The said bill was then read the second time and passed with the proposed amendments.

Amendments proposed. Strike out the first section, and in lieu thereof insert as follows: "Be it enacted, by the general assembly of Maryland, That the county courts of the several counties within this state shall be and they are hereby authorized and empowered, annually, to grant a licence or licences to any approved person or persons applying for the same, to keep a public ferry across any bays, rivers or other waters, at any place within their county where a public or licensed ferry is now kept, or where a public road is now or shall hereafter be established, to the bank or edge of such water, if the said court shall be of opinion that a public ferry ought to be established, and such licence shall authorize the person to whom the same is granted to keep a public ferry across the bay, river or other water, therein mentioned, to any other public landing or road coming to the other side thereof, and specified in the said licence, and from thence back again; and no such licence shall specify more than two places, one on each side of the water therein mentioned, between which such ferry may be kept, except in cases of ferries across the bay, in which, for the purposes of public convenience and accommodation, and to encourage such expensive undertakings by individuals, a more extensive privilege or authority may be allowed in one licence, at the discretion of the court granting the same; and all ferry licences shall be renewed annually."
