Capt. Kidd is come into this Bay, he hath been here about
ten days, he sends his boat ashore to the Hore Kills in this
Government, where he is supplied wth what he wants, and the
people frequently go on board him, he is in a sloop with about
40 men, with a vast treasure. I hope the Express w^{ch} I sent
to his Excellency, Gov^r Nicholson will be time enough to send
about the man of Warr to come up with Kidd.

[Philadelphia, July 6, 1699.]

There are a parcell of Old Pirates that are settled at a place
in this Government called the Hore Kills just by the Capes,
so that when any Pirates come near this Bay, they send their
Boats ashore to this place where they have intelligence and
are supplied by these Men. Whilst Capt. Kidd was in this
Bay he sent his Boat ashore every day, and was supplied, and
these men went constantly on board him and brought ashore
with them great Quantities of East India goods. The whole
intreague of this roguery hath all lately discovered.
