Dear Sir I make bold to Trouble your Excellency, with an Order, for the money allowed to the officers of the State by the hands of Capt. Baltzell, which I have Certified, as we lay such a distance from the army, I thought proper to send for the same, a few days ago one of my officers arrived at this place from a Command from Wyaleusing who informs me that he made not the least discovery of the Savages being there, which makes me believe that our Frontiers may rest secure, one man found dead near Muncy hill, but, believe him to be Killed by some Villain.

November 11 This may Certify that we the Subscribers officers of the German Regm<sup>t</sup> belonging to the State of Maryland have not Rec<sup>d</sup> any part, or parcel of the Money allowed to us by the State, Neither have we given any Order to any person, or persons Whatsoever. we therefore Empower Capt<sup>n</sup> Charles Baltzell to receive the same for us allowed by the State.
