Sir Your Letter of the 5<sup>th</sup> Inst Came to Hand nothing but the want of Oppertunity prevented my answering it sooner, as to the Price of the Beef from the Conversation I had with the Gentleman who Desired me to Treat for it he Expected to Get Five Dollars p<sup>r</sup> # but I Believe he would take Four Dollars p<sup>r</sup> # as the Time is short for the Delivery of it would wish to be advis'd of the Price you would Give by this Oppertunity, or whether you Apprehend there would be any Risque in Driving the Cattle out of Virginia (in the Back Part of which the Cattle are) on Account of a Law they have to Prohibit the Exportation of Provisions out of their State.

If it is Expedient should Request the Favour to send an Order in my Favour for About 8000 Dollars on M<sup>r</sup> Edelin, for the payment of a Ballence Due on Acco<sup>t</sup> Rendered, as Also to pay the Taylors for Making Cloathis and some Shoos I was Obliged to Purchase for the Recruits Otherwise they Could not have March<sup>d</sup> to Camp
