Dear Doctor Reynolds,

The Messersmiths claim that their son, Samuel Gibson, was baptized during your pastorate at Clifton. Unfortunately there is no record of the ceremony having been performed. Since it is important that he receive a transcript of a birth certificate or baptismal certificate, it may be that you remember having baptized him and will give me authority to enter it on the records.

I trust you are well and not working too hard.

Cordially yours,

J. T. Bard

Re: Bard: - I do not understand why you cannot find the proper records among the archives of the church. However, I do believe I baptized the person above but do not recall just when or where. I will give you authority to enter the baptism using the information furnished by the Messersmiths.

I am sorry if there was any negligence on my part.

Cordially yours.

F.C. Reynolds
