

5th whether by the Evidence of Hobbs there are not Diverse Courses more Especially one of ab^t 300 perches more then the patent of Amptill Grange Expresses as a Consequence of the Said Hobbs his Evidence.

1st Answer he Cant tell but he believes it was by a warrent of resurvey out of the provinciall Court.

2^d He Cant tell.

3^d He believes from the tree to the pacoson [sic] may be about forty perches but into the River above Sixty leaving the Course of the patent.

4th he asked the Same Question of Rob^t Hobbs who answerd that Bottler the Surveyor told the Said Hobbs he beleived the Course Mentioned in the Certificate would Soon Strike the river.

5th He Knows nothing of it not being present at the first Survey of Amptill Grange otherwise then what he heard at the Resurvey.

Rob^t Tyler

[357] Prince Georges County

September the 20th 1718
