Gent. I this Instant rec^d a Letter from the Clk of your Committee
wherein you Desire to know the Quantity of flour & ^{ca} by the Act
for the Immediate Supply of Flour and other Provisions for the
Army. Flour there is none in my District Except One Hundred and
forty Eight B^{ls} purchased by the French Agent, which I am Directed
by the Governour and Council to Detain until further Orders

I have got into John Rawlings's Mill at the Head of Chester Two
thousand four hundred Eighty Nine Bushells and one peck of Wheat
Manufacturing into Flour, of which One Hundred and Sixteen Bar-
rels is sent forward by the way of Duck Creek, and fifty Barrels in
the Mill ready to go, on the return of the Waggons.

I expect to get about six Hundred Bushells of Wheat more into
the Mill, and shall do all I possibly Can to hasten the Manufacturing
of the Whole. Had it not been for the Inclemency of the Season and
the Difficulty of procuring Barrels to put the Flour in I think I cou'd
nearly have had the Whole sent forward by this time. I have sent
on three Hundred and Seventy Bushells of Corn and fifty five
Bushells of Rye, And have about four hundred Bush^{ls} of Corn Col-
lected ready to send on as soon as I can procure a Vessel. The Price
of Wheat is Twenty Pounds p^r Bushell Corn ten pounds p^r Bushell
and Rye ten pounds p^r Bush^l
