The circumstance of the Public posts in this State is so far exhausted of means of business and provisions to subsist troops, the view of disorder on the Passage of troops or stores, when no regular Assistance can be given, prompts me to solicit your consideration and Aid on the circumstance.

There is a material Want of some horses, Waggons and forage, Aided by you with a few of each of those Articles even on a Credit lent to the states, I view as very Interesting to the peace and good order of the inhabitants as it seldom fails of distress to individuals, when property is exacted by Soldier'y at their Elections—which in-
