

The Deposition of William Plummer Agent
About forty four years

Saith that there was a strange cow came to my pen
with other cattle And the cow remained among my
cattle so long that she did break into my orchard
And did enquire of my Neighbour's Gate at Manoaia
and Morningside and I could not finde any one to own
her and when the Spring came the cow was gone
And did see her nor more to my knowledge till the
Winter following and she continued till the next Spring
So then I mist her from my cattle So she was now
and then six or seven years amongst my cattle
at the winter time and at the Springs I mist her but
going to Mr George Johnson's I saw the cow at his
fence Spring I asked Mr Johnson where she had took
up the cow what name you taken up the strange cow
she said yes And that her husband did intend to set
up a note at the next Co: And then I did see a calf
within the fence by the cow but cannot well remember
the marks of the said cow
