Gent^l.

We have in command from the Convention to inform you that a rifle Company on the Continental Establishment is raised in Harford County in this State, but are in want of both guns and blankets, and to request you would by the first opportunity let us know whether you would have them march to Philadelphia to be supplied, as it will be impracticable, in any reasonable Time to furnish them here; money will be wanted to supply them with necessaries to accomodate them on their march.

P. S. We have Flint-Stones on Wye river, but cannot procure a manufacturer

No. 224.

Sir

We received your Letter of the 13th instant by the Post and desire the Company may march as soon as their guns are repaired. Barracks are provided at the camp which will make Tents in a great measure unnecessary, however, if others than what are made out of the linen you have sent up to Philadelphia can be there furnished, the Company will have them. We cannot supply any from hence. Gun-slings & Bayonet Belts can be more conveniently had at Phila. The
