In Council July 18th. 1788

Benjamin Sellman of Baltimore Town by his Petition sets forth that he, for the maintenance of his family of a wife and small children, was induced to sell Liquors by small measure, for which offence he was fined by Baltimore County Criminal Court, that his ignorance prompted him to believe that he had it in his power to obtain a licence at a subsequent Court which would purge the Offence. By the Certificate of the Clerk of said Court annexed to the Petition it appears that the Petitioner was fined at June term last in the quantity of 600 lbs. of Tobacco. Sundry of the Inhabitants of Baltimore Town having certified that they are fully satisfied that the facts as stated by the Petitioner are true, and four of the Justices of the Criminal Court aforesaid having recommended the Petitioner as a proper Object of Compassion the Board direct that the said fine of 600 lbs. of Tobacco be and it is hereby remitted.
