

Penalty for violation. a longer period of time than is necessary to take on or let off its or their passengers or freight there waiting, not exceeding at any one time a period of fifteen minutes. Any person or persons, or corporation, its officers or agents violating the provisions of the above section shall be liable to a fine of not less than twenty dollars nor more than one hundred dollars, to be recovered before any justice of the peace of Baltimore County, subject, however, to the right of appeal to the Circuit Court for Baltimore County.

Public roads crossing at grade the line of any railroad. Sec. 217B. Whenever any public road of said county crosses at grade the line of any railroad worked by steam or other power, or any other road, public or private, the County Commissioners shall have power to determine whether the safety or convenience requires that such public road shall be carried across such railroad or public or private road at the place in question by another grade, or undergrade crossing, and upon such determination to make such changes of grade and construction in such public road as may be necessary for such overgrade or undergrade crossing, as the case may be, and to construct and provide for the construction of such bridges, archways or culverts as may be needful for such overgrade or undergrade crossings.

Power to contract with owners of railroad for changing the grade, etc. Sec. 217C. The County Commissioners shall have the power to make a contract with any person or corporation, owning or controlling the railroad or other road so crossed, for doing the work necessary for any such change of grade in such public road, including the construction of the bridge or bridges, archway or archways, culvert or culverts, made necessary by the proposed overgrade or undergrade crossing, upon the approval by said County Commissioners of plans, specifications and estimates therefor submitted to them by such person or corporation, which plans, specifications and estimates shall provide for reasonably convenient access to such public road on the part of adjoining property-holders, when the same can be provided without unreasonably interfering with the accomplishments of the purpose of this and the foregoing section.

Proportion of cost for construction and repairs of bridges. Sec. 217D. The County Commissioners shall have power to determine after such reasonable opportunity as said County Commissioners may fix for having all parties in interest, on such reasonable notice of such hearing as said County Commissioners may fix, how much, if any, of the cost of the work made necessary by such change of grade of such public road, and how much, if any, of the cost of construction and the cost of maintenance of any bridge or bridges, archway or archways,
