Dear Brother.

By Cap<sup>m</sup> Russell in August Last, I wrote to you, and gave  
you some Account of our Assembly Proceedings in the Pre-  
ceeding month, and sent you also the Printed Votes of the  
session; I now send you the Journall of the Upperhouse, the  
perusall whereof, with the said Printed Votes, will Sufficiently  
inform you of the particular matters, therein Debated; with  
the mode and Circumstances of their final Issue

I think I have little to Add, by way of Supplement to my  
Observations on those particulars, in my last letter, Except in  
one Instance, which the Votes or Journall may not fully ap-  
prize you of

You will find a Bill for the Emission of a Paper Currency  
passed the Lower House, long Debated and much amended  
in the Upper House, and at last upon the Amendments p. 2
