GAS

...IS A...

**GREATER ECONOMY
THAN YOU THINK**

GAS is the marvelous servant that comes noiselessly into your house and cooks your meals most conveniently, quickly and economically. It supplies the pleasantest, healthiest light in the world except daylight, which it most nearly

approaches. It changes and purifies the air, for impurities can't stand fire. It is measured honestly and accurately by your meter, the most reliable piece of mechanism in your house.

But gas cooking and gas lighting are only the beginning of what you can have while you are saving. You can have a heater that gives you what hot water you want instantaneously. You can have a gas iron that doesn't require trips to the stove. You can have a log

fire or a portable stove for chilly days and evenings when your furnace is out. Clothes driers, chafing dishes, dish warmers, waffle irons—these are some of the many appliances that do your work better and cheaper with gas.

The Hagerstown Light and Heat Co.

PREFACE

The publishers of the Hagerstown City Directory desire to thank the merchants and citizens generally for their generous support and kindness in giving to our canvassers all necessary information. This has enabled us to make a Directory that we feel confident will prove serviceable both to the citizen and stranger alike. There are few cities the size of Hagerstown that can show the diversity of manufacturers and solidity of its merchants.

The Hagerstown Directory should be in the hands of every business and professional man. If you wish the latest addresses of any resident consult the alphabetical portion of the work. Consult the miscellaneous portion if you desire the location of any church; Federal, State, County, and City Officials are to be found there. Names of fraternal organizations are given, in fact the miscellaneous department is a mine of information.

Very truly,

Franklin Directory Co., Publishers
Hagerstown, Maryland.

HAGERSTOWN

The Franklin Directory Company in presenting this Directory of the City of Hagerstown, has given the people one of the most complete compendiums of information ever before compiled for their use. It has been prepared with care, and exactness, it embraces the names of every individual of the city, with residence and occupation; a list of all the manufacturing industries, of which there are many, all the business houses, the County officers, State and City Officials, with all information relating to the conduct of their several Offices, Railroads with their location, names of Officials, with residence of same; the names of all Streets and Alleys, and much other general information which business people need and desire.

Typographically this book speaks for itself, being the best of its kind. It is from the Press of the Hagerstown Bookbinding & Printing Co., which of itself is a sure guarantee of its excellence.

In a city like Hagerstown, having a population of fully 25,000 such a publication is a necessary for business people; in fact, it is indispensable and especially so because of its being so comprehensive, reliable and accurate. You can subscribe for copies at the office of publication, 102-108 West Franklin street.

How Salaries Are Fixed

The salaries of those named are to be paid by the counties they represent and by Baltimore city and are based upon the aggregate value of property subject to taxation under his supervision. The lowest salary provided for is \$600, and is paid by the county with an assessable basis of not more than \$5,000,000. If the property

values are more than \$5,000,000 and less than \$10,000,000 the salary is \$800. If over \$10,000,000 and less than \$20,000,000 it is \$1,000, if over \$20,000,000 and less than \$30,000,000 it is \$1,200, if over \$30,000,000 and less than \$50,000,000 it is \$1,500, if over \$50,000,000 and less than \$75,000,000 it is \$1,800, if over \$75,000,000 and less than \$100,000,000 it is \$2,000, and if the property values exceed \$100,000,000 the salary of the supervisor is \$2,400. It is provided specifically that the supervisor for Baltimore city shall be paid \$2,400.

 James McC. Trippe, Speaker of the House.....Baltimore City

COUNTY OFFICERS

Clerks of Courts are elected by the people and hold office for six years from the date of their election

Sheriffs are elected by the people and hold office for two years from the date of their election.

Registers of Wills are elected by the people and hold office for six years from the date of their election.

State's Attorneys are elected by the people and hold office for four years from the date of their election.

Surveyors are elected by the people and hold office for two years from the first Monday in January next ensuing from their election.

County Commissioners are elected by the people and hold office for two, four or six years from the date of their election. The exact terms are regulated by different local laws.

Judges of Orphans' Court are elected by the people and hold office for four years from the time of their election.

Justices of the Peace are appointed by the Governor, with the consent of the Senate, for a term of two years from the first Monday in May.

Police Justices for Baltimore City, one for each station house and one at large, are selected by the Governor from the list of civil justices appointed for the city and by him assigned to the several stations.

The Boards of Supervisors of Elections in the several counties and Baltimore City are appointed by the Governor, with the consent of the Senate, for a term of two years. Two members of each board shall always be selected, one from each of the two leading political parties of the State. In making these appointments the Governor is required to call upon the State Central Committees of the two leading political parties from each county and from Baltimore City for at least four names from among which to make a selection. Supervisors in Baltimore City receive a salary of \$1,500 and in the counties of \$150.

Notaries Public are appointed for the several counties and Baltimore City by the Governor, with the consent of the Senate. They are required to be citizens of the United States, and to have resided in the State of Maryland for at least two years. The residence of the notary is to be designated by the Governor in the commission. They hold office for a term of two years. The number of notaries in the counties is not fixed by law, the Governor being authorized to appoint a number in his discretion. The number allowed in the City of Baltimore is 280, 47 of whom may be women. Notaries bond in Baltimore City in the sum of \$6,000 and in the counties in the sum of \$2,000.

School Commissioners for the counties are appointed by the Governor, with the consent of the Senate, as follows: In the counties of Baltimore, Carroll, Frederick,

Dorchester, Washington and Montgomery the board consists of six members, and in the other counties of three. One-third of each board are appointed for two years, one-third for four years and one-third for six years, and at the expiration of these terms of office the successor is appointed for six years, thus making one-third of each board's members expire every two years. The Governor is also required to appoint one-third of each board from the political party which at the last preceding election for Governor polled next to the highest number of votes in the State, thus securing minority representation on each board.

POSTAL RATES AND REGULATIONS

Domestic Rates

1. Letters, sealed packages and all matter wholly or partly in writing, whether sealed or unsealed (except manuscript copy accompanying proof sheets, or corrected proof sheets and writing specially authorized to be placed upon matter of other classes).

Postage, 2 cents each ounce or fraction thereof. Limit of 4 pounds. Postal cards and post cards, 1 cent each.

II. All newspapers and other periodicals bearing the statement "Entered at the Postoffice as Second Class Matter," when mailed by the public. 1 cent for each four ounces or fraction thereof. No limit.

III. Circulars and other matter wholly in print on paper (except Second Class Matter), proof sheets, corrected proof sheets and manuscript copy accompanying the same. 1 cent for each two ounces or fraction thereof. Limit of 4 pounds.

IV. Parcels Post merchandise and matter not included in any of the above classes. (See Parcels Post.) Special rates.

REGULATIONS

Class 1. Includes letters, postal cards, sealed packages, all matter wholly or partly in writing, except permissible additions to third and fourth-class matter, whether manuscript or produced by typewriter or copying press, books with written entries, manuscript for publication not accompanied by proof sheets and all personal correspondence, whether in writing or in print. Gold bullion, dust or coin in sealed packages, not over 11 pounds, within the United States and possessions should be sent at this rate by registered mail.

Class 2. Nearly every newspaper and magazine published in the United States belongs to the second class, and foreign publications which, issued here, would be admitted to that class may be mailed at the rate given above. Second-class matter must be so enveloped that it can be readily examined without destroying the wrappers. When mailed by publishers or news agents, the rate is 1 cent for each pound or fraction thereof.

Class 3. Parcels of books, eight ounces or less, may be sent at the third-class rate.

The sender may write or print on a label, tag, envelope or wrapper of third-class matter, his own name, occupation and residence or business address, preceded by the word "from."

Class 4. This embraces books (not printed matter). Miscellaneous printed matter, more than 4 pounds and prohibited from third-class on account of overweight, is mailable at the pound rates of fourth-class matter. There are specific regulations for packing merchandise and samples of goods sent as Parcels Post matter. Proprietary articles, such as powders, pills, fancy soaps, may be sent in original packages sealed. Seeds, scions, cuttings, bulbs, roots, and plants over 8 ounces, may be carried in this class; but all packages, 8 ounces and less, are mailable under third-class rate. Other articles requiring special protection may be put in sealed envelopes if the envelopes are transparent enough to permit the nature of the contents to be ascertained. Admissible liquids, oils, pastes, salves, ointments, fresh fruits and vegetables liable to decomposition, etc., may be sent under specified regulations, which can be had at the postoffice.

PROHIBITED MATTER

Unmailable under any circumstances: Liquids, ardent, vinous, spirituous or malt; liquors liable to spontaneous combustion; inflammable oils, poisons, explosives; animals (stuffed specimens excepted); explosive or poisonous powders, matches, insects (except queen bees and their attendant bees), substances exhaling an offensive odor; articles improperly packed and likely to damage other mail matter or to harm anyone in the postal service; obscene and indecent books, prints, writings or papers; all mail matter upon which indecent, scurrilous or defamatory delineations or language are written or printed; all matter concerning lotteries, so-called gift concerns or similar enterprises offering prizes, or concerning schemes devised to defraud the public, or for obtaining money under false pretenses.

SPECIAL DELIVERY

The delivery of a letter or other mailable matter, immediately after its arrival at the postoffice to which it is addressed, can be secured by placing on it a "special delivery" stamp. When this stamp (cost, 10 cents) is placed on mailable matter, in addition to the postage ordinarily required, the postal authorities undertake to dispatch it for delivery, by special messenger, within a few minutes after its arrival.

Special delivery can be secured by using 10 cents' worth of ordinary stamps (in

addition to the postage ordinarily required), provided the words "special delivery" in large letters are written near the extra stamps.

FOREIGN MAIL

CAUTION: Make the address legible and complete, giving the name of the country, as well as that of the town or postoffice. Avoid using flimsy paper for envelopes, as they are liable to be torn or destroyed in long transits. Avoid using sealing wax on the covers, as letters so sealed often adhere to each other, and the addresses of some of the articles are destroyed by the tearing of the covers in the attempt to separate the articles. See that postage stamps affixed to the covers of articles of printed matter do not adhere to the articles themselves, thus virtually sealing the packages and thereby subjecting them to additional postage at the letter rate on delivery.

FOREIGN POSTAGE RATES

The rates on letters mailed in the United States to foreign countries are as follows: To Great Britain and Ireland, Germany (if carried direct), Newfoundland, Republic of Panama, Mexico, Canada, Cuba and Shanghai, China, the same as domestic rates, i. e., 2 cents the ounce or fraction thereof. To all other foreign countries, 5 cents the first ounce and 3 cents for each additional ounce or fraction thereof. Postal Cards: Single, 2 cents; double, 4 cents each. Commercial Papers: 1 cent for each 2 ounces or fraction, but not less than 5 cents on each packet. Limit of weight, 4 pounds 6 ounces. Printed Matter: 1 cent for each 2 ounces or fraction. Samples of Merchandise: 1 cent for each 2 ounces or fraction. Minimum charge, 2 cents. Maximum weight, 12 ounces. Postage must be fully prepaid on matter to Canada, Mexico and Shanghai. Postage on matter to other foreign countries should be fully prepaid, as double the deficiency will be charged on delivery. Sealed matter, other than letters in their usual and ordinary form, are excluded from the mails to Canada, Mexico, Cuba and Panama; to all other countries they may be mailed at letter rate of postage; Canada alone admits second-class matter without limit to weight. Postage to Canada, Mexico, Panama and Cuba, same rate and conditions as for domestic matter.

FOREIGN PARCELS POST

Merchandise at the rate of 12 cents the pound or fraction thereof can be mailed by Parcels Post in unsealed packages to certain countries at the Main Postoffice between the hours of 9:00 A. M. and 5:00 P. M. daily except Sunday. The limit of weight is 11 pounds for all countries. For Barbados, Curacao, Dutch Guiana, France, Greece, Great Britain and Ireland, The Netherlands, Uruguay, Guadeloupe and Martinique there is no registration.

REGISTERED MATTER

The fee for registering mail matter is 10 cents, in addition to the regular postage. Indemnity will be paid on account of the loss of registered mail in the postal service.

- (a) For the value of domestic registered mail of the first class (sealed) up to \$50.
- (b) For the value of domestic registered mail of the third class (unsealed) up to \$25.

(c) In any amount claimed, within the limit of 50 francs (approximately \$9.65), on account of the loss, in the international mails, of a registered article of any class, regardless of its value, exchanged between the United States and any country embraced within the Universal Postal Union, except on account of losses arising under circumstances beyond control ("force majeure") and international "Parcel Post" registered mail.

Fourth class (domestic Parcel Post mail) cannot be registered unless the letter rate of postage is paid thereon, in which case the matter must be sealed and must not, unless a single book, exceed the weight limit of four pounds applicable to domestic first-class mail.

PREPARATION FOR MAILING

Parcels must be prepared for mailing in such manner that the contents can be easily examined.

A parcel must not be accepted for mailing unless it bears the name and address of the sender, preceded by the word "From."

Postmasters must refuse to receive for mailing parcels not properly indorsed or packed for safe shipment.

INSURANCE ON PARCELS

A mailable parcel may be insured against loss for a 5-cent fee for value not exceeding \$25, or 10 cents for value not exceeding \$50, in addition to postage, both to be prepaid with stamps affixed.

Parcels may be insured at any postoffice, or by rural carriers. The sender must fill out insurance tags.

Return receipts may be obtained.

Indemnity on lost insured parcels is paid for actual value within insurance limit. Articles rendered worthless are considered lost, but partial damage has no indemnity.

DOMESTIC PARCELS POST RATES

(a) Parcels 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance.

(b) Parcels 8 ounces or less containing books, seeds, cuttings, bulbs, roots, scions and plants, 1 cent for each 2 ounce or fraction thereof, regardless of distance.

(c) Parcels more than 8 ounces containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table, a fraction of a pound being considered a full pound.

Weight	Local	Zones							
		1st Up to 60 miles	2d 60 to 100 miles	3d 100 to 200 miles	4th 200 to 300 miles	5th 300 to 400 miles	6th 400 to 1000 miles	7th 1000 to 1400 miles	8th 1400 to 1800 miles

HAGERSTOWN DIRECTORY

1915-16

What it Contains

The information in the Hagerstown City Directory is Divided into five sections, arranged to facilitate quick reading.

The GENERAL DIRECTORY contains the names of all male inhabitants over 18 years of age, women engaged in professional or mercantile pursuits and all active business enterprises.

The STREET DIRECTORY gives the location of each street and shows what other streets run from or across it, with the number at which they intersect. Lists of the Public Halls, Theatres, etc., follow.

The CLASSIFIED BUSINESS DIRECTORY comprises headings under which every firm or individual in business is properly entered and a list of the active local CORPORATIONS, amount of capital stock, officers and date of corporation.

The MISCELLANEOUS SECTION contains a record of the City Government, the names and officers of churches, the name, time and meeting place of Social Clubs, Societies and Building and Loan Associations, the names of Teachers in the Public Schools, a Fire alarm Telegraph list, time and closing hours of mails and details of the new Parcel Post.

The EDUCATIONAL SECTION is devoted to display advertising, leading firms and individuals are herein represented and tell you WHO they are, WHERE they are, and WHAT they have to sell.

You need the 1915-16 Hagerstown City Directory.

Whatever we need we pay for, whether we buy or not. He who needs a City Directory pays for it in one way or another.

To be sure, the man who doesn't subscribe to the City Directory saves three dollars, but how much does he lose? He loses time and time is the chief method of reckoning money and value.

You install a telephone, buy a typewriter, invest in an adding machine, because you need them. Why do you need the telephone, the typewriter and the adding machine? You need them because they save time. By saving time we lengthen life.

You don't go across the street when you want to telephone, why should you do so when you want to use the Directory?

The City Directory costs you less than one cent a day. Can you afford to be without it?

FRANKLIN DIRECTORY COMPANY, PUBLISHERS

106 West Franklin Street,

Hagerstown, Md.

HAGERSTOWN

IS THE

Chief Manufacturing City

...IN...

Western Maryland and
the Cumberland Valley

The pages of this issue of the Hagerstown City Directory give a good idea of her importance in the Industrial World.

USE

Corrugated Board Boxes

AND DECREASE YOUR
SHIPPING EXPENSE

CCHEAPER and better than wood. More durable, will not split or crack. "Knocked down" 90 Corrugated Boxes can be stored in the space one wooden case of the same size would occupy. Easier to pack, lighter to ship, contents arrive in perfect condition. No nailing, hammering or sawing. Dirt and damage proof. Freight and express charges decrease when you use Corrugated Board Boxes. For Parcels Post packages nothing equals it. Let us estimate on your requirements and submit you samples. We also make Paper Boxes of every description.

THE SANITARY ALL GAS KITCHEN

Picture to yourself this kitchen in operation—the Buud Automatic Gas Water Heater in the basement—without any attention—save the turn of a faucet, supplying you with unlimited, inexpensive, pure hot water. How convenient for cleaning and scrubbing—and time-saving to start your various cooking operations.

Think of the modern Gas Range—especially equipped for any mode of cooking—heat easily regulated to a “just right” temperature—no dirt—no ashes—no excessive labor, and all this comfort and convenience at a low cost for gas.

The best demonstration of the merits of these “comfort makers” is to see them in operation at our showroom or a postal will bring you complete information by return mail.

PREFACE

The publishers of the new 1917-1918 Hagerstown City Directory desire to thank the merchants and citizens generally for their generous support, as well as kindness in giving to our canvassers all necessary information. This has enabled us to make a Directory that we feel confident will prove serviceable both to the citizen and stranger alike. There are few cities the size of Hagerstown that can show the diversity of manufacturers and solidity of its merchants.

The Hagerstown Directory should be in the hands of every business and professional man. If you wish the latest addresses of any resident consult the alphabetical portion of the work. Consult the miscellaneous portion if you desire the location of the churches, etc., Federal, State, County and City Officials are also to be found there. Names of fraternal organizations are given. In fact the miscellaneous department is a mine of information.

Very truly,

Franklin Directory Co., Publishers
Hagerstown, Maryland.

c. 1, 1917-1918

HAGERSTOWN

The Franklin Directory Company in presenting this 1917-1918 Directory of the City of Hagerstown, has given the people one of the most complete compendiums of information ever before compiled for their use. It has been prepared with care, and exactness, it embraces the names of every individual of the city, with residence and occupation; a list of all the manufacturing industries, of which there are many, all the business houses, the County officers, State and City Officials, with all information relating to the conduct of their several Offices, Railroads with their location, names of Officials, with residence of same; the names of all Streets and Alleys, and much other general information which business people need and desire.

Typographically this book speaks for itself, being the best of its kind. It is from the Press of the Hagerstown Bookbinding & Printing Co., which of itself is a guarantee of its excellence.

In a city like Hagerstown, having a population of fully 27,000, such a publication is a necessity for business people; in fact, it is indispensable and especially so because of its being so comprehensive, reliable and accurate. You can secure additional copies at the office of publication, 106 West Franklin street.

GENERAL INFORMATION

AREA AND POPULATION OF MARYLAND IN 1910 AND 1916

The gross area of Maryland is 12,327 square miles, of which 9,941 are land and 2,386 are water. The state is the forty-first in the Union in rank as to gross area. The population of Maryland per square mile was 130.3 in 1910, and 137.1 in 1916. The total population of the State, as shown by the United States Census of 1910, was 1,295,346; the estimated total population on July 1, 1916, was 1,362,807.

Of the estimated population on July 1, 1916, there were 661,246 persons living in municipalities of 8,000 or more population and 701,561 persons living outside such municipalities, and 1,131,931 were white and 230,876 were colored.

There are five municipalities in Maryland having more than 8,000 population. They are, with their estimated population on July 1, 1916: Annapolis, 8,760; Baltimore, 589,621; Cumberland, 26,074; Frederick, 11,112; Hagerstown, 25,679. Of the estimated population of Baltimore on July 1, 1916, there were 501,155 white and 88,466 colored.

MARYLAND AUTOMOBILE LICENSE FEES

Motor vehicles with pneumatic tires, 50 cents per horsepower per year, with minimum charge of \$5.

Motor vehicles with solid tires, \$8 for vehicles with carrying capacity of one ton and \$6 more for each additional ton of carrying capacity.

Three dollars per annum for each certificate of registration of a motor cycle.

For all motor vehicles operating for the purpose of transporting persons for hire—jitneys, busses, taxicabs—\$1 per horsepower.

In addition, a driver's license fee of \$2 is required to operate motor vehicles other than motor cycles, for which \$1 is charged. This license is good until revoked and does not have to be renewed annually.

SPEED LIMITS

In thickly settled parts of cities, towns and villages, 12 miles an hour.

In outlying parts of cities, towns, and villages, 18 miles an hour.

In the open country, 25 miles an hour. Under no circumstances and in no place more than 35 miles an hour is lawful in Maryland.

FRANKLIN AND JONATHAN STS.

POSTAL RATES AND REGULATIONS

Domestic Rates

I. Letters, sealed packages and all matter wholly or partly in writing, whether sealed or unsealed (except manuscript copy accompanying proof sheets, or corrected proof sheets and writing specially authorized to be placed upon matter of other classes). Postage, 2 cents each ounce or fraction thereof. Limit of 4 pounds. Postal cards and post cards, 1 cent each.

II. All newspapers and other periodicals bearing the statement "Entered at the Postoffice as Second Class Matter," when mailed by the public. 1 cent for each four ounces or fraction thereof. No limit.

III. Circulars and other matter wholly in print on paper (except Second Class Matter), proof sheets, corrected proof sheets and manuscript copy accompanying the same. * * * 1 cent for each two ounces or fraction thereof. Limit of 4 pounds.

IV. Parcels Post merchandise and matter not included in any of the above classes. (See Parcels Post.) Special rates.

REGULATIONS

Class 1. Includes letters, postal cards, sealed packages, all matter wholly or partly in writing, except permissible additions to third and fourth-class matter, whether manuscript or produced by typewriter or copying press, books with written entries,

manuscript for publication not accompanied by proof sheets and all personal correspondence, whether in writing or in print. Gold bullion, dust or coin in sealed packages, not over 11 pounds, within the United States and possessions should be sent at this rate by registered mail.

Class 2. Nearly every newspaper and magazine published in the United States belongs to the second class, and foreign publications which, issued here, would be admitted to that class may be mailed at the rate given above. Second-class matter must be so enveloped that it can be readily examined without destroying the wrappers. When mailed by publishers or news agents, the rate is 1 cent for each pound or fraction thereof.

Class 3. Parcels of books, eight ounces or less, may be sent at the third-class rate.

The sender may write or print on a label, tag, envelope or wrapper of third-class matter, his own name, occupation and residence or business address, preceded by the word "from."

Class 4. This embraces books (not printed matter). Miscellaneous printed matter, more than 4 pounds and prohibited from third-class on account of overweight, is mailable at the pound rates of fourth-class matter. There are specific regulations for packing merchandise and samples of goods sent as Parcels Post matter. Proprietary articles, such as powders, pills, fancy soaps, may be sent in original packages sealed. Seeds, scions, cuttings, bulbs, roots, and plants over 8 ounces, may be carried in this class; but all packages, 8 ounces and less, are mailable under third-class rate. Other articles requiring special protection may be put in sealed envelopes if the envelopes are transparent enough to permit the nature of the contents to be ascertained. Admissible liquids, oils, pastes, salves, ointments, fresh fruits and vegetables liable to decomposition, etc., may be sent under specified regulations, which can be had at the postoffice.

PROHIBITED MATTER

Unmailable under any circumstances: Liquids, ardent, vinous, spirituous or malt; liquors liable to spontaneous combustion; inflammable oils, poisons, explosives; animals (stuffed specimens excepted); explosive or poisonous powders, matches, insects (except queen bees and their attendant bees), substances exhaling an offensive odor; articles improperly packed and likely to damage other mail matter or to harm anyone in the postal service; obscene and indecent books, prints, writings or papers; all mail matter upon which indecent, scurrilous or defamatory delineations or language are written or printed; all matter concerning lotteries, so-called gift concerns or similar enterprises offering prizes, or concerning schemes devised to defraud the public, or for obtaining money under false pretenses.

SPECIAL DELIVERY

The delivery of a letter or other mailable matter, immediately after its arrival at the postoffice to which it is addressed, can be secured by placing on it a "special delivery" stamp. When this stamp (cost, 10 cents) is placed on mailable matter, in addition to the postage ordinarily required, the postal authorities undertake to dispatch it for delivery, by special messenger, within a few minutes after its arrival.

Special delivery can be secured by using 10 cents' worth of ordinary stamps (in addition to the postage ordinarily required), provided the words "special delivery" in large letters are written near the extra stamps.

FOREIGN MAIL

CAUTION: Make the address legible and complete, giving the name of the country, as well as that of the town or postoffice. Avoid using flimsy paper for envelopes, as they are liable to be torn or destroyed in long transits. Avoid using sealing wax on the covers, as letters so sealed often adhere to each other, and the addresses of some of the articles are destroyed by the tearing of the covers in the attempt to separate the articles. See that postage stamps affixed to the covers of articles of printed matter do not adhere to the articles themselves, thus virtually sealing the packages and thereby subjecting them to additional postage at the letter rate on delivery.

FOREIGN POSTAGE RATES

The rates on letters mailed in the United States to foreign countries are as follows: To Great Britain and Ireland, Germany (if carried direct), Newfoundland,

Republic of Panama, Mexico, Canada, Cuba and Shanghai, China, the same as domestic rates, i. e., 2 cents the ounce or fraction thereof. To all other foreign countries, 5 cents the first ounce and 3 cents for each additional ounce or fraction thereof. Postal Cards: Single, 2 cents; double, 4 cents each. Commercial Papers: 1 cent for each 2 ounces or fraction, but not less than 5 cents on each packet. Limit of weight, 4 pounds 6 ounces. Printed Matter: 1 cent for each 2 ounces or fraction. Samples of Merchandise: 1 cent for each 2 ounces or fraction. Minimum charge, 2 cents. Maximum weight, 12 ounces. Postage must be fully prepaid on matter to Canada, Mexico and Shanghai. Postage on matter to other foreign countries should be fully prepaid, as double the deficiency will be charged on delivery. Sealed matter, other than letters in their usual and ordinary form, are excluded from the mails to Canada, Mexico, Cuba and Panama; to all other countries they may be mailed at letter rate of postage; Canada alone admits second-class matter without limit to weight. Postage to Canada, Mexico, Panama and Cuba, same rate and conditions as for domestic matter.

FOREIGN PARCELS POST

Merchandise at the rate of 12 cents the pound or fraction thereof can be mailed by Parcels Post in unsealed packages to certain countries at the Main Postoffice between the hours of 9:00 A. M. and 5:00 P. M. daily except Sunday. The limit of weight is 11 pounds for all countries. For Barbados, Curacao, Dutch Guiana, France, Greece, Great Britain and Ireland, The Netherlands, Uruguay, Guadeloupe and Martinique there is no registration.

REGISTERED MATTER

The fee for registering mail matter is 10 cents, in addition to the regular postage. Indemnity will be paid on account of the loss of registered mail in the postal service.

(a) For the value of domestic registered mail of the first class (sealed) up to \$50.
 (b) For the value of domestic registered mail of the third class (unsealed) up to \$25.

(c) In any amount claimed, within the limit of 50 francs (approximately \$9.65), on account of the loss, in the international mails, of a registered article of any class, regardless of its value, exchanged between the United States and any country embraced within the Universal Postal Union, except on account of losses arising under circumstances beyond control ("force majeure") and international "Parcel Post" registered mail.

Fourth class (domestic Parcel Post mail) cannot be registered unless the letter rate of postage is paid thereon, in which case the matter must be sealed and must not, unless a single hook, exceed the weight limit of four pounds applicable to domestic first-class mail.

PREPARATION FOR MAILING

Parcels must be prepared for mailing in such manner that the contents can be easily examined.

A parcel must not be accepted for mailing unless it bears the name and address of the sender, preceded by the word "From."

Postmasters must refuse to receive for mailing parcels not properly indorsed or packed for safe shipment.

INSURANCE ON PARCELS

A mailable parcel may be insured against loss for a 5-cent fee for value not exceeding \$25, or 10 cents for value not exceeding \$50, in addition to postage, both to be prepaid with stamps affixed.

Parcels may be insured at any postoffice, or by rural carriers. The sender must fill out insurance tags.

Return receipts may be obtained.

Indemnity on lost insured parcels is paid for actual value within insurance limit. Articles rendered worthless are considered lost, but partial damage has no indemnity.

DOMESTIC PARCELS POST RATES

(a) Parcels 4 ounces or less, except hooks, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance.

(b) Parcels 8 ounces or less containing books, seeds, cuttings, hulhs, roots, scions and plants, 1 cent for each 2 ounce or fraction thereof, regardless of distance.

(c) Parcels more than 8 ounces containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table, a fraction of a pound being considered a full pound.

The following are wholly within the Indicated Zone: California, 8; Delaware, 2; District of Columbia, 1; Mississippi, 5; Missouri, 5; Nevada, 8; Oregon, 8; Porto Rico, 7; South Carolina, 4; Washington State, 8; Wisconsin, 5; Wyoming, 7.

The following are in the Eighth Zone: Alaska, Canal Zone, Hawaiian Islands, Philippine Islands; United States Postal Agency, Shanghai, China; United States naval vessels stationed in foreign waters; and matter under 4 pounds 6 ounces, except hooks and printed matter, to Canada, Mexico, Cuba and the Republic of Panama.

Parcels under 11 pounds may be sent to Mexico and the Republic of Panama as foreign parcel post.

The local rate is applicable to parcels intended for delivery at the office of mailing or on a rural route starting therefrom.

WHERE MAILABLE

Parcels must be mailed at a postoffice, branch postoffice, named or lettered station, or such numbered station as may be designated by the postmaster, or delivered to a rural or other carrier duly authorized to receive such matter.

Parcels collected on star routes must be deposited in the next postoffice at which the carrier arrives and postage charged at the rate from that office.

C. O. D. REGULATIONS

The sender of a mailable parcel on which the postage is fully prepaid may have the price of the article and the charges thereon collected from the addressee on payment of a fee of 10 cents in stamps affixed, provided the amount to be collected does not exceed \$100. Such a parcel will be insured against loss, without additional charge, in an amount equivalent to its actual value, but not to exceed \$50.

The sender of a collect on delivery (C. O. D.) parcel will be given a receipt showing the office and date of mailing, the number of the parcel, and the amount due him.

A C. O. D. parcel will be accepted for mailing only at a money order office and when addressed to a money order office.

If a C. O. D. parcel is received at a non-money order office, the postmaster will notify the office of mailing of the amount of postage required for its return. The postmaster at the office of mailing will ascertain from the sender whether he desires the parcel returned or delivered without collection of the charges. If the sender notifies him in writing that the parcel may be delivered without collecting the charges, he will attach the order to the office coupon and notify the postmaster at the office of address to that effect.

The C. O. D. tag must show the amount due the sender, the money order fee necessary to make the remittance, and the total amount to be collected. It should be securely attached to the parcel, which should be numbered to correspond with the tag, stamped C. O. D., and the charges to be collected plainly written thereon. The parcel will be treated as ordinary mail until it reaches the office of address, where, on payment of all charges, it will be delivered to the address or, unless otherwise directed by the addressee, to the person, firm or corporation in whose care it is addressed or to any responsible person to whom the addressee's ordinary mail is customarily delivered. A receipt for the parcel must be obtained on the tag attached thereto.

A receipt signed by a person other than the addressee must show the name of the addressee as well as that of the person signed it. A signature made by mark (X) must be attested by a reputable witness.

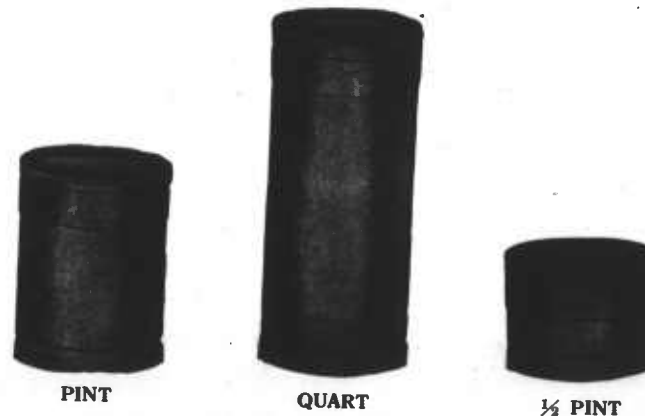

Examination of contents of a "C. O. D." parcel is not permitted until it has been receipted for and all charges paid.

Indemnity for lost "C. O. D." parcels is paid for the actual value not to exceed \$50, under the conditions governing the payment of indemnity for lost insured parcels.

HAGERSTOWN DIRECTORY

1917-18

What it Contains

The information in the Hagerstown City Directory is Divided into five sections, arranged to facilitate quick reading.

The **GENERAL DIRECTORY** contains the names of all male inhabitants over 18 years of age, women engaged in professional or mercantile pursuits and all active business enterprises.

The **STREET DIRECTORY** gives the location of each street and shows what other streets run from or across it, with the number at which they intersect. Lists of the Public Halls, Theatres, etc., follow.

The **CLASSIFIED BUSINESS DIRECTORY** comprises headings under which every firm or individual in business is properly entered and a list of the active local **CORPORATIONS**, amount of capital stock, officers and date of corporation.

The **MISCELLANEOUS SECTION** contains a record of the City Government, the names and officers of churches, the name, time and meeting place of Social Clubs, Societies and Building and Loan Associations, the names of Teachers in the Public Schools, a Fire alarm Telegraph list, time and closing hours of mails and details of the new Parcel Post.

The **EDUCATIONAL SECTION** is devoted to display advertising, leading firms and individuals are herein represented and tell you **WHO** they are, **WHERE** they are, and **WHAT** they have to sell.

FRANKLIN DIRECTORY COMPANY, PUBLISHERS
108 West Franklin Street,

You need the 1917-18 Hagerstown City Directory.

Whatever we need we pay for, who needs a City Directory pays for it in one way or another.

To be sure, the man who doesn't subscribe to the City Directory saves three dollars, but how much does he lose? He loses time and time is the chief method of reckoning money and value.

You install a telephone, but a typewriter, invest in an adding machine, because you need them. Why do you need the telephone, the typewriter and the adding machine? You need them because they save time. By saving time we lengthen life.

You don't go across the street when you want to telephone, why should you do so when you want to use the Directory?

The City Directory costs you less than one cent a day. Can you afford to be without it?

GAS

is a greater economy than you think

GAS is the marvelous servant that comes noiselessly into your house and cooks your meals most conveniently, quickly and economically.

It supplies the pleasantest, healthiest light in the world except day-light, which it most nearly approaches. It changes and purifies the air, for impurities can't stand fire. It is measured honestly and accurately by your meter, the most reliable piece of mechanism in your house. Your company will gladly prove to you that your meter conforms to the Government standard meter at Washington.

But gas cooking and gas lighting are only the beginning of what you can have while you are saving. You can have a heater that gives you hot water instantaneously. You can have a gas iron that doesn't require trips to the stove. You can have a log fire or a portable stove for chilly days or evenings when your furnace is out. Clothes driers, chafing dishes, dish warmers, waffle irons—these are some of the many appliances which do your work better and cheaper with gas.

"The right way to make a long day a short day is

**THE GAS WAY—
COOK WITH GAS"**

PREFACE

As publishers of the new 1919-1920 Hagerstown City Directory we desire to thank the merchants and citizens generally for their generous support, as well as kindness in giving to our canvassers all necessary information. This has enabled us to make a Directory that we feel confident will prove serviceable both to the citizen and stranger alike. There are few cities the size of Hagerstown that can show the diversity of manufacturers and solidity of its merchants.

The Hagerstown City Directory should be in the hands of every business and professional man. If you wish the latest addresses of any resident consult the alphabetical portion of the work. Consult the miscellaneous portion if you desire the location of the churches, etc. Federal, State, County and City Officials are also to be found there. Names of fraternal organizations are given, in fact the miscellaneous department is a mine of information.

Very truly,
Franklin Directory Co., Publishers

917.5292

HAGERSTOWN

In presenting this 1919-1920 Directory of the City of Hagerstown. The Franklin Directory Company has given the people one of the most complete compendiums of information ever before compiled for their use. It has been prepared with care, and exactness, it embraces the names of every individual of the city, with residence and occupation; a list of all the manufacturing industries, of which there are many, all the business houses, the County officers, and City Officials, with information relating to the conduct of their several Offices, Railroads with their location, names of Officials, with residence of same; the names of all Streets and Alleys, and much other general information which business people need and desire. Typographically this book speaks for itself, being the best of its kind. It is from the Press of the Hagerstown Bookbinding & Printing Co., which of itself is a guarantee of its excellence. In a city like Hagerstown, having a population of fully 30,000, such a publication is a necessity for business people; in fact it is indispensable and especially so because of its being so comprehensive, reliable and accurate. You can secure additional copies at the office of publication, 106 West Franklin street.

HAGERSTOWN

IS THE

Chief Manufacturing City

...IN...

Western Maryland and
the Cumberland Valley

The pages of this issue of the Hagerstown
City Directory give a good idea of her im-
portance in the Industrial World.

--HAGERSTOWN--

"The Gateway to the South"

Hagerstown

has the service of five railroads converging in every direction.

has overnight express service to Baltimore, Philadelphia and New York.

takes the lowest freight on lumber and woodworking products from the south in this section.

lies near an inexhaustible fuel supply—coal and coke.

has the lowest rates for commercial power for manufacturing purposes in Maryland.

is a large "Break-up" point where abundant cars are furnished in normal times for local shippers.

Hagerstown and Washington County will exempt from taxation new industries for a period of years.

offers many fine industrial sites along the railroads for prospective industries.

is a city of diversified industry, a city of homes and front porches.

has good schools and churches and all of the attendant advantages of clubs for the promotion of art and culture.

Hagerstown—"The Gate-Way to the South," is indeed an ideal city.
