Then produced and read the following Lett^r from Coll Wells (viz:)

S^r

The occasion of this trouble to y^r Hono^r is, This day Cap^t Johnson came with a Sinico and a Pascattoway Indian that formerly lived with Coll Burges, and knowne by the name of Isaack, and acquainted me that the Sinnico Warr Cap^{ts} and Chiefe Com^{and}^{rs} were come downe to renew their league with the Christians and Pascattowayes, and much urged me to send to y^r Hono^{rs} to acquaint you that they would stay upon Susquehannah River to wayte an answer and that they desired speedily to speake with the Pascattoway greate men, and to confirme a peace with them, and that the said Isaack should returne with the Pascattowaies and live with them, and that the Sinnicos would be as Brethren.

This S^r is urged to me as a matter of greate consequence relating to the peace and safety of this Province; I therefore offer it to your Hono^{rs} serious consideration, and humbly request it may with all speed be comunicated to the rest of the hon^{ble} Councill of this Province, that with all speed some- thing may be done before they are wearied with staying and worse come of it.

This S^r with the Captains and my humble service to your Hono^r and the rest of the hon^{ble} Councill is all from

Aprill the 7th 1685:

Y^r humble Servant

George Wells
