

1 DELEGATE KIEFER: Mr. Chairman, first let me be
2 sure that everyone understands that none of the recommenda-
3 tions contained in Personal Rights Recommendation No. 2
4 are to be considered part of section 1, which is the Bill of
5 Rights as such. They are part of general provisions, or
6 wherever else they might properly fit.

7 I have no personal objection to this. I frankly
8 don't know what "fair and just treatment" means. I would
9 be shocked to believe that the policy of this State or
10 any of its legislative or executive investigative bodies
11 would be other than fair and just, but if, as Delegate Galla-
12 gher says, this was language that was in the draft, it is
13 perfectly all right.

14 I don't want to be unhelpful. I am perfectly
15 willing to be helpful, and if this is desirable, I have
16 no objection as such. It seems a little silly to me,
17 though.

18 THE CHAIRMAN: Any further discussion?

19 Delegate Boileau.

20 DELEGATE BOILEAU: Mr. Chairman, may I direct
21 a question to Delegate Gallagher?
