Liber No. 54  
Nov. 22

By the Committee appointed to enquire into the ffacts set forth in the Petition of Mary Louttitt Executrix of James Louttitt of Cæcil County

p. 277

Your Committee in Obedience to the Order of the Honourable House have enquired into the ffacts in the said Petition and find that James Louttitt died possessed of an Estate in fee simple of and in one third Part of thirty seven and a Quarter Acres of Land and a Grist Mill thereon as appears to Us by an attested Copy of a Deed dated the first Day of April seventeen hundred and sixty. That the said James as appears by the Deposition of M.<sup>r</sup> Sidney George had some Time before his Death intended to dispose of his third Part of the said Land and Mill. That near the Time of his Death he was reminded of his Intention by M.<sup>r</sup> George and said he would by all Means have it Sold but that his Executrix could do that without its being mentioned in the Will and very soon after died.

And your Committee further find that the Balance of the said Louttitt's Estate by an Account passed by his Executrix the 28.<sup>th</sup> Day of June 1769 appears to have then been 1368..9..1½ Gold Currency and that there was a Judgment rendered against the said Executrix in September Term 1771 for £2000 Sterling Penalty and five hundred Pounds of Tobacco Cost of Suit as by attested Copies of the Record of the Commissary's Office and Provincial Court may appear on which Penalty there appears to be due and properly chargeable against the Estate for Principal and Interest more than the Balance of the Personal Estate. All which is submitted to the Consideration of the Honble House
