At a Vestry held November [illegible]
the Vestry of Durham Parish Gaken
into serious consideration the declin-
ing and languishing state of our
Religion, and the neglect of Publick
Worship arising in a great degree
from the want of a Clergyman of
Piety and Morality to reside and
officiate in the Parish, and being
impressed with a conviction of the
necessity and propriety of having the
same carried on agreeably to the Instit-
tution and Canons of the Protestant
Episcopal Church, they propose to im-
pley as soon as can be done, for one
year or by a Clergy man of approved
Piety and Morality, Provided a Gib
sufficient for his support and main
=tenance can be raised by Subscrip
=tion — To effect this very desirable
object, the Vestry beg leave to sug
gest to the Inhabitants of Durham
Parish the necessity and expediency
of liberally contributing thereto, they
do it with the more confidence
when they consider that the Parish
=ners have generally evinced a
disposition friendly to the cause
and that they are now better enabled
to subscribe with liberality hav-
=ing for the last three or four years
paid nothing in that way. —

We the Subscribers very desirous
of paying to the utmost of our
Power our respective proportions
-able Purchase, do hereby oblige
ourselves, our Heirs Executors and
Administrators to pay to the Vestry
of Durham Parish or their order
the several sums of money to our names
annexed for the support of a Minister
for One Year from and after the time
a Minister shall be employed for
=mished Bonds or pleges given there
two Calendar months from this date,
Witness our hand & the day
and Year above written, &c

We the Vestry of Durham Parish being met together in the Church on the regular day of publick worship in this Section of the Diocese of Maryland, and more especially that at which we were chosen, more fully becoming mindful of the awful Charge which we have undertaken, that the salvation of Souls principally to us as a religious Society rests the consequences of the neglect of Publick Worship, and our inattention unwillingness on the part of many in the profession of our Holy Religion and Worship of Almighty God, or for the support of our Pastors of publick worship. We therefore feel ourselves imperatively called upon by every consideration both Civil & Religious as early as possible to remove these evils and to restore our Church to its pristine state. To effect which glorious and desirable end we earnestly solicit your gracious assistance to join us in contributing a small part of the Temporal goods with which God has been graciously pleased to entrust you to be a special blessing securing the spiritual services of an able and faithful Minister of the Gospel. Legal Rights to regulate among ourselves

Thus enabled to take this primary and truly sensible step we will also join us in the regular performance of all the duties of public worship particularly that important one of singing with heart and voice in the publick Worship. When we calculate the great temporal benefits to be derived to society by a strict observance of the Sabbath, and the concern manifested by the Lord to all who have not that day and reverence him [illegible] not further that any will

will withhold a small pittance of worldly good, when the generosity of him who suffered death upon the Cross for our redemption is to be thereby promoted — We therefore approach our Christian friends with confidence & solicit a liberal contribution of such aid in this great work as the means in their power will afford. & In complying with our earnest solicitations, they will rest assured that such good work will be set down to their credit in the Register above, and will not be forgotten when God in his mercy shall be pleased to call every one to appear before the great Judge of the Quick and the Dead. — The Vestry

We whose names are hereunto subscribed do hereby promise and oblige ourselves, our heirs executors, and administrators, to pay or cause to be paid annually to the Vestry of Christ Church Parish, their successors or assigns the several sums to our respective names annexed, payable half yearly during the term of three years to Commence on the first day of January next or sooner if such a Minister be employed by the Vestry, for the support of a Pastor, and also for the payment of the salary of the Register and Sexton. Dated this 11th day of July in the year of Our Lord Eighteen hundred and seventeen
