

U. H. J. plaind his Intentions to Devise a Tenancy in Common in fee
p. 91 simple to the Devises on the Condicons in the Will mention'd for that the word Inherit can Only relate to an Inheritance and shall by Implication as well Extend to the Immediate Devises as to those that are to take by Survivorship on Condition And that therefore tis plain that what the Devisor intended by words of Devise to the Devises was an Inheritance w^{ch} must be a fee and therefore to avoid making a Law for the relief of a Person that seems allready relievable by the Laws in force And the more Strictly to Conform to the Directions in his Lordships Speech we reject the bill and referr the Parties Petitioning for it to the Common Law for their Relief.
