

Faculty of Maryland, and one of physicians and surgeons recommended by the Maryland State Homeopathic Society. One member of each board shall serve as secretary, to be elected by the board, and his duties shall be as follows:

“Within sixty days from the time of his appointment by his respective board he shall have furnished him by the Clerk of the Circuit Court of Baltimore city, and the Clerks of the Circuit Court for the several counties of the State, a list of all physicians and surgeons who have been legally registered. To all those physicians and surgeons who have at that time been practicing in the State without having been legally registered, he shall send a printed notice of the section of this Article, relating to the duty of the police commissioners of Baltimore city, and sheriffs of the counties in the State under this law. Within four months from the time of his appointment, he shall see that all physicians and surgeons entitled to register, have been registered, and the names of all those who are not entitled to be registered under the provisions of this Article, have been presented to the State’s Attorneys of the city of Baltimore, and each county in the State for prosecution. Those physicians, who being entitled to register under this Article, yet have failed to comply at the expiration of this time, (four months from the election of the secretary of the board), shall also be prosecuted, as further provided in this Article. The secretary shall keep a record in a book provided for this purpose of the proceedings of the respective boards, and perform such other duties as shall be required of him by this Article and the board of examiners. It shall be his further duty to bring to the attention of the proper city and State authorities all cases of violation of this Article coming under his observation or reported to him, or to the board with such evidence as he may be able to obtain, in order that proper legal steps may be taken by said city and State authorities.

“All the members of both boards shall be graduated physicians and practitioners in actual practice, and shall be selected with special reference as to their fitness to examine upon the branch assigned them.

“The board composed of physicians and surgeons rec-
