The following message prepared viz.

By the Low^r House of Assembly Octob^r the 28th 1724.

May it please your Honours

Your message of the 22^d Instant seems to object ag^t the form of the Oath of Judge because it essentially deviates as you are pleased to observe from the ancient form of the oaths used, but as such Deviations might have been occasion'd by the mistakes of Copping Clerks; We should have hoped that observation would not have deserved yo^r notice, If there were no Deviations in them from the Essentials of the Constitution; And we hope your Honours will not find any Deviation of that kind. Whatever seems in your message to import it, We presume arises from your Hono^{rs} misexpressing your Sentiments of the Constitution or your misapprehension of the oath, and not from any Impropiety in it
