U. H. J.

Gentlemen

On Consideration of the Bill sent from your House entituled an Act for the explaining and more effectual carrying into Execution some part of an Act of Assembly Entituled an Act for emitting and making Current ninety thousand Pounds in Bills of Credit this house cannot but be of Opinion that it would conduce more to the Credit of the Paper Currency, if no Liberty was allowed for the Payment of the Levies and Taxes in Tobacco and Every Person obliged to discharge the same in Paper Money, and as the two houses have agreed to a Report for the Advancement of that Currency and to address the right Honourable the Lord Prop<sup>ry</sup> thereon, this house hath resolved to deferr any further Debate on the said Bill untill next Sessions p. 56

A Message from the Lower House by M<sup>r</sup> Key and three Others

By the Lower house of Assembly 7 April 1736

May it please your Honours

We are greatly surprized that your Honours should refuse the Conference proposed by this house on Occasion of your not passing M<sup>r</sup> Carrols Bill, which Refusal We look on to affect by its Consequences many of the Inhabitants of this Province, and as We are of Opinion that a Conference between some Members of both houses might be the best means to come to a good Understanding on that head, We were in hopes your Honours would have agreed thereto, but as this Session is, as we apprehend, drawing near to an End, and the Subject Matter of that Message of so great Importance, that there may not be time for considering so maturely, as should be, a Case which so nearly concerns the Usage and Constitution of this Province We find Ourselves obliged to defer the Consideration thereof, till next Session of Assembly

Gentlemen.

This house is so much surprized at your Message of this Day by M<sup>r</sup> Key and Others as your House possibly could be at Our Refusal of your proposed Conference; for We hoped this house would not be doubted to continue to act consistent with such of their own Resolutions as have been taken so often on the subject Matter of p. 57
