| There will be other Incident Charges which do not Occur to your<br>Conferees, but as this Account Stands there will<br>be no more to be let out at Interest, and to Answer<br>all other Calls than | 10511..13..4 |
| Which Sum were it also to be Lent out upon Int. at<br>4ℓ p C <sup>t</sup> p Ann, and that, that Interest was all to<br>be paid in at the End of the Year would produce<br>no more than             | 420..09..4   |

Which would not be near Enough to defray the Charge that the Execution of the Act would Certainly be Attended with, and which Your Conferees Conceive ought to be done by the Interest arising from part of the Bills of Credit without breaking in upon the Principal; for the second Years Account would Stand thus Supposing no Alteration of the Bill
