The Humble Address of the Upper and Lower Houses of Assembly,

May it Please Your Lordship

Amongst our Sincere and hearty Endeavours for the Service & relief of the Province, under our unhappy Circumstances Wee have agreed upon the terms, and Substantial Parts of a Bill for Emiting and making Current Ninety Thousand pounds Current money of Maryland in Bills of Credit to be Established upon a Sinking fund which fund for its better Security, and the greater Credit & Reputation of the Currency must be necessarily put under the Management of some persons in London

And for the Just and due Execution of such parts of the Bill as Commit any Management to such Trustees, We presume to have recourse to your Lordships kind and Tender Regard for the welfare of this your Province, and we pray Your Lordship would be pleased to permit your Name to be Incerted in our Bill; And that we may have the Honour and pleasure of Relying on the good Success of our Scheme, by Your Lordships Condescention of taking upon yourselfe the trouble of a Superintendency & Controll over the Trustees in London in such manner as may best Conduce to the Safety of the fund proposed by our bill, and Shew our greatest Confidence in your Protection of it.
