

U. H. J. directs our Consultations. We are therefore determined according  
 Lib. No. 33 to your Excellency's obliging Exhortation diligently to apply ourselves to the Consideration of all such Things as shall occur to us that may be Serviceable for the Support of his Lordship's Government and the common welfare of our Countrey, and if any Expedient can be found for advancing our Staple of Tobacco we shall be ready to Join in Endeavouring to obtain that Benefitt.

We are so Sensible of the necessity of good temper and moderation in all our Proceedings in a Legislative Capacity and of a good Agreement Subsisting between the Several branches of the Legislature in order to render their Constitutions usefull that we shall always use our utmost endeavours for obtaining those advantages, and carefully avoid any thing that may have a Tendency to deprive us of them, and as your Excellency has been pleased to assure us of your Intentions to encourage and promote these necessary dispositions, We hope so good an Example will produce the same Effect in the whole Legislature and crown their united Endeavours with Suitable Success to the Honour of your Excellency's Government hitherto happily continued over us, and to the Satisfaction and Advantage of the good People of this Province in general

Signed by all the Members present.
