[Council to Richard Dallam Esq^r]

Sir We have received yours of the 7th & 14th Inst^t A Law is passed for obtaining a Loan, which will be shortly published and every Person willing to serve his Country that way, will know the Terms, and your Friends have an Opportunity of lending the Money due them from the State. We cannot say any Thing particularly about the Provision you mention; the Subject is before the General Assembly. By this Time, it is probable you can ascertain the Quantity of Provision you have procured by Purchase, and by the Comm^{rs}, by Certificates, and what has been forwarded. We wish this to be done, likewise to know what you have purchased, agreeable to our late Request, and what you may reasonably expect to obtain.
