June 22 [George Dashiell, Somerset County, to Gov. Lee.]

Sir I have made a return of 1280 bushels of corn purchased by me in this county for the use of the army. At the time I made the purchase to prevent disappointment, I gave certificate, and took obligation for the delivery when required. On sending for the corn sundry persons refuse to furnish the quantity sold and alledge that they are rendered unable to comply with their Contracts by the hard winter, out of the above quantity there is not a probability of Collecting but 7382 bushels. Those persons are soliciting me to take in the certificate they have received in payment, and to give them others for the Quantities they have furnished. As a commissioner I dont consider myself at liberty to do it, and begg your Excellencys Instructions in what manner I am to proceed with respect to them.
