Sir I have taken the Liberty to inclose you a List of Soldiers
confined here with their respective Crimes. The Horses stolen are
recovered & I believe the most of the Goods. If left here after trial
they will be discharged & there is little probability of their ever
joining their Regiments again. If there is no impropriety in the
Measure & your Excellency should think with me that their Punish-
ment as Examples will be less useful than their Services as Soldiers
you will oblige me by giving such orders as will enable me to march
them to their Regiments.
