

affection to the Church of England who approved not of his Actions, and who might justly by your Majesties proclamation have continued in authority and done your Majesty good service. And those Delegates in that manner convened (being part or most of them factious persons of no comendable life and conversation) have arbitrarily decreed and ordained many things to the inconvenience of your Majesty's People, placed the Militia of severall Counties in the hands of unworthy and infamous persons, and the better to make their decrees to be observed, many of the said Delegates have procured themselves to be put in judicial places to the terror of your Majesties more peaceable subjects. From the dangers and apprehensions whereof, We your Majesties most loyal, dutiful and protestant Subjects in these our Addresses humbly crave by your Princely care and prudence to be freed and enlarged, and that the Government together with your Majesties favour and a lasting Settlement may be again restored to the Right Hon^{ble} Lord Baltimore which will make him and us happy, and give us new occasion to bless God, and pray for your Maj^{ties} life and happy Reign.
