Honorable Sir. We are favor'd with yours of the 27th ulto, respecting the Cordage we were to furnish M^r Stewart for the Gondolas &^c on the public account.

We did not enter into any agreement with him to finish it at any particular day; but on his return from Philadelphia, as he could not get it there, we promised to do our endeavours to compleat it as soon as possible, and which we mean to comply with, so soon as we get rid of the Frigates Rigging, which we think will be finished in a week after that, we hope to furnish for the Gondolas nearly as fast as it is wanted, and shall agreable to M^r Stewart's directions forward it to Annapolis as we make it.

We are Hon^{ble} Sir, with respect

Your most obed^t Serv^t

Lux & Bowley.
