Cap<sup>n</sup> Cox in the Flag Schooner Trimmer, just arrived from New York, has a Number of Prisoners on Parole, on Board. We have permitted Capt<sup>n</sup> John Hanson, John Boone, William Waters, Solomon Wheatley and William Tull to land, the others will land at Baltimore. If you have any British Prisoners, we wish they may be allowed to go to New York on Parole, on the Return of this Flag, if they do not exceed the Number brought in, as it may be a Means of having Indulgences granted to those poor Fellows now confined in New York who are suffering every Species of Distress. The Humane and good Character of Cap<sup>t</sup> Cox, has induced us to give him Liberty to go ashore, but to be restricted to certain Limits, and request you would assign him a proper Walk.
