

They return and say they delivered it

L. H. J.

Then the house proceeded to consider of the order made the 7th of May 1715 last about a place to build a new Court house for Cecill County on with the Sherriffs return thereof, which was ordered to be entred as follows viz.

To the Hon^{ble} Assembly within mentioned.

I Certifie that according to the within order to me directed I affixed notes at the several publick places as within required to give notice to the people of the within mentioned County to meet at the day and place within appointed for to give their ffree votes where a new Court house should be built in the said County at which day and place some of the people did meet and the Majority of voices then was for the head or fforck of Elk River as by the pole Bill hereunto annexed may appear. So answers

Roger Larramore Sherr.

But for as much as the members of the said County declared that both partys that voted for the fforck of Elk river and Broxton point did it in Contradiction one to the other rather than designeing any conveniency to the County in general and for that a due Decorum was not observed in takeing the poll; and also for that many of the Inhabitants were absent when the same was taken, And whereas it is also represented that the generality of the free holders of the said County are against both the said places, It is therefore Ordered the said Return be rejected and the said order made on the 7th of May 1715 be renewed to be executed on the first tuesday of 7^{ber} next returnable to the next Sessions thereafter.
