

register of all applicants for examination for a license to practice medicine and surgery in this State; said register for a license shall show the name, age and last place of residence of each candidate, the school from which he or she may have graduated, and whether such applicant was rejected or licensed under this sub-title, but such matters shall not be written in said register or made public until after the examination."

"42. At the first meeting of an examining board, or at a stated or special meeting held subsequently, suitable provisions shall be made by each of the examining boards to prepare a schedule of written examination upon Anatomy, Physiology, Medical Chemistry, Surgery, Practice of Medicine, Materia Medica, Therapeutics, Obstetrics and Pathology, and shall require the same standard of excellence from all candidates. In the department of Therapeutics and practice the questions shall be in harmony with the tenets of the school selected by the candidate; the standard of acquirements therein to be established by each board for itself. Whenever members of any board are necessarily absent from meetings held for the examination for applicants for license, suitable temporary provision shall be made for thorough examination in each and all of the aforesaid subjects by the members present. The examination shall be fundamental in character and such as can be answered in common by all schools of practice. The votes of all the examiners present shall be "yes" or "no," written with their signature upon the backs of the examination papers of each candidate for the respective branches.

"43. All persons, except physicians who were practising medicine in this State on the first day of June, 1892, who are now practising medicine or surgery without being duly licensed and registered, or who shall commence the practice of medicine or surgery in any one of their branches after the passage of this Act, shall make a written application for license to the president of either board of medical examiners which said applicant may elect, accompanied by satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common school education, and has either received a diploma conferring the degree of doctor of medicine from some legally in-
