[Council to Colo. Henry Hollingsworth]

Sir Having wrote to the Commissioners the 2^d Ins^t to deliver agreeably to a late Resolution of the General Assembly, to M^r Smith or his Agent or Deputy, all the Wheat and Flour seized in their Hands, we expect the Dispute between M^r Veazey and the Commissioners of Cecil will be readily adjusted and that any Quantity which has been made use of will be replaced. If the Ship Stuff you mention can be made into Bread proper for the Army or Shipping we think your Scheme would be most advantageous to the State and in that Case, request you to have all that can be conveniently delivered at the Bake Houses, baked without Delay and on the best Terms you can make. The Act for an immediate Supply &^{ca} directs the Commissioners to give Certificates for the Expences of Carriage; that is the only Mode and the Commissioners are the proper Persons to apply to, for Payment of Freight

[Council to President of Congress]

Sir We have the Honor of enclosing your Excellency two Resolutions of the General Assembly of Maryland to which we beg your Attention that they may be carried into Execution

[Council to Rich'd Dallam Esqr]

Sir We request you to carry the enclosed Resolution of the General Assembly into Execution. The Corn, Rye and Flour at Wrights Ferry are in a perishable and insecure State, therefore require your immediate Attention. If you find no Continental Deputy Quarter Master at York Town, we wish the Corn deposited by M^r Beatty at that Post, may be also sold
