The Deposition of John Logsdon aged thirty Six years or thereabouts being sworn on the holy Evangels of Almighty God saith

That when a Certain John Lemon about sixteen or seventeen years past as near as This Deponent can remember settled the Place and built Houses where Martin Kitzmiller now lives, this Deponent then lived in the Neighbourhood of the said Place near Conewago and had lived there for some years before and was well acquainted with John Lemon and afterwards with the aforesaid Martin Kitzmiller

That sometime before the said John Lemon settled the afores<sup>d</sup> Place and had the same surveyed for him (as This Deponent understood) by Order of M<sup>r</sup> John Digges, this Deponent in Company of some Others & particularly amongst whom was Robert Owings, had been riding near the said Place looking for Hogs, and as they came down the Branch, the said Robert Owings told this Deponent or some of his Company, they should now soon get upon M<sup>r</sup> John Digges Land, and at the time he the said Deponent and Company came to, and entered upon a rich Piece of well timbered Land a little distance above the aforesaid Settlement made by the aforesaid Lemon, He this Deponent very well remembers, that the aforesaid Robert Owings told this Deponent and Company they were now upon the said M<sup>r</sup> Digges Land, this was about 18 or 19 years past p. 498

This Deponent further saith that he very well remembers that the a<sup>d</sup> John Lemon built Houses and lived some time on the a<sup>d</sup> Place where this Dep<sup>t</sup> is certain that the Land then shewed this Dep<sup>t</sup> & Others at the time of their Hog hunting as a<sup>d</sup> includes the a<sup>d</sup> Settlement of John Lemon and is where the a<sup>d</sup> Martin Kitzmiller now lives

This Deponent also Saith that some time after the said John Lemon Settled on the aforesaid Place the aforesaid Martin Kitzmiller bought the same and lived thereupon and went to work about Cutting a Race or Water Course for a Mill and at the same time the said Kitzmiller lived in the same houses that were built by the aforesaid Lemon and is now about fourteen Years past.
