No. 22
p. 120

[Council to Mr. Abraham Faw]

Sir The General Assembly have now under their Consideration the Subject of Supplies of Provisions for Army, and we expect their Determination in a Few Days; we shall then have it in our Power to answer particularly your Letters of the 31st of May and 18th Instant; in the mean Time we request you not to part with the Beef you have, as we expect to be enabled to take it. We are sorry we cannot, at this Time, transmit you an Order for the Sum you want

[Council to Colo. Lodwick Weltner, German Regiment.]

Sir It gives us much Concern that we have it not in our Power to furnish Cap^t Boyer with the Cloathing Stores &^{ca} agreeable to his Application and which the Officers and Soldiers of your Regiment are entitled to. The exhausted State of our Treasury at this Time, renders it impracticable, but you may rely on it, Sir, that the German Regiment has not been forgot by us and that we shall, as soon as we are enabled, send forward the Necessaries to make them comfortable

[Council to Mr. Thomas Donellan]

Sir The Bearer Upsher King will deliver you 6 Barrells of Pork and a small Quantity of Bacon; if good, we desire you to receive it and forward it to M^r Henry Hollingsworth, and inform us of the Quantity

[Council to Colo Joshua Beall]

Sir We have received your several Letters of the 22^d Ult^o & 21st and 22^d of the current Month. The Powder we request you will dispose of, in the Manner most advantageous to the State. We believe it needless to suggest the Impropriety of allowing the Disaffected to purchase largely. The Militia Commissions are sent herewith by Col^o Lucas, agreeably to your Request. Under the 16th Section of the Act for punishing certain Crimes and Misdemeanors, and to prevent the Growth of Toryism, we apprehend all Persons travelling through this State without a Pass or safe Conduct such as is prescribed by the Act aforesaid, are liable to be apprehended and carried before a Iudge or Iustice for Examination and may be committed to the public Goal, if an Offender against the Laws, or dangerous Person to this State, or the United States. The Case of Wailes, we think deserves Consideration, and the Substance of your Letter on the Subject shall be imparted to the Assembly in the Mean Time, we recommend a strict Attention to the future Conduct of a Man who has given too much Reason to render him suspected.
