[Council to President of Congress]

Liber C C
No. 22
p. 121

Sir The General Assembly have passed an Act for sinking the Quota required by Congress of this State of the Bills of Credit emitted by Congress, agreeable to their Requisition, and we are authorized to apply to your Excellency for new Bills sufficient to exchange for the Continental Bills that may be brought in; We do therefore request such a Number as Congress may deem necessary for that Purpose. If Part could be immediately furnished, or in two or three Days, we wish the Bearer may be detained for the Purpose of bringing them down.

[Council to Committee for Coöperation]

Gentlemen We have the Honor to acknowledge the Receipt of your Favor of the 19th Ins^t with a Copy of His Excellency General Washington's Letter relative to the important Subject of completing the Quota of Men, and furnishing the Provisions before required. We see and feel the Necessity of exerting ourselves to the utmost upon this very trying and critical Occasion and if our Power was equal to our Inclination, the Commander in Chief would soon be extricated from his present very disagreeable and embarrassing Situation, and be enabled to form the Plan of Operations to be pursued in Concert with the French Commander. We have imparted the Contents of the Letters to the Assembly, and can assure you that they are truly sensible of the critical and distressed Situation of the Army, and the Difficulties and Embarrassments that surround the General and need no Argument to prompt them to the fullest Exertion of their Abilities
