred to the Maryland Correctional Institution—Hagerstown.

A Work Release Center has also been established in a separate facility on the institutional grounds. This facility has a rated capacity of fifty beds and houses those inmates on the Work Release Program and several inmates who are part of the institutional cadre. There is also another minimum security unit, with a rated capacity of 128 beds, which opened in 1977.

MARYLAND CORRECTIONAL INSTITUTION FOR WOMEN—JESSUP

Merry Coplin, *Superintendent*

Jessup 20794

Telephone: 799-5550

The Maryland Correctional Institution for Women—Jessup was originally established by Chapter 71, Acts of 1941, as the Women's Prison of the State of Maryland. By Chapter 520, Acts of 1945, it received the name of the Maryland State Reformatory for Women. On July 1, 1962, its name was changed to Maryland Institution for Women. It adopted its present name on July 1, 1964.

Prior to the erection of this institution, female prisoners were lodged in a section of the Maryland House of Correction. Before the opening of the House of Correction in 1879, they had been housed in quarters reserved for them at the Maryland Penitentiary.

Effective July 1, 1967, all persons sentenced by the courts in the State of Maryland are sentenced to the Division of Correction and must be admitted to a Reception-Diagnostic Classification Center for testing, evaluation, and assignment to one

of the State's correctional institutions. In accordance with this new law, the Division of Correction has established a Reception-Diagnostic Classification Center at the Maryland Correctional Institution for Women—Jessup. This Center receives all adult females serving sentences ranging from three months through life imprisonment who have been convicted of felonies and misdemeanors and who are not sent to local jails. Upon the completion of these classification procedures in the Center, female inmates are transferred to the proper Maryland correctional institution to complete their sentences. Both the Reception Center for Women and the Maryland Correctional Institution for Women are located on the same grounds.

The Division of Correction operates seven minimum security pre-release facilities, formerly known as correctional camps, which provide work and other rehabilitative opportunities for men and women transferred to these installations. For the most part, these facilities house inmates who are participating in the Work Release Program. The Central Laundry Pre-Release Unit was established in July 1960 to serve the laundry needs of institutions under the jurisdiction of the Department of Health and Mental Hygiene. Be-

fore assignment to one of the pre-release units, inmates are carefully screened either at the Reception Center or at the institutions to which they are assigned.

These units were originally established as work camps by Chapter 266, Acts of 1955 (Code 1957, Art. 27, sec. 689f), and subsequently were known as "correctional camps." The Sandy Point Correctional Camp was relocated in Jessup and its identification changed from the Sandy Point Correctional Camp to the Maryland Correctional Camp Center by Chapter 385, Acts of 1966. Effective July 1978, the two Pre-Release Units established under the CARC (Community Adult Rehabilitation Centers) legislation (Art. 27, secs. 706-710E)—the Community Corrections Center for Women in Baltimore and the CARC Center on Greenmount Avenue in Baltimore City—were placed under the jurisdiction of the new correctional pre-release system.

On August 16, 1978, the Board of Public Works approved the request of the Department of Public Safety and Correctional Services to rename the units in the correctional camp system "pre-release units." This change was effected divisionwide September 1, 1978. In 1979, the camp known as the Maryland Correctional Camp Center was converted to a medium security facility. This facility, however, continues to be operated by the Maryland Correctional Pre-Release System. For the purpose of identification, this facility is titled the Brockbridge Correctional Facility. The administrative offices of the pre-release system are located in Jessup.

The Division of Parole and Probation was originally created by Chapter 406, Acts of 1939, to administer the parole and probation laws of the State of Maryland. By Chapter 653, Acts of 1953, the Division changed its name to the Department of Parole and Probation. The Division was further reorganized by Chapter 457, Acts of 1968, with the creation of a Division of Parole and Probation separate and apart from the Board of Parole. Heretofore, the Director of the Division of Parole and Probation was also the chairperson of the Board of Parole. The Division adopted its present name by Chapter 401, Acts of 1970. The Division administers the parole and probation laws of the State and became an agency of the Department of Public Safety and Correctional Services on July 1, 1970.

The head of the Division of Parole and Probation is the Director of Parole and Probation. He is appointed by the Secretary of Public Safety and Correctional Services, with the approval of the Governor and the advice and consent of the Senate, and serves an indefinite term at the pleasure of the Secretary.

The Division supervises the conduct of parolees and regularly informs the Parole Commission of their activities. The Division recommends, at its

discretion, that the Commission issue warrants for the retaking of parolees and issues warrants for the retaking of parolees charged with a violation of parole, upon the delegation of this power to the Director. The Division also makes such investigation as may enable the Parole Commission to determine the advisability of granting paroles to persons sentenced under the laws of Maryland.

Presentence or other investigations are completed for all State courts when requested. The Division must, unless the court specifically orders to the contrary, complete a presentence investigation when the sentencing of a defendant convicted of a felony in an Circuit Court or the Supreme Bench of Baltimore City may result in the defendant being remanded to the jurisdiction of the Division of Correction or his referral to the Patuxent Institution. The Division, upon request of the courts, supervises the conduct of persons placed on probation and reports to the courts whether or not the conditions of such probation are being met. The Division also performs other probationary services as requested by the court.

The Division is authorized to conduct investigations and prepare reports when requested by the Governor or his designee concerning persons who make application for pardon or commutation of sentence or for clemency. The Division also performs investigations as required by the Uniform Out-of-State Parolee Supervision Act concerning parolees and probationers from other states now living in Maryland. Finally, the Division makes investigations, reports, and recommendations with respect to applications for review of criminal sentences as directed by the Court of Special Appeals.

The Division makes available the services of its staff to the Circuit Courts for the respective counties, the Supreme Bench of Baltimore City, the District Courts, the Parole Commission, the Governor, and the parole and probation jurisdictions of other states through the Out-of-State Parolee Supervision Act.

During the last three years the Division has shown tremendous growth in its investigation and supervision workload. It is now developing a casework service approach that is geared to the treatment and supervision needs of parolees and probationers in the community. These include an Employment Program to secure adequate jobs for clients; an Alcoholism Rehabilitation and Narcotics Program, which aids those so addicted; the administration of community service work programs as viable alternatives to traditional probation supervision; and administration of a citizen's

volunteer services program. In addition to rendering these and other services, the Parole and Probation agents assist clients in successfully reintegrating themselves into the community through counseling, casework, special programs, and community resources, and place appropriate controls on each client's conduct through effective and efficient supervision practices in order to reduce further criminal activity.

The Division maintains offices in the following areas: Annapolis, Baltimore City, Bel Air, Bladensburg, Cambridge, Camp Springs, Centreville, Chestertown, College Park, Cumberland, Denton, Dundalk, Easton, Ellicott City, Elkton, Frederick, Gaithersburg, Glen Burnie, Hagerstown, La Plata, Leonardtown, Oakland, Prince Frederick, Princess Anne, Rockville, Salisbury, Silver Spring, Snow Hill, Suitland, Towson, Westminster, and Woodlawn.

During the fiscal year ending June 30, 1980, the Division supervised approximately 50,000 parole and probation cases and conducted approximately 21,000 investigations of various types.

Effective January 1, 1979, approximately 80,000 domestic support cases were transferred to the jurisdiction of the Department of Human Resources (Code 1957, Art. 41, secs. 117A-131A).

The Maryland Parole Commission was created by Chapter 540, Acts of 1976, to replace the Board of Parole. The previous board had been established by Chapter 457, Acts of 1968, to replace the Board of Parole and Probation.

The Commission is composed of a chairperson and six commissioners, all of whom are appointed for terms of six years by the Secretary of Public Safety and Correctional Services with the approval of the Governor and with the advice and consent of the Senate. The Secretary of Public Safety

and Correctional Services designates the chairperson of the Commission.

The Commission utilizes hearing examiners to hear certain cases for parole release. The Commission itself has the exclusive power to hear certain serious cases for parole release and has the exclusive power to conduct hearings for revocation of parole. The jurisdiction of the Commission extends to persons sentenced under the laws of this State to any penal or correctional institution, including local jails and detention centers. It has the power to issue warrants for the return to custody of alleged violators of parole and to suspend or revoke parole upon a showing of a violation of the conditions thereof.

Decisions of its hearing examiners, if concurred in by the Commission on summary review, become final. A final decision of the hearing examiner may be appealed to a panel of Commission members for review upon the record. The decision of the appeal panel is final.

The Commission must provide a parole interview for every inmate at no later than one-fourth of the sentence. Such hearings are conducted at every penal and correctional institution not less than monthly, and at jails and other places of penal confinement or detention in the State as often as may be required to provide the hearing mandated at the completion of one-fourth of the total sentence. The Commission is also charged with the duty of evaluating information on the activity of parolees as reported to it by the Division of Parole and Probation. In addition, it causes investigations to be made by the Division of Parole and Probation and holds hearings for the purpose of making recommendations to the Governor for his granting of pardons, commutations of sentences, and parole of persons sentenced to life imprisonment. The Commission is also authorized to negotiate and execute tri-party contracts for the release on parole of an inmate at a predetermined future date, conditioned upon the fulfillment of the conditions specified in the agreement. The signatories to such mutual agreements are the Parole Commission, the Commissioner of Correction, and the inmate (Code 1957, Art. 41, secs. 107-117).

PATUXENT INSTITUTION

Patuxent Institution was first authorized by Chapter 476, Acts of 1951, and was charged with the responsibility for the confinement and treatment, when appropriate, of adult criminal offenders classified as defective delinquents under Article 31B of the Maryland Code. A defective delinquent was defined as "an individual who by the demonstration of persistent aggravated antisocial or criminal behavior, evidences a propensity toward criminal activity, and who is found to have either such intellectual deficiency or emotional unbalance, or both, as to clearly demonstrate an actual danger to society so as to require such confinement and treatment, when appropriate, as may make it reasonably safe for society to terminate the confinement and treatment." It was also charged with the confinement and diagnosis of offenders referred to the Institution by the courts for determination of their condition under that statute. The Institution conducted a thorough psychiatric evaluation of each offender so referred and rendered a formal opinion to the court of jurisdiction. If the Institution recommended against commitment, the court returned the offender to the Division of Correction where he continued to serve his original criminal sentence. If the Institution recommended that the offender be confined at the Institution, the court promptly provided a hearing, sitting as a court or with a jury, and found by a special verdict whether or not the offender was a defective delinquent as defined in Article 31B. Commitment as a defective delinquent under Article 31B was for an indeterminate period subject to the order of the Institutional Board of Review or the courts.

The Institution was formally opened on January 3, 1955, under the administrative control of the Department of Correction. By Chapter 629, Acts of 1961, the Institution became an autonomous agency under the control of the Board of Patuxent Institution. By Chapter 401, Acts of 1970, the Institution became a part of the Department of Public Safety and Correctional Services, retaining its status as an institution separate from the Division of Correction and retaining its Board of Patuxent Institution.

By Chapter 678, Acts of 1977, the General Assembly repealed the original Article 31B entitled Defective Delinquents and enacted a totally

new Article 31B entitled Patuxent Institution. This statute continued the Patuxent Institution as a part of the Department of Public Safety and Correctional Services and established as the purpose of the Institution to "provide efficient and adequate programs and services for the treatment and rehabilitation of eligible persons. This shall include a range of program alternatives indicated by the current state of knowledge to be appropriate and effective for the population being served. As an integral part of the program, an effective research and development effort should be established and maintained to evaluate and recommend improvements on an on-going basis." An "eligible person" was defined as a person who (1) had been convicted of a crime and is serving a sentence of imprisonment with at least three years remaining on it, (2) has an intellectual deficiency or emotional unbalance, (3) is likely to respond favorably to the programs and services provided at Patuxent Institution, and (4) can be better rehabilitated through those programs and services than by other incarceration. Persons may be referred for evaluation by the Commissioner of Correction upon recommendation of the sentencing court, upon application by the State's Attorney of the jurisdiction in which the person was last sentenced, upon application of the person himself, or upon recommendation of his staff. Each person so referred is transferred to the Institution for evaluation by an evaluation team consisting of at least three professional employees of the Institution, including at least one psychiatrist, one psychologist, and one social worker or behavioral scientist. The evaluation team assembles and reviews all available relevant information about the person and conducts its own examination of that individual. Based on its own examination and the information assembled, the team determines whether this individual is an eligible person and states its findings in a report to the Director. If the individual is determined not to be an eligible person, he is returned to the Division of Correction to continue his sentence. If the individual is determined to be an eligible person, he remains at Patuxent Institution for treatment.

The Director is the Chief Administrative Officer of the Institution. There are three Associate Directors, one of whom must be a psychiatrist and one of whom must be a behavioral scientist. These two Associate Directors assist primarily in discharging the diagnostic and treatment functions of the Institution. The third Associate Director assists primarily in discharging the custodial function of the Institution. By statute, the staff must also include at least three additional psychiatrists or clinical psychologists, at least four trained social workers, a physician, and a dentist.

The Institution offers complete medical, psychiatric, psychological, and social casework services. There is a complete program of academic, vocational, recreational, and religious services. Treatment services are also provided for individuals on pre-parole and parole status. All such programs are directly under the administration of the Institution and are supervised by the same staff members who worked with the inmate while he was at the Institution. To provide for continuation of treatment in these programs, the Institution operates a community clinic in Metropolitan Baltimore. In addition to continued psychotherapy, the clinic staff also provides job and family counseling and social casework services for the individual and his family. In conjunction with the clinic, the Institution operates a halfway house at the same location. This residential unit provides housing and supportive services for parolees who have inadequate personal or family resources to support them in the community. Additionally, the Institution houses all pre-parole inmates located on the grounds of the Institution. This forty-bed facility is staffed by a trained social worker and officer-counselors who provide continuous counseling and supervision.

By Chapter 476, Acts of 1951, an Advisory Board for Defective Delinquents was created to serve as an advisory and consultative body to the Director. By Chapter 629, Acts of 1961, the Institution became an autonomous agency and a

new Board of Patuxent Institution was created, in addition to the Advisory Board for Defective Delinquents, to serve as the governing body for the Institution. By Chapter 401, Acts of 1970, the Institution became a part of the Department of Public Safety and Correctional Services, and continued to retain both of these boards. By Chapter 284, Acts of 1975, the Board of Patuxent Institution and the Advisory Board for Defective Delinquents were merged into one single Board, known as the Board of Patuxent Institution. That combined board provided a general consultative and advisory service to the staff of the Institution and the Secretary of Public Safety and Correctional Services on problems and matters relating to its work. With the total repeal and reenactment of Article 31B by Chapter 678, Acts of 1977, the Board of Patuxent Institution was retained to consult with and advise the Director and the Secretary with respect to the operation, programs, services, personnel, and rules and regulations of the Institution. The Board of Patuxent Institution consists of the Administrator of the Mental Hygiene Administration, the Commissioner of Correction, and the Director of Parole and Probation who serve ex officio; a professor of psychiatry at the Medical School of the University of Maryland appointed by the Secretary upon nomination of the president of that university; a professor of psychiatry at the Medical School of The Johns Hopkins University appointed by the Secretary upon nomination of the president of that university; a competent sociologist or criminologist from the faculty of the University of Maryland appointed by the Secretary upon nomination of the president of that university; a competent sociologist or criminologist from the faculty of The Johns Hopkins University appointed by the Secretary upon nomination of the president of that university; a full-time professor of constitutional or criminal law at the Law School of the University of Maryland appointed by the Secretary upon nomination of the dean of that law school; a full-time professor of constitutional or criminal law at the Law School of the University of Baltimore appointed by the Secretary upon nomination of the dean of that law school; two practicing members of the Maryland Bar with at least five years experience in the trial of civil or criminal cases; and six persons from the general public who are eligible for any of the other appointments to the Board, appointed by the Secretary with the approval of the Governor and the advice and consent of the Senate.

The members of the Board, other than the ex officio members, serve a term of four years and are eligible for reappointment (Code 1957, Art. 31B, secs. 1-16).

Institutional Board of Review

Chairperson: Dr. Norma B. Gluckstern, Director, Patuxent Institution

Ralph W. Packard, *Associate Director, Patuxent Institution*; John J. Murry, *Associate Director, Patuxent Institution*; Dr. Michael J. Bisco, *Acting Associate Director, Patuxent Institution*; Olive W. Quinn, Ph.D., *Sociologist*; Minor B. Crager, *Professor of Constitutional Law, University of Baltimore School of Law*; Edward A. Tomlinson, *Professor of Constitutional Law, University of Maryland Law School*.

The Institutional Board of Review was originally created by Chapter 467, Acts of 1951. The Board was continued under Chapter 678, Acts of 1977. The Board is composed of the Director, the three Associate Directors, the Professor of the University of Maryland School of Law, the Professor of the University of Baltimore School of Law, and one of the two members of the Board of Patuxent Institution who are members of the Maryland Bar, and a sociologist appointed by the Board from the faculty of an accredited institution of higher education in Maryland. The Board of Review is charged with reviewing at least once each year the status of each eligible person and his progress under a written treatment plan. The Board of Review makes appropriate written recommendations for the future treatment and status of the person following each review. The Board is authorized to grant leave or parole to eligible persons if it concludes that such leave or parole will not impose an unreasonable risk to society and will assist in the treatment and rehabilitation of the eligible person. The Board may attach reasonable conditions to the leave or parole and may revoke the status if it finds that the person has violated such conditions. If the person has successfully completed three years on parole without violation and the Board of Review concludes he is safe to be permanently released, it may petition the court to suspend the remaining sentence under conditions the court deems appropriate or to vacate the remaining sentence. If in its review the Board concludes that the person is no longer an eligible person but should remain confined until paroled by the Parole Commission, or until the expiration of his sentence, or if the person requests a transfer in writing, the Director notifies the Commissioner of Correction and the person is transferred to the appropriate correctional facility designated by the Commissioner. The person may not apply for readmission to Patuxent Institution within three years of his transfer from the Institution.

The Maryland State Police, originally established by Chapter 303, Acts of 1935, had its functions recodified by Chapter 547, Acts of 1968. The Agency is charged with the enforcement of the motor vehicle and criminal laws of the State, and more specifically to safeguard the lives and safety of all persons within the State, to protect property, and to assist in securing to all persons the equal protection of law. The Agency also has the responsibility to preserve the public peace; to detect and prevent crime; to enforce the laws and ordinances of the State and its local subdivisions; to apprehend and arrest criminals and those who violate or are lawfully accused of violating such laws and ordinances; to preserve order in public places; to maintain the safe and orderly flow of traffic on public streets and highways; to cooperate with and assist law enforcement agencies in carrying out their duties; and to discharge its duties and responsibilities with the dignity and manner that will inspire public confidence and respect.

The Agency has statewide jurisdiction, except in incorporated municipalities. Within such municipalities its jurisdiction is limited to: (1) when in pursuit of an offender or suspected offender; (2) when in search of an offender or suspected offender wanted for a crime committed outside the limits of the municipality, or when interviewing or seeking to interview a witness or supposed witness to such a crime; (3) when requested to act by the chief executive officer of the municipality in question or its chief police officer; (4) when ordered by the Governor to act within the municipality in question; (5) when enforcing the motor vehicle laws of the State; (6) in any building or place when ordered by the president of the Senate and the speaker of the House, or either of them, to guard the safety of the legislative process; (7)

to protect the safety of an elected State official (Code 1957, Art. 88B, secs. 3, 4, 20, and 23).

The State Police also enforce the provisions of the Code relating to controlled dangerous substances (narcotics) throughout the State without any limitation as to activities within municipal corporations or other subdivisions (Code 1957, Art. 27, sec. 298 (g)).

The State Police is directed by the Superintendent, who is appointed by the Governor with the advice and consent of the Senate to serve at the pleasure of the Governor. Chapter 547, Acts of 1968, also provides for the appointment of a Deputy Superintendent, who is designated by the Superintendent with the approval of the Secretary of Public Safety and Correctional Services (Code 1957, Art. 88B, secs. 14 and 16).

The Investigation Division of the State Police has the responsibility to conduct requested criminal investigations that occur anywhere within the State of Maryland. This responsibility includes, but is not limited to, the detection and arrest of criminal offenders, the recovery of lost and stolen property, handling extradition proceedings, and performing other investigations as directed by the Superintendent of the State Police.

The Crime Laboratory Division of the State Police maintains detailed files and records and cooperates with other law enforcement agencies in the exchange of information relating to crimes and criminals. Laboratory services are provided to all allied agencies upon request, and field service technicians are available throughout the State to process crime and disaster scenes using the latest in scientific equipment.

In 1976 the State Legislature created the State Criminal Justice Information System. This system, which is a central repository for the collection, storage, and dissemination of criminal history record information, functions under the operational control of the State Police. The system compiles statistics on criminal activity throughout the State. This compilation of criminal statistics from all law enforcement jurisdictions is published in the form of quarterly crime reports for the entire State. Analysis of the figures indicating trends and other pertinent statistical data is accomplished by this system (Code 1957, Art. 27, secs. 742-755).

The State Police is also charged with the licensing of private detectives and security guards (Code 1957, Art. 56, secs. 75-92) and Maryland railroad police (Ch. 469, Acts of 1979), as well as

with the registration of firearms and the investigation, with the assistance of other police agencies, of those persons desiring to purchase a handgun from a registered firearms dealer (Code 1957, Art. 27, secs. 441-448).

The Agency is charged with the responsibility to investigate all applicants desiring to wear, carry, or transport a handgun. Investigations are conducted by members of the State Police and other police agencies. The Superintendent, after reviewing the report of investigation, has the authority to approve or disapprove the application and either issue, or refuse to issue, an appropriate permit (Code 1957, Art. 27, sec. 36). The Agency also operates a voluntary firearms registration service for those acquiring or owning firearms that are not controlled by other statutes. The Agency investigates and processes those persons desiring to secure a special police commission from the Governor (Code 1957, Art. 41, secs. 60-70).

Legislation in 1965 gave the State Police responsibility for licensing qualified garages and other facilities to make inspections and corrections of equipment and mechanisms and to certify that used motor vehicles, for which titles are sought, meet the equipment standards promulgated by the Motor Vehicle Administration (Code Transportation Article, secs. 13-102, 103).

Reports of motor vehicle accidents investigated by any law enforcement officer in the State must be forwarded to the State Police. The Agency is charged with the responsibility of analyzing and preparing its statistical tables and charts based on these reports.

The Truck Enforcement Division of the State Police, under direct appropriation from the Transportation Trust Fund, enforces the provisions of the Motor Vehicle Code pertaining to size, weight, and load of vehicles (Code Transportation Article, secs. 24-101, 24-112); laws governing registration of aircraft and pilots (Code 1957, Art. 1A, secs. 22-23); and laws governing motor fuel tax (Code 1957, Art. 56, secs. 135-157) and fraud resulting from the sale of motor fuels and lubricants (Code 1957, Art. 27, secs. 231-233).

Chapter 452, Acts of 1968, provided for the administration of the State Aid for Police Protection Fund by the Superintendent of the State Police (Code 1957, Art. 15A, secs. 35-39).

The Aviation Division provides helicopter service throughout Maryland twenty-four hours a

day, seven days a week, to effect the evacuation of seriously injured highway and other victims requiring immediate transport to medical assistance. Other missions include search and rescue, criminal investigation support, traffic control, and support in disasters and civil disturbances.

The Special Tactical Assault Team Element (STATE) and the Hostage Recovery Team (HRT) are comprised of personnel skilled in special tactics to respond to barricade and hostage situations, sniper incidents, rescue operations, and other extraordinary occurrences. STATE's mission is the neutralization of life threatening situations with the least possible risk to the principals and team members. HRT's mission is to assist in negotiations with hostage takers and barricaded individuals in an attempt to persuade them to release their hostages unharmed, to yield their refuge, and to surrender without violence.

The State Police maintains trained K-9 teams throughout the State. The primary purpose of the trooper/K-9 teams is crime prevention and detection. All teams are trained in basic police procedures, and a number have received special training in the detection of explosive substances, narcotics, and firearms. Bloodhounds are also utilized to search for lost and wanted persons.

The State Police maintains radio, teletype, and other forms of communication between its own installations and those of other law enforcement agencies within the State and participates in a national teletype system. The Electronic Services Division maintains communication equipment for State Police and allied State, federal, and local agencies. The Division maintains electronic devices, including VASCAR and RADAR for the State Police, and assists other agencies when equipment is of similar design.

The State Police operates a Police Academy for the training of its personnel. These facilities are available to all other law enforcement agencies throughout the State.

The Executive Protection Division provides security for the Governor, Lieutenant Governor, Attorney General, and Comptroller as required. To protect the safety of the legislative process, personnel are assigned when required.

The Special Services Division is responsible for gathering information pertaining to organized crime, investigating violations of narcotics and dangerous drug laws, as well as gambling, bookmaking, and other crimes of vice.

The State Police Local Division provides police services as a result of a contractual agreement for a trooper(s) between the Superintendent, Maryland State Police, and the governing body of any county and/or Baltimore City. As a result of the entered into agreement(s), the State Police will act and take over all or a portion of a local police force for the county and/or municipality (Code 1957, Art. 88B, sec. 63).

The Department of State Planning was created by Chapter 155, Acts of 1969, and amended by Chapter 596, Acts of 1971; Chapter 695, Acts of 1972; Chapter 291, Acts of 1974; and Chapters 309, 683, and 746, Acts of 1980. The Department is successor to the State Planning Department established by Chapter 543, Acts of 1959, which replaced the Maryland State Planning Commission, established by Chapter 39, Acts of the Special Session of 1933.

The Department of State Planning is the Governor's staff agency on planning matters. Its major functions are first, to plan for State government itself, primarily through the capital program and through assistance to State agencies, and second, to plan for overall State growth and development, conservation and preservation of resources, and coordination of economic, environmental, and social policies and programs.

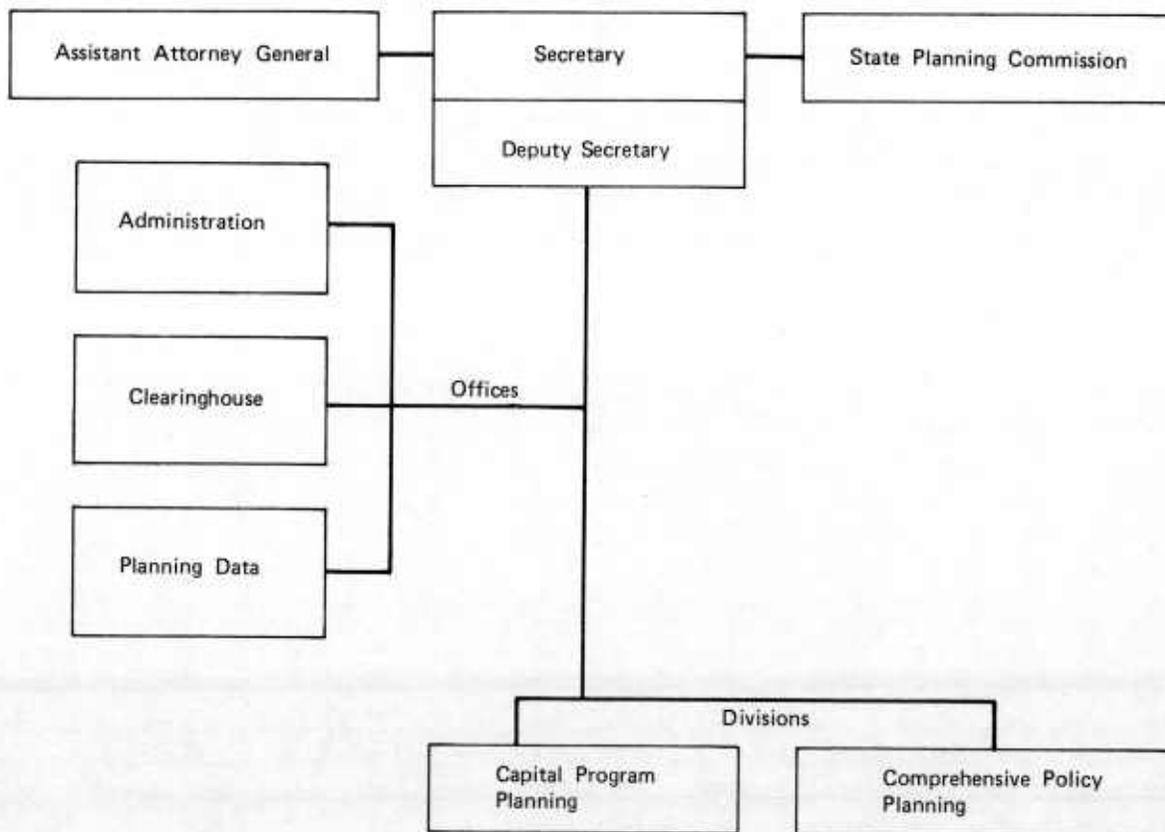

The Office of the Secretary provides direction to the Department and performs other specific duties. Among these duties is participation on many boards, commissions, and committees mandated by the Legislature or by appointment of the Governor. In 1980 two new groups were formed—the State Development Council and the Patuxent River Commission. Created by Executive Order, the Development Council is chaired by the Secretary of State Planning. The Council members include the Secretaries of Economic and Community Development, Health and Mental Hygiene, Agriculture, Natural Resources, and Transportation, and the Lieutenant Governor. The Council is mandated to propose policies guiding the allocation of State physical and economic resources. A Task Force of legislative, local government, and citizen members will review and hold hearings on proposals of the Council.

The Patuxent River Commission was created by Chapter 746, Acts of 1980. The Commission, which is appointed by the Governor, is composed of ten members, one from each of the seven counties within the watershed and three ex officio members from the Department of Health and Mental Hygiene, Natural Resources, and State Planning. The duties of the Commission are to review the operation of the State and local agencies in regard to the Patuxent River; to provide a clearinghouse for watershed information; to review plans and comment on reports relevant to the river; to conduct public hearings; to prepare an annual report; and to assist State Planning in the preparation of the Patuxent River Policy Plan.

Other activities of the Secretary's office are legislative analysis, public communication, and various interagency and intergovernmental coordination functions. Planning workshops and conferences are promoted by this Office.

The major functions of the Department are met through two principal operating divisions—Capital Program Planning and Comprehensive Policy Planning.

Department of State Planning

The Capital Program Planning Division prepares the Governor's Annual Capital Budget (exclusive of most transportation and water and sewer facilities) and develops the Five-Year Capital Improvements Program. This division conducts site visits, holds public hearings, and prepares testimony for the Legislature on all capital projects. It coordinates the purchase of all capital equipment for State agencies. The planning for the construction of the State system of multi-service centers and district courts is also coordinated by this agency. The division provides technical assistance to State agencies in preparing master plans and undertakes studies on the feasibility and need for certain State facilities. The division provides planning support to the Interagency Committee for Public School Construction.

The Comprehensive Policy Planning Division is responsible for completion of the Maryland State Development Plan, including preparation of a composite of county plans and a profile of the State's development. Related functions include intervention in land use proceedings of substantial interest, designating areas of critical State concern, outdoor open space and recreation planning, and preparation of a Patuxent River Policy Plan. The division coordinates plans and programs of local governments and State agencies regarding transportation, water and sewer, and environmental policy. Special policy analysis for energy planning, hazard mitigation, and emergency planning is conducted.

Four regional offices of this division are located in Chestertown, Cumberland, Salisbury, and Waldorf. They maintain liaison with local governments and planning organizations in these regions on matters relating to activities of the Department.

The Department has three support offices: The State Intergovernmental Assistance Clearinghouse, the Office of Planning Data, and the Office of Administration.

The State Intergovernmental Assistance Clearinghouse coordinates the review of applications for Federal grant and loan programs, direct federal development programs, draft environmental impact statements, nominations to the National Register of Historic Places, State Plans requiring gubernatorial review, and certain specified applications for State assistance. It has been designated as the State Central Information Reception Agency and functions as the focal point for dissemination of federal agency notices and announcements of proposed federal actions. The State Clearinghouse is also responsible for recommending the disposition of State excess and federal surplus real property and provides for intergovernmental coordination with the federal Regional Council and other federal agencies.

The State Clearinghouse publishes an Inventory of State-Owned Real Property, a Catalog of State Assistance Programs, a Clearinghouse Procedures and Operating Guide, and quarterly and annual reports of Federal Grant-in-Aid actions.

The Office of Planning Data prepares basic socio-economic data, and operates the automatic land use information system (MAGI), the Department's library, including the State Depository of Plans, and the State Data Center.

The State Data Center is a cooperative effort of the Department, the State Library Resources Center, and the University of Maryland Computer Science Center. The Data Center improves access to and use of statistical resources available from the U.S. Bureau of Census and other sources.

The Office of Administration is responsible for personnel matters, accounting and fiscal management, budgeting, office management, printing, drafting, and graphics.

Ex officio members: Julian L. Lapidés, *State Senate*; John R. Hargreaves, *House of Delegates*.

Membership also includes an ex officio member of the State Senate appointed by the president of the Senate and an ex officio member of the House of Delegates appointed by the speaker.

It may also consider current operations and activities of the Department, the needs of the State for further development, the establishment of regional or metropolitan planning areas, the effectiveness of the Department and its planning activities, and the public awareness and understanding of the objectives and functions of State and local planning. The Commission may establish such subcommittees as may be necessary, and may, with the approval of the Secretary of State Planning, hold private or public hearings and sponsor public forums in any part of the State whenever it deems it necessary or useful in connection with its advisory functions (Code 1957, Art. 88C, secs. 1-11).

The Regional Planning Council was created by Chapter 753, Acts of 1963, as the official successor to the Baltimore Regional Planning Council,

which was terminated in August 1964. The prior agency had operated as part of the State Planning Department since 1956. By Chapter 7, Acts of 1967, the requirements for membership on the Council were changed to provide that a majority of the Council members be elected officials. By Chapter 497, Acts of 1971, the Secretary of State Planning, the Secretary of Transportation, the Secretary of Natural Resources, and the Secretary of Health and Mental Hygiene were made non-voting, *ex officio* members of the Council. By Chapter 699, Acts of 1975, the Council also includes a representative of a municipal corporation within the regional planning area appointed by the Governor on the advice of the chief executives of all the municipalities in the area.

By Executive Order on February 7, 1972, the Governor assigned the Regional Planning Council to the Department of State Planning for certain administrative matters. Basic responsibility for policy, direction, and operations remains with the membership of the Council.

The Council's area of jurisdiction covers all of Baltimore City and Anne Arundel, Baltimore, Carroll, Harford, and Howard counties, and encompasses an area of 2,259 square miles. The 1970 Census showed that this metropolitan area had a population of 2,070,670. The Regional Planning Council is, in effect, a council of local governments with State participation. Its voting membership of twenty-three persons consists of three representatives from each of these six jurisdictions, a member of the State Senate, a member of the House of Delegates, an elected municipal official, and two members-at-large. The last five members are appointed by the Governor. Of the three members from each of the six jurisdictions the following are members: the mayor of the City of Baltimore, the county executives of Baltimore, Anne Arundel, Harford, and Howard counties, the president of the Baltimore City Council, the chairperson of the County Council in Baltimore, Anne Arundel, Harford, and Howard counties, the president and a member of the Board of County Commissioners from Carroll County, and a member of the planning commissions or advisory boards of each of the six jurisdictions. The elected officials representing the six political subdivisions have the right to designate an alternate to act in their absence.

The Regional Planning Council provides an opportunity for its member governmental units to work together with the State in dealing with common problems and planning for the future development of the region.

The Council is required by law to reexamine, revise if necessary, readopt, and republish the General Development Plan for the region every five years, with the next revision scheduled in 1982. Transportation, housing, recreation, water/sewer, solid waste, and environmental planning are all facets of the Regional Planning Council program. The Regional Planning Council's work also encompasses socio-economic analysis and evaluation of regional problems and opportunities. Housing, manpower training, job placement, regional economy, and coordination of statistical data resources are included (Code 1957, Art. 78D).

The Maryland Transportation Authority, created by Chapter 526, Acts of 1970, consists of the Secretary as chairperson and six members who are appointed by the Governor with the advice and consent of the Senate for three-year terms.

As of July 1, 1971, all power, authority, obligations, functions, duties, and discretion previously granted to the State Roads Commission relating to the financing, operation, maintenance, and repair of the Susquehanna River Bridge, the Potomac River Bridge (Governor Harry W. Nice Memorial Bridge), the Chesapeake Bay Bridge (Governor William Preston Lane, Jr., Memorial Bridge), the Baltimore Harbor Tunnel, the Baltimore Harbor Outer Crossing (Francis Scott Key Memorial Bridge), the John F. Kennedy Memorial Highway, and all other State highway toll revenue facilities financed by revenue bonds of the State Roads Commission were transferred to the Maryland Transportation Authority (Code Transportation Article, secs. 4-201 through 4-404).

By Chapter 418, Acts of 1978, the General Assembly established a Department of Transportation Board of Contract Appeals, effective July 1, 1978. The law provided for the appointment of an attorney, who would be designated chairperson and serve on a full-time basis, and two part-time members.

Jurisdiction of the Board extends "... over all disputes, other than labor disputes, arising under a contract with the Department, or as a result of a breach of contract with the Department. . . ." A contractor may appeal a contract dispute to this Board if he is not satisfied with the decision previously rendered by the Administrator of the agency with whom he is under contract.

TOLL FACILITIES ADMINISTRATION

The Administration operates and maintains four toll bridges, the Baltimore Harbor Tunnel (under Baltimore's harbor), and the John F. Kennedy Memorial Highway. These facilities were constructed with the proceeds from the sale of revenue bonds authorized under the Revenue Bond Act of 1937 (Code 1957, Article 89B, secs. 163-181), and by Chapter 1, Acts of the Special Session of 1956 (Code 1957, Article 89B, secs. 141-162A).

Currently, the facilities handle some 63.5 million toll transactions annually and produce revenue of more than \$57,000,000, which is utilized for debt service after deduction of maintenance and operating costs.

The administrative offices and the maintenance bureaus of these facilities are centralized in the Administration Building at the Francis Scott Key Bridge over Baltimore's outer harbor. The Fran-

cis Scott Key Bridge was opened to traffic in March of 1977 and connects Sollers Point in Baltimore County with Hawkins Point in Baltimore City. It also is the final link in the 52-mile Baltimore Beltway (Route 695).

The William Preston Lane, Jr., Memorial Bridge is one of the longest over-water structures in the world. It spans 4.35 miles of the Chesapeake Bay between Sandy Point on the Western Shore to a point near Stevensville on the Eastern Shore. The traffic lanes between the suspension towers are 2,922-1/2 feet in length and 198-1/2 feet above the Bay. The bridge rises to a total height of 354 feet. This span was opened to traffic on July 30, 1952, and is located on two principal motor arteries, U.S. 301 and U.S. 50. At the request of the General Assembly, the State Roads Commission in 1967 renamed the Chesapeake Bay Toll Bridge the William Preston Lane, Jr., Memorial Bridge (Res. No. 21, Acts of 1967).

On October 1, 1968, Bridge and Tunnel Revenue Bonds were issued to provide funds for the cost of constructing a parallel bridge across the Chesapeake Bay, the cost of constructing a crossing of the Patapsco River (Baltimore Outer Harbor) from Hawkins Point to Sparrows Point, and the cost of constructing a connection between U.S. Route 1 and Interstate Route 95 near Elkridge.

On June 28, 1973, the parallel Bay Bridge was opened to traffic. In conjunction with this, the existing toll plaza was widened from six to ten lanes (and has since been expanded to fourteen) and the administration building and maintenance facilities were enlarged.

The Susquehanna River Toll Bridge spans the Susquehanna River from a point near Perryville in Cecil County to a point near Havre de Grace in Harford County. It is 7,613 feet long (1.4 miles) and was opened to traffic on August 28, 1940.

The Governor Harry W. Nice Memorial Bridge across the Potomac River in Charles County was opened to traffic in 1940. It is on U.S. 301 between Maryland and Virginia. Originally named the Potomac River Toll Bridge, the structure was renamed the Governor Harry W. Nice Memorial Bridge in 1967 by the State Roads Commission.

The Baltimore Harbor Tunnel and its seventeen-mile thruway opened to traffic on November 30, 1957. It provides a major north-south bypass of the City of Baltimore.

The John F. Kennedy Memorial Highway (formerly the Northeastern Expressway) was con-

structed with revenue bond proceeds authorized by Chapter 1, Acts of the Special Session of 1956 (Code 1957, Article 89B, secs. 141-162A). This toll road, which is a part of Interstate Route 95, was opened to traffic on November 14, 1963. Its forty-two miles extend from the Delaware State line to White Marsh Boulevard, north of Baltimore. Combined with the New Jersey Turnpike, the Delaware River Bridge, the Delaware Turnpike, and the Baltimore Harbor Tunnel, this highway is an integral segment of the major north-south traffic corridor along the East Coast.

The administrative offices of the John F. Kennedy Memorial Highway are located at the Perryville Plaza Barrier, where tolls for through traffic are collected.

The State's four toll bridges, tunnel, and toll road are financed, constructed, operated, and maintained solely through the tolls charged to users and do not rely on any State or local tax revenues for support (Code Transportation Article, secs. 4-101 through 4-404).

The Railroad Administration was formed in 1978 (Executive Order 01.01.1978.11). Its duties are to preserve and improve present railroad transportation facilities and services in Maryland and to plan for and provide new facilities and services, wherever possible.

The Department's present involvement in the State's railroad transportation system includes: funding of rehabilitation work on freightlines in Western Maryland and on the Eastern Shore; administering operating subsidies for four passenger services, including commuter service to Washington from Brunswick and from Harford and Cecil counties to Baltimore and Washington; responsibility for a \$16 million capital improvement program on the Brunswick-Washington and Baltimore-Washington B&O commuter lines, including purchase of additional equipment and renovation work in state areas; in cooperation with the federal Northeast Rail Corridor program, coordinating plans for improvements to railroad lines and services in the Baltimore region; working closely with other State agencies, local governments, and railroad transportation providers and users to en-

hance the role of railroads in economic and industrial development throughout the State; and monitoring and reviewing proposals for railroad freight service changes or abandonments that would affect local communities and shippers.

By Chapter 526, Acts of 1970, the State Roads Commission became a part of the Department of Transportation, its name was changed to the State Highway Administration, and the title of Director of Highways was changed to State Highway Administrator (Code Transportation Article, secs. 8-101 through 8-812).

The State Roads Commission continues with the authority and function vested in it by Article II, Section 40B, of the Constitution, specifically the acquisition by condemnation proceedings of property needed for highway purposes. Except for this specific power granted by the Maryland Constitution and legislation adopted pursuant thereto, all previous powers and functions were by Chapter 526, Acts of 1970, transferred to the State Highway Administration and the Maryland Transportation Authority.

The State Roads Commission consists of eight members appointed by the Secretary of Transportation with the approval of the Governor for four-year terms. Seven members are referred to as Regional Commissioners. One member is appointed from the Eastern Shore; one from Anne Arundel, Calvert, Charles, or St. Mary's County; one from Allegany, Carroll, Frederick, Garrett, or Washington County; one from Montgomery County; one from Prince George's County; one from Baltimore, Harford, or Howard County; and one from the City of Baltimore. These members serve part time. The chairperson, who is also the State Highway Administrator, is appointed by the Secretary of Transportation with the approval of the Governor and serves at the pleasure of the Secretary. At least two of the regional members must belong to whichever of the two leading political parties in the State is not the party of the Governor (Code Transportation Article, secs. 8-210 through 8-218).

The basic function of the State Highway Administration is to construct and maintain an adequate State highway system. The State Highway Administration also maintains, constructs, and administers the road system of six of the twenty-three counties of the State. These counties are Cecil, Kent, Talbot, Calvert, Charles, and St. Mary's.

The Administration's main offices are located in Baltimore. For operational purposes, however, the State is divided into seven engineering districts.

The Board is appointed by the Administrator, in consultation

with the Secretary of Transportation and subject to the advice and consent of the Senate.

Representative of the different professional and commercial areas and interests with which the Administration is concerned, the Board includes but is not limited to representatives recommended by organized labor, shipping interests, freight forwarders, terminal operators, Baltimore City, Baltimore County, Anne Arundel County, Dorchester County, the Delmarva Advisory Council, the president of the State Senate and the speaker of the House of Delegates, the Greater Baltimore Committee, the Maryland Chamber of Commerce, and a minority group. The Mass Transit Administration was created by Chapter 526, Acts of 1970, as amended by Chapter 253, Acts of 1971, as part of the Maryland Department of Transportation. As the public transit arm of the Department, the Mass Transit Administration operates and maintains the public bus system and proceeds with the development and implementation of the Baltimore Region Rapid Transit System. These operational and developmental activities are conducted within

the Mass Transit Administration's metropolitan service area, which encompasses Anne Arundel County, Baltimore City, and Baltimore County. In addition, the Mass Transit Administration administers a program to provide technical and financial assistance for the development or improvement of public transportation facilities in small urban areas throughout the State of Maryland.

Prior to its incorporation into the Department of Transportation in July of 1971, the Mass Transit Administration functioned as the Metropolitan Transit Authority, which was originally established by Chapter 160, Acts of 1969, succeeding a former Authority created by Chapter 670, Acts of 1961.

The Mass Transit Administration fleet, which numbers over 1,000 buses, travels in excess of 26 million miles a year throughout the metropolitan service area.

The Section A rapid transit system is the first segment of the Baltimore Region Rapid Transit System to be implemented. Section A extends from Reisterstown Road Plaza to Charles Center (Code Transportation Article, secs. 7-101 through 7-706).

MARYLAND PORT ADMINISTRATION

W. G. Halpin, *Port Administrator*

Robert Green, *Deputy Port Administrator*

World Trade Center
Baltimore 21202 Telephone: 383-5717

The Maryland Port Administration was created on July 1, 1971, as a part of the Maryland Department of Transportation, succeeding the Maryland Port Authority, a semiautonomous State agency established by Chapter 2, Acts of the Special Session of 1956. It adopted its present name by Chapter 526, Acts of 1970, which provided for the transfer of the rights, duties, powers, and obligations of the Authority to the Administration. Not included are those powers and duties that were transferred to the Maryland Transportation Authority. By Chapter 280, Acts of the General Assembly of 1979, the operation of the port of Cambridge came under the operational control of the Maryland Port Administration.

The Administration endeavors to promote and increase waterborne commerce in Maryland. To this end the Administration maintains field offices in Pittsburgh, Chicago, New York, Brussels, London, Tokyo, and Hong Kong, as well as in Baltimore.

When the Administration's predecessor agency was created in 1956, the primary objective of the General Assembly was to improve the facilities and strengthen the workings of the private operator. If private facilities were found inadequate, however, or inadequately operated at any time, the Authority was empowered to construct, and if necessary operate, supplementary public facilities (Code Transportation Article, secs. 6-101 through 6-502). This power was transferred to the Administration in 1970.

From 1956 through fiscal year 1980, the Port Administration invested some \$198,000,000 in modernizing and constructing international general cargo facilities in the port of Baltimore and expended another \$2,000,000 in new port facilities at Cambridge and Crisfield on Maryland's Eastern Shore.

The State Aviation Administration was created by Chapter 526, Acts of 1970, as a unit of the Department of Transportation, replacing the State Aviation Commission established by Chapter 318, Acts of 1939. It is responsible for developing and operating airports and for fostering and regulating aeronautical activity within the State. The Administrator is appointed by the Sec-

retary of Transportation with the approval of the Governor and serves at the Secretary's pleasure.

Under Chapter 180, Acts of 1972, the operation of Baltimore-Washington International Airport, the State's major air carrier facility, was assigned to the State Aviation Administration. As authorized by this legislation, Baltimore-Washington International Airport was purchased from Baltimore City by the State of Maryland on July 26, 1972, for \$36,000,000. The same Act abolished the Friendship International Airport Authority, originally created by Chapter 529, Acts of 1970. In 1973 Governor Mandel issued an Executive Order changing the name from Friendship to Baltimore-Washington.

The State Aviation Administration inspects and licenses commercial airports, air schools, and air school instructors for safe operation. It fosters safety in aviation through its publications—the newsletter, *Flight Plan*, a directory of Maryland airports, and a Maryland aeronautical chart—and through educational seminars for pilots and mechanics.

The Administration provides technical and financial assistance to airport sponsors and owners in the preparation of master plans and in improvements to facilities. Standardized runway markings are applied and maintained at airports throughout the State. A Maryland Aviation System Plan has been prepared in cooperation with the Planning and Development staff in the Secretary's Office and other State and local agencies (Code Transportation Article, secs. 5-101 through 5-1105).

The Administration also supervises the operation of the State-owned Glenn L. Martin Airport in Baltimore County.

BOARD OF AIRPORT ZONING APPEALS

Chairperson: Leroy E. Kirby, Jr., 1983

Appointed Members: Edward A. Griffith, 1982; George E. Mills, 1982; Patricia K. Krehnbrink, 1983; Josephine Thanner, 1984; John S. Ward, 1984; *two vacancies.*

P. O. Box 8755
BWI Airport
Baltimore 21240

Telephone: 787-7260

This Board was created to help enforce the BWI Airport Noise Zone Regulations. These regulations establish a "noise zone" around BWI Airport, within which zone new land development is prohibited if it is incompatible with airport noise levels.

The Board of Airport Zoning Appeals, originally created by Chapter 450, Acts of 1968, had its membership altered and reconstituted by Chapter 443, Acts of 1976. The Board now consists of eight members appointed by the Governor with the advice of the Secretary of Transportation and the advice and consent of the Senate.

Three members of the Board must be residents of Anne Arundel County. Three members represent Baltimore County and two, including the chairperson, represent areas in which a State-owned airport is not located. The chairperson of the Board is designated by the Governor. Members serve four-year terms.

The Board is authorized and empowered to hear, decide, and grant specific variances from airport zoning regulations in cases of practical difficulty or unnecessary hardship (Code Transportation Article, sec. 5-506).

MOTOR VEHICLE ADMINISTRATION

William T. S. Bricker, *Administrator*

6601 Ritchie Highway
Glen Burnie 21062

Telephone: 768-7000

The Office of the Commissioner of Motor Vehicles was established by Chapter 207, Acts of 1910. The Legislature changed this title to the Department of Motor Vehicles by Chapter 1007, Acts of 1943. By Chapter 526, Acts of 1970, the Department was placed within the Maryland Department of Transportation and became the Mo-

tor Vehicle Administration (Code Transportation Article, secs. 12-101 through 12-209).

OPERATIONS

Charles F. Pfaff, *Chief Deputy Administrator*

DIVISION OF CONSUMER SERVICES

Nance Stamboni, *Associate Administrator*

This Division is responsible for licensing motor vehicle dealers, manufacturers, wreckers and scrap processors, professional driving schools, and title service agents. The Division also ensures that each school bus is inspected for safety three times a year. With the powers of licensing and investigation, the Division ensures that dealers and others in the automotive business honor their agreements and warranties. Consumer complaints are handled by this Division.

DIVISION OF VEHICLE REGISTRATION

Donald W. Harrison, *Director*

This Division is responsible for titling and registering all passenger and commercial vehicles in Maryland. The Division also collects the five percent excise tax imposed on vehicles titled in the state, the annual registration fees, and issues registration tags.

DIVISION OF DRIVER EXAMINATION AND LICENSING

Lt. Col. John Satterfield, *Director*

The Division of Driver Examination and Licensing is responsible for conducting examinations of all new drivers and renewing motor vehicle operators' licenses.

Examinations include testing of the applicant's visual acuity, knowledge of motor vehicle laws, and the ability to operate a motor vehicle safely.

Maryland licenses are now classified according to the type of vehicle the driver will operate and are designated A, B, C, D, and E. Any class license will authorize the licensee to operate vehicles in that particular class, except E, providing the licensee meets the age requirements of the several classes. The five classes are as follows: Class A—Required to operate tractor-trailers;

Class B—Required to operate trucks over 20,000 pounds gross weight; Class C—Required to operate buses; Class D—Required to operate automobiles, station wagons, and trucks up to 20,000 pounds gross weight; and Class E—Required to operate motorcycles.

Examinations are conducted at the Glen Burnie Headquarters and at the Regional Offices in Baltimore City, Chesapeake City, College Park, Cumberland, Forestville, Easton, Gaithersburg, Hagerstown, Rockville, Salisbury, and Waldorf. In addition, examining and licensing teams conduct driver examinations at fourteen other locations throughout the State. Three mobile van testing units are also used to conduct Class A, B, and C tests at large trucking, bus, or utility facilities, including fire departments and schools. These vans are equipped to enable the examiners to conduct vision screening, written law tests, and to collect and account for the applicable fees.

DIVISION OF FIELD SERVICES

Clifton E. Luber, *Director*

To make the Motor Vehicle Administration's services more accessible to Maryland residents, regional offices, in addition to the Glen Burnie headquarters, are located at: Salisbury, Cumberland, Hagerstown, Rockville, Forestville, College Park, Waldorf, Chesapeake City, Baltimore City, Easton, and Gaithersburg.

These branches offer a full range of services, including vehicle registration, license review hearings, driver rehabilitation clinics, title and driver record information, and tag sales. All offices except Baltimore City also conduct license testing.

SUPPORT SERVICES

Thomas E. Widerman, *Associate Administrator*

DIVISION OF DEPARTMENTAL SERVICES

Richard Streif, *Director*

This Division encompasses a variety of supporting activities necessary to the overall func-

tioning of the Motor Vehicle Administration. It includes the Communications, Print Shop, and the Mail sections.

The Communications Section supplies law enforcement and other authorized agencies with motor vehicle information around-the-clock, seven days a week. Recently installed computerized equipment in this section now furnishes instant records on stolen vehicles nationwide.

DIVISION OF INVESTIGATIVE SERVICES

Melvin Holmes, *Director*

The Division of Investigative Services maintains a staff of investigators who secure the return of operators' licenses and tags from those drivers who have had their privileges revoked or suspended. These investigators also assist in determining whether or not unsafe drivers have been sufficiently rehabilitated. They also assist the Vehicle Registration Division in the regulation of automobile dealers, auto wreckers, and scrap processors in Maryland.

Another important duty is to retrieve automobile tags of uninsured motorists who fail to obtain automobile liability insurance when their policy has been terminated.

DIVISION OF VEHICLE AND DRIVER RECORDS

Leroy A. Hall, *Director*

This Division's activities include the suspension, revocation, and restriction of driving privileges of those individuals not responsive to rehabilitation or who have committed extremely serious violations.

The Central License File and the Case History Files are located within this Division.

SAFETY RESPONSIBILITY

Nance Stamboni, *Associate Administrator*

DIVISION OF ADMINISTRATIVE ADJUDICATION

Joseph Lupinek, *Director*

This Division consists of hearing officers who conduct administrative hearings to determine the

appropriate action that the Administration should take against errant drivers, business firms, and others that are licensed by this Administration and that have violated the laws pertaining to their operation in Maryland.

DIVISION OF FINANCIAL RESPONSIBILITY

Rebecca Cody, *Director*

The prime function of the Financial Responsibility Division is the enforcement of compulsory insurance. Under the compulsory insurance law, all Maryland licensed insurance companies are required to notify the Motor Vehicle Administration of cancellations or terminations of liability insurance policies as well as excluded drivers. This Division is required to maintain an active file with the names of all uninsured motorists required to recertify the statutory minimum motor vehicle liability requirements. Their failure to present the required evidence of insurance results in the suspension of vehicle tags.

In addition to the enforcement of the compulsory insurance law, this Division receives motor vehicle accident reports from motorists involved in accidents that have resulted in personal injury or property damage in excess of \$100 that have not been investigated by police authorities.

DIVISION OF DRIVER CONTROL

Leonard W. Kestler, *Director*

This Division comprises the Driver Review and Reinstatement Section, the Driver Rehabilitation Section, and the Alcohol Safety and Action Program. The Rehabilitation Clinic was established in 1962 to improve the attitudes of problem drivers. It consists of four two-hour sessions held at Glen Burnie or the regional offices.

The Driver Review and Reinstatement Program was established to assist further in rehabilitating unsafe drivers and in identifying persons who demonstrate dangerous attitudes about driving. Based on hearings held for errant drivers, license reviewers recommend administrative action regarding an individual's driving privileges.

The Division is assisted by the Medical Advisory Board, which consists of twenty-five physicians appointed by the Motor Vehicle Administrator to advise him on the medical aspects of driver licensing. Whenever an individual's physical or mental condition may affect his driving ability, the Administrator relies on the Board for professional guidance.

The State Historical Records Advisory Board was appointed in 1976 by the Governor to carry out the national historical records program of the National Historical Publications and Records Commission. The program is a cooperative effort of the Commission, the State Records Coordinators, the Advisory Boards, and institutions and organizations throughout the country concerned with the records of the nation.

Through its national historical records program, the National Historical Publications and Records Commission encourages a greater effort at all levels of government and by private organizations to preserve and make available for use those records, generated in every facet of life, that further an understanding and appreciation of American history. In the public sector, these historical records document significant activities of State, county, municipal, and other units of government. In the private sector, historical records

include manuscripts, personal papers, and family or corporate archives that are maintained by a variety of general repositories as well as materials in special collections relating to particular fields of study, including the arts, business, education, ethnic and minority groups, immigration, labor, politics, the professions, religion, science, urban affairs, and women. In addition to supporting projects relating directly to a body of records, the Commission may also support projects to promote cooperative efforts among institutions and organizations and to improve the knowledge, performance, and professional skills of those who work with historical records.

Records program grants are not intended to replace support from other sources for historical records projects; rather, they are intended to supplement and expand such projects throughout the country.

Further information is available in a pamphlet entitled *Guidelines and Procedures: Applications and Grants* available from the Office of the Coordinator.

The State Historical Records Coordinator is the State Archivist. The Advisory Board contains at least seven members, including the Coordinator who serves as the Chairperson. Members of the Board represent the archival and research institutions and organizations in the State and serve for three-year terms.

The Task Force would be "sunset" upon final adoption of the State procurement regulations.

The new regulations will ultimately appear in the *Code of Maryland Regulations* (COMAR) under a subjective title to be identified as "Title 21—State Procurement Regulations" and will simplify, clarify, and where possible standardize procurement regulations, policies, and practices of the State of Maryland.

Pursuant to the Governor's charge, the Commission undertook an extensive survey to review the experience of other states that had modified the doctrine of sovereign immunity and to evaluate the impact anticipated by various sectors of the Maryland governmental communities in the event the doctrine was abrogated. A report was submitted to the Governor and General Assembly in November 1976.

Appointed members: Edmund G. Beacham, 1983; Dana G. Cable, 1983; Reverend Msgr. Leo J. Coady, 1983; Viola M. Gardner, 1983; Rena Z. Greenblatt, 1983; Betty K. Hamburger, 1983; William E. Henry, 1983; Alexander W. Kramer, 1983; Pauline H. Menes, 1983; Edwin Robertson, 1983; John H. Shope, 1983; Rose Sullivan, 1983.

THE OFFICE ON AGING

Matthew L. Tayback, Sc.D., *State Director on Aging*

Harry F. Walker, *Deputy Director*

James F. Chmelik, *Assistant Director*

Room 1004
301 West Preston Street
Baltimore 21201 Telephone: 383-5064

The Office on Aging was established by Chapter 261, Acts of 1975, as an independent agency to consolidate and coordinate all efforts concerned with the problems of older Marylanders. Its predecessor agency was the State Coordinating Commission on the Problems of the Aging created by Chapter 1, Acts of 1959. The name of this agency was changed to the Commission on the Aging by Chapter 595, Acts of 1971. In 1974, by Executive Order, the Governor established the Governor's Coordinating Office on Problems of the Aging. The creation of the Office on Aging as a cabinet-level agency resulted in the merger of the Commission on the Aging staff with the Governor's Coordinating Office on Problems of the Aging. The Commission on Aging was reassigned as both an advisory and policy-making board to the State Director on Aging.

The State Director on Aging is appointed by and responsible to the Governor. The Director's actions are subject to the advice, counsel, and approval of the Commission on Aging. The Office is divided into two divisions: the Program Division headed by the Deputy Director and the Administration Division headed by the Assistant Director.

In the Program Division are the program officer, the nutrition program officer, the senior aides

program officer, the direct service projects coordinator, special assignments coordinator, and supporting staff. They are responsible for administering the federal Title III and Title V programs under the Older Americans Act. This division also includes the following service and programs: legal services, transportation, and a long-term care unit.

The program unit within this division works on both federal and state planning and evaluation requirements, assists with preparing legislation, and provides assistance for program staff and grantees.

The Administration Division includes fiscal and personnel services, information services, housing services, the legislative advocate, a life care unit, nursing home advocate, and various support staff members. Fiscal services is responsible for the budget, fiscal planning, fiscal grants management, accounting, and office personnel management. Information services handles planned programs of communication as well as voluntary reporting on aging issues, programs, and services within the state. Public education involves working with the elderly and general population in fostering a positive approach towards the aging process. The public information unit works directly with senior citizen groups and on behalf of individuals in handling specific aged-related concerns. The legislative advocate works as a liaison officer with community-based agencies, other state departments, and the General Assembly. Complaints about nursing home practices are received and acted upon by the nursing home advocate in accordance with Chapter 857, Acts of 1975. The housing unit has authority by Chapter 143, Acts of 1976, to develop guidelines and standards for sheltered housing for the elderly, which will serve to govern certification of such housing in Maryland.

The Office on Aging coordinates, assesses, and evaluates all state and local programs and services, both public and private, insofar as they relate and are important to the well-being of the state's aged. The Office on Aging administers programs and activities delegated by the federal government to the state under the provisions of the Older Americans Act of 1965, as amended; provides leadership in bringing about changes in the law beneficial to the elderly; investigates complaints concerning the operations of nursing homes (Chapter 857, Acts of 1975); engages in training activities for, and provides consultative and technical assistance to, local units and agencies conducting programs for the aged; and under Chapter 143, Acts of 1976, develops, certifies, and assists in the operation of sheltered housing

for the elderly. The Office on Aging carries out its responsibilities to meet the problems and needs of older persons by encouraging independent living through legislation and programs that affect income security, housing, transportation, nutrition, employment, and other services. It also minimizes institutionalization for those who are disabled by encouraging community-based services designed to meet their needs, which include day care, community home care, and geriatric evaluation services. Finally, it assures a dignified level of living for the institutionalized elderly through life enrichment activities.

THE COMMISSION ON AGING

The Commission on Aging consists of thirteen members appointed by the Governor. Each member serves a four-year term and may serve a maximum of two consecutive terms. One Commissioner must be a member of the Senate and one a member of the House of Delegates. The remaining eleven members are selected to reflect geographical representation and because of their interest in the problems of the aging. Of the thirteen members, no less than seven must be fifty-five years of age or over (Code 1957, Art. 70B).

STATE DEPARTMENT OF ASSESSMENTS AND TAXATION

Director: Gene L. Burner

301 West Preston Street
Baltimore 21201

Telephone: 383-6377

By Chapter 757, Acts of 1959, the General Assembly created the State Department of Assessments and Taxation. The same legislation also created the Maryland Tax Court, thereby separating the administrative from the quasi-judicial appeal responsibilities of the State Tax Commission, the agency that was replaced by the Department and the Court. The Commission had been established by Chapter 841, Acts of 1914, and had replaced the office of the State Tax Commissioner, created by Chapter 178, Acts of 1878.

The head of the State Department of Assessments and Taxation is the Director, who is appointed by the Governor and who holds office thereafter under the Merit System. The Director is charged with the duty of administering and enforcing the property assessment and property tax laws of Maryland and each county and city thereof, in accordance with the provisions of Article 81. Specifically, this includes the responsibility

to supervise the assessment of all property in the counties and cities to the end that all taxable property is assessed alike for like kinds of property. The Director must establish a continuing method of assessment for both real and business personal property. Personal property, including operating property of railroads and public utilities, is reassessed annually. Real property is reassessed on a three-year cyclic basis in which one-third of all property is reviewed rotationally every year. The review includes a physical inspection of the property. The Department is instructed to participate in any court proceedings where in any assessment or taxation question is involved (Code 1957, Art. 81, sec. 232; Art. 41, sec. 318).

The Director must appoint a Supervisor of Assessments for each of the several counties and Baltimore City from a list of five qualified applicants submitted to the Department by the Mayor of Baltimore City, the County Commissioners, or where a charter form of government exists, by the County Council or the County Executive with the approval of the Council. Each Supervisor serves during good behavior, and may be relieved only after a hearing by the Department for incompetence or other cause.

The Department is designated custodian of domestic charters for Maryland corporations and of qualifications and registrations for foreign corporations. Specified fees are collected and the personality of such corporations is assessed by the Department and the values are certified to the subdivisions for application of local tax rates and eventual collection of taxes.

The cadastral or property location maps are prepared by the Map Division. These maps, which delineate property boundaries, comprise a complete inventory of all land in the State. They are drawn to scale and are integrated into the State Grid System. They show ownership, sizes, references, and depict natural and man-made features. Aside from their public usefulness, they are an invaluable tool in making property assessments. Maps showing the different grades of soils, based upon agricultural capability, are in the process of being drawn for Maryland's agricultural acreage. Additional staff provided in 1979 to assist in the soil capability map program utilized in agricultural assessments boosted production of these maps. In addition to base completion of fourteen counties, unanticipated daily maintenance and revision has been incorporated into the program. Additional overlays have been completed allowing immediate update of owner information for 65 percent of agriculturally-assessed areas.

The Department also provides clerical assistance, as necessary, to several of the local Property Tax Assessment Appeal Boards, although the Boards are separate and independent from the Department.

The Maryland Automobile Insurance Fund (MAIF) was created by Chapter 73, Acts of 1972, to replace the Maryland Automobile Insurance Plan and the Unsatisfied Claim and Judgment Fund (UCJF).

By Chapter 241, Acts of 1976, the Fund is governed by an eleven-member Board of Trustees. The Chairperson of the Board is, ex officio, the Executive Director of the Maryland Automobile Insurance Fund. The Board was created to advise the Executive Director with respect to his exercise of the powers and duties conferred on him by this

subtitle and to formulate policy for the Fund. The Executive Director is the administrative head of MAIF and is its chief executive officer. He is responsible for the exercise of all duties conferred on the Fund, except those reserved to the Board of Trustees. The first Executive Director was appointed by the Governor. Future vacancies occurring in the office of the Executive Director will be filled by the Board of Trustees. The incumbent Executive Director cannot vote on the selection of his successor, and if the Board fails to agree on the successor the Governor shall appoint him.

Five members of the Board are appointed by the Governor with the advice and consent of the Senate and serve at his pleasure. Five members are appointed by the Board of Directors of the Industry Automobile Insurance Association in accordance with Code 1957, Article 48A, sec. 243M (Chapter 241, Acts of 1976).

The MAIF is not part of any department of the State government, but rather is an independent body directly under the Governor. It performs two basic functions: one, to assume the role of the former UCJF and process and pay claims against uninsured motorists; and two, to sell policies of automobile liability insurance to those Maryland residents who have been rejected by at least two private insurers or who have had a policy of automobile liability insurance cancelled or non-renewed for any reason other than non-payment of premiums. With respect to the second function, MAIF acts as any private insurance company and is subject to regulation by the Insurance Commissioner.

Effective July 1, 1979, every owner of a motor vehicle registered in this State must maintain the basic required primary coverage of \$20,000/\$40,000 bodily injury, \$10,000 property damage, and \$2,500 economic loss coverage. The advent of such compulsory insurance should serve to reduce substantially the number of uninsured claims. However, it is not expected that they will disappear completely. There will be hit and run accidents, out-of-state uninsured drivers, and Marylanders who will not comply with the law. For that reason the UCJF function has been retained.

The MAIF receives no general funds from the State of Maryland and its assets are not part of the Treasury of the State. As a result MAIF is not subject to the normal budgetary review procedures. The reasons for this broad exemption were noted in oral testimony before the House Appropriations Committee. The testimony summarized the statutory operational environment that created first, difficulty in estimating what

personnel and other resources would be needed by MAIF in order to operate, and second, the impossibility of accurately estimating what amounts will be needed to pay claims and their allocated operational expenses.

The present assets of the MAIF are derived from four sources: 1. Monies collected from premiums and earnings from investments (Code 1957, Art. 48A, secs. 243-243L). 2. By virtue of Chapter 241 (1976), as amended by Chapter 364 (1978), each insurer authorized to write automobile liability and physical damage insurance in this State may be assessed up to 4% of its net direct written premiums. The MAIF Board of Trustees determines whether or not it will have a cash operating deficit on a projected basis. If so, MAIF certifies this amount to the Industry Automobile Insurance Association (I.A.I.A.), which represents the insurance industry in Maryland. I.A.I.A. collects the certified amount from its member companies and places it in a trust fund maintained within the State of Maryland for the use and benefit of MAIF. MAIF may apply to the trustees for the use of the funds only after it sustains an actual cash operating deficit during any calendar quarter in the year following its projected certified cash operating deficit. These statutes contain a recoupment mechanism whereby the I.A.I.A. member insurers may recoup the assessment from their individual insureds. Assessment monies may be used for the general purposes of the fund; however, premium and investment income may be used only for payment of claims and administrative expenses of the fund arising out of policies issued by the fund. The fund is required to keep separate records of income and expenses directly attributable to the processing and payment of uninsured claims. 3. The Uninsured Division (former UCJF) has the right of recovery (subrogation) against the uninsured motorist for those monies it expends as the result of the uninsured motorist's negligence. 4. Chapter 291, Acts of 1975, as amended by Chapter 499, Acts of 1966, and Chapter 346, Acts of 1978, authorizes the Motor Vehicle Administration to assess a penalty of up to \$100 against those motorists who operate a vehicle in Maryland without insurance. The Motor Vehicle Administration may deduct a fee of ten percent (10%) of the amount collected, and the balance is remitted to MAIF for the use of its Uninsured Division operation.

The Capital Debt Affordability Committee was created in 1978 pursuant to Chapter 43, Acts of 1978. It consists of the Comptroller, the Treasurer, the Secretary of Budget and Fiscal Planning, the Secretary of State Planning, and one person appointed by the Governor. The Treasurer by law is designated chairperson of the Committee.

The Committee reviews the size and condition of the State debt on a continuing basis. On or before August 1 of each year it prepares and submits to the Governor and the General Assembly its estimate of the maximum amount of new general obligation debt that prudently may be authorized for the next ensuing fiscal year. In making this estimate the Committee considers: 1) the amount of general obligation debt that will be issued and outstanding during that next fiscal year; 2) the amount of general obligation debt that will be authorized but unissued during such fiscal year; 3) the capital program plan for the ensuing five fiscal years prepared by the Department of State Planning; 4) projections of school construction and capital improvement needs for the ensuing five fiscal years prepared by the Interagency Committee on School Construction; 5) projec-

tions of debt service requirements for the ensuing ten fiscal years; 6) other factors relevant to the ability of the State to meet its projected debt service requirements for the ensuing five years; 7) criteria established or used by recognized bond rating agencies in judging the quality of State bond issues; 8) other factors relevant to the marketability of State bonds; and 9) the effect of additional debt authorizations on each of the factors enumerated above.

The Committee's estimate is advisory and is not binding upon the Governor, the Board of Public Works, or the General Assembly (Code 1957, Art. 31, sec. 25 et seq.).

Members from the House of Delegates: Catherine I. Riley, Elizabeth S. Smith, W. Henry Thomas

James B. Coulter, *Secretary, Department of Natural Resources*

Citizen member: Jack. F. Witten

The Chesapeake Bay Commission, based on a bi-state agreement between Maryland and Virginia, was created by Chapter 674, Acts of 1980. It resulted from recommendations included in the final report of the Chesapeake Bay Legislative Commission, which indicated the need for improved coordination of Bay-wide management to meet the long-term needs of the people of both Maryland and Virginia.

The Commission consists of fourteen members, seven each from Maryland and Virginia. Five members from each state are members of the state legislature. Of the five Maryland legislature members, two are senators designated by the president of the Senate and three are delegates designated by the speaker of the House. The Governor or his designee serves as a member. Another member who is neither a legislator nor a member of the Executive branch is jointly selected by the president of the Senate and the speaker of the House. Legislative members serve terms coterminous with their current terms of office. Non-legislative members serve at the pleasure of their respective appointing authorities, but such terms cannot exceed four years unless they are reappointed. The chairperson and vice-chairperson are selected annually by the members,

with each position alternating annually between the delegations from the two states.

The Commission is to assist the legislatures of Maryland and Virginia in evaluating and responding to problems of mutual concern relating to the Chesapeake Bay, to encourage cooperative coordinated resource planning and action by the signatories and their agencies, and to provide, where appropriate, through recommendation to the respective legislatures, uniformity of legislative application.

OFFICE FOR CHILDREN AND YOUTH

Director: Howard Bluth

301 W. Preston Street, Suite 1502
Baltimore 21201 Telephone: 383-2290

The Office for Children and Youth was created by Chapter 426, Acts of 1978. The basic purpose of the Office for Children and Youth is to examine programs, services, and plans for children and youth. The accomplishment of these purposes precludes operation of programs and services. Rather, it is to assist operating agencies, local governments, and organizations in carrying out their functions efficiently, economically, and effectively and to assist families and the general public in knowing and obtaining information about programs, services, and plans for children and youth. The Office consists of a Director, twenty-four local Children's Councils, and the State Advisory Committee for Children and Youth. Within the Office is the Governor's Youth Advisory Council, formerly associated with the Governor's Commission on Children and Youth, Department of Human Resources.

The Director for Children and Youth is appointed by and serves at the pleasure of the Governor and is directly responsible to him. Among other duties, the Director examines programs, services, and plans for children from birth through age eighteen to identify duplications and gaps in service delivery, program resources, inefficiencies, and unmet needs. In regard to children's programs and services, the Director secures and analyzes Departmental plans and budget requests, reviews Federal funds used by and available to the State, collates relevant Governor's Budget items, issues impact statements, and makes recommendations to the Governor and appropriate Department heads on planning and expenditures. The Director serves as liaison with Departments and local governments to coordinate services and to make the best use of existing resources to effect an efficient and systematic delivery of services. With representative local Children's Councils and other child advocacy groups, including parents, the Director receives advice on resources, needs, and priorities in different localities. In addition, the Director provides public information on children's services in the State, advises the legislature on the needs of children and their families, and prepares an annual report to the Governor and the public.

The Advisory Committee, appointed by the Governor, consists of the Secretary of Health and Mental Hygiene, the Secretary of Human Resources, and the Superintendent of Education or their designees; one representative from each of the twenty-four local Children's Councils, and twelve appointed members. Of the members initially appointed twelve shall serve for a term of one year, twelve shall serve for a term of two years, and twelve shall serve for a term of three years. After the expiration of the initial terms, members are appointed for a term of three years. The Advisory Committee biennially reviews the operation of the Office to identify issues and priorities, and reports its findings to the Director.

Local Children's Councils exist in each county and in Baltimore City. Each Council is appointed by the chief executive officer of that subdivision and includes representatives of the local departments of health, education, social services and juvenile services, and members appointed at large. One-half of the members initially appointed serve for two-year terms; the remainder serve for three-year terms. After the expiration of the initial terms members are appointed for three-year terms. Within their jurisdictions, the Children's Councils examine programs, services, and plans for children; secure and analyze Departmental plans and budget requests affecting children's programs and services; review the use and availability of Federal funds; identify, document, and communicate the needs, resources, and priorities to the local chief executive and to the Director of the Office for Children and Youth; and provide public information on children's programs and services.

The State Board for Community Colleges was established by Chapter 454, Acts of 1968, to coordinate the community colleges in the State. Until July 1, 1969, the Board served as an advisory board to the State Board of Education with respect to the operation, promotion, and functions of the community colleges. After July 1, 1969, the Board assumed its statutory duties.

The Board consists of eight members. Seven members are appointed by the Governor with the advice and consent of the Senate for six-year terms. One member must be a student member appointed by the Governor upon the recommendation of the Community College Presidents, with the advice and consent of the Senate for a one-year term of office (Chapter 537, Acts of 1973). Members of the Board must be appointed for their interest in civic and public affairs and for their knowledge and perception in educational matters. The Board selects its own officers and employees.

Chapter 454 also provided that local boards of education sponsoring community colleges could request of the Governor that they be divested of authority, which authority would then be vested in separate local boards of community college trustees. Chapter 538 of the Acts of 1976 maintains existing boards of trustees, and authorizes the Governor to establish, upon petition of the respective counties, boards of trustees where no community colleges currently exist, upon approval of the State Board for Higher Education acting upon the recommendation of the State Board for Community Colleges. All local boards of trustees are appointed by the Governor, except in Baltimore City where appointments are made by the Mayor and City Council.

The State Board for Community Colleges establishes general policies for the operation of the State's community colleges. In addition, it conducts studies on the problems of community college education, assists the colleges in providing expert professional advice in all areas of their activities, reviews and advises upon all curriculum proposals for newly established community colleges and for proposed major additions to or modifications of programs in existing community colleges, and recommends, reviews, and advises upon proposals for the establishment of new community colleges. The Board also coordinates relationships among the community colleges to assure the widest possible educational opportunities for the students of the State and the most efficient use of funds; facilitates the transfer of students between the community colleges and the University of Maryland, the State colleges, and

other institutions of higher education; coordinates relationships between the community colleges and the State and local public school systems and the private high schools in order to facilitate cooperation with them in guidance and admission of students to the community colleges; and arranges for the most advantageous use of facilities. The Board establishes and maintains a system of information and accounting of community college activities; provides grants-in-aid for the prompt and adequate planning of new colleges and new programs in existing colleges; administers the State's program of support for the community colleges; assists and represents the community colleges in seeking and administering Federal funds available to them; and assists the State Board for Higher Education in the performance of its duties as they pertain to community colleges and in its preparation of plans and recommendations for the establishment and location of new facilities and programs relating to community colleges.

A total of fifteen community colleges and two regional community colleges have been established. Branch campuses are operated in three counties, administered by a community college in a different political subdivision under contract with the county government in the area served. Catonsville Community College administers a Carroll County branch campus. Charles County Community College administers branch campuses in both St. Mary's and Calvert counties. Including the branch campuses, community college services are available locally in each of the State's political subdivisions, except for Somerset County. During fiscal year 1980, a total of 88,352 students were enrolled in credit programs. An additional 120,000 Maryland residents registered for community college continuing education courses.

The State Board for Community Colleges submits an annual report in January of each year to the Governor and the members of the General Assembly that includes a summary of the Board's major activities for the preceding year together with a financial statement and other statistical data pertaining to the community colleges. The Board also publishes a brochure for distribution throughout the State entitled "Educational Opportunities in Maryland Community Colleges—A Guide for Students and Counselors." This brochure provides prospective college students with information concerning curricula offered at the colleges. A monthly newsletter, the SBCC *Bulletin*, is distributed to the colleges and State officials. Other reports are published as required (Code 1978, Education Article, Title 16).

MARYLAND STATE BOARD OF CONTRACT APPEALS

Not yet appointed.

The Maryland State Board of Contract Appeals was established by Chapter 775, Acts of 1980. The Board consists of three members appointed by the governor with the advice and consent of the Senate for four-year terms. Members of the Appeals Board serve in a quasi-judicial capacity and must have a thorough knowledge of procurement practices and processes. Members serve full-time and receive compensation as provided for in the budget. The chairman is designated by the Governor.

The Appeals Board is empowered to adjudicate all disputes concerning contracts that have been entered into by the State, except those for procurement of architectural and engineering services, including but not limited to those involving performance, breach, modification, or termination of a contract. Decisions of the Appeals Board are subject to judicial review, and any aggrieved party, including a State agency, may appeal a final decision or any part thereof.

The Criminal Justice Information Advisory Board was created by Chapter 239, Acts of 1976. For budgetary and administrative purposes only the Board is within the Department of Public Safety and Correctional Services. The Board consists of a member of the Senate appointed by the President, a member of the House of Delegates appointed by the Speaker, the Executive Director of the Governor's Commission on Law Enforcement and Administration of Justice who serves ex officio, three persons from the Judicial Branch of the State government appointed by the Chief

Judge of the Court of Appeals, the Secretary of Public Safety and Correctional Services, who serves ex officio, two executive officials of police agencies, one executive official from a correctional services agency, two elected county officials, the Attorney General of Maryland who serves ex officio, one elected municipal official, one State's Attorney, and one public member, all appointed by the Governor for three-year terms. The Governor designates the chairperson.

The Board advises the Secretary of the Department of Public Safety and Correctional Services and the Chief Judge of the Court of Appeals on matters pertaining to the development, operation, and maintenance of the Criminal Justice Information System as it relates to the security and privacy of criminal history record information. The Board monitors the System; recommends procedures and methods for the use of criminal history record information for research, evaluation, and statistical analysis of criminal activity; recommends legislation necessary to implement, operate, and maintain the System; and reports annually to the Governor and the General Assembly on the development and operation of the System.

The Secretary of the Department of Public Safety and Correctional Services and the Chief Judge of the Court of Appeals adopt rules and regulations for the establishment, operation, and maintenance of the System. These rules and regulations include those governing the collection, reporting, and dissemination of criminal history record information by the courts and all other criminal justice agencies; those necessary to insure the security of the system and all criminal history record information; those governing the dissemination of criminal history record information consistent with federal law and regulations; those governing procedures for inspecting and challenging criminal history record information; and those governing the auditing of criminal justice agencies to ensure that criminal history record information is accurate and complete and is disseminated in accordance with provisions of the legislation.

The System's central repository is used for the collection, storage, and dissemination of criminal history record information. It is operated by the Maryland State Police.

The Act provides that every criminal justice agency report criminal history record information to the central repository and establish time requirements for reporting various types of information and reporting methods that may be used. The Secretary of the Department of Public Safety

and Correctional Services and the Chief Judge of the Court of Appeals may determine the events to be reported by each criminal justice agency to avoid duplication in reporting.

Regarding the rights of inspection and challenge, a person may inspect criminal history record information maintained by a criminal justice agency concerning him or her. The person may challenge the completeness, contents, accuracy, or dissemination of such information by giving written notice of the challenge to the central repository and the agency where the information was inspected if other than the central repository. The central repository will conduct an audit of that part of the person's criminal history record information necessary to determine the accuracy of the challenge. The central repository will notify the person of the results of its audit within ninety days after receipt of the notice of challenge. If it is determined that the challenge is valid, the central repository will correct its records and notify any criminal justice agency that has custody of the information. If the criminal justice agency has disseminated the information, it will notify the agency or person to whom the information was disseminated.

If the challenge is denied, the central repository will give written notice of the denial to any agency with which a copy of the challenge was filed. A person may not inspect any criminal history record information if the information or any part of it is relevant to a pending criminal proceeding. The Secretary of the Department of Public Safety and Correctional Services and the Court of Appeals adopt appropriate rules and procedures for administrative appeals from decisions by criminal justice agencies denying the right of inspection of or challenges made to criminal history record information. A person aggrieved by a decision of any administrative appeal including the central repository and the criminal justice agency may seek judicial review in accordance with the Administrative Procedure Act and the Maryland Rules.

Some portions of the legislation became effective July 1, 1976. These included the portions dealing with the creation of the Advisory Board; the rule-making authority of the Secretary of the Department of Public Safety and Correctional Services, the Court of Appeals, and the Chief Judge; and the right of individual inspection, challenge, and appeal (when the right of inspection or challenge is denied).

The remaining portions of the legislation became effective December 31, 1977. These included

mandatory reporting requirements of criminal justice agencies to the Central Repository; limits on dissemination; security requirements; and auditing and quality control requirements (Code 1957, Art. 27, secs. 742-755).

A centralized administration of the Maryland public schools was attempted in 1865, but the General Assembly did not establish the State Board of Education until 1870 (Ch. 311, Acts of 1870). The Board, composed of nine members appointed by the Governor for staggered five-year terms, makes policy for the public school system and passes the bylaws and regulations that govern it (Code Education Article, secs. 2-101 through 2-205).

The State Board of Education appoints the State Superintendent of Schools for a four-year term. He directs the State Department of Education and executes the policy and enforces the regulations adopted by the Board (Code Education Article, secs. 2-301 through 2-303). The State Department of Education consists of the State Superintendent of Schools and the professional staff employed by the Board to assist him. The State Committee on the School Bus Formula, created by Chapter 873, Acts of 1977, advises the State Board on reimbursement elements in the school bus reimbursement formula. The organization of the Department is as follows:

DIVISION OF ADMINISTRATION

The Division of Administration is responsible for the development and implementation of MSDE policies, procedures, and systems relative to administrative operations in such areas as Personnel Services, Information Systems, Grants and Contracts Administration, and General Services, as well as the operational activities of pupil transportation and school food services.

DIVISION OF CERTIFICATION AND ACCREDITATION

The Division of Certification and Accreditation is responsible for both regulatory and administrative functions relating to the certification of teachers and the accreditation of nonpublic schools.

The Division issues certificates to teachers in the public, nonpublic, and independent schools and various other institutions of the state. It has the responsibility for the initial certification, renewal, and upgrading of certificates for educational personnel at all levels from kindergarten through grade 12. In addition, the Division interprets certification standards and administers interstate reciprocity in certification of teachers. The Division also provides an advisory and consultative service on school staffing.

The Division evaluates teacher education programs offered by the colleges and universities in the State and provides consultative services for the improvement of such programs.

The Division interprets and implements State statute and State Board of Education bylaws relating to the approval of all levels of nonpublic education from nursery school through secondary school. Certificates of approval are issued to approved schools.

The Division administers the testing program that leads to the attainment of the Maryland High School Diploma. The Division processes applications, arranges for test sites, test administration, scoring, reports of test results, and issuance of diplomas to successful candidates.

DIVISION OF COMPENSATORY, URBAN, AND SUPPLEMENTARY PROGRAMS

The Division of Compensatory, Urban, and Supplementary Programs is responsible for the administration and supervision of federal and State programs concerned with improving the educational development of economically and socially deprived children. The primary function of the Division is to coordinate the State leadership and administrative responsibilities of these programs so as to provide maximum support and supplementary services to the local school systems of the State of Maryland.

The array of federal educational programs necessitates coordination at the State Department level to ensure that these supplementary services may achieve the purposes of the legislation and benefit to the greatest degree the school children of Maryland.

DIVISION OF INSTRUCTION

The Division of Instruction is responsible for the development and recommendation to the

Maryland pays an annual fee of \$25,875 for its State membership assessment.

The same Act also created the Maryland Educational Council, which consists of seven members, of whom two are ex officio members and

three are appointed by the Governor because of their interest in educational matters and who reflect the interests of the State government, higher education, the State educational system, and local education. The State Board for Higher Education was created by Chapter 538, Acts of 1976, to replace the Maryland Council for Higher Education, which originally was created by Chapter 41, Acts of 1963, as the Advisory Council on Higher Education.

The State Board consists of eleven lay members appointed by the Governor with the advice and consent of the Senate. Members serve five-year terms. Members are eligible for reappointment, but no person may serve more than two full terms (Code, Education Article, secs. 12, 17, 24, 25).

The Board is assisted by a Segmental Advisory Committee consisting of nine members appointed by the Governor. Of these nine members, one represents the University of Maryland Board of Regents; one represents the Morgan State University Board of Regents; two represent the Board of Trustees of the State Universities and Colleges; two represent the State Board for Community Colleges; two represent the private colleges and universities in the State; and one represents the postsecondary vocational-technical institutions in Maryland. These members serve two-year terms and they are eligible for reappointment.

The State Board appoints a Commissioner for Higher Education who executes the policies adopted by the Board, directs the Board's staff, and serves as a member of the Governor's Executive Council. The Commissioner serves a four-year term and is eligible for reappointment.

The Board carries forth its broad responsibility for coordinating the overall growth and development of postsecondary education through activities in the following functional areas:

RESEARCH, PLANNING AND EVALUATION

The Board prepared a statewide master plan for postsecondary education in Maryland, which was adopted by the Board on July 6, 1978. The Board is required to update the plan annually. Each year the Board reviews for consistency with the overall plan the short-range and long-range goals and objectives of the State's various postsecondary education institutions and agencies. The Board also coordinates participation by the postsecondary education community in the State's Executive Planning Process. In accord with its broad planning responsibilities, the Board serves as the State Postsecondary Education Commission under Title XII of the Higher Education Act of 1965, as amended.

In support of its planning functions, the Board collects, compiles, analyzes, and disseminates data related to postsecondary education in the State. It develops and implements management tools and information systems to aid policy-makers at the State and institutional levels. In consultation with postsecondary education agencies and institutions, the Board conducts studies of educational needs in the State and the resources available to meet them. In order to encourage the effective and equitable use of resources for postsecondary education, the Board sets guidelines for tuition and fees and for faculty and administrative salaries. The Board also makes recommendations for improving the coordination and operation of student financial aid programs in the State, as well as recommendations about how State and federal programs of support for higher education can be meshed for maximum benefit to the citizenry.

FINANCE, FACILITIES AND PROGRAMS

In consultation with the Department of Budget and Fiscal Planning, the Board annually reviews and makes recommendations upon operating budget requests from the University of Maryland, Morgan State University, the Board of Trustees of the State Universities and Colleges, St. Mary's College, the State Board for Community Colleges, the State Scholarship Board, and the Higher Education Loan Corporation. On the basis of this review, a consolidated operating budget for higher education is developed for presentation to the Governor. In consultation with the Department of State Planning, the Board also reviews proposals for capital projects requested by public and private institutions of higher education. This capital budget review function is facilitated by the Board's facilities inventorying efforts as well as

by its other activities in the area of space planning utilization. The Board also administers the State's program of aid to private institutions of higher education.

The Board must approve all proposals for new programs and for major changes in existing programs in the State's public postsecondary institutions. It also reviews and makes recommendations about the continuation, modification, or duplication of programs currently in operation in public institutions and about programs offered by private institutions that receive State funds. In relationship to its program review and approval functions, the Board is charged with making recommendations to the Governor and the General Assembly about any name or governance change requested for a public institution of higher education.

In order to obtain maximum benefit from available educational resources, the Board encourages the development of cooperative programs among the State's public institutions. Policies for the transfer of students and the reciprocal acceptance of credits are also developed. In cooperation with the Southern Regional Education Board and with individual states, the Board pursues interstate approaches to meeting educational needs.

The Board engages in efforts aimed at improving cooperation between the federal government and policy-makers at the State and institutional levels. It also serves as the administrative agency in the State for programs under Title I of the Higher Education Act of 1965, and Title IV, the Education Information Center Program. Title I provides higher education institutions in the State with opportunities for discretionary funding in the areas of community service and continuing education.

INSTITUTIONAL APPROVAL TO OPERATE

The State Board is responsible for granting approval to operate to all public and private institutions of postsecondary education operating in the State. This approval is awarded based on an institution's ability to meet standards developed by the Board. These standards prescribe the minimum requirements for the issuance of certificates, diplomas, and degrees. The Board must review and approve educational programs that enroll veterans and war orphans in order for these students to become eligible for federal financial benefits under Title 38 of the U.S. Code. The Board also engages in a variety of other activities aimed

at enhancing the quality of postsecondary education in Maryland.

EQUAL EDUCATIONAL OPPORTUNITY

The State Board for Higher Education is responsible for coordinating and monitoring the implementation of the *Maryland Plan for Completing the Desegregation of the Public Postsecondary Education Institutions in the States*. As part of its efforts to carry out this broad responsibility, the Board collects, compiles, analyzes, and disseminates data related to desegregation in the State. The results of these efforts are published each year in the form of an *Annual Desegregation Status Report*, which consists primarily of data collected by institutions and segment boards, and a *Midyear Desegregation Status Report*, which provides a narrative evaluation of desegregation activities throughout the State.

Through the use of Desegregation Impact Statements, the Board reviews all new degree programs and facilities for their potential effect on the State's desegregation efforts. The Board also conducts studies on specific areas of concern, such as the retention and progression of students by race and the impact of academic program offerings on the racial composition of student enrollments.

The Board administers a variety of programs designed to enhance desegregation efforts. These include: the Other Race Grants Program for Graduate and Professional School Students, the Minority/Other Race Internship Program, and the Central Placement Bureau.

SPECIAL PROGRAMS AND COMMUNITY SERVICE

The Board maintains public awareness of activities in postsecondary education through the publication of a newsletter entitled *Record*; through news releases to newspapers and to radio and television stations; and through the publication of numerous documents, including its *Admissions and Financial Aid Information* manual and *Directory of Public and Private Postsecondary Institutions*. In order to benefit from the advice of students, faculty, and other groups in the State's postsecondary education community, the Board appoints advisory committees composed of faculty, students, and citizens to develop recommendations on specific areas of concern.

This agency was created pursuant to Education Title 4-121 of the Annotated Code of Maryland (1978) and by the approval of the Attorney General of Maryland of a joint agreement of the eight member institutions. The overall purpose of RESA is to raise the educational level of all people in Appalachian Maryland (Allegany, Garrett, and Washington counties) to better enable them to develop socially, culturally, and economically.

The Agency began in 1967 as the Educational Subcommittee of the Appalachian Regional Commission. It became a formal organization with an office and staff in 1970 and became a separate administrative entity of government in 1973, according to Maryland Code.

The chief executives of the signatory members to the Joint Agreement comprise the voting membership of the Board of Directors. The Board is the governing body for establishing policies for programs, operations, and fiscal affairs. Stated meetings of the Board are the fourth Thursdays of February, April, June, and October.

An advisory council of professionals representing educational institutions, regional organizations, and State agencies concerned with human development in Appalachian Maryland meets on the fourth Thursdays of January, March, May, July, September, and November. This is a forum for discussing human development issues and for providing advice on programs to the Board of Directors. The Council annually elects a chairperson who also serves as chairperson to the Board of Directors.

RESA is organized and is operated to foster cooperation among all educational institutions and organizations concerned with the needs of the people in the region; to establish goals, policies, and procedures for regional education projects; to plan, coordinate, and conduct regional educational projects; to promote the improvement of educational, scientific, and literary facilities and programs at and among participating institutions; and to organize and support an operational office to be governed by a Board of Directors responsible to public authorities.

One of the responsibilities of this Agency is to recommend to the Governor, as a member of the Appalachian Regional Commission, those plans, programs, and activities directed toward education's role in the development of the region according to the Appalachian Regional Development Act. These recommendations are the basis for funding operational and construction programs for education by the Appalachian Regional Commission through the Maryland State Department of Education.

The Agency provides a basic staff to assist member institutions in identifying needs that might be met through regional programs or services. Based on Board policy the staff provides direct support and leadership for interagency/institutional liaison, project development and implementation, and project review and evaluation. In addition, the Agency is an affiliate of and provides support to the Appalachian Community Service Network (ACSN), an adjunct agency of the Appalachian Regional Commission.

The operations of the Agency are primarily funded through budget allocations of the signatory members. Supplemental funding for operations and programs come from federal and State sources, which include the Appalachian Regional Development Act.

Maryland Wholesale Produce Market
7460 Conowingo Avenue
Jessup 20794

Telephone: 799-3880

The Maryland Food Center Authority, originally created as the Greater Baltimore Consolidated Wholesale Food Market Authority by Chapter 145, Acts of 1967, is to establish, operate, and maintain a consolidated food center within the Greater Baltimore Region. By Chapter 475, Acts of 1972, the Authority assumed the liabilities and interim operation of the Baltimore Wholesale Produce Market administered by the former New Marsh Wholesale Produce Market Authority. On January 15, 1976, the Baltimore Wholesale Produce Market facility reverted by deed to the City of Baltimore to be used for purposes other than as a produce market.

The Authority consists of the Comptroller of the Treasury, the Secretary of the Department of General Services, the Secretary of the Department of Agriculture, and the Director of Extension Services of the University of Maryland who serve ex officio and eight members appointed for five-year terms by the Governor with the advice and consent of the Senate. One or more terms expire each year and any member may be reappointed. One member must be a resident of Howard County. The Authority selects its own officers and staff.

Chapter 729, Acts of 1975, revised the composition of the Advisory Council to consist of eleven members, with five members appointed by the Maryland Agricultural Commission and five appointed by produce merchants who are tenants in the Maryland Wholesale Produce Market. The Executive Director of the Authority serves as the non-voting, ex officio chairperson of the Advisory Council.

The Authority is developing a 398-acre site at the intersection of U.S. Route 1 and Maryland Route 175 in Howard County near Jessup for the establishment of the Maryland Food Center Authority. Having a majority of all of the different types of food operations in one location will enable the Center to provide better quality food products to Maryland consumers more efficiently and at less cost. As of June 30, 1980, approximately 1,840,000 square feet of food warehousing space has been completed or is under construction within the Food Center at an estimated cost of \$59 million. Furthermore, the Authority has signed commitments for construction of an additional 288,000 square feet of food warehousing space. Of 330 saleable acres, approximately 182 acres had been sold or leased as of June 30, 1980. It is estimated that by the completion of the project approximately \$100 million will have been invested in food distribution facilities.

Senate Bill 777, enacted by the 1979 General Assembly, gives the Authority the explicit right to construct a Fisherman's Wharf type development in Baltimore's Inner Harbor area. The Fisherman's Wharf project will be developed in conjunction with the City of Baltimore and will have as its focal point a new wholesale seafood market. Agreements to lease and deposits of \$1,000 per unit have been obtained for each of the forty-four units to be constructed. Senate Bill 777 also increased the Authority's Revenue Bond authorization from \$6 million to \$25 million and changed the name of the Authority to the Maryland Food Center Authority.

Of the \$25 million Revenue Bond authorization, \$4 had been privately sold as of June 30, 1980. The Equitable Trust Company purchased \$3 million, which was used to partially finance construction of the existing Produce Market and the Maryland Wholesale Produce Market Expansion. The revenue bonds sold are structured in such a manner as not to be a direct encumbrance on Authority revenues.

During Fiscal Year 1981 the Authority will begin grading operations in the Phase III area of the project, which is the only remaining undeveloped portion. In January 1976 the Maryland Wholesale Produce Market began operations. This facility is fully leased and has twenty-four produce merchant tenants who were formerly in the Baltimore metropolitan area. A twenty-nine unit expansion area is scheduled for completion during Fiscal Year 1981, which will add 95,000 square feet of useable food wholesaling space to the facility and bring the total area for the market to 333,300 square feet. All of the new

units have been pre-leased to twelve companies prior to beginning construction, ensuring 100 percent occupancy when the expansion area begins operation. The success of the Maryland Wholesale Produce Market, combined with previous separate land sales to Giant Food Inc., Distribution Centers, Inc., Smelkinson Brothers Corporation, American Foodservices, Albright Wholesale Company, Equitable Trust Company, Truckers Inn, McDonald's Corporation, Keebler Company, and Bob's Transport and Storage Co., Inc., assures the operational and financial success of the Maryland Food Center Authority (Code 1957, Art. 41, secs. 410, 412, 413, 416).

The Governor's Salary Commission was created by Constitutional Amendment (Chapter 543, Acts of 1976) and ratified at the general election of November 1976. The seven-member Commission consists of the State Treasurer and three appointments made by the president of the Senate and three by the speaker of the House of Delegates. All members serve four-year terms. The Commission selects its own chairperson.

The Commission recommends to the General Assembly the salaries of the Governor and the Lieutenant Governor. This is presented in the form of a joint resolution and must be done no later than the fifteenth day of the regular session in 1978 and every fourth year thereafter. The General Assembly may adopt or reduce the Commission's recommendations, but may not increase the salaries proposed. Failure to adopt a joint resolution within fifty calendar days following its introduction results in adoption of the salaries recommended by the Commission. Salaries recommended by the Commission and endorsed by the Legislature go into effect at the beginning of the next term of the Governor. A failure of the Commission to provide salary recommendations to the Legislature results in no salary changes (Const. 1867, Art. II, secs. 1A, 21 and 21A).

The Office for the Coordination of Services to the Handicapped was created in 1977 pursuant to Chapter 946, Acts of 1977. The Director is appointed by and serves at the pleasure of the Governor.

The Office for the Coordination of Services to the Handicapped identifies, analyzes, and evaluates all programs and services for handicapped citizens in the State; systematically collects information to identify needs and gaps in services and programs; coordinates and supports public and private agencies, departments, and organizations that provide services and programs to the handicapped; and provides an information and referral service for such services and programs. It identifies barriers to the delivery of adequate services and recommends corrective procedures; and identifies and recommends to the State and local agencies sources of State and federal funds available for expanding services and programs. In addition, it submits an annual report to the Governor, which sets forth the status of services and programs for the handicapped with recommendations for the improvement of service delivery; meets with and provides technical assistance to the State Advisory Council on at least a quarterly basis; and promotes and encourages the development of local or regional offices to coordinate services to the handicapped.

The State Advisory Council for the Coordination of Services to the Handicapped consists of nineteen members appointed by the Governor. The Council includes two members from the State Department of Education, one of whom is from the Division of Vocational Rehabilitation, the other from the Division of Special Education; one member from the Department of Health and Mental Hygiene, selected from a pertinent area agency such as Juvenile Services, Mental Health, Mental Retardation, Medical Care Programs, or Drug Abuse Administrations; one member each from the Department of Human Resources, Department of Budget and Fiscal Planning, Department of Transportation, and Human Relations

Commission; a representative of local a government; and one member each from the Senate and House of Delegates. The Council also includes nine public members, of whom five are handicapped individuals and four represent the legal profession, the public relations field, private agencies, and an organization for parents of handicapped children. After the expiration of initial terms of service, succeeding appointments are for three-year terms. A member may not serve for more than six years.

The State Advisory Council assists the Office for the Coordination of Services to the Handicapped in the implementation and performance of its responsibilities; reviews statewide activities for the handicapped; fosters coordination and support for programs for the handicapped; receives and reviews reports and publications of existing committees and commissions; studies ways of increasing the use of facilities and services available to the handicapped; and conducts open meetings to provide direct communication by the handicapped with private and public organizations and the general public in order to solicit statements regarding the status of programs, services, needs, desires, and opinions.

Authorizing legislation for the agency was extended to June 30, 1984, by Chapter 308, Acts of 1980.

Established by Chapter 528, Acts of 1980, this Board is an independent seven-member group appointed by the Governor. One member is nominated by the Maryland Association of Counties, one by the Maryland Municipal League, and one by the Chamber of Commerce. Of the remaining four members, two must be from the scientific community, one of whom is a geologist, and two must be members of the general public, one of whom has a demonstrated record of involvement

in environmental matters. The Board represents the various geographical regions of the State. No two members may be from the same county. The Maryland Environmental Service is staff agency for the Board.

The Board is authorized to issue a Certificate of Public Necessity, which exempts a particular site and the design, construction, and operation of the facilities on the site from the need for approval by any political subdivision. The subdivision in which a site is located has the right of inspection and the right to property taxes or payment in lieu of taxes.

The Department of Health and Mental Hygiene retains full authority for the final approval or disapproval of a facility through the permit process. A Certificate is not required if approval of the political subdivision can be obtained and other requirements are met. A Certificate is obtained by application to the Board.

The Act requires the Board to consider, though not be limited to, two principal areas of concern in issuing a certificate: first, the suitability of the site with respect to community, environmental, and economic impact; and second, statewide needs for hazardous waste disposal and the ability of the proposed facility to contribute to a solution of the problem.

The purpose clause of the Act also itemizes other factors that must be given due consideration. These include: public health and safety; the natural environment; geology and water supply; cost; State revenues and employment; source reduction, resource recovery, incineration, and expeditious disposal; safeguards once a facility is closed; equitable geographic distribution; and local land use preferences.

The Health Claims Arbitration Office was created by Chapter 235, Acts of 1976, as a unit within the Executive Department. It is headed by a Director appointed by the Governor with the advice and consent of the Senate. The Director is responsible for preparing three lists of qualified persons willing to serve as arbitrators of health care malpractice claims, one list consisting of attorneys, one of health care providers, and one of persons from the general public who are neither attorneys, health care providers, nor in the employ of insurance interests.

Any person asserting a claim against a health care provider, for damages in excess of \$5,000 and due to medical injury, must file the claim with this office. The Director is responsible for notifying all affected parties and for supplying a list of qualified arbitrators, five from each of the three categorical lists, from each of which one mutually agreed upon arbitrator is chosen to sit

on the three-person arbitration panel. That panel then must determine the issue of liability with respect to the claim and, if it determines that a health care provider is liable, it must consider and assess appropriate damages. The decision of the arbitration panel is final, unless rejected by any party, in which case the rejecting party must file an appeal action at the circuit court level to reverse or modify the award.

The Commission was established by Chapter 559, Acts of 1927, which added a new Article 49-1 (now 49B) to the Annotated Code of Maryland. By the statute a permanent "Interracial Commission" was established to consider matters concerning the "welfare of colored people residing in the State . . . , recommend legislation and sponsor movements looking to the welfare of said people, and to the improvement of interracial relations, and to cooperate with other State agencies to these ends." Subsequent amendments to Article 49B over the years changed the name of the Commission and expanded its authority and responsibilities.

The current Commission consists of nine members appointed by the Governor with the advice and consent of the Senate for staggered six-year terms. The Commission designates one of its members as Chairperson. In the appointment of Commission members, consideration is given to

representation from all areas of the State. A staff, currently consisting of 70 authorized positions, is employed to perform a variety of Commission activities.

The Commission formulates general policy and direction, acts upon programs and administrative proposals, conducts public meetings, and promotes Commission community presence and assistance. It is authorized to eliminate discrimination based on race, color, national origin, religion, sex, marital status, physical handicap, mental handicap, or age. The Commission is empowered to administer and enforce the Maryland Public Accommodations Law, Discrimination in Housing Law, and the Fair Employment Practices Law. By Chapter 153, Acts of 1969, the Commission was empowered to initiate complaints and investigate complaints of discrimination in State agencies. Through its staff, the Commission receives, investigates, and conciliates complaints that allege violation of these laws. The Commission has the power to conduct public hearings, administer oaths, issue subpoenas, and to compel the attendance or the testimony of witnesses, the production of books, papers, records, and documents relevant or necessary for proceeding under these laws, and to dismiss complaints where evidence shows an absence of discriminatory acts or to issue a cease and desist order if evidence shows that a respondent has engaged in a discriminatory act.

The Commission has the authority and power to make such surveys and studies concerning human relations, conditions, and problems as it may determine, and to promote in every way possible the betterment of human relations. The Commission is further directed to promote in every way possible the betterment of interracial relations, submit legislative and administrative recommendations to the Governor in the field of human relations, and to oversee compliance with the Code of Fair Practices as promulgated by the Governor.

The 1974 General Assembly made major amendments to the law. Discrimination in housing on the basis of marital status and sex was prohibited, and exceptions were provided with respect to the application of certain provisions in the Discrimination in Housing subtitle (Chapter 848). A second bill provided that it is unlawful for persons and organizations to discriminate in certain employment practices against persons who are mentally or physically handicapped, to prohibit certain discriminatory activities against the physically or mentally handicapped in housing or obtaining loans on dwellings, and to make technical corrections to the language (Chapter 601). A parallel bill prohibited discriminatory activities in

public accommodations, employment, and housing because of marital status or physical or mental handicaps relating generally to discrimination based on marital status or physical or mental handicaps and clarifying the language (Chapter 875).

By Chapter 419, Acts of 1975, the Commission may seek certain types of court relief; namely, a temporary injunction if the Commission believes that appropriate civil action is necessary to preserve the status of the parties or to prevent irreparable harm. Chapter 333, Acts of 1975, provides that it is not an unlawful employment practice for an employer to establish standards concerning an employee's dress and grooming if the standards are directly related to the nature of the employment.

By Chapters 937, 907, and 706, Acts of 1977, a number of important changes in the law were mandated. By Chapter 937, Acts of 1977, the legislature reduced the size of the Commission from 12 members to 9, empowered the Commission to designate its own Chairperson, and abolished the previous \$16,000 salary for the Chairperson. The new legislation continues the appointment of the Executive Director by the Governor, but provides that he must choose from a list of five names submitted by the Commission and also provides for the Executive Director's removal by the Governor upon recommendation of two thirds of the members of the Commission. The power of appointment and removal of the Deputy Director and the General Counsel has been transferred from the Governor to the Executive Director with approval by the majority of the Commission members. The law also authorizes the appointment of hearing examiners to hear cases under the Human Relations law, and provides for an appeal from the decisions of the hearing examiner to the Commission. Finally, the new legislation expands the Commission's power to order appropriate relief for victims of discrimination by empowering the Commission to award monetary relief, limited to two years back pay, to victims of employment discrimination.

In addition to these changes in MCHR's structure, procedures, and authority, by Chapter 907, Acts of 1977, employers are required to treat disabilities caused or contributed to by pregnancy or childbirth in the same manner as they treat other disabilities; and Chapter 505, Acts of 1980, makes it unlawful to aid and abet or obstruct the Commission from enforcing the provision of the Act.

By Chapter 684, Acts of 1978, the Commission was given jurisdiction over sex and age discrimination in public accommodations. Chapter 629,

Acts of 1978, made it an unlawful housing practice to refuse to consider both incomes of husband and wife who seek to buy or lease a dwelling; to refuse to consider alimony or child support as a valid source of income; and to request information about birth control devices in evaluating any prospective buyer or lessee of a dwelling.

Efforts in Fair Employment Practices are supplemented by a deferral relationship and funding as provided by the Equal Employment Opportunity Commission. An annual report is submitted to the Governor and the General Assembly as required by Article 49B.

The Governor originally appointed this Commission in 1967 to replace the Commission on Crime and Delinquency. The Commission's functions were revised by Executive Orders in 1969, 1971, and 1975. The present Commission was reconstituted by Executive Order in 1978. Commission membership is representative of all segments of the criminal and juvenile justice systems and one-third of the group is comprised of private citizens-at-large.

The Governor's charge to the Commission requires it to assume broad responsibility in crime control policy coordination and problem resolution. Among the specific gubernatorially-mandated areas of Commission involvement are: the dangerous mentally ill offender; overcrowding in prisons and local jails; juvenile delinquency prevention and improving the administration of juvenile justice; improving the services provided to victims of crime and witnesses in State cases; and providing information to better coordinate State and local funding mechanisms for law enforcement and criminal justice agencies.

The Commission is also the State agency responsible for law enforcement, criminal justice, and crime prevention planning in Maryland. In this capacity the Commission administers the Federal Crime Control Acts and the Juvenile Justice and Delinquency Prevention Acts. The Commission is responsible for developing the State's Comprehensive Law Enforcement and Criminal Justice Plan and for making grants to local governments and State agencies for programs consistent with that Plan.

A staff headed by an executive director and composed of well-qualified professionals in the fields of law enforcement, courts, corrections, juvenile delinquency prevention and control, data systems, financial administration, auditing, and publications provides support to the Commissioners. The staff develops Comprehensive Plan proposals for the Commission's consideration, provides technical assistance to units of local government and other State agencies, administers all grant programs, evaluates all projects funded by the Governor's Commission, and assists in the preparation of such special reports as the Governor, Legislature, and the Commission may from time to time request.

The General Assembly created the State Lottery Agency by Chapter 365, Acts of 1972 (Article 88D of the Annotated Code of Maryland) for the purpose of generating revenue to help support the operation of the State. The establishment of the Agency was contingent upon the adoption of an amendment to Article III, Section 36, of the Constitution of Maryland. The amendment was ratified by referendum on November 7, 1972, and accordingly the Agency commenced operation on January 2, 1973, under the guidance of a Commission and the immediate supervision of a Director.

The Commission consists of five members, all of whom are appointed by the Governor with the advice and consent of the Senate of Maryland for specified terms. The Commission members annually elect one member as Chairperson of the Commission.

The Agency is under the immediate supervision and direction of a Director appointed by the Governor with the advice and consent of the Senate. The Director is aided by three Deputy Directors who are appointed by him.

The Agency conducts a statewide lottery operation from its Baltimore headquarters consisting of weekly and daily games. For the weekly game a distribution and collection system is maintained with the cooperation of commercial banks in various areas of the State for the purpose of distributing weekly lottery tickets, retrieving unsold weekly tickets, and collecting weekly lottery revenues due. The actual lottery ticket sales outlets consist of retail establishments such as drug stores, food stores, and liquor stores. Weekly televised drawings are held and prizes are claimed through any of the Claim Centers located in selected existing commercial establishments and public facilities throughout the State. Pot-of-Gold drawings are held periodically.

In July 1976, the Agency began a legal pick-your-own three-digit daily lottery called "The Numbers Game", which is patterned after the illegal street game. Retail establishments offer dai-

ly lottery tickets for sale through a terminal connected to a computerized on-line real-time system. Drawings in "The Numbers Game" are held daily Monday through Saturday and are also televised (Code 1957, Art. 88D).

MILITARY DEPARTMENT

Major General Warren D. Hodges, *The Adjutant General and Ranking Line Officer*

Brigadier General Benjamin F. Dean, *Assistant Adjutant General for Army*

Fifth Regiment Armory

The Charter of Maryland empowered Lord Baltimore to raise troops to put down insurrection or rebellion and to subdue the enemies of the province. Since that time the organization, maintenance, and administration of the State militia has been an integral part of the State's functions. The present military establishment of Maryland conforms to Title 32, U.S. Code and regulations issued pursuant thereto, and to the Militia Law of Maryland (Code 1957, Art. 65).

The Adjutant General is appointed by the Governor with the consent of the Senate and serves until his successor is appointed and qualified or until he is removed from office as a result of sentence imposed by court martial (Const. 1867, IX; 2). The Ranking Line Officer (at the present time also the Adjutant General) is head of the Military Department and exercises all his powers and duties under the Militia Law of Maryland.

The Military Department prepares all State forms and records required for use by the militia and the reports and returns required by the Federal Government. It maintains a register of all commissioned officers and service records of all officers and enlisted men of the Maryland National Guard.

The Ranking Line Officer is the custodian of all State and federal property used by the organized militia and apportsions and provides for the proper application of funds for the military establishment. He also maintains all State-owned armories located in Maryland and all other properties that may be occupied, purchased, or leased by the Military Department. The Ranking Line Officer makes all regulations for the use of such facilities and applications for their use should be made to him. In addition, he is responsible for the administration, training, and supply of approximately 8,000 National Guardsmen, includ-

ing 930 full-time employees (170 State-paid and 760 federally-paid).

In time of war or other national emergency when the National Guard is absent from the State, the Governor, as commander in chief of the militia, has the power to organize the Maryland State Guard. Such forces are separate and distinct from the National Guard and are composed of officers, commissioned or assigned, and all able-bodied male citizens of the State who volunteer and are accepted for service. Members of the State Guard are uniformed as prescribed by the Governor, who also has the power to reduce or disband such forces when deemed necessary.

Morgan State College was organized in 1867 under the auspices of the Methodist Episcopal Church as the Centenary Biblical Institute. In 1890 the school's name was changed to Morgan College in honor of Dr. Lyttleton Morgan, whose gift of a large sum of money enabled the school to offer academic work at the college level. The school remained under church jurisdiction until the State of Maryland purchased it in 1939.

By Chapter 550, Acts of 1975, Morgan State was granted university status. A public university, Morgan now includes the Schools of Business and Management, Urban Studies and Human Development, Education, Graduate Studies, and a College of Arts and Sciences.

The University is governed by an independent Board of Regents consisting of twelve members appointed by the Governor for six-year terms. By Chapter 538, Acts of 1976, a student in good standing at the University is appointed a member of the Board for a one-year term.

The University is fully accredited by the Middle States Association of Colleges and Secondary Schools and the State Department of Education. It is also approved by the Regents of the University of the State of New York, the American Chemical Society, the American Medical Association, and the Maryland State Board of Public Accountancy.

The University, which consists of twenty-two departments, offers twenty-eight baccalaureate and twenty master's degree programs. The faculty, which approves of all academic programs, consists of 70 full professors, 87 associate professors, 102 assistant professors, and 45 instructors.

During the academic year 1979-80, 5,299 students were enrolled at Morgan. Of these, 3,899 were full-time students and 1,410 were part-time students (Code Education Article, secs. 13-201 through 13-204).

The Maryland Public Broadcasting Commission, originally created by Chapter 202, Acts of 1966, as the Maryland Educational-Cultural Television Commission, had its functions expanded by Chapter 645, Acts of 1967, when it became known as the Maryland Educational-Cultural Broadcasting Commission. The Commission was created to develop, operate, and maintain a system of State, regional, and local facilities to provide educational and cultural television and radio programming throughout Maryland.

The Commission consists of eleven members appointed by the Governor for five-year terms. The Governor designates the Chairperson and the Vice-Chairperson of the Commission. One of the members must be the State Superintendent of Schools and two other members are designated by the State Board of Education. Members are chosen because of their interest in public education, libraries, art, music, drama, higher education, the television and radio industries, or other categories to be chosen by the Governor to bring special competence to the Commission's membership (Code Education Article, sec. 24-201 through 24-206).

The Public Defender System was created by Chapter 209, Acts of 1971, to provide for the realization of the constitutional guarantees of counsel in the representation of indigents, including related necessary services and facilities, in criminal and juvenile proceedings within the State, and to assure effective assistance and continuity of counsel to indigent accused taken into custody and indigent defendants in criminal and juvenile proceedings before the Courts of the State of Maryland, and to authorize the Office of the Public Defender to administer and assure enforcement of these provisions.

The Board of Trustees of the Public Defender System consists of three members appointed by the Governor for three-year terms. Two of the members must be active attorneys-at-law. The Board elects its own Chairperson.

The Public Defender is appointed by the Board of Trustees and serves at the Board's pleasure. He must be an attorney-at-law, admitted to practice law in Maryland by the Court of Appeals, and must have engaged in the practice of law for a period of five years prior to his appointment. The Public Defender, with the approval of the Board of Trustees, appoints the Deputy Public Defender and one District Public Defender for each District of the District Court who must possess the same qualifications as the Public Defender. Assistant Public Defenders may also be appointed by the Public Defender with the advice of the District Public Defenders.

Each District has a District Advisory Board composed of five members. One member is the judge of the Circuit Court or the District Court in the district. The other four must be active attorneys-at-law and are appointed by the Governor for three-year terms. The Governor annually designates the chairperson of each board.

The Public Defender provides legal representation for indigent defendants in criminal or juvenile proceedings requiring the presence of counsel before a commissioner or judge, post-conviction

proceedings, and any other proceeding where incarceration pursuant to a judicial commitment of individuals in institutions of a public or private nature may result.

In 1975 the Public Defender installed three Divisions in the headquarters office, i.e., Mental Health, Appellate, and Inmate Services. Each Division provides services as indicated by furnishing representation to all persons involuntarily committed to facilities under the jurisdiction of or licensed by the State Department of Health and Mental Hygiene, the processing of all appeals to the Appellate Courts, and legal assistance to all indigent inmates who have legal problems concerning their incarceration. The law applies only to representation in or respect to the courts of Maryland. The Public Defender must submit a report annually to the Board of Trustees, the Governor, and General Assembly. The Public Defender system commenced operation on January 1, 1972 (Code 1957, Art. 27A).

The Public Service Commission of Maryland was established by Chapter 180, Acts of 1910. The Commission consists of five Commissioners appointed by the Governor with the advice and consent of the Senate, one of whom is designated as Chairperson. The five Commissioners serve for six-year terms. The General Counsel of the Commission is an attorney-at-law of the State and is appointed by and serves at the pleasure of the Commission (Chapter 756, Acts of 1976).

The Public Service Commission has jurisdiction over common carriers, including steam and electric railroads, sleeping car companies, bus lines, express companies, steamboat companies, power boats, ferry companies, carriers by aircraft, toll bridges, and all carriers, generally, engaged in the public transportation of passengers or freight within the State of Maryland, except those carriers of passengers that come within the jurisdiction of the Washington Metropolitan Area Transit Commission (Acts of 1959, Ch. 613). The Commission also has jurisdiction over all taxicabs operating in the City of Baltimore, Baltimore County, Cumberland, and Hagerstown. In addition, the Commission licenses the taxicab drivers in Baltimore City. The Commission also exercises jurisdiction over all gas, electric, telephone, telegraph, water, sewage disposal, heating, and refrigerating companies operating within the State. The Commission has the power to fix both minimum and maximum rates and to suspend schedules pending the determination of the reasonableness of the proposed rates. Public utilities may not abandon or discontinue the exercise of any franchise without permission of the Commission. The Commission tests all gas and electric meters before installation; it also tests previously installed meters at the request of the consumer. It maintains a laboratory in which it makes daily tests of gas furnished in the City of Baltimore. It also

makes regular and frequent tests of the gas and electricity furnished in other parts of the State. It hears matters relative to 1) rate adjustments; 2) applications to exercise franchise; 3) approval of issuance of securities; 4) promulgation of new rules and regulations; 5) quality of utility and common carrier service; and 6) railroad safety. The Commission has the authority to issue a Certificate of Convenience and Necessity in connection with an electric utility's application to construct a new generating station or transmission lines of a certain capacity (Code 1957, Art. 78, secs. 1 to 107).

The Commission is also authorized to make joint investigations, hold joint hearings, and issue joint or other concurrent orders in conjunction with any official board or commission of any state or the federal government under agreements and compacts between states, under the concurrent powers of states to regulate interstate commerce as an agency of the federal government, or otherwise (Code 1957, Art. 78, sec. 59). The Public Service Commission is also represented on joint boards created by the Interstate Commerce Commission under the federal Motor Carriers Act to hear and pass upon applications and proceedings pertaining to interstate motor carrier operation conducted in or through not more than three states.

By Chapter 234, Acts of 1973, the General Assembly provided for a new method of financing the operations of the Public Service Commission. The filing fee of .0009 percent imposed on gross intrastate utility operating revenues was repealed. In its place utilities and common carriers under the jurisdiction of the Commission are assessed a proportionate share of the Commission's direct and indirect expenses based on their proportion of jurisdictional revenues.

The Office of People's Counsel operates independently from the Commission and may participate in all proceedings before the Commission. People's Counsel represents the interests of the Maryland consumers generally before the Commission and facilitates their inquiries on specific utility complaints. The People's Counsel may appear before any federal or State agency as necessary to protect the interests of residential or noncommercial users (Chapter 756, Acts of 1976). The Office of People's Counsel may utilize existing staff of the Commission, and may also retain additional expert witnesses to testify in various proceedings before the Commission.

Chapter 860, Acts of 1978, created a Utility Consumer Advisory Panel within the Public Ser-

vice Commission. The Panel consists of thirteen public members geographically representative of the utility consuming public, seven of whom are appointed by the President of the Senate and six of whom are appointed by the Speaker of the House of Delegates. The term of membership is three years, except that of the original appointees four shall serve one-year terms, four shall serve two-year terms, and five shall serve three-year terms as determined by lot within each category. The Panel annually elects a chairperson from its membership and appoints a secretary. The Utility Consumer Advisory Panel is to advise the Public Service Commission on general goals for the development of programs, undertake studies and issue reports, and foster cooperation and understanding regarding utility matters among federal, State, and local agencies, as well as private groups and consumers. The Panel is also to advise the People's Counsel on general goals for the development of programs and render advice on specific consumer goals and objectives in order to assist the People's Counsel in formulating policy in rate cases, investigations, and other matters in which the People's Counsel may from time to time be involved. The Utility Consumer Advisory Panel meets at times determined by its membership, and it must meet at least once every three months with the commissioners of the Public Service Commission and the People's Counsel to render advice and assistance to them.

If the State Prosecutor finds an alleged violation, he shall make a confidential report of his findings, together with any recommendations for prosecution, to the Attorney General and the State's Attorney having jurisdiction to prosecute the matter. However, a report and recommendations containing allegations of an offense committed by a State's Attorney need not be made to that State's Attorney. If the State's Attorney, within forty-five days after receipt of the State Prosecutor's findings and recommendations, fails to file charges and commence prosecution in accordance with the recommendations, the State Prosecutor may prosecute these criminal offenses. However, the State Prosecutor may immediately prosecute criminal offenses set forth in his report if alleged to have been committed by the State's Attorney having jurisdiction over the matter.

If the State Prosecutor finds that no violations of criminal law have occurred or he does not recommend prosecution, he shall report his findings to the person requesting the investigation. At the request of the person who was the subject of the investigation, the State Prosecutor's report may be made available to the public as soon as possible.

The State Prosecutor shall meet and confer regularly with the Attorney General and the various State's Attorneys. To the extent practicable, the State Prosecutor shall utilize the services and personnel of the Office of the Attorney General, the Maryland State Police, and other established State and law-enforcement agencies. These agencies shall, to the extent feasible, cooperate with the State Prosecutor (Code 1957, Art. 10, secs. 33A, 33B, 33C; Chapters 499 and 630, Acts of 1978; Chapter 513, sec. 1, Acts of 1979).

The State Prosecutor Selection and Disabilities Commission was created in May 1977 pursuant to Section 2 of Chapter 612, Acts of 1976.

The Commission consists of the Attorney General, who serves as an *ex officio* but voting member, and six persons appointed by the Governor. Of the appointed members, two persons (only one of whom shall be a lawyer) are selected from among two or more nominees submitted by the President of the Senate, and two persons (only one of whom shall be a lawyer) are selected from among two or more nominees submitted by the Speaker of the House of Delegates. These persons may not be members of the General Assembly or full-time State employees. One person is selected from among one or more nominees submitted by the Board of Governors of the Maryland State Bar Association, Inc. One person is selected from among one or more nominees submitted by the Governing Board of the Maryland State's Attorneys' Association, Inc. This person shall be an incumbent State's Attorney at the time of appointment and throughout the term of service on the Commission. The Governor designates one member as chairperson. Of the initial appointees two serve for four years, two serve for three years, and two serve for two years. Members are eligible for reappointment.

Upon notification by the Governor that a vacancy exists or is about to occur in the office of the State Prosecutor, the Commission seeks and reviews applications of proposed nominees for the position, notifies the Maryland State Bar Association, Inc., of the vacancy, and requests recommendations of the Association and others, interviews and evaluates each eligible applicant, and selects and nominates to the Governor the name of the person or persons it finds to be legally and professionally qualified. The Commission reports to the Governor in writing within seventy days after notification that a vacancy exists or is about to occur. The Governor exercises his power of appointment or rejection within thirty days of receipt of the Commission's report.

The Commission may reprimand or recommend to the Governor the removal from office of the State Prosecutor if after a hearing it finds that

he is guilty of misconduct in office, fails to perform the duties of his office, or if his conduct is prejudicial to the proper administration of justice. In addition, the Commission is empowered to investigate allegations made against the State Prosecutor which, if true, may warrant his removal or discipline, upon complaint or upon its own motion. In this regard, the Commission may conduct hearings, administer oaths and affirmations, issue process to compel attendance of witnesses and the production of evidence, and require persons to testify and produce evidence by granting them immunity from prosecution, penalty, or forfeiture.

By Chapter 757, Acts of 1959, the General Assembly abolished the State Tax Commission and divided its functions between two new agencies, the Maryland Tax Court and the State Department of Assessments and Taxation. The Tax Court performs the judicial and semi-judicial duties of the former Commission. It consists

of five judges appointed by the Governor for terms of six years. One is required to be a resident of the Eastern Shore, one a resident of the Western Shore, and one a resident of Baltimore City. The other two are to be residents of the State at large. Not more than three judges may be of the same political party, and each is required to be a taxpayer and a qualified voter of Maryland. At least two must be members of the Bar of the State of Maryland, and the Governor is required to designate one of these as Chief Judge.

The Maryland Tax Court hears appeals from the decision, determination, or order of any agency or any assessing or taxing authority of the State that affects the valuation, assessment, or classification of property, the levy of a tax, or the application for an abatement or reduction of any assessment or tax or exemption therefrom (Code 1957, Art. 41, sec. 318; Art. 81, secs. 143A, 224 to 231, 256, 258, 259, 309; from allowances, Art. 81, sec. 214C, 217; or disallowances, Art. 81, secs. 214C, 217, 310e; of claims for refunds of taxes, and from cancellations of Motor Vehicle Fuel Dealers licenses, Art. 56, sec. 142a).

Chapter 41, Acts of 1963, established the Board of Trustees of the State Colleges to direct and manage the four-year public colleges of the State. Chapter 917, Acts of 1976, redesignated

the governing board as the Board of Trustees of the State Universities and Colleges, designated the University of Baltimore as an upper division academic institution, and redesignated Towson State College as Towson State University contingent upon the institution meeting the criteria for name-change established by the State Board for Higher Education. Chapter 538, Acts of 1976, increased the membership of the Board of Trustees to eleven members (ten public members, one student member), all of whom are appointed by the Governor, and removed the requirement that the State Superintendent of Schools serve as an ex officio member. The incumbent public members of the Board as of June 30, 1976, serve until the expiration of their respective nine-year terms. Thereafter, the non-student appointive members serve for five-year terms and are eligible for reappointment, but may not serve for more than two full terms, including a term that commenced prior to July 1, 1971. The student member must be eighteen years of age or older and a full-time undergraduate in good standing at a State college or university at the time of appointment and must possess the qualifications required to be president of the student government at his institution. He serves a one-year term commencing July 1 of each year. The student member is appointed from the various State colleges and universities in the order of their date of chartering until all the State colleges or universities have been represented, at which time the system of rotation is repeated (Code Education Article, secs. 14-101 through 14-401).

The Board of Trustees submits an annual report in January of each year to the Governor and to the members of the General Assembly, which includes a summary of the Board's major activities for the previous year together with a financial statement and other statistical data (student enrollment, number of degrees awarded, etc.) pertaining to the institutions under its aegis.

The Board also publishes a manual for distribution within the State University and College System entitled *Laws Relating to and Governing Policies and Procedures of the Board of Trustees of the State Universities and Colleges of Maryland*. The purpose of the manual is to provide administrative guidelines for the operation of the State universities and colleges, and it is amended from time to time to reflect changes in Board policy.

BOARDS OF VISITORS OF THE STATE UNIVERSITIES AND COLLEGES

A Board of Visitors for each institution under the jurisdiction of the Board of Trustees of the

State Universities and Colleges was created by Chapter 799, Acts of 1969, as amended by Chapter 724, Acts of 1975. Each Board consists of nine members, seven of whom are appointed by the Governor for five-year staggered terms, one of whom is a faculty member elected by the faculty members of the college or university, and one of whom is a student member elected by the student body of the college or university. The seven appointed members are eligible for reappointment but may not serve longer than ten years. The student members serve one-year terms while the faculty members serve two-year terms. The individual Boards elect their own chairpersons and other officers as required.

Each Board assists the president of the college or university in determining the goals of that institution and in an evaluation of the progress toward such goals. Each also makes recommendations and assists in the preparation of the annual institutional budget, assists in the development of institutional facilities, assists in the conduct and development of community related programs, assists in the development of community and private support for the institution, and assists in the selection of a president. Each Board also carries out such responsibilities as may be delegated to it by the Board of Trustees of the State Universities and Colleges or by the president of the institution (Code Education Article, sec. 14-107).

THE UNIVERSITY

The University of Maryland is the State university and the "Land-Grant" institution of Maryland.

The present University of Maryland is the result of the merger of the former privately-owned University of Maryland located in Baltimore with the former Maryland State College of Agriculture at College Park. The former University of Maryland was founded in 1807 as the College of Medicine of Maryland (Chapter 53, Acts of 1807). In 1812, it enlarged its curriculum and changed its name to the University of Maryland (Chapter 159, Acts of 1812). Subsequently, it added faculties of law (1823), dentistry (1882), nursing (1889), and pharmacy (1904).

The Maryland State College of Agriculture was founded by Chapter 114, Acts of 1856, as the Maryland Agricultural College, a private institution at College Park, and became the beneficiary of the Land-Grant Act of 1862 (Chapter 178, Acts of 1865). By Chapter 129, Acts of 1914, the State assumed complete control of the school and in 1916 the Legislature granted it a new charter, which renamed the school the Maryland State College of Agriculture (Chapter 372, Acts of 1916). The General Assembly consolidated the University of Maryland and the Maryland State College of Agriculture in 1920 and gave the name University of Maryland to the new institution (Chapter 480, Acts of 1920).

The Eastern Shore Campus (UMES) had diverse affiliations and several names before becoming the University of Maryland, Eastern Shore, on July 1, 1970. The institution was founded in 1886 as the Delaware Conference Academy for Negroes under the general control of what came to be known as Morgan College, then a private institution in Baltimore. By the Morrill Act of 1890 the Academy received federal funds and became known as the Princess Anne Academy. This funding began a relationship with the then Maryland Agricultural College, although the campus continued to be a part of Morgan College. College level work began at Princess Anne in 1927. The State authorized purchase of the Academy in 1935 (Chapter 548, Acts of 1935) and, beginning in 1936, Princess Anne Academy became a division of the University of Maryland. The institution bore the name of Maryland State College from 1948 until 1970.

In accordance with 1963 legislation authorizing the University to establish a branch in Baltimore County, the University of Maryland, Baltimore

County Campus (UMBC), opened initially to freshmen students in September 1966 (Code Education Article, sec. 13-104f).

Evening courses were offered by various departments and colleges of the University from the 1920s through the World War II period. In 1947 the College of Special and Continuation Studies was established to administer the off-campus evening programs with a dean as the principal officer. The name was changed to University College in 1959. In 1970 the unit was designated as one of five major components headed by a chancellor.

The University of Maryland is under the administration of the Board of Regents consisting of fifteen members who are citizens of Maryland. Fourteen of the members are appointed by the Governor with the advice and consent of the Senate. The remaining member, the Maryland Secretary of Agriculture, is *ex officio* with voting privileges. Two of the members must be students at different campuses of the University of Maryland, appointed for one-year terms from July 1. Each may be reappointed if he/she remains a student at any campus of the University. Board members serve without compensation but are paid their reasonable and necessary expenses while engaged in the discharge of their official duties. The term of office of all members appointed after July 1, 1969, is five years with the exception of the Secretary of Agriculture and the student members. Appointed members may not serve more than two consecutive terms. Members appointed to fill vacancies occurring during a term serve for the remainder of the term and are then eligible for reappointment (Code Education Article, sec. 13-102).

The Board of Regents, within the limits prescribed by law, may issue revenue bonds to finance the building of dormitories and other student housing facilities. Student union buildings at College Park and Baltimore have been constructed as well as a combination Physical Education and Auditorium building at College Park. The Regents issue such bonds directly with the payments of principal and interest made from revenues realized from the use of the building (Chapter 22, Acts of 1978).

There are four principal campuses of the University located in Baltimore, Catonsville, College Park, and Princess Anne. University College, a unit under a chancellor, administers adult and continuing education courses and programs and awards degrees.

The Baltimore campus is located at Lombard and Greene Streets. The schools of Dentistry,

Law, Medicine, Nursing, Pharmacy, and Social Work and Community Planning offer both professional and graduate instruction. Complementing these schools are the University Hospital, the Institute of Psychiatry and Human Behavior, and the Health Sciences Library. The Maryland Institute for Emergency Medical Services Systems is also centered on the campus.

The Baltimore County (UMBC) Campus is located in Catonsville at the southeast corner of the intersection of the Baltimore Beltway and Wilkens Avenue. Undergraduate offerings include a range of programs in the arts, sciences, and humanities, including professional and pre-professional programs in teacher education, information systems management, social work, nursing, pharmacy, dental hygiene, medical technology, physical therapy, pre-law, pre-dental, pre-medical, health science and policy, emergency medical services, and combined degree programs in medicine, law, and dentistry. Graduate programs are developing and include doctorates in applied mathematics, biochemistry, experimental biology, and policy sciences, as well as masters degrees in applied sociology, community clinical psychology, biological and medicinal chemistry, historical studies, and instructional systems development.

At College Park instruction is offered at undergraduate and graduate levels in a wide variety of disciplines. There are the Colleges of Agriculture, Business and Management, Education, Engineering, Human Ecology, Journalism, the School of Public Affairs, Physical Education, Recreation and Health, and the Schools of Architecture and Library and Information Services. The schools, colleges, and departments are within the divisions of (1) Agricultural and Life Sciences, (2) Mathematical and Physical Sciences and Engineering, (3) Behavioral and Social Sciences, (4) Arts and Humanities, and (5) Human and Community Resources.

The Eastern Shore Campus (UMES) is located at Princess Anne. This campus offers baccalaureate degree programs within three divisions: (1) Liberal Studies, (2) Professional Studies, and (3) Experimental Studies. Teaching degree areas and non-teaching degree areas include agriculture, art education, biology, business administration, chemistry, computer science, construction management technology, elementary education, English, environmental science, history, industrial education, hotel/restaurant management, human ecology, mathematics, music education, physical education, physical therapy, poultry technology and management, social sciences education, and sociology. Minor areas include economics, for-

eign languages, political science, and physics. The initial years of nursing and pharmacy are offered at UMES. There is a master's program in guidance and counseling, a joint master's program with UMCP in agricultural and extension education, and a joint program on the masters and doctoral level in Marine, Estuarine, and Environmental Sciences.

University College has its administrative headquarters and its conferences and institutes center at College Park. As stated above, University College administers the adult and continuing education programs of the University of Maryland with fiscally self-supporting courses and programs offered in the late afternoon and evening on the several campuses and at off-campus centers throughout the State of Maryland. University College also maintains overseas centers for United States military personnel and civilians logistically supported by U.S. government agencies abroad in the European, Atlantic, and Far East Divisions. In addition, University College, through its Conferences and Institutes Division, has an extensive series of non-credit adult courses, seminars, workshops, and institutes. Since 1972 University College has operated an "open university" program in cooperation with the Open University of Great Britain. A new Master of General Administration program is offered.

Each campus operates one or more summer sessions.

The Graduate School embraces all of the graduate programs of the University with liaison among the campuses maintained by a Vice-President for Graduate Studies and Research and through the President's Advisory Committee for Graduate Studies and Research.

The Maryland Agricultural Experiment Station was established following passage of the federal Hatch Act in 1887. The Act made available to the states grants-in-aid for the conduct of research pertaining to agriculture and now both State and federal funds support these activities. The administrative headquarters are located on the College Park Campus, as well as laboratories

for research in the animal and plant sciences, agricultural engineering, agricultural and resource economics, rural sociology, and home and consumer economics. Provisions are made for maintenance of experimental herds, flocks, field and tree plots, and for investigations of soils and insect and disease control (Chapter 55, Acts of 1888, as amended).

Research is conducted at nine locations throughout the State with particular attention to the type of farming dominant in the respective locations. These include the Plant Research Farm near Fairland in Montgomery County, the Tobacco Research Farm near Upper Marlboro in Prince George's County, Fruit Research at Hancock in Washington County, the Sharpsburg Research Center, the Dairy-Agronomy Research Farm near Ellicott City, a Horse Research Farm near Jessup in Howard County, and a Livestock Research Farm at Springfield in Carroll County. Research on vegetables, corn, soybeans, and other field crops is conducted at Wye Institute in Queen Anne's County, at the Poplar Hill Farm, and at the Poultry-Vegetable Research Farm near Salisbury in Wicomico County. Broiler production research is also conducted at the latter site.

The United States Department of Agriculture supports agricultural research on the University of Maryland Eastern Shore Campus. There is the requirement that the University pursue a coordinated program. Farms and facilities for research are available to faculties on both campuses and, through planning, undesirable duplication of effort is prevented.

EXTENSION SERVICE

University of Maryland

The Cooperative Extension Service was established by federal and state laws in 1914. It is supported by federal, State, and county funds (Chapter 247, Acts of 1914).

In its role as the "off-campus out-of-classroom" arm of the University of Maryland, the Extension Service uses a number of different methods to offer its educational programs, including personal consultations, direct mail, publications, radio, television, workshops, institutes, short courses, and various other functions.

One of the strengths of the Extension Service is its uniquely effective system of educational re-

sources information. Offices and staffs in all twenty-three Maryland counties and Baltimore City bring the University of Maryland close to the people. Field staffs rely on campus extension specialists to provide up-to-date, meaningful information. State administrative offices and most of the specialists are on the College Park Campus. The Cooperative Extension Service is noted for its programs in agriculture, home economics, 4-H and youth, energy and marine sciences, and community and resource development. There is now federal funding for the University of Maryland Eastern Shore component of Cooperative Extension. The University of Maryland Eastern Shore carries special responsibility in Cooperative Extension for programs that relate to small and part-time farmers, housing education, the Spanish-speaking population, and youth programs for new and previously unreached clientele. As Maryland has grown and changed, the needs of its people have altered. Extension has been quick to respond to high priority needs of people and is broadening its program scope to better serve more people. This has meant adjusting resources to give more attention to such concerns as farm management, marketing, safety, waste disposal, pollution abatement, land use, human development, consumer competence, money management, low income programs in nutrition and health, work with the aging, the handicapped, and disadvantaged and urban youth.

The Center for Environmental and Estuarine Studies was established by the Board of Regents in 1970. The Center, in cooperation with the University campuses, conducts studies of environmental problems important to the State of Maryland. The program includes research in fields that

have environmental significance, direct service to State agencies and to the public, technical education, and, in collaboration with the campuses, instruction at the academic level.

The Center has administrative offices and facilities at the Horn Point Environmental Laboratories on a 720-acre site on the Choptank River near Cambridge. This property was originally given to the City of Cambridge by the late Francis P. DuPont and was conveyed by Cambridge to the State of Maryland for use by the University in 1971. The Center also includes the Natural Resources Institute (Chapter 776, Acts of 1961), which conducts a comprehensive program of research and education related to the resources of Maryland. Institute facilities include the Chesapeake Biological Laboratory at Solomons Island on the Patuxent River, the Marine Products Laboratory at Crisfield (formerly the Seafood Processing Laboratory), the College Park Station at College Park (now under the direction of the Appalachian Environmental Laboratory), and the Appalachian Environmental Laboratory on the Frostburg State College Campus. Specialized facilities include research vessels up to sixty-five feet in length, the Reginald V. Truitt Environmental Laboratory located at the Chesapeake Biological Laboratory at Solomons, and hatcheries at Horn Point for shellfish of the Bay Region.

The research programs of the Center presently involve studies of the Chesapeake Bay and its best uses; forests, fish, and wildlife of the land areas of the State; waste management; energy conservation; noise control and abatement; and investigations directed toward basic comprehension of the Maryland environment. Educational emphasis includes estuarine ecology, resource analysis, the process of public decision making in matters that affect environmental quality, and environmental education in cooperation with other public agencies and groups.

The Maryland Veterans Commission was first established by Chapter 344, Acts of 1924. It was reorganized by Chapter 803, Acts of 1945, Chapter 310, Acts of 1966, and Chapters 370 and 617, Acts of 1971. In 1977 it was removed from the jurisdiction of the Department of Human Resources, formerly the Department of Employment and Social Services, and made an independent agency (Chapter 895, Acts of 1977). The membership was altered and the number of members increased by Chapter 859, Acts of 1980. It is composed of seventeen Maryland veterans appointed by the Governor for seven-year terms. The chairperson of the Maryland Veterans Home Commission serves as a member, each congressional district is represented by one member, one member serves at large, and of the remaining members one each is appointed from the American Legion, the Disabled American Veterans, the Catholic War Veterans, the AMVETS, the Jewish War Veterans, the Veterans of Foreign Wars, and the Veterans of World War I. One of the members is designated by the Governor as the Chairperson. The Commission appoints the State Service and Executive Officer, who serves as administrative director of the agency. The department commanders of the Marine Corps League, the Polish-American Veterans, the president of the Maryland Retired Officers Association, a designee of the Fleet Reserve Association as determined by its Board of Directors of Branch 6, the designee of the Order of the Purple Heart, and the designee of the Maryland Chapter of the American Ex-Prisoners of War, Inc., serve as an advisory committee to the Commission.

The Commission provides for the establishment of veterans' cemeteries in Maryland, the acquisition, supervision and control of veterans' cemeteries, and the requirements for eligibility for burial in veterans' cemeteries in Maryland, as well as other matters relating to veterans' cemeteries in Maryland. The agency also assists veterans and their dependents in securing federal, State, or local aid to which they may be entitled. The Commission maintains a permanent registry of graves of all persons who served in the military or naval forces of the country in time of war and who are buried in Maryland (Code 1957, Art. 96-1/2, secs. 3-7). The Maryland Veterans Commission was authorized by Chapter 504, Acts of 1973, to acquire sites for the purpose of establishing cemeteries for Maryland veterans honorably discharged from the Armed Forces of the United States, and the members of their immediate families. Funds appropriated were authorized by Chapter 775, Acts of 1974, to be used for the development of veterans' cemeteries rather than the acquisition of sites, since State land was to be used. The Commission was directed to supervise, maintain, and control such cemeteries established. The office of Program Manager was created for the purpose of supervising the development of the cemeteries and the establishment of procedures for the administration of the veterans' cemetery program. Maryland veterans' cemeteries are located as follows:

The Washington Metropolitan Area Transit Authority is a governmental agency created by an Interstate Compact entered into by and between the State of Maryland, the Commonwealth of Virginia, and the District of Columbia with the consent of Congress. Maryland ratified the Compact by Chapter 869, Acts of 1965.

600 Fifth St., N.W.

Washington, D.C. 20001 Telephone: 637-1234

The Authority was created to plan, finance, and develop a regional rapid transit system for the national capital region. By acts of the Congress and the General Assemblies of Maryland and Virginia, this purpose was enlarged to include the ownership and operation of all mass transit bus facilities in the Washington region. All of these bus facilities were acquired by February 4, 1973 (Chapter 776, Acts of 1971). Legislation was passed by the United States Congress and signed by the president on June 4, 1976 (PL 94-306), to approve a compact amendment passed by the Maryland and Virginia General Assemblies in 1974 (Maryland, Chapter 586, Acts of 1974; Virginia, Chapter 576, Acts of 1974), which authorizes the Washington Metropolitan Area Transit Authority to establish and maintain a regular police force for the protection of the patrons, personnel, and property of the Authority.

The Authority is controlled by a six-member Board of Directors (and six Alternate Directors). Each of the three signatories to the Compact appoints two members. The Maryland members are appointed by the Washington Suburban Transit Commission. The Virginia members are appointed by the Northern Virginia Transportation Com-

mission. The District of Columbia members are appointed by the District of Columbia City Council. The Board members and alternates serve terms coterminous with their service as members of their appointing bodies.

The chief administrative officer is the General Manager, who is responsible for all activities of the Authority subject to policy direction by the Board (Code Transportation Article, secs. 10-202 through 10-204).

The Washington Metropolitan Area Transit Commission was established in 1961 for the purpose of regulating privately-owned transportation facilities in the District of Columbia metropolitan area. The Commission was created by the Washington Metropolitan Area Transit Regulation Compact, an agreement among Maryland, the District of Columbia, and Virginia. Maryland ratified the Compact with the adoption of Chapter 613, Acts of 1959. The Washington Metropolitan Area Transit District, also created by the Compact, embraces the District of Columbia, the cities of Alexandria and Falls Church, and Arlington and Fairfax counties in Virginia and Montgomery and Prince George's counties in Maryland.

The Commission is composed of three members. One member is appointed by the Governor of Maryland, one by the Governor of Virginia, and one by the Mayor of the District of Columbia. Each Commissioner serves a term coincident with his term of office on the agency from which he is selected. The Commission annually selects its own officers.

The Commission has the power to prescribe fares, regulations, and practices of transportation companies and interstate taxicabs in the area.

Expenses of the Commission are allocated annually in proportion to the population of each signatory in the Metropolitan District. Maryland's share is forty-five percent (Code 1957, Art. 41, secs. 257-307).

The Workmen's Compensation Commission, created by Chapter 800, Acts of 1914, as the State Industrial Accident Commission, received its present name by Chapter 584, Acts of 1957. Under the provisions of Chapter 238, Acts of 1961, the Commission was increased from five to seven members, all of whom are appointed by the Governor with the advice and consent of the Senate for terms of twelve years.

Like its predecessor, the Commission administers the Workmen's Compensation Law. It hears contested cases and holds hearings throughout the State; it receives reports of accidents and adjudicates claims for compensation arising under the law; and it investigates companies and firms that fail to carry insurance under the terms of the Act. The Chairperson sits on the trial of cases when his administrative and executive functions permit (Code 1957, Art. 101, secs. 1, 2, 5, 16, 38-40).

In recent years the General Assembly has made many important changes in the Workmen's Compensation Act. Among the most significant have been acts increasing maximum temporary disability payment to one hundred percent of State average weekly wage; increasing maximum permanent total disability payments to one hundred percent of State average weekly wage; and increasing the maximum total payable for total disability to \$45,000, provided, however, that if the employee's total disability shall continue after a total of \$45,000 has been paid, then further weekly payments at the rate previously paid shall be paid to him during such disability. In 1965 the Serious Disability Section was added to the Act. This provides for a greater amount and rate of compensation for a workman who sustains a serious

disability, as defined by the Law (Code 1957, Art. 101, secs. 21-36, 66).

MEDICAL BOARD FOR OCCUPATIONAL DISEASES

Chairperson: James Frenkil, M.D., 1983

John F. Schaefer, M.D., 1981; J. Howard Frantz, M.D., 1985

The Medical Board for Occupational Diseases was established by Chapter 465, Acts of 1939. The Governor appoints the members of the Board for six-year terms with the approval of the Senate from lists of nominees submitted by the deans of the schools of medicine of the University of Maryland, The Johns Hopkins University, and the Medical and Chirurgical Faculty of Maryland. Each of these agencies submits a list of three persons, two of whom are experienced in occupational diseases and one of whom is an experienced physician in good professional standing. Two must have had at least five years practice in the treating, diagnosis, and care of industrial diseases, and a third must have been trained in roentgenology and must have had five years practice and experience. The Governor designates the Chairperson of the Board. The Board hears and adjudicates all claims for compensation for disability caused by an occupational disease. The decisions of the Board are subject to review by the Workmen's Compensation Commission (Code 1957, Art. 101, secs. 22-29).

GOVERNOR'S COMMISSION TO REVIEW LAWS GOVERNING THE WORKMEN'S COMPENSATION LAWS

Chairperson: Clement R. Mercaldo

Sidney Blum, Thomas E. Cinnamon, Ada Evans, John S. Hebb III, John J. Kent, Charles J. Krysiak, Eli M. Lippman, Douglas Macnab, H. George Meredith, Alfred M. Porth, Maurice J. Pressman, Norman R. Stone, Jr., Joseph P. Wiley.

108 E. Lexington Street
Baltimore 21202 Telephone: 383-4700

This Commission was originally created by the Governor in 1959 to improve the Workmen's Compensation Law and to insure that changes in the law are made to improve the workmen's compensation system in accordance with the standards, but at the same time to insure that Mary-

land still remains competitive with the other states.

The Commission meets regularly and recommends to the Governor and the Legislature improvements in the law. The changes considered by this Commission are discussed with representatives of labor, management, and the insurance industry, resulting in a greater understanding between the various interests. Its recommendations have been well accepted by the Legislature, as well as the workingman and the employer.

The Board, created by Chapter 398, Acts of 1975, is composed of three members appointed by the Governor with the advice and consent of the Senate for four-year terms. One member represents labor, one member is from management, and one member is selected from the public sector.

The Board supervises, operates, and administers the Subsequent Injury Fund, the Uninsured Employers' Fund, and other funds created from time to time under this article, except the State Accident Fund (Code 1957, Art. 101, sec. 69A).

DEFUNCT INDEPENDENT AGENCIES

The following independent agencies completed their assigned task or were abolished by law prior to the convening of the 1981 session of the General Assembly.

By Chapter 938, Acts of 1977, the Board was also given oversight of the law requiring lobbyists to register and file activity reports. The Board was abolished by Chapter 513, Acts of 1979, and its responsibilities were assumed by the newly-created State Ethics Commission.

COMMISSION TO STUDY THE PUBLIC SERVICE COMMISSION LAW

Chairperson: Carlton R. Sickles

Alan F. Deanehan, *Executive Director*

This Commission, established by Chapter 944, Acts of 1977, was given the responsibility for undertaking a thorough review of Article 78 to determine if any changes in the law or procedures and regulations of the Public Service Commission were advisable. This Commission has general park and planning jurisdiction over the Maryland-Washington Metropolitan District created by Chapter 448, Acts of 1927, and the Maryland-Washington Regional District created by Chapter 714, Acts of 1939. Both districts are within Montgomery and Prince George's counties adjoining the District of Columbia, and embrace approximately 841 square miles and 987 square miles respectively. The estimated April 1, 1980, census population was 564,500 in Montgomery County and 639,300 in Prince George's County.

1980-1981 estimated taxable base of Montgomery County is \$7.7770 billion; the Regional District is Assessable Base \$7.2380 billion; and the Metropolitan District is Assessable Base \$7.2380 billion. The 1980-1981 taxable base of Prince George's County is \$5.6250 billion; the Regional District is \$5.5400 billion; and the Metropolitan District is \$5.3160 billion.

The Commission has been given, through Public General Laws enacted by the Maryland General Assembly, definite jurisdiction over the regional planning of the Maryland-Washington Regional District, which includes all of Montgomery County and Prince George's County, excepting certain incorporated communities that retain their own planning and zoning authority.

The Commission is composed of ten members, five of whom must be residents of Montgomery County and five of whom must be residents of Prince George's County. Not more than three members from each county may be members of the same political party. Members of the Commission are appointed by the County Executive of Prince George's County and confirmed by the County Council. In Montgomery County, members of the Commission are appointed by the County Council and confirmed by the County Executive. Appointments to the Commission are for four-year terms. Vacancies are filled in the same manner as appointments and are for the unexpired term. The respective appointing authorities may, at their discretion, designate a member of the Commission from each county to serve on a full-time basis. Each appointing authority designates a member for the position of Chairperson and Vice-Chairperson of the Commission. The positions of Chairperson and Vice-Chairperson of the Commission alternate between the Chairpersons of the respective County Planning Boards on a fiscal-year basis.

The five members from each County constitute the County Planning Board. The Chairperson and the Vice-Chairperson of the Commission also act as Chairpersons, respectively, of their County Planning Boards. The Commission appoints its Executive Director, Secretary-Treasurer, and General Counsel, as well as other staff members as may be necessary. The respective County Parks Directors and County Planning Directors are also Commission appointees and act as Director of Parks and Director of Planning, for bi-county matters, in the years that coincide with those years in which the Chairperson of the same County's Planning Board serves as Chairperson of the Commission.

Within the Maryland-Washington Metropolitan District, the Commission is empowered to acquire, develop, maintain, and operate a park system with recreational facilities, the expense of which, including debt service, is paid from a separate park tax levied within the district. The Commission is authorized to cooperate and negotiate with federal agencies for financial assistance and with other agencies in the park development program. In Prince George's County the Commission operates the County's recreation program.

Within the Maryland-Washington Regional District, the Commission is empowered to make, adopt, and amend a General Plan for the Physical Development of the District, which takes into account all factors of urban, suburban, rural, and regional planning. The two County Planning Boards have exclusive subdivision control, power and jurisdiction over street grades and locations, public buildings and utilities, and after the adoption of a Master Plan of Highways, over street naming and house numbering. The Planning Boards have advisory zoning powers, but the zoning ordinances and amendments are enacted by the County Councils sitting as District Councils for the portion of the district within their respective county. Through the Planning Boards the Commission recommends land use or zoning ordinances and similar ordinance subject matters to the respective District Councils. The administrative and planning expenses of the Commission are paid from an administrative tax levied within the regional district.

The taxes levied by the Commission, which are collected in both counties, are as follows for Fiscal Year 1980-1981. Figures are expressed in cents per hundred dollars valuation:

The Washington Suburban Sanitary Commission, the governing body of the Washington Suburban Sanitary District, created by Chapter 122, Acts of 1918, consists of six members, three of whom are from Prince George's County and three from Montgomery County, appointed by the governing body of each county.

When the Commission was organized the District's service area covered ninety-five square miles: forty-one miles in Montgomery County and fifty-four miles in Prince George's County. The District had a population of 32,000 and a total assessable tax base of \$20,000,000. In succeeding years, the General Assembly has made additions to the service area, and the Washington Suburban Sanitary District now contains about 1,000 square miles within Prince George's and Montgomery counties adjacent to the District of

Columbia. The present Sanitary District has a population of more than 1,200,000 and an assessable tax base of approximately \$12,000,000,000.

The Commission provides for the construction, maintenance, and operation of water supply and sewerage systems; it has jurisdiction over storm drainage in Prince George's County only. It regulates and inspects plumbing and gas fitting installations in both counties. The Commission has been designated as the organization responsible for the administration, maintenance, and operation of the Anacostia River Flood Control and Navigation Project. As of June 30, 1980, the water system and sewerage system of the Commission contained 3,472 and 3,427 miles of mains, respectively.

Two major sources of water now supply the Washington Suburban Sanitary Commission system. The Patuxent River, which the Commission has impounded with the construction of two dams near Brighton in Montgomery County and Laurel in Prince George's County, gives the Commission a yield of up to sixty-five million gallons a day through the Patuxent Filtration Plant. The Potomac River supplies raw water to the Potomac River Filtration Plant. This facility was opened in 1961 and has a capacity of almost 200 million gallons a day. The Potomac River plant will be expanded in stages as needed to meet bicounty water supply requirements.

Much of the sewage from the Commission service area is transported through trunk sewers into the District of Columbia and is treated at the regional Blue Plains Pollution Control Plant in Washington, D.C. The Commission pays for this service on a metered volume basis, and it also contributes its share to capital improvement of the Blue Plains facility. Sewage disposal plants operated by the Washington Suburban Sanitary Commission are near Laurel, at Piscataway Bay, and at the Western Branch of the Patuxent River. The Commission also operates several smaller interim wastewater plants.

Ten-Year Water and Sewer Plans for Montgomery and Prince George's counties, formerly drafted by the Washington Suburban Sanitary Commission, are now prepared by the respective county governments. The Washington Suburban Sanitary Commission annual budget also is subject to joint approval by the governing bodies of Montgomery and Prince George's counties. The Washington Suburban Sanitary Commission has the responsibility for setting customer rates pertinent to Washington Suburban Sanitary Commission functions in its Suburban Maryland service

area. Significant legislative enactments by the Maryland General Assembly include: Acts 1918, Ch. 122; Acts 1920, Ch. 518; Acts 1922, Ch. 443; Acts 1924, Ch. 189, 252; Acts 1927, Ch. 506; Acts 1929, Ch. 362; Acts 1931, Ch. 522; Acts 1937, Ch. 390, 391; Acts 1939, Ch. 257, 540; Acts 1943, Ch. 451, 520, 522, 524, 526; Acts 1947, Ch. 361, 362, 733; Acts 1949, Ch. 541, 728; Acts 1953, Ch. 357, 358, 430, 434, 521, 666; Acts 1955, Ch. 78, 79, 117, 118, 256, 647; Acts 1957, Ch. 585, 591, 624; Acts 1959, Ch. 618, 710, 776, 779; Acts 1961, Ch. 609, 610, 741, 742; Acts 1963, Ch. 482, 483, 492, 608, 726, 828; Acts 1965, Ch. 311, 781, 810, 819, 834, 839, 896; Acts 1966, Ch. 370, 632, 637, 678, 679; Acts 1967, Ch. 53, 54, 194, 664; Acts 1968, Ch. 161, 383, 628, 703; Acts 1969, Ch. 146, 700, 728, 753; Acts 1970, Ch. 14, 337, 355, 468, 513; Acts 1971, Ch. 113, 115, 117, 335, 714, 726; Acts 1972, Ch. 96, 172, 506, 596, 597, 602, 729; Acts 1973, Ch. 193, 194, 500; Acts 1974, Ch. 618; Acts 1975, Ch. 392, 478, 498, 788, 789, 791, 813; Acts 1976, Ch. 806, 847, 848; Acts 1977, Ch. 159, 260, 287, 612, 657, 683; Acts 1978, Ch. 406, 515, 555, 754, 884, 966; Acts 1979, Ch. 429, 485, 600, 668; Acts 1980, Ch. 352, 661, 772.

The Washington Suburban Transit Commission, created by Chapter 870, Acts of 1965, consists of seven commissioners, three of whom are appointed by the Montgomery County Executive, three by the Prince George's County Executive, and the Secretary of Transportation, who serves

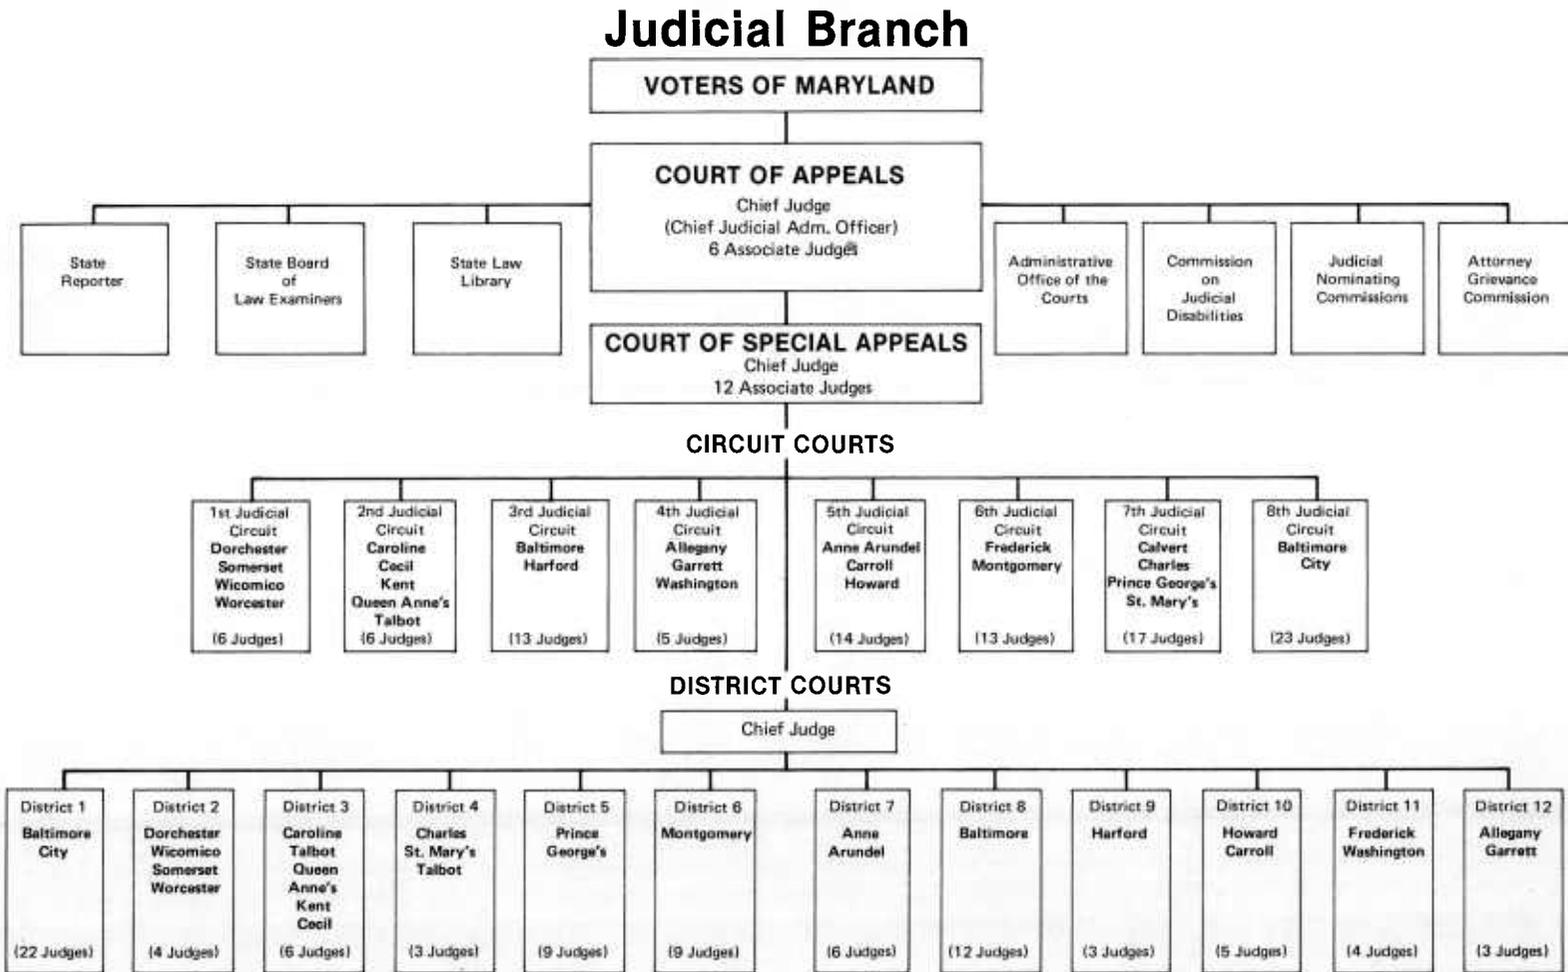

ex officio. Commissioners who are appointed serve at the pleasure of the Executive, and commissioners who are not appointed from among the members of the governing bodies serve for a period of three years. By law, chairpersonship of the Commission rotates on an annual basis between Montgomery and Prince George's counties.

The Commission was established for the purpose of administering the activities and functions of the Washington Suburban Transit District, with powers to develop, on a bi-county basis, a transportation system including mass transit facilities for the needs and growth of both counties. The Commission appoints two of its members and two alternates to the Board of Directors of the Washington Metropolitan Area Transit Authority (WMATA), the interstate agency charged with the overall responsibility of planning, financing, and operating the regional rapid rail and bus transit systems for the Washington metropolitan area. The Commission works in conjunction with the interstate authority in the development of the regional rapid rail transit system, which has been under construction since December 1969. The

first segment of that system—4.5 miles extending from the Rhode Island Avenue Station to Farragut North Station in downtown Washington, D.C.—began revenue operations March 29, 1976. With completion of an additional 5.5 miles of track, the Red Line was extended from the Rhode Island Station to Silver Spring, where the first Maryland Station was ceremoniously opened for revenue operations on February 6, 1978.

In February 1973, the interstate authority acquired the operations of the areas' four privately-owned bus companies and began immediate plans for improving transit service in Montgomery and Prince George's counties. The Commission acts as the financial conduit through which funding of mass transportation projects within the counties take place. The Commission acts as the coordinating body with regard to mass transit matters within the bi-county area, and as such coordinates mass transit activities of the two county governments with each other, with the Washington Metropolitan Area Transit Authority, and with the Maryland Department of Transportation.

The Court of Appeals is the highest tribunal of the State of Maryland. It was created by the Constitution of 1776. From 1777 to 1805 the Court sat in Annapolis on the Western Shore. Between 1805 and 1851 it sat at Easton on the Eastern Shore as well. Since 1851 the Court has met only at Annapolis.

By the terms of the reorganization Act of 1960, Ch. 11, the Court is composed of seven judges, five of whom constitute a quorum. One judge is elected from each of the first five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit, which is Baltimore City. The judges are appointed by the Governor and hold office until the next general election following the expiration of one year from the date of the vacancy, at which time the judge shall stand election for continuance in office for a term of ten years. The governor designates the chief judge.

The Court of Appeals of Maryland has jurisdiction to review a case or proceeding pending in or decided by the Court of Special Appeals in accordance with applicable law, and exclusive appellate jurisdiction with respect to a question of law certified to it under the Uniform Certification of Questions of Law Act (Code Courts Article, sec. 12-307). The Court also admits all eligible candidates to the State bar. The term of the Court begins the second Monday of September in each year (Code Courts Article, secs. 12-301 to 12-306).

The chief judge of the Court of Appeals is the chief administrative officer of the State's judiciary. The Court of Appeals makes rules for the conduct of its own practice and procedure and that of the various courts and districts of the State. The chief judge may also assign the judges of the various Circuits to duties in other Circuits or Districts, the Court of Appeals, and the Court of Special Appeals for any purpose.

The clerk of the Court of Appeals is appointed by the Court. He maintains the docket, receives the briefs and transcripts of all cases filed with the Court, and maintains official custody of the decisions of the Court, the Acts of the General Assembly, and of all other records that the law may require to be filed with the Court (Const. 1867, Art. IV, sec. 17).

The creation of the Court of Special Appeals was authorized by an amendment to the Constitution, which was ratified on November 8, 1966. The implementing legislation creating the Court was provided by Chapters 11 and 12, Acts of 1966 (Const. 1867, Art. IV, sec. 14A; Courts Article, secs. 1-402; (a) and (b), 1-403 (a)-(c)).

The Court was originally composed of five judges, each of whom was elected from a special appellate circuit. Its jurisdiction was limited to hearing primarily criminal appeals except where the death sentence was imposed.

By Chapter 99, Acts of 1970, the number of judges was increased from five to nine. The special appellate judicial circuits were abolished and the new law provided that one judge should be elected from each of the five Appellate Judicial Circuits and two from the Sixth Appellate Judicial Circuit representing Baltimore City. By Chapter 361, Acts of 1972, the number of judges was increased from nine to ten. By Chapter 706, Acts of 1974, the number of judges was increased to twelve, with five judges elected from the State at large. By Chapter 252, Acts of 1977, the number of judges was increased to thirteen, with six judges elected from the State at large. Cases before the Court are heard by a panel of not less than three judges. The terms of the judges are for ten years and the Governor designates one member of the court as the chief judge.

Chapter 2, Acts of 1973, Chapters 359 and 448, Acts of 1975, and Chapters 338 and 457,

Acts of 1976, gave the Court of Special Appeals exclusive initial appellate jurisdiction over any reviewable judgment, decree, order, or other action of a Circuit Court or Orphans' Court, except for appeals in criminal cases in which the death penalty is imposed (Chapter 3, Acts of 1978).

The clerk of the Court of Special Appeals is appointed by the Court. He maintains the docket, receives the records and briefs of all appeals filed with the Court, and maintains official custody of the decisions of the Court.

The Circuit Courts are the highest common law and equity courts of record exercising origi-

¹ Circuit Administrative Judge. Appointed by the Chief Judge of the Court of Appeals and has responsibility for the administration of the courts within his circuit. He also supervises the County Administrative Judges within his circuit (Rule 1200C, Maryland Rules of Procedure).

nal jurisdiction within the State. Each has full common law and equity powers and jurisdiction in all civil and criminal cases within its county, and all the additional powers and jurisdiction conferred by the Constitution and by law, except where by law jurisdiction has been limited or conferred exclusively upon another tribunal.

There is a circuit court in each county of the State, which is a trial court of general jurisdiction. Its jurisdiction is very broad, but generally it handles the major civil cases and the more serious criminal matters. The circuit courts may also decide appeals from the District Court and from certain administrative agencies.

These courts are grouped into eight geographical circuits. Each of the first seven circuits contains two or more counties. The Eighth Judicial Circuit consists of Baltimore City. Judges of that circuit are appointed to the Supreme Bench of Baltimore City. The Supreme Bench is composed of six courts, each of which exercises a varying degree of overlapping or separate jurisdiction in relation to the others. Collectively, however, these courts act as one circuit court.

Presently, there are ninety-seven Circuit Court judges (twenty-three of them on the Supreme Bench), with at least one judge for each county. Unlike the other three levels of courts in Maryland, there is no chief judge for the Circuit Court. Instead, eight circuit administrative judges appointed by the chief judge of the Court of Appeals perform administrative duties in each of their respective circuits, with the aid of county administrative judges.

Each circuit judge is initially appointed to office by the Governor and must stand for election at the next general election following by at least one year the vacancy the judge was appointed to fill. The judge may be formally opposed by one or more qualified members of the bar, with the successful candidate being elected to a fifteen-year term of office.

The Administrative Office of the Courts was established by the General Assembly in 1955 and is headed by the State Court Administrator, who was appointed by and serves at the pleasure of the chief judge of the Court of Appeals of Maryland, as provided by Section 13-101 of the Courts Article.

This office gathers statistical and other data regarding the business of the courts and it keeps the chief judge informed as to the transaction of that business; makes recommendations to the chief judge regarding the need for assignment of the judges among the several courts of the State and assists him in making these assignments; prepares and submits the State Judiciary budget and supervises its administration; and submits to the chief Judge recommendations for improvements to the judicial system (Code Courts Article, Section 13-101 (a) (e)).

The staff of the clerk's office of the Juvenile Court in Baltimore City is also attached to the Administrative Office, as are circuit administrators in the First, Second, Fourth, and Fifth Judicial Circuits.

The Commission on Judicial Disabilities, originally created by Chapter 773, Acts of 1965, had its powers redefined by Chapter 506, Acts of 1967. The Act of 1965 was ratified on November 8, 1966, as an amendment to the Constitution (Const. 1867, Art. IV, secs. 4A and 4B). Originally, the Commission consisted of five members. Three of the members had to be judges, either of the Court of Appeals, the Circuit Courts, or the Supreme Bench of Baltimore City. One member had to be a lawyer with a minimum of fifteen years of law practice. One member represented the general public. Chapter 789, Acts of 1969, increased the membership of the Commission to seven members by adding an additional lawyer member and a member representing the District Courts. Members of the Commission are appointed by the governor and serve four-year terms. Members must be citizens and residents of the State. Four members are appointed from among the judges of the Appellate Courts, the Circuit Courts for the counties, the Supreme Bench of Baltimore City, and the District Court. Two

members must be lawyers with a minimum of fifteen years of law practice, and one member must represent the public. The Commission elects its own chairperson from among its membership.

The Commission is empowered to investigate complaints, conduct hearings, or take informal action as it deems necessary provided that the judge involved has been properly notified. Its operating procedures are as follows: The Commission conducts a preliminary investigation to determine whether to initiate formal proceedings, after which a hearing may be held regarding the judge's alleged misconduct or disability. If, as a result of these hearings, the Commission by a majority vote decides that a judge should be retired, censured, or publicly reprimanded it recommends that course of action to the Court of Appeals. The Court of Appeals may order a more severe discipline of the judge than the Commission recommends. In addition, the Commission has the power in limited situations to issue a private reprimand (Code 1957, Art. 40, sec. 45; Code Courts Article, secs. 13-401 through 13-403; Md. Rule 1227).

The Standing Committee on Rules of Practice and Procedure, usually called the Rules Committee, was originally appointed by an order of the Court of Appeals on January 22, 1946, to succeed an ad hoc Committee on Rules of Practice and Procedure appointed by the Court on March 5,

1940. Its membership comprises judges, lawyers, and a court clerk. The Rules Committee meets regularly to recommend changes in or additions to the rules of the Court of Appeals governing the practice and procedure of law and judicial administration.

STATE BOARD OF LAW EXAMINERS

Chairperson: Jerrold V. Powers, 1982

M. Natalie McSherry, 1980; J. Frederick Sharer, 1980; William Francis Abell, Jr., 1981; David C. Daneker, 1981; Charles H. Dorsey, Jr., 1983; William H. Price II, 1984.

The Courts of Maryland were first authorized to examine persons seeking to practice law in 1715 (Acts 1715, Chap. 48, sec. 12). The examination of attorneys remained a function of the courts of the State until 1898, when the Legislature created the State Board of Law Examiners (Chapter 139, Acts of 1898). The Board is composed of seven members appointed by the judges of the Court of Appeals. Twice yearly, in the winter and summer, the Board conducts examinations for admission to the Bar. It also passes upon the petitions of attorneys from other states desiring admission and administers an Out-of-State Attorneys' Examination twice yearly. The Board passes upon appeals from the findings and recommendations of the Character Committees of the various circuits. Law students expecting to practice in Maryland must register their intentions with the Board. The Court of Appeals formulates the rules governing the Board, but the Board may prescribe rules for the conduct of examinations, providing such rules do not conflict with those made by the Court (Code 1957, 1976 Replacement Volume, Art. 10, secs. 2-8).

By Executive Orders of July 6, 1970, and July 17, 1970, respectively, the Governor of Maryland created the Governor's Commission on Appellate Judicial Selection and the Governor's Commissions on Trial Court Judicial Selection.

On December 18, 1974, the Governor issued an Executive Order restructuring the eight Trial Court Judicial Nominating Commissions and the Appellate Court Judicial Nominating Commission. Most of the changes included in the 1974 Order were based on recommendations made by the Maryland State Bar Association, Inc.

An additional change directly effecting the Administrative Office of the Courts was the designa-

tion of the State Court Administrator as ex officio secretary of all nine nominating commissions, with authority to activate any commission in the event of an existing or foreseeable judicial vacancy. This change was intended both to expedite the filling of judicial vacancies and to provide staff support for the nominating commissions. On October 4, 1977, Acting Governor Lee issued an Executive Order making some changes in Commission procedures, but generally confirming the 1974 Order.

The 1977 Executive Order directs that certain members of each Judicial Nominating Commission should be lawyers elected by fellow lawyers of the State in an election conducted by the Administrative Office of the Courts pursuant to rules governing such elections promulgated by the Court of Appeals. The other members of each Judicial Nominating Committee are lay members appointed by the Governor from the general public with a chairperson for each selection commission also appointed by the Governor who may be either a lawyer or a lay member.

On June 8, 1979, Governor Harry Hughes issued an Executive Order directing that judicial vacancies may be filled by selecting a person from a list previously submitted to fill a vacancy on the same court within one calendar year of the occurrence and as long as the information on the nominees is updated.

The Appellate Judicial Nominating Commission is composed of thirteen members from each of the six Appellate Judicial Circuits. The six elected members must be lawyers; the six lay members are appointed. The chairperson, who may be either a lawyer or lay member, is appointed from the State at large.

There are eight Trial Court Judicial Nominating Commissions, one for each of the eight Judicial Circuits in the State. Each of the Trial Court Commissions is composed of thirteen members, six of whom are lawyers and six of whom are lay members. Each of the six lawyer members is elected from the particular Judicial Circuit in which he maintains a principal office. The six appointed lay members from each Judicial Circuit must be residents and registered voters of that circuit and there must be at least one representative from each county if the Judicial Circuit is composed of more than one county. The chairperson of each commission, appointed from the Judicial Circuit in which he resides, must be a registered voter and may be either a lawyer or lay member.

The terms of the members of the Appellate Commission and the Trial Court Commissions are for four years. The terms of the present members expire in January 1983.

The function of the Appellate Nominating Commission and the Trial Court Nominating Commissions is to consider and pass upon the qualifications of proposed judicial appointees and to nominate to the governor those fully qualified for vacant judicial offices to be filled by him on the Court of Appeals, the Court of Special Appeals, the County Circuit Courts, the Supreme Bench of Baltimore City, and the District Court. The Executive Order binds the governor to appoint from the list of nominees.

Annapolis 21401

Telephone: 269-2141

The Maryland Judicial Conference was informally organized in 1945. It was formally established in 1969 when the Court of Appeals promulgated Maryland Rule 1226.

The Conference consists of all judges of the Court of Appeals, Court of Special Appeals, the Circuit Courts for the counties, the Supreme Bench of Baltimore City, and the District Court. The Administrative Office of the Courts serves as secretariat for the Conference and all committees appointed by it. The chief judge of the Court of Appeals is chairperson of the Conference and appoints all committees except the Executive Committee, which is elected by the Conference.

The Conference meets annually in plenary session. It conducts educational activities for the judges and considers the status of judicial business in various courts, devises means for relieving congestion of dockets where it may be necessary, considers improvements of practice and procedure in the courts, considers and recommends legislation and exchanges ideas with respect to the improvement of the administration of justice and the judicial system in Maryland.

The Court of Appeals created this Commission in 1975 to supervise and administer the discipline and the inactive status of attorneys. The Commission consists of eight attorneys and two non-attorneys appointed by the Court of Appeals for four-year terms. The Court designates the chairperson. No member may serve more than one full term. The Court also created an Inquiry Committee as well as a Review Board to act on disciplinary cases. At the same time the Court of Appeals established a Disciplinary Fund, contributions to which are required of all practicing attorneys.

The staff of the Commission investigates and prosecutes misconduct of any attorney in Maryland. It is also responsible for the investigation of petitions for reinstatement (Rule 1100, Chap. BV).

Thurs., 8:30 A.M.-9:00 P.M.; Sat., 9:00 A.M.-
4:00 P.M.

The State Library was originally established by Chapter 53, Acts of the General Assembly of 1827, and at that time was an agency of the executive branch. Its primary purpose was to serve the legal and general reference needs of the legislative and judicial branches of State government. The Library operated under this organizational structure until the legislative session of 1978, when it was placed under the Judicial Department and given a new name (Chapter 128, Laws of 1978). This reorganization formalized a relationship that the Library had with the Courts since the establishment of the Library in 1827.

The Library Committee, which acts as the governing board of the Library, is composed of at least three members who are appointed by the Court of Appeals (Code Courts Article, sec. 13-502). This Committee's powers include appointment of a director of the Library, appropriate rule making, and purchase authorization for new titles (Code Courts Article, sec. 13-503).

Besides the primary purpose of serving the legal information needs of the State's appellate courts and other branches of State government, and also acting as a resource center for Circuit Court libraries throughout the State, the Library is open to the public and encourages the use of a number of extremely valuable reference resources, including—law, general reference materials, State and federal government documents, and State and local history and genealogy. With a total collection well in excess of 144,000 volumes, this Library facility offers the researcher access to a unique information resource. The collection, which is basically composed of reference material, does not circulate except to State agency personnel. Much of the collection, however, is available on interlibrary loan and photocopy facilities are available to patrons.

Law related material makes up the major portion of the total collection and contains reported court decisions from all appellate jurisdictions across the country in addition to some English speaking foreign countries. Legislative enactments, both in session law form and as statutory compilations, are also filed in the Library from almost every state, as are all federal and some foreign statutes. The Library's legal periodical holdings includes 298 current subscriptions from all the major law schools and many bar groups and commercial publishers. In addition there is a strong and growing collection of legal texts and topical looseleaf reporting services along with the other legal reference materials found in most law libraries.

The State and federal government documents holdings is a vast area of valuable information. The Library has been a select U.S. Government depository for federal agency and congressional publications for many years and as a result has collected and indexed thousands of reference publications in the area of social sciences, economics, law enforcement, legislative histories, and numerous other disciplines. The Maryland government documents collection is probably the most complete retrospective holdings of State agency documents available. In addition, all local governments must file copies of their codes with the State Law Library.

A third distinct subject collection and a heavily-used resource is the local history and genealogy collection. This resource, which has been actively developed over the years, complements much of the original source records researchers have access to in the Maryland Hall of Records and Maryland Historical Society. Included among the holdings are the Maryland census schedules from 1776 through 1900 with name indexes; a complete and invaluable original file of the earlier issues of the *Maryland Gazette* (1745-1838); a

complete run of the *Baltimore Sun* (1837-date); and numerous county histories, family genealogies, and research guides.

Additional items of interest are the Library's holdings of rare books, early Maryland maps and documents, including the subscription edition of James Audubon's four-volume elephant folio, *Birds of America*. Also on display in the Library are the classic lithograph prints of each of the official state birds for thirty-five states and the American Bald Eagle, commissioned by the Nature Society and painted by Richard Sloane. The State Law Library was designated as the official depository for these prints by the governor in 1970.

Finally, the Library serves as the distributing agency for the *Maryland Reports* and the *Maryland Appellate Reports* (Code Courts Article, sec. 13-504). The Library also distributes the *Annotated Code of Maryland* under the direction of the Board of Public Works. The Library publishes a bimonthly list entitled *Recent Acquisitions*, as well as miscellaneous bibliographies and a descriptive brochure on the Library.

COUNTY GOVERNMENT IN MARYLAND

The county court served as the administrative unit of county government from the formation of the first colonial Maryland counties until 1798, when the levy court assumed its functions. By 1827, boards of county commissioners began to replace the levy courts. These boards became synonymous with all county government until the mid-twentieth century. Today, with a board of county commissioners serving executive and legislative functions, twelve counties continue this form: Calvert, Caroline, Carroll, Cecil, Charles, Dorchester, Frederick, Garrett, Queen Anne's, St. Mary's, Somerset, and Washington.

Since 1948, the citizens of several counties have used alternative modes of government. Eight counties have adopted charter governments: Montgomery (1948), Baltimore (1956), Anne Arundel and Wicomico (1964), Howard (1968), Prince George's (1970), Harford (1972), and Talbot (1973). In these counties special departments, agencies, and officers perform functions formerly exercised by the board of county commissioners. Three additional counties—Kent (1970), Allegany (1974), and Worcester (1976)—have adopted optional powers of home rule as provided by Article XIF of the Constitution and Article 25B of the *Annotated Code of Maryland*. For provisions relating to the counties that do not fall into these categories, see Article 25 of the Code as amended. Regardless of the form of government, however, most of the traditional offices remain, and although many of them are not regulated by charter they work side by side with the new departments (Const. 1867, Art. XI-A; Code 1957, Art. 25A, as amended). For this reason the officers, boards, and commissions of all counties, regardless of the type of county government, are listed according to function rather than according to the legal or administrative relationships their charters have created.

Baltimore City became a governmental unit, separate from Baltimore County, with the ratification of the State Constitution of 1851. While its original incorporation dates from 1796, the City operates under its current charter of 1964. For State provisions for Baltimore City government see Article XI of the Constitution, as well as the *Annotated Code of Maryland*.

JUDICIAL OFFICERS

Circuit Court Resident Judge: Elected by the voters of the First, Second, and Eighth Judicial Circuits and in other circuits by the voters of the county for a fifteen-year term (Const. 1867, Art. IV, secs. 19-26; Courts Art., secs. 1-501 through 1-503).

Circuit Court Clerk: Elected by the voters of the county for a four-year term (Const. 1867, Art. IV, sec. 25; Courts Art., secs. 2-201 through 2-206).

District Court Judge: Appointed by the Governor with the advice and consent of the Senate for a ten-year term or until mandatory retirement is reached at the age of seventy. The District Court system replaced the previously existing justices of the peace, county trial magistrates, people's courts, the Municipal Court of Baltimore City, and other courts of limited jurisdiction (Const. 1867, Art. IV, sec. 41-D; Courts Art., secs. 1-601 through 1-605).

District Court Administrative Clerk: Appointed by the chief judge of the District Court upon the recommendation of the administrative judge of the District (Const. 1867, Art. IV, sec. 41-F; Courts Art., sec. 2-602).

District Court County Clerk: Appointed by the chief judge of the District Court upon the recommendation of the administrative judge of the District (Courts Art., sec. 2-601).

Orphans' Court Judge: Elected by the voters of Baltimore City and each county for a four-year term, except in Montgomery and Harford counties where the Circuit Court judges perform that function. The Governor designates the chief judge (Const. 1867, Art. IV, secs. 20, 40; Code 1957, Art. 93).

Register of Wills: Elected by the voters of the county for a four-year term (Const. 1867, Art. IV, sec. 41; Code 1957, Art. 93).

Sheriff: Elected by the voters of the county for a four-year term (Const. 1867, Art. IV, sec. 44; Code 1957, Art. 87; Courts Art., secs. 2-301 through 2-309).

State's Attorney: Elected by the voters of the county for a four-year term (Const. 1867, Art. V, sec. 7-12).

**COMMENTS ON 1980 GENERAL
ELECTION VOTER TURNOUT**

In the 1980 General Election, a higher percentage—75.8 percent—of Maryland's registered voters exercised the privilege to select candidates of their choice than in any election since the Nixon (R), Humphrey (D), Wallace (AI) election of 1968, when the figure reached 77.4 percent.

The popular vote in the 1980 General Election totaled 1,565,836, representing an increase of 133,563 over that cast for Carter (D) and Ford

(R) in 1976, when Maryland's popular vote totaled 1,432,273.

1,513,116 voters, or 96.6 percent, cast ballots in person in 1980; the remaining 3.4 percent, or 52,720 voters, submitted absentee ballots. The ballots requested by absentees totaled 59,621, of which 88.8 percent were returned, establishing a record for the State. Eleven counties exceeded a 90 percent return on their requested absentee ballots, with Calvert County topping the list with 96 percent.

Maryland—Historical List*

PRINCIPAL EXECUTIVE OFFICERS

BARONS OF BALTIMORE AND LORDS PROPRIETARY

- 1579-1632. George Calvert, created first Lord Baltimore in February 1625. Petitioned the King for a grant of land north of the Potomac.
- 1605-1675. Cecilius Calvert, second Lord Baltimore. Succeeded to title on death of George, April 15, 1632. Granted Charter of Maryland on June 20, 1632.
- 1637-1715. Charles Calvert, third Lord Baltimore. Succeeded to title on death of Cecilius, November 30, 1675.
- 1679-1715. Benedict Leonard Calvert, fourth Lord Baltimore. Succeeded to title on death of Charles, February 21, 1715.
- 1699-1751. Charles Calvert, fifth Lord Baltimore. Succeeded to title on death of Benedict Leonard, April 16, 1715.
- 1732-1771. Frederick Calvert, sixth Lord Baltimore. Succeeded to title on death of Charles, April 24, 1751.
- 1759-1834. Henry Harford. Harford did not succeed to the title when Frederick died on September 4, 1771, because he was an illegitimate son. He was bequeathed the Province of Maryland in Frederick's will. After the Revolution, Harford relinquished his claim to Maryland in return for a monetary grant from the British government.

COLONIAL GOVERNORS

- 1634-1644/5. Leonard Calvert. Prior to the granting of the Charter to Cecilius Calvert, Captain William Claiborne, acting under a commission from the King, had established a trading post and plantation on Kent Island in 1631. He was driven from the island by Leonard Calvert a few months after the colonists landed. Calvert had occasion to leave the colony several times, usually for only a month or two, but once for over a year. During his absences the following men governed the province: 1637/8 and 1638, John Lewger; 1638 and 1641, Captain Thomas Cornwaleys; 1643-1644, Giles Brent; 1644, William Brainthwait.
- 1644/5-1646. Captain Richard Ingle. Usurped the government and maintained control until about the middle of 1646.
1646. Captain Edward Hill. Elected Governor by the Council while Leonard Calvert was still in Virginia, Hill also claimed to have a commission from Calvert. His appointment was illegal, as he was not a member of the Council when elected, and Calvert was out of the province when the commission was issued. He does seem to have held office, however, for he later attempted to collect certain fees and emoluments that were due him by virtue of his service.
- 1646-1647. Leonard Calvert.
- 1647-1648/9. Thomas Greene.
- 1649-1651/2. Captain William Stone. During absences from the province he left the following men to act in his place: 1649, Thomas Greene; 1650, Thomas Hatton.
1652. Parliamentary Commissioners.
- 1652-1654. Captain William Stone.
- 1654-1657. Commissioners appointed by the Parliamentary Commissioners.
- 1657-1660. Josias Fendall. Appointed Luke Barber to serve in his place while he was absent from the province from June 1657 to February 1657/8.
- 1660-1661. Philip Calvert.
- 1661-1676. Charles Calvert. Left Philip Calvert, William Calvert, Jerome White, and Baker Brooke as deputies governing the colony from May 1669 to November 1670 while he was in England. On November 30, 1675, his father died, and he became Lord Proprietary.
1676. Jesse Wharton. Cecilius Calvert, infant son of the Lord Proprietary, was the nominal governor from June to October 1676, but actually the province was governed by the deputy governors.
- 1676-1679. Thomas Notley. Succeeded Wharton as deputy governor, and later, in October 1676, was commissioned governor by the Lord Proprietary.
- 1678/9-1684. Charles Calvert, Lord Proprietary. Calvert was definitely back in the province by January 1678/9, perhaps earlier, but he appears to have permitted Notley to retain the title of governor until his death in April 1679.
- 1684-1688. Council of Deputy Governors. Benedict Leonard Calvert, infant son of the Lord Proprietary, was commissioned governor, but the duties were actually performed by the deputies. The deputies named in the commission were George Talbot, Thomas Tailler, Colonel Vincent Lowe, Colonel William Stevens,

- Colonel William Burgess, Major Nicholas Sewall, and John Darnall. Most of them served the entire period indicated, but there were a few changes.
- 1688-1689. William Joseph. Named president of the Council of Deputies in a commission from the Lord Proprietary.
- 1689-1690. John Coode. Leader of the Protestant Associators who seized the government on August 1, 1689.
- 1690-1692. Nehemiah Blackiston. Appointed president of the Committee for the Government of Maryland when Coode went to England.
- 1692-1693. Sir Lionel Copley.
1693. Sir Thomas Lawrence. Elected governor after the death of Copley, but had served only a week or two when Sir Edmund Andros arrived in Maryland to assume control of the government.
1693. Sir Edmund Andros. Remained in Maryland about ten days before returning to Virginia.
- 1693-1694. Colonel Nicholas Greenberry. Appointed president of the Council by Andros.
1694. Sir Edmund Andros. Remained in Maryland about a week.
1694. Sir Thomas Lawrence. Appointed president of the Council by Andros.
- 1694-1698/9. Sir Francis Nicholson.
- 1698/9-1702. Colonel Nathaniel Blackiston.
- 1702-1704. Thomas Tench. Appointed president of the Council by Blackiston.
- 1704-1709. Colonel John Seymour.
- 1709-1714. Major General Edward Lloyd. Elected president of the Council when Colonel Francis Jenkins, who was senior member of the Council and thus entitled to succeed Seymour, failed to assert his right promptly.
- 1714-1715. John Hart.
- 1715-1720. John Hart. Continued to serve as governor after control of the province was returned to Charles, fifth Lord Baltimore, a professed Protestant.
1720. Thomas Brooke. Became president of the Council by virtue of his seniority when Hart returned to England.
- 1720-1727. Charles Calvert.
- 1727-1731. Benedict Leonard Calvert.
- 1731-1732. Samuel Ogle.
- 1732-1733. Charles Calvert, Lord Proprietary.
- 1733-1742. Samuel Ogle.
- 1742-1746/7. Thomas Bladen.
- 1746/7-1752. Samuel Ogle.
- 1752-1753. Benjamin Tasker. Became president of the Council upon the death of Governor Ogle.
- 1753-1769. Horatio Sharpe.
- 1769-1776. Robert Eden. Eden was in England from May to November 1774, during which time Richard Lee, president of the Council, governed the province. Lee also governed the province briefly in 1776 during the interval between the departure of Eden and the assumption of the government by the Convention.

REVOLUTIONARY INTERREGNUM

During the years 1774-1776, the powers of government increasingly came to be exercised by extra legal assemblies. In all there were nine meetings of six appointed or duly elected provincial conventions. Apparently neither contemporaries nor subsequent publishers of the extant proceedings were certain how to differentiate separately elected and self-contained conventions from those sessions that were merely a continuation of an adjourned meeting. This confusion partly results from the ambiguity of the surviving journals. On July 3, 1776, the penultimate Convention decreed that its own dissolution date would be August 1, 1776. The last entry on July 6, however, recorded that "the convention adjourns till Thursday the first day of August next. . . ." For convenience each session is listed below as a distinct convention, although there were elections only to the second, fourth, fifth, sixth, and ninth.

It was inconvenient for so large a group (at one meeting there were 141 delegates) to remain in continuous session; therefore, Councils of Safety were elected by the Conventions to exercise executive power during the intervals between Convention meetings. With some exceptions, the Councils of Safety were composed of nine members, five from the Western Shore and four from the Eastern Shore. The Convention, which met from August 14, 1776, about six weeks after the Declaration of Independence, through November 11, 1776, framed the Constitution that governed Maryland until 1851. The General Assembly established by the Constitution began meeting on February 5, 1777, but the Council of Safety continued to function as the executive body of the

State until March 20 of the same year. On March 22, 1777, the Assembly adopted a resolution "for dissolving the Council of Safety and Vesting the Governor and Council with their Powers." The Governor and Council had qualified two days earlier on March 20, and they immediately began to perform the duties assigned to them.

GOVERNORS' COUNCILS, 1777-1838

The Constitution of 1776 (Art. 26) provided that both houses of the Legislature elect by joint ballot five men to be "the Council to the Governor." This was an advisory body of considerable influence. It was also provided that on the death, removal, or incapacity of the governor the first named of the Council should become governor and proceed to the calling of a special session of the Legislature for the election of a new governor. The Council was abolished in 1838 by means of a constitutional amendment (Acts 1836, ch. 197, sec. 13; Acts 1837, ch. 84).

¹⁹Chapter 576, Acts of 1970, changed the date of the beginning of the governor's term to the third Wednesday in January following his election. By letter dated June 4, 1977, Governor Mandel notified Lieutenant Governor Blair Lee III that Lee would serve as acting governor until further notice according to the terms of Article 2, Section 6b of the Maryland Constitution. Lee continued to act in the capacity of acting governor until January 15, 1979, when Mandel rescinded his letter of June 4, 1977, two days before the expiration of his second full elective term. Governor Mandel designated Lee acting governor again for a brief period on January 16 to permit Lee to preside at the installation of Rita C. Davidson to the Court of Appeals.

LIEUTENANT GOVERNORS OF MARYLAND

The office of lieutenant governor was created by the Constitution of 1864 (Art. 2, Sec. 6). He served as president of the Senate, and acted as governor in case of the death, resignation, removal from the state, or other disqualification of the governor. The only incumbent of that office under the Constitution of 1864 was elected on November 8, 1864, and he took his oath of office on January 11, 1865. He served until January 8, 1868, although his term as specified by the Constitution was for four years. The Constitution of 1867 contained a special provision that the governor could serve out the full term for which he had been elected, which expired on the second Wednesday of January 1869. This provision did not apply to the other officers who had been elected in 1864.

The office was reestablished by a Constitutional Amendment (Chapter 532, Acts of 1970) ratified by the people on November 3, 1970.

CHARTER OF MARYLAND

TRANSLATED FROM THE LATIN ORIGINAL

CHARLES, by the grace of God, of *England, Scotland, France, and Ireland*, KING, Defender of the Faith, &c. To ALL to whom these Presents shall come, GREETING.

V. AND WE do by these presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premises (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs, and Successors; to HAVE, HOLD, POSSESS, and ENJOY the aforesaid Region, Islands, Islets, and other the Premises, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns, forever. To HOLD of US, our Heirs

and Successors, Kings of *England*, as of our Castle of *Windsor*, in our County of *Berks*, in free and common SOCCAGE, by Fealty only for all Services, and not in *Capite*, nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of *Windsor*, every Year, on Tuesday in Easter-week: and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our more especial Grace, certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plenitude of our royal Power and Prerogative, WE do, for US, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. AND forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for US, our Heirs and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind, WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full, and absolute Power, by the Tenor of these Presents, to Ordain, Make, and Enact LAWS, of what kind soever, according to their sound Discretions, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall require, by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs, and duly to execute the same upon all Persons, for the Time being, within the aforesaid PROVINCE, and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outwardbound, either to *England*, or elsewhere, whether to any other Part of Our, or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents, and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE, or his Heirs, shall seem most

fitting; And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceedings, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætorian Judicatories, and Tribunals, in all Actions, Suits, Causes, and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætorian: Which said Laws, so to be published as above said, WE will, enjoin, charge, and command, to be the most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed. So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be not repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and rights of this Our Kingdom of *England*.

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen, to which it will be necessary to apply a Remedy, before the Freeholders of the said PROVINCE, their Delegates, or Deputies, can be called together for the framing of LAWS; neither will it be fit that so great a number of People should immediately, on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the said now Baron of BALTIMORE, and to his Heirs, that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesom Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publicly to notify the same to all Persons whom the same in anywise do or may affect. Which Ordinances WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Rights of our Kingdom of *England*: and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life, Freehold, Goods or Chattels.

IX. FURTHERMORE, that the New Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers: WE therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, Licence and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport themselves and their Families to

the said PROVINCE with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength, at the Appointment of the aforesaid now Baron of BALTIMORE, and his Heirs, for the Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain, and commend, that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland*; and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England*; also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever, within our Kingdom of *England*, and other our Dominions, to inherit, or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England*, freely, quietly, and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England*, without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance, or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and cheerful Mind: KNOW YE, that WE, of our especial Grace, certain Knowledge, and mere Motion, do, by the Tenor of these Presents, give and grant, as well to the aforesaid Baron of BALTIMORE, and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE, without the Impediment or Molestation of US, our Heirs or Successors, or of any officers of US, our Heirs or Successors, (SAVING unto US, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes) any Statute, Act, Ordinance, or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions as well of the Barbarians themselves, as of other Enemies,

Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs, and Successors, do Give by these Presents, as full and unrestrained Power, as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains, or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born, for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also WILL, and by this our CHARTER, do Give unto the aforesaid now Baron of BALTIMORE, and to his Heirs, and Assigns, Power, Liberty, and Authority, that, in Case of Rebellion, sudden Tumult, or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the PROVINCE aforesaid, or upon the High Sea in making a Voyage to the said PROVINCE of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of an Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves from the Government of him or them, refusing to serve in War, flying over to the Enemy, exceeding their Leave of Absence, Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to, Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, WE, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards and Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into BOROUGHS, and BOROUGHS into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premises, which to him or them shall seem fitting and convenient; even although they shall be such as, in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. WE WILL also, and by these Presents do, for US, our Heirs and Successors, give and grant Licence by

this our CHARTER, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and to all Persons whatsoever, who are, or shall be Residents and Inhabitants of the PROVINCE aforesaid, freely to import and unlade, by themselves, their Servants, Factors or Assigns, all Wares and Merchandizes whatsoever, which shall be collected out of the Fruits and Commodities of the said PROVINCE, whether the Product of the Land or the Sea, into any the Ports whatsoever of US, our Heirs and Successors, of *England* or *Ireland*, or otherwise to dispose of the same there; and, if Need be, within One Year, to be computed immediately from the Time of unlading thereof, to lade the same Merchandizes again, in the same, or other Ships, and to export the same to any other Countries they shall think proper, whether belonging to US, or any foreign Power which shall be in Amity with US, our Heirs or Successors: Provided always, that they be bound to pay for the same to US, our Heirs and Successors, such Customs and Impositions, Subsidies and Taxes, as our other Subjects of our Kingdom of *England*, for the Time being shall be bound to pay, beyond which WE WILL that the Inhabitants of the aforesaid PROVINCE of the said Land, called MARYLAND, shall not be burdened.

XVI. AND FURTHERMORE, of our more ample special Grace, and of our certain Knowledge, and mere Motion, WE do, for US, our Heirs and Successors, grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Power and Authority to make, erect, and constitute, within the PROVINCE of MARYLAND, and the islands and Islets aforesaid, such, and so many Sea-Ports, Harbours, Creeks, and other Places of Unlading and Discharge of Goods and Merchandizes out of Ships, Boats, and other Vessels, and of Lading in the same, and in so many, and such places, and with such Rights, Jurisdictions, Liberties, and Privileges, unto such Ports respecting, as to him or them shall seem most expedient: And, that all and every the Ships, Boats, and other Vessels whatsoever, coming to, or going from the PROVINCE aforesaid, for the Sake of Merchandizing, shall be laden and unladen at such Ports only as shall be so erected and constituted by the said now Baron of BALTIMORE, his Heirs and Assigns, any Usage, Custom, or any other Thing whatsoever to the contrary notwithstanding. SAVING always to US, our Heirs and Successors, and to all the Subjects of our Kingdoms of *England* and *Ireland*, of US, our Heirs and Successors, the Liberty of Fishing for Sea-Fish as well in the Sea, Bays, Straits and navigable Rivers, as in the Harbours, Bays, and Creeks of the PROVINCE aforesaid; and the Privilege of Salting and Drying Fish on the Shores of the same PROVINCE; and, for that Cause, to cut down and take Hedging-Wood and Twigs there growing, and to build Huts and Cabins, necessary in this Behalf, in the same Manner as heretofore they reasonably might, or have used to do. Which Liberties and Privileges, the said Subjects of US, our Heirs and Successors, shall enjoy, without notable Damage or Injury in any wise to be done to the aforesaid now Baron of BALTIMORE, his Heirs or Assigns, or to the Residents and Inhabitants of the same PROVINCE in the Ports, Creeks, and Shores aforesaid, and especially in the Woods and Trees there growing. And if any Person shall do damage or Injury of this kind, he shall incur the Peril and Pain of the

heavy Displeasure of US, our Heirs and Successors, and of the due Chastisement of the Laws, besides making Satisfaction.

XVII. MOREOVER, WE will, appoint, and ordain, and by these Presents, for US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that the same Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, for ever, shall have, and enjoy the Taxes and Subsidies payable, or arising within the Ports, Harbours, and other Creeks and Places aforesaid, within the PROVINCE aforesaid, for Wares bought and sold, and Things there to be laden, and unladen, to be reasonably assessed by them, and the People there as aforesaid, on emergent Occasion; to Whom WE grant Power by these Presents, for US, our Heirs and Successors, to assess and impose the said taxes and Subsidies there, upon just Cause, and in due Proportion.

XVIII. AND FURTHERMORE, of our special Grace, and certain Knowledge, and mere Motion, WE have given, granted, and confirmed, and by these Presents, for US, our Heirs and Successors, do give, grant, and confirm, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Licence, Power, and Authority, that he, the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, from Time to Time hereafter, for ever, may and can, at his or their Will and Pleasure, assign, alien, grant, demise, or enfeoff so many, such, and proportionate Parts and Parcels of the Premises, to any Person or Persons willing to purchase the same, as they shall think convenient, to have and to hold to the same Person or Persons willing to take or purchase to same, and his and their Heirs and Assigns, in Fee-Simple, or Fee-tail, or for Term of Life, Lives, or Years; to hold of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, by so many, such, and so great Services, Customs and Rents OF THIS KIND, as to the same now Baron of Baltimore, his Heirs and Assigns, shall seem fit and agreeable, and not immediately of US, our Heirs or Successors. And WE do give, and by these Presents, for US, our Heirs and Successors, do grant to the same Person and Persons, and to each and every of them, Licence, Authority and Power, that such Person and Persons, may take the premisses, or any Parcel thereof, of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and hold the same to them and their Assigns, or their Heirs, of the aforesaid Baron of BALTIMORE, his Heirs and Assigns, of what Estate of Inheritance soever, in Fee-simple or Fee-tail, or otherwise, as to them and the now Baron of BALTIMORE, his Heirs and Assigns, shall seem expedient; the Statute made in the Parliament of Lord EDWARD, son of King HENRY, late King of *England*, our Progenitor, commonly called the "STATUTE QUIA EMPTORES TERRARUM," heretofore published in our Kingdom of *England*, or any other Statute, Act, Ordinance, Usage, Law, or Custom, or any other Thing, Cause or Matter, to the contrary thereof, heretofore had, done, published, ordained or provided to the contrary thereof notwithstanding.

XX. AND FURTHER WE will, and do, by these Presents, for US, our Heirs and Successors, covenant and grant to, and with the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that WE, our Heirs, and Successors, at no Time hereafter, will impose, or make or cause to be imposed, any Impositions, Customs, or other Taxations, Quotas or Contributions whatsoever, in or upon the Residents or Inhabitants of the PROVINCE aforesaid for their Goods, Lands, or Tenements within the same PROVINCE, or upon any tenements, lands, goods or chattels within the PROVINCE aforesaid, or in upon any Goods or Merchandizes within the PROVINCE aforesaid, or within the Ports or Harbours of the said PROVINCE, to be laden or unladen: And WE Will and do, for US, our Heirs and Successors, enjoin and command that this our Declaration shall, from Time to Time, be received and allowed in all our Courts and Prætorian Judicatories, and before all the Judges whatsoever of US, our Heirs and Successors, for a Sufficient and lawful Discharge, Payment, and Acquittance thereof, charging all and singular the Officers and Ministers of US, our Heirs and Successors, and enjoining them, under our heavy Displeasure, that they do not at any Time presume to attempt any Thing to the contrary of the Premises, or that may in any wise contravene the same, but that they, at all Times, as is fitting, do aid and assist the aforesaid now Baron of BALTIMORE, and his Heirs, and the aforesaid Inhabitants and Merchants of the PROVINCE of MARYLAND aforesaid, and their Servants and Ministers, Factors and Assigns, in the fullest Use and Enjoyment of this our CHARTER.

XXII. AND if, peradventure, hereafter it may happen, that any Doubts or Questions should arise concerning the true Sense and Meaning of any Word, Clause, or Sentence, contained in this our present CHARTER, WE will, charge and command, THAT Interpretation to be applied, always, and in all Things, and in all our Courts and Judicatories whatsoever, to obtain which shall be judged to be the more beneficial, profitable, and favourable to the aforesaid now Baron of BALTIMORE, his Heirs and Assigns: PROVIDED always, that no Interpretation thereof be made, whereby GOD'S holy and true Christian Religion, or the Allegiance due to US, our Heirs and Successors, may in any wise suffer by Change, Prejudice, or Diminution; although express Mention be not made in these Presents of the true yearly Value or Certainty of the Premises, or any Part thereof, or of other Gifts and Grants made by US, our Heirs and Predecessors, unto the said now Lord BALTIMORE, or any Statute, Act, Ordinance, Provision, Proclamation or Restraint, heretofore had, made, published, ordained or provided, or any other Thing, Cause, or Matter whatsoever, to the contrary thereof in any wise notwithstanding.

XXIII. IN WITNESS whereof WE have caused these our Letters to be made Patent. WITNESS OURSELF at *Westminster*, the Twentieth Day of *June*, in the Eighth Year of our Reign. (June 20, 1632).

Constitution of Maryland

CONSTITUTION OF MARYLAND

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND WAS RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND EIGHTY¹

DECLARATION OF RIGHTS.

We, the People of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their Form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made, or which shall be made, in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are, and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby; anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the people thereof.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof, as a free, sovereign and independent State.

Art. 5. That the Inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that Law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from, or under the Charter granted by His Majesty Charles the First to Cæcilius Calvert, Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are the Trustees of the Public, and, as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought, to reform the old, or establish a new Government; the doctrine of non-resistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

Art. 7.² That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose, elections ought to be free and frequent; and every citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised; or allowed.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art. 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

Art. 12. That for redress of grievances, and for amending, strengthening and preserving the Laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceable and orderly manner.

¹ Including amendments proposed by the General Assembly and adopted by the people through November 4, 1980.

(10)⁸¹ If the Budget Bill shall not have been finally acted upon by the Legislature seven days before the expiration of the regular session, the Governor shall issue a proclamation extending the session for some further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

The estimates for the Legislative Department, certified by the presiding officer of each House, of the Judiciary, as provided by law, certified by the Comptroller, and for the public schools, as provided by law, shall be transmitted to the Governor, in such form and at such times as he shall direct, and shall be included in the Budget without revision.

(12)⁸³ The Governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and for all institutions applying for State moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools, as provided by law, and except that he may not reduce an estimate for a program below a level of funding prescribed by a law

They shall be not less than thirty years of age at the time of their election, or appointment, and shall be selected from those who have been admitted to practice Law in this State, and who are most distinguished for integrity, wisdom and sound legal knowledge.

Each of the said Judges shall hold his office for the term of fifteen years from the time of his election, and until his successor is elected and qualified, or until he shall have attained the age of seventy years, whichever may first happen, and be re-eligible thereto until he shall have attained the age of seventy years, and not after. In case of the inability of any of said Judges to discharge his duties with efficiency, by reason of continued sickness, or of physical or mental infirmity, it shall be in the power of the General Assembly, two-thirds of the members of each House concurring, with the approval of the Governor to retire said Judge from office.

SEC. 4A.⁹⁵ There is created a Commission on Judicial Disabilities composed of seven persons appointed by the Governor of Maryland. The members of the Commission shall be citizens and residents of this State. Four members of the Commission shall be appointed from among the judges of the appellate courts, the Circuit Courts, and the District Court; two members shall be appointed from among those persons who are admitted to practice of law in the State, who have been so engaged for at least fifteen years, and who are not judges of any court; and one member shall represent the public, who shall not be a judge, active or retired, and who is not admitted to the practice of law in this State. The term of office of each member shall be for four years commencing on January 1 following the expiration of his predecessor's term. Any vacancies on the Commission shall be filled for the unexpired term by the Governor in the same manner as for making of appointments to the Commission and subject to the same qualifications which were applicable to the person causing the vacancy. No member of the Commission shall receive any compensation for his services as such but shall be allowed any expenses necessarily incurred in the performance of his duties as such member.

All proceedings, testimony, and evidence before the Commission shall be confidential and privileged, except as provided by rule of the Court of Appeals; the record and any proceeding filed with the Court of Appeals shall lose its confidential character, except as ordered by the Court of Appeals. No judge shall participate as a member of the Commission in any proceedings involving his own conduct, and the Governor shall appoint another judge as a substitute member of the Commission for those proceedings. The Court of Appeals shall prescribe by rule the means to implement and en-

force the powers of the Commission and the practice and procedure before the Commission.

(b) Upon any recommendation of the Commission, the Court of Appeals, after a hearing and upon a finding of misconduct while in office, or of persistent failure to perform the duties of his office, or of conduct prejudicial to the proper administration of justice, may remove the judge from office or may censure or otherwise discipline him, or the Court of Appeals, after hearing and upon a finding of disability which is or is likely to become permanent and which seriously interferes with the performance of his duties, may retire the judge from office. A judge removed under this section, and his surviving spouse, shall have the rights and privileges accruing from his judicial service only to the extent prescribed by the order of removal. A judge retired under this section shall have the rights and privileges prescribed by law for other retired judges. No judge of the Court of Appeals shall sit in judgment in any hearing involving his own conduct.

(c) This section is alternative to, and cumulative with, the methods of retirement and removal provided in Sections 3 and 4 of this Article, and in Section 26 of Article III of this Constitution.

SEC. 5.⁹⁷ Upon every occurrence or recurrence of a vacancy through death, resignation, removal, disqualification by reason of age or otherwise, or expiration of the term of fifteen years of any judge of a circuit court, or creation of the office of any such judge, or in any other way, the Governor shall appoint a person duly qualified to fill said office, who shall hold the same until the election and qualification of his successor. His successor shall be elected at the first biennial general election for Representatives in Congress after the expiration of the term of fifteen years (if the vacancy occurred in that way) or the first such general election after one year after the occurrence of the vacancy in any other way than through expiration of such term. Except in case of reappointment of a judge upon expiration of his term of fifteen years, no person shall be appointed who will become disqualified by reason of age and thereby unable to continue to hold office until the prescribed time when his successor would have been elected.

SEC. 5A.⁹⁸ (a) A vacancy in the office of a judge of an appellate court, whether occasioned by the death, resignation, removal, retirement, disqualification by reason of age, or rejection by the voters of an incumbent, the creation of the office of a judge, or otherwise, shall be filled as provided in this section.

(b) Upon the occurrence of a vacancy the Governor shall appoint, by and with the advice and consent of the Senate, a person duly qualified to fill said office who shall hold the same until the election for continuance in office as provided in subsections (c) and (d).

(c) The continuance in office of a judge of the Court of Appeals is subject to approval or rejection by the registered voters of the appellate judicial circuit from which he was appointed at the next general election following the expiration of one year from the date of the occurrence of the vacancy which he was appointed to fill, and at the general election next occurring every ten years thereafter.

(d) The continuance in office of a judge of the Court of Special Appeals is subject to approval or rejection by the registered voters of the geographical area prescribed by law at the next general election following the expiration of one year from the date of the occurrence of the vacancy which he was appointed to fill, and at the general election next occurring every ten years thereafter.

(e) The approval or rejection by the registered voters of a judge as provided for in subsections (c) and (d) shall be a vote for the judge's retention in office for a term of ten years or his removal. The judge's name shall be on the appropriate ballot, without opposition, and the voters shall vote yes or no for his retention in office. If the voters reject the retention in office of a judge, or if the vote is tied, the office becomes vacant ten days after certification of the election returns.

(f) An appellate court judge shall retire when he attains his seventieth birthday.

(g) A member of the General Assembly who is otherwise qualified for appointment to judicial office is not disqualified by reason of his membership in a General Assembly which proposed or enacted any constitutional amendment or statute affecting the method of selection. SEC. 6.⁹⁹ All Judges shall, by virtue of their offices, be Conservators of the Peace throughout the State; and no fees, or perquisites, commission, or reward of any kind shall be allowed to any Judge in this State, besides his annual salary, for the discharge of any Judicial duty.

SEC. 7. No Judge shall sit in any case wherein he may be interested, or where either of the parties may be connected with him, by affinity or consanguinity, within such degrees as now are, or may hereafter be prescribed by Law, or where he shall have been of counsel in the case.

SEC. 8.¹⁰⁰ (a) The parties to any cause may submit the cause to the court for determination without the aid of a jury.

(b) In all cases of presentments or indictments for offenses that are punishable by death, on suggestion in writing under oath of either of the parties to the proceedings that the party cannot have a fair and impartial

trial in the court in which the proceedings may be pending, the court shall order and direct the record of proceedings in the presentment or indictment to be transmitted to some other court having jurisdiction in such case for trial.

(c) In all other cases of presentment or indictment, and in all suits or actions at law or issues from the Orphans' Court pending in any of the courts of law in this State which have jurisdiction over the cause or case, in addition to the suggestion in writing of either of the parties to the cause or case that the party cannot have a fair and impartial trial in the court in which the cause or case may be pending, it shall be necessary for the party making the suggestion to make it satisfactorily appear to the court that the suggestion is true, or that there is reasonable ground for the same; and thereupon the court shall order and direct the record of the proceedings in the cause or case to be transmitted to some other court, having jurisdiction in the cause or case, for trial. The right of removal also shall exist on suggestion in a cause or case in which all the judges of the court may be disqualified under the provisions of this Constitution to sit. The court to which the record of proceedings in such suit or action, issue, presentment or indictment is transmitted, shall hear and determine that cause or case in the same manner as if it had been originally instituted in that court. The General Assembly shall modify the existing law as may be necessary to regulate and give force to this provision.

SEC. 9.¹⁰¹ The Judge, or Judges of any Court, may appoint such officers for their respective Courts as may be found necessary. The General Assembly may provide, by Law, for compensation for all such officers; and the Judge or Judges shall, from time to time, investigate the expenses, costs and charges of their respective courts, with a view to a change or reduction thereof, and report the result of such investigation to the General Assembly for its action.

SEC. 10. The Clerks of the several Courts, created, or continued by this Constitution, shall have charge and custody of the records and other papers, shall perform all the duties, and be allowed the fees, which appertain to their several offices, as the same now are, or may hereafter be regulated by Law. And the office and business of said Clerks, in all their departments, shall be subject to the visitatorial power of the Judges of their respective Courts, who shall exercise the same, from time to time, so as to insure the faithful performance of the duties of said officers; and it shall be the duty of the Judges of said Courts respectively, to make, from time to time, such rules and regulations as may be necessary and proper for the government of said Clerks, and for the performance of the duties of their offices, which shall have the force of Law until repealed or modified by the General Assembly.

SEC. 12.¹⁰³ In case of any contested election for Judges, Clerks of the Courts of Law, and Registers of Wills, the Governor shall send the returns to the House of Delegates, which shall judge of the election and qualification of the candidates at such election; and if the judgment shall be against the one who has been returned elected, or the one who has been commissioned by the Governor, the House of Delegates shall order a new election within thirty days.

SEC. 13. All Public Commissions and Grants shall run thus: "The State of Maryland, etc.," and shall be signed by the Governor, with the Seal of the State annexed; all writs and process shall run in the same style, and be tested, sealed and signed, as heretofore, or as may hereafter be, provided by Law; and all indictments shall conclude, "against the peace, government and dignity of the State."

Its session or sessions shall continue not less than ten months in each year, if the business before it shall so require, and it shall be competent for the judges temporarily to transfer their sittings elsewhere upon sufficient cause. The salary of each Judge of the Court of Appeals shall be that now or hereafter prescribed by the General Assembly and shall

not be diminished during his continuance in office. Five of the judges shall constitute a quorum, and five judges shall sit in each case unless the Court shall direct that an additional judge or judges sit for any case. The concurrence of a majority of those sitting shall be sufficient for the decision of any cause, and an equal division of those sitting in a case has the effect of affirming the decision appealed from if there is no application for reargument as hereinafter provided. In any case where there is an equal division or a three to two division of the Court a reargument before the full Court of seven judges shall be granted to the losing party upon application as a matter of right.

SEC. 14A.¹⁰⁵ The General Assembly may by law create such intermediate courts of appeal as may be necessary. The General Assembly may prescribe the intermediate appellate jurisdiction of these courts of appeal, and all other powers necessary for the operation of such courts.

SEC. 14B.¹⁰⁶ No member of the General Assembly at which the addition of Section 14A was proposed, if otherwise qualified, shall be ineligible for appointment or election as a judge of any intermediate court of appeal, established by law by the General Assembly pursuant to said Section 14 A, by reason of his membership in such General Assembly.

SEC. 15.¹⁰⁷ Any Judge of the Court of Appeals or of an intermediate court of appeal who heard the cause below either as a trial Judge or as a Judge of any intermediate court of appeal as the case may be, shall not participate in the decision. In every case an opinion, in writing, shall be filed within three months after the argument or submission of the cause; and the judgment of the Court of Appeals shall be final and conclusive.

SEC. 16.¹⁰⁸ Provision shall be made by Law for publishing Reports of all causes, argued and determined in the Court of Appeals and in the intermediate courts of appeal, which the Judges thereof, respectively, shall designate as proper for publication.

SEC. 17.¹⁰⁹ There shall be a Clerk of the Court of Appeals, who shall be appointed by and shall hold his office at the pleasure of said Court of Appeals.

SEC. 18.¹¹⁰ (a) The Court of Appeals from time to time shall adopt rules and regulations concerning the practice and procedure in and the administration of the appellate courts and in the other court of this State, which shall have the force of law until rescinded,

(b)¹¹¹ The Chief Judge of the Court of Appeals shall be the administrative head of the judicial system of the State. He shall from time to time require, from each of the judges of the Circuit Courts, of the District Court and of any intermediate courts of appeal, reports as to the judicial work and business of each of the judges and their respective courts. He may, in case of a vacancy, or of the illness, disqualification or other absence of a judge or for the purpose of relieving an accumulation of business in any court assign any judge except a judge of the Orphans' Court to sit temporarily in any court except an Orphans' Court. Any judge assigned by the Chief Judge of the Court of Appeals pursuant to this section has all the power and authority pertaining to a judge of the court to which he is so assigned; and his power and authority shall continue with respect to all cases (including any motion, or other matters incidental thereto) which may come before him by virtue of such assignment until his action thereon shall be completed. In the absence of the Chief Judge of the Court of Appeals the provisions of this section shall be applicable to the senior judge present in the Court of Appeals. The powers of the Chief Judge set forth in this section shall be subject to any rule or regulation adopted by the Court of Appeals.

Part IIA—Interim Provisions.

SEC. 18B.¹¹² (a) For the purpose of implementing the amendments to this article, dealing with the selection and tenure of appellate court judges, the following provisions shall govern.

(b) Each judge of an appellate court who is in office for an elected term on the effective date of these amendments, unless he dies, resigns, retires, or is otherwise lawfully removed, shall continue in office until the general election next after the end of his elected term, or until his seventieth birthday, whichever first occurs. His continuance in office is then subject to the provisions of section 5A (c) and (d) of this article, applicable to judges of that court, but in no event shall any judge continue in office after his seventieth birthday.

(c) Each judge of a court specified in subsection (b) who is in office on the effective date of these amendments, but who has not been elected to that office by the voters, shall, within fifteen days after the effective date of these amendments, be reappointed to that office. His continuance in office is then subject to the provisions of section 5A (c) and (d) of this article, applicable to judges of that court, but in no event shall any judge continue in office after his seventieth birthday.

¹¹² Thus added by Chapter 551, Acts of 1975, ratified November 2, 1976.

Part III—Circuit Courts.

SEC. 19.¹¹³ The State shall be divided into eight Judicial Circuits, in manner following, viz.: The Counties of Worcester, Wicomico, Somerset, and Dorchester, shall constitute the First Circuit; the Counties of Caroline, Talbot, Queen Anne's, Kent and Cecil, the Second; the Counties of Baltimore and Harford, the Third; the Counties of Allegany, Garrett, and Washington, the Fourth; the Counties of Carroll, Howard and Anne Arundel, the Fifth; the Counties of Montgomery and Frederick, the Sixth; the Counties of Prince George's, Charles, Calvert, and St. Mary's, the Seventh; and Baltimore City, the Eighth.

SEC. 20.¹¹⁴ (a) There shall be a Circuit Court for each county and for Baltimore City. The Circuit Courts shall have and exercise, in the respective counties, and Baltimore City, all the power, authority and jurisdiction, original and appellate, which the Circuit Courts of the counties exercised on the effective date of these amendments, and the greater or lesser jurisdiction hereafter prescribed by law.

(b) The judges of the Circuit Courts for Montgomery and Harford counties shall each, alternately and in rotation and on schedules to be established by those judges, sit as an Orphans' Court for their County, and shall have and exercise all the power, authority and jurisdiction which the present Orphans' Courts now have and exercise, or which may hereafter be provided by law.

SEC. 21.¹¹⁵ (a) Subject to the provisions of subsection (b) the General Assembly shall determine by law the number of judges of the circuit court in each county and circuit. These judges shall be selected in accordance with Sections 3 and 5 of this Article.

(b) There shall be at least four circuit court judges resident in each circuit, and at least one circuit court judge shall be resident in each county. There shall be at least two such judges resident in Anne Arundel County, at least three resident in Baltimore County, at least four resident in Prince George's County, and at least five resident in Montgomery County.

(c) The senior judge in length of service in each circuit shall be the chief judge of the circuit. The other judges shall be associate judges.

(d) Except as otherwise provided by law, one judge shall constitute a quorum for the transaction of any business.

(e) The terms of the circuit courts shall be determined by law.

¹¹⁵ Thus amended by Chapter 542, Acts of 1976, ratified November 2, 1976.

SEC. 21A.¹¹⁶ If the amendments to sections 3 and 21 of Article IV proposed by House Bill 972, Senate Bill 390 (1976) and the amendments to those sections proposed by House Bill 1048 (1976) are ratified by the voters at the election in November 1976, the amendments to those sections proposed in House Bill 972, Senate Bill 390 (1976) shall take effect.

SEC. 22.¹¹⁷ Where any Term is held, or trial conducted by less than the whole number of said Circuit Judges, upon the decision or determination of any point, or question, by the Court, it shall be competent to the party, against whom the ruling or decision is made, upon motion, to have the point, or question reserved for the consideration of the three Judges of the Circuit, who shall constitute a court in *banc* for such purpose; and the motion for such reservation shall be entered of record, during the sitting, at which such decision may be made; and the several Circuit Courts shall regulate, by rules, the mode and manner of presenting such points, or questions to the court in *banc*, and the decision of the said Court in *banc* shall be the effective decision in the premises, and conclusive, as against the party, at whose motion said points, or questions were reserved; but such decision in *banc* shall not preclude the right of Appeal, or writ of error to the adverse party, in those cases, civil or criminal, in which appeal, or writ of error to the Court of Appeals may be allowed by Law. The right of having questions reserved shall not, however, apply to trials of Appeals from judgments of the District Court, nor to criminal cases below the grade of felony, except when the punishment is confinement in the Penitentiary; and this Section shall be subject to such provisions as may hereafter be made by Law.

SEC. 23.¹¹⁸ The Judges of the respective Circuit Courts of this State shall render their decisions, in all cases argued before them, or submitted for their judgment, within two months after the same shall have been so argued or submitted.

SEC. 24.¹¹⁹ The salary of each Chief Judge and of each Associate Judge of the Circuit Court shall not be diminished during his continuance in office.

SEC. 25.¹²⁰ There shall be a Clerk of the Circuit Court for each County and Baltimore City, who shall be elected by a plurality of the qualified voters of said County or City, and shall hold this office for four years from the time of his election, and until his successor is elected and qualified, and be re-eligible, subject to be removed for willful neglect of duty or other misdemeanor in office, on conviction in a Court of Law. In

case of a vacancy in the office of Clerk of a Circuit Court, the Judges of that Court may fill the vacancy until the general election for Delegates to the General Assembly, to be held next thereafter, when a successor shall be elected for the terms of four years.

SEC. 26.¹²¹ The Clerks shall appoint, subject to the confirmation of the Judges of their respective Courts, as many deputies under them, as the Judges deem necessary, to perform, together with themselves, the duties of the office, who shall be removable by the Judges for incompetency, or neglect of duty, and whose compensation shall be determined by law. In Washington County, all deputy clerks and other employees of the office of the clerk shall be appointed and be removable according to the merit system procedure established by law for these deputies and employees. Part VI—District Court.

SEC. 41A.¹³⁸ The District Court shall have the original jurisdiction prescribed by law. Jurisdiction of the District Court shall be uniform throughout the State; except that in Montgomery County and other counties and the City of Baltimore, the Court may have such jurisdiction over juvenile causes as is provided by law.

SEC. 41B.¹³⁹ The District Court shall consist of the number of judges prescribed by law. The State shall be divided by law into districts. Each district shall consist of one county or two or more entire and adjoining counties. The number of judges shall be allocated among the districts by law, and there shall be at least one District Court judge resident in each district. In any district containing more than one county, there shall be at least one District Court judge resident in each county in the district. Functional divisions of the District Court may be established in any district.

SEC. 41C. Each District Court judge shall devote full time to his judicial duties, shall have the qualifications prescribed by Section 2 of this Article, and shall be a resident of the district in which he holds office. The number of judges for any district may be increased or decreased by the General Assembly from time to time, subject to the requirements of Section 41B of this Article, and any vacancy so created shall be filled as provided in Section 41D of this Article.

SEC. 41D. The Governor, by and with the advice and consent of the Senate, shall appoint each judge of the District Court whenever for any reason a vacancy shall exist in the office. All hearings, deliberations and debate on the confirmation of appointees of the Governor shall be public, and no hearings, deliberations or debate thereon shall be conducted by the Senate or any committee or subcommittee thereof in secret or executive session. Confirmation by the Senate shall be made upon a majority vote of all members of the Senate. A judge appointed by the Governor may take office upon qualification and before confirmation by the Senate, but shall cease to hold office at the close of the regular annual session of the General Assembly next following his appointment or during which he shall have been appointed by the Governor, if the Senate shall not have confirmed his appointment before then. Each judge appointed by the Governor and confirmed by the Senate shall hold the office for a term of ten years or until he shall have attained the age of seventy years whichever may first occur. If the ten year term of a judge shall expire before that judge shall have attained the age of seventy years, that judge shall be reappointed by the Governor, with the Senate's consent, for another ten year term or until he shall have attained the age of seventy years, whichever may first occur. Nominations for members for said charter board may be made not less than forty days prior to said election by the Mayor of Baltimore and City Council of the City of Baltimore or the County Commissioners of such County, or not less than twenty days prior to said election by petition bearing the signatures written in their own handwriting (and not by their mark) of not less than 5% of the registered voters of the said City of Baltimore or said County; provided, that in any case two thousand signatures of registered voters shall be sufficient to complete any such nominating petition, and if not more than eleven registered voters of the City of Baltimore or not more than five registered voters in any such County are so nominated their names shall not be printed on the ballot, but said eleven registered voters in the City of Baltimore or five in such County shall constitute said charter board from and after the date of said election. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five nominees in the County receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within twelve months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in the City of Baltimore or County within thirty days after it shall be reported to him. Such charter shall be submitted to the voters of said City or County at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against

the adoption of said charter shall be in favor of such adoption, the said charter from and after the thirtieth day from the date of such election shall become the law of said City or County, subject only to the Constitution and Public General Laws of this State, and any public local laws inconsistent with the provisions of said charter and any former charter of the City of Baltimore or County shall be thereby repealed.

SEC. 1A.¹⁶⁰ The procedure provided in this section for adoption of a charter may be used in any county in lieu of the procedures provided in Section 1 of this Article, and a charter adopted pursuant to this section has the effect of a charter adopted in accordance with the provisions of Section 1. The board of county commissioners shall appoint a charter board within thirty days after receiving a petition signed by five percent of the registered voters of the county or by ten thousand voters of the county, whichever is the lesser number. If additional charter board members are nominated by petitions signed by three percent of the registered voters of the county or by two thousand registered voters, whichever is the lesser number, delivered to the board of county commissioners within sixty days after the charter board is appointed, the board of county commissioners shall call a special election not less than thirty or more than ninety days after receiving petitions, unless a regular election falls within the designated period. The appointees of the board of county commissioners and those nominated by petitions shall be placed on the ballot in alphabetical order without party designation. The voters may cast votes for, and elect a number of nominees equal to the number of charter board members originally selected by the board of county commissioners, and those so elected are the charter board. The charter board, within twelve months from the date of its appointment, or if there was an election for some of its members, within twelve months from the date of the election, shall present a proposed charter for the county to the board of county commissioners, which shall publish it at least twice in one or more newspapers of general circulation in the county within thirty days after it is presented. The charter shall be submitted to the voters of the county at a special or regular election held not earlier than thirty days or later than ninety days after publication of the charter. SEC. 3.¹⁶² Every charter so formed shall provide for an elective legislative body in which shall be vested the lawmaking power of said City or County. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any county shall be known as the County Council of the County. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in any County as the President or Chairman of the County Council of the County, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore or to the County Commissioners of the Counties, shall be construed to refer to the Mayor of Baltimore and City Council of the City of Baltimore and to the President or Chairman and County Council herein provided for whenever such construction would be reasonable. From and after the adoption of a charter by the City of Baltimore, or any County of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said County, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said City or County including the power to repeal or amend local laws of said City or County enacted by the General Assembly, upon all matters covered by the express powers granted as above provided; provided that nothing herein contained shall be construed to authorize or empower the County Council of any County in this State to enact laws or regulations for any incorporated town, village, or municipality in said County, on any matter covered by the powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory thereto. Provided, however, that the charters for the various Counties shall specify the number of days, not to exceed forty-five, which may but need not be consecutive, that the County Council of the Counties may sit in each year for the purpose of enacting legislation for such Counties, and all legislation shall be enacted at the times so designated for that purpose in the charter, and the title or a summary of all laws and ordinances proposed shall be published once a week for two successive weeks prior to enactment followed by publication once after enactment in at least one newspaper of general circulation in the county, so that the taxpayers and citizens may have notice thereof. The validity of emergency legislation shall not be affected if enacted prior to the completion of advertising thereof. These provisions concerning publication shall not apply to Baltimore City. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the Counties as

SEC. 3A.¹⁶³ The charter for the government of Anne Arundel, Baltimore, Prince George's and Howard counties under the provisions of this Article, either as adopted, or by amendment, may provide for the election of members of the county council by the voters of councilmanic districts therein established, or by the voters of the entire county, or by a combination of these methods of election.

SEC. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any County of this State, no public local law shall be enacted by the General Assembly for said City or County on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the Counties of this State.

SEC. 5.¹⁶⁴ Amendments to any charter adopted by the City of Baltimore or by any County of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of the City of Baltimore, or the Council of the County, or by a petition signed by not less than 20% of the registered voters of the City or County, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition. A petition shall be filed with the Mayor of Baltimore or the President of the County Council. An amendment so proposed shall be submitted to the voters of the City or County at the next general or congressional election occurring after the passage of the resolution or the filing of the petition. If at the election the majority of the votes cast for and against the amendment shall be in favor thereof, the amendment shall be adopted and become a part of the charter of the City or County from and after the thirtieth day after said election. The amendments shall be published by the Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to the election in at least one newspaper published in said City or County.

when expressly granted as hereinbefore provided, are hereby transferred to the voters of each County and the voters of City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said Counties or City as this Article sets forth.

SEC. 7. The word "Petition" as used in this Article, means one or more sheets written or printed, or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affidavit of one or more registered voters of the City or County in which said voters so signing are registered, and one affidavit may apply to or cover any number of signatures to such petition. The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

ARTICLE XI-E¹⁷⁴

MUNICIPAL CORPORATIONS.

SECTION 1. Except as provided elsewhere in this Article, the General Assembly shall not pass any law relating to the incorporation, organization, government, or affairs of those municipal corporations which are not authorized by Article 11-A of the Constitution to have a charter form of government which will be special or local in its terms or in its effect, but the General Assembly shall act in relation to the incorporation, organization, government, or affairs of any such municipal corporation only by general laws which shall in their terms and in their effect apply alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. It shall be the duty of the General Assembly to provide by law the method by which new municipal corporations shall be formed.

SEC. 2. The General Assembly, by law, shall classify all such municipal corporations by grouping them into not more than four classes based on populations as determined by the most recent census made under the authority of the United States or the State of Maryland. No more than one such grouping of municipal corporations into four (or fewer) classes shall be in effect at any time, and the enactment of any such grouping of municipal corporations into four (or fewer) classes shall repeal any such grouping of municipal corporations into four (or fewer) classes then in effect. Municipal corporations shall be classified only as provided in this section and not otherwise.

SEC. 3. Any such municipal corporation, now existing or hereafter created, shall have the power and authority, (a) to amend or repeal an existing charter or local laws relating to the incorporation, organization, government, or affairs of said municipal corporation heretofore enacted by the General Assembly of Mary-

land, and (b) to adopt a new charter, and to amend or repeal any charter adopted under the provisions of this Article.

SEC. 4. The adoption of a new charter, the amendment of any charter or local laws, or the repeal of any part of a charter or local laws shall be proposed either by a resolution of the legislative body of any such municipal corporation or by a petition containing the signatures of at least five per cent of the registered voters of a municipal corporation and filed with the legislative body of said municipal corporation. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article.

SEC. 5. Notwithstanding any other provision in this Article, the General Assembly may enact, amend, or repeal local laws placing a maximum limit on the rate at which property taxes may be imposed by any such municipal corporation and regulating the maximum amount of debt which may be incurred by any municipal corporation. However, no such local law shall become effective in regard to a municipal corporation until and unless it shall have been approved at a regular or special municipal election by a majority of the voters of that municipal corporation voting on the question. No such municipal corporation shall levy any type of tax, license fee, franchise tax or fee which was not in effect in such municipal corporation on January 1, 1954, unless it shall receive the express authorization of the General Assembly for such purpose, by a general law which in its terms and its effect applies alike to all municipal corporations in one or more of the classes provided for in Section 2 of this Article. All charter provisions enacted under the authority of Section 3 of this Article shall be subject to any local laws enacted by the General Assembly and approved by the municipal voters under the provisions of this section.

SEC. 6. All charter provisions, or amendments thereto, adopted under the provisions of this Article, shall be subject to all applicable laws enacted by the General Assembly; except that any local laws, or amendments thereto, relating to the incorporation, organization, government, or affairs of any municipal corporation and enacted before this Article becomes effective, shall be subject to any charter provisions, or amendments thereto, adopted under the provisions of this Article. Any local law, or amendments thereto, relating to the incorporation, organization, government, or affairs of any municipal corporation and in effect at the time this Article becomes effective, shall be subject to any applicable State law enacted after this Article becomes effective. All laws enacted by the General Assembly and in effect at the time this Article becomes effective, shall remain in effect until amended or repealed in accordance with the provisions of this Constitution. Nothing in this Article shall be construed to authorize any municipal corporation by any amendment or addition to its charter, to permit any act which is prohibited by the laws of this State concerning the observance of the Sabbath Day or the manufacture, licensing or sale of alcoholic beverages.

ARTICLE XI-F¹⁷⁵**HOME RULE FOR CODE COUNTIES.**

SECTION 1. For the purposes of this Article, (1) "code county" means a county which is not a charter county under Article 11A of this Constitution and has adopted the optional powers of home rule provided under this Article; and (2) "public local law" means a law applicable to the incorporation, organization, or government of a code county and contained in the county's code of public local laws; but this latter term specifically does not include (i) the charters of municipal corporations under Article 11E of this Constitution, (ii) the laws or charters of counties under Article 11A of this Constitution, (iii) laws, whether or not Statewide in application, in the code of public general laws, (iv) laws which apply to more than one county, and (v) ordinances and resolutions of the county government enacted under public local laws.

SEC. 2. The governing body of any county, by a vote of at least two-thirds of the members elected thereto, may propose by resolution that the county become a code county and be governed by the provisions of this Article. Upon the adoption of such a resolution, it shall be certified to the Board of Supervisors of Elections in the county, which Board (pursuant to the election laws of the State) shall submit to the voters of the county at the next ensuing general election the question whether the resolution shall be approved or rejected. If in the referendum a majority of those persons voting on this question vote for the resolution, the resolution is approved, and the county shall become a code county under the provisions of this Article, on the thirtieth day after the election. If in the referendum a majority of those persons voting on this question vote against the resolution, the resolution is rejected, and of no further effect.

Provided that if at the next ensuing general election there shall be submitted to the voters of the county a proposed charter under Article 11A of this Constitution, the proposed charter only shall be submitted to the voters at that next ensuing general election. If the proposed charter is adopted by the voters, this particular resolution to become a code county shall not be submitted to the voters and shall have no further effect. If the proposed charter is rejected by the voters, the code question under this Article shall be submitted to the voters at the general election two years later, and no charter question under Article 11A shall be submitted to the voters at that general election.

SEC. 3. Except as otherwise provided in this Article, a code county may enact, amend, or repeal a public local law of that county, following the procedure in this Article.

SEC. 4. Except as otherwise provided in this Article, the General Assembly shall not enact, amend, or repeal a public local law which is special or local in its terms or effect within a code county. The General Assembly may enact, amend, or repeal public local laws applicable to code counties only by general enactments which

in term and effect apply alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

SEC. 5. The General Assembly, by law, shall classify all code counties by grouping them into not more than four classes based either upon population as determined in the most recent Federal or State census or upon such other criteria as determined by the General Assembly to be appropriate. Not more than one such grouping of code counties into four (or fewer) classes may be in effect at any one time, and the enactment of any grouping of code counties into four (or fewer) classes repeals any other such grouping then in effect. Code counties may be classified only as provided in this section.

SEC. 6. A code county may enact, amend, or repeal a public local law of that county by a resolution of the board of county commissioners. The General Assembly may amplify the provisions of this section by general law in any manner not inconsistent with this Article.

SEC. 7. Any action of a code county in the enactment, amendment, or repeal of a public local law is subject to a referendum of the voters in the county, as in this section provided. The enactment, amendment, or repeal shall be effective unless a petition of the registered voters of the county requires that it be submitted to a referendum of the voters in the county. The General Assembly shall amplify the provisions of this section by general law in any manner not inconsistent with this Article, except that in any event the number of signatures required on such a petition shall not be fewer than five percentum (5%) of the voters in a county registered for county and State elections.

SEC. 8. Notwithstanding any other provisions of this Article, the General Assembly has exclusive power to enact, amend, or repeal any local law for a code county which (1) authorizes or places a maximum limit upon the rate of property taxes which may be imposed by the code county; or (2) authorizes or regulates the maximum amount of indebtedness which may be incurred by the code county. Public local laws enacted by the General Assembly under this section prevail over any public local laws enacted by the code county under other sections in this Article.

SEC. 9. A code county shall not levy any type of tax, license fee, franchise tax, or fee which was not in effect or authorized in the code county at the time it came under the provisions of this Article, until an express authorization of the General Assembly has been enacted for this purpose by a general law which in its terms and effect applies alike to all code counties in one or more of the classes provided for in Section 5 of this Article.

SEC. 10. All laws enacted by the General Assembly and in effect when this Article was added to the Constitution shall remain in effect until amended or repealed under this Constitution. Every public local law enacted, amended, or repealed by a county under the provisions of this Article prevails over the previous public local law, except to the extent it is subject to an applicable law enacted by the General Assembly.

and City Council of Baltimore pursuant to this Article, are all declared to be needed, contracted for, expended or exercised for a public use.

(d) In the event of any conflict between the provisions of this Article and those of Article XI, Section 7, of the Constitution of Maryland, or any other provisions of the Constitution, then the provisions of this Article shall control.

2. The General Assembly of Maryland may grant to the Mayor and City Council of Baltimore any and all additional power and authority necessary or proper to carry into full force and effect any and all of the specific powers which the General Assembly of Maryland is authorized to grant to the Mayor and City Council of Baltimore pursuant to this Article, and to fully accomplish any and all of the purposes and objects contemplated by the provisions of this Article, provided such additional power or authority is not inconsistent with the terms and provisions of this Article or with any other provision or provisions of the Constitution of Maryland, except as provided in this Article. The General Assembly may place such other and further restrictions or limitations on the exercise of any of the powers which it may grant to the Mayor and City Council of Baltimore under the provisions of this Article as it may deem proper and expedient.

ARTICLE XII.

PUBLIC WORKS.

SECTION 1. The Governor, the Comptroller of the Treasury and the Treasurer, shall constitute the Board of Public Works in this State. They shall keep a journal of their proceedings, and shall hold regular sessions in the City of Annapolis, on the first Wednesday in January, April, July and October, in each year, and oftener, if necessary; at which sessions they shall hear and determine such matters as affect the Public Works of the State, and as the General Assembly may confer upon them the power to decide.

SEC. 2.¹⁸⁰ They shall exercise a diligent and faithful supervision of all Public Works in which the State may be interested as Stockholder or Creditor, and shall appoint the Directors in every Railroad and Canal Company, in which the State has the legal power to appoint Directors, which said Directors shall represent the State in all meetings of the Stockholders of the respective Companies for which they are appointed or elected. They shall require the Directors of all said Public Works to guard the public interest, and prevent the establishment of tolls which shall discriminate against the interest of the citizens or products of this State, and from time to time, and as often as there shall be any change in the rates of toll on any of the said Works, to furnish the said Board of Public Works a schedule of such modified rates of toll, and so adjust them as to promote the agricultural interests of the State; they shall report to the General Assembly at each regular session, and recommend such legislation as they may deem necessary and requisite to promote or protect the

interests of the State in the said Public Works; they shall perform such other duties as may be hereafter prescribed by Law, and a majority of them shall be competent to act. The Governor, Comptroller and Treasurer shall receive no additional salary for services rendered by them as members of the Board of Public Works.

SEC. 3.¹⁸¹ The Board of Public Works is hereby authorized, subject to such regulations and conditions as the General Assembly may from time to time prescribe, to sell the State's interest in all works of Internal Improvement, whether as a stockholder or a creditor, and also the State's interest in any banking corporation, receiving in payment the bonds and registered debt now owing by the State, equal in amount to the price obtained for the State's said interest.

ARTICLE XIII.

NEW COUNTIES.

SECTION 1.¹⁸² The General Assembly may provide, by Law, for organizing new Counties, locating and removing county seats, and changing county lines; but no new county shall be organized without the consent of the majority of the legal voters residing within the limits proposed to be formed into said new county; and whenever a new county shall be proposed to be formed out of portions of two or more counties, the consent of a majority of the legal voters of such part of each of said counties, respectively, shall be required; nor shall the lines of any county nor of Baltimore City be changed without the consent of a majority of the legal voters residing within the district, which under said proposed change, would form a part of a county or of Baltimore City different from that to which it belonged prior to said change; and no new county shall contain less than four hundred square miles, nor less than ten thousand inhabitants; nor shall any change be made in the limits of any county, whereby the population of said county would be reduced to less than ten thousand inhabitants, or its territory reduced to less than four hundred square miles. No county lines heretofore validly established shall be changed except in accordance with this section.

SEC. 2.¹⁸³ The General Assembly shall pass all such Laws as may be necessary more fully to carry into effect the provisions of this Article.

ARTICLE XIV.

AMENDMENTS TO THE CONSTITUTION.

SECTION 1.¹⁸⁴ The General Assembly may propose amendments to this Constitution; provided that each amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand

when amended and passed by three-fifths of all the members elected to each of the two Houses, by yeas and nays, to be entered on the Journals with the proposed amendment. The requirement in this section that an amendment proposed by the General Assembly shall be embraced in a separate bill shall not be construed or applied to prevent the General Assembly from (1) proposing in one bill a series of amendments to the Constitution of Maryland for the general purpose of removing or correcting constitutional provisions which are obsolete, inaccurate, invalid, unconstitutional, or duplicative; or (2) embodying in a single Constitutional amendment one or more Articles of the Constitution so long as that Constitutional amendment embraces only a single subject. The bill or bills proposing amendment or amendments shall be publicized, either by publishing, by order of the Governor, in at least two newspapers, in each County, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, once a week for four weeks, or as otherwise ordered by the Governor in a manner provided by law, immediately preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall, by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. If the General Assembly determines that a proposed Constitutional amendment affects only one county or the City of Baltimore, the proposed amendment shall be part of the Constitution if it receives a majority of the votes cast in the State and in the affected county or City of Baltimore, as the case may be. When two or more amendments shall be submitted to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

SEC. 1A.¹⁸⁵ A proposed Constitutional amendment which, by provisions that are of limited duration, provides for a period of transition, or a unique schedule under which the terms of the amendment are to become effective, shall set forth those provisions in the amendment as a section or sections of a separate article, to be known as "provisions of limited duration", and state the date upon which or the circumstances under which those provisions shall expire. If the Constitutional amendment is adopted, those provisions of limited duration shall have the same force and effect as any other part of the Constitution, except that they shall remain a part of the Constitution only so long as their terms require. Each new section of the article known as "provi-

sions of limited duration" shall refer to the title and section of the other article of the Constitution of which it, temporarily, is a part.

SEC. 2.¹⁸⁶ It shall be the duty of the General Assembly to provide by Law for taking, at the general election to be held in the year nineteen hundred and seventy, and every twenty years thereafter, the sense of the People in regard to calling a Convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for a Convention, the General Assembly, at its next session, shall provide by Law for the assembling of such convention, and for the election of Delegates thereto. Each County, and Legislative District of the City of Baltimore, shall have in such Convention a number of Delegates equal to its representation in both Houses at the time at which the Convention is called. But any Constitution, or change, or amendment of the existing Constitution, which may be adopted by such Convention, shall be submitted to the voters of this State, and shall have no effect unless the same shall have been adopted by a majority of the voters voting thereon.

ARTICLE XV.

MISCELLANEOUS.

SECTION 1.¹⁸⁷ Every person holding any office created by, or existing under the Constitution, or Laws of the State, or holding any appointment under any Court of this State, whose pay, or compensation is derived from fees, or moneys coming into his hands for the discharge of his official duties, or, in any way, growing out of, or connected with his office, shall keep a book in which shall be entered every sum, or sums of money, received by him, or on his account, as a payment or compensation for his performance of official duties, a copy of which entries in said book, verified by the oath of the officer, by whom it is directed to be kept, shall be returned yearly to the Comptroller of the State for his inspection, and that of the General Assembly of the State, to which the Comptroller shall, at each regular session thereof, make a report showing what officers have complied with this Section; and each of the said officers, when the amount received by him for the year shall exceed the sum which he is by Law entitled to retain, as his salary or compensation for the discharge of his duties, and for the expenses of his office, shall yearly pay over to the Treasurer of the State the amount of such excess, subject to such disposition thereof as the General Assembly may direct; if any of such officers shall fail to comply with the requisitions of this section for the period of thirty days after the expiration of each and every year of his office, such officer shall be deemed to have vacated his office, and the Governor shall declare the same vacant, and the vacancy therein shall be filled as in the case of vacancy for any other cause, and such officer shall be subject to suit by the State for the amount that ought to be paid into the Treasury.

¹⁸⁷ Thus amended by Chapter 681, Acts of 1977, ratified November 7, 1978.

SEC. 2.¹⁸⁸ Any elected official of the State, or of a county or of a municipal corporation who during his term of office is convicted of or enters a plea of *nolo contendere* to any crime which is a felony, or which is a misdemeanor related to his public duties and responsibilities and involves moral turpitude for which the penalty may be incarceration in any penal institution, shall be suspended by operation of law without pay or benefits from the elective office. During and for the period of suspension of the elected official, the appropriate governing body and/or official authorized by law to fill any vacancy in the elective office shall appoint a person to temporarily fill the elective office, provided that if the elective office is one for which automatic succession is provided by law, then in such event the person entitled to succeed to the office shall temporarily fill the elective office. If the conviction becomes final, after judicial review or otherwise, such elected official shall be removed from the elective office by operation of Law and the office shall be deemed vacant. If the conviction of the elected official is reversed or overturned, the elected official shall be reinstated by operation of Law to the elective office for the remainder, if any, of the elective term of office during which he was so suspended or removed, and all pay and benefits shall be restored.

SEC. 3.¹⁸⁹ No person who is a member of an organization that advocates the overthrow of the Government of the United States or of the State of Maryland through force or violence shall be eligible to hold any office, be it elective or appointive, or any other position of profit or trust in the Government of or in the administration of the business of this State or of any county, municipality or other political subdivision of this State.

ARTICLE XVI¹⁹⁵

THE REFERENDUM.

SECTION 1. (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor;

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

SEC. 2.¹⁹⁶ No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contains a Section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety and is passed upon a ye and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly. The effective date of a law other than an emergency law may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon. No measure creating or abolishing any office, or changing the salary, term or duty of any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation for maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this Section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or any part thereof specified in the petition, may be referred to a vote of the people upon petition.

SEC. 3.¹⁹⁷ (a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by three percent of the qualified voters of the State of Maryland, calculated upon the whole number of votes cast for Governor at the last preceding gubernatorial election, of whom not more

than half are residents of Baltimore City, or of any one County. However, any Public Local Law for any one County or the City of Baltimore, shall be referred by the Secretary of State only to the people of the County or City of Baltimore, upon a referendum petition of ten percent of the qualified voters of the County or City of Baltimore, as the case may be, calculated upon the whole number of votes cast respectively for Governor at the last preceding gubernatorial election.

(b) If more than one-third, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with the Secretary of State before the first day of June, the time for the law to take effect and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

If an Act is passed less than 45 days prior to June 1, it may not become effective sooner than 31 days after its passage. To bring this Act to referendum, the first one-third of the required number of signatures to a petition shall be submitted within 30 days after its passage. If the first one-third of the required number of signatures is submitted to the Secretary of State within 30 days after its passage, the time for the Act to take effect and for filing the remainder of the signatures to complete the petition shall be extended for an additional 30 days.

(c) In this Article, "pass" or "passed" means any final action upon any Act or part of an Act by both Houses of the General Assembly; and "enact" or "enacted" means approval of an Act or part of an Act by the Governor.

(d) Signatures on a petition for referendum on an Act or part of an Act may be signed at any time after the Act or part of an Act is passed.

SEC. 4.¹⁹⁸ A petition may consist of several papers, but each paper shall contain the full text, or an accurate summary approved by the Attorney General, of the Act or part of Act petitioned upon. There shall be attached to each paper of signatures filed with a petition an affidavit of the person procuring the signatures on such paper that of the person's best knowledge and belief every signature on it is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or County, as the case may be, as set opposite their names. The General Assembly shall prescribe by law the form of the petition for referendum, the manner for verifying the authenticity of petitions and other administrative procedures necessary and not in conflict with this Article.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

¹⁹⁶ Thus amended by Chapter 681, Acts of 1977, ratified November 7, 1978.

¹⁹⁸ Thus amended by Chapter 548, Acts of 1976, ratified November 2, 1976.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hundred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the referred law" and "Against the referred law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall by his proclamation declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any County or of the City of Baltimore.

SEC. 6.¹⁹⁹ No law, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under the provisions of this Article.

ARTICLE XVII²⁰⁰

QUADRENNIAL ELECTIONS.

SEC. 1.²⁰¹ The purpose of this Article is to reduce the number of elections by providing that all State and county elections shall be held only in every fourth year, and at the time provided by law for holding congressional elections, and to bring the terms of appointive officers into harmony with the changes effected in the time of the beginning of the terms of elective officers. The administrative and judicial officers of the State shall construe the provisions of this Article so as to effectuate that purpose. For the purpose of this Article only the word "officers" shall be construed to include those holding positions and other places of employment in the State and county governments whose terms are fixed by law, but it shall not include any appointments made by the Board of Public Works, nor appointments by the Governor for terms of three years.

SEC. 2.²⁰² Vacant.

SEC. 3.²⁰³ All State and county officers elected by qualified voters (except judges of the Circuit Courts, judges of the Supreme Bench of Baltimore City, judges of the Court of Appeals and judges of any intermediate courts of appeal) shall hold office for terms of four years, and until their successors shall qualify.

SEC. 4.²⁰⁴ The term of office of all Judges and other officers, for whose election provision is made by this Constitution, shall, except in cases otherwise expressly provided herein, commence from the time of their Election. All such officers shall qualify as soon after their election as practicable, and shall enter upon the duties of their respective offices immediately upon their qualification.

SEC. 5.²⁰⁵ All officers to be appointed by the Governor shall hold office for the terms fixed by law. All officers appointed by County Commissioners shall hold office for terms of four years, unless otherwise duly changed by law.

SEC. 6.²⁰⁶ The terms of the members of the Board of Supervisors of Elections of Baltimore City and of the several counties shall commence on the first Monday of June next ensuing their appointment.

SEC. 7.²⁰⁷ Sections 1, 2, 3, and 5 of this Article do not apply or refer to members of any elective local board of education.

SEC. 8.²⁰⁸ If at any election directed by this Constitution, any two or more candidates shall have the highest and an equal number of votes, a new election shall be ordered by the Governor, except in cases specially provided for by this Constitution.

SEC. 9.²⁰⁹ In the event of any inconsistency between the provisions of this Article and any of the other provisions of the Constitution, the provisions of this Article shall prevail, and all other provisions shall be repealed or abrogated to the extent of such inconsistency.

ARTICLE XVIII²¹⁰
