His Ex^{ncy} proposes to the board that whereas upon the late disturbances he had been obliged to Employ many psons to their Great detriment upon all Emergences he having promised them Reasonable and hon^{ble} Satisfaction he finds many of those Persons much Dissatisfyed to be left so precariously to the Comitte of Accounts who it is Alledged very often do not allow them any wise proportionable to their Respective Services How these Persons may be Gratified according to their Service & Deserts that for the future such persons may not be discouraged chearfully to serve her Ma^{ty} and the Country.

The Board do Resolve that the house of Delegates be made sincible thereof And that his Ex^{ncy} be desired by this Assembly that he will be pleased on such Occasion to direct and Issue his Orders to the publick Treasurers to pay to Such persons already or hereafter to be employed on those Occasions or the like What he shall Reasonably think they Deserves the Council at their next Meeting approving of the Disposall of such moneys so Issued and paid.
