

Att a Prov^l Court held att the City of S^t Mary's the 6th day of November in the Sixth Year of the Reigne of our Sovereigne Lord and Lady William and Mary by the Grace of God of England Scotland France and Ireland King and Queen Defenders of the faith etc. Annoque Dni 1694 before their Matys Justices thereunto Authorized and Appointed, Viz^t.

The Hon^{ble} S^r Thomas Laurence Barr^{tt} President; Thomas Tench; John Watson, Esq^{rs} Justices

Att which Said Provinciall Court was produced the returne of the aforesaid Warrant in these Words following.

By Virtue of an Order from the Prov^l Court bearing Date the 15th day of May Last for the resurveying and Laying out any Line or Lines of a Parcell of Land [116] Called Cudlington and also a Tract of Land Called Wattson upon an Action in Ejectment both lying and being in Talbott County on the Western Side of Harris's Creek.

These may humbly Certify that I have (in the presence of the high Sherriffe of Talbott County and by the direction of a Jury of the Neighbourhood by the Said Sherriffe for that Purpose Impannelled and Sworne) Resurveyed and laid out So much of the Said Land Called Cudlington as is Clear of a more Ancient Survey Called Crumwell beginning att a Locust Post now Sett by a Cove as near as the Jury (by the Evidence to them produced) Could find to the old bounded Poplar the first bounded Tree of the Said Land which is Rotten and gone and running South South East Two hundred Thirty Seaven Perches to the Place where it Appeared to the Jury that the Second Bounded Tree Stood which is Likewise gone and which did Likewise Appear to be the Second Bounded Tree of a Tract of Land Called Cromwell and from thence with Cromwell West and by North one hundred Eighty five perches then by a Streight Line to the Post Containing one hundred and Twelve Acres as by the Platt may Appear, And That I have Likewise resurveyed and laid out the Said Tract of Land Called Wattson beginning att a bounded Oak Standing on a Point and running North East and by North Seaventy five perches and then North west and by West three hundred and Twenty perches to an Oak now bounded and then South West and by South Seaventy five Perches but the Said South west and by South line being by pattent to Intersect and Joine to the Land Called Cudlington which neither Course nor distance will do the Jury, therefore think fitt onely to returne a fair platt of both the Said Tracts of Lands together with the Vacancy or Surplusage of Land between them and leave it to your Hono^{rs} and [117] further Tryall whether the next line Shall run by a direct Course Course [sic] to the first Tree or by a new Course to the Land of Cudlington both which are described in the Platt by prickt Lines and also the West and by North line with Cromwell is described in the Platt by a dasht Line the rest all by Black Lines In Wittness whereof we have hereunto Sett our hands and Seales this one and thirtieth day of July Anno Dni 1694
